Edgar Filing: LIN Digital LLC - Form S-3/A

- (1) There are being registered under this registration statement such indeterminate principal amount or number of class A common shares (the "class A common shares") representing limited liability company interests in LIN Media LLC, preferred shares (the "preferred shares") representing limited liability company interests in LIN Media LLC, warrants, debt securities, guarantees of debt securities and units as may be issued and sold by the registrants from time to time, which together shall have an aggregate initial offering price not to exceed \$250,000,000. There are also being registered under this registration statement 9,855,000 class A common shares as may be sold by selling shareholders from time to time. Any securities registered hereunder may be sold separately or as units with other securities registered hereunder. Pursuant to Rule 457(i) under the Securities Act of 1933, as amended (the "Securities Act"), the securities registered hereunder also include such indeterminate number of class A common shares as may be issued upon conversion or exchange of any preferred shares or debt securities registered hereunder that provide for conversion or exchange, upon exercise of warrants, or pursuant to the anti-dilution provisions of any such securities. In addition, pursuant to Rule 416 under the Securities Act, the shares being registered hereunder include such indeterminate number of class A common shares and preferred shares as may be issuable with respect to the shares being registered hereunder as a result of share splits, share dividends, or similar transactions.
- (2) The offering prices per class of securities to be issued and sold by the registrants will be determined from time to time by the registrants in connection with the issuance by the registrants of the securities registered under this registration statement and are not specified as to each class of security pursuant to General Instruction II.D of Form S-3 under the Securities Act.
- (3) Calculated pursuant to Rule 457(o) under the Securities Act. Pursuant to Rule 457(p) under the Securities Act, the registrants offset the total registration fee due under this registration statement by the amount of the filing fee associated with the unsold securities from the Form S-3 Registration Statement, initially filed by LIN TV Corp. (LIN Media LLC is the successor to LIN TV Corp.) and LIN Television Corporation with the Securities and Exchange Commission (the "SEC") on June 4, 2010 (File No. 333-167326), registering securities for a maximum aggregate offering price of \$225,000,000 (the "Prior Registration Statement"). The associated filing fee of \$16,042.50 for the \$225,000,000 of the unsold securities remaining under the Prior Registration Statement was carried forward to offset the registration fee due under this registration statement. As a result, \$38,516.56 was due and was previously paid by the registrants in connection with this registration statement.
- (4) Guarantees of debt securities issued by the registrants may be provided by one or more of LIN Media LLC and the registrants named in the table of subsidiary guarantor registrants below. Guarantees will be issued without additional consideration. Pursuant to Rule 457(n), no registration fee is required for the guarantees of debt securities to be registered.
- (5) Pursuant to Rule 457(c) under the Securities Act, the offering price and registration fee for the class A common shares to be sold by selling shareholders are computed based on the average of the high and low prices reported for our common shares traded on The New York Stock Exchange on August 19, 2013.
- (6) The fee for the registration of securities hereunder has been previously paid.

The registrants hereby amend this registration statement on such date or dates as may be necessary to delay its effective date until the registrants shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act or until the registration statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

Table of Contents**USE OF PROCEEDS**

Unless otherwise stated in the prospectus supplement accompanying this prospectus, we will use the net proceeds from the sale of any securities that may be offered hereby for general corporate purposes. Such general corporate purposes may include, but are not limited to, reducing or refinancing our indebtedness, financing possible acquisitions and redeeming outstanding securities. The prospectus supplement relating to an offering will contain a more detailed description of the use of proceeds of any specific offering of securities.

Unless otherwise set forth in an accompanying prospectus supplement, we will not receive any proceeds from the sale of our securities by any selling shareholders.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratio of earnings to fixed charges for the periods indicated. We have no preferred stock outstanding and did not pay preferred stock dividends during these periods.

	Six months ended June 30,		Fiscal year ended December 31,				
	2013	2012	2012	2011	2010	2009	2008
	Ratio of earnings to fixed charges	1.35	2.67	NM(1)	1.43	2.08	1.22

(1)

Not meaningful ("NM") because the ratio of earnings to fixed charges was less than 1:1 for the twelve months ended December 31, 2012 and December 31, 2008. We would have needed to generate additional earnings of \$174 million and \$1,159 million, respectively, to achieve a coverage of 1:1 for the twelve months ended December 31, 2012 and December 31, 2008.

