VOTING SECURITIES

At the close of business on February 25, 2005, the Company had 31,048,304 shares of common stock ("Shares" or "Common Shares") outstanding, all of which are entitled to vote. The Company's Restated Certificate of Incorporation provides that each person who received Shares pursuant to the Agreement of Merger, dated March 7, 1986, which was approved by the shareholders of Carlisle Corporation and became effective on May 30, 1986, is entitled to five votes per Share. Persons acquiring Shares after May 30, 1986 (the effective date of the Merger) are entitled to one vote per share until the Shares have been beneficially owned (as defined in the Restated Certificate of Incorporation) for a continuous period of four years. Following continuous ownership for a period of four years, the Shares are entitled to five votes per share. The actual voting power of each holder of Shares will be based on shareholder records at the time of the Annual Meeting. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 25. In addition, holders of Shares issued from the treasury, other than for the exercise of stock options, before the close of business on February 25, 2005 (the record date for determining shareholders entitled to vote at the Annual Meeting) will be entitled to five votes per share unless the Company's Board of Directors (the "Board of Directors" or "Board") determines otherwise at the time of authorizing such issuance.

SECURITY OWNERSHIP

A. Beneficial Owners.

The following table provides certain information as of December 31, 2004 with respect to any person who is known to the Company to be the beneficial owner of more than five percent (5%) of the Common Shares, the Company's only class of voting securities. It does not necessarily mean that the person enjoyed any economic benefit from those shares. The information included in the table is from Schedule 13G as

BOARD OF DIRECTORS**A. Election of Directors**

The Company's Restated Certificate of Incorporation provides for a classified Board of Directors under which the Board is divided into three classes of directors, each class as nearly equal in number as possible.

At the Annual Meeting four (4) directors are to be elected. The directors will be elected to serve for a three-year term until the 2008 Annual Meeting and until their successors are elected and qualified. Directors will be elected by a plurality of the votes cast. Only votes cast for a nominee will be counted, except that the accompanying Proxy will be voted for the four nominees in the absence of instructions to the contrary. Abstentions, broker non-votes, and instruction on the accompanying Proxy to withhold authority to vote for one or more of the nominees will result in the respective nominees receiving fewer votes than if the votes were cast for the respective nominees. For voting purposes, proxies requiring confirmation of the date of beneficial ownership received by the Board of Directors with such confirmation not completed so as to show which Shares beneficially owned by the shareholder are entitled to five votes will be voted with one vote for each Share. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 25. In the event any nominee is unable to serve (an event management does not anticipate), the Proxy will be voted for a substitute nominee selected by the Board of Directors or the number of directors will be reduced.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE FOLLOWING NOMINEES.

B. Meetings of the Board and Certain Committees; Remuneration of Directors

During 2004, the Board of Directors of the Company held six (6) meetings. The annual fee paid to each director who is not a member of management was \$35,000. Each non-management director may elect to receive the entire annual fee in cash or one-half of the fee in cash and the other half in Shares with a market value equal to that amount. In addition, a \$5,000 annual attendance fee is paid to each non-management director who attends at least 75% of the aggregate of (i) the total number of Board of Directors meetings which he or she is eligible to attend, and (ii) all meetings of committees of the Board on which the director serves. For 2004, each non-management director attended at least 75% of such meetings and received a \$5,000 annual attendance fee.

The Board has standing Executive, Audit, Compensation, Pension and Benefits and Corporate Governance and Nominating Committees.

The Executive Committee has the authority to exercise all powers of the Board of Directors between regularly scheduled Board meetings. During 2004, the Executive Committee met once. Each member of the Executive Committee (other than Mr. Munn, the Company's Chairman during 2004 and the Chairman of the Committee) received an annual fee of \$15,000.

The Audit Committee has the sole authority to appoint and terminate the engagement of the independent auditors of the Company and its subsidiaries. The functions of the Audit Committee also include reviewing the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities. During 2004, the Audit Committee held thirteen (13) meetings. Each member of the Audit

Committee received an annual fee of \$10,000. The Chairman of the Committee received an additional annual fee of \$5,000. At its November, 2004 meeting, the Board increased the annual fee paid to each member of the Audit Committee to \$15,000 and the additional annual fee paid to the Chairman to \$10,000.

The Compensation Committee administers the Company's incentive programs and decides upon annual salary adjustments and discretionary bonuses for various employees of the Company, including the executive officers. During 2004, the Compensation Committee met once. Each member of the Compensation Committee received an annual fee of \$5,000. The Chairman of the Committee received an additional annual fee of \$10,000.

The Pension and Benefits Committee monitors the performance of the Company's pension and benefits programs. During 2004, the Pension and Benefits Committee met twice. Each member of the Pension and Benefits Committee received an annual fee of \$5,000. The Chairman of the Committee received an additional annual fee of \$10,000.

The functions of the Corporate Governance and Nominating Committee include developing and maintaining a set of corporate governance guidelines, leading the search for individuals qualified to become members of the Board and recommending such individuals be nominated by the Board to be presented for shareholder approval at the Company's annual meetings, reviewing the Board's committee structure and recommending to the Board for its approval directors to serve as members of each committee, evaluating the performance of the chief executive officer, discussing succession planning and recommending a new chief executive officer if a vacancy occurs. During 2004, the Corporate Governance and Nominating Committee held four (4) meetings. Each member of the Corporate Governance and Nominating Committee received an annual fee of \$5,000. The Chairman of the Committee received an additional annual fee of \$10,000.

In addition, at its February, 2000 meeting, the Board of Directors adopted a Non-Employee Director Stock Option Plan. In February 2003, the Nonemployee Director Stock Option Plan was amended to condition option grants on the attainment of financial criteria established by the Board from time to time. With respect to the calendar year ended December 31, 2003, the financial criterion was a specified increase in earnings per share. The Company achieved the specified increase in earnings per share and, as a result, each eligible non-employee director received in 2004 an option to acquire 1,000 Shares at an option price of \$57.07, which was equal to the closing market price of the Shares on the date of the grant. All options expire ten years following the date of grant. With respect to calendar year-ended December 31, 2004, the financial criterion is also a specified increase in earnings per share. With respect to grants thereafter, see "Proposal to Approve Amended and Restated Nonemployee Director Equity Plan" beginning on page 21.

At its December 2003 meeting, the Board also adopted the Deferred Compensation Plan for Non-Employee Directors. Under the Deferred Compensation Plan, which is effective on January 1, 2004, each non-employee director of the Company is entitled to defer up to 100% of his or her annual retainer and meeting fees. Each participant can direct the "deemed investment" of his or her account among the different investment funds offered by the Company from time to time. Initially, the investment options include (i) a fixed rate fund and (ii) Share equivalent units. All amounts held under the Deferred Compensation Plan are 100% vested amounts credited to a participant's account and generally will be paid or commence to be paid after the participant terminates service as a director. At the participant's election, payments can be made in a lump sum or in quarterly installments. Payments under the Deferred Compensation Plan are made in cash from the Company's general assets. For the period January 1, 2004 to December 31, 2004, the fixed rate fund accrued interest at six percent (6%) per annum and the aggregate interest accrued for all participants in the Deferred Compensation Plan was \$38,136.

C. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of the Company's equity securities, to file reports of security ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten-percent beneficial owners also are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely upon a review of copies of such forms and written representations from its executive officers and directors, the Company believes that all Section 16(a) filing requirements were complied with on a timely basis during and for 2004 except that a Form 4 was filed after its due date reporting an open market sale of 500 Shares by Mr. Krogh and an open market purchase of 500 Shares by Mr. Jamieson. In addition, the Form 4s reporting a 2,500 restricted Share grant to Mr. Ford and a 2,000 restricted Share grant to Mr. Forster due April 22, 2004, were filed on April 30, 2004.

D. Corporate Governance Matters

Independence. The Board recognizes the importance of director independence. Under the rules of the New York Stock Exchange, to be considered independent, the Board must determine that a director does not have a direct or indirect material relationship with the Company. Moreover, a director will not be independent if, within the preceding three (3) years: (i) the director was employed by the Company or receives \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service, (ii) the director was a partner of or employed by the Company's independent auditor, (iii) the director is part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director, (iv) the director is an executive officer or employee of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, or (v) the director had an immediate family member in any of the categories in (i) (iv).

The Board has determined that nine (9) of the Company's eleven (11) directors are independent under these standards. The independent directors are as follows: Donald G. Calder, Robin S. Callahan, Paul J. Choquette, Jr., Peter L.A. Jamieson, Peter F. Krogh, Anthony W. Ruggiero, Lawrence A. Sala, Eriberto R. Scocimara and Magalen C. Webert. The other two directors are Richmond D. McKinnish, the Company's current President and Chief Executive Officer and Stephen P. Munn, the Company's former Chief Executive Officer who currently serves as Chairman of the Board.

In addition, each of the directors serving on the Audit, Compensation, Corporate Governance and Nominating and Pension and Benefits Committees are independent under the standards of the New York Stock Exchange.

Meetings of Non-Employee Directors. At the conclusion of each of the regularly scheduled Board meetings, the independent directors of the Board meet in executive session without management and elect a director among them to preside at the executive meeting.

Statement of Corporate Governance Guidelines and Principles. The Company has adopted a Statement of Corporate Governance Guidelines and Principles and has published the Statement on its website: www.carlisle.com. The Company will provide without charge a copy of the Statement to any shareholder upon written request mailed to the attention of the Company's Secretary at 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277.

Charters. The Company has adopted Charters for each of its Audit, Compensation and Corporate Governance and Nominating Committees and has published the Charters on its website: www.carlisle.com. The Company will provide without charge a copy of the Charters to any shareholder upon written request mailed to the attention of the Company's Secretary at 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277.

Code of Ethics. The Company's Business Code of Ethics is published on its website: www.carlisle.com. The Company will provide without charge a copy of the Business Code of Ethics to any shareholder upon written request mailed to the attention of the Company's Secretary at 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277.

Any security holder may communicate with the Board of Directors or with the non-management directors as a group by writing to the Company's Secretary at Carlisle Companies Incorporated, 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277, Attention: Secretary. Any written communication will be forwarded to the Board for its consideration.

Directors are not required to attend the Company's Annual Meeting of Shareholders. Mr. McKinnish attended last year's Annual Meeting.

Nomination Process. At its February, 2003 meeting, the Board established a Corporate Governance and Nominating Committee. The Committee's Charter is published on the Company's website: www.carlisle.com. All directors serving on the Committee are "independent" under the standards established by the New York Stock Exchange.

As more fully described in its Charter, the Corporate Governance and Nominating Committee assists the Board by identifying individuals qualified to be directors and recommending such individuals be nominated by the Board for election to the Board by the shareholders. Director nominees should possess the highest personal and professional integrity, ethics and values, and be committed to representing the long-term interests of the Company's shareholders. Nominees should also have outstanding business, financial, professional, academic or managerial backgrounds and experience. Each nominee must be willing to devote sufficient time to fulfill his or her duties, and should be committed to serve on the Board for an extended period of time. Prior to accepting an invitation to serve on another public company board, directors must advise the Corporate Governance and Nominating Committee and the Committee will determine whether such service will create a conflict of interest and/or prevent the director from fulfilling his or her responsibilities.

The source of director candidates may include: other directors, management, third-party search firms and security holders. Security holders may submit director recommendations to the Corporate Governance and Nominating Committee by writing to the Company's Secretary at Carlisle Companies Incorporated, 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277, Attention: Secretary. The writing should include whatever supporting material the security holder considers appropriate and should address the director nominee characteristics described in the immediately preceding paragraph and must be received at least 120 days prior to the applicable Annual Meeting. The Company has not retained a third-party search firm to identify candidates at this time, but may do so in the future in its discretion.

The assumptions used in the model for the valuation of options expiring February 3, 2014 were: return volatility of 29.3%; expected life of 7 years; risk-free interest of 3.67%; and an expected dividend yield of 1.57%; resulting in a value of \$18.11 per option. The assumptions used in the model for the valuation of options expiring May 4, 2014 were: return volatility of 29.1%; expected life of 7 years; risk-free interest of 4.15%; and an expected dividend yield of 1.51%; resulting in a value of \$19.62 per option.

D. Equity Compensation Plan Information

The number of equity securities to be issued upon the exercise of stock options under the Company's equity compensation plans, the weighted average exercise price of the options and the number of securities remaining for future issuance are as follows:

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options	(b) Weighted-average exercise price of options outstanding	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	985,041	\$ 42.67	2,511,684
Equity compensation plans not approved by security holders	55,411	\$ 42.89	132,000
Total	1,040,452	\$ 42.68	2,643,684

The only equity compensation plan not approved by the shareholders is the Company's Nonemployee Director Equity Plan (formerly the Nonemployee Director Stock Option Plan). See the "Proposal to Approve Amended and Restated Nonemployee Director Equity Plan" beginning on page 21.

E. Pension Plan

The pension plans of the Company and its subsidiaries provide defined benefits including a cash balance formula whereby participants accumulate a cash balance benefit based upon a percentage of compensation allocation made annually to the participants' cash balance accounts. The allocation percentage ranges from 2% to 7% and is determined on the basis of each participant's years of service. The cash balance account is further credited with interest annually. The interest credit is based on the One Year Treasury Constant Maturities as published in the Federal Reserve Statistical Release over the one year period ending on the December 31st immediately preceding the applicable plan year (with a minimum of 4.00%). The interest rate for the plan year ending December 31, 2004 was 4.00%. Compensation covered by the pension plan of the Company and its subsidiaries includes total cash remuneration in the form of salaries and bonuses, including amounts deferred under Sections 401(k) and 125 of the Internal Revenue Code of 1986, as amended (the "Code").

