THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE NOMINEES LISTED ABOVE.

CORPORATE GOVERNANCE

Meetings of the Board of Directors

The Board of Directors of the Company held five meetings during 2011. Each director attended at least 75% of the aggregate of all meetings of the Board of Directors and each committee each such director served on during 2011. All of the Company's directors are encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's directors were in attendance at the Company's 2011 Annual Meeting.

Independence, Diversity, Leadership Structure and Board Committees

Independence

The Company's Common Stock is listed on the NASDAQ Stock Market LLC, or Nasdaq, and Nasdaq's listing standards relating to director independence apply to the Company. The Board of Directors has determined that the following current directors are independent under applicable Nasdaq listing standards: Messrs. Stevenson, Gould, Kozin, Oberdorf and Pierce.

Diversity

The Company strives to have the members of its Board of Directors possess a diverse set of skills so as to best provide guidance to the management team and oversight to the Company. Skills sought include financial, capital markets, manufacturing, engineering, executive leadership, marketing and sales, organizational growth and strategic planning. The Company believes that it has a minimum of one director for each of these skills.

Leadership Structure

As noted above, our Board of Directors is currently comprised of seven directors, five of whom are independent under applicable standards. Assuming the nominees are elected at the Meeting, five of the Company's seven directors will be independent under applicable standards.

Mr. R. Jeffrey Bailly has served as Chief Executive Officer and member of the Board since January 1, 1995. He has served as Chairman of the Board since 2006.

We recognize that different board leadership structures may be appropriate for companies in different situations and believe that no one structure is suitable for all companies. We believe our current board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that UFP Technologies is under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. Having a single leader for both the Company and the Board of Directors eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

Because the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board also believes it is appropriate for the independent Directors to elect one independent Director to serve as a Lead Independent Director. In addition to presiding at executive sessions of independent directors, the Lead Independent Director has the responsibility to: (1) coordinate with the Chairman of the Board and Chief Executive Officer in establishing the agenda and topic items for Board meetings; (2) retain independent advisors on behalf of the Board as the Board may determine is necessary or appropriate; and (3) perform such other functions as the independent directors may designate from time to time. Mr. Gould currently serves as the Lead Independent Director, a position he has held since June 2004.

We believe that our overall leadership structure, consisting of a single individual serving as Chief Executive Officer and Chairman of the Board, together with the number of independent, experienced

directors that make up the majority of our Board and the independent oversight of our Lead Independent Director, benefits the Company and its shareholders.

Risk Oversight

Our Board of Directors is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and ensures that appropriate risk mitigation strategies are implemented by management. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

The Board of Directors has delegated to the Audit Committee oversight of certain aspects of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) the Company's policies with respect to risk assessment and risk management as well as the Company's significant areas of financial risk exposure and (b) the Company's system of disclosure controls and procedures and system of internal controls over financial reporting. Our Compensation Committee also considers and addresses risk as it performs its committee responsibilities. Both committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company's management is responsible for day-to-day risk management. Our Treasury, Finance, and Internal Audit functions serve as the primary monitoring and testing function for company-wide policies and procedures, and manage the day-to-day oversight of the risk management strategy for the ongoing business. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, and compliance and reporting levels.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

Nominating Committee

The Board of Directors has a Nominating Committee that was established by the Board of Directors in March 2012. The Nominating Committee is currently composed of Messrs. Gould, Oberdorf, Kozin, Stevenson and Pierce, each of whom is an independent Director under applicable Nasdaq standards. Mr. Gould serves as Chairman. Director nominees are selected by the Nominating Committee. The Nominating Committee operates pursuant to a written charter (the "Nominating Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Nominating Committee Charter is available at the Company's website, www.ufpt.com/investors/governance.html. The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating Committee may consider all factors it deems relevant, such as a candidate's independence, character, ability to exercise sound judgment, diversity, age, demonstrated leadership, skills, including financial literacy, and experience in the context of the needs of the Board, and concern for the long-term interests of the stockholders. The Nominating Committee does not assign any particular weight or importance to any one of these factors but rather considers them as a whole. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for election as a director at the 2013 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Recommendations for Director" below.

