**UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION**  
Washington, D.C. 20549

**FORM 10-K**

**ANNUAL REPORT PURSUANT TO SECTION 13 OR  
15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the Fiscal Year Ended July 5, 2008**

**OR**

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF  
THE SECURITIES EXCHANGE ACT OF 1934**

**Commission File Number 0-24395**

**bebe stores, inc.**

(Exact name of registrant as specified in its charter)

**California**  
(State or Jurisdiction of  
Incorporation or Organization)

**94-2450490**  
(IRS Employer Identification Number)

**400 Valley Drive**  
**Brisbane, California 94005**  
(Address of principal executive offices, including zip code)

Telephone:**(415) 715-3900**  
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act: **None**  
Securities registered pursuant to Section 12(g) of the Act:

**Common Stock, par value \$0.001 per share**  
(Title of class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes  No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Edgar Filing: bebe stores, inc. - Form 10-K

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a small reporting company. See definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer     Accelerated filer     Non-accelerated filer     Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act) Yes  No

The aggregate market value of voting stock held by non-affiliates of the registrant was approximately \$320,000,000 as of January 5, 2008, the last business day of the registrant's most recently completed second fiscal quarter, based upon the closing sale price per share of \$11.76 of the registrant's Common Stock as reported on the Nasdaq National Market on such date. Shares of Common Stock held by each executive officer and director and by each person who owns 10% or more of the outstanding Common Stock have been excluded in that such persons may be deemed to be affiliates. This determination of affiliate status is not necessarily conclusive for other purposes.

As of August 31, 2008, 88,959,040 shares of Common Stock, \$0.001 per share par value, of the registrant were outstanding.

**DOCUMENTS INCORPORATED BY REFERENCE**

Part III incorporates information by reference from the definitive Proxy Statement for the 2008 Annual Meeting of Shareholders, to be filed with the Commission no later than 120 days after the end of the registrant's fiscal year covered by this Form 10-K.

---

The following discussion contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from the results discussed in the forward-looking statements. Statements that are predictive in nature, that depend upon or refer to future events or conditions or that include words such as "expects," "anticipates," "intends," "plans," "believes," "estimates," "thinks" and similar expressions are forward-looking statements. Forward-looking statements include statements about our expected results of operations, capital expenditures and store openings and closings. Although we believe that these statements are based on reasonable assumptions, we cannot assure you that our goals will be achieved. These forward-looking statements are made as of the date of this Form 10-K, and we assume no obligation to update or revise them or provide reasons why actual results may differ. Factors that might cause such a difference include, but are not limited to, our ability to respond to changing fashion trends, obtain raw materials and find manufacturing facilities, attract and retain key management personnel, develop new concepts, the success of future store openings, successfully manage our online business, maintain and protect information technology, competitive pressures in the apparel industry, adverse economic conditions, protect our intellectual property, decline in comparable store sales performance, changes in the level of consumer spending or preferences in apparel and/or other factors discussed in "Risk Factors" and elsewhere in this Form 10-K.

## PART I

### ITEM 1. BUSINESS

#### General

We design, develop and produce a distinctive line of contemporary women's apparel and accessories. While we attract a broad audience, our target customer is a 21 to 35-year-old woman who seeks current fashion trends to suit her lifestyle. The "bebe look" appeals to a hip, sexy, sophisticated, body-conscious woman who takes pride in her appearance. The bebe customer expects value in the form of current fashion and high quality at a competitive price.

Our distinctive product offering includes a full range of separates, tops, dresses, active wear and accessories in the following lifestyle categories: career, evening, casual and active. We design and develop the majority of our merchandise in-house, which is manufactured to our specifications or is sourced directly from third party manufacturers.

As of July 5, 2008, we marketed our products under the bebe, COLLECTION bebe, BEBE SPORT, bbsp, bebe O and 2b bebe brand names through our 303 retail stores, our on-line store at [www.bebe.com](http://www.bebe.com), and our 21 international licensee operated stores.

*bebe.* We were founded by Manny Mashouf, our Chairman of the Board. We opened our first store in San Francisco, California in 1976, which was also the year we incorporated in California. As of July 5, 2008, we operated 212 bebe stores in 35 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and Canada. We also operate one bebe accessory store that features a limited assortment of bebe merchandise, including outwear, shoes and accessories.

*BEBE SPORT.* We launched BEBE SPORT during fiscal 2003 to address the performance and active lifestyle needs of the bebe customer and we offer a selection of sportswear and footwear under the BEBE SPORT and bbsp brand names. As of July 5, 2008, we operated 63 BEBE SPORT stores in 17 states, Puerto Rico and Canada.

*bebe outlets.* We utilize the outlets as a clearance vehicle for merchandise from retail stores. In addition, the inventory includes a strong presentation of bebe logo merchandise and special cuts produced under the bebe O and 2b bebe labels exclusively for the outlet stores. By the end of October 2008, we will have changed the name of the 20 existing outlet stores to 2b bebe. These outlet stores

will continue as a clearance vehicle for merchandising from retail. As of July 5, 2008, we operated 20 bebe outlet stores in 11 states and Canada.

*2b bebe.* During fiscal 2008 we opened 7 new 2b bebe stores in outlet centers which offer a strong presentation of bebe logo merchandise similar to our outlet stores and special cuts produced under the 2b bebe label. We will also use these stores as a clearance vehicle for retail but on a much smaller scale. As of July 5, 2008, we operated 7 2b bebe stores in 5 states.

*On-line.* *bebe.com* is an extension of the bebe store experience and provides a complete assortment of bebe and BEBE SPORT merchandise. We also use it as a vehicle to communicate with our clients.

### Operating Strategy

Our objective is to satisfy the fashion needs of the modern, sexy and sophisticated woman. The principal elements of our operating strategy to achieve this objective are as follows:

- 1. Provide distinctive fashion throughout a broad product line.** Our designers and merchandisers are inspired by global fashion trends. They interpret contemporary designs, colors and fabrications into our products to address the lifestyle needs of our customer. Our in-house design team allows us to quickly react to fashion trends, bringing newness into the merchandise mix to complement our core assortment.
- 2. Vertically integrate design, production, merchandising and retail functions.** Our vertical integration enables us to respond quickly to changing fashion trends, reduce risk of excess inventory and produce distinctive quality merchandise.
- 3. Manage merchandise mix.** Our approach to merchandising and proactive inventory management is critical to our success. By actively monitoring sell-through rates and the mix of categories and products in our stores, we are able to respond to emerging trends in a timely manner, better maximizing sales opportunities and minimizing liabilities.
- 4. Control distribution of merchandise.** We distribute our merchandise, other than licensed eyewear and international licensing, through Company owned retail stores and an on-line store. This distribution strategy enables us to control pricing, flow of goods, visual presentation and customer experience. We seek to ensure brand equity through this exclusive distribution.
- 5. Enhance brand image.** We attract customers through edgy, high-impact, visual advertising campaigns using print, outdoor, in-store, electronic and direct mail and e-mail communication vehicles. We also offer a line of merchandise branded with the distinctive bebe logo to increase brand awareness.

### Stores and Expansion Opportunities

We believe that there is opportunity to expand the number of bebe, BEBE SPORT and 2b bebe stores in new and existing markets. In selecting a specific site, we look for high traffic locations primarily in regional shopping centers and in freestanding street locations. We evaluate proposed sites based on the traffic pattern, co-tenancies, average sales per square foot achieved by neighboring stores, lease economics, demographic characteristics and other factors considered important regarding the specific location. For fiscal 2009, we plan to grow our operations primarily through the opening of new stores and expansion of existing stores with high sales per square foot.

Our stores typically have achieved profitability within the first full year of operation; however, we cannot guarantee that our stores will do so in the future. Actual store growth and future store profitability and rates of return will depend on a number of factors that include, but are not limited to, individual store economics and suitability of available sites.

## Edgar Filing: bebe stores, inc. - Form 10-K

In fiscal 2009, we plan to open 24 new stores and to relocate or expand 5 existing stores. We also plan to close approximately 6 stores, resulting in net square footage growth of approximately 7%.

*bebe stores.* During fiscal 2008, we opened 19 bebe stores, closed 5 stores and expanded or relocated 7 existing bebe stores to larger spaces. Our bebe stores average 4,000 square feet and are primarily located in regional shopping malls and freestanding street locations. Our accessory store is approximately 2,300 square feet. In fiscal 2009, we plan to open 13 bebe stores with an average square footage of approximately 3,800 and no new accessory stores.

From time to time, we will open larger stores, such as our 7,600 square foot bebe flagship store on Rodeo Drive in Beverly Hills, California to further position bebe as an attainable luxury brand. In fiscal 2008, we opened two new stores similar to our location on Rodeo Drive, one on Oak Street in Chicago and the other in the Royal Hawaiian shopping mall in Honolulu. In addition, we expanded our bebe store in Newport Beach, California by approximately 2,000 square feet to a total square footage of approximately 7,200.

*BEBE SPORT stores.* During fiscal 2008, we opened 9 new BEBE SPORT stores. Our BEBE SPORT stores average approximately 2,500 square feet and are primarily located in regional shopping malls. BEBE SPORT offers a selection of sportswear and footwear under the BEBE SPORT and bbsp brand names. We have been conservative in our growth plans while we continue to update the BEBE SPORT concept. In fiscal 2009, we plan to open 1 BEBE SPORT store.

*bebe outlet stores.* During fiscal 2008, we did not open any new outlet stores. Our bebe outlet stores average 4,200 square feet and are primarily located in outlet malls. In fiscal 2009, we will convert all existing outlet stores to the new 2b bebe name. These existing outlet stores operating under the new name 2b bebe will continue as a clearance vehicle for merchandise from retail and to offer a selection of bebe logo product and an expanded assortment of product made exclusively to sell under the new 2b bebe name.

*2b bebe stores.* During fiscal 2008, we opened 7 new 2b bebe stores under the new name 2b bebe. Our 2b bebe stores average 5,000 square feet and are primarily located in outlet malls. In fiscal 2009, we plan to convert all existing outlet stores to the new 2b bebe name, convert 1 bebe store to a 2b bebe store, convert 1 outlet store to a 2b bebe store concept and open 10 new 2b bebe stores and will continue to offer a selection of bebe logo product and an expanded assortment of product made exclusively under the name 2b bebe. We also plan to open at least 1 2b bebe in a non-outlet mall.