The ratio of earnings to fixed charges has been computed on a consolidated basis. "Earnings" consists of pretax income from continuing operations before adjustment for non-controlling interests and equity in net (loss) income from affiliates plus fixed charges. Fixed charges consist of interest expense, including amortization of discount, premium and capitalized expenses related to indebtedness, and a portion of rental expense representing a reasonable approximation of the interest factor. On February 12, 2013, we announced that we entered into, and simultaneously closed the transactions contemplated by a Transaction Agreement, which effected a series of transactions related to the ownership and sale of LIN Television of Texas, L.P.'s (a Delaware limited partnership and our indirect wholly owned subsidiary) 20.38% equity interest in Station Venture Holdings, LLC, a Delaware limited liability company ("SVH"), a joint venture in which NBC Telemundo License LLC, a Delaware limited liability company, held the remaining 79.62% equity interest (the "JV Sale Transaction"). For the years ended December 31, 2012, 2011 and 2009, fixed charges include \$98.2 million, \$4.7 million and \$6.0 million, respectively, pursuant to amounts recognized for the JV Sale Transaction and shortfall funding agreements with General Electric Company, a New York corporation and NBCUniversal Media, LLC, a Delaware limited liability company, as described further in Note 15 to the consolidated financial statements included in our Annual Report.

UNAUDITED PRO FORMA FINANCIAL DATA

Set forth below are certain pro forma financial data that give effect to the Merger referred to under the section captioned "About This Prospectus" and included in the LIN Media Registration Statement. Under accounting principles generally accepted in the United States of America, we expect that the merger will be accounted for on a historical cost basis whereby the consolidated assets and liabilities of LIN Media LLC will be the historical carrying value of LIN TV Corp. as reflected on LIN TV Corp.'s consolidated financial statements. Accordingly, the consolidated financial statements of LIN Media LLC immediately following the merger will be substantially similar to the consolidated financial statements of LIN TV Corp. immediately prior to the merger. However, after taking into account on a pro forma basis the effect of the merger, the consolidated financial statements of LIN Media LLC after the merger will not be identical those of LIN TV Corp. prior to the merger. Since the consolidated financial statements of LIN Media LLC are substantially similar to those of LIN TV Corp., the unaudited pro forma condensed combined financial data have been prepared assuming LIN Media LLC is deemed to be the successor issuer to LIN TV Corp. after completion of the merger, and, full pro forma financial information regarding LIN Media LLC and its consolidated subsidiaries giving effect to the merger have not been included herein.

Unaudited Pro Forma Balance Sheet and Statement of Operations Information

The following unaudited pro forma condensed combined financial data should be read in conjunction with the historical financial statements of each of LIN TV Corp. and New Vision Television, LLC ("NVT") and the notes thereto incorporated by reference into this prospectus.

On October 12, 2012 in a transaction unrelated to the merger or to the series of transactions related to LIN Television of Texas, L.P.'s ("LIN Texas") interest in Station Venture that were effected pursuant to that certain Transaction Agreement, dated February 12, 2013, by and among, among others, LIN TV Corp., LIN Television Corporation and LIN Texas, NBC Telemundo License LLC, General Electric Company, General Electric Capital Corporation and Station Venture, the "Sale Transaction," LIN TV Corp. completed the acquisition of television stations in eight markets that were previously owned by affiliates of NVT, and concurrently, Vaughan Acquisition, LLC ("Vaughan"), a third-party licensee, completed its acquisition of separately owned television stations in three markets from PBC Broadcasting, LLC. We provide certain services to the television stations acquired by Vaughan pursuant to shared services and joint sales arrangements with Vaughan, and we consolidate the television stations owned by Vaughan. These transactions, and the related acquisition financing arrangements, are together referred to as the "NVT Acquisition Transactions," and are more fully described in the notes hereto.

The unaudited pro forma condensed combined balance sheet gives effect to the merger as if the merger had occurred on June 30, 2013. The unaudited pro forma condensed combined balance sheet does not give effect to the Sale Transaction and related financing, as this transaction is fully reflected in the historical balance sheet of LIN TV Corp. as of June 30, 2013.

The unaudited pro forma condensed combined statements of operations for the year ended December 31, 2012 and the six months ended June 30, 2013 are presented as if the NVT Acquisition Transactions, the Sale Transaction, and the merger had each occurred on January 1, 2012. The unaudited pro forma condensed combined financial data were derived from the historical LIN TV Corp. unaudited balance sheet as of June 30, 2013, the historical LIN TV Corp. audited statement of operations for the year ended December 31, 2012, the historical LIN TV Corp. unaudited statement of operations for the six months ended June 30, 2013, the historical unaudited statement of operations of NVT for the nine months ending September 30, 2012, the historical statement of operations data of NVT for the period from October 1, 2012 through October 11, 2012, and by applying certain pro forma adjustments.

Table of Contents

The total transaction costs for 2012 and 2013 are estimated to be approximately \$6 million, of which \$3 million was incurred during the six months ended June 30, 2013.

The unaudited pro forma condensed combined financial data are presented for informational purposes only and are subject to a number of estimates, assumptions and uncertainties and do not purport to represent what our results of operations, balance sheet data or financial information would have been if the Sale Transaction, the merger, and NVT Acquisition Transactions had occurred as of the dates indicated, or what such results will be for any future periods. The unaudited pro forma condensed combined financial data are based on certain assumptions, which are described in the accompanying notes and which management believes are reasonable.

