INFORMATION ABOUT THE ANNUAL MEETING

Date, Time and Place of the Annual Meeting

Our 2010 Annual Meeting will be held at 10:00 a.m., local time, on Friday, June 25, 2010 at the Hyatt Regency Baltimore, 300 Light Street, Baltimore, Maryland 21202.

Who May Attend the Annual Meeting

Only stockholders who own our common stock, par value \$0.01 per share (our "Common Stock"), as of the close of business on April 28, 2010, the record date for the Annual Meeting (the "Record Date"), will be entitled to attend the Annual Meeting. In the discretion of management, we may permit certain other individuals to attend the Annual Meeting, including members of the media and our employees.

Who May Vote

Each share of our Common Stock outstanding on the Record Date entitles the holder thereof to one vote on each matter submitted to the stockholders at the Annual Meeting. Only stockholders who own our Common Stock as of the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 12,227,177 shares of our Common Stock issued and outstanding.

How to Vote

If you were a stockholder as of the Record Date, you are entitled to vote at the Annual Meeting, and we encourage you to attend and vote in person. HOWEVER, WHETHER OR NOT YOU INTEND TO ATTEND THE ANNUAL MEETING, THE BOARD OF DIRECTORS REQUESTS THAT YOU COMPLETE, SIGN, DATE AND RETURN THE ACCOMPANYING PROXY CARD

Table of Contents

IN ORDER TO ENSURE THE PRESENCE OF A QUORUM. A pre-addressed and postage-paid return envelope is enclosed for your convenience. Alternatively, you may cast your vote via the internet at www.proxyvote.com or by phone by calling 1-800-690-6903.

If your shares are held in the name of a bank, broker, or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it to the Annual Meeting in order to vote.

Voting by Proxy

If you vote by proxy, the individuals named on the proxy, or their substitutes, will vote your shares in the manner you indicate. If you date, sign, and return the proxy card without indicating your instructions, your shares will be voted as follows:

For the election of the two Class III nominees for director, each to serve until the Annual Meeting of Stockholders in 2013 and until his successor is duly elected and qualified;

For the ratification of the appointment of Stegman & Company as our independent registered public accounting firm for 2010;

For the amendment to the Celsion Corporation 2007 Stock Incentive Plan; and

In the discretion of the proxy holder on any other matter that properly comes before the Annual Meeting and any adjournment or postponement thereof.

You may revoke or change your proxy at any time before it is exercised by delivering to us a signed proxy with a date later than your previously delivered proxy, by voting in person at the Annual Meeting, or by sending a written revocation of your proxy addressed to our Secretary at our principal executive office. Your most current proxy card is the one that will be counted.

Quorum Requirement

A quorum is necessary to hold a valid meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting constitutes a quorum for the transaction of business. Abstentions and broker non-votes are counted as present for purposes of establishing a quorum. A "broker non-vote" occurs when a broker, bank or other holder of record holding shares for a beneficial owner properly executes and returns a proxy without voting on a particular proposal because such holder of record does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Vote Requirements

The election of the Class III Directors at the Annual Meeting will be by plurality of the votes cast. This means that the two director nominees receiving the greatest number of votes cast, in person or by proxy, by the holders of Common Stock in the election of the Class III Directors, will be elected. Stockholders may not cumulate their votes in electing directors. Stockholders entitled to vote at the Annual Meeting may either vote "FOR" the nominees for election as a director or may "WITHHOLD AUTHORITY" for the nominees. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. If a stockholder withholds authority to vote with respect to the nominees for director, the shares held by that stockholder will be counted for purposes of establishing a quorum, but will have no effect on the election of the nominees. Broker non-votes will have no effect on the election of the nominee.

Table of Contents

Stockholders may also vote "FOR" or "AGAINST" or may "ABSTAIN" on Proposal No. 2, to ratify the selection of Stegman & Company as the Company's independent registered public accounting firm for the year ending December 31, 2010. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal will be required to ratify the selection of Stegman & Company. Abstentions will have the same effect as a vote against Proposal No. 2, but broker non-votes will have no effect on Proposal No. 2.

Stockholders may also vote "FOR" or "AGAINST" or may "ABSTAIN" on Proposal No. 3, to approve an amendment to the Celsion Corporation 2007 Stock Incentive Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal will be required to approve the amendment. Abstentions will have the same effect as a vote against Proposal No. 3, but broker non-votes will have no effect on Proposal No. 3.

Other Matters

Our Board of Directors knows of no other matters that may be presented for stockholder action at the Annual Meeting. It is not anticipated that other matters will be brought before the Annual Meeting. If other matters do properly come before the Annual Meeting, or any adjournments or postponements thereof, however, persons named as proxies will vote upon them in their discretion.

Information about the Proxy Statement and the Solicitation of Proxies

The enclosed proxy is solicited by our Board of Directors and we will bear the costs of preparing, assembling, printing and mailing this Proxy Statement, accompanying Proxy Card, Notice of Annual Meeting of Stockholders and the Company's 2009 Annual Report on Form 10-K, as well as any additional materials that we may furnish to stockholders in connection with the Annual Meeting. BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Board Leadership

Our Board of Directors has adopted a leadership structure that it believes is appropriate for Celsion, including an independent Chairman of the Board. Currently, Dr. Link serves as Chairman of the Board and Mr. Tardugno serves as President and CEO. The Board believes that the Company and its stockholders have been well served by the current leadership structure due to Dr. Link's and Mr. Tardugno's experience and in-depth knowledge of the Company and the industry.

Board Oversight of Risk

The Board of Directors is responsible for oversight of the various risks facing us. In this regard, the Board seeks to understand and oversee the most critical risks relating to our business and operations, allocate responsibilities for the oversight of risks among the full Board and its committees, and see that management has in place effective systems and processes for managing risks facing us. Overseeing risk is an ongoing process, and risk is inherently tied to our strategy and to strategic decisions. Accordingly, the Board considers risk throughout the year and with respect to specific proposed actions. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk-taking is essential for the Company to be competitive and to achieve its business objectives.

While the Board oversees risk, our management is charged with identifying and managing risk. We have robust internal processes and a strong internal control environment to identify and manage risks and to communicate information about risk to the Board. Management communicates routinely with the Board, Board committees and individual directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

The Board implements its risk oversight function both as a whole and through delegation to various committees. These committees meet regularly and report back to the full Board. The following two committees play significant roles in carrying out the risk oversight function:

The Audit Committee: The Audit Committee oversees the Company's practices with respect to assessing and managing risk and assessing the effectiveness of our system of internal controls. In performing this function, the Audit Committee considers information from our independent registered public accounting firm and internal auditors and discusses relevant issues with management, the internal auditors, and the independent registered public accounting firm. The Audit Committee also oversees the Company's compliance with respect to legal and regulatory requirements and monitors compliance with the Company's Code of Business Conduct and Ethics. In addition, at least quarterly, the Audit Committee reviews with the Company's senior management any risks or exposures relating to litigation, other legal matters and other proceedings and regulatory matters that may have a significant impact on the Company's financial statements.

The Compensation Committee: The Compensation Committee oversees the Company's overall compensation structure, policies and programs, and assesses whether the Company's compensation structure establishes appropriate incentives for management and employees.

LEGAL PROCEEDINGS

None of the Company's directors or officers have been a part of any legal proceeding within the last 10 years that would affect their ability or put in question their integrity to serve as a director or an officer of the Company.

MEETINGS OF THE BOARD AND ITS COMMITTEES

During the fiscal year ended December 31, 2009, there were a total of seven meetings of the Board of Directors. Each director attended all of the meetings of the Board of Directors and the committees on which he served that were held during the period for which he was a director or committee member, respectively. During the fiscal year ended December 31, 2009, the Audit Committee met five times, the Compensation Committee met three times, and the Nominating and Governance committee met once.

DIRECTOR NOMINATIONS

The Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors operates under a Charter adopted by the full Board of Directors on December 24, 2003 and amended on February 27, 2006, a current copy of which can be found on our website, located at <http://www.celsion.com>. The role of the Nominating and Governance Committee is to act on behalf of the Board of Directors to ensure that the Board of Directors and its standing committees are appropriately constituted to meet their fiduciary and corporate governance obligations. In this role, the Nominating and Governance Committee is responsible for identifying and recruiting new members of the Board of Directors when vacancies arise, identifying and recruiting nominees for election as directors and reconsidering incumbent directors in connection with nominations for elections of directors. The Nominating and Governance Committee is also charged with: (i) reviewing and recommending changes in the size and composition of the Board of Directors and its committees; (ii) developing and maintaining criteria and processes for selecting candidates for election as directors; (iii) identifying and recruiting candidates to stand for election as directors and determining whether incumbent directors should stand for reelection; (iv) ensuring that the Company and the Board of Directors operates in accordance with current best practices; (v) providing for ongoing director training and education; (vi) reporting to the Board of Directors on Nominating and Governance Committee activities; (vii) annually reviewing the Nominating and Governance Committee's performance of its responsibilities and duties; and (viii) annually reviewing the Nominating and Governance Committee Charter, the structure and the processes and membership requirements of the Nominating and Governance Committee and recommending to the Board any improvements or amendments that the Nominating and Governance Committee considers appropriate or necessary.

Director Qualifications

It is a policy of the Nominating and Governance Committee that candidates for director be determined to have unquestionable integrity and the highest ethical character. Candidates must demonstrate the ability to exercise sound, mature and independent business judgment in the best interests of the stockholders as a whole and may not have any interests that would, in the view of the Nominating and Governance Committee, impair their ability to exercise independent judgment or otherwise discharge the fiduciary duties owed as a director. Candidates must have experience and demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavors which will complement the talents of the other members of the Board of Directors and further the interests of the Company, bearing in mind the composition of the Board of Directors and the current state of the Company and the biotechnical/biopharmaceutical industry generally. In particular, the Nominating and Governance Committee believes it is important for one or more members of the Board of Directors to have in-depth experience in the biotechnical/biopharmaceutical industry. The Nominating and Governance Committee has determined that one or more of its members, including the incumbents nominated to stand for reelection at the Annual Meeting, have such biotechnical/biopharmaceutical experience.

Table of Contents

Candidates are expected to have an appreciation of the major issues facing public companies of a size and operational scope similar to the Company, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have the willingness and capability to devote the time necessary to participate actively in meetings of the Board of Directors and committee meetings and related activities, the ability to work professionally and effectively with other members of the Board of Directors and Company management, and the ability and intention to remain on the Board of Directors long enough to make an effective contribution.

In addition, in accordance with the rules of the SEC and NASDAQ, the Company requires that at least a majority of the directors serving at any time on the Board of Directors be independent, that at least three directors satisfy the financial literacy requirements for service on the Audit Committee and that at least one qualify as an "audit committee financial expert" under those rules.

The Board of Directors has determined that Mr. Gregory Weaver is qualified to serve as the "audit committee financial expert" as defined by Item 407(d)(5) of Regulation S-K and that Drs. Link and Chow meet the financial literacy requirements under applicable SEC and NASDAQ rules. The Board of Directors has also determined that of the five currently serving directors, Drs. Max E. Link, Gary W. Pace, Augustine Chow and Mr. Gregory Weaver, are independent under applicable SEC and NASDAQ rules. Mr. Gregory Weaver acts as the chairman of our Audit Committee. Finally, among candidates who meet the foregoing criteria, the Nominating and Governance Committee also considers the Company's current and anticipated needs, including expertise, diversity and balance of inside, outside and independent directors. In considering the independence of the Directors nominated for election, Dr. Link has no relationship with the Company other than as a Director.

Nominating and Governance Committee Process

In selecting candidates for the Board of Directors, the Nominating and Governance Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. Under its charter, the Nominating and Governance Committee is charged with considering incumbent directors as if they were new candidates. However, the Nominating and Governance Committee recognizes the significant value of the continuing service of qualified incumbents in promoting stability and continuity, providing the benefit of the familiarity and insight into the Company's affairs and enhancing the Board of Directors' ability to work as a collective body. Therefore, it is the policy of the Nominating and Governance Committee, absent special circumstances, to nominate qualified incumbent directors whom the Nominating and Governance Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election. If any member of the Board of Directors does not wish to continue in service or if the Nominating and Governance Committee or the Board of Directors decides not to re-nominate a member, there is an existing vacancy on the Board of Directors, or the Board of Directors, upon the recommendation of the Nominating and Governance Committee, elects to expand the size of the Board of Directors, the following process would be followed:

The Nominating and Governance Committee develops a profile for candidates' skills and experience, based on the criteria described above.

