PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 3, 2008

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

This proxy statement is furnished in connection with the solicitation by the board of directors of Curis, Inc. of proxies for use at the annual meeting of stockholders to be held on June 3, 2008 at 10:00 a.m., local time, at the offices of Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, Boston, Massachusetts 02109 and at any adjournments thereof. Except where the context otherwise requires, references to Curis, we, us, our, and similar terms refer to Curis, Inc. and any of its subsidiaries.

Proxies will be voted in accordance with the instructions of the stockholders. If a proxy is returned signed with no choices specified, it will be voted in favor of the matters set forth in the accompanying notice of meeting. A proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation to our secretary. Attendance at the meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the meeting that the stockholder intends to revoke the proxy and vote in person.

On April 7, 2008, the record date for determination of stockholders entitled to vote at the meeting, an aggregate of 63,314,836 shares of our common stock were outstanding and entitled to vote. As a stockholder, you are entitled to one vote at the meeting for each share of common stock registered in your name at the close of business on the record date. The proxy card states the number of shares you are entitled to vote at the meeting.

The notice of meeting, this proxy statement, the enclosed proxy card and our annual report to stockholders for the year ended December 31, 2007 are first being mailed or provided to stockholders on or about April 21, 2008.

We will, upon written request of any stockholder, furnish copies of our 2007 annual report to stockholders, except for exhibits. Please address all such requests to us at 45 Moulton Street, Cambridge, Massachusetts 02138, Attention: Secretary.

Votes Required

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the meeting will constitute a quorum for the transaction of business at the meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for the purpose of determining whether a quorum exists at the meeting.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the meeting is required for the election of directors. The affirmative vote of the holders of a majority of the shares of common stock, present or represented by proxy and voting on the matter, is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current fiscal year.

Table of Contents

Shares which abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on the matters to be voted on at the meeting, each of which requires the affirmative vote of either a plurality of the votes cast, with respect to the election of directors, or a majority of the shares present in person or represented by proxy and voting on the matter, with respect to any matter other than the election of directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information, as of December 31, 2007, with respect to the beneficial ownership of shares of our common stock by:

each person known to us to beneficially own more than 5% of the outstanding shares of common stock,

each director named in this proxy statement,

each of the principal executive officer, the principal financial officer, the two other most highly compensated executive officers who were serving as executive officers on December 31, 2007, and one former executive officer who would have been one of the three most highly compensated executive officers but for the fact that she was not serving as an executive officer at the end of the year, and

all directors and executive officers as a group.

Table of Contents

The number of shares of common stock beneficially owned by each person is determined under rules promulgated by the United States Securities and Exchange Commission, or SEC. Under these rules, a person is deemed to have beneficial ownership of any shares over which that person has voting or investment power, or shares such power, plus any shares that the person may acquire within 60 days, including through the exercise of stock options. For each person named in the table, the number in the Shares Acquirable Within 60 Days column consists of shares underlying stock options or warrants that may be exercised within 60 days after December 31, 2007. Unless otherwise indicated, each person in the table has sole voting and investment power over the shares listed. The inclusion in the table of any shares does not constitute an admission of beneficial ownership of those shares by the named stockholder. For each person, the Number of Shares Beneficially Owned column may include shares of common stock attributable to the person due to that person's voting or investment power or other relationship.

PROPOSAL 1 ELECTION OF DIRECTORS

Members of the Board of Directors

We have a classified board of directors currently consisting of three Class III directors, Susan B. Bayh, Martyn D. Greenacre and Kenneth I. Kaitin, two Class I directors, James R. McNab, Jr. and James R. Tobin, and two Class II directors, Joseph M. Davie and Daniel R. Passeri. The Class III, Class I and Class II directors will serve until the annual meetings of stockholders to be held in 2008, 2009 and 2010 respectively, and until their respective successors are elected and qualified. Each of the nominees has indicated his or her willingness to serve, if elected; however, if any nominee should be unable to serve, the shares of common stock represented by proxies will be voted for a substitute nominee designated by the board of directors.

On December 17, 2007, our board elected Stephen K. Carter as a Class II director. Dr. Carter resigned from the board on March 24, 2008.

For each member of the board whose term of office as a director continues after the meeting, including those who are nominees for election as Class III directors, there follows information given by each concerning his or her principal occupation and business experience for at least the past five years, the names of other publicly-held companies for which he or she serves as a director, and his or her age and length of service as our director. There are no familial relationships among any of our directors, nominees for director and executive officers.

Board Recommendation

OUR BOARD OF DIRECTORS BELIEVES THAT THE ELECTION OF SUSAN B. BAYH, MARTYN D. GREENACRE AND KENNETH I. KAITIN TO SERVE AS CLASS III DIRECTORS IS IN THE BEST INTEREST OF CURIS AND OUR STOCKHOLDERS AND, THEREFORE, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES.

Nominees for Terms Expiring in 2011 (Class III Directors)

Susan B. Bayh, age 48, has served on our board since October 2000. From 1994 to 2001, Ms. Bayh served as the Commissioner of the International Commission between the United States and Canada, overseeing compliance with environmental and water level treaties for the United States-Canadian border. From 1994 to 2004, Ms. Bayh also served as Distinguished Visiting Professor at the College of Business Administration at Butler University. From 1989 to 1994, Ms. Bayh served as an attorney in the Pharmaceutical Division of Eli Lilly

Mannheim, a pharmaceutical, biotechnology and diagnostic company, as Director of Technology Management. Mr. Passeri received a J.D. from the National Law Center at George Washington University, an M.Sc. in biotechnology from the Imperial College of Science, Technology and Medicine at the University of London and a B.S. in biology from Northeastern University.

Directors Whose Terms Expire in 2009 (Class I Directors)

James R. McNab, Jr., age 64, has served on our board since February 2000 and has served as Chairman of our board since May 2002. Mr. McNab is a co-founder and served as the chairman of the board of directors of Reprogenesis, a predecessor life science company, from July 1996 to July 2000. Since 1998, Mr. McNab has served as Chief Executive Officer and Chairman of Palmetto Pharmaceuticals, Inc., formerly eNOS Pharmaceuticals, Inc., a privately-held drug discovery company of which he is a co-founder. In addition, Mr. McNab is a co-founder of other privately-held companies, including Sontra Medical Corporation, a drug delivery company, Parker Medical Associates, a manufacturer and worldwide supplier of orthopedic and sports-related products, and Vidus Ocular, Inc., an early-stage company developing a medical device for the treatment of glaucoma. Since July 2006, Mr. McNab has served as Director of Argolyn Bioscience, Inc., privately-held biopharmaceutical company. Mr. McNab received a B.A. in economics from Davidson College and an M.B.A. from the University of North Carolina at Chapel Hill.

James R. Tobin, age 63, has served on our board since February 2000. From 1995 to July 2000, Mr. Tobin was a member of the board of directors of Creative BioMolecules, Inc., a predecessor life science company. Since 1999, Mr. Tobin has served as Chief Executive Officer and President of Boston Scientific Corporation, a medical device company. Mr. Tobin was employed by Biogen, Inc. (now Biogen Idec), as President and Chief Executive Officer from February 1997 to December 1998 and President and Chief Operating Officer from February 1994 to February 1997. Prior to joining Biogen, Mr. Tobin was employed by Baxter International Inc., a health care products company, where he served as President and Chief Operating Officer from 1992 to 1994, as Executive Vice President from 1988 to 1992 and in various management positions prior to 1988. He serves as a director of Boston Scientific Corporation and Applera Corporation. Mr. Tobin received an M.B.A. from Harvard Business School and a B.A. from Harvard College.