The annual annuity benefit payable starting at normal retirement age (age 65 with five years of service) as accrued through December 31, 2004 under the pension plans of the Company and its subsidiaries for the executives named in the Summary Compensation table were as follows: Mr. Munn, \$400,000; Mr. McKinnish, \$435,577; Mrs. Lowe, \$3,588; Mr. Forster, \$29,133; and Mr. Ford, \$21,141.

As of December 31, 2004, the full years of credited service under the plans for each of the following individuals were as follows: Mr. Munn, 15 years; Mr. McKinnish, 29 years; Mrs. Lowe 2 years; Mr. Forster, 18 years; and Mr. Ford, 8 years.

Section 401(a)(17) of the Code currently places a limit of \$205,000 on the amount of annual compensation covered under a qualified pension plan such as the one maintained by the Company (the "Retirement Plan"). Under an unfunded supplemental pension plan maintained by the Company, the

Company will make payments as permitted by the Code to plan participants in an amount equal to the difference, if any, between the benefits that would have been payable under the Retirement Plan without regard to the limitations imposed by the Code and the actual benefits payable under the Retirement Plan as so limited.

F. Compensatory Arrangements and Related Transactions

The Company has outstanding agreements with certain executive employees of the Company selected by the Board of Directors. These agreements provide that the individuals will not, in the event of the commencement of steps to effect a Change of Control (defined generally as an acquisition of 20% or more of the outstanding voting Shares or a change in a majority of the Board of Directors), voluntarily leave the employ of the Company until a third person has terminated his or its efforts to effect a Change of Control or until a Change of Control has occurred.

In the event of a termination of the individual's employment within three (3) years of a Change in Control, the executive is entitled to three years' compensation, including bonus, retirement benefits equal to the benefits he would have received had he completed three additional years of employment, continuation of all life, accident, health, savings, and other fringe benefits for three years, and relocation assistance.

At any time prior to a Change of Control, the Board of Directors of the Company may amend, modify or terminate any such agreement. The Board of Directors may also, at any time, terminate an agreement with respect to any executive employee who is affiliated with any group seeking or accomplishing a Change of Control. Mrs. Lowe and Messrs. Munn, McKinnish, Forster and Ford are each a party to such an agreement.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee is composed exclusively of independent, nonemployee directors. The Compensation Committee reviews the compensation program for the Chief Executive Officer and other members of senior management, including the executive officers listed in the Summary Compensation Table on page 11 (the "named executives"), and determines and administers their compensation. In the case of both the Chairman and the Chief Executive Officer, the compensation determination made by the Compensation Committee is based in part on a report from the Corporate Governance and Nominating Committee.

Overview

The policies of the Compensation Committee are highly performance-related and are intended to motivate and reward individual performance that contributes to the attainment of the operational, financial and strategic goals established by management to build shareholder value. It is also the Compensation Committee's practice to provide a balanced mix of cash and equity-based compensation that the Compensation Committee believes appropriate to align the short-term and long-term interests of the Company's executives with that of its shareholders.

Members of senior management receive an annual base salary and are eligible for performance-based cash bonuses. In addition, senior executives are eligible for awards under the Company's Executive Incentive Program to encourage attainment of the Company's long-term goals. The Compensation Committee evaluates subjective individual and objective Company performance criteria in determining the size of the various components of compensation.

Base salaries are normally adjusted annually, based on general industry changes in salary levels, individual and Company performance as well as levels of duties and responsibilities.

Annual cash bonuses awarded to executive officers are based on a percentage of each officer's base salary. The percentage of base salary for each officer is determined each year by the Compensation Committee based on an evaluation of individual performances as reported to the Compensation Committee by the Chief Executive Officer, a review of overall Company and divisional performance criteria, such as sales (with an emphasis on organic growth), operating earnings, net earnings per share, cash flow generation (with an emphasis on working capital management), stock price performance, acquisitions, strategic accomplishments and other factors as the Compensation Committee deems appropriate.

The long-term incentive component of the Company's compensation program consists of awards under the Company's Executive Incentive Program. In 2004, the long-term incentive component included stock option awards and, in certain instances, a combination of stock option and restricted share awards.

All stock options are granted with an exercise price equal to the fair market value of the Shares on the date of grant, and option re-pricing is expressly prohibited by the terms of the Executive Incentive Program. Additionally, in order to provide an objective formula for determining the maximum amount of compensation an executive officer may receive on the exercise of stock options, no participant may receive options to acquire more than one hundred thousand (100,000) option Shares in any one fiscal year period. Stock options generally vest in three (3) equal installments on the date of grant and the first two (2) anniversaries of the date of grant. In addition, stock options have a maximum term of ten (10) years and are non-transferable.

Restricted Share grants are subject to a restriction period of at least two (2) years during which the Shares are subject to a substantial risk of forfeiture and may not be transferred. During the period of restriction, the grantee has the right to vote the restricted Shares and receive any dividends paid thereon.

While neither the number of stock options nor restricted Shares awarded to any executive officer by the Compensation Committee is determined by a pre-established plan or formula, the Compensation Committee reviews individual and Company performance criteria and other factors it deems appropriate in awarding stock options and restricted Shares.

In addition, in determining the appropriate compensation arrangement for the Chief Executive Officer and other members of senior management, the Compensation Committee considers the conclusions and recommendations of an independent benefits consulting firm retained to prepare a report (the "Consultant's Report") assessing the appropriateness of the compensation paid to the Company's senior officers in relation to the compensation paid to senior officers of comparable companies, which include many of the companies listed in the Peer Group included in the Performance Graph on page 15. The Consultant's Report included certain additional industry specific companies to more accurately assess compensation. Based on the Consultant's Report, the total cash compensation, including salary and bonus, paid to the Company's executive officers falls within the broad middle range of cash compensation paid by the companies included in the Consultant's Report.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the amount of individual compensation for certain executives that may be deducted by the employer for federal income tax purposes in any one fiscal year to \$1 million unless such performance is "performance-based." The determination of whether compensation is performance-based depends upon a number of factors. In general, the Compensation Committee intends to structure compensation programs for the Company's executive officers so as to take full advantage of the deductibility of compensation awards under Section 162(m). However, in instances deemed appropriate by the Compensation Committee, some level of non-deductible executive officer compensation expense may be approved.

Compensation of the Chief Executive Officer and Other Named Executives

Salary and bonus paid to Mr. McKinnish, the Company's Chief Executive Officer, in respect of 2004 were assessed on both qualitative and quantitative performance based measures consistent with the policies set forth above. For 2004, Mr. McKinnish received a salary increase of \$75,000 and a bonus of \$850,000. With respect to bonus compensation, the Compensation Committee set a maximum amount based on net income. In determining the final amount of Mr. McKinnish's bonus, the Compensation Committee also considered that the Company achieved pre-established performance measures relating to earnings per share growth, return on beginning equity and organic sales growth. Moreover, the Compensation Committee found favorable the Company's share performance over the last three and five year periods as compared to the S&P 500 Composite Index and the Peer Group Index described on page 15 as follows: (i) the three year period ended December 31, 2004 (+73.40 points and +51.43 points, respectively), and (ii) the five year period ended December 31, 2004 (+105.09 points and 47.08 points, respectively). Further, quarterly dividends increased 3.5%, enabling the Company to pass on a portion of the Company's earnings to shareholders. In addition, the salary increase and bonus award reflect the conclusions and recommendations included in the Consultant's Report. As also reflected in the Consultant's Report, the total cash compensation paid to Mr. McKinnish in respect of 2004 falls within the broad middle range of cash compensation paid to chief executive officers of the companies included in the Consultant's Report.

