**CELSION CORPORATION  
PROXY STATEMENT**

**SOLICITATION OF PROXY, REVOCABILITY AND VOTING**

**GENERAL**

The Board of Directors of Celsion Corporation (which is sometimes referred to in this Proxy Statement as the "Company", "Celsion", "we" or "us") is furnishing this Proxy Statement in connection with the solicitation, by the Board of Directors, of proxies to be used at the annual meeting of stockholders (together with any adjournments or postponements thereof, the "Annual Meeting") to be held at 10:00 a.m., local time, on Wednesday, May 21, 2008, at the InterContinental Harbor Court Baltimore, 550 Light Street, Baltimore, MD 21202-6099 for the purposes set forth in the accompanying Notice of Annual Meeting.

Only stockholders of record at the close of business on the Record Date, Monday, March 31, 2008 are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 10,145,850 shares of our common stock, par value \$0.01 per share ("Common Stock"), issued and outstanding. Each share of Common Stock is entitled to one vote on each matter submitted to the stockholders at the Annual Meeting. If you were a stockholder as of the Record Date, you are entitled to vote at the Annual Meeting, and we encourage you to attend and vote in person. HOWEVER, WHETHER OR NOT YOU INTEND TO ATTEND THE ANNUAL MEETING, THE BOARD OF DIRECTORS REQUESTS THAT YOU COMPLETE, SIGN, DATE AND RETURN THE ACCOMPANYING PROXY CARD IN ORDER TO ENSURE THE PRESENCE OF A QUORUM. A pre-addressed and postage-paid return envelope is enclosed for your convenience. Alternatively, you may cast your vote via the internet at [www.proxyvote.com](http://www.proxyvote.com) or by phone by calling 1-800-690-6903.

Our principal executive offices are located at 10220-L Old Columbia Road, Columbia, Maryland 21046-2391, and our telephone numbers are (410) 290-5390 and (800) 262-0394 (toll free). We are first sending this Proxy Statement and accompanying Proxy Card and Annual Report on Securities and Exchange Commission ("SEC") Form 10-K for the fiscal year ended December 31, 2007 (our "2007 Annual Report on Form 10-K") to our stockholders on or about April 22, 2008.

Election of Class I Directors at the Annual Meeting will be by plurality vote. This means that the director nominees receiving the greatest number of votes cast, in person or by proxy, by the holders of Common Stock in the election of the Class I Directors, will be elected. Stockholders may not cumulate their votes in electing directors. Ratification of the selection of Stegman & Company to serve as our independent registered public accounting firm for the current fiscal year requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy. The presence in person or by proxy of a majority of the holders of all shares of Common Stock outstanding and entitled to vote on the Record Date will constitute a quorum for all purposes. In the event that the number of shares represented at the Annual Meeting in person or by proxy is less than a quorum, the persons named in the accompanying Proxy Card intend to vote "FOR" an adjournment of the Annual Meeting. Stockholder votes will be tabulated by Broadridge Financial Solutions, Inc. Shares represented at the Annual Meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Abstentions and broker non-votes (shares which a broker or nominee has indicated it does not have discretionary authority to vote) on a particular matter will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Abstentions and broker non-votes therefore will have the same effect as "no" votes on the ratification of the selection of Stegman & Company as our independent registered public accounting firm, but will have no effect on the election of directors.

## PROXIES

If the enclosed Proxy Card is properly dated, signed and returned so that we receive it prior to the time of the Annual Meeting, the shares represented by that Proxy Card will be voted at the Annual Meeting in accordance with the choices indicated. If no choice is specified as to a matter but the Proxy Card otherwise is properly executed, dated and returned, the proxy holders will vote the shares represented by that Proxy Card in accordance with the recommendations of the Board of Directors.

## REVOCABILITY OF PROXIES

Any stockholder giving a proxy prior to the Annual Meeting may revoke it prior to its exercise either by attending the Annual Meeting and voting his or her shares in person or by delivering to the Company, not later than the commencement of the Annual Meeting, a letter or other suitable instrument of revocation or a later dated Proxy Card, duly executed by the stockholder.

## SOLICITATION

The Company will bear the entire cost of preparing, assembling, printing and mailing this Proxy Statement, the accompanying Notice and Proxy Card and the Company's 2007 Annual Report on Form 10-K, as well as any additional materials that we may furnish to stockholders in connection with the Annual Meeting. Copies of our solicitation materials will be furnished to brokerage houses, fiduciaries and custodians to forward to beneficial owners of stock held in the names of such nominees. The solicitation of proxies will be by mail and direct communication with certain stockholders or their representatives by our officers, directors and employees, who will receive no additional compensation therefor.