CORPORATE GOVERNANCE

Our board of directors believes that good corporate governance is important to ensure that Curis is managed for the long-term benefit of stockholders. This section describes key corporate governance guidelines and practices that our board of directors has adopted. Complete copies of our corporate governance guidelines, committee charters and code of conduct are available on the Investors Governance section of our website, www.curis.com. Alternatively, you can request a copy of any of these documents by writing to our Secretary at the following address: Curis, Inc., 45 Moulton Street, Cambridge, Massachusetts 02138.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of Curis and our stockholders. These guidelines, which provide a framework for the conduct of the board of directors business, provide that:

the board of directors principal responsibility is to oversee the management of Curis;

Table of Contents

a majority of the members of the board of directors shall be independent directors;

the independent directors meet regularly in executive session;

directors have full and free access to management and, as necessary and appropriate, independent advisors;

all directors are encouraged to participate in continuing director education on an ongoing basis; and

periodically, the board of directors and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Determination of Independence

Under applicable Nasdaq rules, a director will only qualify as an independent director if, in the opinion of our board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our board has determined that none of Ms. Bayh, Dr. Carter, Dr. Davie, Mr. Greenacre, Dr. Kaitin, Mr. McNab or Mr. Tobin has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of the Nasdaq Stock Market, Inc. Marketplace Rules.

In determining the independence of the directors listed above, our board followed the process described in Policies and Procedures for Related Person Transactions. In addition, our board considered the following arrangements with our directors that are not disclosed under Policies and Procedures for Related Person Transactions.

Board Meetings and Attendance

Our corporate governance guidelines provide that directors are expected to attend the annual meeting of stockholders. All directors attended the 2007 annual meeting of stockholders, except Ms. Bayh. The board met eight times during the fiscal year ended December 31, 2007, either in person or by teleconference. During the fiscal year ended December 31, 2007, all of our directors attended at least 75% of our board meetings and meetings of the committees on which he or she then served, except for Dr. Davie, who attended 50% of such board meetings. Dr. Davie does not serve on any sub-committees of our board. In addition to Dr. Davie's services as a director on our board, Dr. Davie has served as chairman of our scientific advisory board since September 2006 and has served on our clinical advisory board since June 2007.

Board Committees

Our board has established three standing committees—audit, compensation, and nominating and corporate governance—each of which operates under a charter that has been approved by our board. Current copies of each committee's charter are posted on our website, www.curis.com.

Our board has determined that all of the members of each of the board of directors' three standing committees are independent as defined under the rules of the Nasdaq Stock Market, including, in the case of all

Table of Contents

members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act.

Audit Committee

The audit committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our registered public accounting firm;

pre-approving all audit and non-audit services of our registered public accounting firm, except for de minimis non-audit services which are approved in accordance with applicable SEC rules, including meeting with our registered public accounting firm prior to the annual audit to discuss the planning and staffing of the audit;

overseeing the work of our registered public accounting firm, including through the receipt and consideration of certain reports from such firm;

reviewing and discussing with management and the registered public accounting firm our annual and quarterly financial statements and related disclosures, earnings releases and other publicly disseminated financial information;

reviewing and discussing with our registered public accounting firm concerning the quality, not just the acceptability of our accounting determinations, particularly with respect to judgmental areas;

monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

discussing our risk management policies;

establishing policies regarding hiring employees from the independent auditor and procedures for the receipt and retention of accounting related complaints and concerns;

meeting independently with our registered public accounting firm and management on a quarterly basis;

reviewing and approving or ratifying any related person transactions;

establishing, and periodically reviewing, complaint procedures for (i) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters; and

preparing the audit committee report required by SEC rules, which is included on page 13 of this proxy statement.

The members of the audit committee are Ms. Bayh, Mr. Greenacre and Mr. McNab. The audit committee met six times during the fiscal year ended December 31, 2007. The board of directors has determined that Mr. Greenacre is an audit committee financial expert as defined by

applicable SEC rules.

Table of Contents

Compensation Committee

The compensation committee's responsibilities include:

determining the chief executive officer's compensation;

reviewing and approving, or making recommendations to the board with respect to, the compensation of our other executive officers;

overseeing an evaluation of our senior executives;

overseeing and administering our cash and equity incentive plans;

reviewing and making recommendations to the board with respect to director compensation;

reviewing and discussing annually with management our Compensation Discussion and Analysis, which is included beginning on page 15 of this proxy statement;

preparing the compensation committee report required by SEC rules, which is included on page 35 of this proxy statement; and

reviewing and making recommendations to the board with respect to management succession planning.

The processes and procedures followed by our compensation committee in considering and determining executive and director compensation are described below under the heading *Executive and Director Compensation Processes*.

The members of the compensation committee are Ms. Bayh, Dr. Kaitin and Mr. Tobin. The compensation committee met seven times during the fiscal year ended December 31, 2007.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee's responsibilities include:

identifying individuals qualified to become board members;

recommending to the board the persons to be nominated for election as directors and to each of the board's committees; and

overseeing an annual evaluation of the board.

The processes and procedures followed by the nominating and corporate governance committee in identifying and evaluating director candidates are described below under the heading *Director Nomination Process*.

Executive and Director Compensation Processes

The compensation committee oversees our compensation programs. In this capacity, the compensation committee determines and approves all compensation decisions related to our executive officers. In addition, the compensation committee periodically reviews and makes recommendations to the board with respect to director compensation. The compensation committee may form and delegate authority to one or more subcommittees as it deems appropriate from time to time under the circumstances (including (a) a subcommittee consisting of a single member and (b) a subcommittee consisting of at least two members, each of whom qualifies as a non-employee director, as such term is defined from time to time in Rule 16b-3 promulgated under the Exchange Act, and an outside director, as such term is defined from time to time in Section 162(m) of the Internal Revenue Code of 1986, as amended). The compensation committee did not form or delegate authority to any subcommittees during the fiscal year ending December 31, 2007.

The compensation committee has the authority to retain and terminate any compensation consultant to be used to assist in the evaluation of executive officer compensation and has the sole authority to approve the consultant's fees and other retention terms. The compensation committee also has authority to commission compensation surveys or studies as the need arises. Periodically, the compensation committee retains an independent third party compensation consultant to review director and officer compensation. The compensation consultant generally conducts a benchmark review of the aggregate level of director and executive officer compensation, as well as the mix of elements used to compensate directors and executive officers. This review has historically been based on a survey of compensation paid by a subset of biotechnology companies in the Radford Compensation Survey and/or related proxy statement data consisting of 10-20 local biotechnology companies with comparable revenues, market capitalization and headcount. An independent third party was engaged by the compensation committee to perform the benchmarking analysis in May 2007 as part of a compensation review for executive officers and directors.

Our chief executive officer makes recommendations concerning compensation for the other executive officers who report to him. Neither the chief executive officer nor other executive officers have any other input to executive or director compensation decisions.

Director Nomination Process

The process followed by the nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the nominating and corporate governance committee and the board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the nominating and corporate governance committee will apply the criteria set forth in its charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, freedom from conflicts of interest and the ability to act in the interests of all stockholders. The committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Table of Contents

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates by submitting candidate names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Secretary, Curis, Inc., 45 Moulton Street, Cambridge, Massachusetts 02138. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the committee or the board of directors, by following the procedures set forth under Stockholder Proposals for 2009 Annual Meeting.

Communicating with the Independent Directors

The board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the board of directors, with the assistance of our general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the board considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications to the Chairman of the Board of Directors, c/o Secretary, Curis, Inc., at 45 Moulton Street, Cambridge, Massachusetts 02138.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on our website, www.curis.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ stock market listing standards concerning any amendments to, or waivers from, any provision of the code.