The option grant to Mr. McKinnish in 2004 was intended to more closely align his interest with the long-term interests of the Company's shareholders, and was consistent with the findings contained in the Consultant's Report. The Compensation Committee also took into account the size of prior option grants to Mr. McKinnish.

With respect to compensation earned by the other executive officers of the Company in 2004 (including bonus compensation paid in 2005) the Compensation Committee reviewed and measured each executive's individual contributions to the progress made by the Company toward accomplishing its financial and strategic goals, including the Company's performance against prior year financial figures and ratios. The Compensation Committee determined, as reflected in the financial statements of the Company for the year ending December 31, 2004, that the Company, with respect to its continuing operations, performed favorably in 2004 against prior year sales (+18%) and earnings (+34%). With respect to stock performance, as described above, the Compensation Committee found that the Company's share price outperformed the S&P 500 Composite Index and the Peer Group Index over the last three and five year periods. Finally, the conclusions and recommendations set forth in the Consultant's Report also influenced the decisions by the Compensation Committee in respect of salary increases, bonus compensation as well as stock option and restricted share awards.

Conclusion

The Compensation Committee has reviewed all components of the Chief Executive Officer's and the named executives' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains, the dollar value of all perquisites and other personal benefits as well as the Company's obligations under its pension plans. Based on this review, the Compensation Committee finds the Chief Executive Officer's and the named executives' total compensation, in the aggregate, to be reasonable and appropriate.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company is comprised of six non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy the requirements of the New York Stock Exchange as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was amended and restated on September 3, 2003, and which is reviewed annually by the Committee. The Committee has the sole authority to appoint and terminate the engagement of the independent auditors of the Company and its subsidiaries. The Committee also reviews the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities. The Board has determined that Anthony W. Ruggiero, the Chairman of the Audit Committee, is an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission. Below is a report on the Committee's activities relating to fiscal year 2004.

Review of Audited Financial Statements with Management

The Audit Committee reviewed and discussed the audited financial statements with the management of the Company.

Review of Financial Statements and Other Matters with Independent Accountant

The Audit Committee discussed with the independent auditors the audited financial statements and the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), as may be modified or supplemented. The Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the independent accountant the independent accountant's independence. In concluding that the auditors are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the auditors (as described below) were compatible with their independence.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

SELECTION OF AUDITORS

KPMG LLP ("KPMG") has served as the Company's auditors since May, 2002. The Audit Committee has decided to retain KPMG to audit the accounts of the Company and its subsidiaries for the year-ending December 31, 2005. All services provided, or to be provided, by the Company's independent public accountants are subject to a pre-approval requirement of the Audit Committee. At its May 2004 meeting, the Audit Committee delegated to Mr. Ruggiero, the Chairman of the Audit Committee, pre-approval authority with respect to certain permissible non-audit services for 2004. Mr. Ruggiero's pre-approval authority was limited, in the aggregate, to engagements costing no more than \$25,000. In 2004, Mr. Ruggiero was not requested to pre-approve any such services.

Set forth below are the fees billed to the Company by KPMG during the years ended December 31, 2004 and 2003.

**PROPOSAL TO APPROVE AMENDED AND RESTATED
NONEMPLOYEE DIRECTOR EQUITY PLAN**

The Company maintains the Nonemployee Directors Stock Option Plan (the "Plan"), which was originally adopted by the Board in February 2000 and thereafter amended in February 2002. The Plan was adopted in order to attract, retain and motivate nonemployee members of the Board and to enable them to acquire and retain a proprietary interest in the Company. There are 200,000 Shares reserved for issuance under the Plan. At this time, approximately 132,000 Shares remain available for awards under the Plan.

Under the Plan, each nonemployee director is entitled to receive, at the Board's meeting in February, an automatic grant of nonqualified stock options covering 1,000 Shares, provided that the Company attains or otherwise achieves financial performance measures established by the Board for the prior year. For the past several years, the performance measure has been based on earnings per share. Provided that the performance measures have been satisfied, the stock options are granted with an exercise price equal to the fair market value of the Shares on the date of grant and generally vest in three equal installments on the date of grant and the first two anniversaries of the date of grant. The stock options have a maximum term of ten years and are non-transferable.

On February 2, 2005, the Board of Directors unanimously approved, subject to shareholder approval, an amendment and restatement of the Plan as the Carlisle Companies Incorporated Nonemployee Director Equity Plan (the "Amended Plan") to (i) increase the number of Shares that may be issued under the Plan from 200,000 to 300,000, (ii) remove the formula and performance condition for automatic grants of nonqualified stock options and (iii) expand the type of awards available for issuance under the Plan to include stock appreciation rights, restricted shares, and other Share-based awards. This amendment and restatement will increase the Board's flexibility in evaluating and structuring its director compensation program. The Board believes that this increased flexibility is critical in light of changes in director compensation practices as well as the changes in financial accounting rules that govern equity compensation. In recognition that the Amended Plan added restricted shares, and other so-called full value awards, however, the Amended Plan limits the number of Shares subject to these types of awards to 70,000 Shares. If the Amended Plan is not approved by the shareholders at the Annual Meeting, the existing Plan will remain in place.

The Board unanimously recommends that the shareholders approve the Amended Plan. Approval of this proposal requires the affirmative vote of a majority of the Shares present, or represented, and entitled to vote. Shares voted for the proposal and Shares represented by returned proxies that do not contain instructions to vote against the proposal or to abstain from voting will be counted as Shares cast for the proposal. Shares will be counted as cast against the proposal if the Shares are voted either against the proposal or to abstain from voting. Broker non-votes will not change the number of votes cast for or against the proposal and will not be treated as Shares entitled to vote. For voting purposes, proxies requiring confirmation of the date of beneficial ownership received by the Board of Directors with such confirmation not completed so as to show which Shares beneficially owned by the shareholder are entitled to five (5) votes for each Share will be voted with one (1) vote for each Share. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 25.

Summary of Amended Plan

The principal features of the Amended Plan are summarized below. This summary is qualified in its entirety by reference to the full text of the Amended Plan, which is attached to this Proxy Statement as Exhibit A.

General. The Amended Plan will be administered by the entire Board (or a subcommittee thereof), which has authority to determine the types of awards and number of Shares to be awarded,

and set the terms, conditions and provisions of the awards consistent with the Amended Plan. The Board has plenary authority to resolve any and all questions arising under the Amended Plan.

