PROXY STATEMENT

MEETING OF STOCKHOLDERS TO BE HELD JUNE 28, 2005

GENERAL

We are furnishing this proxy statement in connection with the solicitation of proxies by the Board of Directors of Metals USA, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held at the Millenium Hilton, 55 Church Street, New York, New York at 9:00 a.m., local time, on Tuesday, June 28, 2005, and any postponement or adjournment thereof. We are holding the Annual Meeting for the purposes described in the accompanying Notice of 2005 Annual Meeting of Stockholders. We are mailing this proxy statement, the accompanying proxy card and the Notice of 2005 Annual Meeting of Stockholders on or about May 20, 2005. When we use the terms "we", "our", "us", or "Metals USA" in this proxy statement, we are referring to Metals USA, Inc.

RECORD DATE AND VOTING SECURITIES

The Board of Directors has fixed the close of business on May 9, 2005 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. At the close of business on April 29, 2005, 20,282,790 shares of our common stock, par value \$.01 per share, were outstanding and entitled to vote. We have no other outstanding classes of voting securities. Each share of our common stock has one vote. A proxy will be voted in the manner specified on the proxy, or if no manner is specified, will be voted in favor of the proposals set forth in the attached notice.

We cannot hold the Annual Meeting unless a quorum equal to a majority of the outstanding shares of our common stock is represented (in person or by proxy) at the meeting. If there are not sufficient shares represented at the Annual Meeting to constitute a quorum, we may postpone or adjourn the Annual Meeting to permit us to solicit additional proxies. If you have returned valid proxy instructions or attend the meeting in person, your shares will be counted to determine whether there is a quorum, even if you wish to abstain from voting on any or all matters introduced at the meeting. "Broker non-votes" (which result when a broker holding shares for a beneficial owner has not received timely voting instructions on certain matters from such beneficial owner) are not considered "shares present" and will not be counted toward attendance by a quorum.

The election of directors will be determined by a plurality of the votes cast at the meeting. Accordingly, abstentions will have no effect on the outcome of the election of directors. Cumulative voting for the election of directors is not permitted.

REVOCATION OF PROXY

Giving the enclosed proxy does not preclude your right to vote in person if you so desire. If you submit a proxy, you may revoke it at any time before the vote by:

notifying our corporate secretary, John A. Hageman, in writing of such revocation;

signing a subsequent proxy and sending it to Mr. Hageman; or

attending the Annual Meeting in person and voting in person.

Edgar Filing: METALS USA INC - Form DEFR14A

Any notices or subsequent proxies sent to Mr. Hageman should be directed to the following address:

John A. Hageman,
Secretary
Metals USA, Inc.
One Riverway, Suite 1100
Houston, Texas 77056

If you submit a proxy and attend the meeting to vote in person, you must notify Mr. Hageman at the Annual Meeting of your intention to vote in person at the Annual Meeting.

SOLICITATION EXPENSES

We will bear the expense of preparing, printing and mailing proxy solicitation materials. In addition to solicitation of proxies by mail, certain of our directors, officers, representatives or employees may solicit proxies, personally and by telephone. None of these persons will receive any additional or special compensation for doing so, other than reimbursement for reasonable out-of-pocket expenses. We will, upon request, reimburse banks, brokers and other nominees for their reasonable expenses in sending proxy materials to their principals and obtaining their proxies.

We are mailing our Form 10-K/A and 10-Q to all stockholders entitled to vote at the Annual Meeting, which do not constitute part of the proxy solicitation materials.

INFORMATION REGARDING THE BOARD OF DIRECTORS

MEETINGS

In 2004, the Board of Directors met nine times. In addition to Board meetings, directors attended meetings of separate committees of the Board. In 2004, all directors attended at least 75% of the meetings of the Board and committees on which they serve. The Board of Directors has two standing committees.