Policies and Procedures for Related Person Transactions

In accordance with the terms of the charter of our audit committee, our audit committee is required to review all related person transactions on an ongoing basis and all such transactions must be approved by the audit

committee. A related person transaction, as defined in Item 404(a) of Regulation S-K is any transaction, arrangement or relationship in which Curis is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest. In addition, our officers and directors complete an annual questionnaire that requires each officer or director to disclose any transactions or series of similar transactions to which we were or will be a party, in which the amount involved exceeds \$120,000, and that they or their immediate family members, had or will have, a direct or indirect material interest.

During the fiscal year ended December 31, 2007, there was not, nor is there currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeds \$120,000, and that they or their immediate family members, had or will have, a direct or indirect material interest.

Audit Committee Report

The audit committee has reviewed our audited financial statements for the fiscal year ended December 31, 2007, and has discussed these financial statements with our management and our registered public accounting firm.

Our management is responsible for the preparation of our financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. Our registered public accounting firm is responsible for conducting an independent audit of our annual financial statements in accordance with the standards of the Public Company Accounting Oversight Board and issuing a report on the results of their audit. The audit committee is responsible for providing independent, objective oversight of these processes.

The audit committee has also received from, and discussed with, our registered public accounting firm various communications that our registered public accounting firm is required to provide to the audit committee, including the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. SAS 61, as amended, requires our registered public accounting firm to discuss with the audit committee, among other things, the following:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The audit committee has received the written disclosures and the letter from our registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T. The audit committee has discussed with the registered public accounting firm their independence from Curis.

Table of Contents

Based on the review and discussions referred to above, the audit committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2007.

Submitted by the audit committee of our board of directors.

Independent Registered Public Accounting Firm's Fees and Other Matters*Independent Registered Public Accounting Firm's Fees*

The following table summarizes the fees of PricewaterhouseCoopers LLP, our registered public accounting firm, billed to us for each of the last two fiscal years:

Fee Category	2007	2006
Audit Fees (1)	\$ 334,000	\$ 309,000
Tax Fees (2)		5,000
Other Fees (3)	1,500	1,500
Total Fees	\$ 335,500	\$ 315,500

- (1) Audit fees consist of fees for the audit of our financial statements, the audit of our internal control over financial reporting, the review of the interim financial statements included in our quarterly reports on Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements. 100% of the audit fees for 2007 and 2006 were pre-approved by the audit committee. These amounts exclude reimbursement of out of pocket expenses of \$900 and \$1,350 for 2007 and 2006, respectively.
- (2) 2006 tax fees consist of tax advice services for our foreign subsidiary, Curis Pharmaceuticals (Shanghai) Co., Ltd. Tax advice services, which relate to requests for technical advice from taxing authorities, accounted for \$0 for 2007 and \$5,000 for 2006. None of the tax fees incurred for 2007 or 2006 were for services provided under the de minimis exception to the audit committee pre-approval requirements. 100% of the tax fees for 2007 and 2006 were pre-approved by the audit committee.
- (3) Other fees consist of an annual license fee. None of the other fees incurred during 2007 and 2006 were for services provided under the de minimis exception to the audit committee pre-approval requirements. 100% of these fees for 2007 and 2006 were pre-approved by the audit committee.

Pre-Approval Policy and Procedures

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the audit committee specifically approves the service in advance or the engagement is entered into pursuant to one of the pre-approval procedures described below.

Table of Contents

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The audit committee has also delegated to the chairman of the audit committee the authority to approve any audit or non-audit services to be provided to us by our registered public accounting firm. Any approval of services by a member of the audit committee pursuant to this delegated authority is reported on at the next meeting of the audit committee.

EXECUTIVE AND DIRECTOR COMPENSATION AND RELATED MATTERS

Compensation Discussion and Analysis

Objectives of Executive Officer Compensation Programs

The primary goals of the compensation committee of our board of directors with respect to executive officer compensation are to attract and retain key executive officers critical to our long-term success, to recognize and reward overall company performance and each executive officer's individual performance and responsibility, as well as to align our executive officers' incentives with stockholders' interests.

To achieve its goals, the compensation committee bases a substantial portion of executive compensation on company performance, the achievement of key strategic corporate goals and individual performance in contributing to the achievement of such goals. These goals and objectives are established annually through a process that involves input by the board, executive officers and the chief executive officer. The chief executive officer evaluates the performance of each executive officer twice yearly against the goals and objectives. The chief executive officer provides annual compensation recommendations to the compensation committee based upon his rating of each executive officer. The compensation committee evaluates the performance of the chief executive officer based upon its assessment of the chief executive officer's contribution to the achievement of the corporate objectives, and this assessment is updated at periodic meetings. Company objectives included the following in 2007:

Continue the transition that was initiated in 2006 to reshape the company from a discovery-based developmental biology company to a small molecule targeted cancer company;

progress our research and development activities on proprietary targeted cancer programs;

select the first development candidate from our targeted cancer programs and progress such candidate toward an investigational new drug application filing in early 2008;

engage in collaboration discussions and seek to enter into a transaction for at least one proprietary targeted cancer program;

determine financing plan and complete a financing transaction in 2007;

license our bone morphogenetic protein assets in 2007;

Table of Contents

continue to meet with institutional investors and research analysts to increase potential investor awareness; and

meet planned objectives within the 2007 operating budget.

In addition to basing executive compensation on the achievement of corporate goals, benchmarking represents a significant factor in the compensation committee's executive compensation decisions. We believe that our ability to attract and retain key executive officers is heavily dependent on our ability to provide executive compensation that is competitive with peer biotechnology companies. Accordingly, the compensation committee seeks to establish compensation at levels the committee believes are comparable with executive compensation in other companies of similar size and stage of development operating in the biotechnology sector, while taking into account our relative performance and our strategic goals. The compensation committee uses benchmarking data generally to set cash compensation at the 50th percentile and long-term incentive compensation at the 75th percentile of companies included in the benchmarking analysis. We believe that providing median level cash compensation combined with greater than median level long-term incentive compensation aligns our corporate need to conserve cash resources with our desire to create shareholder value through an increase in the value of our common stock over the long-term.

Compensation committee meetings typically have included, for all or a portion of each meeting, our chief financial officer and, for meetings in which executive officer compensation decisions are made, the chairman of our board and our chief executive officer. The compensation committee typically seeks the chairman's input in compensation matters involving our chief executive officer. The chief executive officer provides input on all other executive officer compensation matters. The chief executive officer and the chief financial officer do not attend the portion of the meeting or otherwise participate in any discussion regarding their respective compensation.

Benchmarking and Targeted Compensation Levels

Periodically, the compensation committee retains an independent third-party compensation consultant to review our executive officer compensation. The compensation committee has generally retained this compensation consultant bi-annually to conduct a benchmark review of the aggregate level of our executive officer compensation, as well as the mix of elements used to compensate our executive officers. This review has historically been based on a survey of executive officer compensation paid for all biotechnology companies with between 50 and 149 employees in the 2006 Radford Global Life Sciences Compensation Survey as well as for 10 to 20 specifically-selected biotechnology companies with an oncology focus and revenues, market capitalization and headcount that are comparable to those of Curis. We benchmark our executive officer base salary compensation against the 50th percentile and our long-term incentive compensation against the 75th percentile of this relevant subset.

