As of the date of this Current Report on Form 8-K, the Thailand Licensee has not paid the Initial Installment to the Company.

In addition to the foregoing, for each tissue processing case performed by Thailand Licensee, a fee of twelve and one-half percent (12.5%) of the fess designated by the Company for tissue processing shall be remitted to the Company on a monthly basis. Thailand Licensee shall also pay the Company a fee of twelve and one-half percent (12.5%) of the all profit earned by the Thailand Licensee form the initial up front sale of lab equipment to other laboratory facilities who acquire a sublicense from the Thailand Licensee to use the Technology in the Territory.