COMMITTEES OF THE BOARD

Audit Committee. The Audit Committee met seven times in 2004. Its members are Gerald E. Morris (Chairman), John T. DiLacqua, Jr., John G. Leckie, and Scott M. Tepper, each of whom has been determined by our Board to be "independent," as defined under federal securities laws and the NASDAQ listing requirements. Mr. Morris is the Audit Committee financial expert. The Audit Committee:

makes recommendations to the Board of Directors with respect to our independent auditors;

reviews the scope of the annual audit and meets periodically with our independent auditors to review their findings and recommendations;

reviews quarterly financial information and earnings releases prior to dissemination to the public;

approves major accounting policies or policy changes; and

oversees our management's review of principal internal controls to assure that we are maintaining a sound and effective system of financial controls.

The Audit Committee operates under a written charter adopted by our Board of Directors. Please see "Report from the Audit Committee."

Compensation, Benefits and Governance Committee. The Compensation, Benefits and Governance Committee met two times in 2004. Its members were John G. Leckie (Chairman), John T. DiLacqua, Jr., Gerald E. Morris and Charles P. Sanida. Effective January 1, 2005, Eugene I. Davis was added as a member of the Committee. The Compensation, Benefits and Governance Committee:

periodically determines the amount and form of compensation and benefits payable to all principal officers and certain other management personnel; and

administers our incentive compensation plan.

Please see "Report of Compensation, Benefits and Governance Committee on Executive Compensation."

Nominations. Our Board of Directors does not have a standing nominating committee or a committee performing similar functions. The Board believes that such a committee is not necessary because of the process through which the Board considers director nominees. Our independent directors have established desired qualification, background and selection criteria for director nominees, which include:

Education and senior management or board level experience that provides knowledge of business, financial, governmental or legal matters that are relevant to our business or to our status as a publicly owned company;

Demonstrated ability to make independent analytical inquiries;

An understanding and appreciation of the duties and responsibilities of a director of a publicly owned company, including SEC reporting responsibilities;

A reputation for personal and professional ethics, integrity and values, and for practical wisdom and mature judgment; and

Willingness and ability to devote sufficient available time to be able to effectively fulfill the duties and responsibilities of a director.

Prior to annual meetings (and at any other applicable times), the Compensation, Benefits and Governance Committee makes recommendations to the full Board prior to such annual meeting concerning all nominees that meet the criteria for Board membership, whether nominated by directors, shareholders or others. The Board will consider all director candidates recommended by holders of common stock in accordance with our bylaws, which require timely delivery of any such nomination and all biographical and other information required with respect to such nominee under SEC filing requirements.

DIRECTOR COMPENSATION

Office of the Chairman. During the first quarter of 2003, Messrs. Dienst and Davis served as members of the Office of the Chairman, for which we paid Mr. Dienst \$75,000 and Mr. Davis \$55,000. Neither of them received any other compensation as a director during that time other than reimbursement for out of pocket expenses.

Annual Retainer Fees. During 2004, we paid each non-employee director other than Mr. Dienst a quarterly retainer of \$10,000 (\$40,000 annual). Because Mr. Dienst serves as Chairman of the Board (a non-executive position), we paid him a quarterly retainer fee of \$37,500 for 2004 (\$150,000 total). We paid the chairs of the Audit Committee and the Compensation, Benefits and Governance Committee an additional quarterly retainer of \$2,500 (\$10,000 annual), and each other member of those committees received an additional quarterly retainer of \$1,250 (\$5,000 annual). In 2005, the chairman of the Audit Committee will be paid a quarterly retainer of \$5,000 (\$20,000 annual) and the chairman of the Compensation, Benefits and Governance Committee will be paid a quarterly retainer of \$3,125 (\$12,500 annual). Each member of the Audit committee will be paid a quarterly retainer of \$2,500 (\$10,000 annual) and each member of the Compensation, Benefits and Governance Committee will be paid a quarterly retainer of \$1,875 (\$7,500 annual).

Meeting Fees. In 2004, we paid each non-employee director a fee of \$2,000 for each board or committee meeting attended in person and \$1,000 for each board or committee meeting attended by teleconference. Mr. Dienst and Mr. Davis did not receive meeting fees during their service in the Office of the Chairman. If board or committee meetings are held on the same day, only one fee is paid.