Compensation Committee

The Board of Directors has a Compensation Committee, which met on six occasions in 2011, and is currently composed of Messrs. Kozin, Oberdorf and Pierce, each of whom is an independent Director under applicable Nasdaq standards. Mr. Kozin serves as Chairman. The Compensation Committee operates pursuant to a written charter (the "Compensation Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Compensation Committee Charter, as amended, is available at the Company's website, www.ufpt.com/investors/governance.html. Under the provisions of the Compensation Committee Charter, the primary functions of the Compensation Committee include determining salaries and bonuses for the Company's named executive officers, individuals to whom stock options, other equity-based awards and cash awards are granted, and the terms upon which such grants and awards are made, adopting incentive plans, overseeing risks associated with the Company's compensation policies and practices, evaluating the performance of the Company's named executive officers, reviewing with management compensation disclosures to be included in the Company's filings with the Securities and Exchange Commission ("SEC"), and determining director compensation, benefits and overall compensation. For a further description of the Company's determination of executive and director compensation, see "Executive Compensation" below.

Audit Committee

The Board of Directors has an Audit Committee established within the meaning of Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met seven times in 2011, and is currently composed of Messrs. Stevenson, Gould and Oberdorf. Mr. Stevenson serves as Chairman. The Audit Committee operates pursuant to a written charter (the "Audit Committee Charter") that was adopted by the Board of Directors and that complies with currently applicable SEC and Nasdaq rules. The Audit Committee Charter, as amended, is available at the Company's website, www.ufpt.com/investors/governance.html. Under the provisions of the Audit Committee Charter, the primary functions of the Audit Committee are to assist the Board of Directors with oversight of (i) the Company's accounting and financial reporting processes, internal controls and external independent audits of the Company's financial statements and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm. The Audit Committee is also responsible for the maintenance of "whistle-blowing" procedures, and the oversight of certain other compliance matters. See "Report of the Audit Committee" below.

The Board of Directors has determined that the current members of the Audit Committee are independent directors, as defined by the Audit Committee Charter, applicable SEC rules, and Nasdaq listing standards. In addition, the Board of Directors has determined that Messrs. Stevenson and Oberdorf qualify as "audit committee financial experts," as defined by applicable SEC rules, and that Messrs. Stevenson and Oberdorf satisfy Nasdaq's financial sophistication listing standards.

Independent Registered Public Accounting Firm

On November 30, 2011 the Audit Committee of the Board of Directors of UFP Technologies, Inc. (the "Company") approved the engagement of Grant Thornton LLP ("Grant Thornton") as the Company's new independent registered public accounting firm. CCR LLP ("CCR"), the Company's former independent registered public accounting firm, resigned as the Company's independent registered public accounting firm simultaneous with the engagement of Grant Thornton by the Company. This change was a result of Grant Thornton's acquisition of CCR on December 1, 2011.

The Audit Committee has appointed Grant Thornton independent accountants, to be the Company's independent registered public accounting firm and to audit the consolidated financial statements of the Company for the year ending December 31, 2012. The Company is advised that no

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

member of Grant Thornton has any direct financial interest or material indirect financial interest in the Company since the date of its engagement, November 30, 2011, or has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee since such date.

CCR's reports on the Company's consolidated financial statements for the two years ended December 31, 2010 and 2009 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's fiscal years ended December 31, 2010 and 2009, and through November 30, 2011, there were no disagreements between the Company and CCR on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of CCR, would have caused CCR to make reference to the subject matter of such disagreement in connection with their report. None of the "reportable events" described in Item 304(a)(1)(v) of Regulation S-K of the SEC's rules and regulations have occurred during the fiscal years ended December 31, 2010 and 2009 or through November 30, 2011.

The Company requested CCR to furnish the Company with a letter addressed to the U.S. Securities and Exchange Commission stating whether CCR agrees with the above statements. A copy of CCR's letter dated December 1, 2011 is attached as Exhibit 16.1 to the Company's Current Report on Form 8-K filed with the SEC on December 5, 2011.