**PLEASE COMPLETE, SIGN, DATE AND RETURN THE ACCOMPANYING PROXY CARD IN THE ENCLOSED PRE-ADDRESSED AND POSTAGE-PAID ENVELOPE AS PROMPTLY AS POSSIBLE OR SUBMIT YOUR VOTE VIA THE INTERNET AT [www.proxyvote.com](http://www.proxyvote.com) OR BY PHONE AT 1-800-690-6903.**

The Company has adopted a Code of Ethics and Business Conduct applicable to its directors, officers (including its Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and other officers performing similar functions) and employees. This Code of Ethics constitutes a code of ethics applicable to senior financial officers within the meaning of the Sarbanes-Oxley Act of 2002 and SEC rules. A copy of the Code of Ethics and Business Conduct was filed as Exhibit 14.1 to the Company's Annual Report on Form 10-K for the year ended September 30, 2003. It is available on the Company's website at <http://www.celsion.com> and any stockholder may obtain a copy by making a written request to the Company's Corporate Secretary, 10220-L Old Columbia Road, Columbia, MD 21046-2391. ## PROPOSAL NO. 1: ELECTION OF DIRECTORS

### GENERAL

The Company's Certificate of Incorporation, as amended (the "Certificate"), provides that the number of directors that constitutes the whole Board of Directors is to be fixed by, or in the manner provided in, our Bylaws, as amended (the "Bylaws"). The Certificate of Incorporation also provides that the Board of Directors is to be divided into three classes, designated as Class I, Class II and Class III, and it is the Company's practice to have such classes as even in size as possible. The Company's Bylaws provide that the Board of Directors is to consist of between three and nine directors, with the exact number to be fixed by action of the Board of Directors. The current number of directors has been fixed by the Board of Directors at seven, although currently, there are only five directors serving.

In March 2007, the Board of Directors appointed Dr. Augustine Chow as a Class I Director, and in June 2007, Dr. Lawrence Olanoff resigned from the Board of Directors.

Regrettably, Dr. Kris Venkat passed away suddenly on March 2, 2008. The vacancy left by his passing has yet to be filled.

The Board of Directors has nominated Dr. Augustine Chow and Mr. Gregory Weaver to stand for re-election to the Board of Directors as Class I Directors, with a term expiring at the 2011 annual meeting of stockholders and with the election and qualification of their successor. The proxies named in the Proxy Card provided with this Proxy Statement intend to vote "FOR" the election of Dr. Chow and Mr. Weaver unless otherwise instructed. If you do not wish your shares to be voted for Dr. Chow and Mr. Weaver, you must so indicate by marking the "Withhold Authority" box on the Proxy Card against the appropriate name or names in which event your shares will not be voted for name or names so marked. In the event that Dr. Chow or Mr. Weaver become unavailable, which is not expected, the designated proxies will vote in their discretion for a substitute nominee, or the Board may reduce the number of directors.

**VOTE REQUIRED AND RECOMMENDATION**

The directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, so long as a quorum is present. As a result, assuming the presence of a quorum, broker non-votes and abstentions will not affect the election of directors.

**THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED THE NOMINEES FOR DIRECTORS AND UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE NOMINEES.**

The role of the Nominating and Governance Committee is to act on behalf of the Board of Directors to ensure that the Board of Directors and its standing committees are appropriately constituted to meet their fiduciary and corporate governance obligations. In this role, the Nominating and Governance Committee is responsible for identifying and recruiting new members of the Board of Directors when vacancies arise, identifying and recruiting nominees for election as directors and reconsidering incumbent directors in connection with nominations for elections of directors. The Nominating and Governance Committee is also charged with: (i) reviewing and recommending changes in the size and composition of the Board of Directors and its committees; (ii) developing and maintaining criteria and processes for selecting candidates for election as directors; (iii) identifying and recruiting candidates to stand for election as directors and determining whether incumbent directors should stand for reelection; (iv) ensuring that the Company and the Board of Directors operates in accordance with current best practices; (v) providing for ongoing director training and education; (vi) reporting to the Board of Directors on Nominating and Governance Committee activities; (vii) annually reviewing the Nominating and Governance Committee's performance of its responsibilities and duties; and (viii) annually reviewing the Nominating and Governance Committee Charter, the structure and the processes and membership requirements of the Nominating and Governance Committee and recommending to the Board any improvements or amendments that the Nominating and Governance Committee considers appropriate or necessary.

#### Director Qualifications

It is a policy of the Nominating and Governance Committee that candidates for director be determined to have unquestionable integrity and the highest ethical character. Candidates must demonstrate the ability to exercise sound, mature and independent business judgment in the best interests of the stockholders as a whole and may not have any interests that would, in the view of the Nominating and Governance Committee, impair their ability to exercise independent judgment or otherwise discharge the fiduciary duties owed as a director. Candidates must have experience and demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavors which will complement the talents of the other members of the Board of Directors and further the interests of the Company, bearing in mind the composition of the Board of Directors and the current state of the Company and the biotechnical/biopharmaceutical industry generally. In particular, the Nominating and Governance Committee believes it is important for one or more members of the Board of Directors to have in-depth experience in the biotechnical/biopharmaceutical industry. The Nominating and Governance Committee has determined that one or

more of its members, including the incumbents nominated to stand for reelection at the Annual Meeting, has such biotechnical/biopharmaceutical experience.