The Nominating and Governance Committee initiates a search, polling members of the Board of Directors and management, and retaining a search firm if the Nominating and Governance Committee deems this appropriate.

The Nominating and Governance Committee has a policy with respect to stockholders' suggestions for nominees for directorships. Under this policy, stockholder nominees are given identical consideration as nominees identified by the Nominating and Governance Committee.

Table of Contents

The process by which stockholders may submit potential nominees is described below under "Stockholder Recommendation Process."

The Nominating and Governance Committee then determines the eligibility and suitability of any candidate based on the criteria described above and the Nominating and Governance Committee's search profile.

The Chairman of the Board of Directors and at least one member of the Nominating and Governance Committee interview prospective candidate(s) who satisfy the qualifications described above.

The Nominating and Governance Committee offers other members of the Board of Directors the opportunity to interview the candidate(s) and then meets to consider and approve the final candidate(s).

The Nominating and Governance Committee seeks endorsement of the final candidate(s) from the full Board of Directors.

The final candidate(s) are nominated by the Board of Directors for submission to a stockholder vote or elected to fill a vacancy.

To date, the Nominating and Governance Committee has not received any recommendations from stockholders and has not retained a search firm to aid in the identification or evaluation of potential nominees.

Stockholder Recommendation Process

The Nominating and Governance Committee will consider director candidates recommended by stockholders, provided that the stockholder making the recommendation follows the procedure set forth below. Stockholder recommendations should be submitted to the Company in writing, as follows:

Corporate Secretary
Celsion Corporation
10220-L Old Columbia Road
Columbia, Maryland 21046

Suggestions received by the Secretary before January 10, 2011 will be considered by the Nominating and Governance Committee for nomination and election at the 2011 annual meeting of stockholders.

A stockholder's notice to the Secretary must set forth:

 - iv)
 - a statement as to the nominee's citizenship; and

Edgar Filing: Celsion CORP - Form DEF 14A

v)
any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and

b)
as to the stockholder giving the notice:

i)
the name and record address of the stockholder; and

ii)
the number of shares of Common Stock that the stockholder beneficially owns.

Table of Contents

The Company or the Nominating and Governance Committee may require a stockholder who proposes a nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility or suitability of the proposed nominee to serve as director of the Company.

Revisions to Process

The Nominating and Governance Committee and stockholder recommendation processes have been developed to provide a flexible framework to permit the director nomination process to move forward effectively. The Nominating and Governance Committee intends to review these processes from time to time in light of the Company's evolving needs and changing circumstances, as well as changes in legal requirements and stock exchange listing standards. The Nominating and Governance Committee may revise these processes or adopt new ones based on such periodic reviews.

STOCKHOLDER COMMUNICATIONS

The Board of Directors has adopted a process through which interested stockholders may communicate with the Board of Directors. Stockholders who wish to send communications to the Board of Directors, or any particular director, should address such communications to the Corporate Secretary, at the Company's headquarters in Columbia, Maryland. The envelope containing any such communication should be prominently marked "To the Attention of the Board of Directors" or to a particular committee or director, and the communication should include a representation from the stockholder indicating the stockholder's address and the number of shares of the Company's Common Stock beneficially owned by the stockholder. Our Corporate Secretary is primarily responsible for monitoring communications from stockholders. Depending upon the content of a particular communication, as he deems appropriate, our Corporate Secretary will: (i) forward the communication to the director, directors or committee to whom it is addressed; (ii) attempt to handle the inquiry directly, for example where it is a request for information about the Company or it is a stock-related matter; or (iii) not forward communications such as solicitations, junk mail and obviously frivolous or inappropriate communications. At each meeting of the Board of Directors, the Corporate Secretary will present a summary of all communications, whether or not forwarded, received since the last meeting and will make those communications available to the directors on request.

BOARD ATTENDANCE

The Board of Directors strongly encourages all directors, to the extent reasonable and practicable, to attend the Company's annual meetings of stockholders in person. All of the current Board members were present at last year's annual meeting.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates under a written charter as amended and restated effective May 4, 2007. A copy of the charter is available on our web site, located at <http://www.celsion.com>. Additional copies of the charter are available upon written request to the Company. All members of the Audit Committee meet the independence standards established by the SEC and NASDAQ. In addition, the Board of Directors has made the affirmative determination that none of the independent directors has a material relationship with the Company and that the Audit Committee members meet the additional independence requirements set forth in Rule 10A-3 under the Exchange Act.

The Audit Committee assists the Board in fulfilling its responsibility to oversee management's implementation of the Company's financial reporting process. In discharging its oversight role, the Audit Committee reviewed and discussed the audited financial statements contained in the Company's 2009 Annual Report on Form 10-K with the Company's management and the Company's independent registered public accounting firm. Management is responsible for the financial statements and the

Table of Contents

reporting process, including the system of internal controls. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

The Audit Committee met privately with the Company's independent registered public accounting firm and discussed issues deemed significant by the independent registered public accounting firm, including those required by Statement on Auditing Standards No. 114 (The Auditor's Communication with those Charged with Governance), as amended. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from the Company and its management, including the matters in the written disclosures and the letter received from the independent registered public accounting firm as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and considered whether the provision of non-audit services by the independent registered public accounting firm was compatible with maintaining the independent registered public accounting firm's independence. The Audit Committee also met with the independent registered public accounting firm, with and without management present, to discuss the results of the independent registered public accounting firm's examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's 2009 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Company is an early stage drug development company and as such is unlikely, in the short to medium term, to generate revenues and income sufficient to cover product development costs. As a result, the Company's executive compensation philosophy is geared to ensuring that executive compensation aligns management and stockholders' interests by emphasizing rewards for Company performance, while remaining competitive with compensation paid by other early stage biotechnology companies.

The Compensation Committee and the Board of Directors have adopted the following executive compensation approaches:

Executive Compensation Philosophy

The Compensation Committee attempts to design executive compensation programs to achieve three principal objectives. First, the program is intended to attract, motivate and retain talented executives with total compensation that is competitive within the drug development and broader pharmaceutical and biotechnology industry. Second, the program is intended to create an alignment of interests between the Company's executives and stockholders such that a significant portion of each executive's compensation varies with business performance and is dependent on a rising stock price performance. Third the program is designed to award behavior which results in optimizing the commercial potential of the Company's development program.

The Compensation Committee's philosophy is to pay competitive total compensation, comprised of annual salaries, a non-equity incentive compensation plan, cash bonuses and stock option awards, which is geared to provide above average total compensation for superior performance reflected in increases in the Company's stock price. The Compensation Committee considers the elements of the compensation package (consisting of base salary, incentive compensation and stock based compensation) to be reflective of compensation packages given to executives in the industry. Compensation packages are designed to pay competitive salaries at the 50th percentile level of the industry study described below under "Annual Salaries", reward superior annual performance through incentive compensation awards and to allow executives to participate in increases in stockholder value through stock option and other stock based grants. The Company considers the income tax affects to both the Company and the employee in structuring its compensation arrangements.

The Compensation Committee reviews the performance of the Chief Executive and other executives at least annually. Management provides the Compensation Committee material and data requested by the Compensation Committee. The Chief Executive provides input relative to the performance of executives but is not involved in determining the amounts or composition of individual executive compensation packages.

A discussion of each individual element of compensation follows.

Annual Salaries

The Company participates in an ongoing industry survey which covers a broad cross-section of the biotechnology, pharmaceuticals and life science industries including all the key positions with the Company. The Compensation Committee compares base salary for Company executives with these benchmarks and targets to pay base salaries that are equivalent to the 50th percentile of the survey.

Table of Contents

Incentive Compensation

The Company has an incentive compensation plan in which all members of our senior management participate. The plan is performance driven based on Company and personal operational objectives generally established annually by mutual agreement of management and the Compensation Committee. These operational objectives include, but are not limited to, the completion of certain development projects, fund raising, cost controls, business development and profit and loss goals. They typically do not, however, include share price objectives as all of the operating objectives are ultimately directed at creating shareholder value. These objectives are designed to achieve timely and efficient product development including, but not limited to, completion of clinical studies and regulatory approvals. Each member of senior management is individually evaluated based on the achievement of the Company's overall operational objectives and his or her personal objectives. This component of compensation is provided, among other reasons, to create incentives for members of senior management to meet short and medium term performance goals of the Company, without regard to stock price. Objectives are weighted in terms of overall importance to meeting the Company's operating plan.

The total incentive compensation a member of senior management can earn as part of his or her compensation package is based on his or her level within management, with more senior members of management eligible to earn a higher percentage of their base salary as incentive compensation than less senior members. While the percentages of base salary that can be earned as incentive compensation by members of management other than the Chief Executive Officer generally vary from year to year as determined annually by our Compensation Committee, they are generally between 15% and 35%. Our Chief Executive Officer's annual incentive compensation is targeted at 70% of his base salary under the terms of his employment agreement. The actual amount of incentive compensation paid to any member of senior management is determined on a sliding scale dependent on how successful such member of senior management was in achieving the objectives upon which his or her incentive compensation was targeted and the relative importance to the Company of the objectives achieved. The Compensation Committee retains complete discretion to adjust any incentive compensation up or down and, except for our Chief Executive Officer's incentive compensation, which is governed by an employment agreement, retains discretion as to whether to grant any incentive compensation to any individual member of senior management at all.

Bonuses

Bonuses are awards paid outside the incentive compensation plan. The Compensation Committee has the latitude to reward exceptional performance in circumstances when an individual does not qualify for an incentive compensation award through achievement of pre-determined objectives but has delivered significant contributions not covered by the annual objectives agreed upon between management and the Compensation Committee.

Stock-Based Compensation

The 2007 Employee Stock Incentive Plan is designed to align the interest of Company employees and its stockholders, encouraging participants to maintain and increase their ownership of Company Common Stock with the opportunity to benefit from the Company's long-term performance. The plan authorizes the issuance of shares of Common Stock in the form of stock options, stock appreciation rights (SARs) or restricted stock. The plan also authorizes the issuance of phantom stock units (PSUs). The plan is administered by the Compensation Committee, which has the authority to grant options, SARs, restricted stock and PSUs. There are 1,000,000 shares authorized under the 2007 Plan. Additionally, all canceled and expired options under the 2001 Employee Stock Incentive Plan and the 2004 Employee Stock Incentive Plan become available for issue under the 2007 Plan. During 2009, 17,234 shares collectively from the 2001 and 2004 Plans became available under the 2007 Plan.

Table of Contents

During the year ended December 31, 2009, a total of 517,100 options and stock awards were issued, 56,333 options and awards were exercised, and 68,901 options and awards were canceled or expired under the plans collectively. At December 31, 2009, there were 882,284 shares available for future grant under the Plans. Options are granted to employees based on their position and responsibilities in the Company. The level of award is determined by the Compensation Committee after considering relevant competitive data.

Executive Officer Compensation

The Compensation Committee, in determining the 2009 compensation of executive officers of the Company, reviewed the total compensation for the Company's CEO, Chief Financial Officer and two other key management employees, and compared them to the industry survey referenced above. Additionally, the Compensation Committee members drew on additional experience gleaned from their service as members of Boards of Directors at other biotechnology companies at development stages comparable to the Company. The Compensation Committee concluded that the Company is compensating its executives in accordance with the Compensation Committee's compensation philosophy.

Compensation paid to the Company's Named Executive Officers during the year ended December 31, 2009 consisted of a base salary and non equity incentive compensation accrued at year end and paid in the first quarter of fiscal 2010 (based on individual and company goals achieved during 2009), Stock Awards (i.e. grants of restricted stock) and Option Awards. The Compensation Committee from time to time may elect to pay all or part of an employee's incentive compensation or bonus in restricted stock as a retentive measure or in order to conserve cash.

Base salaries were determined in accordance with the principles and compensation philosophy described above. The non-equity incentive compensation plan awards payable to each of the Company's Named Executive Officers were determined based on their achievement of objectives set during 2009 and their relative importance to the long-term development of the Company. The Stock Awards were based on the Named Executive Officer's contribution to the development of the Company's business, and vest over a period of one year. All Option Awards to Named Executive Officers, directors, and employees vest over a three to four year period from the date of grant.