Option or Stock Awards. In April 2003, we granted each non-employee Director other than Mr. Dienst an initial stock option grant of 22,500 shares, and we granted Mr. Dienst an initial stock option grant of 75,000 shares. We make annual stock option grants of 7,500 shares (25,000 in the case of Mr. Dienst) to non-employee directors on November 1 of each year. Messrs. Tepper and Bolin each received 22,500 of initial stock options grants on May 17, 2004. Newly-elected directors each will receive an initial stock option grant of 22,500 shares upon election to the Board and an annual stock option grant of 7,500 shares upon each subsequent reelection. All such stock options have an exercise price equal to fair market value on the date of grant and vest ratably over three years from the date of grant. All such options owned by a director vest immediately if that director is not reelected.

Other Benefits/Compensation. We reimburse directors for their reasonable expenses in attending board meetings. We also typically compensate directors on the basis of \$2,000 per diem plus

out-of-pocket expenses for special projects and work assignments requiring time commitments that are determined by the Board to be in excess of those typically expected or required of Board or committee members.

Mr. Gonçalves is the only director who is also a Company employee, and he does not receive any additional compensation for serving on the Board of Directors.

Options are "in-the-money" if the closing market price of our common stock exceeds the exercise price of the options. The exercise prices of the options granted in 2003 to Mr. Gonçalves are as follows: 100,000 shares at \$4.75 per share; 100,000 shares at \$9.50 per share; and 100,000 shares at \$14.25 per share. The exercise price of the options granted in 2003 to Messrs. Bennett (25,000 shares), Hageman (50,000 shares), Freeman (50,000 shares), and Krohn (5,000) is \$4.75 per share. The closing price of one share of our common stock on the Nasdaq on December 31, 2004 was \$18.55.

EMPLOYMENT AGREEMENTS

Mr. Gonçalves is our only executive officer with an employment agreement.

Effective February 2003, we entered into an employment agreement with Mr. Gonçalves, providing for an initial annual base salary of \$375,000 together with a performance bonus as determined annually by the Board in its sole discretion. The employment agreement is for a term of three years, and unless terminated or not renewed by us or not renewed by Mr. Gonçalves, the term will continue thereafter on a year-to-year basis on the same terms existing at the time of renewal. If the agreement terminates because of Mr. Gonçalves' disability, he will receive an amount equal to his then current salary for one year or the remainder of the term of the employment agreement, whichever is greater; provided that such amount will be reduced by any disability insurance payments made to Mr. Gonçalves. If we terminate his employment without cause, Mr. Gonçalves will receive an amount equal to his then current salary for two years. In either case, payment is due in one lump sum on the effective date of termination. If Mr. Gonçalves dies during the term of his employment agreement, then the agreement will immediately terminate, and no severance compensation is required to be paid to his estate. If Mr. Gonçalves (a) has his employment terminated without cause within three months prior or twelve months after we undergo a change in control (defined to include, among other events, sale of all three of our product groups) or (b) terminates his employment voluntarily for certain specific reasons, Mr. Gonçalves will receive in one lump sum the greater of (i) the remaining base salary to which he is entitled under the agreement or (ii) two years of his current base salary. The employment agreement contains a covenant not to compete with us for a period of two years immediately following the termination of his employment.

COMPENSATION, BENEFITS AND GOVERNANCE COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2004, the members of the Compensation, Benefits and Governance Committee were Messrs. Leckie, DiLacqua, Morris and Sanida, none of whom is a current or former employee or officer of ours. Effective January 1, 2005, Mr. Davis was appointed to serve as a member of this Committee. Although Mr. Davis served as a member of the Office of the Chairman in the last quarter of 2002 and the first quarter of 2003, the majority of independent board members believe that his service on this Committee was in the best interest of the Company. The Compensation, Benefits and Governance Committee has neither interlocks nor insider participation.

REPORT OF COMPENSATION, BENEFITS AND GOVERNANCE COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation, Benefits and Governance Committee of our Board of Directors determines the amount and form of compensation and benefits payable to our Chief Executive Officer and certain other executive officers. The Compensation, Benefits and Governance Committee currently consists of five members, none of whom is a current or former employee or officer of ours.