Eligibility. Eligibility is limited to the Company's nonemployee directors.

Shares authorized under the Amended Plan. As described above, there are currently 132,000 Shares available for future awards under the Plan. Under the Amended Plan, the number of Shares eligible for grant will be increased from 132,000 to 232,000. Under the Amended Plan, the types of awards available will be expanded. These Shares may be issued or transferred (a) upon the exercise of stock options or stock appreciation rights, (b) as restricted shares, (c) in payment of other Share-based awards or (d) in payment of dividend equivalents paid with respect to awards made under the Amended Plan. Notwithstanding the above limitations, the maximum number of restricted shares and other full value Share-based awards under the Amended Plan (after taking forfeitures into account), shall not exceed, in the aggregate, 70,000 Shares.

Upon the payment of any option price with Shares or upon the satisfaction of tax withholding obligations or any other payment made or benefit realized under the Amended Plan by the transfer or relinquishment of Shares, there shall be deemed to have been issued or transferred only the net number of Shares actually issued or transferred by the Company. Upon the payment in cash of a benefit provided by any award under the Amended Plan, Shares that were covered by such award shall again be available for issuance or transfer under the Amended Plan. If any award terminates, expires or is canceled with respect to any Shares, new awards may thereafter be granted covering such Shares.

Grants under the Amended Plan

Stock Options. The Board may grant non-qualified stock options, which entitle the participant to purchase Shares at a price equal to or greater than their fair market value on the date of grant. No stock options may be exercised more than ten years from the date of grant. Each grant must specify the period of continuous service that is necessary before the stock options become exercisable, and may provide for the earlier exercise of such stock options in the event of a change in control of the Company, retirement, death or disability of the optionee, or other similar transaction or event approved by the Board. Any grant of stock options may provide for the payment of dividend equivalents on a current, deferred or contingent basis or may provide that such equivalents shall be credited against the option price.

Stock Appreciation Rights. The Board may also grant stock appreciation rights, which represent the right to receive from the Company an amount in cash or Shares or a combination of both, determined by the Board and expressed as a percentage (not exceeding 100%) of the difference between the base price established for the stock appreciation rights and the market value of the Shares on the date of exercise. Each stock appreciation right must have a base price that is not less than the fair market value of the Shares on the date of grant. Each grant must specify the period of continuous service that is necessary before the stock appreciation rights become exercisable, and may provide for the earlier exercise of such stock appreciation rights in the event of a change in control of the Company, retirement, death or disability of the participant, or other similar transaction or event approved by the Board. Any grant of stock appreciation rights may provide for the payment of dividend equivalents in the form of cash or common stock paid on a current, deferred or contingent basis.

Restricted Shares. The Board may, in its discretion, award restricted shares to participants. Restricted shares constitute an immediate transfer of ownership to the recipient in consideration of the performance of services. The participant has dividend and voting rights on such shares. Restricted shares must be subject to a "substantial risk of forfeiture", within the meaning of Section 83 of the Internal Revenue Code of 1986, as amended (the "Code"), for a period to be determined by the Board on the date of the grant. In order to enforce these forfeiture provisions, the transferability of restricted

shares will be prohibited or restricted in the manner prescribed by the Board on the date of grant for the period during which such forfeiture provisions are to continue. The Board may provide for the earlier termination of the forfeiture provisions in the event of a change in control of the Company, retirement, death or disability of the participant, or other similar transaction or event approved by the Board.

Other Awards. Other awards may be granted that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, the Shares. In addition, cash awards, as an element of or supplement to any other award granted under the Amended Plan, may also be granted. Shares may also be granted as a bonus or in lieu of obligations of the Company or a subsidiary to pay cash or deliver other property under the Amended Plan or under other plans or compensatory arrangements.

Transferability. Awards granted under the Amended Plan generally will not be transferable by a participant other than by will or the laws of descent and distribution. Any award made under the Amended Plan generally may provide that any Shares issued or transferred as a result of the award will be subject to further restrictions upon transfer.

Adjustments. The Board may make or provide for adjustment in the Share and other limits of the Amended Plan, and in the number of Shares covered by outstanding stock options, stock appreciation rights, restricted shares and other Share-based awards, the prices per share applicable thereto and the kind of Shares (including shares of another issuer), as the Board in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of participants that would otherwise result from stock splits, stock dividends, recapitalizations, mergers, reorganizations and other similar events. In the event of any such transaction or event, the Board may provide in substitution for any or all of the outstanding awards under the Amended Plan such alternative consideration as it may in good faith determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced.

Miscellaneous. Where the Board has established conditions to the exercisability or retention of certain awards, the Amended Plan allows the Board to take action in its sole discretion at or after the date of grant to adjust such conditions in certain circumstances, including in the case of a change in control of the Company or the death, disability or retirement of a participant. The Board may permit participants to elect to defer the issuance of common stock or the settlement of awards in cash under the Amended Plan pursuant to such rules, procedures or programs as it may establish for purposes of the Amended Plan. The Board also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts. The Amended Plan and any award granted under the Amended Plan shall be construed, administered, and governed in a manner that is consistent with, and that satisfies the requirements of, Section 409A of the Code and any regulations or other guidance issued thereunder, so that the taxation of a participant is deferred until the participant actually receives a payment or realizes a benefit expressly provided under the Amended Plan and the applicable award. For purposes of the Amended Plan, a "change in control" is generally defined as an acquisition of fifty percent (50%) or more of the Company's outstanding Shares.

Amendment. The Board of Directors may at any time further amend the Amended Plan; provided, however, that any amendment which must be approved by the shareholders of the Company in order to comply with applicable law or the New York Stock Exchange shall not be effective unless and until such approval has been obtained. The Board may not, without the further approval of the Company's shareholders, authorize the amendment of any outstanding stock option or stock appreciation right to reduce the option price or base price. No stock option or stock appreciation right may be cancelled and replaced with awards having a lower option price or base price, respectively, without further approval of our shareholders.

Termination. No grants under the Amended Plan may be made after February 1, 2015, but all grants made on or prior to such date shall continue in effect thereafter subject to the terms thereof and of the Amended Plan.

Federal Income Tax Consequences

The following is a brief summary of certain of the Federal income tax consequences of certain transactions under the Amended Plan. This summary is not intended to be complete and does not describe state or local tax consequences.

Tax Consequences to Participants

Non-qualified Stock Options. No income will be recognized by an optionee upon the grant of a non-qualified stock option. At the time of exercise of a non-qualified stock option, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the Shares and the fair market value of the Shares, if unrestricted, on the date of exercise. At the time of a sale of Shares acquired pursuant to the exercise of a non-qualified stock option, appreciation (or depreciation) in value of the Shares after the date of exercise will be treated as short-term or long-term capital gain (or loss) depending on the holding period.

Stock Appreciation Rights. No income will be recognized by a participant in connection with the grant of a SAR. When the SAR is exercised, the participant will be required to include as ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted Shares received on the exercise.