Mr. Tardugno's employment agreement provides for an initial annual base salary of \$360,500, subject to annual adjustment by the Board of Directors of the Company or the Compensation Committee (the "Base Salary"). of the Board or its Compensation Committee, in effect from time to time. The amount of such bonus will be determined by the Board or its Compensation Committee in its sole and absolute discretion and will not exceed 70% of the then-current Base Salary except pursuant to a specific finding by the Board or its Compensation Committee that a higher percentage is appropriate. Under the Agreement, the Company agreed to grant to Mr. Tardugno, at the time of its usual annual grant to employees, annual stock options to purchase shares of the Company's common stock as the Board or its Compensation Committee shall determine.

In the event, (A) that the Company terminates the agreement other than for "cause" (as defined in the agreement) or (B) Mr. Tardugno terminates the agreement upon the occurrence of: (i) a material adverse change in his duties or authority; (ii) a situation in which he is no longer at least one of the President or the Chief Executive Officer of the Company; (iii) a bankruptcy filing or similar action by or against the Company; or (iv) another material breach of the Agreement by the Company (each, a "Triggering Event"), Mr. Tardugno will be entitled to receive a severance payment equal to his base annual salary at the time of termination (the "Reference Amount"), payable in accordance with the Company's normal payroll practices and may exercise any vested options within one (1) year of his termination date, after which time any unexercised options shall be forfeited.

The agreement also provides that such severance is payable following a change in control if Mr. Tardugno elects to terminate his employment for any reason or no reason commencing with the sixth and ending with the twelfth month following the change in control. Under the agreement, a "change in control" is deemed to occur: (i) if any person becomes the direct or indirect beneficial owner of more than 50% of the combined voting power of the Company's then-outstanding securities; (ii) there is a change in a majority of the directors in office during any twenty-four (24) month period; (iii) the Company engages in a recapitalization, reorganization, merger, consolidation or similar transaction after which the holders of the Company's voting securities before the transaction do not continue to hold at least 50% of the voting securities of the Company or its successor after the transaction; or (iv) upon the complete liquidation or dissolution of the Company or the sale or other disposition of substantially all of its assets after which the holders of the Company's voting securities before such sale or disposition do not continue to hold at least 50% of the voting securities of the Company or its successor after such sale or disposition.

In the event that Mr. Tardugno is terminated for cause or is receiving severance payments contemplated under the employment agreement, Mr. Tardugno shall, among other things, not provide any services, directly or indirectly, to any other business or commercial entity in the Company's "Field of Interest" (as such term is defined in his employment agreement), solicit any customers or suppliers of the Company, directly or indirectly, or employ or seek to employ an employee of the Company for a period of two years following the date of termination. In addition, at no time during the term of the employment agreement or thereafter will Mr. Tardugno knowingly make any written or oral untrue statement that disparages the Company in communications with any customer, client or the public. Mr. Tardugno is also subject to confidentiality provisions in his employment agreement.

The Company and Dr. Borys entered into an employment offer letter on August 23, 2007, pursuant to which Dr. Borys agreed to serve as the Vice President and Chief Medical Officer of the Company. Material Terms of Non-Equity Incentive Awards

The Company has an incentive compensation plan in which all members of senior management participate. The plan is performance driven based on objectives that are established annually by mutual agreement of management and the Compensation Committee. The objectives are operational in nature and include completion of development projects, fund raising, cost controls, business development and profit and loss goals. They may from time to time include share price objectives, however, as all of the operating objectives are ultimately directed at creating shareholder value. The objectives are designed to achieve timely and efficient product development including completion of clinical studies and regulatory approvals. Executives are individually evaluated for their contribution to the Company's achievement of these objectives. Payouts under this plan, which can be as high as 70% of the base salary for the C.E.O., can be in cash and/or equity awards with various vesting provisions. This component of compensation is provided, among other reasons, to create incentives for executives to meet short and medium term performance goals of the Company, without regard to the stock price. Objectives are weighted in terms of overall importance to meeting the Company's operating plan and the amount of the reward is determined on a sliding scale dependent on the achievement of objectives and the relative importance of the objectives achieved.

AUDIT COMMITTEE POLICY ON APPROVAL OF AUDIT AND NON-AUDIT SERVICES

It is the policy of the Audit Committee to pre-approve all audit and permissible non-audit services provided by the Company's independent accountants, in accordance with rules prescribed by the SEC. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is based on a written proposal, accompanied by a cost estimate and estimated budget. The Audit Committee has delegated to its Chairman the authority to pre-approve audit and non-audit services with an estimated cost of up to \$25,000, provided the exercise of such authority is reported to the Audit Committee at its next regular meeting. The Audit Committee reserves the right, from time to time, to delegate pre-approval authority to other of its members, so long as such members are independent directors.

All of the services of Stegman during fiscal years 2009 and 2008 were approved by the Audit Committee in accordance with its pre-approval policy and the approval requirements of the SEC.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE SELECTION OF STEGMAN AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2010.

Stockholder ratification of the selection of Stegman as the Company's independent registered public accounting firm is not required by the Company's Bylaws or other applicable legal or regulatory requirements. However, the Board, upon the recommendation of the Audit Committee, is submitting the selection of Stegman to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Stegman, the Audit Committee will reconsider whether or not to retain that firm, or whether to retain a different firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

**PROPOSAL NO. 3: AMENDMENT OF THE
CELSION CORPORATION 2007 STOCK INCENTIVE PLAN**

BACKGROUND

Our stockholders are being asked to approve an amendment of the Celsion Corporation 2007 Stock Incentive Plan (the "2007 Plan"). The 2007 Plan, which replaced the Celsion Corporation 2004 Stock Option Plan (the "2004 Plan"), is a broad-based incentive plan that provides for the grant of

Table of Contents

incentive stock options, stock options that do not constitute incentive stock options, restricted stock, restricted stock units, stock appreciation rights, phantom stock, and performance awards, to employees, consultants and non-executive directors.

The purpose of the 2007 Plan, as amended, is to make available additional authorized but unissued shares of Common Stock for issuance pursuant to awards to be granted to the Company's key employees (including officers and directors), consultants and non-executive directors, to provide flexibility to the Company by permitting the grant of a range of types of equity compensation and to ensure compliance with certain newly adopted SEC and AMEX rules governing stockholder approval of equity compensation arrangements.

The 2007 Plan, as approved in 2007, reserved 1,000,000 shares of Common Stock. Management anticipated that the shares reserved under the 2007 Plan should be sufficient to meet the Company's needs through 2010. The availability of additional shares and of additional forms of equity consideration would allow the Company to provide its key employees, consultants and non-executive directors with equity compensation in lieu of cash compensation. This would help curtail the Company's cash outlays and permit it to conserve its cash resources for the development of its products and business. The 2007 Plan is also intended to encourage and reward key contributors to the Company's business by giving them an opportunity to share in any future success of the Company without burdening the Company's cash resources.

MATERIAL DIFFERENCE

The only material difference between the 2007 Plan currently in effect and the 2007 Plan, as amended by the Board of Directors on April 26, 2010, is the number of shares available for issuance under the Plan. The amendment to the 2007 Plan, as proposed, will increase the number of shares authorized under the Plan by an additional 1,000,000 to 2,000,000 shares of Common Stock.

REASONS FOR THE 2007 PLAN

In the discussion and analysis of compensation included in this proxy statement, the Company states that it designs its executive compensation package to align the interests of executives with those of stockholders. The 2007 Plan is designed to ensure that the Company will continue to have shares of Common Stock available to provide for the equity component of executive as well as employee and director compensation packages. The 2007 Plan also would allow the Company to continue to provide its key employees, consultants and non-executive directors with equity compensation in lieu of cash compensation, thereby permitting the Company to limit its cash outlays for compensation and conserve its cash resources. The Board of Directors believes that the 2007 Plan will help the Company effectively to compete for, motivate and retain directors, executives, other key employees and consultants.

The Company presently is evolving from a development stage enterprise to an operating company. However, the Company expects to continue to incur operating losses and to place a heavy emphasis on product development and commercialization for the foreseeable future. Therefore, for the foreseeable future the Company anticipates that substantially all of the Company's limited cash resources will be required for the commercialization of the products presently in our development pipeline and the development of new products. As a result, the Company will continue to have relatively few cash resources to apply to hiring and retaining key personnel. In the absence of cash resources, management believes that it is critically important that the Company continue to be able to grant meaningful equity-based compensation in order to ensure that it will be able to hire and retain highly qualified personnel.

Currently the Company has issued 243,713 shares of Common Stock and collectively has 2,016,079 shares subject to outstanding options and restricted stock grants. The number of shares of Common Stock currently available out of the 2007 Plan is 503,542. The Company believes that amending the

Table of Contents

2007 Plan to increase by 1,000,000 shares to 2,000,000 should be sufficient to meet the Company's needs through 2012.

DILUTIVE EFFECTS OF THE 2007 PLAN

The Company is reserving an additional 1,000,000 shares for the amended 2007 Stock Plan. The number of shares was designed to fulfill compensation requirements for two years based on the average annual distribution of stock option grants. Management also compared its usage to competitive benchmarks and ensured that the absolute number of shares reserved relative to issued and outstanding shares was comparable to previous Company plans. The additional 1,000,000 shares of Common Stock to be reserved for issuance pursuant to the 2007 Plan (together with any residual shares that may become available under the 2004 Plan) will consist of authorized but unissued shares of our Common Stock. Celsion stockholders do not have preemptive rights. Therefore, the issuance of shares under the 2007 Plan as amended will dilute the interests of our current stockholders in the Company. To the extent that the exercise price of any option is less than the net book value per share of the Company at the time of issuance, and to the extent of the issuance of restricted stock or restricted stock units not subject to a cash payment in excess of such net book value per share, the value of other stockholders' interests in the Company will be diluted.

SUMMARY DESCRIPTION OF THE 2007 PLAN

The following summary provides a description of the significant provisions of the 2007 Plan. However, the summary is qualified in its entirety by reference to the full text of the 2007 Plan, a copy of which is included as Appendix A to this Proxy Statement. Stockholders should read Appendix A carefully in connection with their consideration of Proposal No. 3.

NUMBER OF SHARES SUBJECT TO THE 2007 PLAN

If the amendment is approved, an aggregate of 2,000,000 shares of Common Stock are reserved for issuance pursuant to the 2007 Plan. In addition, any shares reserved under the 2004 Plan that are available at the time the 2007 Plan is approved by our stockholders, or that become available due to the expiration or forfeiture of options granted under the 2004 Plan, will be added to the pool of shares available under the 2007 Plan.

ELIGIBILITY

All directors, officers, employees and consultants of the Company or any parent, subsidiary or affiliate are eligible to participate in the 2007 Plan. The selection of those directors, officers, employees and consultants, from among those eligible, who will receive awards under the 2007 Plan, is within the discretion of the Compensation Committee, provided that awards of Incentive Stock Options may be made only to employees of the Company and any parent or subsidiary of the Company. Currently there are 4 non-executive directors, 3 officers and 17 employees eligible to participate in the 2007 Plan.

PLAN ADMINISTRATION

The 2007 Plan may be administered by the Board of Directors or, at the election of the Board of Directors, by a committee appointed by the Board of Directors comprised solely of two or more nonemployee directors within the meaning of Rule 16b-3 under the Securities Exchange Act, who also qualify as "outside directors" (as described under Section 162(m) of the Internal Revenue Code). The Board of Directors has determined that the Compensation Committee should administer the 2007 Plan.