*Store Closures.* We monitor the financial performance of our stores and have closed and will continue to close stores that we do not consider to be viable. Many of the store leases contain early termination options that allow us to close the stores in specified years if minimum sales levels are not achieved. During fiscal 2008, we closed 5 stores. In fiscal 2009, we plan to close approximately 6 stores.

*On-line store.* In February 2006, we migrated to a third-party platform which has and continues to provide improved functionality. We recently implemented several enhancements that have improved the marketing and promotional engines to drive client acquisition and conversion. The *bebe.com* website is a source of testing new concepts, building a community with our clients as well as providing a comprehensive product offer. In fiscal 2008, we expanded our ship to capabilities to include Canadian customers. In fiscal 2009, we plan to expand our ship to capabilities to include Puerto Rico, U.S. Virgin Islands and Guam.

*International.* As of July 5, 2008, we had 21 international stores operated by licensees in South East Asia, United Arab Emirates, Israel, Mexico and Turkey. Our international licensees purchase product from us to include in their licensed bebe stores; these stores are excluded from comparable store sales. As of July 5, 2008, wholesale revenue represented approximately 2% of total sales. In fiscal

2009, we plan to expand from 21 to 38 licensee operated stores. We plan to expand into Egypt, Saudi Arabia, Kuwait, Qatar, Russia and Ukraine.

### **Merchandising**

Our merchandising strategy is to provide current, timely fashions in a broad selection of categories to suit the lifestyle needs of our customers. We market all of our merchandise under the bebe, COLLECTION bebe, BEBE SPORT, bbsp, bebe O and 2b bebe brand names. In some cases, we select merchandise directly from third-party manufacturers. We do not have long-term contracts with any third party-manufacturers, and we purchase all of the merchandise from manufacturers by purchase order.

*Product Categories.* Our distinctive product offering includes a full range of fashion separates, tops, dresses, active wear and accessories in the following lifestyle categories: career, evening, casual and active. While each category's contribution as a percentage of total net sales varies seasonally, certain of the product classifications are represented throughout the year. We regularly evaluate existing categories for potential expansion opportunities. We have expanded accessories to include watches, sunglasses and an expanded shoe and handbag assortment. We signed an agreement in August 2007 with Sketchers Footwear to produce our entire BEBE SPORT and bbsp footwear products and distribute to our BEBE SPORT stores as well as other stores worldwide. We began selling this footwear product in our stores in the fourth quarter of fiscal 2008. We also launched a new assortment of product for our outlet division under the new name 2b bebe during the fourth quarter of fiscal 2008.

We have an eyewear license agreement in place for optical eyewear which represented less than 1% of our business in fiscal 2008. This eyewear license expires on June 30, 2010. Under the terms of this agreement, the licensee manufactures and distributes products branded with the bebe logo to be sold at bebe stores and selected retailers. In fiscal 2007, we signed a new agreement with Safilo eyewear to develop, market and sell sunglasses in our bebe stores and Solstice owned stores. The first assortment of sunglasses developed under this agreement was featured in our bebe stores in November 2007. In July, we executed an agreement with a fragrance manufacturer to design, develop, manufacture, distribute, advertise and promote fragrance and color products using the bebe name. We anticipate product to be available in our stores beginning in November 2008.

*Product Development.* Our product development process enables our merchants to make informed and timely decisions prior to making fabric or merchandise purchase commitments. Our speed to market strategy allows us to quickly react to emerging fashion trends and customer demand. An established timeline ensures an adequate flow of inventory into the stores. We make monthly commitments based on current sales and fashion trends. A detailed merchandising classification plan supports the product development process and includes sales, inventory and profitability targets. We regularly adjust the plan to meet inventory and sales targets.

### **Seasonality**

Our business is seasonal in nature, with sales peaking during the second quarter, primarily during the holiday season in November and December. During fiscal 2008, 2007 and 2006, the second quarter accounted for approximately 30% of our net sales.

### **Marketing**

We have developed our advertising and direct marketing initiatives to elevate brand awareness, increase customer acquisition and retention and support key growth strategies.

During fiscal 2008, our advertising expenditures, as a percentage of net sales, were 4.5% of net sales compared to 4.1% in fiscal 2007. This supported the growth of our direct to consumer business, including national and regional print advertising and outdoor advertising, catalog circulation and the

clubbebe loyalty program. In fiscal 2009, we currently anticipate that advertising expenditures as a percent of net sales will be 4.1%.

*Direct to Consumer*

In fiscal 2008, we increased our catalog circulation and maintained the number of catalogs produced. Clubbebe, our customer loyalty program, was launched in fiscal 2006, and as of July 5, 2008, had over 1.7 million members.

*Advertising*

We continue to build brand awareness through targeted advertising campaigns that maintain a focus on core customers while adding new image building media strategies to further elevate the brand to "attainable luxury" status.

We work with an outside advertising agency to create edgy, high-impact, provocative ads which are produced quarterly and are featured in leading fashion and lifestyle magazines. The images are also used for outdoor advertising, catalog, in-store visual presentation and on our website, *bebe.com*. To further our brand exposure, we signed Eva Longoria as the face of BEBE SPORT from Spring 2007 through Spring 2009. We entered into an agreement with Eva Longoria to amend the length of her contract to September 2008. In the future, we plan to continue to establish business relationships with models and celebrities who best represent the bebe brand image.

*Events*

Our semi-annual collection preview events, where clients are invited to preview the latest collections, have become strategically important events in our stores. Additionally, we schedule major events throughout the year in partnership with national and regional magazines to benefit non-profit organizations.

**Store Operations**

As of September 2008, our store operations were organized into six regions and 43 districts. Each region is managed by a zone or regional director, and each district is managed by a district manager. Our zone director is responsible for two regions, each regional director is typically responsible for five to eight districts and each district manager is typically responsible for four to twelve stores. Each store is typically staffed with three to five managers in addition to sales associates.

We seek to instill enthusiasm and dedication in our store management personnel and our sales associates through incentive programs and regular communication with the stores. Sales associates, excluding associates in outlet stores, receive commissions on sales with a guaranteed minimum hourly compensation. Store managers receive base compensation plus incentive compensation based on sales and inventory control. Our district managers receive base compensation plus incentive compensation based on meeting sales and profitability benchmarks. Our regional managers and zone director participate in our management incentive program.

**Sourcing, Quality Control and Distribution**

All of our merchandise is marketed under the bebe, COLLECTION bebe, BEBE SPORT, bbsp, bebe O and 2b bebe brand names. We design and develop the majority of our merchandise in-house, which is manufactured to our specifications or is sourced directly from third-party manufacturers. When we contract for merchandise production, the contractors produce garments based on designs, patterns and detailed specifications provided by us.

We use computer aided design systems to develop patterns and production markers as part of our product development process. We fit test sample garments before production to make sure patterns are

accurate. We adhere to a strict formalized quality control program. Garments that do not pass inspection are returned to the manufacturer for rework or accepted at reduced prices for sale in our outlet stores.

The majority of our merchandise is received, inspected, processed, warehoused and distributed through our distribution center located in Benecia, California. Details about each receipt are supplied to merchandise planners who determine how the product should be distributed among the stores, based on current inventory levels, sales trends and specific product characteristics. Advance shipping notices are electronically communicated to the stores and any goods not shipped are stored for replenishment purposes. Merchandise typically is shipped to the stores three times per week using common carriers.

### **Competition**

The retail and apparel industries are highly competitive and are characterized by low barriers to entry. We expect competition in our markets to increase. The primary competitive factors in our markets are: brand name recognition, product styling, product quality, product presentation, product pricing, store ambiance, customer service and convenience.

### **Intellectual Property and Proprietary Rights**

We have registrations, or applications have been filed and are pending, with the United States Patent and Trademark Office ("USPTO") and/or with certain foreign registries in many of our core classifications (including clothing, jewelry, eyewear, fragrance and bags) for the following marks: bebe, COLLECTION bebe, BEBE SPORT, bbsp, 2b bebe and bebe O.

### **Information Services and Technology**

We are committed to utilizing technology to enhance our competitive position. Our information systems provide data to the entire enterprise to help improve efficiency, visibility, and actionable decision making. The core business systems, which consist of both purchased and internally developed software, are accessed over a company-wide network providing employees with access to key business applications.

Our investments in information systems have focused on our Supply Chain, Stores, and central corporate systems. To support our growth we initiated a three year IS&T strategic plan, and we have just concluded the third year of this plan. In year one, we completed the upgrade of our infrastructure, began the implementation of our new production management system, upgraded planning and allocation systems, completed the conversion of our web site to a third-party platform and rolled out our clubbebe Loyalty program. In year two, we went live with the first and second phases of our production management system which led to increased efficiency and reduction of paper. In year three, we added Product Life Cycle Management (PLM) to our supply chain and fully integrated it with the production system. We also completed major system upgrades and paperless efficiency improvements in human resources and finance. For stores, the point of sale system project is now well underway, and we are almost done with complete transformation of store telecom infrastructure and connectivity.

### **Employees**

As of July 5, 2008, we had 4,433 employees, of whom 428 were employed at the corporate offices, Los Angeles studio and distribution center. The remaining 4,005 employees were employed in store operations. There were 1,666 full-time employees and 2,767 employed on a part-time basis. This is an increase of approximately 3% as compared to the prior fiscal year. In addition, our employees are not represented by any labor union, and we believe our relationship with our employees is good.

**Available Information**

We make available on our website, *www.bebe.com*, under "Investor Relations," free of charge, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports as soon as reasonably practicable after we electronically file or furnish such materials to the U.S. Securities and Exchange Commission ("SEC").

Our Code of Business Conduct and Ethics, Policy for Reporting Violations and Complaints, Corporate Governance Principles and Practices for the Board of Directors, and Board of Directors' Committee Charters are also available on our website, under "Corporate Governance."