During the Company's fiscal years ended December 31, 2010 and 2009 and through November 30, 2011, neither the Company nor anyone acting on its behalf consulted Grant Thornton regarding (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and Grant Thornton did not provide either a written report or oral advice to the Company that was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue, or (2) any matter that was either the subject of a disagreement with CCR, which, if not resolved to the satisfaction of CCR, would have caused CCR to make reference to the subject matter of such disagreement in connection with their report, or any "reportable events" as described in Item 304(a)(1)(v) of Regulation S-K of the SEC's rules and regulations.

A representative of Grant Thornton is expected to be present at the Meeting and will be given the opportunity to make a statement if so desired. The representative will be available to respond to appropriate questions.

Audit Fees. The Company incurred an aggregate of approximately \$214,000 in fees for audit services from Grant Thornton and CCR for the fiscal year ended December 31, 2011. The Company incurred an aggregate of approximately \$162,000 in fees for audit services from CCR for the fiscal year ended December 31, 2010. Audit fees include fees and expenses for professional services rendered in connection with the audit of the Company's financial statements (including an audit of the Company's internal controls over financial reporting in 2011), reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during those years and fees for services related to the Company's registration statements, consents and assistance with and review of documents filed with the SEC.

Audit-Related Fees. The Company incurred no audit-related fees in the fiscal years ended December 31, 2011 and 2010 from either Grant Thornton or CCR.

Tax Fees. The Company incurred no tax fees for the fiscal years ended December 31, 2011 and 2010, respectively, from either Grant Thornton or CCR.

All Other Fees. The Company incurred no other fees for the fiscal years ended December 31, 2011 and 2010, respectively, from either Grant Thornton or CCR.

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

The Audit Committee has considered whether the provision of non-audit services by Grant Thornton is compatible with maintaining Grant Thornton's independence, and believes that the provision of such services is compatible.

Audit Committee Policy on Pre-Approval of Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by Grant Thornton. These services may include audit services, audit-related services, tax services and other services.

Report of the Audit Committee

The Audit Committee has:

Reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2011;

Discussed with Grant Thornton the Company's independent registered public accounting firm, the matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, the matters required to be discussed by the American Institute of Certified Public Accountants' Auditing Standards Codification Section 380 (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board;

Received and reviewed the written disclosures and the letter from the Company's independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with the independent accountant the independent accountant's independence; and

Based on the review and discussions referred to above, recommended to the Board of Directors that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

The Company's compensation programs are determined by the Compensation Committee of the Board of Directors, which has the ongoing responsibility for establishing, implementing, and monitoring the Company's executive compensation programs. In 2008, the Compensation Committee engaged DolmatConnell & Partners, a Massachusetts-based compensation consulting firm, to perform a comprehensive comparative market study of the compensation programs offered to peer company chief executives and other executive officers. The Compensation Committee continues to use this information, strategy and philosophy to evaluate each component of compensation, including base salaries, incentive bonuses and other stock-based incentives for its named executive officers, annually in view of the Company's performance. The chief executive officer also makes recommendations to the Compensation Committee about the compensation of the Company's other named executive officers. The Compensation Committee considers the chief executive's recommendations before making a final determination of the compensation programs for the named executive officers.

The Company operates in a highly competitive and dynamic industry. The key objectives of its executive compensation programs are to attract, motivate and retain superior talent to enable the Company to achieve its business objectives and to align the financial interests of its executives with the stockholders of the Company. The compensation of named executive officers consists of (1) base salary, (2) incentive bonus, (3) long-term incentives and (4) other benefits and perquisites. In addition, the Company has an employment agreement with its chief executive officer.

Base Salary. Base salaries are determined based upon a variety of factors, including the executive's scope of responsibilities, a market competitive assessment of similar roles at other

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

companies, and a comparison of salaries paid to peers within the Company. Base salaries are reviewed annually and may be adjusted after considering the above factors.