Section 162(m) of the Internal Revenue Code of 1986 places a limit of \$1,000,000 on the amount of compensation that we may deduct in any year with respect to our CEO and our four other highest paid executive officers. Certain performance-based compensation and certain other compensation that has been approved by stockholders are not subject to the deduction limit. We have qualified certain compensation paid to the executive officers for deductibility under Section 162(m), including compensation expenses related to options granted through 2003 pursuant to our 2002 Long-Term Incentive Plan. To the extent that compensation payments to the applicable executive officers and compensation expense related to options subsequently granted to those individuals exceed the Section 162(m) limitations in any year, such expense would not be deductible. We may from time to time pay compensation to our executive officers that may not be deductible.

COMPENSATION PHILOSOPHY

In November 2002, the Compensation, Benefits and Governance Committee adopted its Charter, which was ratified by the Board. The charter was amended on January 28, 2005. Pursuant to this Charter, the Compensation, Benefits and Governance Committee executes and monitors an executive compensation structure designed to achieve short and long term financial objectives, build shareholder value and reward executives for our performance. Our executive compensation philosophy was initially designed to attract, retain and motivate executives who would drive our emergence from bankruptcy and return us to profitability. The Compensation, Benefits and Governance Committee believes that offering a total rewards package should consist of three components: base salary, annual bonus potential and stock-based incentives.

BASE SALARY

Base salaries were set at levels which the Compensation, Benefits and Governance Committee believes were competitive relative to similar positions at companies of comparable size in our industry.

SHORT-TERM INCENTIVE COMPENSATION

Our executive bonus program provides for annual cash awards based on personal and financial objectives. The objectives for the CEO and other corporate officers in 2004 were primarily related to the significant improvement in the company's operating results and profits during 2004.

LONG-TERM INCENTIVE COMPENSATION

In October 2002, in conjunction with our Chapter 11 Plan of Reorganization, the Board of Directors and our unsecured creditors approved our 2002 Long-Term Incentive Plan. In determining the number of stock options or stock grants to be awarded to a particular person under that plan, the Compensation, Benefits and Governance Committee considers that person's employment position, his or her performance in that position, other compensation received by that individual and industry comparisons.

This report is furnished by the Compensation, Benefits and Governance Committee of the Board of Directors.

REPORT FROM THE AUDIT COMMITTEE

The following is the report of our Audit Committee with respect to our audited financial statements for the year ended December 31, 2004. The information contained in this report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any Metals USA filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference in such filing.

REVIEW WITH MANAGEMENT

The Audit Committee has reviewed and discussed our audited financial statements with our management.

REVIEW AND DISCUSSIONS WITH INDEPENDENT AUDITORS

The Audit Committee has discussed with Deloitte & Touche, LLP, our independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards) including (1) methods used to account for any significant unusual transactions; (2) the effect of significant accounting policies in any controversial or emerging areas for which there is a lack of authoritative guidance or consensus; (3) the process used by management in formulating any particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (4) any disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Committee has also received written disclosures and the letter from Deloitte & Touche, LLP required by Independence Standards Board Standard No. 1 (which relates to the accountant's independence from us and our related entities) and has discussed with Deloitte & Touche, LLP their independence from us.

CONCLUSION

Based on the review and discussions referred to above, the Committee recommended to our Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2004.

This report is furnished by the Audit Committee of the Board of Directors.