**EXECUTIVE OFFICERS AND DIRECTORS OF THE REGISTRANT**

**Executive Officers and Directors**

The following table sets forth certain information with respect to our executive officers and directors as of September 1, 2008:

| Name                    | Age | Position  |
|-------------------------|-----|---|
| Manny Mashouf(1)        | 70  | Chairman of the Board                                 |
| Barbara Bass(2)(3)*(4)  | 57  | Director  |
| Cynthia Cohen(2)(3)(4)* | 55  | Director  |
| Corrado Federico(4)(3)  | 67  | Director  |
| Caden Wang(2)*(4)       | 56  | Director  |
| Gregory Scott(1)        | 45  | Director and Chief Executive Officer                  |
| Walter Parks(1)         | 49  | Chief Operating Officer and Chief Financial Officer   |
| Barbara Wambach(1)      | 48  | Chief Administrative Officer                          |
| Susan Powers(1)         | 50  | Senior Vice President of Stores                       |
| Lawrence Smith(1)       | 42  | Vice President, General Counsel                       |

| Amy Nichelini(1)        | 42  | Principal Accounting Officer and Corporate Controller |

- 
- (1) Executive Officer.
  - (2) Member, Audit Committee.
  - (3) Member, Compensation and Management Development Committee.
  - (4) Member, Nominating and Corporate Governance Committee.
  - (\*) Chairman of the Committee

*Manny Mashouf* founded bebe stores, inc. and has served as Chairman of the Board since our incorporation in 1976. Mr. Mashouf served as our Chief Executive Officer from 1976 to February 2004. Mr. Mashouf is the father of Paul Mashouf, Vice President of Manufacturing and Sourcing BEBE SPORT, who resigned his employment in July 2008, and uncle of Hamid Mashouf, Vice President of Information Systems and Technology.

*Barbara Bass* has served as a director since February 1997. Since 1993, Ms. Bass has served as the President of the Gerson Bakar Foundation. From 1989 to 1992, Ms. Bass served as President and Chief Executive Officer of the Emporium Weinstock Division of Carter Hawley Hale Stores, Inc., a department store chain. Ms. Bass also serves on the Boards of Directors of Starbucks Corporation and DFS Group Limited.

## Edgar Filing: bebe stores, inc. - Form 10-K

*Cynthia R. Cohen* has served as a director since December 2003. Ms. Cohen is founder and President of Strategic Mindshare, a strategic management consulting firm. She also serves on the Boards of Directors of Steiner Leisure Ltd and Equity One, Inc., as well as several privately held companies. Prior to founding Strategic Mindshare in 1990, she was a Partner in Management Consulting with Deloitte & Touche. Ms. Cohen serves on the Executive Advisory Board for the Center for Retailing Education and Research at the University of Florida and is Chairman of the Strategic Mindshare Foundation, a philanthropic organization.

*Corrado Federico* has served as a director since November 1996. Mr. Federico is President of Solaris Properties and has served as the President of Corado, Inc., a land development firm, since 1991. He is also an active retail consultant. From 1986 to 1991, Mr. Federico held the position of President and Chief Executive Officer of Esprit de Corp, Inc., a wholesaler and retailer of junior and children's apparel, footwear and accessories.

*Caden Wang* has served as a director since October 2003. From 1999 to 2001, Mr. Wang served as Executive Vice President and Chief Financial Officer of LVMH Selective Retailing Group, which included international retail holdings such as DFS, Sephora and Miami Cruiseline Services. Mr. Wang has also served as the Chief Financial Officer for DFS, Gumps and Cost Plus. Mr. Wang is a Certified Public Accountant. Mr. Wang also serves on the Board of Directors of Leapfrog Enterprises, Inc.

*Gregory Scott* has served as our Chief Executive Officer since February 2004 and as director since August 2004. From 2000 to 2004, Mr. Scott was the President of the Arden B. division of The Wet Seal, Inc. From February 2000 to April 2000, Mr. Scott was President of Laundry, a division of Liz Claiborne. From 1996 to 2000, Mr. Scott was Vice President of Merchandising with bebe stores, inc.

*Walter Parks* has served as Chief Operating Officer since September 2006 and Chief Financial Officer since December 2003. From 2001 to 2003, Mr. Parks served as Executive Vice President and Chief Administrative Officer of Wet Seal, Inc. From 1999 to 2001, Mr. Parks served as the Executive Vice President and Chief Administrative Officer of Restoration Hardware, Inc. From 1997 to 1999, Mr. Parks served as Chief Financial Officer and Treasurer for Ann Taylor Stores Corporation, and in various other positions since joining that company in 1988.

*Barbara Wambach* has served as Chief Administrative Officer since August 2004. From February to August 2004, Ms. Wambach served as President and Chief Operating Officer of BEBE SPORT. From 2002 to 2004, Ms. Wambach served as Executive Vice President of Gap Body, a division of Gap, Inc. From 1999 to 2002, Ms. Wambach served as the Chief Executive Officer and President of eLUXURY.

*Susan Powers* has served as Senior Vice President of Stores since April 2007. From 2005 to 2007, Ms. Powers served as Vice President of Store Operations for Chico's FAS, Inc. From 2002 to 2005, Ms. Powers served as Vice President of Stores for The Wet Seal, Inc. From 1999 to 2002, Ms. Powers served as Vice President of Stores for BCBG Max Azria.

*Lawrence Smith* has served as Vice President, General Counsel since October 2004. Prior to joining bebe stores, inc., Mr. Smith served as Vice President, General Counsel for The Wet Seal, Inc. from January 2002 to October 2004. From January 1996 to January 2002, Mr. Smith served as Vice President, General Counsel for BCBG Max Azria.

*Erin Stern* joined bebe in August 2007 and currently serves as President BEBE SPORT. Prior to joining bebe stores, inc., Ms. Stern was Vice President and General Merchandising Manager for GAP Inc. as the head of the Old Navy Outlet Division. Prior to that she was Old Navy's Vice President and General Merchandising Manager of Baby. Ms. Stern launched her career in the Macy's executive training program.

*Amy Nichelini* joined bebe in March 2007 and currently serves as Principal Accounting Officer and Corporate Controller. From March 2007 to June 2008, Ms. Nichelini served as Corporate Controller of bebe stores inc. Prior to that, Ms. Nichelini held a Senior Manager position with the accounting firm Grant Thornton, LLP in its Management Consulting Group. Ms. Nichelini holds certifications as a Certified Public Accountant and Certified Internal Auditor.

**ITEM 1A. RISK FACTORS**

Our past performance may not be a reliable indicator of future performance because actual future results and trends may differ materially depending on a variety of factors, including, but not limited to, the risks and uncertainties discussed below. In addition, historical trends should not be used to anticipate results or trends in future periods.

Factors that might cause our actual results to differ materially from the forward-looking statements discussed elsewhere in this report, as well as affect our ability to achieve our financial and other goals, include, but are not limited to, the following:

**RISKS RELATING TO OUR BUSINESS:**

**1. The success of our business depends in large part on our ability to identify fashion trends as well as to react to changing customer demand in a timely manner.** Consequently, we depend in part upon the customer response to the creative efforts of our merchandising, design and marketing teams and their ability to anticipate trends and fashions that will appeal to our consumer base. If we miscalculate our customers' product preferences or the demand for our products, we may be faced with excess inventory. Historically, this type of occurrence has resulted in excess fabric for some products and markdowns and/or write-offs, which has impaired our profitability, and may do so in the future. Similarly, any failure on our part to anticipate, identify and respond effectively to changing customer demands and fashion trends will adversely affect our sales.

**2. If we are unable to obtain raw materials or unable to find manufacturing facilities or our manufacturers perform unacceptably, our sales may be negatively affected and our financial condition may be harmed.** We do not own any manufacturing facilities and therefore depend on contractors and third parties to manufacture our products. We place all of our orders for production of merchandise and raw materials by purchase order and do not have any long-term contracts with any manufacturer or supplier. If we fail to maintain favorable relationships with our manufacturers and suppliers or are unable to obtain sufficient quantities of quality raw materials on commercially reasonable terms, it could harm our business and results of operations. We cannot assure you that contractors and third-party manufacturers (1) will not supply similar products to our competitors, (2) will not stop supplying products to us completely or (3) will supply products in a timely manner. Untimely receipt of products may result in lower than anticipated sales and markdowns which would have a negative impact on earnings. Furthermore, we have received in the past, and may receive in the future, shipments of products from manufacturers that fail to conform to our quality control standards. In such event, unless we are able to obtain replacement products in a timely manner, we may lose sales. Certain of our third-party manufacturers store our raw materials. In the event our inventory was damaged or destroyed and we were unable to obtain replacement raw materials, our earnings could be negatively impacted.

**3. Our success depends on our ability to attract and retain key employees in order to support our existing businesses and future expansion.** From time to time we actively recruit qualified candidates to fill key executive positions from within our company. There is substantial competition for experienced personnel, which we expect will continue. We compete for experienced personnel with companies who have greater financial resources than we do. In the past, we have experienced significant turnover of our executive management team and retail store personnel. We are also exposed to employment practice litigation due to the large number of employees and high turnover of our sales associates. If we fail to attract, motivate and retain qualified personnel, it could harm our business and limit our ability to expand.

In addition, we depend upon the expertise and execution of our key employees, particularly Manny Mashouf, our founder, Chairman of the Board of Directors and majority shareholder, and Gregory Scott, our Chief Executive Officer and member of the Board of Directors. If we lose the services of

Mr. Mashouf, Mr. Scott, or any key officers or employees, it could harm our business and results of operations.

**4. If we are not able to successfully develop new concepts, including BEBE SPORT and 2b bebe, our revenue base and earnings may be impaired.** From time to time, we may pursue new concepts. If the BEBE SPORT, 2b bebe or other new concepts are not successful, our financial condition may be harmed.

**5. We cannot assure that future store openings will be successful and new store openings may impact existing stores.** We expect to open approximately 24 stores in fiscal 2009, of which approximately 13 will be bebe stores, approximately 1 will be a BEBE SPORT store and approximately 10 will be 2b bebe outlet stores. In the past, we have closed stores as a result of poor performance, and we cannot assure that the stores that we plan to open in fiscal 2009, or any other stores that we might open in the future, will be successful or that our overall operating profit will increase as a result of opening these stores. During fiscal 2008, we closed 5 stores, and during fiscal 2009, we anticipate closing approximately 6 stores. Most of our new store openings in fiscal 2009 will be in existing markets. These openings may affect the existing stores' net sales and profitability. Our failure to predict accurately the demographic or retail environment at any future store location could have a material adverse effect on our business, financial condition and results of operations.