Restricted Shares. The recipient of restricted shares generally will be subject to tax at ordinary income rates on the fair market value of the restricted shares (reduced by an amount, if any, paid by the participant for the restricted shares) at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Code Section 83 ("Restrictions"). However, a participant who so elects under Code Section 83(b) within 30 days of the date of receipt of the Shares will have taxable ordinary income on the date of receipt of the Shares equal to the excess of the fair market value of the Shares (determined without regard to the Restrictions) over the purchase price, if any, of the restricted shares. If a Code Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant.

Other Share-Based Awards. The recipient of a Share-based award other than an award described above generally will be subject to tax at ordinary income rates on the fair market value of the Shares on the date of grant of the Share-based award, and the capital gains/loss holding period for such shares also will commence on such date.

Tax Consequences to the Company. To the extent that a participant recognizes ordinary income in the circumstances described above, the Company generally will be entitled to a corresponding deduction. However, the Company's deduction is only permitted to the extent that the amount recognized as income meets the test of reasonableness, is an ordinary and necessary business expense and is not an "excess parachute payment" within the meaning of Code Section 280G.

Other Information

The benefits or amounts to be awarded in the future under the Amended Plan shall be determined by the Board of Directors. The Board anticipates that it may grant in 2005, following shareholder approval of the Amended Plan, a stock option to each nonemployee director covering 1,000 Shares. The exercise price for the option would equal the fair market value of the Shares on the date of grant. The exercise period for the option would be ten (10) years.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDED PLAN.

**SHAREHOLDER PROPOSALS FOR PRESENTATION
AT THE 2006 ANNUAL MEETING**

If a shareholder of the Company wishes to present a proposal for consideration for inclusion in the Proxy Statement for the 2006 Annual Meeting, the proposal must be sent by certified mail-return receipt requested and must be received at the executive offices of the Company, 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277, Attn: Secretary, no later than November 9, 2005. All proposals must conform to the rules and regulations of the Securities and Exchange Commission. The Securities and Exchange Commission ("SEC") has amended Rule 14a-4, which governs the use by the Company of discretionary voting authority with respect to other shareholder proposals. SEC Rule 14a-4(c)(1) provides that, if the proponent of a shareholder proposal fails to notify the Company at least forty-five (45) days prior to the month and day of mailing the prior year's proxy statement, the proxies of the Company's management would be permitted to use their discretionary authority at the Company's next annual meeting of shareholders if the proposal were raised at the meeting without any discussion of the matter in the proxy statement. For purposes of the Company's 2006 Annual Meeting of Shareholders, the deadline is January 23, 2006.

VOTING BY PROXY AND CONFIRMATION OF BENEFICIAL OWNERSHIP

To ensure that your Shares will be represented at the Annual Meeting, please complete, sign, and return the enclosed Proxy in the envelope provided for that purpose whether or not you expect to attend. Shares represented by a valid proxy will be voted as specified.

Any shareholder may revoke a proxy by a later-dated proxy or by giving notice of revocation to the Company in writing (addressed to the Company at 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277 Attention: Secretary) or by attending the Annual Meeting and voting in person.

The number of votes that each shareholder will be entitled to cast at the Annual Meeting will depend on when the Shares were acquired and whether or not there has been a change in beneficial ownership since the date of acquisition, with respect to each of such holder's Shares.

Shareholders whose Shares are held by brokers or banks or in nominee name are requested to confirm to the Company how many of the Shares they own as of February 25, 2005 were beneficially owned before February 25, 2001, entitling such shareholder to five votes per Share, and how many were acquired after February 24, 2001, entitling such shareholder to one vote per Share. If no confirmation of beneficial ownership is received from a shareholder prior to the Annual Meeting, it will be deemed by the Company that beneficial ownership of all such Shares was effected after February 24, 2001, and the shareholder will be entitled to one vote for each Share. If a shareholder provides incorrect information, he or she may provide correct information at any time prior to the voting of his or her Shares at the Annual Meeting.

Proxy Cards are being furnished to shareholders of record on February 25, 2005 whose Shares on the records of the Company show the following:

- (i) that such shareholder had beneficial ownership of such Shares before February 25, 2001, and there has been no change since that date, thus entitling such shareholder to five votes for each Share; or
- (ii) that beneficial ownership of such Shares was effected after February 24, 2001, thus entitling such shareholder to one vote for each Share; or
- (iii) that the dates on which beneficial ownership of such Shares was effected are such that such shareholder is entitled to five votes for some Shares and one vote for other Shares.

Edgar Filing: CARLISLE COMPANIES INC - Form DEF 14A

Printed on the Proxy Card for each individual shareholder of record is the number of Shares for which he or she is entitled to cast five votes each and/or one vote each, as the case may be, as shown on the records of the Company.

Shareholders of record are urged to review the number of Shares shown on their Proxy Cards in the five-vote and one-vote categories. If the number of Shares shown in a voting category is believed to be incorrect, the shareholder should notify the Company in writing of that fact and either enclose the notice along with the Proxy Card in the postage-paid, return envelope, or mail the notice directly to the Company at the address indicated above. The shareholder should identify the Shares improperly classified for voting purposes and provide information as to the date beneficial ownership was acquired. Any notification of improper classification of votes must be made at least three (3) business days prior to the Annual Meeting or the shareholder will be entitled at the Annual Meeting to the number of votes indicated on the records of the Company.

In certain cases record ownership may change but beneficial ownership for voting purposes does not change. The Restated Certificate of Incorporation of the Company states the exceptions where beneficial ownership is deemed not to have changed upon the transfer of Shares. Shareholders should consult the pertinent provision of the Restated Certificate of Incorporation attached as Exhibit B to this Proxy Statement for those exceptions.

By resolution duly adopted by the Board of Directors of the Company pursuant to subparagraph B(v) of Article Fourth of the Restated Certificate of Incorporation, the following procedures have been adopted for use in determining the number of votes to which a shareholder is entitled.

- (i) The Company may accept the written and signed statement of a shareholder to the effect that no change in beneficial ownership has occurred during the four years immediately preceding the date on which a determination is made of the shareholders of the Company who are entitled to vote or take any other action. Such statement may be abbreviated to state only the number of Shares as to which such shareholder is entitled to exercise five votes or one vote.
- (ii) In the event the Vice President, Treasurer of the Company, in his or her sole discretion, taking into account the standards set forth in the Company's Restated Certificate of Incorporation, deems any such statement to be inadequate or for any reason deems it in the best interest of the Company to require further evidence of the absence of change of beneficial ownership during the four-year period preceding the record date, he or she may require such additional evidence and, until it is provided in form and substance satisfactory to him or her, a change in beneficial ownership during such period shall be deemed to have taken place.
- (iii) Information supplementing that contemplated by paragraph (i) and additional evidence contemplated by paragraph (ii) may be provided by a shareholder at any time but must be furnished at least three business days prior to any meeting of shareholders at which such Shares are to be voted for any change to be effective at such meeting.