CODE OF CONDUCT

In June 1999, we adopted a Code of Conduct and in February 2004, our Board of Directors approved a revised Code of Conduct, which applies to all of our officers, directors and employees. This Code of Conduct is posted on our website at www.metalsusa.com. New employees are requested to sign the Code of Conduct upon accepting employment and existing employees are requested to reaffirm their acceptance of the Code of Conduct at the beginning of each year. In conjunction with the preparation of this Code of Conduct, we also implemented in 2003 a "hotline" for employees, vendors, customers and shareholders who may be aware of illegal or unethical acts or conduct. This "hotline" may be accessed through www.mysafeworkplace.com or by calling toll free 1-800-461-9330. The "hotline" may be used as a means for shareholders or others to send communications directly to the Board of Directors. We encourage anyone aware of illegal or unethical conduct involving Metals USA to report such conduct through the hotline.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with our 2002 reorganization, we entered into a registration rights agreement with the Citadel Group pursuant to which we filed a registration statement with the SEC and thus registered for resale certain shares of our common stock owned by the Citadel Group. We must cause this registration statement to remain effective (subject to suspension during certain specified periods) until all such shares have been resold or, if earlier, October 31, 2005. We are also required to permit the inclusion of such shares on a "piggyback" basis in certain other registration statements that we file. We are required to pay all costs of our compliance with the registration rights agreement and the reasonable fees and expenses of a single counsel for holders of such shares in connection therewith.

The Board of Directors has adopted a resolution which requires the advance approval by a majority of disinterested members of the Board of Directors with respect to all related party transactions.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

In addition to performing the audit of our consolidated financial statements, Deloitte & Touche, LLP provided various other services to us during 2003 and 2004, including in connection with our Chapter 11 reorganization in 2002. The following table summarizes the aggregate fees billed to Metals USA by Deloitte & Touche, LLP (in millions of dollars):

	<u>2004</u>	<u>2003</u>
Audit Fees(a)	.7	.9
Sarbanes-Oxley Audit-Related Fees(b)	2.0	
Tax Fees(c)	.3	1.0
All Other Fees(d)		.1
	<u>3.0</u>	<u>2.0</u>
Total	3.0	2.0

(a)

Fees for audit services billed in 2004 and 2003 consisted of:

Audit of the Company's annual financial statements

Reviews of the Company's quarterly financial statements

(b)

Sarbanes-Oxley documentation and compliance

(c)

Fees for tax services billed in 2004 and 2003 consisted of tax compliance and tax planning and advice. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute, and obtain government approval for amounts to be included in tax filings and consisted of:

i.

Federal, state and local income tax return assistance

ii.

Sales and use, property and other tax return assistance

iii.

Requests for technical advice from taxing authorities

iv.

Assistance with tax audits and appeals

v.

Fees for tax planning and advice services totaled \$0.5 million and less than \$0.1 million in 2004 and 2003, respectively. Tax planning and advice are services rendered with respect to proposed transactions or that alter a transaction to obtain a particular tax result. Such services consisted primarily of intra-group restructuring and bankruptcy related matters.

(d)

Other fees billed in 2004 and 2003 included audit of employee benefit plans, consulting services relating to a property insurance claim in 2001, recorded bankruptcy notes, acquisition and divestiture issues and information technology consulting related to the termination of the CIO in 2003.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission (the "SEC") to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public

Accountants.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors, officers and beneficial owners of more than 10% of our common stock are required to file reports of ownership and reports of changes in ownership with the SEC and NASDAQ. Directors, officers and beneficial owners of more than 10% of our common stock are also required to

furnish us with copies of all such reports. Based on our review of copies of such forms, we believe directors, executive officers and greater than 10% beneficial owners complied with all filing requirements during 2004.

ANNUAL REPORTS

The Sarbanes-Oxley Act of 2002 imposed many requirements regarding corporate governance and financial reporting. One requirement, under section 404 of the Act, beginning with the 2004 annual report, is for management to report on the Company's internal controls over financial reporting and for our independent registered public accountants to attest to management's report. In late November 2004, the Securities and Exchange Commission issued an exemptive order providing a 45 day extension for the filing of these reports and attestations by eligible companies. We elected to utilize this 45 day extension and therefore our Form 10-K, as filed on March 9, 2005, does not include these reports. On April 28, 2005, we filed our Form 10-K/A (an amended Form 10-K), which included these reports. These reports disclosed no material weaknesses in our internal controls over financial reporting. A copy of the form 10-K/A, including any financial statements and schedules and a list describing any exhibits not contained therein, accompanies this Proxy Statement and a copy may also be obtained without charge to any stockholder. Written requests for copies of the report should be directed to John A. Hageman, Secretary, Metals USA, Inc., One Riverway, Suite 1100, Houston, Texas 77056.
