Independent Auditors' Report

The Plan Administrator
Tom Brown, Inc. 401(k) Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of the Tom Brown, Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating our overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2002 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of Plan's management.

Edgar Filing: BROWN TOM INC /DE - Form 11-K

The supplemental schedule has been subjected to the auditing procedures applied in the audits of basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOM BROWN, INC.

401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Description of Plan

The Tom Brown, Inc. KSOP Plan was established effective January 1, 1996, as the result of a merger of the Tom Brown, Inc. Employee Stock Ownership Plan (ESOP) and the Tom Brown, Inc. Profit Sharing 401(k) Plan. Effective January 1, 2000, the plan was amended and restated and the plan's name was changed to the Tom Brown, Inc. 401(k) Retirement Plan (the Plan). The following description of the Plan provides only general information. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan's provisions.

(a)

General

The Plan is sponsored by Tom Brown, Inc. and adopting affiliates (collectively, the Employer). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b)

Eligibility

Employees are eligible to participate in the Plan immediately upon employment provided the employee has attained the age of 18. The Plan specifically excludes employees governed by a collective bargaining agreement and nonresident aliens who receive no earned income within the United States.

(c)

Trustee and Asset Custodian

Employees of the Employer serve as trustee and administrator of the Plan and perform certain administrative duties. Such employees do not receive compensation from the Plan. Prior to December 31, 2001, the Vanguard Group and Edward Jones served as asset custodians for the Plan. During December 2001, the Plan changed its asset custodians from Vanguard Group to Principal Financial Group and Banker's Trust Company N.A. During January 2002, the assets held at Edward Jones were transferred to Banker's Trust Company N.A. and Edward Jones no longer serves as an asset custodian of the Plan.

(d)

Contributions

Prior to January 1, 2002, participants could elect to have a portion of their salaries deferred in whole percentages between 0% and 15%. Effective January 1, 2002, the Plan was amended such that participants may elect to have a portion of their salaries deferred in whole percentages between 0% and 50% and can contribute to the Plan on a pre-tax basis subject to certain limitations and up to the maximum amount allowable under the Internal Revenue Code (\$11,000 in 2002 and \$10,500 in 2001).

For each Plan year the Employer may make a discretionary matching contribution to the Plan. Effective July 1, 2001, the discretionary matching contribution is equal to 100% of the participant's deferral not to exceed a maximum of 7% of the participant's annual compensation for the plan year. The Employer may also make an additional discretionary contribution to the Plan each year. There were no additional discretionary contributions for the 2002 and 2001 Plan years.

4

(e)

Participant Accounts

Each participant's account is credited with the participant's contribution and Employer matching contribution plus an allocation of the Employer's discretionary contribution, if any, and investment earnings and losses. Investment earnings and losses are allocated based on the weighted value of each participant's account balance relative to the weighted value of all participants' account balances at each valuation date.

(f)

Investment Options

Participants are permitted to direct the investment of their accounts into various mutual funds offered by the Principal Financial Group (prior to December 2001, the Vanguard Group) and common stock held by Banker's Trust Company N.A. In addition, participants who formerly had account balances under the ESOP were allowed to transfer Tom Brown, Inc. common stock or direct the investment of their prior ESOP accounts into the plan.

Beginning December 2001, a participant may direct contributions to any of the following investment options:

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Effective July 1, 2001, participants vested in their Employer contributions immediately. Prior to July 1, 2001, vesting in Employer contributions was based on the participant's years of continuous service as follows:

Years of service	Vested percentage
Less than 2	0%
2	40
3	60
4	80
5	100

(h)

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce future Employer contributions. Forfeitures used to reduce Employer contributions in 2002 and 2001 were \$6,901 and \$0, respectively. As of December 31, 2002 and 2001, no unused forfeitures were held as Plan assets.

(i)

Payment of Benefits

On termination of employment, retirement, death, or disability, participants may request to receive a lump-sum distribution equal to the vested value of their accounts. Participants may also request the distribution of their Tom Brown, Inc. common stock in cash or stock.

(j)

In-Service Withdrawals and Loans

Edgar Filing: BROWN TOM INC /DE - Form 11-K

An actively employed participant may withdraw from his or her pre-tax contribution account based upon the demonstration of financial hardship. In the event of a hardship withdrawal, the participant is prohibited from making contributions to the Plan for a 6-month period. Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions.

Participants are allowed only one loan outstanding at any time. All loans are amortized over a period not to exceed five years, except for loans to purchase or construct a primary residence which may be repaid over a longer period. Loans bear interest at a rate commensurate with local prevailing rates. The interest rate on loans outstanding range from 6.25% to 11.5% at December 31, 2002 and 2001.

(2) Summary of Significant Accounting Policies

(a)

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Company to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ significantly from those estimates.

(b)

Valuation of Investments and Income Recognition

Investments in mutual funds and common stocks are valued at fair value based on quoted market prices. Cash and cash equivalents and participant loans are stated at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c)

Payment of Benefits

Benefits to participants are recorded when paid.

(d)

Administrative Expenses

Administrative expenses of the Plan were paid by the Employer for the 2002 and 2001 Plan years.

7

(3) Investments

The fair values of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2002 and 2001, are as follows:

Common stocks	(54,972)	(186,374)
	<u>\$ (1,600,532)</u>	<u>(914,959)</u>

(4) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(5) Federal Income Taxes

The Plan obtained its latest determination letter on March 19, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code).

(6) Related Party Transactions

Certain Plan investments represent shares of money market funds and mutual funds offered by the asset custodians of the Plan (see note 1c). As such, these qualify as party-in-interest transactions.

The Plan also holds Tom Brown, Inc. common stock. As Tom Brown, Inc. is the Employer, these transactions also qualify as party-in-interest transactions.

8

(7) Risks and Uncertainties

The Plan provides for various investments in cash and cash equivalents, mutual funds, and common stock. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