Incentive Bonus. In the past and for the Company's fiscal year ended 2011, the Company's named executive officers earned incentive bonuses. Bonuses are determined based on a combination of qualitative and quantitative, Company and individual measures, the details of which are established annually in the form of business objectives. The business objectives may vary for each executive based upon his or her responsibilities and may include financial and/or strategic measures. For example, in the past and for the Company's fiscal year ended 2011, Mr. R. Jeffrey Bailly, the Company's President and Chief Executive Officer, has earned an incentive bonus based on the Company's achievement of specified corporate financial goals as well as an incentive bonus based on Mr. Bailly's achievement of specified individual goals. The Compensation Committee establishes the performance criteria for each named executive officer's incentive bonus.

In 2011, bonuses for our named executive officers were largely based upon the Company achieving certain operating income targets, which were based upon the Company's internal budgets, with the bonus amounts set to fluctuate up or down based on the extent to which the Company achieved, did not achieve, or exceeded the operating income target. The bonus amounts for 2011 were also based in part on strategic objectives established for each named executive officer. The bonus amounts awarded for 2011 reflect the fact that the Company exceeded its operating income targets for 2011.

Subject to contractual commitments, the Compensation Committee retained sole discretion over all matters relating to the 2011 bonus payments including, without limitation, the decision to pay any bonuses, the amount of each bonus, if any, the ability to increase or decrease any bonus payment and make changes to any financial and/or strategic measures, discretion over the payment of partial awards in the event of employment termination, and the decision whether to allow recipients to receive a portion and if so, how much of their bonuses in the form of Common Stock.

Long-term Incentives. It is the philosophy of the Company and the Compensation Committee to provide executives with long-term incentives and, thus, align their financial interests with those of the Company's shareholders. Among the Company's various plans, the Company maintains two plans the Company's 1993 Employee Stock Option Plan, which expired in 2010, and the Company's 2003 Incentive Plan that provide long-term rewards and incentives to the Company's named executive officers, as well as other participants.

Beginning in 2006, the Company implemented a stock unit award program for the named executive officers under the 2003 Incentive Plan. The stock unit awards represent a right to receive shares of the Company's Common Stock in varying amounts based on the achievement of financial performance objectives for the Company and, in certain instances, time-based vesting requirements. Based upon the Company's financial results for its 2011 fiscal year, the Compensation Committee determined that the Company had achieved the "threshold" financial performance target relating to stock unit awards granted in 2011, but that the "target" and "maximum" financial performance targets had not been achieved.

Certain named executive officers have stock options outstanding under the Company's 1993 Employee Stock Option Plan. The stock options allow the named executive officers, as well as other key employees, the right to acquire shares of Common Stock at a price equal to the fair market value of the Common Stock on the date of grant. With the exception of the chief executive officer, whose stock options vested immediately upon grant, the stock options are subject to a vesting period. In 2011, no stock options were granted to named executive officers.

Other Benefits and Perquisites

CEO Stock Awards For the past several years, and again in 2011, the Company has granted to Mr. R. Jeffrey Bailly, its Chief Executive Officer, an award of Common Stock as a component of his overall compensation. The objective of this equity component is to greater align the chief executive officer's interests with those of the Company's shareholders. The stock is typically issued to the chief executive officer in the last week of the fiscal year, assuming the chief executive officer remains employed by the Company on that date. The chief executive officer is also granted an additional cash award to pay the income taxes associated with receiving this grant of Common Stock (a "gross-up"). In 2011, consistent with the terms of his employment agreement, the chief executive officer was granted 25,000 shares and the gross-up associated with this grant amounted to approximately \$271,800.

As described further below, the Compensation Committee has decided that, beginning in 2012, Mr. Bailly's award of Common Stock should be determined as a variable number of shares based on a fixed dollar value, rather than a fixed number of shares to be granted yearly. This change has been evidenced by an amendment to Mr. Bailly's employment agreement, as detailed under "Employment Contract" below.

Deferred Compensation Plan In 2006, the Company implemented the UFP Technologies Executive Nonqualified Excess Plan ("Deferred Comp Plan"). Under the Deferred Comp Plan, named executive officers and other key employees are eligible to defer up to 90% of base salary and 100% of bonus and/or commissions into the Plan. Investments of the deferrals are directed by the participants and returns on the deferrals are determined accordingly. Employer contributions into the Plan are discretionary and determined by the Compensation Committee. No employer contributions were made in 2011.