Note 1 Basis of pro forma presentation

The unaudited pro forma condensed balance sheet gives effect to the merger as if it had occurred on June 30, 2013. The merger pro forma adjustments give effect to the extinguishment of a \$115 million income tax payable and the payment of additional estimated transaction costs of \$3 million and the related tax impact. The unaudited pro forma condensed balance sheet does not give effect to the Sale Transaction, because this transaction is fully reflected in the historical financial statements of LIN TV Corp. as of June 30, 2013, as included in the Form 10-Q for the quarter ended June 30, 2013 incorporated by reference into this prospectus.

The unaudited pro forma condensed combined statements of operations are presented as if the NVT Acquisition Transactions had occurred on January 1, 2012, by giving effect to the acquisition of the assets of 13 network affiliates of NVT by us, the acquisition of the assets of five network affiliates by Vaughan, the agreements for us to provide certain services to those five separately owned network affiliates currently serviced by NVT pursuant to shared services and joint sales arrangements with Vaughan, and the related acquisition financing of such acquisitions. Vaughan is a variable interest entity of which we are the primary beneficiary, and the pro forma condensed combined statement of operations reflects the consolidation of Vaughan's results of operations into LIN TV Corp. from January 1, 2012.

The unaudited pro forma condensed combined statements of operations do not include any costs that may result from acquisition and integration activities related to the NVT Acquisition Transactions. The unaudited pro forma condensed combined statements of operations do not include any adjustments to eliminate operating expenses associated with NVT's corporate offices and related overhead, nor do they adjust for expected future incremental operating income as a result of synergies we expect to realize.

The unaudited pro forma condensed combined statements of operations are presented as if the Sale Transaction, the related incremental term loan and revolving credit facility financing, and the merger had occurred on January 1, 2012. The unaudited pro forma condensed combined statements of operations do not give effect to any income tax benefit or expense that may be realized upon completion of the merger, or to the estimated 2013 transaction costs related to the merger, because that tax benefit or expense and the estimated transaction costs are considered one-time in nature and will not recur after completion of the merger.

In accordance with accounting principles generally accepted in the United States of America, the merger will be accounted for as a transaction between entities under common control, whereby the consolidated assets and liabilities of LIN TV Corp. will be carried over and reflected in LIN Media LLC's consolidated financial statements at their historical cost basis. Accordingly, the consolidated financial statements of LIN Media LLC immediately following the merger will be substantially similar to the consolidated financial statements of LIN TV Corp. immediately prior to the merger, and we expect that LIN Media LLC will be deemed a successor issuer to LIN TV Corp.

The unaudited pro forma condensed combined statements of operations are based on the historical financial statements of LIN TV Corp. and NVT after giving effect to the NVT Acquisition Transactions, the Sale Transaction, and the merger, as well as the assumptions and adjustments described in the accompanying notes to the unaudited pro forma condensed combined financial statements. The unaudited pro forma condensed combined financial statements are presented for illustrative purposes only and are not indicative of either future results of operations or results that might have been achieved if the NVT Acquisition Transactions, the Sale Transaction, and/or the merger were consummated as of January 1, 2012. This information should be read in conjunction with the historical consolidated financial statements and accompanying notes of LIN TV Corp. and NVT incorporated by reference herein.

Note 2 Pro forma adjustments

Adjustments to unaudited pro forma condensed combined balance sheet

The unaudited pro forma condensed balance sheet reflecting the Sale Transaction and merger includes adjustments attributed to:

(a) The payment of \$3 million of additional estimated professional fees and expenses associated with completion of the merger, and related tax benefit;

(b) The estimated tax benefit of the merger based on the average of the opening and closing trading price of LIN TV Corp.'s class A common stock on July 30, 2013, the closing date of the merger, (\$14.73) and total outstanding shares of 54,373,584, consisting of class A common stock of 33,471,856, class B common stock of 20,901,726 and class C common stock of 2, at the effective time of the merger. The pro forma result of the merger, based on an effective tax rate of 36.2% (the effective tax rate on the gain associated with the Sale Transaction), is to generate a capital loss of approximately \$316 million for federal and state income tax purposes, and resulting tax savings of approximately \$115 million, which partially offsets the \$162.8 million income tax payable that arose as a result of the Sale Transaction;

(c) The conversion of each of the three classes of LIN TV Corp common stock issued and outstanding class A, class B, and class C, and class A shares held in treasury, into like shares of LIN Media LLC on a one-for-one basis; and