VOTING PROCEDURES

The presence, in person or by proxy, of the owners of a majority of the votes entitled to be cast is necessary for a quorum at the Annual Meeting.

All Shares in the Company's Employee Incentive Savings Plan that have been allocated to the account of a participant for which the Trustee receives voting instructions will be voted in accordance with those instructions and all such Shares for which the Trustee does not receive voting instructions will not be voted.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors of the Company knows of no other business which will be or is intended to be presented at the Annual Meeting. Should any further business come before the Annual Meeting or any adjourned meeting, it is the intention of the proxies named in the enclosed Proxy to vote according to their best judgment.

By Order of the Board of Directors

Steven J. Ford,
Secretary

Dated: March 9, 2005

Section 3(b). Such shares may be shares of original issuance, treasury shares or a combination of the foregoing.

b. The Board may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments in the number of Common Shares available in Section 3(a) above or otherwise specified in the Plan or in any award granted hereunder if the number of Common Shares actually delivered differs from the number of Common Shares previously counted in connection with an award. Common Shares subject to an award (whether granted under the Plan before or after this amendment and restatement) that is canceled, expired, forfeited, settled in cash or is otherwise terminated without a delivery of Common Shares to the Participant will again be available for awards, and Common Shares withheld in payment of the exercise price or taxes relating to an award (whether granted under the Plan before or after this amendment and restatement) and Common Shares equal to the number surrendered in payment of any exercise price or taxes relating to an award (whether granted under the Plan before or after this amendment and restatement) shall be deemed to constitute Common Shares not delivered to the Participant and shall be deemed to again be available for awards under the Plan.

4. Option Rights. The Board may, from time to time and upon such terms and conditions as it may determine, authorize the granting to Participants of Option Rights. Option Rights granted pursuant to this Section 4 shall be nonqualified stock options. Each such grant may utilize any or all of the authorizations, and shall be subject to all of the limitations, contained in the following provisions:

a. Each grant shall specify the number of Common Shares to which it pertains, subject to adjustments as provided in Section 9 of this Plan.

b. Each grant shall specify an Option Price per share, which shall be equal to or greater than the Market Value per Share on the Date of Grant.

c. Each grant shall specify whether the Option Price shall be payable (i) in cash or by check acceptable to the Company, (ii) by the actual or constructive transfer to the Company of Common Shares owned by the Optionee, or (iii) by a combination of such methods of payment.

d. To the extent permitted by law, any grant may provide for deferred payment of the Option Price from the proceeds of sale through a bank or broker on a date satisfactory to the Company of some or all of the shares to which such exercise relates.

e. Successive grants may be made to the same Participant whether or not any Option Rights previously granted to such Participant remain unexercised.

f. Each grant shall specify the period or periods of continuous service by the Optionee with the Company or any Subsidiary that is necessary before the Option Rights or installments thereof will become exercisable and may provide for the earlier exercise of such Option Rights in the event of a Change in Control, retirement, death or disability of the Optionee or other similar transaction or event as approved by the Board.

g. No Option Right shall be exercisable more than 10 years from the Date of Grant.

h. Each grant of Option Rights shall be evidenced by an Evidence of Award which shall contain such terms and provisions, consistent with this Plan and applicable sections of the Code, as the Board may approve.

An Appreciation Right shall be a right of the Participant to receive from the Company an amount determined by the Board, which shall be expressed as a percentage of the Spread (not exceeding 100 percent) at the time of exercise. c. Any grant may specify that the amount payable on exercise of an Appreciation Right may not exceed a maximum specified by the Board at the Date of Grant.

d. Successive grants may be made to the same Participant regardless of whether any Appreciation Rights previously granted to the Participant remain unexercised.

e. Each grant shall specify the period or periods of continuous service by the Participant with the Company that is necessary before the Appreciation Right or installments thereof will become exercisable and may provide for the earlier exercise of such Appreciation Rights in the event of a Change in Control, retirement, death or disability of the Participant or other similar transaction or event as approved by the Board.

f. No Appreciation Right granted under this Plan may be exercised more than 10 years from the Date of Grant.

g. Each grant of Appreciation Rights shall be evidenced by an Evidence of Award which shall contain such terms and provisions, consistent with this Plan and applicable sections of the Code, as the Board may approve.

h. Any grant may provide for the payment to the Participant of dividend equivalents thereon in cash or Common Shares on a current, deferred or contingent basis.

6. Restricted Shares. The Board may authorize the grant or sale of Restricted Shares to Participants. Each such grant or sale may utilize any or all of the authorizations, and shall be subject to all of the limitations, contained in the following provisions:

a. Each such grant or sale shall constitute an immediate transfer of the ownership of Common Shares to the Participant in consideration of the performance of services, entitling such Participant to voting, dividend and other ownership rights, but subject to the substantial risk of forfeiture and restrictions on transfer hereinafter referred to.

b. Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than Market Value per Share at the Date of Grant.

c. Each such grant or sale shall provide that the Restricted Shares covered by such grant or sale shall be subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code for a period determined by the Board at the Date of Grant, and may provide for the earlier lapse of such substantial risk of forfeiture in the event of a Change in Control, retirement, or

death or disability of the Participant or other similar transaction or event as approved by the Board.

d. Each such grant or sale shall provide that during the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Shares shall be prohibited or restricted in the manner and to the extent prescribed by the Board at the Date of Grant (which restrictions may include, without limitation, rights of repurchase or first refusal in the Company or provisions subjecting the Restricted Shares to a continuing substantial risk of forfeiture in the hands of any transferee).

e. Any such grant or sale of Restricted Shares may require that any or all dividends or other distributions paid thereon during the period of such restrictions be automatically deferred and reinvested in additional Restricted Shares, which may be subject to the same restrictions as the underlying award.

f. Each grant or sale of Restricted Shares shall be evidenced by an Evidence of Award, which shall contain such terms and provisions, consistent with this Plan and applicable sections of the Code, as the Board may approve. Unless otherwise directed by the Board, all certificates representing Restricted Shares shall be held in custody by the Company until all restrictions thereon shall have lapsed, together with a stock power or powers executed by the Participant in whose name such certificates are registered, endorsed in blank and covering such Shares.

7. Other Awards.

a. The Board is authorized, subject to limitations under applicable law, to grant to any Participant such other awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Common Shares or factors that may influence the value of Common Shares, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Shares, purchase rights for Common Shares, awards with value and payment contingent upon performance of the Company or business units thereof or any other factors designated by the Board, and awards valued by reference to the book value of Common Shares or the value of securities of, or the performance of specified Subsidiaries or affiliates or other business units of, the Company. The Board shall determine the terms and conditions of such awards. Common Shares delivered pursuant to an award in the nature of a purchase right granted under this Section 8 shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Common Shares, other awards, notes or other property, as the Board shall determine.

b. Cash awards, as an element of or supplement to any other award granted under this Plan, may also be granted pursuant to this Section 7 of the Plan.

c. The Board is authorized to grant Common Shares as a bonus, or to grant Common Shares or other awards in lieu of obligations of the Company or a Subsidiary to pay cash or deliver other property under the Plan or under other plans or compensatory arrangements, subject to such terms as shall be determined by the Board.