Table of Contents

The compensation committee most recently engaged the compensation consultant to perform the benchmarking analysis in May 2007 as part of an executive officer compensation review. During this review, the Company's chief financial officer provided the compensation consultant with a list of oncology companies with similar market capitalizations to the Company. The compensation consultant then independently assessed the Company-provided list and made a number of changes to this list. The compensation consultant then provided this draft benchmarking list to the compensation committee and, after further refinement, the compensation committee approved the following peer group of 14 companies for use in the compensation consultant's benchmarking listing:

Antigenics, Inc.	Immunogen, Inc.
Arqule, Inc.	Infinity Pharmaceuticals, Inc.
Avalon Pharmaceuticals, Inc.	Kosan Biosciences, Inc.
Cell Therapeutics, Inc.	OXiGENE, Inc.
Entremed, Inc.	Pharmacyclics, Inc.
Genta, Inc.	SGX Pharmaceuticals, Inc.
IDM Pharma, Inc.	Vion Pharmaceuticals, Inc.

The compensation consultant then reviewed 2007 annual proxy statement filings for the above companies to generate comparative data for use in analyzing executive officer compensation. In addition to benchmarking the above companies, the compensation consultant also compared executive officer compensation to compensation data for companies in the 2006 Radford Global Life Sciences Compensation Survey with a headcount of between 50 and 149 employees.

Elements of Compensation

Executive officer compensation consists of following elements:

Cash Compensation

In its May 2007 report, the compensation committee's compensation consultant reported that overall executive officer cash compensation was considerably below the targeted 50th percentile for the relevant subset of comparable companies. This was primarily because our executive officers did not receive annual bonuses for the 2006 year. Our executive officer cash compensation for 2007 which consisted of salary and bonus was at the targeted 50th percentile.

Base Salary

Base salaries for our executive officers are established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions. Generally, the compensation committee believes that executive officer base salaries should be targeted near the median of the range of salaries for executive officers in similar positions with similar responsibilities at comparable companies, in line with our compensation philosophy. Base salaries are reviewed annually, and adjusted from time to time to reflect promotions and to realign salaries with market levels after taking into account individual responsibilities, performance and experience. The compensation committee believes that the base salaries paid to the Company's executive officers approximate the targeted 50th percentile of benchmarked companies in the Radford compensation data.

Table of Contents

Discretionary Annual Bonus

The compensation committee has the authority to award discretionary annual cash bonuses to our executive officers. Since our inception in 2000, with the exception of 2005 and 2007, we have not paid discretionary annual cash bonuses to executive officers. In order to preserve cash and to better align our executive officers with shareholder interests, the compensation committee has historically provided a greater portion of executive officer compensation in the form of long-term incentive compensation, particularly stock options, as discussed below. In determining the amount of bonuses, the compensation committee may evaluate a variety of factors including the following:

the job level of the executive officer;

amounts awarded by competitors to executive officers at comparable job levels;

achievement of financial and/or operational goals; and

individual annual performance objectives.

These objectives vary depending on the individual executive officer, but may relate generally to strategic factors such as development of new technology and product pipeline, including associated intellectual property rights and the establishment and maintenance of key collaborations, and to financial factors such as management of cash consumption and raising capital.

The compensation committee is currently evaluating the implementation of a formal short-term cash incentive plan for our executive officers.

Long-Term Incentive Program

The compensation committee believes that long-term value creation is achieved through an ownership culture that encourages performance by our executive officers through the use of stock and stock-based awards. We have established our stock compensation plans to provide our employees, including our executive officers, with incentives to help align those employees' interests with the interests of our stockholders. The compensation committee believes that the use of stock-based awards offers the best approach to achieving our compensation goals. Stock options are performance based because all the value received by the recipient from a stock option is based on the growth of the stock price above the option price. We have not adopted stock ownership guidelines and our stock compensation plans have provided the principal method for our executive officers to acquire equity in our company.

In its May 2007 report, the compensation committee's compensation consultant reported that overall long-term incentive compensation for executive officers was above the 50th percentile but below the targeted 75th percentile of the relevant subset of comparable companies. The compensation committee has targeted the 75th percentile for long-term incentive compensation since we believe that this metric is consistent with our desire to emphasize equity opportunity, align executive officer and shareholder interests and manage cash compensation. The compensation committee increased the number of shares of common stock underlying option and restricted stock awards granted at its June 2007 committee meeting as compared to the 2006 stock awards and believes that the long-term incentive compensation approximates the 75th percentile in 2007.

Table of Contents

Equity Grant Practices

The exercise price of each stock option or stock award granted to executive officers is generally based on the fair market value of our common stock on the date of grant. During 2006 and 2007, no grants were made at less than fair market value. Stock option awards and grants to our executive officers have historically occurred at the time of our board of director and compensation committee meetings in connection with our annual meeting of stockholders, which is held in June each year. During its December 2007 committee meeting, the compensation committee determined that it would evaluate executive officers on a calendar year basis, which is the basis on which all other company employees are evaluated. The compensation committee determined that this would allow for better alignment of corporate, executive officer and employee goals and objectives since such goals and objectives would be measured over the same time period. Additional awards of stock or options can occur at the time of other board of directors or compensation committee meetings in the event of executive officer promotion or other unusual circumstances that might require grants outside of the annual timeframe. Such meetings generally occur on a quarterly basis. Board and committee meetings at which equity awards may be made are scheduled without regard to anticipated earnings or other major announcements by the company.

Stock Options

Our 2000 stock incentive plan permits the grant of incentive and non-qualified stock options to our employees, directors and consultants. The compensation committee or a majority of the independent directors serving on the board of directors review and approve or recommend for approval by the board of directors, stock option grants to our chief executive officer and the other executive officers. Stock option grants are made at the commencement of employment and generally granted annually in conjunction with the review of the individual performance of our executive officers. Grants may also be made following a significant change in job responsibilities or to meet other special retention or performance objectives. The review and approval of stock option awards to executive officers is based upon a review of competitive compensation data, an assessment of individual performance, a review of each executive officer's existing long-term incentives and retention considerations. In appropriate circumstances, the compensation committee considers the recommendations of Mr. Passeri, our chief executive officer and Mr. McNab, the chairman of our board of directors. Stock options are generally granted with an exercise price equal to the fair market value of our common stock on the date of grant and typically vest 25% after the first year and an additional 6.25% in each subsequent quarter, based upon continued employment over a four-year period. The options generally expire ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended. In certain circumstances, stock options have and may be granted with different vesting terms, such as shorter vesting period and performance-based vesting.

Restricted Stock Awards

Our 2000 stock incentive plan permits the issuance of restricted stock awards to our employees, directors and consultants. The compensation committee generally does not make grants of restricted stock awards to our executive officers, except that our chief executive officer received a restricted stock award of 10,000 common shares of our common stock in May 2006. These shares became fully vested on May 31, 2007.

Table of Contents

2000 Employee Stock Purchase Plan

Executive officers are eligible to participate in our 2000 employee stock purchase plan. The plan permits participant employees to purchase company stock through payroll deductions of up to 15% of total cash compensation. The price of the stock is 85% of the lower of the fair market value of the stock at the beginning or the end of the offering period.

Other Compensation Employee Benefits

Our employees, including our executive officers, are entitled to various employee benefits such as medical and dental expense coverage, flexible spending accounts, various insurance programs, an employee assistance program and paid time off. Executive officers are eligible to participate in our 401(k) retirement plan. Matching contributions to the 401(k) plan are at the discretion of the compensation committee of the board of directors.