Adjustments to unaudited pro forma condensed combined statements of operations

The pro forma adjustments in the unaudited pro forma condensed combined statement of operations related to the NVT Acquisition Transactions, the related acquisition financing, and the Sale Transaction as of January 1, 2012 are as follows:

(d) Reclassifications have been made to the historical presentation of the NVT statements of operations to conform to the presentation used in our condensed combined statement of operations and the unaudited pro forma condensed combined financial information. The adjustments 1) reclassify corporate office expenses and acquisition related expenses from Selling, general, and administrative to the Corporate expense caption; 2) reclassify Amortization of program rights from Direct operating expenses to the Amortization of program rights caption; 3) reclassify Syndicated programming barter expense and Trade expense to Direct operating; 4) reclassify restructuring charges from Selling, general and administrative to the Restructuring caption, and 5) reclassify loss from asset dispositions from Direct operating to Loss from asset dispositions.

(e) Reflects additional depreciation expense associated with the step up to fair value of property, plant and equipment, and an adjustment to amortization expense based on the estimated fair values of the identifiable intangible assets. Also reflects a reduction in revenue associated with the step up to fair value of certain lease agreements in which NVT is the lessor.

(f) Includes the reversal of certain acquisition related costs reflected in the historical financial statements of LIN TV Corp. and NVT for the year ended December 31, 2012 that are directly attributable to the NVT Acquisition Transactions. The total of these costs for the year ended December 31, 2012 was \$7.3 million.

(g) Reflects the reversal of interest expense associated with the NVT term loan facility.

(h) We applied a blended federal and state tax rate of 42.3% for the full year ended December 31, 2012 to the historical results of NVT, and to the pro forma adjustments and a

Table of Contents

Note 2 Pro forma adjustments (Continued)

blended federal and state tax rate of 40% to the pro forma adjustments for the six months ended June 30, 2013. We believe the effective tax rates best reflect the Company's pro forma expected tax rate after giving effect to the Sale Transaction and the merger.

(i) Reflects the additional interest expense, including the amortization of additional deferred financing costs, related to \$290 million of gross proceeds of the 6³/₈% Senior Notes due 2021, \$18.4 million of cash on hand, and a \$4.6 million term loan borrowing by Vaughan. Additional cash interest on the revolving credit facility and term loan is based on an assumed one-month LIBOR rate of 0.25% plus an applicable margin of 3.0%. The effect of a one-eighth percent variance in the interest rates on the annual incremental interest expense is \$0.4 million.

(j) Reflects the additional interest expense, including the amortization of additional deferred financing costs, related to \$60 million of gross proceeds of the tranche B-2 incremental term loan and additional interest expense on the \$25 million draw on the Company's revolving credit facility. Additional cash interest on the term loan is based on an assumed LIBOR floor of 1% plus an applicable margin of 3.0%. Additional cash interest on the revolving credit facility is based on an assumed one-month LIBOR rate of 0.25% plus an applicable margin of 3.0%. Solely with respect to the incremental term loan and revolving credit borrowings referred to above, the effect of a one-eighth percent variance in the interest rates on the annual incremental interest expense is \$0.1 million.

(k) The unaudited pro forma condensed combined statement of operations does not give effect to any income tax benefit or expense that may be realized upon completion of the merger, or to the estimated 2013 transaction costs related to the merger, because that tax benefit or expense, and the estimated transaction costs will not recur after completion of the merger.

(l) The difference of \$(0.01) between basic and diluted loss from continuing operations per common share of \$(0.33) as shown and basic and diluted loss from continuing operations per common share of \$(0.32) as reported in the Form 10-K for the fiscal year ended December 31, 2012 and the difference of \$0.01 between basic and diluted income from continuing operations per common share of \$0.12 and \$0.11, respectively, as shown and basic and diluted income from continuing operations per common share of \$0.13 and \$0.12, respectively, as reported in the Form 10-Q for the quarter ended June 30, 2013 is related to the net loss attributable to noncontrolling interests. The net loss attributable to noncontrolling interests has been included in the unaudited pro forma condensed combined statements of operations for purposes of calculating the basic and diluted loss from continuing operations per common share of \$(0.33) as of December 31, 2012 and the basic and diluted income from continuing operations per common share of \$0.12 and \$0.11, respectively, as of June 30, 2013.

(m) Costs incurred in connection with the merger and other reorganization transactions are estimated to be approximately \$6 million, of which \$3 million was incurred during the six months ended June 30, 2013 and is currently reflected in Corporate expense in our historical consolidated statement of operations for that period. This adjustment represents the reversal of \$3 million of transaction costs incurred during the six months ended June 30, 2013 in connection with the merger, as these costs will not recur upon completion of the merger. Additional costs incurred in connection with the merger and the other reorganization transactions will be reflected in Corporate expense in our consolidated statement of operations in the period incurred.