Our ability to effectively obtain real estate to open new stores depends upon the availability of real estate that meets our criteria, including traffic, square footage, co-tenancies, average sales per square foot, lease economics, demographics, and other factors, and our ability to negotiate terms that meet our financial targets. In addition, we must be able to effectively renew our existing store leases. Failure to secure real estate locations adequate to meet annual targets as well as effectively managing the profitability of our existing fleet of stores could have a material adverse effect on our business, financial condition and results of operations.

**6. We are subject to risks associated with our on-line sales.** We operate an on-line store at [www.bebe.com](http://www.bebe.com) to sell our merchandise, which we migrated to a third-party platform in February 2006. Although our on-line sales encompass a relatively small percentage of our total sales, our on-line operations are subject to numerous risks, including unanticipated operating problems, reliance on third-party computer hardware and software providers, system failures and the need to invest in additional computer systems. The on-line operations also involve other risks that could have an impact on our results of operations including but not limited to diversion of sales from our other stores, rapid technological change, liability for on-line content, credit card fraud and risks related to the failure of the computer systems that operate the website and its related support systems. In addition, with the migration to a third-party platform, we no longer have direct control of certain aspects of our on-line business. We cannot assure that our on-line store will continue to achieve sales and profitability growth or even remain at its current level.

**7. Purchases of the merchandise we sell are generally discretionary and are therefore particularly susceptible to economic conditions.** The outlook for the United States economy is uncertain and is directly affected by global factors that are beyond our control. Such factors include disposable consumer income, oil prices, recession and fears of recession, war and fears of war, terrorist attacks, inclement weather, consumer debt, interest rates, sales tax rates, consumer confidence in future economic conditions and political conditions, and consumer perceptions of personal well-being and security. Consumers are generally more willing to make discretionary purchases, including purchases of fashion products, during periods in which favorable economic conditions prevail. If economic conditions worsen, our business, financial condition and results of operations could be adversely affected. We cannot predict the indirect effects on our results of operations, of natural disasters, rising oil and freight prices, consumer spending or other economic factors.

**8. Any serious disruption at our major facilities could have a harmful effect on our business.** We currently operate a corporate office in Brisbane, California, a distribution facility in Benicia, California, and a design studio and production facility in Los Angeles, California. Any serious disruption at these facilities whether due to construction, relocation, fire, earthquake, terrorist acts or otherwise would harm our operations and could have a harmful effect on our business and results of operations. Furthermore, we have little experience operating essential functions away from our main corporate offices and are uncertain what effect operating such satellite facilities might have on business, personnel and results of operations.

**9. We rely on information technology, the disruption of which could adversely impact our business.** We rely on various information systems to manage our operations and regularly make investments to upgrade, enhance or replace such systems. Any delays or difficulties in transitioning to these or other new systems, or in integrating these systems with our current systems, or any other disruptions affecting our information systems, could have a material adverse impact on our business. Any failure to maintain adequate system security controls to protect our computer assets and sensitive data, including client data, from unauthorized access, disclosure or use could also damage our reputation with our clients.

**10. We face significant competition in the retail and apparel industry, which could harm our sales and profitability.** The retail and apparel industries are highly competitive and are characterized by low barriers to entry. We expect competition in our markets to increase. The primary competitive factors in our markets are: brand name recognition, sourcing, product styling, quality, presentation and pricing, timeliness of product development and delivery, store ambiance, customer service and convenience.

We compete with traditional department stores, specialty store retailers, business to consumer websites, off-price retailers and direct marketers for, among other things, raw materials, market share, retail space, finished goods, sourcing and personnel. Because many of these competitors are larger and have substantially greater financial, distribution and marketing resources than we do, we may lack the resources to adequately compete with them. If we fail to remain competitive in any way, it could harm our business, financial condition and results of operations.

**11. Our business could be adversely impacted by unfavorable international political conditions.** Due to our international operations, our sales and operating results are, and will continue to be, affected by international social, political, legal and economic conditions. In particular, our business could be adversely impacted by instability or changes resulting in the disruption of trade with the countries in which our contractors, suppliers or customers are located, significant fluctuations in the value of the dollar against foreign currencies or restrictions on the transfer of funds, or additional trade restrictions imposed by the United States and other foreign governments. Trade restrictions, including increased tariffs or quotas, embargoes and customs restrictions could increase the cost or reduce the supply of merchandise available to us and adversely affect our financial condition and results of operations.

**12. If we are not able to protect our intellectual property successfully, our ability to capitalize on the value of our brand name may be impaired.** Even though we take actions to establish, register and protect our trademarks and other proprietary rights, we cannot assure you that we will be successful or that others will not imitate our products or infringe upon our intellectual property rights. In addition, we cannot assure that others will not resist or seek to block the sale of our products as infringements of their trademark and proprietary rights.

Obstacles may exist that may prevent us from obtaining a trademark for the bebe name or related names. We may not be able to register certain trademarks, purchase the right or obtain a license to use the bebe name or related names on commercially reasonable terms. If we fail to obtain trademark, ownership or license the requisite rights, it would limit our ability to expand. In some jurisdictions,

despite successful registration of our trademarks, third parties may allege infringement and bring actions against us. In addition, if our licensees fail to use our intellectual property correctly, the reputation and value associated with our trademarks may be diluted.

Furthermore, if we do not demonstrate use of our trademarks, our trademark rights may lapse over time.

**13. If an independent manufacturer violates labor or other laws, or is accused of violating any such laws, or if their labor practices diverge from those generally accepted as ethical, it could harm our business and brand image.** While we maintain a policy to monitor the operations of our independent manufacturers by having an independent firm inspect these manufacturing sites, and all manufacturers are contractually required to comply with such labor practices, we cannot control the actions or the public's perceptions of such manufacturers, nor can we assure that these manufacturers will conduct their businesses using ethical or legal labor practices. Apparel companies can be held jointly liable for the wrongdoings of the manufacturers of their products. While we do not control their employees' employment conditions or the manufacturers' business practices, and the manufacturers act in their own interest, they may act in a manner that results in negative public perceptions of us and/or employee allegations or court determinations that we are jointly liable.

#### **RISKS RELATING TO OUR COMMON STOCK:**

**1. Our stock price may fluctuate because of the small number of shares that can be publicly traded and the low average daily trading volumes.** The vast majority of our outstanding shares of our common stock are subject to trading restrictions. As of July 5, 2008, of the approximately 89,000,000 shares of our common stock then outstanding, approximately 28,000,000 shares of our common stock were available to be publicly traded, and as a result, our average daily trading volumes are relatively low, and our stock price is vulnerable to market swings due to large purchases, sales and short sales of our common stock.

**2. Because Manny Mashouf beneficially owns a substantial portion of the outstanding shares, other shareholders may not be able to influence the direction the company takes.** As of August 31, 2008, Manny Mashouf, the Chairman of the Board, beneficially owned approximately 56% of the outstanding shares of our common stock. As a result, he can control the election of directors and the outcome of all issues submitted to the shareholders. This may make it more difficult for a third party to acquire shares, may discourage acquisition bids, and could limit the price that certain investors might be willing to pay for shares of common stock. This concentration of stock ownership may have the effect of delaying, deferring or preventing a change in control of our company.

**3. Our significant shareholders hold a substantial portion of our stock, which may result in trading volatility or may adversely affect our common stock.** As of August 31, 2008, Ms. Neda Mashouf owned 13% of the outstanding shares of our common stock. Any change in the ownership of a significant portion of these shares, including sales by Ms. Mashouf, may result in trading volatility in our common stock or may adversely affect our stock price.

**4. Our sales, margins and operating results are subject to seasonal and quarterly fluctuations.** Our business varies with general seasonal trends that are characteristic of the retail and apparel industries, such as the timing of seasonal wholesale shipments and other events affecting retail sales. As a result, our stores typically generate a higher percentage of our annual net sales and profitability in the second quarter of our fiscal year (which includes the holiday selling season) compared to other quarters.

In addition, our comparable store sales have fluctuated significantly in the past, and we expect that they will continue to fluctuate in the future. A variety of factors affect comparable store sales, including fashion trends, competition, current economic conditions, the timing of release of new merchandise and

promotional events, changes in our merchandise mix, the success of marketing programs and weather conditions. Our ability to deliver strong comparable store sales results and margins depends in large part on accurately forecasting demand and fashion trends, selecting effective marketing techniques, providing an appropriate mix of merchandise for our customer base, managing inventory effectively, and optimizing store performance by closing under performing stores.

Such fluctuations may adversely affect the market price of our common stock.

**5. We may be required to record impairment charges in future quarters as a result of the decline in value of our investments in auction rate securities.** We hold a variety of interest bearing auction rate securities ("ARS") comprised of federally insured student loan backed securities and insured municipal authority bonds. These ARS investments are intended to provide liquidity via an auction process that resets the applicable interest rate at predetermined calendar intervals, allowing investors to either roll over their holdings or gain immediate liquidity by selling such interests at par. The recent uncertainties in the credit markets have affected all of our holdings in ARS investments and the majority of auctions for our investments in these securities have failed to settle on their respective settlement dates. Consequently, the investments are not currently liquid and we will not be able to access these funds until a future auction of these investments is successful or a buyer is found outside of the auction process. Maturity dates for these ARS investments range from 2010 to 2045 with principal distributions occurring on certain securities prior to maturity.

The valuation of our investment portfolio is subject to uncertainties that are difficult to predict. Factors that may impact its valuation include changes to credit ratings of the securities as well as to the underlying assets supporting those securities, rates of default of the underlying assets, underlying collateral value, discount rates and ongoing strength and quality of market credit and liquidity.

Although we currently have the ability and intent to hold these ARS investments until a recovery of the auction process or until maturity, if the current market conditions deteriorate further, or the anticipated recovery in market values does not occur, we may be required to record additional unrealized losses in other comprehensive income or impairment charges in future quarters.

**6. Failure to comply with Section 404 of the Sarbanes-Oxley Act of 2002 could negatively impact investor confidence.** In order to meet the requirements of the Sarbanes-Oxley Act of 2002 in future periods, we must continuously document, test, monitor and enhance our internal control over financial reporting. We cannot assure that the periodic evaluation of our internal controls required by Section 404 of the Sarbanes-Oxley Act will not result in the identification of significant control deficiencies and/or material weaknesses or that our auditors will be able to attest to the effectiveness of our internal control over financial reporting. Failure to maintain the effectiveness of our internal control over financial reporting or to comply with the requirements of this Act could have a material adverse effect on our reputation, financial condition and market price of our common stock.