8. Transferability.

a. Except as otherwise determined by the Board, no Award granted under the Plan shall be transferable by a Participant other than by will or the laws of descent and distribution. Except as otherwise determined by the Board, Option Rights and Appreciation Rights shall be exercisable during the Optionee's lifetime only by him or her or by his or her guardian or legal representative.

b. The Board may specify at the Date of Grant that part or all of the Common Shares that are (i) to be issued or transferred by the Company upon the exercise of Option Rights or

Appreciation Rights or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in Section 6 of this Plan, shall be subject to further restrictions on transfer.

9. Adjustments. The Board may make or provide for such adjustments in the numbers of Common Shares covered by outstanding Awards granted hereunder, in the Option Price and Base Price, and in the kind of shares covered thereby, as the Board, in its sole discretion, exercised in good faith, may determine is equitably required to prevent dilution or enlargement of the rights of Participants or Optionees that otherwise would result from (a) any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, or (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets (including, without limitation, a special or large non-recurring dividend), issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. Moreover, in the event of any such transaction or event, the Board, in its discretion, may provide in substitution for any or all outstanding awards under this Plan such alternative consideration as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced. The Board may also make or provide for such adjustments in the numbers of shares specified in Section 3 of this Plan as the Board in its sole discretion, exercised in good faith, may determine is appropriate to reflect any transaction or event described in this Section 9.

10. Fractional Shares. The Company shall not be required to issue any fractional Common Shares pursuant to this Plan. The Board may provide for the elimination of fractions or for the settlement of fractions in cash.

11. Withholding Taxes. The Company shall have the right to deduct from any payment or benefits realized under this Plan an amount equal to the federal, state, local, foreign and other taxes which in the opinion of the Company are required to be withheld by it with respect to such payment. To the extent that the amounts available to the Company for such withholding are insufficient, it shall be a condition to the receipt of such payment or the realization of such benefit that the recipient make arrangements satisfactory to the Company for payment of the balance of such taxes required to be withheld, which arrangements (in the discretion of the Board) may include relinquishment of a portion of such benefit. The Company and a Participant or other recipient may also make similar arrangements with respect to the payment of any taxes with respect to which withholding is not required.

12. Administration of the Plan.

a. This Plan shall be administered by the Board (or a subcommittee thereof). A majority of the Board (or subcommittee) shall constitute a quorum, and the action of the members of the Board (or subcommittee) present at any meeting at which a quorum is present, or acts unanimously approved in writing, shall be the acts of the Board (or subcommittee).

b. The interpretation and construction by the Board of any provision of this Plan or of any agreement, notification or document evidencing the grant of and Award and any determination by the Board pursuant to any provision of this Plan or of any such agreement, notification or document shall be final and conclusive. No member of the Board shall be liable for any such action or determination made in good faith.

13. Amendments and Other Matters.

a. The Board may at any time and from time to time amend the Plan in whole or in part; provided, however, that any amendment which must be approved by the shareholders of the Company in order to comply with applicable law or the rules of the New York Stock Exchange or, if the Common Shares are not traded on the New York Stock Exchange, the principal national securities exchange upon which the Common Shares are traded or quoted, shall not be effective unless and until such approval has been obtained. Presentation of this Plan or any amendment

thereof for shareholder approval shall not be construed to limit the Company's authority to offer similar or dissimilar benefits under other plans or otherwise with or without shareholder approval. Without limiting the generality of the foregoing, the Board may amend this Plan to eliminate provisions that are no longer necessary as a result in changes in tax or securities laws or regulations, or in the interpretation thereof.

b. The Board shall not, without the further approval of the shareholders of the Company, authorize the amendment of any outstanding Option Right or Appreciation Right to reduce the Option Price or Base Price. Furthermore, no Option Right or Appreciation Rights shall be cancelled and replaced with awards having a lower Option Price or Base Price, respectively, without further approval of the shareholders of the Company. This Section 13(b) is intended to prohibit the repricing of "underwater" Option Rights and Appreciation Rights and shall not be construed to prohibit the adjustments provided for in Section 9 of this Plan.

c. The Board also may permit Participants to elect to defer the issuance of Common Shares or the settlement of awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of this Plan. The Board also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts.

d. In the case of a termination of service of a Participant by reason of death, disability or normal or early retirement, or in the case of hardship of a Participant or other special circumstances, the Board may, in its sole discretion, accelerate the time at which any Option Right or Appreciation Right may be exercised or the time when a substantial risk of forfeiture or prohibition on transfer of Restricted Shares shall lapse, or may waive any restriction on awards made pursuant to Section 7 of this Plan. In addition, the Board may, in its sole discretion, modify any Option Right or Appreciation Right to extend the period following termination of a Participant's service to the Company during which such award will remain outstanding and be exercisable, provided that no such extension shall result in any award being exercisable more than ten years after the Date of Grant.

e. This Plan shall not confer upon any Participant any right with respect to continuance of service with the Company or any Subsidiary, nor shall it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant's service at any time.

f. Notwithstanding any other provision herein, this Plan and any Award granted under this Plan shall be construed, administered, and governed in a manner that is consistent with, and that satisfies the requirements of, Section 409A of the Code and any regulations or other guidance issued thereunder, so that the taxation of a Participant is deferred until the Participant actually receives a payment or realizes a benefit expressly provided under this Plan and the applicable Award. To the extent that any provision of this Plan is contrary to this Section 13(f), that provision shall be null and void with respect to such Award. Such provision, however, shall remain in effect for other Awards and there shall be no further effect on any provision of this Plan.

g. Subject to Section 15, this Plan shall continue in effect until the date on which all Common Shares available for issuance or transfer under this Plan have been issued or transferred and the Company has no further obligation hereunder.

h. Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right or title to any assets, funds or property of the Company or any Subsidiary, including without limitation, any specific funds, assets or other property which the Company or any Subsidiary may set aside in anticipation of any liability under the Plan. A Participant shall have only a contractual right to an award or the amounts, if any, payable under the Plan, unsecured by

any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

i. This Plan and each Evidence of Award shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

j. If any provision of the Plan is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any award under any law deemed applicable by the Board, such provision shall be construed or deemed amended or limited in scope to conform to applicable laws or, in the discretion of the Board, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

14. Applicable Laws. The obligations of the Company with respect to awards under the Plan shall be subject to all Applicable Laws and such approvals by any governmental agencies as the Board determines may be required.

15. Termination. No grant shall be made under this Plan more than 10 years after the date on which this amendment and restatement of the Plan is adopted by the Board, but all grants made on or prior to such date shall continue in effect thereafter subject to the terms thereof and of this Plan.