DESCRIPTION OF SHARES

We are authorized to issue 100,000,000 class A common shares, 50,000,000 class B common shares (our "class B common shares") representing limited liability company interests in LIN Media LLC, 50,000,000 class C common shares (our "class C common shares") representing limited liability company interests in LIN Media LLC, and 5,000,000 preferred shares. As of August 22, 2013, there were 33,496,185 shares of our class A common shares outstanding. There are currently no preferred shares outstanding.

The following summary describes certain of the material provisions of our shares, but does not purport to be a complete statement of the rights of holders of our shares and is subject to and qualified in its entirety by the Delaware Limited Liability Company Act, Delaware General Corporation Law (the "DGCL"), the Certificate of Formation of LIN Media LLC (the "Certificate of Formation") and the Amended and Restated Limited Liability Company Agreement of LIN Media LLC. (the "LLC agreement")

Common Shares

Voting

Each outstanding class A common share is entitled to one vote on all matters submitted to a vote of our shareholders. There is no cumulative voting.

The class B common shares are generally not entitled to vote. However, so long as at least a majority of the class B common shares outstanding immediately after the Second Amended and Restated Certificate of Incorporation of LIN TV Corp. was filed with the Secretary of State of the State of Delaware on May 1, 2002 and became effective (treating for this purpose LIN TV Corp. class B common stock as LIN Media LLC class B shares) remain outstanding, subject to certain exceptions specified in the LLC agreement, LIN Media LLC will not be able to, without the consent of the holders of at least a majority of the LIN Media LLC class B common shares then outstanding:

purchase, sell or transfer assets with a total fair market value equal to 10% or more of the value of the outstanding common shares (our "common shares") representing limited liability company interests in LIN Media LLC;

merge or consolidate with another entity;

reclassify any of our securities;

reclassify, dissolve, liquidate or wind-up our affairs;

issue our equity securities or those of any of our subsidiaries, other than securities issued by a wholly-owned subsidiary to us or by us to another wholly-owned subsidiary or securities issued under any of our option plans or other employee compensation plans;

redeem or repurchase any of our or our subsidiaries' equity interests, other than purchases made pursuant to our option plans or other employee compensation plans;

amend or modify the provisions of the Certificate of Formation or LLC agreement so as to affect adversely the rights of the class B common shares;

Table of Contents

incur or assume or permit any subsidiary to incur or assume any indebtedness in an amount equal to or greater than 10% of our fair market value;

engage in any business other than any business a majority of whose revenue is derived from the ownership and operation of television stations or any business that we were engaged in as of May 1, 2002 (the date of filing of LIN TV Corp.'s Second Amended and Restated Certificate of Incorporation); and

settle or allow any subsidiary to settle any claim outside the ordinary course of our business that involves any material restriction on our continued business or assets or that of any of our subsidiaries or affiliates.

So long as any class C common shares are outstanding, the class C common shares are entitled to 70% of our voting power on all matters submitted to a vote of our shareholders. Each outstanding class C common share is entitled to a proportionate number of votes determined at the time of each vote, relative to the total number of class C votes.

Distributions

The holders of outstanding common shares are entitled to participate ratably, on a common share-for-common share basis, in such distributions as the LIN Media LLC board of directors may from time to time determine, subject to the rights of the holders of any preferred shares.

Conversion

The common shares have the following conversion features:

each outstanding class B common share may be converted at the option of the holder into either (i) one class A common share or (ii) one class C common share, provided, that all requisite approval for ownership of such voting shares is received from the Federal Communications Commission and, in the case of class C common shares, that the consent of holders of a majority of the outstanding class B common shares is obtained; and

if a majority of the class B common shares outstanding on May 1, 2002 (treating for this purpose the LIN TV Corp. class B common stock as LIN Media LLC class B common shares) shall have been converted into class A LLC class A common share for no additional consideration.

General

Holders of our common shares have no preemptive or subscription rights to purchase any of our securities. Upon our liquidation, dissolution or winding up, the holders of common shares are entitled to receive, pro rata, in accordance with their respective percentage interests, our assets which are legally available for distribution, after payment of all debts and other liabilities and subject to the rights of any holders of preferred shares. There are no redemption or sinking fund provisions applicable to the common shares. All of our outstanding common shares are fully-paid and nonassessable.

Preferred Shares

Our board is authorized without shareholder approval to issue preferred shares in one or more classes or series and to designate for each class or series the following: the terms and conditions of any voting, distribution and conversion or exchange rights; the amount payable on the series upon redemption and upon our dissolution or distribution of our assets; and the rights, qualifications, limitations or restrictions pertaining to the class or series.

Table of Contents

These rights and privileges could adversely affect your voting power, and our board of directors' authority to issue preferred shares without your approval could delay or prevent a change in control of our company.