#### **ITEM 1B. UNRESOLVED STAFF COMMENTS**

None.

#### **ITEM 2. PROPERTIES**

As of July 5, 2008, our 303 stores, all of which are leased, encompassed approximately 1,127,000 total square feet. The typical store lease is for a 10-year term and requires us to pay a base rent and a percentage rent if certain minimum sales levels are achieved. Many of the leases provide a lease termination option in certain specified years of the lease if certain minimum sales levels are not achieved. In addition, leases for store locations typically require us to pay property taxes, utilities, repairs and common area maintenance fees.

## Edgar Filing: bebe stores, inc. - Form 10-K

Our main corporate headquarters are currently located in a facility in Brisbane, California. The Brisbane facility is approximately 35,000 square feet and houses administrative offices, planning operations and store support services. The lease expires in April 2014. We also lease a 144,000 square foot distribution center in Benicia, California. The lease expires in April 2013. In fiscal 2004, we acquired a 50,000 square foot design studio and production facility in Los Angeles, California that houses our design, merchandising and production activities.

### ITEM 3. LEGAL PROCEEDINGS

As of the date of this filing, we are involved in ongoing legal proceedings as described below.

A former employee sued bebe in a complaint filed on April 28, 2005 in the United States District Court for the Northern District of California (case No. C050177) alleging violations under the Fair Labor Standards Act, specifically that we obligated her to buy and wear its brand clothing as a uniform, without reimbursement or credit, and the net effect of deducting the value of such required purchases from her wages would often result in her not being paid minimum wages. The plaintiff purports to bring the action also on behalf of a class of hourly, non-managerial employees who are similarly situated. The lawsuit seeks compensatory, statutory and injunctive relief. We have negotiated a confidential settlement in this case which remains subject to court approval. One objection to the settlement has been filed by the plaintiff in the lawsuit described in the next paragraph of this section. We have accrued an amount that we believe reasonably estimates the potential liability, which did not have a material impact on our financial position or results of operations.

A former employee sued us in a complaint filed July 27, 2006 in the Superior Court of California, San Mateo County (case No. CIV 456550) alleging a failure to pay all wages, failure to pay overtime wages, failure to pay minimum wages, failure to provide meal periods, violation of Labor Code §450, violation of Labor Code §2802 and California Code of Regulations §11040(9)(A), statutory wage violations (late payment of wages), unlawful business practices under Business and Professions Code §16720 and §17200, conversion of wages and violation of Civil Code §52.1. The plaintiff purports to bring the action also on behalf of current and former California bebe employees who are similarly situated. The lawsuit seeks compensatory, statutory, punitive, restitution and injunctive relief. In September, 2008, we filed an opposition to Plaintiff's recently filed motion to certify a class relating only to Plaintiff's claim that we required employees to purchase and wear our product. The court is currently reviewing this matter.

A former employee sued bebe in a complaint filed September 20, 2007 in the United States District Court for the District of New Jersey (case no. 07-cv-4514 (D.N.J.)) alleging various state and federal statutory breaches based on a failure to pay all wages, including overtime wages and bonus, failure to provide and/or pay for meal and rest break periods, failure to credit vacation time and other benefits and retaliation, wrongful termination, breach of contract, breach of covenant of good faith and fair dealing, and unjust enrichment. Plaintiff purports to bring the action on behalf of current and former store management employees who are or were similarly situated. The complaint seeks compensatory, statutory and punitive damages and equitable relief. In April, 2008, we filed both a Motion to Dismiss and an objection to Plaintiff's Motion for Conditional Class Certification. The Court is still considering these motions and, as a result, a magistrate judge has extended the discovery process until the Court has ruled on the two named motions.

A customer sued us in a complaint filed December 14, 2006 in the Superior Court of Contra Costa County (case no. C06-02630) alleging that we utilized a certain type of preprinted credit card form in a return transaction in violation of California Civil Code §1747.08. The plaintiff purported to bring the action also on behalf of other customers who are similarly situated. After the California courts recently resolved a similar case (involving different parties) in a manner consistent with our position in this

## Edgar Filing: bebe stores, inc. - Form 10-K

lawsuit, we were able to secure from Plaintiff a dismissal of this action with no liability to the company. Such dismissal was filed and should be entered by the Court in September, 2008.

On February 9, 2007, a customer, purportedly on behalf of other customers similarly situated, filed suit against bebe in the Central District of California (case no. CV-07-0972) alleging we violated the Fair Credit Reporting Act (the "FCRA") by printing on receipts more than the last five digits of the credit or debit card numbers and/or the expiration date. The suit sought statutory and punitive damages, attorney's fees and injunctive relief. After recent Federal legislation was signed into law, effectively invalidating Plaintiff's claims against us in this lawsuit, we were able to secure from Plaintiff a dismissal with no liability to the company. The dismissal was filed with the Court in July, 2008

We are also involved in various other legal proceedings arising in the normal course of business. None of these matters nor the matters listed above are expected, individually or in the aggregate, to have a material adverse effect on our business, financial condition or results of operations.

We intend to defend ourselves vigorously against each of these claims. However, the results of any litigation are inherently uncertain. We cannot assure you that we will be able to successfully defend ourselves in these lawsuits. Where required, and/or otherwise appropriate, we have recorded an estimate of potential liabilities that we believe is reasonable. Any estimates are revised as further information becomes available.

#### **ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

No matters were submitted to a vote of our shareholders during the fourth quarter of fiscal 2008.

## PART II

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

Our common stock trades on the Nasdaq National Market under the symbol "BEBE." The following table sets forth the high and low sales prices of our common stock for each quarterly period within the two years ended July 5, 2008, as reported by Nasdaq:

|                    | High    | Low     |
|--------------------|---------|---------|
| <b>Fiscal 2007</b> |         |         |
| First Quarter      | \$25.44 | \$14.34 |
| Second Quarter     | 26.86   | 19.25   |
| Third Quarter      | 19.98   | 16.63   |
| Fourth Quarter     | 18.53   | 15.99   |
| <b>Fiscal 2008</b> |         |         |
| First Quarter      | \$16.69 | \$12.35 |
| Second Quarter     | 15.19   | 11.71   |
| Third Quarter      | 13.83   | 9.01    |
| Fourth Quarter     | 11.66   | 9.34    |

In November 2004 and April 2005, respectively, the Company declared 3-for-2 stock splits which became effective in, December 2004 and June 2005, respectively. All share and per share amounts included in this report have been adjusted for these stock splits.

On September 13, 2007, the Company entered into an agreement with the Company's former Vice Chairperson Neda Mashouf to purchase 5 million shares of its outstanding common stock beneficially owned by Ms. Mashouf at a price per share of \$13.39, for an aggregate purchase price of \$66,950,000. The Company completed the purchase and retired the shares during the first quarter of fiscal 2008.

As of August 31, 2008, the number of holders of record of our common stock was 76 and the number of beneficial holders of our common stock was approximately 10,000.

Declaration and payment of dividends is within the sole discretion of our Board of Directors, subject to limitations imposed by California law and compliance with our credit agreements, and will depend on our earnings, capital requirements, financial condition and such other factors as the Board of Directors deems relevant. During fiscal 2008, we declared four quarterly dividends of \$0.05 each per common share.

**Stock Performance Graph**

The graph below compares the percentage changes in our cumulative total shareholder return on our common stock for the five-year period ended July 5, 2008, with (i) the cumulative total return of the S & P 500 Index ("S & P 500") and (ii) the S & P Apparel, Accessories & Luxury Goods Index. The total shareholder return for our common stock assumes quarterly reinvestment of dividends.

**ITEM 6. SELECTED FINANCIAL DATA****Selected Financial and Operating Data**

The following selected financial data is qualified by reference to, and should be read in conjunction with, our Consolidated Financial

Statements and related Notes thereto and the other financial information appearing elsewhere in this report. These historical results are not necessarily indicative of results to be expected in the future. In November 2004 and April 2005, we declared 3-for-2 stock splits which became effective in December 2004 and June 2005, respectively. All share and per share amounts included herein have been adjusted for these stock splits.

|   | Fiscal Year Ended |                 |                 |                 |                  |
|---|-------------------|-----------------|-----------------|-----------------|------------------|
|   | July 5,<br>2008   | July 7,<br>2007 | July 1,<br>2006 | July 2,<br>2005 | June 30,<br>2004 |
| (Dollars in thousands, except per share data)     |                   |                 |                 |                 |                  |
| <b>Operating Results:</b>                         |                   |                 |                 |                 |                  |
| Net sales   | \$ 687,622        | \$ 670,912      | \$ 579,073      | \$ 509,527      | \$ 372,257       |
| Cost of sales, including production and occupancy | 372,209           | 349,095         | 292,592         | 256,560         | 197,269          |
| Gross margin                                      | 315,413           | 321,817         | 286,481         | 252,967         | 174,988          |
| Selling, general and administrative expenses      | 236,044           | 216,560         | 181,986         | 151,087         | 122,278          |
| Income from operations                            | 79,369            | 105,257         | 104,495         | 101,880         | 52,710           |
| Interest and other income, net                    | 16,396            | 13,120          | 10,408          | 5,013           | 1,959            |
| Income before income taxes                        | 95,765            | 118,377         | 114,903         | 106,893         | 54,669           |
| Provision for income taxes                        | 32,685            | 41,099          | 41,096          | 40,561          | 20,899           |
| Net income  | \$ 63,080         | \$ 77,278       | \$ 73,807       | \$ 66,332       | \$ 33,770        |
| Basic income per share                            | \$ 0.70           | \$ 0.83         | \$ 0.81         | \$ 0.74         | \$ 0.39          |

(1)

## Edgar Filing: bebe stores, inc. - Form 10-K

Based on the sum of average monthly sales for the period.

(2)

Comparable store sales are calculated by including the net sales of stores that have been open at least one year. Therefore, a store is included in the comparable store sales base beginning with its thirteenth month. Stores that have been expanded or remodeled by 15 percent or more or have been permanently relocated are excluded from the comparable store sales base. In addition, comparable store sales are calculated using a same day sales comparison. On-line and international licensee store sales are not included in the comparable store sales calculation.