Change-in-Control and Severance Payments

Each of our executive officers is party to an agreement or offer letter that obligates us to make payments to such executive officer in the event we terminate the executive officer's employment without cause or the executive officer resigns for good reason. We believe that our severance program is aligned with other comparable local biotechnology companies and provides our executive with income protection in the event of an unplanned separation of employment. In addition, we are also obligated to make payments to each of our executive officers if he or she is terminated within twelve months after a change in control. This is a so-called "double trigger" change in control arrangement because it provides for severance benefits only in the event of a change in control, the first trigger, followed by an employment termination under specified circumstances, the second trigger. We have determined to provide for these change in control arrangements because we recognize that, as is the case with many publicly-held corporations, the possibility of a change in control of our company exists and such possibility, and the uncertainty and questions which it may raise among our executive officers, could result in the departure or distraction of executive officers to the detriment of our company and our stockholders. As a consequence, our compensation committee has determined to provide such change in control related benefits to reinforce and encourage the continued employment and dedication of our executive officers without distraction from the possibility of a change in control and related events and circumstances.

In addition to the benefits that are payable pursuant to our executive officers' agreements or offer letters, our 2000 stock incentive plan provides that all plan participants, including our executive officers, are entitled to accelerated vesting of stock options and/or restricted stock awards upon certain events. In the event that a change in control occurs, 50% of the then unvested options of each plan participant, including executive officers, would become immediately exercisable and the restrictions underlying 50% of any restricted stock awards would lapse. In the event any executive officer leaves within one year after a change in control for good reason (as defined in the plan), then all remaining unvested stock options and restricted stock awards will become fully vested. Our 2000 stock incentive plan generally defines a change in control as a merger by us with or into another company or a sale of all or substantially all of our assets.

For a further description of the foregoing arrangements, see Summary Compensation Table, Employment Agreements and Potential Payments Upon Termination or Change-in-Control.

Table of Contents**2007 Compensation Decisions**

In summary, the compensation committee made the following decisions regarding 2007 compensation for our executive officers:

Base Salary

In June 2007, the compensation committee adjusted base salaries for our executive officers as follows:

Name	2007 Base Salary (\$)	Percentage Increase Over 2006 Base Salary (%)
Daniel R. Passeri	400,000	33% ⁽¹⁾
Michael P. Gray	300,000	5.3%
Mark W. Noel	210,000	5.0%
Changgeng Qian, M.D., Ph.D.	235,000	17.5%

- (1) Mr. Passeri's salary was increased from \$300,000 to \$400,000. In 2006, Mr. Passeri had requested that his base salary be reduced by 20% from \$375,000 to \$300,000 in exchange for consideration including (i) a May 31, 2006 stock option grant to purchase 90,000 shares of our common stock at an exercise price of \$1.57 per share, with full vesting on May 31, 2007 and (ii) a May 31, 2006 grant of 10,000 shares of restricted stock, with full vesting on May 31, 2007, with vesting of each award contingent upon continued employment.

In determining to increase base salaries in 2007, the compensation committee considered both the degree to which the corporate goals and objectives discussed above were satisfied as well as the salaries of executive officers when compared to the peer companies identified above. In addition, with respect to Dr. Qian, the compensation committee also considered the fact that Dr. Qian is primarily responsible for the creation and ongoing management of research activities associated with several new proprietary targeted cancer programs that were originally initiated in early 2006. We are focusing a majority of our internal resources to the further research and development of these cancer programs and believe that the success of these programs will be important in determining the future of our company. The board and the compensation committee believe that Dr. Qian's contribution to the company as it relates to these programs is key and the compensation committee adjusted his compensation accordingly.

The compensation committee believes that the executive officers' base salaries approximate the 50th percentile of comparable peer companies and are therefore aligned with our compensation philosophy.

Discretionary Annual Bonus

In January 2008, the compensation committee awarded the following bonus amounts to our executive officers for their 2007 performance.

Name	Bonus Amount
Daniel R. Passeri	\$ 60,000
Michael P. Gray	\$ 40,000
Mark W. Noel	\$ 20,000
Changgeng Qian, M.D., Ph.D.	\$ 40,000

Table of Contents

The compensation committee determined that the above discretionary bonuses were advisable based on the substantial achievement by Curis of the corporate objectives established for 2007, described above under Objectives of Executive Officer Compensation Program, and the degree to which each of the executive officers contributed to such achievement.

*Long-Term Incentive Program**Stock Options*

In June 2007, the compensation committee granted the following stock options to our executive officers.

Name	Number of Shares Underlying Option Grants In 2007	Percentage Increase Over Prior Year Grants
Daniel R. Passeri	500,000	28%
Michael P. Gray	300,000	50%
Mark W. Noel	125,000	25%
Changgeng Qian, M.D., Ph.D.	300,000	92%

The number of shares awarded to our executive officers increased substantially from 2006 to 2007 due to the compensation committee's objective of providing executive officers with meaningful long-term incentive awards to better align their interests with those of our shareholders. Many of the outstanding options held by our executive officers have exercise prices that are above the current market value of our common stock. The compensation committee, after giving due consideration to all relevant factors, including a sustained decline in the value of our common stock, decided to increase the number of shares of option grants to our executive officers. This decision was made to encourage the continued employment and dedication of our executive officers. In addition, the increased number of shares underlying the 2007 option grants provides for long-term incentive compensation to our executive officers that approximate our 75th percentile target in 2007.

Our compensation committee has not established guidelines for the grant of plan-based awards for 2007.

Restricted Stock Awards

We did not grant any restricted stock to our executive officers in 2007.

2000 Employee Stock Purchase Plan

In 2007, Mark Noel, an executive officer, participated in the 2000 employee stock purchase plan pursuant to which he purchased 2,913 and 3,251 shares of our common stock at prices of \$1.03 and \$0.97 per share, respectively.

Former Officer

In the executive compensation tables below, we include information with respect to Mary Elizabeth Potthoff, our former vice president and general counsel. Ms. Potthoff resigned in May 2007. Information concerning compensation paid to Ms. Potthoff is included in accordance with the requirements of the SEC's proxy disclosure rules.

Table of Contents

Tax and Accounting Considerations

We account for equity compensation paid to our employees under the rules of SFAS No. 123(R), which requires us to estimate and record an expense over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. To date, these accounting requirements have not impacted our executive compensation programs and practices.

We currently have a history of operating losses and have significant net operating loss carryforwards that would have the effect of offsetting any future taxable gains. We generally do not consider the tax implication of our executive compensation programs to be meaningful to our operating or financial results. We currently intend that all cash compensation paid will be tax deductible for us. Any gain recognized by employees from nonqualified options should be deductible. To the extent that an option constitutes an incentive stock option, gain recognized by the optionee will not be deductible if there is no disqualifying disposition by the optionee. In addition, if we grant restricted stock or restricted stock awards that are not subject to vesting, they are not deductible by us until they are vested even if they are otherwise taxable to the employee. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The compensation committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the compensation committee believes such payments are appropriate and in the best interests of us and our stockholders, after taking into consideration changing business conditions and the performance of our employees.