The Compensation Committee will have full power and authority to administer and interpret the 2007 Plan and to adopt such rules, regulations, agreements, guidelines and instruments for the administration of the 2007 Plan it deems necessary, desirable or appropriate in accordance with the

Table of Contents

terms of the 2007 Plan and the Certificate of Incorporation and Bylaws of the Company. The Compensation Committee also will have full power and authority to take all other actions necessary to carry out the purpose and intent of the 2007 Plan, including the authority to (i) determine the participants to whom, and the time or times at which, awards shall be granted; (ii) determine the types of awards to be granted; (iii) determine the number of shares of Common Stock and/or amount of cash to be covered by or used for reference purposes for each award; (iv) impose such terms, limitations, vesting schedules, restrictions and conditions upon any such award as the Compensation Committee shall deem appropriate; (v) modify, extend or renew outstanding awards, accept the surrender of outstanding awards and substitute new awards, provided that no such action shall be taken with respect to any outstanding award that would materially or adversely affect the grantee without the grantee's consent, or constitute a repricing of stock options without the consent of the holders of the Company's voting securities; (vi) reprice Incentive Stock Options and Nonqualified Stock Options either by amendment to lower the exercise price or by accepting such stock options for cancellation and issuing replacement stock options with a lower exercise price or through any other mechanism (but only with the approval of the holders of the voting securities of the Company to the extent that such approval is required by applicable law, regulation or the rules of any national securities exchange or automated quotation system to which the Company is subject); (vii) accelerate the time in which an award may be exercised or in which an award becomes payable and waive or accelerate the lapse, in whole or in part, of any restriction or condition with respect to an award; (viii) establish objectives and conditions for earning awards and determining whether awards will be paid after the end of a performance period; and (ix) permit the deferral of, or require a participant to defer such participant's receipt of, the delivery of Common Stock and/or cash under an award that would otherwise be due to a participant and establish rules and procedures for such payment deferrals.

PERMITTED AWARDS

Our Board of Directors believes that it is appropriate to provide a flexible and comprehensive stock compensation plan that permits the granting of a variety of long-term incentive awards to eligible individuals. In keeping with the aim of providing a comprehensive and flexible plan, the 2007 Plan authorizes the following types of discretionary awards:

Incentive Stock Options, which are stock options that meet the definition set out in Section 422 of the Internal Revenue Code;

Nonqualified Stock Options, which are stock options that do not meet the definition of Incentive Stock Options under the Internal Revenue Code;

Stock Appreciation Rights ("SARs"), which represent the right to receive payments in cash, Common Stock or a combination of the two, of up to the amount by which the fair market value of a share of Common Stock on the date of exercise exceeds the designated base price of a share of Common Stock on the grant date. SARs may be freestanding or may be granted "in tandem" with stock options;

Phantom Stock, which represents the right to receive payments in cash, Common Stock or other consideration, equal to the fair market value of a specified number of shares of Common Stock at such time, and subject to such conditions, as are set forth in the grant agreement;

Restricted Stock, which is a specified number of shares of Common Stock that are subject to restrictions on disposition and forfeiture to the Company under certain circumstances;

Restricted Stock Units, which represent the right to receive shares of Common Stock without any cash payment therefor upon the satisfaction of vesting and other conditions, and may also include the right to receive dividend equivalents, in the form of additional Restricted Stock Units, equal to the amount of dividends or other distributions payable in respect of shares of

Table of Contents

Common Stock during the period from grant to satisfaction of all vesting and other conditions; and

Performance Awards, which are amounts payable in Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, and/or Phantom Stock that may be earned upon satisfaction of various performance measures.

TERM AND TERMINATION

The amendment to the 2007 Plan will become effective as of the date it is approved by our stockholders. If not sooner terminated, the 2007 Plan will terminate on the business day immediately preceding the tenth anniversary of its effective date and no further awards may be granted thereafter. The Board of Directors, in its discretion, may terminate the 2007 Plan at any time with respect to any shares of Common Stock for which awards have not previously been granted.

AMENDMENT

The Board of Directors may amend or terminate the 2007 Plan at any time, except that stockholder approval will be required to increase the number of shares of Common Stock subject to the 2007 Plan or if such approval is necessary to comply with any tax or regulatory requirement or rule of any exchange or national automated quotation system upon which the Common Stock is listed or quoted.

The Compensation Committee may make minor or administrative amendments to the 2007 Plan as well as amendments that may be dictated by requirements of applicable U.S. federal or state laws or that may be authorized or made desirable by such laws.

TERMS APPLICABLE TO ALL TYPES OF AWARDS

Term: The term of each award will be as specified by the Compensation Committee at the date of grant, but may not exceed ten years.

Maximum Annual Awards: No more than 200,000 shares of Common Stock may be issued to any one individual in any calendar year during the term of the 2007 Plan, subject to adjustment upon a reclassification, recapitalization, stock split, reverse stock split, stock dividend, combination of shares or other change in the Company's capital structure.

Changes in Control: In the event of any proposed change in control, as that term is defined in the 2007 Plan, the Compensation Committee will take such action as it deems appropriate and equitable to effectuate the purposes of the 2007 Plan and to protect the grantees of awards. Such actions may include:

acceleration or change of the exercise and/or expiration dates of any award to require that exercise be made, if at all, prior to the change in control;

cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of the change in control, less the aggregate exercise price, if any, of the award; and

in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to Common Stock, arrangements to have such other entity replace the awards granted under the 2007 Plan with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

Table of Contents

For purposes of the 2007 Plan, a "change in control" includes:

the merger or consolidation of the Company with or into another entity or other reorganization of the Company, if more than 50% of the combined voting power of the continuing or surviving entity's securities outstanding immediately thereafter is not owned directly or indirectly by persons who were holders of the Company's voting securities immediately prior thereto;

the sale, transfer or other disposition of all or substantially all of the Company's assets to an entity that is not a parent, subsidiary or affiliate of the Company;

any transaction as a result of which any person becomes the beneficial owner, directly or indirectly, of securities of the Company representing at least 50% of the total voting power represented by the Company's then-outstanding voting securities; or

a change in the composition of the Board of Directors over a period of 24 consecutive months or less as a result of which individuals who, at the beginning of such period, constitute the Board of Directors (the "Incumbent Board") cease to constitute at least a majority of the Board; provided, however, that any individual subsequently becoming a director whose selection as a director or nominee was approved by a vote of at least a majority of the directors then comprising the Board of Directors will be considered to be a member of the Incumbent Board, except if such selection occurs as a result of either an actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board.

Amendment: The Compensation Committee may not amend an outstanding award in any manner that would materially and adversely affect the award, except with the approval of the participant to whom the award was granted. Otherwise, the Compensation Committee may amend an outstanding award to the extent that it would have had the authority initially to grant the award as so amended.

Transferability: An Incentive Stock Option is not transferable other than by will or the laws of descent and distribution, and may be exercised during the employee's lifetime only by the employee or his or her guardian or legal representative. Other awards may, in the discretion of the Compensation Committee, also be transferable by gift or pursuant to a domestic relations order to certain specified family members, entities and trusts.

TERMS OF SPECIFIC TYPES OF AWARDS

Stock Options

Exercise Price: The exercise price will be determined by the Compensation Committee, in its discretion. Although it is the general policy of the Compensation Committee to grant options at not less than the fair market value of the Common Stock on the date of grant, the Compensation Committee has reserved the right, in its discretion, to grant options at a lower price as and when it deems appropriate. In no event, however, will Incentive Stock Options be granted at an exercise price of less than the fair market value of the Common Stock on the grant date.

Special Rules for Certain Stockholders: If an Incentive Stock Option is granted to an employee who then owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or a subsidiary, then the term of the option will not exceed five years, and the exercise price will be at least 110% of the fair market value of the shares on the date that the option is granted. In addition, no more than 200,000 shares of Common Stock may be subject to Awards granted during any one calendar year to any one Covered Employee, as that term is defined in Section 162(m) of the Internal Revenue Code.

Status of Options: The Compensation Committee will designate the status of each option granted to an employee as either an Incentive Stock Option or a Nonqualified Stock Option at the

Table of Contents

time of grant. If, however, the aggregate fair market value (determined as of the date of grant) of shares with respect to which Incentive Stock Options become exercisable for the first time by an employee exceeds \$100,000 in any calendar year, the options with respect to the excess shares will be Nonqualified Stock Options. All options granted to consultants and non-executive directors will be Nonqualified Stock Options.

Payment: The Compensation Committee may determine the method by which the option price may be paid, including in cash, check or other shares of Common Stock. The 2007 Plan also allows the Compensation Committee, in its discretion, to permit cashless exercises.

Other Terms and Conditions: The Compensation Committee may establish such other terms and conditions on the grant of stock options, not inconsistent with the terms of the 2007 Plan, as it deems appropriate.

Restricted Stock and Restricted Stock Units

Payment: Unless otherwise determined by the Compensation Committee or as may be required to comply with applicable tax withholding obligations, grantees of Restricted Stock and Restricted Stock Units will not be required to pay the Company cash consideration for such Restricted Stock or Restricted Stock Units.

Vesting Conditions and Other Conditions: The Compensation Committee, in its discretion, shall determine the vesting conditions and other restrictions applicable to each award of Restricted Stock or Restricted Stock Units, including the duration and conditions to termination of such restrictions. The Compensation Committee may, in its discretion, reduce or shorten the duration of any vesting period or other restriction applicable to any award of Restricted Stock or Restricted Stock Units.

Stock Issuance and Stockholder Rights: Certificates representing shares of Restricted Stock will be issued to the grantee, subject to forfeiture if the Restricted Stock does not vest or other restrictions do not lapse. Except as the Compensation Committee otherwise might determine, during the restricted period the grantee will have all the rights of a stockholder to receive dividends and to vote the Restricted Stock. Certificates representing shares subject to a Restricted Stock Unit will be issued at such time as the Restricted Stock Unit has vested and other restrictions have lapsed. The grantee of Restricted Stock Units will not be entitled to any of the rights of a stockholder until the time that certificates are issued, provided that the Compensation Committee, in its discretion, may provide a participant with the right to receive amounts equivalent to the dividends and other distributions that otherwise would be payable on shares subject to the Restricted Stock Unit, either currently or upon vesting and lapse of restrictions, with such amounts payable in cash or Common Stock, as determined by the Compensation Committee.

Stock Appreciation Rights

Tandem SARs: Tandem SARs, which are SARs granted in connection with an underlying stock option, will entitle the participant to surrender all or part of the option for a cash payment at such time and to the extent such option is exercisable. Any such SAR will be exercisable only to the same extent and on the same terms as the related options are exercisable. An Incentive Stock Option may only be surrendered in connection with the exercise of a tandem SAR if the fair market value of the Common Stock underlying the option is greater than the option's exercise price.

Free-Standing SARs: Free-standing SARs, which are SARs not granted in connection with stock options, will be exercisable as and when determined by the Compensation Committee.

Table of Contents

Form of Payment: The Company may pay amounts due upon exercise of a SAR by delivery of Common Stock, cash, or a combination of the two, as determined in the discretion of the Compensation Committee.

Other Terms: The Compensation Committee will determine at the date of grant the times at which and the circumstances under which a SAR may be exercised, the method of exercise, whether the SAR will be in combination with another award, and any other terms and conditions of any SAR.

Phantom Stock Awards

Phantom Stock Awards under the 2007 Plan will be granted on such terms and subject to such conditions, not inconsistent with the 2007 Plan, as the Compensation Committee may prescribe.

Performance Awards

Form of Grants: Performance Awards may be in the form of Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights and/or Phantom Stock as the Compensation Committee, in its discretion, may determine.

Performance Period: Performance periods will be established by the Compensation Committee, in its discretion, provided that no performance period may be less than one year.

Performance Measures: The Compensation Committee will use one or more of the following criteria, which will be determined in accordance with generally accepted accounting principles and may be used in absolute or relative terms, to measure the performance of the Company, or any parent, subsidiary, affiliate or division of the Company for a performance period:

basic or diluted earnings per share of Common Stock;

earnings per share of Common Stock growth;

revenue;

operating income;

net income (either before or after taxes);

earnings and/or net income before interest and taxes;

earnings and/or net income before interest, taxes, depreciation and amortization;

return on capital;

return on equity;

return on assets;

net cash provided by operations;

free cash flow;

Common Stock price;

economic profit;

economic value;

total stockholder return; and

gross margins and costs.

Table of Contents

Performance Awards Under Section 162(m) of the Internal Revenue Code: The terms of any awards granted to persons who are "Covered Employees" (within the meaning of Section 162(m) of the Internal Revenue Code) will be interpreted by the Compensation Committee consistently with Section 162(m) of the Internal Revenue Code and Treasury Regulations Section 1.162-27(e)(2)(i).

NEW PLAN BENEFITS

Collectively to date, 2,259,126 issued or outstanding awards have been issued under the Company's plans. Upon stockholder approval, the Compensation Committee may elect to make awards to executive officers and directors of the Company under the 2007 Plan. Inasmuch as awards under the 2007 Plan are within the sole discretion of the Compensation Committee, at present it is not possible for us to determine what benefits, if any, any persons or groups will receive awards under the 2007 Plan.