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the Consolidated Financial Statements and related Notes thereto included elsewhere in this report. The following Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements, which involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth under "Risks Factors" under Item 1A of this report.

**Critical Accounting Policies**

Management's Discussion and Analysis of Financial Condition and Results of Operations are based upon our consolidated financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America.

The preparation of these financial statements requires the appropriate application of certain accounting policies, many of which require us to make estimates and assumptions about future events and their impact on amounts reported in our financial statements and related notes. Since future events and their impact cannot be determined with certainty, the actual results will inevitably differ from our estimates. Such differences could be material to the financial statements. We believe our application of accounting policies, and the estimates inherently required therein, are reasonable. These accounting policies and estimates are constantly reevaluated, and adjustments are made when facts and circumstances dictate a change. Our accounting policies are more fully described in Note 1 to our financial statements included in this report.

We have identified certain critical accounting policies, which are described below.

*Revenue recognition.* We recognize revenue at the time the products are received by the customers in accordance with the provisions of Staff Accounting Bulletin (SAB") No. 101, *Revenue Recognition in Financial Statements* as amended by SAB No. 104, *Revenue Recognition*. We recognize revenue for store sales at the point at which the customer receives and pays for the merchandise at the register. For on-line sales, we recognize revenue at the time the customer receives the product. We estimate and defer revenue and the related product costs for shipments that are in transit to the customer. Customers typically receive goods within one week of shipment. We reflect amounts related to shipping billed to customers in net sales and the related costs in cost of goods sold. Sales tax collected from customers on retail sales are recorded net of retail sales at the time of the transaction.

We record a reserve for estimated product returns based on historical return trends. If actual returns are greater than those projected, we may include additional sales returns in the future.

Discounts offered to customers consist primarily of point of sale markdowns and are recorded at the time of the related sale as a reduction of revenue.

We include the value of points and rewards earned by our loyalty program members as a liability and a reduction of revenue at the time the points and rewards are earned based on historical conversion and redemption rates. The associated revenue is recognized when the rewards are redeemed or expire.

We carry gift certificates sold as a liability and recognize revenue when the gift certificate is redeemed. Similarly, customers may receive a store credit in exchange for returned goods. We carry store credits as a liability until redeemed. We recognize unredeemed store credits and gift certificates as revenue three and four years, respectively, after issuance.

We record royalty revenue from product licensees as earned.

## Edgar Filing: bebe stores, inc. - Form 10-K

We recognize wholesale licensee revenue from sale of product to international licensee operated bebe stores at the time the licensee receives shipment. These stores are excluded from comparable store sales.

*Stock Based Compensation.* Our marketable securities are classified as available for sale and carried at their fair market value. We account for stock options and awards issued to employees in accordance with the fair value recognition provisions of Financial Accounting Standards Board ("FASB") Statement No. 123(R) ("SFAS No. 123(R)"), *Share-Based Payment*, using the modified prospective transition method. Under SFAS No. 123(R), stock-based awards to employees are required to be recognized as compensation expense, based on the calculated fair value on the date of grant. We determine the fair value using the Black Scholes option pricing model. This model requires subjective assumptions, including future stock price volatility and expected term, which affect the calculated values.

*Inventories.* We state inventories at the lower of weighted average cost or market. We determine market based on the estimated net realizable value, which is generally the merchandise selling price. To ensure that our raw material is properly valued we age the fabric inventory and record a reserve in accordance with our established policy, which is based on historical experience. To ensure our finished goods inventory is properly valued, we review the age and turnover of our inventory and record a reserve if the selling price is marked down below cost. These assumptions can have an impact on current and future operating results and financial position. We estimate shrinkage for the period between the last physical count and balance sheet date based on historic shrinkage trends.

*Marketable securities.* We hold a variety of interest bearing auction rate securities ("ARS") comprised of federally insured student loan backed securities and insured municipal authority bonds. As of July 5, 2008, our ARS portfolio totaled approximately \$236 million, net of an impairment charge of \$7.8 million, which were classified as non-current ARS. This amount includes approximately 98% federally insured student loan backed securities and 2% municipal authority bonds. Our ARS portfolio is comprised of approximately 83% AAA rated investments, 5% AA rated investments and 12% A rated investments. These ARS investments are intended to provide liquidity via an auction process that resets the applicable interest rate at predetermined calendar intervals, allowing investors to either roll over their holdings or gain immediate liquidity by selling such interests at par. The recent uncertainties in the credit markets have affected all of our holdings in ARS investments and auctions for the majority of our investments in these securities have failed to settle on their respective settlement dates. Consequently, the investments are not currently liquid and we will not be able to access these funds until a future auction of these investments is successful. Maturity dates for these ARS investments range from 2010 to 2045 with principal distributions occurring on certain securities prior to maturity. We currently have the ability and intent to hold these ARS investments until a recovery of the auction process or until maturity.

Typically the fair value of ARS investments approximates par value due to the frequent resets through the auction process. While we continue to earn interest on our ARS investments at the maximum contractual rate, these investments are not currently trading and therefore do not currently have a readily determinable market value. Accordingly, the estimated fair value of ARS no longer approximates par value.

We determined the estimated fair value of our investment in ARS as of July 5, 2008 based on an estimated present value using a discounted cash flow model. The assumptions used in preparing the discounted cash flow model include estimates for interest rates, underlying assets supporting the ARS, timing and amount of cash flows and expected holding periods of the ARS. Based on this assessment of fair value, as of July 5, 2008 we determined there was a decline in the fair value of our ARS investments of \$7.8 million, of which all was deemed temporary. An impairment charge was recorded in the other comprehensive income component of shareholders' equity.

## Edgar Filing: bebe stores, inc. - Form 10-K

We review our impairments in accordance with SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, and related guidance issued by the FASB and SEC in order to determine the classification of the impairment as "temporary" or "other-than-temporary." A temporary impairment charge results in an unrealized loss being recorded in the other comprehensive income component of shareholders' equity. Such an unrealized loss does not affect net income for the applicable accounting period. An other-than-temporary impairment charge is recorded as a realized loss in the condensed consolidated statement of income and reduces net income for the applicable accounting period. The differentiating factors between temporary and other-than-temporary impairment are primarily the length of the time and the extent to which the market value has been less than cost, the financial condition and near-term prospects of the issuer and our current intent and ability to retain our investment in the issuer for a period of time sufficient to allow for any anticipated recovery in market value.

The valuation of our investment portfolio is subject to uncertainties that are difficult to predict. Factors that may impact its valuation include changes to credit ratings of the securities as well as to the underlying assets supporting those securities, rates of default of the underlying assets, underlying collateral value, discount rates and ongoing strength and quality of market credit and liquidity.

*Long-lived assets.* We review long-lived assets for impairment whenever events or changes in circumstances, such as store closures or poor performing stores, indicate that the carrying value of an asset may not be recoverable. If the undiscounted cash flows from the long-lived assets are less than the carrying value we record an impairment charge equal to the difference between the carrying value and the asset's estimated fair value. In addition, at the time a decision is made to close a store, we record an impairment charge, if appropriate, or accelerate depreciation over the revised useful life of the asset. Historically, our impairment charges have been immaterial. During fiscal 2008, we recorded a \$848,000 charge for the impairment of store assets. We did not record an impairment charge during fiscal 2007 and during fiscal 2006 we recorded charges for the impairment of store assets of \$73,000. We believe at this time that the long-lived assets' carrying values and useful lives continue to be appropriate.

*Accrued Litigation.* We accrue estimates of probable liabilities associated with lawsuits and claims. The results of any litigation are inherently uncertain. As information becomes available, we assess the potential liabilities related to pending litigation and may revise our estimates as necessary. Such revisions of estimates could materially impact the results of operations and financial position.

*Self-Insurance.* We use a combination of insurance and self-insurance for employee related health care benefits. We record self-insurance liabilities based on claims filed and an estimate of those claims incurred but not reported. Any projection of losses concerning our liability is subject to a high degree of variability. Among the causes of this variability are unpredictable external factors affecting future inflation rates, changes in severity, benefit level changes, medical costs and claim settlement patterns. Should a different amount of claims occur compared to what was estimated or costs of the claims increase or decrease beyond what was anticipated, we may need to adjust reserves in the future.

*Income Taxes.* On July 8, 2007, we adopted FIN 48. FIN 48 prescribes a recognition threshold that a tax position is required to meet before being recognized in the financial statements and provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition issues. To the extent that our estimates change or the final tax outcome of these matters is different than the amounts recorded, such differences will impact the income tax provision in the period in which such determinations are made. Our effective tax rate in a given financial statement period may be materially impacted by changes in the mix and level of earnings, changes in the expected outcome of audits or changes in the deferred tax valuation allowance.

**Recent Accounting Pronouncements**

In July 2006, the FASB issued Interpretation No. 48 ("FIN 48"), *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109*. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company implemented FIN 48 as of July 8, 2007. See Footnote 6 of the Notes to the Consolidated Financial Statements for information on the impact of implementing FIN 48 on our financial position and statement of operations.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 applies under other accounting pronouncements that require or permit fair value measurements and accordingly does not require any new fair value measurements. The provisions of SFAS No. 157 are to be applied prospectively as of the beginning of the fiscal year in which it is initially applied, with any transition adjustment recognized as a cumulative-effect adjustment to the opening balance of retained earnings. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007. In February 2008, the FASB issued FSP Nos. 157-1 and 157-2 which partially deferred the effective date of SFAS No. 157 for one year for certain non-financial assets and liabilities and removed certain leasing transactions from its scope. We have not yet determined the impact that the adoption of SFAS No. 157 will have on our consolidated financial statements but do not believe the adoption will have a material impact on our financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities-Including an amendment of FASB Statement No. 115*. SFAS No. 159 permits entities to choose to measure eligible items at fair value at specified election dates and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The Company does not expect the adoption of SFAS No. 159 to have a material impact on our financial position and results of operations.

**Results of Operations**

Our fiscal year ends on the first Saturday after June 30. Fiscal 2008, 2007 and 2006 included 52, 53 and 52 weeks, respectively.