- (1) The amount in this column reflects the dollar amount recognized for financial statement reporting purposes for fiscal 2007, in accordance with SFAS 123(R) of an award pursuant to our 2000 stock incentive plan of 10,000 shares of restricted stock at a purchase price of \$0.01 per share, on May 31, 2006, when the fair market value was \$1.57 per share and includes only that portion of the stock award that vested during 2006 and 2007, respectively. Assumptions used in the calculation of this amount are included in footnote (1) to our audited financial statements for the fiscal year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 2, 2007.
- (2) The amounts in this column reflect the dollar amounts recognized for financial statement reporting purposes for fiscal 2007, in accordance with SFAS 123(R) and other relevant guidance, excluding forfeitures, for awards pursuant to our 2000 stock incentive plan, and thus include amounts with respect to awards granted in and prior to fiscal 2007. Accordingly, the amounts in this column do not reflect the total value of the awards that were granted during 2007. We used the modified prospective transition method prescribed by SFAS 123(R) for 2006 awards and prior year awards. Assumptions used in the calculation of these amounts are included in footnote 5 to our audited financial statements for the fiscal year ended December 31, 2007 included in the our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 14, 2008.
- (3) Consists of bonuses approved by the compensation committee and accrued in our financial statements at December 31, 2007, but such bonuses were not paid until February 2008.
- (4) Dr. Qian was not a named executed officer for the fiscal year ending 2006.
- (5) Consists of 401(k) contributions made by us.
- (6) Ms. Potthoff ceased to serve as our vice president, general counsel in May 2007. This amount consists of Ms. Potthoff's salary through her departure date of May 17, 2007.

Edgar Filing: KELER MARIANNE M - Form 5

- (7) This amount represents severance payments made to Ms. Potthoff upon her termination in accordance with her employment agreement.

- (1) Such stock options will expire 10 years from date of grant. Under the terms of the 2000 stock incentive plan, a change in control occurs in the event we merge with or into another company or we sell all or substantially all of our assets. At the time of a change in control, 50% of the then unvested options held by each plan participant, including executive officers, would become immediately exercisable and the restrictions on restricted stock awards would lapse with respect to 50% of the number of shares that otherwise would have first become free from restrictions after the date of the change in control. In addition, under the terms of the 2000 stock incentive plan, in the event an executive officer terminates his or her employment for good reason (as defined in the plan) within one year after a change in control, then all options and restricted stock held by the executive officer would become fully vested upon such termination.
- (2) Such options were issued with a performance condition and will vest on the earlier of December 6, 2012 or upon the consummation of a collaboration, licensing or other similar agreement relating to the targeted cancer drug development platform that includes an up-front cash payment of at least \$10,000,000 excluding any equity investment in the Company, subject to the officer's continued employment.
- (3) Such stock options will vest over a period of four years with 25% of the shares underlying the grant vesting on June 6, 2008 and an additional 6.25% of the shares vesting on each successive three-month period until the option is fully vested on the fourth anniversary of the grant date, subject to the continued employment of the executive officer.
- (4) The exercise price per share is equal to the closing price per share of our common stock on the date of grant.
- (5) The amounts shown in this column represent the total grant date fair value of each stock and option award as determined in accordance with SFAS 123(R).

We have entered into employment and indemnification agreements with certain of our named executive officers, as described below under Employment Agreements and Indemnification Agreements.

Our named executive officers did not receive bonus payments for fiscal 2006, except for Dr. Qian who was not a named executive officer for fiscal 2006. Base salary accounted for approximately 42.2% of the total compensation of the named executive officers for fiscal 2006. Salary and bonus payments accounted for approximately 45.6% of the total compensation of the named executive officers for fiscal 2007.

Employment Agreements

We are party to the following employment arrangements with our executive officers.

Daniel R. Passeri. On September 20, 2001, we entered into a five-year employment agreement with Mr. Passeri, which was amended on October 31, 2006 and terminated on December 31, 2006. On September 18, 2007, we entered into a new employment agreement with Mr. Passeri. The new agreement is intended to comply with the applicable provisions of Section 409A of the Internal Revenue Code of 1986, as amended, and the final Treasury regulations and guidance issued thereunder. Under the agreement, Mr. Passeri will serve as our president and chief executive officer for the period that commenced on September 18, 2007 and ends on December 31, 2012. Mr. Passeri's base salary was set at \$400,000 per annum subject to annual review by the board. Mr. Passeri is entitled to participate in our medical and other benefit programs and may be entitled to receive an annual bonus based on the achievement of specific objectives established by the board. Mr. Passeri is entitled to receive severance benefits under the agreement in the event of his termination without cause or for good reason and he is also entitled to receive certain payment if he is terminated within one year after a change in control. For a description and quantification of such severance and change in control benefits, see Potential Payments Upon Termination Or Change-In-Control. In addition, the agreement provides for certain indemnification provisions. For a complete description of such indemnification provisions, see Indemnification of Executive Officers.

Michael P. Gray. On December 15, 2003, we entered into an employment agreement with Mr. Gray, which was amended on October 31, 2006. Under the agreement, Mr. Gray was promoted to Vice President, Finance and Chief Financial Officer effective as of November 27, 2003 at an initial base salary of \$185,000 per annum, subject to review as part of our performance review program. In addition, Mr. Gray received an option to purchase 160,000 shares of our common stock to vest over four years, 25% after the first year and 6.25% per quarter over the remainder of the vesting period. On December 14, 2006, Mr. Gray was promoted from Senior Vice President of Finance and Chief Financial Officer to Chief Operating Officer and Chief Financial Officer. Mr. Gray is entitled to receive severance benefits under the agreement in the event of his termination without cause or for good reason and he is also entitled to receive certain payment if he is terminated within one year after a change in control. For a description and quantification of such severance and change in control benefits, see Potential Payments Upon Termination Or Change-In-Control. In addition, the agreement provides for certain indemnification provisions. For a complete description of such indemnification provisions, see Indemnification of Executive Officers.

Mark W. Noel. On January 11, 2001, we entered into an employment agreement with Mr. Noel, which was amended on October 31, 2006. Under the agreement, Mr. Noel serves as our Vice President Business

Table of Contents

Development and Technology Management, at an initial base salary of \$160,000 per annum, subject to review as part of our performance review program. In addition, Mr. Noel received an option to purchase 60,000 shares of our common stock to vest over four years, 25% after the first year and 6.25% per quarter over the remainder of the vesting period. Mr. Noel is entitled to receive severance benefits under the agreement in the event of his termination without cause or for good reason and he is also entitled to receive certain payment if he is terminated within one year after a change in control. For a description and quantification of such severance and change in control benefits, see Potential Payments Upon Termination Or Change-In-Control. In addition, the agreement provides for certain indemnification provisions. For a complete description of such indemnification provisions, see Indemnification of Executive Officers.

Changgen Qian, M.D., Ph.D. On May 2, 2001, we entered into an employment agreement with Dr. Qian, which was amended May 10, 2002. On September 13, 2006, Dr. Qian was promoted to Vice President, Discovery and Preclinical Development at an initial base salary of \$200,000 per annum, subject to review as part of our performance review program. In addition, Dr. Qian received an option to purchase 100,000 shares of our common stock to vest over four years, 25% after the first year and 6.25% per quarter over the remainder of the vesting period. Following this promotion, Dr. Qian entered into an amended employment agreement on December 14, 2006, under which Dr. Qian is entitled to receive severance benefits under the agreement in the event of his termination without cause or for good reason and he is also entitled to receive certain payment if he is terminated within one year after a change in control. For a description and quantification of such severance and change in control benefits, see Potential Payments Upon Termination Or Change-In-Control. In addition, the agreement provides for certain indemnification provisions. For a complete description of such indemnification provisions, see Indemnification of Executive Officers.

Indemnification of Executive Officers

Our certificate of incorporation provides indemnification of our executive officers for any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action or claim by us) by reason of the fact of that such person serves as an executive officer, to the maximum extent permitted by the General Corporation Law of Delaware. The certificate of incorporation further provides that executive officers may be entitled to additional indemnification, under any agreement or vote of the directors.