FEDERAL INCOME TAX ASPECTS OF THE 2007 PLAN

The following is a brief summary of certain of the U.S. federal income tax consequences of certain transactions under the 2007 Plan. It does not address any state, local or foreign income or other tax consequences, which may vary significantly depending upon the jurisdiction and the status of the stockholder/taxpayer. This summary also does not attempt to describe all of the possible tax consequences that could result from the acquisition, holding, exercise or disposition of an Incentive or Nonqualified Stock Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Phantom Stock or Performance Award, or the shares of Common Stock underlying any of the foregoing. The discussion is based on the Internal Revenue Code, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

Incentive Stock Options

Incentive Stock Options are subject to special federal income tax treatment. No federal income tax is imposed on the optionee upon the grant or the exercise of an Incentive Stock Option if the optionee does not dispose of the shares acquired pursuant to the exercise within the two-year period beginning on the date the option was granted or within the one-year period beginning on the date the option was exercised (collectively, the "Holding Period"). In such event, the Company would not be entitled to any deduction for federal income tax purposes in connection with the grant or exercise of the option or the disposition of the shares so acquired. With respect to an Incentive Stock Option, the difference between the fair market value of the stock on the date of exercise and the exercise price must generally be included in the optionee's alternative minimum taxable income for the year in which such exercise occurs. However, if the optionee exercises an Incentive Stock Option and disposes of the shares received in the same taxable year and the amount realized is less than the fair market value of the shares on the date of exercise, then the amount included in the income of the optionee will not exceed the amount realized over the adjusted basis of the shares.

Upon disposition of the shares received upon exercise of an Incentive Stock Option after the Holding Period has been satisfied, any appreciation of the shares above the exercise price should constitute capital gain. If an optionee disposes of shares acquired pursuant to his or her exercise of an Incentive Stock Option prior to the end of the Holding Period, the optionee will be treated as having received, at the time of disposition, compensation taxable as ordinary income. In such event, and subject to the application of Section 162(m) of the Internal Revenue Code as discussed below, the Company may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as received by the optionee. The amount treated as compensation is the excess of the fair market value of the shares at the time of exercise (or in the case of a sale in which a loss would be recognized, the amount realized on the sale if less) over the exercise price; any amount

Table of Contents

realized in excess of the fair market value of the shares at the time of exercise would be treated as short-term or long-term capital gain, depending on the holding period of the shares.

Nonqualified Stock Options and Stock Appreciation Rights

As a general rule, no federal income tax is imposed on the optionee upon the grant of a Nonqualified Stock Option (whether or not including a Stock Appreciation Right), and the Company is not entitled to a tax deduction by reason of such grant. Generally, upon the exercise of a Nonqualified Stock Option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares of stock at the time of exercise over the option price paid for such shares. In the case of the exercise of a Stock Appreciation Right, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the cash received plus the fair market value of the shares distributed to the optionee. Upon the exercise of a Nonqualified Stock Option or a Stock Appreciation Right, and subject to the application of Section 162(m) of the Internal Revenue Code, the Company may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized by the optionee, assuming any federal income tax reporting requirements are satisfied.

Upon a subsequent disposition of the shares received upon exercise of a Nonqualified Stock Option or a Stock Appreciation Right, any difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. If the shares received upon the exercise of a Nonqualified Stock Option or a Stock Appreciation Right are transferred to the optionee subject to certain restrictions, then the taxable income realized by the optionee, unless the optionee elects otherwise, and the Company's tax deduction (assuming any federal income tax reporting requirements are satisfied) should be deferred and should be measured at the fair market value of the shares at the time the restrictions lapse. The restrictions imposed on officers, directors and 10% stockholders by Section 16(b) of the Securities Exchange Act is such a restriction during the period prescribed thereby if other shares have been purchased by such an individual within six months of the exercise of a Nonqualified Stock Option or Stock Appreciation Right.

Restricted Stock

The recipient of a Restricted Stock award will not realize taxable income at the time of grant, and the Company will not be entitled to a deduction at that time, assuming that the restrictions constitute a substantial risk of forfeiture for federal income tax purposes. When the risk of forfeiture with respect to the stock subject to the award lapses, the holder will realize ordinary income in an amount equal to the fair market value of the shares of Common Stock at such time, and, subject to Section 162(m) of the Internal Revenue Code, the Company will be entitled to a corresponding deduction. All dividends and distributions (or the cash equivalent thereof) with respect to a Restricted Stock award paid to the holder before the risk of forfeiture lapses will also be compensation income to the holder when paid and, subject to Section 162(m) of the Internal Revenue Code, deductible as such by the Company. Notwithstanding the foregoing, the holder of a Restricted Stock award may elect, under Section 83(b) of the Internal Revenue Code, to be taxed at the time of grant of the Restricted Stock award, based on the fair market value of the shares of Common Stock on the date of the award, in which case (i) subject to Section 162(m) of the Internal Revenue Code, the Company will be entitled to a deduction at the same time and in the same amount; (ii) dividends paid to the recipient during the period the forfeiture restrictions apply will be taxable as dividends and will not be deductible by the Company; and (iii) there will be no further federal income tax consequences when the risk of forfeiture lapses. Such election must be made not later than 30 days after the grant of the Restricted Stock award and is irrevocable.

Table of Contents

Performance Awards, Phantom Stock and Restricted Stock Units

An individual who has been granted a Performance Award, Phantom Stock or Restricted Stock Units generally will not realize taxable income at the time of grant, and the Company will not be entitled to a deduction at that time. Whether a Performance Award, Phantom Stock award or award of Restricted Stock Units is paid in cash or shares of Common Stock, the individual will have taxable compensation and, subject to the application of Section 162(m) of the Internal Revenue Code, the Company will have a corresponding deduction. The measure of such income and deduction will be the amount of any cash paid and the fair market value of any shares of Common Stock either at the time the award is paid or at the time any restrictions on the shares (including restrictions under Section 16(b) of the Exchange Act) subsequently lapse, depending on the nature, if any, of the restrictions imposed and whether the individual elects to be taxed without regard to any such restrictions. Any dividend equivalents paid with respect to a Performance Award, Phantom Stock or Restricted Stock Units prior to the actual issuance of shares under the award will be compensation income to the employee and, subject to the application of Section 162(m) of the Internal Revenue Code, deductible as such by the Company.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for annual compensation in excess of \$1 million paid to its chief executive officer or any of its four other highest-paid officers. However, compensation that qualifies under Section 162(m) as "performance-based" is specifically exempt from the deduction limit. Based on Section 162(m) of the Internal Revenue Code and the regulations issued thereunder, the Company's ability to deduct compensation income generated in connection with the exercise of stock options granted by the Compensation Committee under the 2007 Plan should not be limited by Section 162(m) of the Internal Revenue Code. Further, the Company believes that compensation income generated in connection with Performance Awards granted by the Compensation Committee under the 2007 Plan should not be limited by Section 162(m). The 2007 Plan has been designed to provide flexibility with respect to whether Restricted Stock awards granted by the Compensation Committee will qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and, therefore, be exempt from the deduction limit. Assuming no election is made under Section 83(b) of the Internal Revenue Code, if the lapse of the forfeiture restrictions relating to a Restricted Stock award granted by the Compensation Committee is based solely upon the satisfaction of one of the performance criteria set forth in the 2007 Plan, then the Company believes that the compensation expense deduction relating to such an award should not be limited by Section 162(m) if the Restricted Stock becomes vested. However, compensation expense deductions relating to Restricted Stock awards granted by the Compensation Committee will be subject to the Section 162(m) deduction limitation if the Restricted Stock becomes vested based upon any other criteria set forth in such award (such as the occurrence of a change of control of the Company). Compensation income generated in connection with Phantom Stock awarded under the 2007 Plan will be subject to the Section 162(m) deduction limitation. Further, the income generated in connection with all awards granted under the 2007 Plan to the Chief Executive Officer of the Company will not qualify as performance-based compensation and, accordingly, the Company's deduction for such compensation may be limited by Section 162(m).

The 2007 Plan is not qualified under Section 401(a) of the Code.

Inapplicability of ERISA

Based upon current law and published interpretations, the Company does not believe that the 2007 Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

**CELSION CORPORATION
2007 STOCK INCENTIVE PLAN**

1. Establishment, Purpose and Types of Awards

Celsion Corporation, a Delaware corporation (the Company), hereby establishes the Celsion Corporation 2007 Stock Incentive Plan (the "Plan"). The purpose of the Plan is to promote the long-term growth and profitability of the "Company" by (i) providing incentives to improve stockholder value and to contribute to the growth and financial success of the Company, and (ii) enabling the Company to attract, retain and reward the best available persons for positions of substantial responsibility.

The Plan permits the granting of Awards in the form of Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Phantom Stock, and Performance Awards, in each case as such term is defined below, and any combination of the foregoing.

2. Definitions

Under this Plan, except where the context otherwise indicates, the following definitions apply:

(a) "*Affiliate*" shall mean any entity other than a Subsidiary, if the Company and/or one or more Subsidiaries own directly or indirectly not less than fifty percent (50%) of such entity.

(b) "*Awards*" shall mean Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Phantom Stock, and Performance Awards, and any combination of the foregoing.

(c) "*Board*" shall mean the Board of Directors of the Company.

(d) "*Change in Control*" shall mean:

(i) The consummation of an amalgamation, merger or consolidation of the Company with or into another entity or any other corporate reorganization of the Company, if more than fifty percent (50%) of the combined voting power of the continuing or surviving entity's securities outstanding immediately after such amalgamation, merger, consolidation or other reorganization (or, if applicable, more than fifty percent (50%) of the combined voting power of the ultimate parent company that directly or indirectly has beneficial ownership of the securities of such continuing or surviving entity) is not owned directly or indirectly by persons who were holders of the Company's then-outstanding voting securities immediately prior to such amalgamation, merger, consolidation or other reorganization;

(ii) The sale, transfer or other disposition of all or substantially all of the Company's assets to an entity that is not a Parent, a Subsidiary or an Affiliate of the Company;

(iii) Any transaction as a result of which any person becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing at least fifty percent (50%) of the total voting power represented by the Company's then-outstanding voting securities. For purposes of this subsection, the term "person" shall have the same meaning as when used in sections 13(d) and 14(d) of the Exchange Act but shall exclude: (A) any Parent, Subsidiary or Affiliate of the Company, (B) any employee benefit plan (or related trust) sponsored or maintained by the Company, a Parent, or any Subsidiary or Affiliate, and (C) any underwriter temporarily holding securities pursuant to an offering of such securities; or

(iv) A change in the composition of the Board over a period of twenty four (24) consecutive months or less as a result of which individuals who, at the beginning of such period, constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the

Table of Contents

Board; provided, however, that any individual subsequently becoming a director whose election, or nomination for election by the Company's Stockholders, was approved by a vote of at least a majority of the directors then comprising the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without written objection to such nomination) shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of either an actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board.

(e) "*Code*" shall mean the Internal Revenue Code of 1986, as amended, and any regulations issued thereunder.

(f) "*Committee*" shall mean the Board or a committee of the Board appointed pursuant to Section 3 of the Plan to administer the Plan.

(h) "*Covered Employee*" shall mean an employee of the Company or any Parent, Subsidiary or Affiliate who is subject to Code Section 162(m).

(i) "*Exchange Act*" shall mean the U.S. Securities Exchange Act of 1934, as amended and any rules or regulations promulgated thereunder.

(j) "*Fair Market Value*" of the Stock for any purpose on a particular date shall mean:

(i) if the Stock is traded on a public securities exchange or a national automated quotation system, the closing price for Stock on the relevant date, or (if there were no sales on such date) the closing price on the nearest day before the relevant date, as reported in *The Wall Street Journal* or a similar publication selected by the Committee; or

(ii) if the Stock is not traded on a public securities exchange or a national quotation system on such date, the price determined in a manner such as the Committee shall in good faith determine to be appropriate.

(k) "*Grant Agreement*" shall mean a written agreement between the Company and a grantee memorializing the terms and conditions of an Award granted pursuant to the Plan.

(l) "*Grant Date*" shall mean the date on which the Committee formally acts to grant an Award to a grantee or such other date as the Committee shall so designate at the time of taking such formal action.