Special Provisions in the LLC Agreement

Blank Check Preferred Shares

The LLC agreement provides that our board of directors may authorize the issuance of preferred shares in one or more series and may designate the distribution rate, voting rights and other rights, preferences and restrictions of each series. We have not yet issued, nor do we have any present intention to issue, any preferred shares. We could, however, issue a series of preferred shares that could either impede or facilitate the completion of a merger, tender offer or other takeover attempt. Although our board of directors is required to make any determination to issue shares based on its judgment and in accordance with applicable law, our board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some, or a majority, of our shareholders might believe to be in their best interests or in which shareholders might receive a premium for their shares over the then market price of their shares. Our board of directors does not intend to seek shareholder approval prior to any issuance of any preferred shares, unless otherwise required by law or stock exchange rules.

Classified Board of Directors

The LLC agreement provides for a board of directors divided into three classes of directors serving staggered three-year terms. The classification of directors has the effect of making it more difficult for shareholders to change the composition of the board of directors in a relatively short period of time. As a result, at least two annual meetings of shareholders, instead of one, will generally be required to effect a change in a majority of the board of directors.

Number of Directors; Vacancies; Removal

The LLC agreement provides that the board of directors will consist of nine persons. The board of directors, acting by majority vote of the directors then in office, may fill any newly created directorships or vacancies on the board of directors. Moreover, the shareholders may remove a director only for cause. This provision, when coupled with the provision authorizing the board of directors to fill vacant directorships, will preclude a shareholder from removing incumbent directors without cause and simultaneously gaining control of the board of directors by filling the vacancies created by the directors' removal with its own nominees.

Shareholder Action by Written Consent; Special Meetings

The LLC agreement prohibits action by shareholders by written consent in lieu of a meeting other than action permitted or required to be approved by holders of class B common shares. The LLC agreement provides that special meetings of shareholders may be called by a majority of the board of directors.

Advance Notice Requirements for Shareholder Proposals and Director Nominees

The LLC agreement provides for an advance notice procedure with regard to business proposed to be submitted by a shareholder at any annual meeting of our shareholders, including the nomination of candidates for election as directors. The procedure provides that a notice of proposed shareholder business must be timely given in writing to us prior to the meeting. To be timely, notice relating to an annual meeting generally must be received by the Company not less than 90 days nor more than 120 days before the first anniversary of the preceding year's annual meeting.

Table of Contents

Notice to us from a shareholder who proposes to nominate a person at a meeting for election as a director must contain all information relating to that person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act. The notice must also include the person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

The chairman of a meeting of shareholders may determine that a person was not nominated in accordance with the nomination procedure, in which case the person's nomination will be disregarded. If the chairman of a meeting of shareholders determines that other business was not properly brought before the meeting in accordance with the procedures in the LLC agreement, the business will not be conducted at the meeting.

Federal Communications Commission Compliance

In order to comply with our obligations under the Communications Act of 1934, the LLC agreement contains a provision that prohibits us from:

issuing in excess of 25% of our common shares to any non-U.S. entity or government or any representative of or individual controlled by any such entity or government; or

permitting any transfer of our securities that would result in any such government, entity or person holding greater than 25% of our common shares.

In addition, no such alien governments, entities, or persons shall be entitled to vote or direct or control the vote in excess of 25% of our outstanding common shares and preferred shares.

Limitations on Director Liability

The LLC agreement provides that, to the fullest extent permitted under Section 102(b)(7) of the DGCL for a corporation, as may be amended to further eliminate or limit the personal liability of directors, a director of LIN Media LLC shall not be liable to LIN Media LLC or its shareholders for monetary damages for breach of a fiduciary duty as a director in the same manner as if LIN Media LLC was a Delaware corporation and LIN Media LLC directors and shareholders were directors and stockholders of a Delaware corporation.

This provision does not eliminate a director's duty of care (although it eliminates monetary liability for a breach thereof) and does not affect the availability of equitable remedies, including action to enjoin or rescind a transaction involving a breach of fiduciary duty. Moreover, this provision does not apply to claims against a director for breach of the duty or loyalty, acts or omissions not in good faith or which involve intentional misconduct or knowing violation of laws, including the federal securities laws. The LLC agreement further provides that we must indemnify and advance expenses to our directors and officers, and may indemnify any of our employees or agents, to the fullest extent permitted by the DGCL, as may be amended or judicially interpreted, as if LIN Media LLC were a Delaware corporation governed by the DGCL and such directors, officers, employees or agents were directors, officers, employees or agents of a Delaware corporation. We believe these provisions assist us in attracting and retaining qualified individuals to serve as directors and officers.

Listing

LIN Media LLC's common shares are listed on the NYSE under the symbol "LIN."

DESCRIPTION OF WARRANTS

We may issue warrants, including warrants to purchase common shares or debt securities or any combination of the foregoing. Warrants may be issued independently or as part of a unit with any other securities and may be attached to or separate from the underlying securities. The warrants will be issued under warrant agreements to be entered into between us and a warrant agent, as detailed in the prospectus supplement relating to warrants being offered.