Candidates are expected to have an appreciation of the major issues facing public companies of a size and operational scope similar to the Company, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have the willingness and capability to devote the time necessary to participate actively in meetings of the Board of Directors and committee meetings and related activities, the ability to work professionally and effectively with other members of the Board of Directors and Company management, and the ability and intention to remain on the Board of Directors long enough to make an effective contribution.

In addition, in accordance with the rules of the SEC and NASDAQ, the Company requires that at least a majority of the directors serving at any time on the Board of Directors be independent, that at least three directors satisfy the financial literacy requirements for service on the Audit Committee and that at least one qualify as an "audit committee financial expert" under those rules.

The Board of Directors has determined that Mr. Gregory Weaver is qualified to serve as the "audit committee financial expert" as defined by Item 407(d)(5) of Regulation S-K. The Board of Directors has also determined that of the five currently serving directors, Drs. Max E. Link, Gary W. Pace, Augustine Chow and Mr. Gregory Weaver, are independent. Mr. Gregory Weaver acts as the chairman of our Audit Committee. Mr. Weaver is deemed to be "independent" under applicable rules of the SEC and NASDAQ. Finally, among candidates who meet the foregoing criteria, the Nominating and Governance Committee also considers the Company's current and anticipated needs, including expertise, diversity and balance of inside, outside and independent directors. In considering the independence of the Directors nominated for election, Dr. Chow and Mr. Weaver have no relationship with the Company other than as Directors.

#### **Nominating and Governance Committee Process**

In selecting candidates for the Board of Directors, the Nominating and Governance Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. Under its charter, the Nominating and Governance Committee is charged with considering incumbent directors as if they were new candidates. However, the Nominating and Governance Committee recognizes the significant value of the continuing service of qualified incumbents in promoting stability and continuity, providing the benefit of the familiarity and insight into the Company's affairs and enhancing the Board of Directors' ability to work as a collective body. Therefore, it is the policy of the Nominating and Governance Committee, absent special circumstances, to nominate qualified incumbent directors whom the Nominating and Governance Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election. If any member of the Board of Directors does not wish to continue in service or if the Nominating and Governance Committee or the Board of Directors decides not to re-nominate a member, there is an existing vacancy on the Board of Directors, or the Board of Directors, upon the recommendation of the Nominating and Governance Committee, elects to expand the size of the Board of Directors, the following process would be followed:

The Nominating and Governance Committee develops a profile for candidates' skills and experience, based on the criteria described above.

The Nominating and Governance Committee initiates a search, polling members of the Board of Directors and management, and retaining a search firm if the Nominating and Governance Committee deems this appropriate.

## Edgar Filing: Celsion CORP - Form DEF 14A

The Nominating and Governance Committee has a policy with respect to stockholders' suggestions for nominees for directorships. Under this policy, stockholder nominees are given identical consideration as nominees identified by the Nominating and Governance Committee. The process by which stockholders may submit potential nominees is described below under "Stockholder Recommendation Process."

The Nominating and Governance Committee then determines the eligibility and suitability of any candidate based on the criteria described above and the Nominating and Governance Committee's search profile.

The Chairman of the Board of Directors and at least one member of the Nominating and Governance Committee interview prospective candidate(s) who satisfy the qualifications described above.

The Nominating and Governance Committee offers other members of the Board of Directors the opportunity to interview the candidate(s) and then meets to consider and approve the final candidate(s).

The Nominating and Governance Committee seeks full Board endorsement of the final candidate(s).

The final candidate(s) are nominated by the Board of Directors for submission to a stockholder vote or elected to fill a vacancy.

To date, the Nominating and Governance Committee has not received any recommendations from stockholders and has not retained a search firm to aid in the identification or evaluation of potential nominees.

### **Stockholder Recommendation Process**

The Nominating and Governance Committee will consider director candidates recommended by stockholders, provided that the stockholder making the recommendation follows the procedure set forth below. Stockholder recommendations should be submitted to the Company in writing, as follows:

Corporate Secretary  
Celsion Corporation  
10220-L Old Columbia Road  
Columbia, Maryland 21046-2391

Suggestions received by the Secretary before January 9, 2009 will be considered by the Nominating and Governance Committee for nomination and election at the 2009 annual meeting of stockholders.

A stockholder's notice to the Secretary must set forth:

- (a) as to each stockholder-proposed nominee:
  - (i) the name, age, business address and residence address of the nominee;
  - (ii) the principal occupation or employment of the nominee;
  - (iii) an undertaking to provide a completed director's and officer's questionnaire in the form required by the Company within two weeks of the submission;
  - (iv) a statement as to the nominee's citizenship; and
  - (v)

## Edgar Filing: Celsion CORP - Form DEF 14A

any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and

(b)

as to the stockholder giving the notice:

(i)

the name and record address of the stockholder; and

(ii)

the number of shares of Common Stock that the stockholder beneficially owns.