(m) "*Incentive Stock Options*" shall mean Stock options that meet the requirements of Code Section 422.

(n) "*Nonqualified Stock Options*" shall mean Stock options that do not meet the requirements of Code Section 422.

(o) "*Parent*" shall mean a company, whether now or hereafter existing, within the meaning of the definition of "parent company" provided in Section 424(e) of the Code, or any successor thereto of similar import.

(p) "*Participant*" shall mean a director, officer, employee or consultant of the Company, or any Parent, Subsidiary or Affiliate, who is granted an Award under the Plan.

(q) "*Performance Award*" shall mean an Award under Section 9 hereof.

Table of Contents

(r) "*Performance Measure*" shall mean one or more of the following criteria selected by the Committee to measure performance of the Company or any Parent, Subsidiary or Affiliate or other business division of same for a Performance Period, whether in absolute or relative terms: basic or diluted earnings per share of Stock; earnings per share of Stock growth; revenue; operating income; net income (either before or after taxes); earnings and/or net income before interest and taxes; earnings and/or net income before interest, taxes, depreciation and amortization; return on capital; return on equity; return on assets; net cash provided by operations; free cash flow; Stock price; economic profit; economic value; total stockholder return; gross margins and costs. Each such measure shall be determined in accordance with generally accepted accounting principles as consistently applied and, if so determined by the Committee and, in the case of a Performance Award to a Covered Employee, to the extent permitted under Code Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles.

(s) "*Performance Period*" means a period of not less than one year over which the achievement of targets for Performance Measures is determined.

(t) "*Phantom Stock*" shall mean Awards under Section 9.

(u) "*Restricted Stock*" and "*Restricted Stock Units*" shall mean Awards under Section 7.

(v) "*Rule 16b-3*" shall mean Rule 16b-3 as in effect under the Exchange Act on the effective date of the Plan, or any successor provision prescribing conditions necessary to exempt the issuance of securities under the Plan (and further transactions in such securities) from Section 16(b) of the Exchange Act.

(w) "*Securities Act*" shall mean the U.S. Securities Act of 1933, as amended and any rules or regulations promulgated thereunder.

(x) "*Stock*" shall mean common stock of the Company, par value \$0.01 per share.

(y) "*Stock Appreciation Rights*" shall mean Awards under Section 8(a) to (d).

(aa) "*2001 Plan*" shall mean the 2001 Celsion Corporation Stock Option Plan.

(bb) "*2004 Plan*" shall mean the Celsion Corporation 2004 Stock Incentive Plan.

3. Administration

(a) *Procedure.* The Plan shall be administered by the Board. In the alternative, the Board may delegate authority to a Committee to administer the Plan on behalf of the Board, subject to such terms and conditions as the Board may prescribe. Such Committee shall consist of not less than two (2) members of the Board each of whom is a "non-employee director" within the meaning of Rule 16b-3 under the Exchange Act, or any successor rule of similar import, and an "outside director" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder.

Once appointed, the Committee shall continue to serve until otherwise directed by the Board. From time to time, the Board may increase the size of the Committee and appoint additional members thereof, remove members (with or without cause) and appoint new members in substitution therefor, fill vacancies, however caused, and remove all members of the Committee and, thereafter, directly administer the Plan. In the event that the Board is the administrator of the Plan in lieu of a Committee, the term "Committee" as used herein shall be deemed to mean the Board.

Table of Contents

Members of the Board or Committee who are either eligible for Awards or have been granted Awards may vote on any matters affecting the administration of the Plan or the grant of Awards pursuant to the Plan, except that no such member shall act upon the granting of an Award to himself or herself, but any such member may be counted in determining the existence of a quorum at any meeting of the Board or the Committee during which action is taken with respect to the granting of an Award to him or her.

The Committee shall meet at such times and places and upon such notice as it may determine. A majority of the Committee shall constitute a quorum. Any acts by the Committee may be taken at any meeting at which a quorum is present and shall be by majority vote of those members entitled to vote. Additionally, any acts reduced to writing or approved in writing by all of the members of the Committee shall be valid acts of the Committee.

(b) *Secondary Committees and Sub-Plans.* The Board may, in its sole discretion, divide the duties and powers of the Committee by establishing one or more secondary Committees to which certain duties and powers of the Board hereunder are delegated (each of which shall be regarded as a "Committee" under the Plan with respect to such duties and powers), or delegate all of its duties and powers hereunder to a single Committee. Additionally, if permitted by applicable law, the Board or Committee may delegate any or all of its duties and powers hereunder to the Chief Executive Officer and/or to other senior officers of the Company subject to such conditions and limitations as the Board or Committee shall prescribe. However, only the Committee described under Subsection 3(a) may designate and grant Awards to Participants who are subject to Section 16 of the Exchange Act or Section 162(m) of the Code. The Committee shall also have the power to establish sub-plans (which may be included as appendices to the Plan or the respective Grant Agreements), which may constitute separate schemes, for the purpose of establishing schemes which meet any special tax or regulatory requirements of jurisdictions other than the United States and its subdivisions. Any such interpretations, rules, administration and sub-plans shall be consistent with the basic purposes of the Plan.

(c) *Powers of the Committee.* The Committee shall have all the powers vested in it by the terms of the Plan, such powers to include authority, in its sole and absolute discretion, to grant Awards under the Plan, prescribe Grant Agreements evidencing such Awards and establish programs for granting Awards. The Committee shall have full power and authority to take all other actions necessary to carry out the purpose and intent of the Plan, including, but not limited to, the authority to:

- (i) determine the Participants to whom, and the time or times at which, Awards shall be granted,
- (ii) determine the types of Awards to be granted,
- (iii) determine the number of shares of Stock and/or amount of cash to be covered by or used for reference purposes for each Award,
- (iv) impose such terms, limitations, vesting schedules, restrictions and conditions upon any such Award as the Committee shall deem appropriate, including without limitation establishing, in its discretion, Performance Measures that must be satisfied before an Award vests and/or becomes payable, the term during which an Award is exercisable, the purchase price, if any, under an Award and the period, if any, following a grantee's termination of employment or service with the Company or any Parent, Subsidiary or Affiliate during which the Award shall remain exercisable,
- (v) modify, extend or renew outstanding Awards, accept the surrender of outstanding Awards and substitute new Awards, provided that no such action shall be taken with respect to any outstanding Award that would materially, adversely affect the grantee without the grantee's consent, or constitute a repricing of stock options without the consent of the holders of the Company's voting securities under (vi) below,

Table of Contents

(vi) only with the approval of the holders of the voting securities of the Company to the extent that such approval is required by applicable law, the regulation or the rules of a national securities exchange or automated quotation system to which the Company is subject, reprice Incentive Stock Options and Nonqualified Stock Options either by amendment to lower the exercise price or by accepting such stock options for cancellation and issuing replacement stock options with a lower exercise price or through any other mechanism,

(vii) accelerate the time in which an Award may be exercised or in which an Award becomes payable and waive or accelerate the lapse, in whole or in part, of any restriction or condition with respect to an Award,

(viii) establish objectives and conditions, including targets for Performance Measures, if any, for earning Awards and determining whether Awards will be paid after the end of a Performance Period, and

(ix) permit the deferral of, or require a Participant to defer such Participant's receipt of, the delivery of Stock and/or cash under an Award that would otherwise be due to such Participant and establish rules and procedures for such payment deferrals, provided the requirements of Code Section 409A are met with respect to any such deferral.

The Committee shall have full power and authority to administer and interpret the Plan and to adopt such rules, regulations, agreements, guidelines and instruments for the administration of the Plan as the Committee deems necessary, desirable or appropriate in accordance with the Bylaws of the Company.

(d) *Limited Liability.* To the maximum extent permitted by law, no member of the Board or Committee or a Committee Delegate shall be liable for any action taken or decision made in good faith relating to the Plan or any Award thereunder.

(e) *Indemnification.* The members of the Board and Committee and any Committee Delegate shall be indemnified by the Company in respect of all their activities under the Plan in accordance with the procedures and terms and conditions set forth in the Certificate of Incorporation Bylaws of the Company as in effect from time to time. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation, as a matter of law, or otherwise.

(f) *Effect of Committee's Decision.* All actions taken and decisions and determinations made by the Committee or a Committee Delegate on all matters relating to the Plan pursuant to the powers vested in it hereunder shall be in the Committee's or Committee Delegate's sole and absolute discretion and shall be conclusive and binding on all parties concerned, including the Company, its stockholders, any Participants in the Plan and any other employee of the Company, and their respective successors in interest.

(g) *Apprising the Board.* The Committee will inform the Board regarding its activities under the Plan not less frequently than at each scheduled Board meeting and at such other times as the Board may request.

4. Stock Available Under the Plan; Maximum Awards

(a) *Stock Available Under the Plan.*

(i) Subject to adjustments as provided in Section 13 of the Plan, the Stock that may be delivered or purchased or used for reference purposes (with respect to Stock Appreciation Rights, or Phantom Stock) with respect to Awards granted under the Plan, including with respect to Incentive Stock Options, shall not exceed an aggregate of one million (2,000,000) shares of Stock,

Table of Contents

plus the number of shares of Stock available from the 2001 Plan and 2004 Plan as provided in Subsection 4(a)(ii) below. Stock available under the Plan may be, in any combination, authorized but unissued Stock, treasury Stock and Stock that is repurchased, in the market, and canceled by the Company. The Company shall reserve said number of shares of Stock for Awards under the Plan, subject to adjustments as provided in Section 13 of the Plan. If any Award, or portion of an Award, issued under the Plan, expires or terminates unexercised, becomes unexercisable or is forfeited or otherwise terminated, surrendered or canceled as to any shares of Stock without the delivery by the Company (or, in the case of Restricted Shares, without vesting) of Stock or other consideration, the Stock subject to such Award shall thereafter be available for further Awards under the Plan.

(ii) There shall be available for issuance under the Plan the sum of (A) the number of shares of Stock remaining available for issuance under the 2004 Plan at the effective date of this Plan, plus (B) shares of Stock subject to any stock options issued under the 2001 Plan or 2004 Plan to the extent such stock options subsequently expire or terminate unexercised, become unexercisable or are forfeited or otherwise terminated, surrendered or canceled, without delivery of shares of Stock or other consideration to the holder.

(b) *Maximum Awards to Covered Employees.* The maximum number of shares of Stock subject to Awards that may be granted during any one calendar year to any one Covered Employee shall be limited to two hundred thousand (200,000). To the extent required by Section 162(m) of the Code and so long as Section 162(m) of the Code is applicable to persons eligible to participate in the Plan, shares of Stock subject to the foregoing maximum with respect to which the related Award is terminated, surrendered or canceled shall nonetheless continue to be taken into account with respect to such maximum for the calendar year in which granted.

5. Participation

Participation in the Plan shall be open to all directors, officers, employees and consultants of the Company, or of any Parent, Subsidiary or Affiliate of the Company, as may be selected by the Committee from time to time. Notwithstanding the foregoing, participation in the Plan with respect to Awards of Incentive Stock Options shall be limited to employees of the Company or of any Parent or Subsidiary of the Company.

Awards may be granted to such Participants and for or with respect to such number of shares of Stock as the Committee shall determine, subject to the limitations in Section 4 of the Plan. A grant of any type of Award made in any one year to a Participant shall neither guarantee nor preclude a further grant of that or any other type of Award to such person in that year or subsequent years.

6. Stock Options

Subject to the other applicable provisions of the Plan, the Committee may from time to time grant to Participants Awards of Nonqualified Stock Options and/or Incentive Stock Options. The stock option Awards granted shall be subject to the following terms and conditions.

Table of Contents

(a) *Grant of Option.* The grant of a stock option shall be evidenced by a Grant Agreement, executed by the Company and the grantee, stating the number of shares of Stock subject to the stock option evidenced thereby, the exercise price and the terms and conditions of such stock option, in such form as the Committee may from time to time determine.

(b) *Exercise Price.* The price per share payable upon the exercise of each stock option shall be determined by the Committee, but shall not be less than the Fair Market Value of the shares on the Grant Date, unless the stock option complies with Section 409A of the Code.

