ABOUT THE MEETING

What is the purpose of the annual meeting?

At the Company’s annual meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors. In addition, the Company’s management will report on the performance of the Company during 2010 and respond to questions from the stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, April 27, 2011 are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or at any time and date to which the annual meeting may be properly adjourned or postponed. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

The Company will solicit proxies by mail. Arrangements will be made with brokerage houses and other custodians, nominees, and fiduciaries to forward solicitation material to the beneficial owners of the shares held of record by such persons, and the Company will reimburse them for the reasonable out-of-pocket expenses incurred by them in doing so.

Can I change my vote after I return my proxy card?

The shares represented by the accompanying proxy will be voted as directed with respect to the election of directors or, if no direction is indicated, will be voted in favor of election as directors of the nominees listed below. Each proxy executed and returned by a shareholder may be revoked at any time hereafter by giving written notice of such revocation to the Secretary of the Company, except as to any matter or matters upon which, prior to such revocation, a vote shall have been cast pursuant to the authority conferred by such proxy.

What are the Board’s recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendation of the Board of Directors. The Board’s recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote for

election of the nominated slate of directors.

Item I. Election of the Board of Directors

The Board of Directors has an Audit Committee. The Board does not have a standing nominating committee or a charter with respect to the process for nominating directors for election to the Company's Board of Directors. The Company qualifies as a "controlled company" under NYSE Amex rules, as Joseph Feldschuh, M.D. controls more than 50% of the Company's voting power, as evidenced by the Company's ownership records. As a result, The NYSE Amex continued listing standards do not require the Company to have a nominating committee, compensation and stock option committee, or a written charter. Shareholders and members of the Company's Board submit nominees for election to the Company's Board of Directors to Dr. Feldschuh for his consideration.

Shareholders are being asked to elect an entire board of seven directors to serve on the Board of Directors of Daxor Corporation to hold office until the next annual meeting or until their successors shall have been duly elected and shall have qualified. The proxies will vote all proxies received "FOR" the election as directors of the nominees listed below if no direction to the contrary is given. In the event that any nominee is unable to serve, the proxy solicited herewith may be voted, at the discretion of the management, for the election of another person in his stead. The Board of Directors knows of no reason to anticipate that this will occur.

The following table sets forth the name, age, current and past five years business experience, directorship, and positions held with the Company by each person standing for re-election as director.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Joseph Feldschuh M.D., the President and Chief Executive Officer of Daxor, directly owns 72.67% of the Company's outstanding stock. Dr. Feldschuh is responsible for determining the annual salary and other compensation for executive officers and all other employees of the company.

Before the end of each year, the Chief Operating Officer and Chief Financial Officer prepare a schedule of recommended incentive bonuses and salary increases for executive officers and all other employees for Dr. Feldschuh to review. The recommendations are based on factors such as the individual's contribution to the overall success of the company, potential for advancement, and compensation history.

After making any adjustments required by Dr. Feldschuh, bonuses are generally paid by the end of the year, with raises taking effect on January 1 of the next year.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program for our Chief Executive Officer, Chief Operating Officer and other key executives.

The overall objectives of Daxor's executive compensation programs are to:

Align interests of management and shareholders.

Retain key personnel.

Base Salary and Other Compensation

The annual salaries for the named executive officers may be low compared to other Companies because of our ongoing operating losses.

Since Dr. Feldschuh owns more than 50% of Daxor stock, the Company is considered a controlled corporation. As a result, he could be seen as having more discretion than most Chief Executive Officers in determining his annual compensation. He also functions as the Chief Scientist for the Company and directly supervises the scientific development process of our products as well as the ongoing development of scientific research protocols. He also regularly interacts with physicians at various medical institutions who are using the Blood Volume Analyzer. In reviewing the salaries of Chief Scientific Officers at pharmaceutical and scientific companies, many of these individuals earn annual salaries from \$300,000 to over \$1,000,000.

In addition to the roles described above, Dr. Feldschuh also has sole responsibility for determining the strategy for the Company's investment portfolio.

Dr. Feldschuh has deliberately elected to draw a salary that is well below what the Company believes is the market rate for someone with his responsibilities and qualifications. It is the belief of the Board of Directors that annual compensation of two or three times what he is currently earning could easily be justified. The decision to keep his annual compensation at well below market rate has been made as part of an effort to preserve capital in light of the Company's ongoing losses from operations.

The Board of Directors reviews Dr. Feldschuh's compensation each year. The Board of Directors votes on his salary at this time. The Board of Directors is in agreement that his annual compensation is well below market rate for someone with his experience and qualifications.

Pursuant to the ARRA, the Company seeks a non-binding advisory vote from its shareholders to approve the compensation of our executives as described under "Executive Compensation – Compensation Discussion and Analysis" and the tabular disclosure regarding named executive officer compensation in this proxy statement (see pages 16 to 17).

This proposal, commonly known as a "Say on Pay" proposal, gives our shareholders the opportunity to express their views on the company's executive compensation. Because your vote is advisory, it will not be binding upon the Board. However, the Board of Directors will take into account the outcome of the vote when making future executive compensation decisions.