The Company or the Nominating and Governance Committee may require a stockholder who proposes a nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility or suitability of the proposed nominee to serve as director of the Company.

#### **Revisions to Process**

The Nominating and Governance Committee and stockholder recommendation processes have been developed to provide a flexible framework to permit the director nomination process to move forward effectively. The Nominating and Governance Committee intends to review these processes from time to time in light of the Company's evolving needs and changing circumstances, as well as changes in legal requirements and stock exchange listing standards. The Nominating and Governance Committee may revise these processes or adopt new ones based on such periodic reviews.

#### **STOCKHOLDER COMMUNICATIONS**

The Board of Directors has adopted a process through which interested stockholders may communicate with the Board of Directors. Stockholders who wish to send communications to the Board of Directors, or any particular director, should address such communications to Paul B. Susie, Corporate Secretary, at the Company's headquarters in Columbia, Maryland. The envelope containing any such communication should be prominently marked "To the Attention of the Board of Directors" or to a particular committee or director, and the communication should include a representation from the stockholder indicating the stockholder's address and the number of shares of the Company's Common Stock beneficially owned by the stockholder. Our Corporate Secretary is primarily responsible for monitoring communications from stockholders. Depending upon the content of a particular communication, as he deems appropriate, our Corporate Secretary will: (i) forward the communication to the director, directors or committee to whom it is addressed; (ii) attempt to handle the inquiry directly, for example where it is a request for information about the Company or it is a stock-related matter; or (iii) not forward communications such as solicitations, junk mail and obviously frivolous or inappropriate communications. At each meeting of the Board of Directors, the Corporate Secretary will present a summary of all communications, whether or not forwarded, received since the last meeting and will make those communications available to the directors on request.

#### **BOARD ATTENDANCE**

The Board of Directors strongly encourages all directors, to the extent reasonable and practicable, to attend the Company's annual meetings of stockholders in person. All of the current Board members were present at last year's annual meeting.

#### **REPORT OF THE AUDIT COMMITTEE**

The Audit Committee operates under a written charter as amended and restated effective May 4, 2007. A copy of the charter is available on our web site, located at <http://www.celsion.com>. Additional copies of the charter are available upon written request to the Company. All members of the Audit Committee meet the independence standards established by the SEC and NASDAQ. In addition, the Board of Directors has made the affirmative determination that none of the independent directors has a material relationship with the Company and that the Audit Committee members meet the additional independence requirements set forth in Rule 10A-3 under the Exchange Act.

## Edgar Filing: Celsion CORP - Form DEF 14A

The Audit Committee assists the Board in fulfilling its responsibility to oversee management's implementation of the Company's financial reporting process. In discharging its oversight role, the Audit Committee reviewed and discussed the audited financial statements contained in the Company's 2007 Annual Report on Form 10-K with the Company's management and the Company's independent registered public accounting firm. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

The Audit Committee met privately with the Company's independent registered public accounting firm and discussed issues deemed significant by the independent registered public accounting firm, including those required by Statements on Auditing Standards No. 114 (The Auditor's Communication with those Charged with Governance), as amended. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from the Company and its management, including the matters in the written disclosures received from the independent registered public accounting firm as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and considered whether the provision of non-audit services by the independent registered public accounting firm was compatible with maintaining the independent registered public accounting firm's independence. The Audit Committee also met with the independent registered public accounting firm, with and without management present, to discuss the results of the independent registered public accounting firm's examination evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's 2007 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

## EXECUTIVE COMPENSATION

### COMPENSATION DISCUSSION AND ANALYSIS

#### Introduction

The Company is an early stage drug development company and as such is unlikely, in the short to medium term, to generate revenues and income sufficient to cover product development costs. As a result, the Company's executive compensation philosophy is geared to ensuring that executive compensation aligns management and stockholders' interests by emphasizing rewards for Company performance, while remaining competitive with compensation paid by other early stage biotechnology companies.

The Compensation Committee and the Board of Directors have adopted the following executive compensation approaches:

#### Executive Compensation Philosophy

The Compensation Committee attempts to design executive compensation programs to achieve three principal objectives. First, the program is intended to attract, motivate and retain talented executives with total compensation that is competitive within the drug development and broader pharmaceutical and biotechnology industry. Second, the program is intended to create an alignment of interests between the Company's executives and stockholders such that a significant portion of each executive's compensation varies with business performance and is dependent on a rising stock price performance. Third the program is designed to award behavior which results in optimizing the commercial potential of the Company's development program.