(c) *Payment.* Stock options may be exercised in whole or in part by payment of the exercise price of the Stock to be acquired in accordance with the provisions of the Grant Agreement, and/or such rules and regulations as the Committee may have prescribed, and/or such determinations, orders, or decisions as the Committee may have made. Payment may be made in cash (or cash equivalents acceptable to the Committee) or, if provided in the Grant Agreement and permitted by applicable law, in shares of Stock which have been held by grantee for at least six (6) months, or a combination of cash and such Stock, or by such other means as the Committee may prescribe. The Fair Market Value of Stock delivered on exercise of stock options shall be determined as of the date of exercise.

If the Stock is registered under Section 12(b) or 12(g) of the Exchange Act, the Committee, subject to such limitations as it may determine, may authorize payment of the exercise price, in whole or in part, by delivery of a properly executed exercise notice, together with irrevocable instructions, to: (i) a brokerage firm to deliver promptly to the Company the aggregate amount of sale or loan proceeds to pay the exercise price and any withholding tax obligations that may arise in connection with the exercise, and (ii) the Company to deliver the certificates for such purchased Stock directly to such brokerage firm.

(d) *Term of Options.* The term during which each stock option may be exercised shall be determined by the Committee; provided, however, that in no event shall a stock option be exercisable more than ten years from the date it is granted. Prior to the exercise of the stock option and delivery of the Stock certificates represented thereby, the grantee shall have none of the rights of a stockholder with respect to any Stock represented by an outstanding stock option.

(e) *Restrictions on Incentive Stock Options.* Incentive Stock Option Awards granted under the Plan shall comply in all respects with Code Section 422 and, as such, shall meet the following additional requirements:

(i) *Grant Date.* An Incentive Stock Option must be granted within ten (10) years of the earlier of the Plan's adoption by the Board of Directors or approval by the Company's stockholders.

(ii) *Exercise Price and Term.* The exercise price of an Incentive Stock Option shall not be less than one hundred percent (100%) of the Fair Market Value of the Stock on the date the stock option is granted and the term of the stock option shall not exceed ten (10) years. Also, the exercise price of any Incentive Stock Option granted to a grantee who owns (within the meaning of Section 422(b)(6) of the Code, after the application of the attribution rules in Section 424(d) of the Code) more than ten percent (10%) of the total combined voting power of all classes of shares of Stock of the Company or any Parent or Subsidiary of the Company shall be not less than one hundred ten percent (110%) of the Fair Market Value of the Stock on the grant date and the term of such stock option shall not exceed five (5) years.

(iii) *Maximum Grant.* The aggregate Fair Market Value (determined as of the Grant Date) of Stock of the Company with respect to which all Incentive Stock Options first become exercisable by any grantee in any calendar year under this or any other plan of the Company and its Parent and Subsidiaries may not exceed One Hundred Thousand Dollars (\$100,000) or such other amount as may be permitted from time to time under Section 422 of the Code. To the extent

Table of Contents

that such aggregate Fair Market Value shall exceed One Hundred Thousand Dollars (\$100,000), or other applicable amount, such stock options to the extent of the Stock in excess of such limit shall be treated as Nonqualified Stock Options. In such case, the Company may designate the shares of Stock that are to be treated as Stock acquired pursuant to the exercise of an Incentive Stock Option.

(iv) *Grantee.* Incentive Stock Options shall only be issued to employees of the Company or of a Parent, Subsidiary or Affiliate of the Company.

(v) *Designation.* No stock option shall be an Incentive Stock Option unless so designated by the Committee at the time of grant or in the Grant Agreement evidencing such stock option.

(vi) *Stockholder Approval.* No stock option issued under the Plan shall be an Incentive Stock Option unless the Plan is approved by the stockholders of the Company within twelve (12) months of its adoption by the Board in accordance with the Bylaws of the Company and governing law relating to such matters.

(f) *Other Terms and Conditions.* Stock options may contain such other provisions, not inconsistent with the provisions of the Plan, as the Committee shall determine appropriate from time to time.

7. Restricted Stock and Restricted Stock Units

(a) *In General.* Subject to the other applicable provisions of the Plan and applicable law, the Committee may at any time and from time to time grant Restricted Stock or Restricted Stock Units to Participants, in such amounts and subject to such vesting conditions, other restrictions and conditions for removal of restrictions as it determines. Unless determined otherwise by the Committee, Participants receiving Restricted Stock or Restricted Stock Units are not required to pay the Company cash consideration therefor (except as may be required for applicable tax withholding).

(b) *Vesting Conditions and Other Restrictions.* Each Award for Restricted Stock and Restricted Stock Units shall be evidenced by a Grant Agreement that specifies the applicable vesting conditions and other restrictions, if any, on such Award, the duration of such restrictions, and the time or times at which such restrictions shall lapse with respect to all or a specified number of the shares of Stock that are part of the Award. Notwithstanding the foregoing, the Committee may reduce or shorten the duration of any vesting or other restriction applicable to any Restricted Stock or Restricted Stock Units awarded to any grantee under the Plan.

(c) *Stock Issuance and Stockholder Rights.*

(i) *Restricted Stock.* Stock certificates with respect to Stock granted pursuant to a Restricted Stock Award shall be issued, and/or Stock shall be registered, at the time of grant of the Restricted Stock Award, subject to forfeiture if the Restricted Stock does not vest or other restrictions do not lapse. Any Stock certificates shall bear an appropriate legend with respect to the restrictions applicable to such Restricted Stock Award and the grantee may be required to deposit the certificates with the Company during the period of any restriction thereon and to execute a blank stock power or other instrument of transfer therefor. Except as otherwise provided by the Committee, during the period of restriction following issuance of Restricted Stock certificates, the grantee shall have all of the rights of a holder of Stock, including but not limited to the rights to receive dividends (or amounts equivalent to dividends) and to vote with respect to the Restricted Stock. The Committee, in its discretion, may provide that any dividends or distributions paid with respect to Stock subject to the unvested portion of a Restricted Stock Award will be subject to the same restrictions as the Restricted Stock to which such dividends or distributions relate.

Table of Contents

(ii) **Restricted Stock Units.** Stock certificates for the shares of Stock subject to a Restricted Stock Unit shall be issued, and/or Stock shall be registered, upon vesting and lapse of any other restrictions with respect to the issuance of Stock under such Award. The grantee will not be entitled to vote such Stock or to any of the other rights of stockholders during the period prior to issuance of the certificates for such Stock and/or the registration of the Stock. An Award of Restricted Stock Units may provide the Participant with the right to receive amounts equivalent to dividends and distributions paid with respect to Stock subject to the Award while the Award is outstanding, which payments may, in the Committee's discretion, either be made currently or credited to an account for the Participant, and may be settled in cash or Stock, all as determined by the Committee. Unless otherwise determined by the Committee with respect to a particular Award, each outstanding Restricted Stock Unit shall accrue such dividend equivalents, deferred as equivalent amounts of additional Restricted Stock Units, which amounts will be paid only when and if the Restricted Stock Unit (on which such dividend equivalents were accrued) vests and becomes payable. To the extent that a Restricted Stock Unit does not vest or is otherwise forfeited, any accrued and unpaid dividend equivalents shall be forfeited.

8. Stock Appreciation Rights

(a) *Award of Stock Appreciation Rights.* Subject to the other applicable provisions of the Plan, the Committee may at any time and from time to time grant Stock Appreciation Rights ("SARs") to Participants, either on a free-standing basis (without regard to or in addition to the grant of a stock option) or on a tandem basis (related to the grant of an underlying stock option), as it determines. SARs granted in tandem with or in addition to a stock option may be granted either at the same time as the stock option or at a later time; provided, however, that a tandem SAR shall not be granted with respect to any outstanding Incentive Stock Option Award without the consent of the grantee. SARs shall be evidenced by Grant Agreements, executed by the Company and the grantee, stating the number of shares of Stock subject to the SAR evidenced thereby and the terms and conditions of such SAR, in such form as the Committee may from time to time determine. The term during which each SAR may be exercised shall be determined by the Committee. In no event shall a SAR be exercisable more than ten years from the date it is granted. The grantee shall have none of the rights of a stockholder with respect to any Stock represented by a SAR.

(b) *Restrictions of Tandem SARs.* No Incentive Stock Option may be surrendered in connection with the exercise of a tandem SAR unless the Fair Market Value of the Stock subject to the Incentive Stock Option is greater than the exercise price for such Incentive Stock Option. SARs granted in tandem with stock options shall be exercisable only to the same extent and subject to the same conditions as the stock options related thereto are exercisable. The Committee may, in its discretion, prescribe additional conditions to the exercise of any such tandem SAR.

(c) *Amount of Payment upon Exercise of SARs.* A SAR shall entitle the grantee to receive, subject to the provisions of the Plan and the Grant Agreement, a payment having an aggregate value equal to the product of (i) the excess of (A) the Fair Market Value on the exercise date of one share of Stock over (B) the base price per share of Stock specified in the Grant Agreement, times (ii) the number of shares of Stock specified by the SAR, or portion thereof, that is exercised. In the case of exercise of a tandem SAR, such payment shall be made in exchange for the surrender of the unexercised related stock option (or any portion or portions thereof which the grantee from time to time determines to surrender for this purpose). The base price per share under a SAR shall not be less than the Fair Market Value of a share of Stock on the Grant Date, unless the SAR complies with Section 409A of the Code.

(d) *Form of Payment upon Exercise of SARs.* Payment by the Company of the amount receivable upon any exercise of a SAR may be made by the delivery of Stock or cash, or any combination of Stock and cash, as determined in the sole discretion of the Committee from time to time. If upon

Table of Contents

settlement of the exercise of a SAR a grantee is to receive a portion of such payment in Stock, the number of shares of Stock shall be determined by dividing such portion by the Fair Market Value of a share of Stock on the exercise date. No fractional shares shall be used for such payment and the Committee shall determine whether cash shall be given in lieu of such fractional shares or whether such fractional shares shall be eliminated.

9. Phantom Stock

The grant of Phantom Stock shall be evidenced by a Grant Agreement, executed by the Company and the grantee, that incorporates the terms of the Plan and states the number of shares of Phantom Stock evidenced thereby and the terms and conditions of such Phantom Stock in such form as the Committee may from time to time determine. Phantom Stock granted to a Participant shall be credited to a bookkeeping reserve account solely for accounting purposes and shall not require a segregation of any of the Company's assets. Each share of Phantom Stock shall represent the value of one share of Stock. Phantom Stock shall become payable in whole or in part in such form, at such time or times and pursuant to such conditions in accordance with the provisions of the Grant Agreement, and/or such rules and regulations as the Committee may prescribe, and/or such determinations, orders or decisions as the Committee may make. Except as otherwise provided in the applicable Grant Agreement, the grantee shall have none of the rights of a stockholder with respect to any shares represented by Phantom Stock as a result of the grant of Phantom Stock to the grantee. Phantom Stock may contain such other provisions, not inconsistent with the provisions of the Plan, as the Committee shall determine desirable or appropriate from time to time.

10. Performance Awards

(a) *In General.* The Committee, in its discretion, may establish targets for Performance Measures for selected Participants and authorize the granting, vesting, payment and/or delivery of Performance Awards in the form of Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, and/or Phantom Stock to such Participants upon achievement of such targets for Performance Measures during a Performance Period. The Committee, in its discretion, shall determine the Participants eligible for Performance Awards, the targets for Performance Measures to be achieved during each Performance Period, and the type, amount, and terms and conditions of any Performance Awards. Performance Awards may be granted either alone or in addition to other Awards made under the Plan.

(b) *Covered Employee Targets.* After the Company is subject to Code Section 162(m), in connection with any Performance Awards granted to a Covered Employee, the Committee shall (i) establish in the applicable Grant Agreement the specific targets relative to the Performance Measures which must be attained before the respective Performance Award is granted, vests, or is otherwise paid or delivered, (ii) provide in the applicable Grant Agreement the method for computing the portion of the Performance Award which shall be granted, vested, paid and/or delivered if the target or targets are attained in full or part, and (iii) at the end of the relevant Performance Period and prior to any such grant, vesting, payment or delivery certify the extent to which the applicable target or targets were achieved and whether any other material terms were in fact satisfied. The specific targets and the method for computing the portion of such Performance Award which shall be granted, vested, paid or delivered to any Covered Employee shall be established by the Committee prior to the earlier to occur of (A) ninety (90) days after the commencement of the Performance Period to which the Performance Measure applies and (B) the elapse of twenty-five percent (25%) of the Performance Period and in any event while the outcome is substantially uncertain. In interpreting Plan provisions applicable to Performance Measures and Performance Awards with respect to Covered Employees, it is the intent of the Plan to conform with the standards of Section 162(m) of the Code and Treasury Regulations Section 1.162-27(e)(2)(i), and the Committee in interpreting the Plan shall be guided by such provisions.