## Edgar Filing: bebe stores, inc. - Form 10-K

The following table sets forth certain financial data as a percentage of net sales for the periods indicated:

|  | Fiscal Year Ended |                 |                 |
|--|-------------------|-----------------|-----------------|
|  | July 5,<br>2008   | July 7,<br>2007 | July 1,<br>2006 |
| <b>Statement of Operating Data:</b>                  |                   |                 |                 |

---

(1) Cost of sales includes the cost of merchandise, occupancy costs and production costs.

(2) Selling, general and administrative expenses primarily consist of non-occupancy store costs, corporate overhead and advertising costs.

### Fiscal Years Ended July 5, 2008 and July 7, 2007

*Net Sales.* Net sales increased to \$687.6 million during the year ended July 5, 2008 from \$670.9 million in fiscal 2007, an increase of \$16.7 million, or 2.5%. The increase in sales is primarily attributable to an increase in sales of \$54.4 million generated by stores not included in the comparable store sales base, online sales of \$8.0 million and wholesale sales to international licensees of \$6.7 million. The increase was partially offset by a 7.6% decrease in comparable store sales and an additional \$10 million in sales in fiscal 2007 due to the extra week in fiscal 2007.

*Gross Margin.* Gross margin decreased to \$315.4 million for the year ended July 5, 2008 from \$321.8 million in fiscal 2007, a decrease of \$6.4 million, or 2.0%. As a percentage of net sales, gross margin of 45.9% was lower than prior year at 48.0% primarily due to higher markdowns and unfavorable occupancy leverage, partially offset by higher initial markups.

*Selling, General and Administrative Expenses.* Selling, general and administrative expenses, which primarily consist of non-occupancy store costs, corporate overhead and advertising costs, increased to \$236.0 million during fiscal 2008 from \$216.6 million in fiscal 2007, an increase of \$19.4 million, or 9.0%. As a percentage of net sales, these expenses increased to 34.3% during fiscal 2008 from 32.3% in fiscal 2007. This increase as a percentage of net sales was primarily due to increases in compensation, depreciation and advertising.

*Interest and Other Income, Net.* We generated \$16.4 million of interest and other income, net of other expenses, during fiscal 2008 as compared to \$13.1 million in fiscal 2007. The increase in interest and other income resulted from an increase in interest rates primarily on our auction rate securities and additions to our marketable securities balances due to positive operating results partially offset by a decrease in cash and equivalents and investments due to the purchase of 5 million shares of our outstanding stock from our former Vice Chairperson, Neda Mashouf, for an aggregate purchase price of \$66,950,000.

## Edgar Filing: bebe stores, inc. - Form 10-K

*Provision for Income Taxes.* Our effective tax rate was 34.1% for fiscal 2008 as compared to 34.7% for fiscal 2007. The lower effective tax rate for 2008 was primarily attributable to an increase in tax exempt interest.

### **Fiscal Years Ended July 7, 2007 and July 1, 2006**

*Net Sales.* Net sales increased to \$670.9 million during the year ended July 7, 2007 from \$579.1 million in fiscal 2006, an increase of \$91.8 million, or 15.9%. An increase in comparable store sales of 2.9% versus the prior year contributed \$14.9 million to the increase in sales. The remaining increase in sales of \$76.9 million was generated by stores not included in the comparable store sales base and year over year increases in on-line sales of \$6.6 million, wholesale sales to international licensees of \$3.9 million and one additional week in fiscal January 2007 which totaled \$8.6 million. The increase in comparable store sales performance was largely due to customer acceptance of our product offering in the first two quarters of the fiscal year. Comparable store sales for the year exclude the additional week in fiscal January 2007. Net sales included a reduction of \$1.8 million associated with the customer loyalty program in the current year compared to \$2.4 million for the comparable period of the prior year.

*Gross Margin.* Gross margin increased to \$321.8 million for the year ended July 7, 2007 from \$286.5 million in fiscal 2006, an increase of \$35.3 million, or 12.3%. As a percentage of net sales, gross margin of 48.0% was lower than prior year at 49.5% primarily due to higher markdowns and unfavorable occupancy leverage, partially offset by higher initial markups.

*Selling, General and Administrative Expenses.* Selling, general and administrative expenses, which primarily consist of non-occupancy store costs, corporate overhead and advertising costs, increased to \$216.6 million during fiscal 2007 from \$182.0 million in fiscal 2006, an increase of \$34.6 million, or 19.0%. As a percentage of net sales, these expenses increased to 32.3% during fiscal 2007 from 31.4% in fiscal 2006. This increase as a percentage of net sales was primarily due to store compensation and depreciation.

*Interest and Other Income, Net.* We generated \$13.1 million of interest and other income, net of other expenses, during fiscal 2007 as compared to \$10.4 million in fiscal 2006. The increase in interest and other income resulted from the continued increase of average cash and equivalents and marketable securities balances due to positive operating results and increased interest rates.

*Provision for Income Taxes.* Our effective tax rate was 34.7% for fiscal 2007 as compared to 35.8% for fiscal 2006. The lower effective tax rate for 2007 was primarily attributable to an increase in tax exempt interest.

### **Seasonality of Business and Quarterly Results**

Our business varies with general seasonal trends that are characteristic of the retail and apparel industries. As a result, our typical store generates a higher percentage of our annual net sales and profitability in the second quarter of our fiscal year (which includes the holiday selling season) compared to other quarters of our fiscal year. If for any reason our sales were below seasonal norms during the second quarter of our fiscal year, our annual operating results would be negatively impacted. Because of the seasonality of our business, results for any quarter are not necessarily indicative of results that may be achieved for a full fiscal year.

### **Liquidity and Capital Resources**

Our working capital requirements vary widely throughout the year and generally peak in the first and second fiscal quarters. At July 5, 2008, we had approximately \$123.3 million of cash and equivalents on hand. In addition, we had a revolving line of credit, under which we could borrow or

issue letters of credit up to a combined total of \$25.0 million, which expires March 31, 2009. As of July 5, 2008, there were no cash borrowings outstanding, and there were \$3.0 million of letters of credit outstanding.

Net cash provided by operating activities in fiscal 2008, 2007 and 2006 was \$95.2 million, \$100.5 million and \$92.6 million, respectively. The decrease of \$5.3 million for fiscal 2008 from fiscal 2007 was primarily due to a decrease in net earnings of \$14.2 million and decreases in stock based compensation expense of \$0.9 million and deferred rent of \$0.6 million. The decrease was partially offset by an increase in changes of working capital of \$5.6 million and increases in depreciation and amortization expense of \$2.9 million, net loss on disposal of property of \$0.7 and deferred income taxes of \$1.3 million.

Net cash provided by investing activities was \$41.8 million, versus net cash used by investing activities of \$81.0 million and \$76.1 million in fiscal 2008, 2007 and 2006, respectively. The increase in cash provided by investing activities in 2008 was primarily a result of an increase in net proceeds of marketable equity securities of \$121.3 million, partially offset by a decrease in the purchase of property, plant and equipment of \$1.5 million.

Capital expenditures of \$41.8 million in 2008 comprise \$26.8 million related to the opening of new stores, \$7.0 million related to the relocation and expansion of existing stores, \$4.1 million related to investments in management information systems and \$3.9 million on other projects. Capital expenditures of \$43.2 million in 2007 comprise \$26.2 million related to the opening of new stores, \$10.6 million related to the relocation and expansion of existing stores, \$2.5 million related to investments in management information systems and \$3.9 million on other projects.

We opened 35, 36 and 31 new stores in fiscal 2008, 2007 and 2006, respectively, and we expect to open 24 stores in fiscal 2009. In fiscal year 2009, we expect capital expenditures of approximately \$23.6 million for new stores and relocation and expansion of existing stores and approximately \$8.4 million for investments in information systems and other capital expenditures.

During fiscal 2008, the average bebe, BEBE SPORT and 2b bebe new store construction costs before tenant allowances were \$651,000, and the average gross inventory investment per store was \$105,000.

Net cash used by financing activities was \$82.2 million in fiscal 2008 compared to net cash provided by financing activities of \$1.4 million in fiscal 2007. The increase in cash used by financing activities was primarily a result of the purchase of 5 million shares of our outstanding common stock from our former Vice Chairperson Neda Mashouf at a price per share of \$13.39, for an aggregate purchase price of \$66,950,000. We completed the purchase and retired the shares during the first quarter of fiscal 2008. This increase was partially offset by a decrease in proceeds from options exercised and the related tax benefit. Net cash provided by financing activities was \$1.4 million in fiscal 2007 compared to net cash used by financing activities of \$5.1 million in fiscal 2006.

As of July 5, 2008, the estimated fair value of our ARS portfolio totaled approximately \$236 million, net of an impairment charge of \$7.8 million, which were classified as non-current ARS. This amount includes approximately 98% federally insured student loan backed securities and 2% municipal and education authority bonds. Our ARS portfolio is comprised of approximately 83% AAA rated investments, 5% AA rated investments and 12% A rated investments. These ARS investments are intended to provide liquidity via an auction process that resets the applicable interest rate at predetermined calendar intervals, allowing investors to either roll over their holdings or gain immediate liquidity by selling such interests at par. The recent uncertainties in the credit markets have affected all of our holdings in ARS investments and auctions for the majority of our investments in these securities have failed to settle on their respective settlement dates. Consequently, the investments are not currently liquid and we will not be able to access these funds until a future auction of these

investments is successful. Maturity dates for these ARS investments range from 2010 to 2045 with principal distributions occurring on certain securities prior to maturity. We currently have the ability and intent to hold these ARS investments until a recovery of the auction process or until maturity.

We believe that our cash on hand, together with our cash flow from operations, will be sufficient to meet our capital and operating requirements through fiscal 2009. Our future capital requirements, however, will depend on numerous factors, including without limitation, the size and number of new and expanded stores, investment costs for management information systems, potential acquisitions and/or joint ventures, repurchase of stock and future results of operations.