The Compensation Committee's philosophy is to pay competitive total compensation, comprised of annual salaries, a non-equity incentive compensation plan, cash bonuses and stock option awards, which is geared to provide above average total compensation for superior performance reflected in increases in the Company's stock price. The Compensation Committee considers the elements of the compensation package (consisting of base salary, incentive compensation and stock based compensation) to be reflective of compensation packages given to executives in the industry. Compensation packages are designed to pay competitive salaries at the 50<sup>th</sup> percentile level of the industry study described below under "Annual Salaries", reward superior annual performance through incentive compensation awards and to allow executives to participate in increases in stockholder value through stock option and other stock based grants. The Company considers the income tax affects to both the Company and the employee in structuring its compensation arrangements.

The Compensation Committee reviews the performance of the Chief Executive and other executives at least annually. Management provides the Compensation Committee material and data requested by the Compensation Committee. The Chief Executive provides input relative to the performance of executives but is not involved in determining the amounts or composition of individual executive compensation packages.

A discussion of each individual element of compensation follows.

#### Annual Salaries

The Company participates in an ongoing industry survey which covers a broad cross-section of the biotechnology, pharmaceuticals and life science industries including all the key positions with the Company. The Compensation Committee compares base salary for Company executives with these benchmarks and targets to pay base salaries that are equivalent to the 50<sup>th</sup> percentile of the survey.

## Incentive Compensation

The Company has an incentive compensation plan in which all members of our senior management participate. The plan is performance driven based on Company and personal operational objectives generally established annually by mutual agreement of management and the Compensation Committee. These operational objectives include, but are not limited to, the completion of certain development projects, fund raising, cost controls, business development and profit and loss goals. They do not, however, include share price objectives as all of the operating objectives are ultimately directed at creating shareholder value. These objectives are designed to achieve timely and efficient product development including, but not limited to, completion of clinical studies and regulatory approvals. Each member of senior management is individually evaluated based on the achievement of the Company's overall operational objectives and his or her personal objectives. This component of compensation is provided, among other reasons, to create incentives for members of senior management to meet short and medium term performance goals of the Company, without regard to stock price. Objectives are weighted in terms of overall importance to meeting the Company's operating plan.

The total incentive compensation a member of senior management can earn as part of his or her compensation package is based on his or her level within management, with more senior members of management eligible to earn a higher percentage of their base salary as incentive compensation than less senior members. While the percentages of base salary that can be earned as incentive compensation by members of management other than the Chief Executive Officer generally vary from year to year as determined annually by our Compensation Committee, they are generally between 15% and 35%. Our Chief Executive Officer's annual incentive compensation is targeted at 70% (for 2008, 60% in 2007) of his base salary under the terms of his employment agreement. The actual amount of incentive compensation paid to any member of senior management is determined on a sliding scale dependent on how successful such member of senior management was in achieving the objectives upon which his or her incentive compensation was targeted and the relative importance to the Company of the objectives achieved. The Compensation Committee retains complete discretion to adjust any incentive compensation up or down and, except for our Chief Executive Officer's incentive compensation, which is governed by an employment agreement, retains discretion as to whether to grant any incentive compensation to any individual member of senior management at all.

For 2007, Mr. Tardugno's incentive compensation was based upon four major company objectives that were weighted as follows: The successful management of the Prolieve Business (25%) including its profitability and sale to Boston Scientific; acceleration of the Company's Liver Cancer Study program (20%), including FDA Special Protocol Assessment filing; acceleration of the company's Recurrent Chest Wall Cancer (RCW) program (20%), including Phase I Dose Escalation Study completion and Phase II trial design and endpoint discussion with the Federal Food and Drug Administration; and various financial management initiatives (35%). Mr. Tardugno received \$155,000 as incentive compensation in February 2008 in respect of his 2007 performance. This represents 83% of his target incentive compensation of 60% of base salary. Mr. Tardugno achieved substantially all of his objectives with the exception of two; the first patient to be treated in the Phase III Liver Cancer Study was delayed past the target date of December 31, 2007 and the Phase I RCW Dose Escalation Study was not completed by the target date of July 30, 2007.

Because Mr. Susie was appointed an executive officer on September 24, 2007, no formal objectives for 2007 had been established by the Compensation Committee. Rather, Mr. Susie's incentive compensation was based upon similar objectives as described above for Mr. Tardugno with an emphasis on financial objectives and those applicable to members of senior management in general. His 2007 incentive compensation was discretionary and, based on his level within senior management, he was eligible to receive incentive compensation representing between 15% and 18.5% of his salary. Mr. Susie received \$20,250 as incentive compensation in February 2008 in respect of his 2007 performance, representing 12.5% of his 2007 salary (prorated for length of service during the year).

## **Bonuses**

Bonuses are awards paid outside the incentive compensation plan. The Compensation Committee has the latitude to reward exceptional performance in circumstances when an individual does not qualify for an incentive compensation award through achievement of pre-determined objectives but has delivered significant contributions not covered by the annual objectives agreed upon between management and the Compensation Committee.