Supplemental Disability Insurance Beginning in 2007, named executive officers received long-term disability insurance coverage to supplement the Company's group long-term disability plan. The objective is to provide named executive officers with sufficient coverage to replace a significant portion of his wages in the event of disability. The premiums are paid for by the Company and amounted to approximately \$12,000 in the aggregate for all named executive officers in 2011.

Profit Sharing/401(k) Plan All employees, including named executive officers, who meet certain criteria are eligible to participate in the UFP Technologies, Inc. 401(k) Plan (the "401(k) Plan"). Participants in the 401(k) Plan can defer up to 20% of their gross compensation, subject to IRS limitations, on a pre-tax basis. The Company matches employee deferrals at a discretionary rate, which was 50% of employee deferrals up to a maximum of 2% of an employee's gross wages in 2011. In addition, the Company may make an additional discretionary profit sharing contribution which was 1.75% of gross wages in 2011. No employee deferrals are required to receive an allocated portion of the profit sharing contribution.

Perquisites The Company provides welfare benefits to its named executive officers at no cost to the executives. The chief executive officer is also eligible for additional perquisites including club memberships, life insurance and Company paid tax preparation fees. These chief executive officer perquisites are offered principally to facilitate the chief executive officer's role as a Company representative within the community, and to entertain customers.

Policy on Stock Option Timing and Pricing

The Company's Board of Directors adopted a policy whereby stock options are only to be granted by majority vote of members of the Compensation Committee at a Committee meeting. The Company's policy is to permit trading of Company securities commencing 48 hours after the release of quarterly or annual earnings, assuming that, at such time, there is, in the opinion of the Directors, no material inside information pending. The Company's 2003 Incentive Plan establishes fair market value as the closing price on the date of grant of any equity security, including stock options, granted pursuant to such plan.

Tax Considerations

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals other than qualified performance-based compensation. The Company believes that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its named executive officers. In this regard, for 2011, no named executive officer received compensation in excess of the limits imposed by Section 162(m) and, therefore, the Company believes that all executive compensation is deductible for federal income tax purposes.

Employment Contract

On October 8, 2007, the Company entered into an employment agreement with Mr. R. Jeffrey Bailly, the Company's President and Chief Executive Officer and the Chairman of the Company's Board of Directors. The Agreement is terminable by either party at any time, as provided below. On March 2, 2011 the Company and Mr. Bailly executed an amendment to the employment agreement. Pursuant to the terms of the amendment, effective January 1, 2012, Mr. Bailly's annual salary increased from not less than \$300,000 to not less than \$350,000, and the Annual Stock Grant Award changed from 25,000 shares of the Company's Common Stock to \$300,000 worth of shares of the Company's Common Stock.

As amended, the employment agreement provides that Mr. Bailly will receive a minimum annual salary of \$350,000 and consideration for discretionary bonuses. Pursuant to the agreement, Mr. Bailly will receive an annual stock grant award (the "Annual Stock Grant Award") on or about January 1 of each year entitling him to receive on or before December 31 (the "Issue Date") of each year an aggregate of \$300,000 worth of shares of the Company's Common Stock, provided that Mr. Bailly remains employed with the Company through the Issue Date of each such year. Mr. Bailly's agreement prohibits him from competing with the Company for a period of eighteen months following the termination of his employment for any reason. The employment agreement provides Mr. Bailly with certain other benefits, including the opportunity to participate in the Company's stock option plans, insurance plans and other employment benefits as may be generally available to senior executives of the Company, as well as for the direct payment or reimbursement of tax preparation fees, certain dues and fees relating to club memberships and other fringe benefits.

If Mr. Bailly's employment with the Company is terminated by the Company without cause, or if Mr. Bailly terminates his employment with the Company for good reason, the Company will continue to pay Mr. Bailly's health insurance for up to thirty-six months.