11. Withholding and Reporting of Taxes

The Company may require, as a condition to the grant of any Award under the Plan, vesting or exercise pursuant to such Award or to the delivery of certificates for shares of Stock issued or payments of cash to a grantee pursuant to the Plan or a Grant Agreement, that the grantee pay to the Company, in cash or, if approved by the Company, in Stock, including Stock acquired upon grant of the Award or exercise of the Award, valued at Fair Market Value on the date as of which the withholding tax liability is determined, any federal, state or local taxes of any kind or any applicable taxes or other required withholding of any other jurisdiction required by law to be withheld with respect to any taxable event under the Plan. The Company, to the extent permitted or required by law, shall have the right to deduct from any payment of any kind (including salary or bonus) otherwise due to a grantee any federal, state or local taxes of any kind or any applicable taxes or other required withholding of any other jurisdiction required by law to be withheld with respect to the grant, vesting, exercise or payment of or under any Award under the Plan or a Grant Agreement, or to retain or sell a sufficient number of the shares of Stock to be issued to such grantee to cover any such taxes. The Company or any Parent, Subsidiary or Affiliate shall comply with any applicable tax reporting requirements of any jurisdiction imposed on it by law with respect to the granting, vesting, exercise and/or payment of Awards.

12. Transferability

No Award granted under the Plan shall be transferable by a grantee otherwise than by will or the laws of descent and distribution. Unless otherwise determined by the Committee in accordance with the provisions of the immediately preceding sentence, an Award may be exercised during the lifetime of the grantee only by the grantee or, during the period the grantee is under a legal disability, by the grantee's guardian or legal representative. Notwithstanding the foregoing, an Award other than an Incentive Stock Option may, in the Committee's sole discretion, be transferable by gift or domestic relations order to (i) the grantee's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law or sister-in-law, including adoptive relationships (such persons, "Family Members"), (ii) a company, partnership, limited liability company or other business entity whose only stockholders, partners or members, as applicable are the grantee and/or Family Members, or (iii) a trust in which the Grantee and/or Family Members have all of the beneficial interests, and subsequent to any such transfer any Award may be exercised by any such transferee.

13. Adjustments; Business Combinations

(a) *Adjustments.* In the event of a reclassification, recapitalization, stock split, reverse stock split, stock dividend, combination of shares or other similar event, the maximum number and kind of shares reserved for issuance or with respect to which Awards may be granted under the Plan as provided in Section 4 shall be adjusted to reflect such event, and the Committee shall make such adjustments as it deems appropriate and equitable in the number, kind and price of shares covered by outstanding Awards made under the Plan, and in any other matters that relate to Awards and that are affected by the changes in the shares referred to above.

(b) *Change in Control.* In the event of any proposed Change in Control under Section 2(d)(i), (ii) or (iii), the Committee shall take such action as it deems appropriate and equitable to effectuate the purposes of this Plan and to protect the grantees of Awards, which action may include, without limitation, any one or more of the following, provided such action is in compliance with Code Section 409A if applicable: (i) acceleration or change of the exercise and/or expiration dates of any Award to require that exercise be made, if at all, prior to the Change in Control; (ii) cancellation of any Award upon payment to the holder in cash of the Fair Market Value of the Stock subject to such Award as of the date of (and, to the extent applicable, as established for purposes of) the Change in

Control, less the aggregate exercise price, if any, of the Award; and (iii) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to Stock of the Company, arrangements to have such other entity replace the Awards granted hereunder with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the Award.

(c) *Dissolution and Liquidation.* In the event the Company dissolves and liquidates (other than pursuant to a plan of amalgamation, merger or reorganization), then notwithstanding any restrictions on exercise set forth in this Plan or any Grant Agreement, or other agreement evidencing a stock option, Stock Appreciation Right, Phantom Stock, Restricted Stock or Restricted Stock Unit Award, provided such action is in compliance with Code Section 409A if applicable: (i) each grantee shall have the right to exercise his stock option, Stock Appreciation Right, or Phantom Stock or to require delivery of Stock certificates, and/or registration of the Stock, representing any such Restricted Stock or Restricted Stock Unit Award, at any time up to ten (10) days prior to the effective date of such liquidation and dissolution; and (ii) the Committee may make arrangements with the grantees for the payment of appropriate consideration to them for the cancellation and surrender of any stock option, Stock Appreciation Right, Phantom Stock, Restricted Stock or Restricted Stock Unit Award that is so canceled or surrendered at any time up to ten (10) days prior to the effective date of such liquidation and dissolution. The Committee may establish a different period (and different conditions) for such exercise, delivery, cancellation or surrender to avoid subjecting the grantee to liability under Section 16(b) of the Exchange Act. Any stock option, Stock Appreciation Right or Phantom Stock not so exercised, canceled or surrendered shall terminate on the last day for exercise prior to such effective date; and any Restricted Stock or Restricted Stock Units as to which there has not been such delivery of Stock certificates or that has not been so canceled or surrendered, shall be forfeited on the last day prior to such effective date. The Committee shall give to each grantee written notice of the commencement of any proceedings for such liquidation and dissolution of the Company and the grantee's rights with respect to his outstanding Award.

(d) *Other Adjustments.* The Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in the preceding paragraphs of this Section 13) affecting the Company, or the financial statements of the Company or any Parent, Subsidiary or Affiliate, or of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

Except as hereinbefore expressly provided, issuance by the Company of stock of any class or securities convertible into stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warranty to subscribe therefor, or upon conversion of stock or obligations of the Company convertible into such stock or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Awards theretofore granted or the purchase price per share of Stock subject to Awards.

14. Termination and Amendment

(a) *Amendment or Termination by the Board.* The Board, without further approval of the stockholders, may amend or terminate the Plan or any portion thereof at any time, except that no amendment shall become effective without prior approval of the stockholders of the Company to increase the number of shares of Stock subject to the Plan or if stockholder approval is necessary to comply with any tax or regulatory requirement or rule of any exchange or national automated quotation system upon which the Stock is listed or quoted (including for this purpose stockholder

approval that is required for continued compliance with Rule 16b-3 or stockholder approval that is required to enable the Committee to grant Incentive Stock Options pursuant to the Plan).

(b) *Amendments by the Committee.* The Committee shall be authorized to make minor or administrative amendments to the Plan as well as amendments to the Plan that may be dictated by requirements of U.S. federal or state laws applicable to the Company or that may be authorized or made desirable by such laws. The Committee may amend any outstanding Award in any manner as provided in Sections 3(c) and (d) and to the extent that the Committee would have had the authority to make such Award as so amended.

(c) *Approval of Grantees.* No amendment to the Plan or any Award may be made that would materially adversely affect any outstanding Award previously made under the Plan without the approval of the grantee. Further, no amendment to the Plan or an Award shall be made which would cause any Award to fail to either comply with or meet an exception from Code Section 409A.

15. Non-Guarantee of Employment

Nothing in the Plan or in any Grant Agreement thereunder shall confer any right on an employee to continue in the employ of the Company or any Parent, Subsidiary or Affiliate or shall interfere in any way with the right of the Company or any Parent, Subsidiary or Affiliate to terminate an employee at any time.

16. Termination of Employment

For purposes of maintaining a grantee's continuous status as an employee and accrual of rights under any Award, transfer of an employee among the Company and the Company's Parent, Subsidiaries or Affiliates shall not be considered a termination of employment. Nor shall it be considered a termination of employment for such purposes if an employee is placed on military or sick leave or such other leave of absence that is considered as continuing intact the employment relationship; in such a case, the employment relationship shall be continued until the date when an employee's right to reemployment shall no longer be guaranteed either by law or contract.

17. Written Agreement

Each Grant Agreement entered into between the Company and a grantee with respect to an Award granted under the Plan shall incorporate the terms of this Plan and shall contain such provisions, consistent with the provisions of the Plan, as may be established by the Committee.

18. Non-Uniform Determinations

The Committee's determinations under the Plan (including without limitation determinations of the persons to receive Awards, the form, amount and time of such Awards, the terms and provisions of such Awards and the agreements evidencing same) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

19. Limitation on Benefits

With respect to persons subject to Section 16 of the Exchange Act, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

20. Listing and Registration

If the Company determines that the listing, registration or qualification upon any securities exchange or upon any listing or quotation system established by the National Association of Securities Dealers, Inc. or under any law of Stock subject to any Award is necessary or desirable as a condition of, or in connection with, the granting of same or the issue or purchase of Stock thereunder, no such Award may be exercised in whole or in part and no restrictions on such Award shall lapse, unless such listing, registration or qualification is effected free of any conditions not acceptable to the Company.

21. Compliance with Securities Law

The Company may require that a grantee, as a condition to exercise of an Award, and as a condition to the delivery of any Stock certificate, provide to the Company, at the time of each such exercise and each such delivery, a written representation that the Stock being acquired shall be acquired by the grantee solely for investment and will not be sold or transferred without registration or the availability of an exemption from registration under the Securities Act and applicable state securities laws. The Company may also require that a grantee submit other written representations that will permit the Company to comply with applicable federal and state securities laws in connection with the issuance of the Stock, including representations as to the knowledge and experience in financial and business matters of the grantee and the grantee's ability to bear the economic risk of the grantee's investment. The Company may require that the grantee obtain a "purchaser representative" as that term is defined in applicable federal and state securities laws. Any Stock certificates for shares issued pursuant to this Plan may bear a legend restricting transferability of the Stock unless such shares are registered or an exemption from registration is available under the Securities Act and applicable securities laws of the states of the U.S. The Company may notify its transfer agent to stop any transfer of Stock not made in compliance with these restrictions. Stock shall not be issued with respect to an Award granted under the Plan unless the exercise of such Award and the issuance and delivery of Stock certificates for such shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act, the Exchange Act, the rules and regulations promulgated thereunder and the requirements of any national securities exchange or Nasdaq System upon which the Stock may then be listed or quoted, and shall be further subject to the approval of counsel for the Company with respect to such compliance to the extent such approval is sought by the Committee.

22. No Trust or Fund Created

Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a grantee or any other person. To the extent that any grantee or other person acquires a right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company.

23. No Limit on Other Compensation Arrangements

Nothing contained in the Plan shall prevent the Company or any Parent, Subsidiary or Affiliate from adopting or continuing in effect other compensation arrangements (whether such arrangements be generally applicable or applicable only in specific cases), including without limitation the granting of stock options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights or Phantom Stock Units otherwise than under the Plan.

24. No Restriction of Corporate Action

Nothing contained in the Plan shall be construed to limit or impair the power of the Company or any Parent, Subsidiary or Affiliate to make adjustments, reclassifications, reorganizations, or changes in its capital or business structure, or to amalgamate, merge or consolidate, liquidate, sell or transfer all or any part of its business or assets or, except as otherwise provided herein, or in a Grant Agreement, to take other actions which it deems to be necessary or appropriate. No employee, beneficiary or other person shall have any claim against the Company or any Parent, Subsidiary or Affiliate as a result of such action.

25. Governing Law

The validity, construction and effect of the Plan, of Grant Agreements entered into pursuant to the Plan, and of any rules, regulations, determinations or decisions made by the Board or Committee relating to the Plan or such Grant Agreements, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined in accordance with applicable federal laws and the laws of the State of Maryland. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or local courts of the State of Maryland, to resolve any and all issues that may arise out of or relate to the Plan or any related Grant Agreement. The Awards under the Plan are intended to either comply with or meet an exception from Code Section 409A and shall be so interpreted.

26. Plan Subject to Charter and Bylaws

This Plan is subject to the Certificate of Incorporation and Bylaws of the Company, as they may be in effect from time to time.

27. Effective Date; Termination Date

The Plan is effective as of the date on which the Plan is approved by the stockholders of the Company. No Award shall be granted under the Plan after the close of business on the day immediately preceding the tenth (10th) anniversary of the effective date of the Plan. Subject to other applicable provisions of the Plan, all Awards made under the Plan prior to such termination of the Plan shall remain in effect until such Awards have been satisfied or terminated in accordance with the Plan and the terms of such Awards.