Each of our executive officer employment agreements, described above under Employment Agreements, also provides that we will indemnify each such executive officer for claims arising in his or her capacity as our executive officer, provided that he or she acted in good faith and in a manner that he or she reasonably believed to be in, or not opposed to, our best interests. With respect to any criminal proceeding, the executive officer must have no reasonable cause to believe that the conduct was unlawful. If the claim is brought by us or on our behalf, we will not be obligated to indemnify the executive officer if the executive officer is found liable to us, unless the court determines that, despite the adjudication of liability, in view of all the circumstances of the case the executive officer is fairly and reasonably entitled to be indemnified. In the event that we do not assume the defense of a claim against the executive officer, we are required to advance his or her expenses in connection with his or her defense, provided that he or she undertakes to repay all amounts advanced if it is ultimately determined that he or she is not entitled to be indemnified by us. We will require that any successor to our business assumes and agrees to perform our obligations under the indemnification provisions.

In connection with our indemnification obligations we have and intend to maintain director and officer liability insurance, if available.

Table of Contents**Potential Payments Upon Termination or Change-in-Control**

Each of our executive officer employment agreements, described above under Employment Agreements, also provides that in the event we terminate the executive officer's employment without cause or if the executive officer resigns for good reason (each as defined in the agreements), the executive officer will receive: (1) his or her base salary accrued through the last day of employment; (2) continuation of his then base salary or a portion thereof for the periods and amounts described in the table below, and (3) payment of a portion of the executive officer's COBRA premiums, which is calculated as the difference between the COBRA premium and the amount as paid by the employee for medical/dental insurance, for the periods and amounts described in the table below. In the event of a termination without cause or a resignation by the executive officer for good reason within twelve months after a change in control of the company, the executive officer will also be entitled to receive the severance and benefits payments described in the table below. In order for our executive officers to receive severance and payment of our portion of the COBRA premiums, the executive officer must execute a general release of all claims against the company, its employees, officers, directors and agents in a form acceptable to us. If our executive officers, except Mr. Passeri, are considered specified employee(s) on the date of their termination within the meaning of Section 409A(a)(2)(B)(ii) of the Internal Revenue Code and the regulations thereunder, and any payments to be paid or provided to these executive officers constitute nonqualified deferred compensation within the meaning of Section 409A of the Code, then the severance and benefit payments per the table below will be delayed by a period of six months and will be paid in a lump sum in the seventh month following the date of termination. In the case of Mr. Passeri, if Mr. Passeri is considered a specified employee on the date of his termination, then Mr. Passeri's severance and benefit payments will be paid within the short-term deferral period, which means the period ending on the later of the 15th day of the third month following the end of the employee's tax year in which Mr. Passeri's separation from service occurs and the 15th day of the third month following the end of the Company's tax year in which Mr. Passeri's separation from service occurs, and shall be treated as a short-term deferral within the meaning of Treasury Regulation Section 1.409A-1(b)(4) to the maximum extent permissible under Section 409A of the Code. If Mr. Passeri's severance and benefit payments are not paid within the short-term deferral period then such payments will be delayed by a period of six months and will be paid in a lump sum in the seventh month following the date of termination. At the time of termination and assuming the employment of our executive officers were to have been terminated without cause or our executive officers were to have resigned for good reason, on December 31, 2007, each executive officer would be entitled to a lump sum payment in the amount set forth opposite his name in the following table.

Name	Severance Term in Months	Severance Upon Termination (\$)	Benefits Upon Termination (\$)

In addition, each of our executive officers holds options to purchase shares of our common stock that would become exercisable in full upon a change in control. There are two types of accelerated vesting that might occur following a change in control:

Under the terms of the 2000 stock incentive plan, a change in control occurs in the event we merge with or into another company or we sell all or substantially all of our assets. At the time of a change in control, 50% of the then unvested options held by each plan participant, including executive officers, would become immediately exercisable and the restrictions on restricted stock awards would lapse with respect to 50% of the number of shares that otherwise would have first become free from restrictions after the date of the change in control. Assuming a change in control were to have occurred on December 31, 2007, the value of the portion of the options then held by each of our executive officers that would have vested due to the change in control, would have been \$0 because the closing price of our stock on December 31, 2007, is less than the exercise price of such options.

Under the terms of the 2000 stock incentive plan, in the event an executive officer terminates his or her employment for good reason (as defined in the plan) within one year after a change in control, then all options and restricted stock held by the executive officer would become fully vested upon such termination. Assuming a change in control were to have occurred on December 31, 2007 and an executive officer were to have terminated his or her employment for good reason within one year following the change in control, and based on the closing price of our stock on December 31, 2007, the value of the options then held by each of our executive officers that would have vested due to the termination in connection with the change in control would have been \$0 because the closing price of our stock on December 31, 2007 is less than the exercise price of such options.

Director Compensation Table

These shares vested upon grant and expire ten years from date of grant. The amounts shown in this column represent the grant date fair value of each stock award as determined in accordance with SFAS 123(R) and reflect the dollar amounts recognized for financial statement reporting purposes for fiscal 2007, in accordance with SFAS 123(R). Assumptions used in the calculation of these amounts are included

in footnote 2(l) to our audited financial statements for the fiscal year ended December 31, 2007 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 14, 2008.

- (2) The amounts in this column reflect the dollar amounts recognized for financial statement reporting purposes for fiscal 2007, in accordance with SFAS 123(R) and other relevant guidance, excluding forfeitures, for awards pursuant to our 2000 director stock option plan and 2000 stock incentive plan, and thus include amounts with respect to awards granted in and prior to fiscal 2007. Accordingly, the amounts in this column do not reflect the total value of the awards that were granted during 2007. We used the modified prospective transition method prescribed by SFAS 123(R) for prior year awards. Assumptions used in the calculation of these amounts are included in footnote 5 to our audited financial statements for the fiscal year ended December 31, 2007 included in the our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 14, 2008.

The aggregate number of stock awards and the aggregate number of option awards outstanding at December 31, 2007 for each of the directors are as follows:

Director	Aggregate Number of Stock Options
Susan B. Bayh	241,250
Stephen K. Carter	25,000
Joseph M. Davie	215,000*
Martyn D. Greenacre	372,500
Kenneth I. Kaitin	75,000
James R. McNab, Jr.	395,000
Douglas A. Melton	25,000
James R. Tobin	422,500

- * This number also includes options to purchase 35,000 shares of our common stock that were granted to Dr. Davie in his capacity as Chairman of our Scientific Advisory Board since September 2007.

- (3) Consists of payments made by us to Dr. Carter in consideration for his consulting services pursuant to a consulting agreement dated May 11, 2007 which was entered into prior to his appointment to the board of directors in December 2007. The term of the agreement is for a period of one year and will expire on May 11, 2008, unless the parties agree to extend the agreement. Either party may terminate the agreement by providing thirty days' written notice to the other party. Under the consulting agreement, Dr. Carter agreed to provide consulting services in the areas of pre-clinical development, clinical development, and strategic planning, at such times and places as we may from time to time request. In consideration for the services rendered by Dr. Carter, we agreed to pay Dr. Carter compensation in the amount of \$250 per hour.
- (4) Excludes an option to purchase 35,000 shares granted to Dr. Davie under our 2000 stock incentive plan in consideration for his services as Chairman of our Scientific Advisory Board, which are outside the scope of SFAS 123(R). This option was granted on September 14, 2006 at an exercise price of \$1.72 per share, which was the fair market value of the stock on that date, becomes exercisable as to 6.25% of the shares underlying the award every three months over a period of four years and expires 10 years from the date of grant.