A prospectus supplement relating to any warrants being offered will include specific terms relating to the offering, including a description of any other securities sold together with the warrants. These items will include:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the currencies in which the price or prices of the warrants may be payable;

the designation, amount and terms of the common shares, preferred shares or debt securities or rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies or indices, purchasable upon exercise of the warrants and procedures by which those numbers may be adjusted;

the minimum or maximum amount of the warrants that may be exercised at any one time;

any terms relating to the modification of the warrants;

information with respect to book-entry procedures, if any;

a discussion of any material federal income tax considerations; and

Edgar Filing: LIN Digital LLC - Form S-3/A

any other material terms of the warrants, including terms, procedures, and limitations relating to the transferability, exchange, exercise or redemption of the warrants.

The applicable prospectus supplement will describe the specific terms of any warrants or warrant units.

The descriptions of the warrant agreements in this prospectus and in any prospectus supplement are summaries of the applicable provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and do not contain all of the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define your rights as holders of the warrants or any warrant units. For more information, please review the form of the relevant agreements, which will be filed with the SEC promptly after the offering of the warrants and will be available as described under the heading "Where You Can Find More Information."

DESCRIPTION OF DEBT SECURITIES

The following description sets forth some general terms and provisions of the debt securities we may offer, but it is not complete. The particular terms of the debt securities offered and the extent, if any, to which the general provisions may not apply to the debt securities so offered will be described in the prospectus supplement relating to the debt securities. For a more detailed description of the terms of the debt securities, please refer to the indenture relating to the issuance of the particular debt securities.

Any senior debt securities will be issued under a senior indenture to be entered into between us and the trustee named in the senior indenture. Any subordinated debt securities will be issued under a subordinated indenture to be entered into between us and the trustee named in the subordinated indenture. As used in this prospectus, the term "indentures" refers to both the senior indenture and the subordinated indenture. The indenture(s) will be qualified under the Trust Indenture Act of 1939, as amended. As used in this prospectus, the term "debt trustee" refers to either the senior trustee or the subordinated trustee, as applicable.

The following summaries of the material provisions of the senior debt securities, the subordinated debt securities and the indentures are subject to, and qualified in their entirety by reference to, all the provisions of the indenture applicable to a particular series of debt securities, including the definitions therein of some terms. Except as otherwise indicated, the terms of any senior indenture and any subordinated indenture will be identical.

General

If applicable, each applicable prospectus supplement will describe the following terms relating to a series of debt securities:

the title of the debt securities;

whether the debt securities are senior debt securities or subordinated debt securities and, if they are subordinated debt securities, the terms of subordination;

any limit on the amount of debt securities that may be issued;

whether any of the debt securities will be issuable, in whole or in part, in temporary or permanent global form or in the form of book-entry securities;

the maturity dates of the debt securities;

the annual interest rates (which may be fixed or variable) or the method for determining the rates and the dates interest will begin to accrue on the debt securities, the dates interest will be payable, and the regular record dates for interest payment dates or the method for determining the dates;

the places where payments with respect to the debt securities shall be payable;

our right, if any, to defer payment of interest on the debt securities and extend the maximum length of any deferral period;

the date, if any, after which, and the prices at which, the series of debt securities may, pursuant to any optional redemption provisions, be redeemed at our option and other related terms and provisions;

the dates, if any, on which, and the prices at which we are obligated, pursuant to any sinking fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of debt securities and other related terms and provisions;

Table of Contents

the denominations in which the series of debt securities will be issued, if other than a minimum denomination of \$2,000 or an integral multiple of \$1,000 in principal amount in excess thereof;

any mandatory or optional sinking fund or similar provisions with respect to the debt securities;

any index used to determine the amount of payments of the principal of, and premium, if any, and interest on, the debt securities and the manner in which the amounts shall be determined;

the terms pursuant to which the debt securities are subject to defeasance;

the terms and conditions, if any, pursuant to which the debt securities are secured; and

any other material terms of the debt securities.

The debt securities may be issued as original issue discount securities. An original issue discount security is a debt security, including any zero-coupon debt security, which:

is issued at a price lower than the amount payable upon its stated maturity; and

provides that, upon redemption or acceleration of the maturity, an amount less than the amount payable upon the stated maturity shall become due and payable.

United States federal income tax considerations applicable to debt securities sold at an original issue discount will be described in the applicable prospectus supplement.

Under the indentures we will have the ability, without the consent of the holders, to issue debt securities with terms different from those of debt securities previously issued and to reopen a previous issue of a series of debt securities and issue additional debt securities of that series, unless the reopening was restricted when the series was created, in an aggregate principal amount determined by us.