**Summary Disclosures about Contractual Obligations and Commercial Commitments:**

The following tables summarize our significant contractual obligations and commercial commitments as of July 5, 2008 (in thousands):

|   | Total         | Amount of commitment expiration period |               |               | After 5 years |
|---|---------------|--|---------------|---------------|---------------|
|   |               | Less than 1 year                       | 1-3 years     | 4-5 years     |               |
| <b>OTHER COMMERCIAL COMMITMENTS</b>                             |               |  |               |               |               |
| Operating leases  | \$486,304     | \$ 64,801                              | \$120,252     | \$102,814     | \$198,437     |
| Capital leases  | 38            | 38                                     |               |               |               |
| Trade letters of credit   | 2,954         | 2,954                                  |               |               |               |
| Unconditional purchase obligations(1)                           | 83,474        | 79,354                                 | 3,352         | 768           |               |
| <br>Total Contractual Obligations and Commercial Commitments(2) | <br>\$572,770 | <br>\$147,147                          | <br>\$123,604 | <br>\$103,582 | <br>\$198,437 |

(1) Unconditional purchase obligations are defined as agreements to purchase goods or services that are enforceable and legally binding on us and that specify all significant terms, including: fixed or minimum quantities to be purchased; fixed, minimum or variable price provisions; and the approximate timing of the transaction. Included in the purchase obligations category above are commitments for inventory purchases, capital expenditures, information technology and professional services. Most arrangements are cancelable without a significant penalty and with short notice, usually 30 to 90 days. We excluded amounts reflected on the consolidated balance sheet as accounts payable and accrued liabilities from the table above.

(2) The table above does not include liabilities related to unrecognized tax benefits under FIN 48. As the company is unable to reasonably predict the timing of settlement of such FIN 48 liabilities, the table does not include \$3.4 million of income tax, interest and penalties relating to unrecognized tax benefits that are recorded as noncurrent liabilities within our consolidated balance sheet as of July 5, 2008.

As of July 5, 2008, there were no cash borrowings outstanding, and there were \$3.0 million of letters of credit outstanding under the line of credit.

**Inflation**

We do not believe that inflation has had a material effect on the results of operations in the recent past. However, we cannot assure that our business will not be affected by inflation in the future.

**ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

We are exposed to market risks, which include changes in U.S. interest rates and, to a lesser extent, foreign exchange rates. We do not engage in financial transactions for trading or speculative purposes.

*Interest Rate Risk.*

We currently maintain a portfolio of variable interest rate investments consisting of cash equivalents and non-current auction rate securities ("ARS"), which includes approximately 98% federally insured student loan backed securities and 2% municipal and education authority bonds. Our ARS portfolio is comprised of approximately 83% AAA rated investments, 5% AA rated investments and 12% A rated investments. According to our investment policy, we may invest in taxable and tax-exempt instruments. In addition, the policy establishes limits on credit quality, maturity, issuer and type of instrument. Marketable securities are classified as "available for sale." We do not use derivative financial instruments in our investment portfolio.

All highly liquid investments with a maturity of three months or less at the date of purchase are considered to be cash equivalents. Investments are considered short-term marketable securities if the original maturity is between three months and twelve months, or long-term marketable securities if the original maturity is greater than twelve months. Typically the fair value of ARS investments approximates par value due to the frequent resets through the auction process. While we continue to earn interest on our ARS investments at the maximum contractual rate, these investments are not currently trading and therefore do not currently have a readily determinable market value. Accordingly, the estimated fair value of ARS no longer approximates par value. We determined the estimated fair value of our investment in ARS as of July 5, 2008 based on an estimated present value using a discounted cash flow model. The assumptions used in preparing the discounted cash flow model include estimates for interest rates, underlying assets supporting the ARS, timing and amount of cash flows and expected holding periods of the ARS. Based on this assessment of fair value, as of July 5, 2008 we determined there was a decline in the fair value of our ARS investments of \$7.8 million, of which all was deemed temporary. An impairment charge was recorded in the other comprehensive income component of shareholders' equity.

As of July 5, 2008, we reclassified \$236 million of our short-term investments to non-current ARS on our condensed consolidated balance sheet because of our inability to determine when our investments in ARS would settle. We have also modified our current investment strategy and increased our investments in more liquid money market investments. An immediate and uniform increase in market interest rate of 100 basis points from levels at July 5, 2008 would cause an additional decline of approximately 3%, or \$6.2 million, in the fair market value of our investments in ARS.

The following table lists our cash equivalents and long-term marketable securities at July 5, 2008:

|                                 | <b>Book<br/>Value</b>         | <b>Fair<br/>Value</b> |
|---------------------------------|-------------------------------|-----------------------|
|                                 | <b>(Dollars in thousands)</b> |                       |
| Cash equivalents                | \$ 101,345                    | \$ 101,345            |
| Weighted average interest rate  | 2.17%                         |                       |
| Long-term marketable securities | \$ 235,751                    | \$ 235,751            |
| Weighted average interest rate  | 2.39%                         |                       |
| Total                           | \$ 337,096                    | \$ 337,096            |

The interest payable on our bank line of credit is based on variable interest rates and therefore affected by changes in market interest rates. If interest rates rose significantly, our results from operations and cash flows would not be affected since we have no outstanding borrowings.

*Foreign Currency Risks*

We enter into a significant amount of purchase obligations outside of the United States, substantially all of which are negotiated and settled in U.S. Dollars. Fluctuations in exchange rates can impact our financial condition and results of operations. We also operate a subsidiary for which the functional currency is the Canadian dollar. In accordance with SFAS No. 52, *Foreign Currency Translation*, assets and liabilities of Canada's operations are translated into U.S. dollars at year-end rates, while income and expenses are translated at the weighted average exchange rates for the year. The related translation adjustments are recorded in accumulated other comprehensive income as a separate component of shareholder's equity. We do not hedge against foreign currency risks and believe that foreign currency exchange risk is immaterial.

**ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA**

Information with respect to this item is set forth in Item 15 of this Form 10-K.

**ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**

None.

**ITEM 9A. CONTROLS AND PROCEDURES**

*Evaluation of Disclosure Controls and Procedures.*

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of our disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended ("the Exchange Act") as of the end of the period covered by this report (July 5, 2008.) Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that as of the evaluation date our disclosure controls and procedures are effective at the reasonable level of assurance to ensure that the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely discussions regarding required disclosure.

*Internal Control over Financial Reporting*

Management's report on our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) in the Exchange Act), and the related report of our independent registered public accounting firm, are included on pages F-2 and F-3 of this Annual Report on Form 10-K, under the headings, "Management's Annual Report on Internal Control Over Financial Reporting" and "Report of Independent Registered Public Accounting Firm," and are incorporated herein by reference.

*Changes in Internal Control over Financial Reporting*

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15(f) or 15d-15(f) that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

**ITEM 9B. OTHER INFORMATION**

On September 15, 2008, the Compensation and Management Development Committee of the Board Directors of the company met and elected to provide Mr. Scott with a monthly housing allowance of \$12,500, retroactive to July 6, 2008. The allowance is being provided due to the requirements of Mr. Scott's job which dictate he spend equal amounts of time at our design and production studio located in Los Angeles, California and at our corporate headquarters located in Brisbane, California.

**PART III**

**ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT**

Information regarding our executive officers required by Item 401 of Regulation S-K is included under Item 1 of Part I of this report under the caption "Executive Officers and Directors of the Registrant" and incorporated herein by reference.

Information with respect to our directors required by Item 401 of Regulation S-K is incorporated by reference from "Proposal No. 1 Election of Directors" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

Information with respect to compliance with Section 16(a) of the Exchange Act required by Item 405 of Regulation S-K is incorporated by reference from "Section 16(A) Beneficial Ownership Reporting Compliance" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

Information with respect to our code of ethics required by Item 406 of Regulation S-K is incorporated by reference from "Committee Charters and Other Corporate Governance Materials" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

Information with respect to our corporate governance required by Item 407(c)(3), (d)(4) and (d)(5) of Regulation S-K is incorporated by reference from "Corporate Governance Matters" in our definitive Proxy Statement to be filed with the SEC no later than 120 days after the end of our fiscal year.

**ITEM 11. EXECUTIVE COMPENSATION**

Information with respect to executive compensation required by Item 402 of Regulation S-K incorporated by reference from "Executive Compensation and Other Matters" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

Information with respect to security ownership of beneficial owners and related stockholder matters required by Item 201(d) and Item 403 of Regulation S-K is incorporated by reference "Equity Compensation Plan Information" and "Security Ownership of Certain Beneficial Owners and Management" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Information with respect to certain relationships and related transactions required by Item 404 of Regulation S-K is incorporated by reference from "Certain Relationships and Related Transactions" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

**ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES**

Information required by Item 9(e) of Schedule 14A is incorporated by reference from "Ratification and Appointment of Independent Registered Public Accounting Firm" in our definitive Proxy Statement to be filed with the SEC not later than 120 days after the end of our fiscal year.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

- (a)
1. **The financial statements listed in the "Index to Consolidated Financial Statements" at page F-1 are filed as a part of this report.**
  2. **Financial statement schedules are omitted because they are not applicable or the required information is shown in the financial statements or notes thereto.**
  3. **Exhibits included or incorporated herein: See Index to Exhibits.**

**MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

The management of bebe stores, inc. is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. With the participation of the Chief Executive Officer and the Chief Financial Officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework and criteria established in *Internal Control Integrated Framework*, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, our management has concluded that our internal control over financial reporting was effective as of July 5, 2008.

bebe stores, inc.'s independent auditor, Deloitte & Touche LLP, an independent registered public accounting firm, has issued an audit report on our internal control over financial reporting. This audit report appears on page F-3 of this annual report on Form 10-K.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Shareholders of  
bebe stores, inc.:

We have audited the accompanying consolidated balance sheets of bebe stores, inc. and subsidiaries (the "Company") as of July 5, 2008 and July 7, 2007, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended July 5, 2008. We also have audited the Company's internal control over financial reporting as of July 5, 2008, based on criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying "Management's Annual Report on Internal Control over Financial Reporting." Our responsibility is to express an opinion on these financial statements and an opinion on the Company's internal control over financial reporting based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of bebe stores, inc. and subsidiaries as of July 5, 2008 and July 7, 2007, and the results of their operations and their cash flows for each of the three years in the

period ended July 5, 2008, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of July 5, 2008, based on the criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

As discussed in Note 1 to the consolidated financial statements, the Company adopted Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment*, on July 3, 2005 and Financial Accounting Standards Board Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an interpretation of FASB Statement No. 109, on July 8, 2007.