- (5) Consists of payments made by us to Dr. Davie in consideration for his services as interim Chief Scientific Officer pursuant to a consulting agreement dated June 19, 2006, as amended. The term of the agreement was for a period of one year and expired on June 19, 2007. Under the consulting agreement, Dr. Davie agreed to provide consulting services in the areas of corporate strategy, business development, drug development and scientific leadership, at such times and places as we may from time to time request. In consideration for the services rendered by Dr. Davie, we agreed to pay Dr. Davie compensation in the amount of \$4,000 per day for each day of consulting work, or \$500 per hour for portions thereof. In addition, Dr. Davie was appointed as Chairman of the Scientific Advisory Board in September 2006 pursuant to a scientific advisory and consulting agreement dated September 14, 2006, or the advisory agreement. Under the advisory agreement, Dr. Davie agreed to serve as Chairman of our Scientific Advisory Board and to provide consulting and advisory services on our proprietary drug discovery and development programs, including but not limited to the areas of developmental biology, oncology, neurobiology and other therapeutic and diagnostic applications. The term of the advisory agreement is for a period of five years. Either party may terminate the agreement by providing thirty days written notice to the other party. In consideration for the services rendered by Dr. Davie under the advisory agreement, we agreed to pay Dr. Davie an annual retainer of \$25,000, such retainer became effective upon the expiration of the consulting agreement on June 19, 2007. As additional consideration, on September 14, 2006 we granted Dr. Davie an option to purchase 35,000 shares, pursuant to our 2000 stock incentive plan, at an exercise price of \$1.72 per share, which was the closing price of our common stock on the date of grant.
- (6) On June 1, 2005, we entered into an agreement for service as chairman of the board of directors with James McNab. As chairman of the board of directors, Mr. McNab receives a cash payment of \$10,000 per month plus board attendance fees.
- (7) Consists of payments made by us to reimburse the cost of Mr. McNab's annual health insurance expense.
- (8) Dr. Melton declined to stand for reelection at the 2007 annual meeting of stockholders. Therefore, his term as director terminated as of on June 6, 2007.

Non-employee directors receive an initial stock option grant and annual stock option grants. In addition, non-employee directors, other than Mr. McNab, receive an annual cash retainer of \$15,000 and an additional \$5,000 payment for committee chairperson services. Directors are paid additional cash compensation in the amount of \$1,500 for each board or committee meeting attended in person and \$750 for telephonic meetings. In addition, directors are reimbursed for reasonable out-of-pocket expenses that are incurred due to attendance at board or committee meetings. Directors who are our employees are not compensated for their attendance at board or committee meetings.

Indemnification of Directors

Our certificate of incorporation provides indemnification of our directors for any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action or claim by the company) by reason of the fact of that such person serves as a director, to the maximum extent permitted by the General Corporation Law of Delaware. The certificate of incorporation further provides that directors may be entitled to additional indemnification, under any agreement or vote of the directors.

On June 1, 2005 we entered into indemnification agreements with our directors, except for Daniel Passeri. The indemnification provisions apply to each director and state that we will indemnify them for claims arising in his or her capacity as our director, provided that he or she acted in good faith and in a manner that he or she reasonably believed to be in, or not opposed to, our best interests. With respect to any criminal proceeding, the director must have no reasonable cause to believe that the conduct was unlawful. If the claim is brought by us or on our behalf, we will not be obligated to indemnify the director if the director is found liable to us, unless the court determines that, despite the adjudication of liability, in view of all the circumstances of the case, the director is fairly and reasonably entitled to be indemnified. In the event that we do not assume the defense of a claim against the director, we are required to advance his or her expenses in connection with his or her defense, provided that he or she undertakes to repay all amounts advanced if it is ultimately determined that he or she is not entitled to be indemnified by us. We will require that any successor to our business assumes and agrees to perform our obligations under the indemnification provisions.

In connection with our indemnification obligations we have and intend to maintain director and officer liability insurance, if available on reasonable terms.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2007, the members of our compensation committee were Ms. Bayh, Mr. Tobin and Dr. Kaitin, none of whom was a current or former officer or employee and none of whom had any related person transaction involving the company.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis, required by Item 402(b) of Regulation S-K with Curis management. Based on this review and discussion, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by the compensation committee of our board of directors.

**PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2008. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since April 26, 2002. Although stockholder approval of the audit committee's selection of PricewaterhouseCoopers LLP is not required by law, the board and the audit committee believe that it is advisable to give stockholders an opportunity to ratify this selection. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the audit committee will reconsider the matter. A representative of PricewaterhouseCoopers LLP is expected to be present at the meeting to respond to appropriate questions and to make a statement if he or she so desires.

Board Recommendation

OUR BOARD OF DIRECTORS BELIEVES THAT THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS CURIS' INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2008 IS IN THE BEST INTERESTS OF CURIS AND OUR STOCKHOLDERS AND, THEREFORE, RECOMMENDS THAT YOU VOTE FOR THIS PROPOSAL.

OTHER MATTERS

The board knows of no other business that will be presented for consideration at the meeting other than that described above. However, if any other business should come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote, or otherwise act, in accordance with their best judgment on such matters.

Stockholder Proposals for 2009 Annual Meeting

Any proposal that a stockholder of Curis wishes to be considered for inclusion in our proxy statement and proxy for the 2009 annual meeting of stockholders must be submitted to our secretary at our offices, 45 Moulton Street, Cambridge, Massachusetts 02138, no later than December 22, 2008.

If a stockholder of Curis wishes to present a proposal at the 2009 annual meeting, but does not wish to have the proposal considered for inclusion in our proxy statement and proxy, such stockholder must also give written notice to our secretary at the address noted above. The secretary must receive such notice not less than 60 days nor more than 90 days prior to the 2009 annual meeting; provided that, in the event that less than 70 days' notice or prior public disclosure of the date of the 2009 annual meeting is given or made, notice by the stockholder must be received not later than the close of business on the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever occurs first. The date of our 2009 annual meeting has not yet been established, but assuming it is held on June 3, 2009, in order to comply with the time periods set forth in our by-laws, appropriate notice for the 2009 annual meeting would need to be provided to our secretary no earlier than March 5, 2009, and no later than April 4, 2009. If a stockholder fails to provide timely notice of a proposal to be presented at the 2009 annual meeting, the proxies designated by the board will have discretionary authority to vote on any such proposal.

Solicitation of Proxies

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, facsimile and personal interviews. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy material to those persons for whom they hold shares and request instructions for voting the proxies. We will reimburse such brokerage houses and other persons for their reasonable expenses in connection with this distribution.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Based solely on our review of copies of reports filed by the reporting persons furnished to us, we believe that during the fiscal year ended December 31, 2007, the reporting persons complied with all Section 16(a) filing requirements.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of this proxy statement or our 2007 annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document if you write or call us at the following address or telephone number: 45 Moulton Street, Cambridge, Massachusetts 02138, Attention: Secretary, (617) 503-6500. If you want separate copies of the proxy statement and 2007 annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address or telephone number.

THE BOARD HOPES THAT STOCKHOLDERS WILL ATTEND THE MEETING. WHETHER OR NOT YOU PLAN TO ATTEND, YOU ARE URGED TO COMPLETE, SIGN AND DATE THE ENCLOSED PROXY CARD AND RETURN IT IN THE ACCOMPANYING ENVELOPE. PROMPT RESPONSE WILL GREATLY FACILITATE ARRANGEMENTS FOR THE MEETING AND YOUR COOPERATION IS APPRECIATED. STOCKHOLDERS WHO ATTEND THE MEETING MAY VOTE THEIR STOCK PERSONALLY EVEN THOUGH THEY HAVE SENT IN THEIR PROXY CARDS.