(1)

The stock unit awards listed above are subject to a (i) time-based vesting requirement and (ii) a Company financial performance requirement, which is discussed in footnote 2, below. One-third of these awards vest on March 1, 2013, one-third of these awards vest on March 1, 2014 and one-third of these awards vest on March 1, 2015, provided that the recipient remains continuously employed by the Company through each such vesting date and the corresponding financial performance requirement is met.

(2)

The stock unit awards listed under the "Threshold", "Target" and "Maximum" columns above were also subject to the Company achieving specified financial performance objectives. The performance objectives were based on the Company's adjusted operating income for its 2011 fiscal

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

year relative to operating income targets established by the Compensation Committee. Based upon the Company's financial results for its 2011 fiscal year, the Compensation Committee determined that the Threshold goal had been achieved, but that the Target and Maximum goals had not been achieved. Accordingly, the stock unit awards listed in the "Target" and "Maximum" columns above shall not vest.

(3)

Amount shown does not reflect compensation actually received by the named executive officer nor does it necessarily reflect the actual value that will be recognized by the named executive officer. Instead, the amount shown is the grant date fair value of restricted stock granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation Stock Compensation. The assumptions used to calculate the value of restricted stock awards are set forth under Note 1(m) Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

(4)

Reflects grants of stock unit awards to the named executive officers pursuant to the Company's 2003 Incentive Plan. Recipients of the stock unit awards will have no rights as stockholders of the Company, including, without limitation, the right to vote or to receive dividends, until and to the extent such stock unit awards have vested and the issuance of the shares of Common Stock in respect of the stock unit awards has been appropriately evidenced. Except in the case of R. Jeffrey Bailly, any unvested stock unit awards shall terminate upon the cessation of a recipient's employment with the Company. With respect to Mr. Bailly, in the event of a cessation of employment without "cause" or for "good reason," Mr. Bailly may be entitled to a portion of the shares regardless of such cessation of employment. In the event of a change in control of the Company (as defined in the stock unit award agreement evidencing the award) on or after January 1, 2012, the applicable number of stock unit awards listed in the "Threshold" column above, to the extent not already vested, shall become fully vested immediately prior to the effective date of such change in control.

1993 Employee Stock Option Plan. Effective October 1993, the Company adopted the 1993 Employee Stock Option Plan (the "1993 Plan"). On April 12, 2010 the 1993 Plan expired. The purpose of the 1993 Plan was to benefit the Company through the maintenance and development of its businesses by offering certain present and future key individuals a favorable opportunity to become holders of stock in the Company over a period of years, thereby giving them a permanent stake in the growth and prosperity of the Company. As of April 12, 2010, when the 1993 Plan expired, there remained 302,293 shares of Common Stock reserved for issuance thereunder. As of April 12, 2012 there are options outstanding under the 1993 Plan that cover 285,000 shares of Common Stock.

Potential Payments upon Termination or Change of Control and Severance Plans

Mr. R. Jeffrey Bailly may be entitled to payment upon his termination or upon a change of control of the Company, as described above. If Mr. Bailly is terminated without cause or if he terminates his employment for good reason or within six months of a change of control of the Company, then Mr. Bailly is entitled to a lump sum amount equal to three times his average annual compensation for the two years preceding, as limited by applicable IRS golden parachute regulations. Accordingly, assuming the triggering event occurred on December 31, 2011, Mr. Bailly would have been entitled to receive \$3,666,375.

In September 1993, the Company adopted a policy that all named executive officers of the Company not otherwise a party to an employment agreement with the Company will receive a severance benefit should the employee's employment with the Company be terminated by the Company other than for cause in connection with a change in control of the Company, in the form of a base salary continuation for a period equal to the sum of (i) four months plus (ii) one month for each year of service with the Company up to a maximum of 18 months. Accordingly, assuming termination of such named executive officers on December 31, 2011, such officers would have been entitled to the following payments:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

United Development Company Limited. The Company owned an approximate 26.3% limited partnership interest in United Development Company Limited, a real estate limited partnership ("UTD"), which owned and leased to the Company the Kissimmee, Florida and Decatur, Alabama properties. Richard L. Bailly, a director and stockholder of the Company, owned an approximately 21% general partnership interest in UTD.