## **Stock Based Compensation**

The 2007 Employee Stock Incentive Plan is designed to align the interest of Company employees and its stockholders, encouraging participants to maintain and increase their ownership of Company Common Stock with the opportunity to benefit from the Company's long-term performance. The plan authorizes the issuance of shares of Common Stock in the form of stock options, stock appreciation rights (SARs) or restricted stock. The plan also authorizes the issuance of phantom stock units (PSUs). The plan is administered by the Compensation Committee, which has the authority to grant options, SARs, restricted stock and PSUs. There are 1,000,000 shares authorized under the 2007 Plan. Additionally, all canceled and expired options under the 2001 Employee Stock Incentive Plan and the 2004 Employee Stock Incentive Plan become available for issue under the 2007 Plan. As of December 31, 2007, there were 283,422 shares from the 2001 and 2004 plans that became available under the 2007 Plan.

During the year ended December 31, 2007, a total of 387,500 options were issued under the 2007 and 2004 Plans, including 50,000 options granted to the Company's Named Executive Officers and 140,000 options granted to directors. No options were canceled or expired under the 2007 Plan and 176,520 options were cancelled or expired under the 2001 and 2004 Plans. On December 31, 2007, there were 1,179,922 shares available under the Plans. Options granted in 2007 become exercisable in equal installments over three to four years. Options are granted to employees based on their position and responsibilities in the Company. The level of award is determined by the Compensation Committee after considering relevant competitive data.

On January 3, 2007 an option to purchase 430,000 shares of the Company's Common Stock was issued to Michael H. Tardugno, the Company's Chief Executive Officer. This option vests in equal installments over four years. This option was separately registered with the Securities and Exchange Commission (the "SEC") and was not issued under any of the Employee Stock Incentive Plans.

## **Executive Officer Compensation**

The Compensation Committee, in determining the 2007 compensation of executive officers of the Company, reviewed the total compensation for the Company's CEO, Principal Financial Officer and two other key management employees, and compared them to the industry survey referenced above. Additionally, the Compensation Committee members drew on additional experience gleaned from their service as members of Boards of Directors at other biotechnology companies at development stages comparable to the Company. The Compensation Committee concluded that the Company is compensating its executives in accordance with the Compensation Committee's compensation philosophy.

Compensation paid to the Company's Named Executive Officers during the year ended December 31, 2007 consisted of a base salary and non equity incentive compensation accrued at year end and paid in the first quarter of fiscal 2008 (based on individual and company goals achieved during 2007), Stock Awards (i.e. grants of restricted stock) and Option Awards. The Compensation Committee from time to time may elect to pay all or part of an employee's incentive compensation or bonus in restricted stock as a retentive measure or in order to conserve cash.

## Edgar Filing: Celsion CORP - Form DEF 14A

Base salaries were determined in accordance with the principles and compensation philosophy described above. The non-equity incentive compensation plan awards payable to each of the Company's Named Executive's Officers were determined based on their achievement of objectives set during 2007 and their relative importance to the long-term development of the Company. The Stock Awards were based on the Named Executive Officer's contribution to the development of the Company's business, and vest over a period of one year. All Option Awards to Named Executive Officers, directors, and employees vest over a three to four year period from the date of grant.

### Chief Executive Compensation

Effective January 3, 2007, the Company hired Mr. Michael Tardugno as the Company's President and Chief Executive Officer. The Compensation Committee negotiated the terms of Mr. Tardugno's employment contract after considering relevant data from the industry survey referenced above, board experience from similar companies, Mr. Tardugno's personal requirements, and an objective of aligning his interests with those of shareholders. For 2007, Mr. Tardugno's compensation package included a base salary of \$310,000 and annual non-equity incentive compensation targeted at 60% of his base salary. Mr. Tardugno received in 2008 for services rendered in 2007 non-equity compensation of \$155,000 (representing 83% of the 60% target). Mr. Tardugno also received in January 2007 a discretionary grant of 50,000 shares of restricted stock which vest over three years. As an inducement to take up employment with the Company, in January 2007 Mr. Tardugno was granted the option to purchase 430,000 shares of the Company's Common Stock which vest in equal installments over four years and received a relocation allowance of \$140,000 which is subject to federal and state taxes. Mr. Tardugno is also eligible to receive an annual option grant. With respect to his 2007 performance, Mr. Tardugno was awarded an option to purchase 75,000 shares of the Company's Common Stock on February 19, 2008. The option vests in equal installments over four years.

### Principal Financial Officer Compensation

On February 19, 2007, the Company hired Paul Susie as Corporate Controller. Upon his hiring, his base salary was \$145,000 and he was granted an option to purchase 10,000 shares of the Company's Common Stock. On September 24, 2007 he was appointed to Interim Chief Accounting Officer. With the promotion to his current position, Mr. Susie's salary was increased to \$162,000 per year and he was granted options to purchase 5,000 shares of the Company's common stock. Mr. Susie is eligible to receive annual incentive compensation of 15% to 18.5% of his annual salary. He is also eligible to receive an annual option grant.

### COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the "Compensation Discussion and Analysis" included in this Proxy Statement with the Company's management. Management is responsible for the disclosure in this Proxy Statement.

Based on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement for the 2008 Annual Meeting.

## EXECUTIVE EMPLOYMENT AGREEMENTS

We have entered into an employment agreement with Mr. Michael H. Tardugno, pursuant to which Mr. Tardugno serves as our President and Chief Executive Officer. The agreement is for a term of three years, effective January 3, 2007. Mr. Tardugno's employment agreement provides for an initial annual base salary of \$310,000, subject to annual adjustment by the Board of Directors or the Compensation Committee (the "Base Salary"). Mr. Tardugno also is eligible for an annual performance bonus from the Company. The amount of such bonus will be determined by the Board or the Compensation Committee and will not exceed 60% of current Base Salary except pursuant to a specific finding by the Board or the Compensation Committee that a higher percentage is appropriate. The Company provided Mr. Tardugno with a relocation allowance in the amount of \$140,000. In addition, on the effective date of his agreement, Mr. Tardugno received a grant of non-statutory options to purchase 430,000 shares of the Company's Common Stock, which will vest in four equal installments on the first, second, third and fourth anniversaries of the effective date. If the agreement is terminated by the Company prior to the first anniversary of the effective date other than for "cause" (as defined in the agreement) or on account of death or disability, the first installment will vest on the termination date. Once vested, these options will be exercisable for a period of ten years, measured from the effective date, at a price per share equal to the closing price of the Common Stock on American Stock Exchange on the effective date.

In the event: (A) that the Company terminates the agreement other than for "cause" (as defined in the agreement) or upon death or disability or (B) Mr. Tardugno terminates the agreement upon the occurrence of (i) a material adverse change in his duties or authority; (ii) Mr. Tardugno is not at least one of President or Chief Executive Officer of the Company during the term of the agreement; (iii) of a bankruptcy filing or similar action by or against the Company; or (iv) of another material breach of the agreement by the Company (a "Triggering Event"), Mr. Tardugno will be entitled to receive a severance payment equal to his base annual salary at the time of termination (the "Reference Amount"). In the event of termination of his employment upon a Triggering Event within two years following a "change in control" (as described below), or, if within such two-year period (i) there is a material adverse change in his compensation or benefits, or (ii) any successor to the Company does not assume the Company's obligation under the agreement, and he terminates his employment, Mr. Tardugno also is entitled to a severance payment equal to the Reference Amount. The agreement

also provides that such severance is payable upon a change in control if Mr. Tardugno elects to terminate his employment commencing with the sixth and ending with the twelfth month following the change in control. Under the agreement, a "change in control" is deemed to occur: (i) if any person becomes the direct or indirect beneficial owner of more than 40% of the combined voting power of the Company's then-outstanding securities; (ii) there is a change in a majority of the directors in office; (iii) the Company engages in a merger, asset sale, tender offer or other transaction after which the holders of the Company's voting securities before the transaction do not continue to hold at least 50% of the voting securities of the Company or its successor after the transaction; or (iv) upon the complete liquidation or dissolution of the Company or the disposition of substantially all of its assets. The agreement also contains customary confidentiality and other provisions.

Mr. Susie has a customary employment letter outlining his terms of employment, including his initial salary and stock option grants, incentive compensation and stock option eligibility, vacation, and health benefits. The Company has not entered into a written employment agreement with Mr. Susie.

#### **SECTION 162(m)**

Section 162(m) of the Internal Revenue Code provides for non-deductibility, in certain cases, of compensation paid to certain executives in excess of \$1 million per year. The Company does not have a policy limiting compensation to amounts deductible under Section 162(m). The Company's compensation plans are designed so that qualified performance-based awards issued under the plans would not be subject to Section 162(m) limits. Section 162(m) limits would apply to salary, non-performance based bonuses, restricted stock awards that are not performance based and certain amounts included under "All Other Compensation" in the Summary Compensation Table.

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

During fiscal 2007, the Compensation Committee of the Board of Directors was comprised of Drs. Gary W. Pace and Max E. Link and, Mr. Gregory Weaver. No interlocking relationships exist between any of these members of the Compensation Committee or any executive officer of the Company and any other of the members of the Company's Board of Directors or Compensation Committee.

#### **TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS**

In October 2007, the Company entered into an advisory agreement with Dr. Kris Venkat, one of its then directors, pursuant to which Dr. Venkat was to provide at least 60 days of consulting services per year to the Company for an initial term lasting through August 2009. Dr. Venkat's services under this advisory agreement were in addition to his services as a director and include providing: (i) strategic business and tactical advice to the Company regarding its development, management and personnel; (ii) assistance with the Company's heat-activated liposome business; (iii) assistance with developing a financial and business development strategy and securing additional capital and/or financing, and (iv) identifying potential investors that meet the Company's objectives.

