Annex A

Late Filing

As previously reported, Natural Health Trends Corp. (the "Company") will be restating its financial statements for the years ended December 31, 2002 and 2001, the quarterly periods included therein, as well as the first three fiscal quarters during 2003. As a result, the Company has yet to finalize its financial statements. Accordingly, the Company could not file its Annual Report on Form 10-KSB within 90 days following its year end without unreasonable effort or expense.

Significant Change in Results of Operations

It is anticipated that there will be a significant change in the Company's results of operations for the year ended December 31, 2003 compared to its results of operations for the year ended December 31, 2002, as restated.

It is expected that net sales increased to approximately \$62 million for 2003 from the expected restated net sales of \$37 million for 2002. This increase was primarily attributable to (i) an increased number of active Lexxus distributors, (ii) increased sales of Lexxus products, and (iii) Lexxus'

expansion into new markets, including Europe, Hong Kong, India, Singapore and the Philippines at varying times during 2002 and in South Korea in 2003.