On January 13, 2011, UTD sold its Alabama facility for \$1,250,000. The net book value of the asset at December 31, 2010, was approximately \$384,000. Selling expenses of approximately \$38,000 were incurred. On February 29, 2012, the Company purchased from UDT for \$1,350,000 the Florida manufacturing building that the Company had previously leased. The purchase price approximates fair market value based upon appraisals done by independent professional firms. As this was the only real estate owned by UDT, the real estate limited partnership was dissolved effective March 2012.

Review, Ratification and Approval. Our Audit Committee reviews and approves related party transactions (unless such review and approval has been delegated to another committee consisting solely of independent directors).

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Grant Thornton LLP as the Company's independent registered public accounting firm for the year ending December 31, 2012, and the Board of Directors is asking stockholders to ratify that selection. Although current law, rules, and regulations, as well as the Audit Committee Charter, require the Audit Committee to engage, retain, and supervise the Company's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of Grant Thornton LLP for ratification by stockholders as a matter of good corporate practice. If the stockholders do not ratify the selection of Grant Thornton LLP, the Audit Committee will review the Company's relationship with Grant Thornton LLP and take such action as it deems appropriate, which may include continuing to retain Grant Thornton LLP as the Company's independent registered public accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF PROPOSAL NO. 2.

**PROPOSAL NO. 3
TO ADJOURN THE ANNUAL MEETING OF STOCKHOLDERS OF
UFP TECHNOLOGIES, INC.**

Proposal No. 3 asks the stockholders of the Company to consider and vote upon a proposal to approve an adjournment of the Meeting, if necessary, including adjournments to permit further solicitation of proxies in favor of each of the proposals to elect directors and to ratify the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm.

If a quorum is not present at the Meeting, stockholders of the Company may be asked to vote on the proposal to adjourn the Meeting to solicit additional proxies. If a quorum is present at the Meeting, but there are not sufficient votes at the time of the Meeting to approve one or more of the proposals, stockholders of the Company may also be asked to vote on the proposal to approve the adjournment of the Meeting to permit further solicitation of proxies in favor of the other proposals.

If the adjournment proposal is submitted for a vote at the Meeting, and if stockholders of the Company vote to approve the adjournment proposal, the Meeting will be adjourned to enable the Company's Board of Directors to solicit additional proxies in favor of one or more proposals. If the adjournment proposal is approved, and the Meeting is adjourned, the Company's Board of Directors will use the additional time to solicit additional proxies in favor of any of the proposals to be presented at the Meeting, including the solicitation of proxies from stockholders that have previously voted against the relevant proposal. Among other things, approval of the adjournment proposal could mean that, even though the Company may have received proxies representing a sufficient number of votes against a proposal to defeat it, management of the Company could present the adjournment proposal for a vote of the Company's stockholders and thereby cause the Meeting to be adjourned without a vote on the proposal, and seek during that period to convince the holders of those shares to change their votes to vote in favor of the proposal.

The Company's Board of Directors believes that, if the number of shares of Common Stock voting in favor of any of the proposals presented at the Meeting is insufficient to approve a proposal, it is in the best interests of the Company's stockholders to enable the Company's Board of Directors, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes in favor of the proposal.

The affirmative vote of the holders of a majority of shares of Common Stock present in person or by proxy at the Meeting and entitled to vote on the proposal to adjourn the Meeting is required to adjourn the Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF PROPOSAL NO. 3.

OTHER MATTERS

Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposals to conduct business at the Meeting. However, if a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting.

The nominees for director of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Meeting and entitled to vote thereon will be elected directors of the Company. The affirmative vote of the holders of a majority of shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote thereon is required to ratify the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm and to adjourn the Meeting.

Abstentions will have no effect on the outcome of the vote for the election of directors, but will have the effect of being cast against the other proposals, even though the stockholder so abstaining may intend a different result.