As compensation for his consulting services, the Company was obligated to pay Dr. Venkat a fee of \$55,000 per year during the term of the agreement, and upon prior approval by the Company, an additional \$1,000 per day for any time expended beyond 60 days. In addition to the fees, the agreement provided for performance-based incentive options to purchase up to 15,000 shares of common stock, exercisable only if certain business development milestones were reached. The agreement also granted Dr. Venkat an option, not subject to performance conditions, for the purchase of 10,000 shares of Common Stock at a price of \$5.84 per share, which expired on March 2, 2008 with the passing of Dr. Venkat.

With the passing of Dr. Venkat, this agreement terminated effective March 2, 2008.

#### **POLICIES AND PROCEDURES FOR REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS**

The Company has written policies and procedures in place to identify transactions with related parties that may be reportable under Item 404(a). The Company maintains a list of known related parties, including directors, executive officers, affiliated companies and others with whom the Company

may transact business from time-to-time during the year. Transactions that may be reviewed for related party treatment in the Company's audited financial statements and proxy statement include the transactions involving the sale of business lines, financing or capital raising transactions, contracted research and development arrangements, contracts for clinical research and testing, and contracts outside of the normal course of business. The Audit Committee of the Board of Directors, which includes Mr. Gregory Weaver (Chairman) and Drs. Max Link and Gary Pace, reviews and approves transactions with related parties, if any, to ensure they were performed at arm's length and in the best interests of the Company's stockholders, and have been appropriately accounted for and disclosed in the Company's audited financial statements, proxy statements and other SEC filings.

## PROPOSAL NO. 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Stegman & Company ("Stegman") as the independent registered public accounting firm of the Company to audit its financial statements for the fiscal year ending December 31, 2008, and requests stockholder ratification of such selection. Stegman has served as the Company's independent accountants since our 1993 fiscal year, and has advised the Company that neither Stegman nor any of its members has, or has had in the past three years, any financial interest in the Company or any relation to the Company other than as auditors and accountants.

Representatives of Stegman are expected to be present at the Annual Meeting, will be given the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

## FEES

The following table presents fees for professional audit services rendered by Stegman for the audit of the Company's annual financial statements and review of financial statements included in the Company's Forms 10-Q for the fiscal years ended December 31, 2007 and December 31, 2006, and fees for other services rendered by Stegman during those periods:

All Other Fees	9,625	9	11,836	10
Total Fees	\$ 105,625	100	\$ 115,586	100

Audit fees consist of fees for professional services rendered by Stegman for the audit of the Company's annual financial statements and for reviews of the quarterly financial statements included in the Company's Forms 10-Q. Tax fees consist of fees for preparation of the Company's federal and state tax returns. Audit related fees pertain to the audit for compliance with Section 404 of the Sarbanes-Oxley Act. All other fees consist of fees for attendance at the Company's annual meetings, review of registration statements and similar matters. Stegman rendered no financial information systems design and implementation services to the Company during fiscal years 2007 and 2006 and, therefore, no fees were charged for such services during those periods.

## SERVICES BY EMPLOYEES OF STEGMAN & COMPANY

No part of Stegman's engagement to audit the Company's financial statements for the fiscal year ended December 31, 2007 was attributable to work performed by persons other than Stegman's full-time, permanent employees.

## **AUDIT COMMITTEE POLICY ON APPROVAL OF AUDIT AND NON-AUDIT SERVICES**

It is the policy of the Audit Committee to pre-approve all audit and permissible non-audit services provided by the Company's independent accountants, in accordance with rules prescribed by the SEC. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is based on a written proposal, accompanied by a cost estimate and estimated budget. The Audit Committee has delegated to its Chairman the authority to pre-approve audit and non-audit services with an estimated cost of up to \$25,000, provided the exercise of such authority is reported to the Audit Committee at its next regular meeting. The Audit Committee reserves the right, from time to time, to delegate pre-approval authority to other of its members, so long as such members are independent directors.

All of the services of Stegman during fiscal year 2007 and 2006 were approved by the Audit Committee in accordance with its pre-approval policy and the approval requirements of the SEC.

## **VOTE REQUIRED AND RECOMMENDATION**

The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, at the Annual Meeting will be required to approve Proposal No. 2 and thereby to ratify the selection of Stegman as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2008. As a result, broker non-votes and abstentions, if any, will be treated as votes "AGAINST" the proposal.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" PROPOSAL NO. 2, THE PROPOSAL TO RATIFY THE SELECTION OF STEGMAN AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008.**

Stockholder ratification of the selection of Stegman as the Company's independent registered public accounting firm is not required by the Company's Bylaws or other applicable legal or regulatory requirements. However, the Board, upon the recommendation of the Audit Committee, is submitting the selection of Stegman to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Stegman, the Audit Committee will reconsider whether or not to retain that firm, or whether to retain a different firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.