Shares of Common Stock held of record by brokers who do not return a signed and dated proxy will not be considered present at the Meeting, will not be counted towards a quorum and will not be voted in the election of directors or on the other proposals. Shares of Common Stock held of record by brokers who return a signed and dated proxy but who fail to vote (a "broker nonvote") will count toward the quorum but will have no effect on the proposals not voted.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who own more than 10 percent of the Company's Common Stock to file initial reports of their ownership and changes in ownership of the Company's Common Stock with the SEC. Based solely on the Company's review of the copies of such reports it has received and written representations from certain reporting persons, with respect to the fiscal year ended December 31, 2011, the Company believes that each person who was required to file such reports complied with the applicable filing requirements except for the following late filing: Mr. R. Jeffrey Bailly filed one late report for one transaction.

Other Proposed Action

The Board of Directors knows of no matters that may come before the Meeting other than those discussed above. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment and applicable laws and regulations.

Stockholder Communications

Stockholders may contact the Board of Directors of the Company by writing to them c/o Investor Relations, UFP Technologies, Inc., 172 East Main Street, Georgetown, Massachusetts 01833. All communications directed to the Board will be delivered to the entire Board of Directors.

Stockholder Proposals and Recommendations for Director

Stockholder proposals for inclusion in the Company's proxy materials for the 2013 Annual Meeting of Stockholders must be received by the Company no later than January 4, 2013. These proposals must also meet the other requirements of the rules of the Securities and Exchange Commission and the Company's Bylaws.

The Company's Bylaws establish an advance notice procedure with regard to proposals that stockholders otherwise desire to introduce at the Company's Annual Meeting without inclusion in the Company's proxy statement for that meeting. Written notice of such stockholder proposals and director nominations for the Company's Annual Meeting of Stockholders in 2013 must be received by the Company's Board of Directors, c/o Secretary, UFP Technologies, Inc., 172 East Main Street, Georgetown, Massachusetts 01833, not later than March 16, 2013 and must not have been received earlier than February 14, 2013 in order to be considered timely, and must contain specified information concerning the matters proposed to be brought before such meeting and concerning the stockholder proposing such matters. The matters proposed to be brought before the meeting also must be proper matters for stockholder action. If a stockholder who wishes to present such a proposal fails to notify the Company within this time frame, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission.

Pursuant to the Company's Bylaws, the notice must set forth: (a) for each nominee (i) information as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, and (ii) written consent to be named in the proxy statement and serve as director if so elected; (b) a brief description of any proposed business including (i) the text of such proposal and any accompanying resolutions, (ii) the reasons for conducting such business at the meeting, and (iii) any material interest held by the proposing stockholder or any beneficial owner on whose behalf the proposal is made; and (c) proposing stockholder and/or beneficial owner information including, (i) name and address, (ii) the class and number of shares of capital stock held, (iii) a description of any agreement, arrangement or understanding with respect to the nomination or proposal with any of their affiliates or associates, and any others acting in concert with the foregoing, (iv) a description of any agreement, arrangement or understanding with respect to shares of the Company's stock entered into by the date of such notice for the purposes of loss mitigation, risk management or derivation of benefit from share price changes and/or redistribution of voting power, (v) a representation that such stockholder is the holder of record, is entitled to vote, and intends to appear in person or by proxy and propose such business or nomination, (vi) a representation of intention to either deliver proxy statements to holders of the necessary percentage of shares or to solicit proxies in support of the proposal, and (vii) any other information relating to such stockholder and/or beneficial owner required to be disclosed in filings made in connection with solicitation of proxies pursuant to the Securities Exchange Act of 1934. The stockholder can alternatively satisfy the notice requirement by submitting proposals in compliance with Securities and Exchange Commission requirements and inclusion of such proposal within a proxy statement prepared by the Company. Compliance with the Company's Bylaws shall be the exclusive means for a stockholder to make nominations or submit other business to the annual meeting (other than matters properly brought in compliance with the rules of the Securities Exchange Act of 1934).

Incorporation By Reference

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, the sections of the Proxy Statement entitled "Report of the Audit