Conversion or Exchange Rights

The terms, if any, on which a series of debt securities may be convertible into or exchangeable for common shares or other of our securities will be detailed in the applicable prospectus supplement. The terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option, and may include provisions pursuant to which the number of our common shares or other of our securities to be received by the holders of the series of debt securities would be subject to adjustment.

Consolidation, Merger or Sale of Assets

Unless we provide otherwise in the applicable prospectus supplement, the indentures will provide that we may not consolidate with or merge into any other person, in a transaction in which we are not the surviving corporation, or convey, transfer or lease our properties and assets substantially as an entirety to, any person, unless:

the successor entity is a corporation, limited liability company, partnership, trust or other entity existing under the laws of the United States, or any State or the District of Columbia;

Edgar Filing: LIN Digital LLC - Form S-3/A

the successor entity assumes our obligations on the debt securities and under the indentures;

immediately prior to and after giving effect to the transaction, no default or event of default shall have occurred and be continuing; and

certain other conditions are met.

Table of Contents

Events of Default Under the Indentures

Unless we provide otherwise in the applicable prospectus supplement, the following will be events of default under the indentures with respect to any series of debt securities issued:

failure to pay interest on the debt securities when due, which failure continues for a specified period set forth in the applicable prospectus supplement and the time for payment has not been deferred;

failure to pay the principal of or premium on the debt securities, if any, when due;

failure to deposit any sinking fund payment when due, which failure continues for 60 days;

failure to observe or perform any other covenant contained in the debt securities or the indentures other than a covenant specifically relating to another series of debt securities, which failure continues for a specified period set forth in the applicable prospectus supplement after we receive notice from the debt trustee or holders of a specified percentage, set forth in the applicable prospectus supplement, of the aggregate principal amount of the outstanding debt securities of that series;
or

particular events of our bankruptcy, insolvency or reorganization.

The supplemental indenture or the form of note for a particular series of debt securities may include additional events of default or changes to the events of default described above. For any additional or different events of default applicable to a particular series of debt securities, see the applicable prospectus supplement relating to the series.

If an event of default with respect to debt securities of any series occurs and is continuing, the debt trustee or the holders of a specified percentage of the aggregate principal amount of the outstanding debt securities of that series, by notice in writing to us (and, to the debt trustee, if notice is given by the holders), may declare the unpaid principal of or premium, if any, and accrued interest, if any, on the debt securities of that series due and payable immediately.

The holders of a specified percentage of the aggregate principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to the series and its consequences, except defaults or events of default regarding:

payment of principal of or premium, if any, or interest on the debt securities; or

those covenants described under the subsection " Modification of Indenture; Waiver" that cannot be modified or amended without the consent of each holder of any outstanding debt securities affected.

Any waiver shall cure the default or event of default.

Subject to the terms of the indentures (as supplemented), if an event of default under an indenture occurs and is continuing, the debt trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the applicable series of debt securities, unless the holders have offered the debt trustee indemnity or security satisfactory to it. The holders of a specified percentage of the aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the debt trustee, or exercising any trust or power conferred on the debt trustee, with respect to the debt securities of that series, provided that:

it is not in conflict with any law or the applicable indenture;

the debt trustee may take any other action deemed proper by it that is not inconsistent with the direction;

Table of Contents

subject to its duties set forth under the applicable indenture, the debt trustee need not take any action that might involve it in personal liability; and

subject to its duties set forth under such indenture, the debt trustee need not take any action that it determines, upon the advice of counsel, may not lawfully be taken or in good faith determines would be unduly prejudicial to the holders of the debt securities.

A holder of the debt securities of any series will only have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies if:

the holder has given written notice to the debt trustee of a continuing event of default with respect to that series;

the holders of a specified percentage of the aggregate principal amount of the outstanding debt securities of that series have made written request to the debt trustee, and the holders have offered reasonable indemnity to the debt trustee to institute proceedings; and

the debt trustee does not institute a proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within a specified period set forth in the applicable prospectus supplement after the notice, request and offer.

These limitations will not apply to a suit instituted by a holder of debt securities for payment of the principal of or premium, if any, or interest on the debt securities if we default in such payment.

We will periodically file statements with the debt trustee regarding our compliance with the covenants in the indentures.

Modification of Indenture; Waiver

We and the debt trustee may change an indenture without the consent of any holders with respect to specific matters, including:

to fix any ambiguity, defect or inconsistency in the indenture;

to provide for the assumption by a successor person;

to evidence and provide for successor trustees;

to add, change or eliminate any provision affecting only debt securities not yet issued;

to comply with any requirement of the SEC in connection with qualification of an indenture under the Trust Indenture Act of 1939, as amended;

to conform the indenture to the provisions set forth in the description of the securities in the applicable prospectus supplement; and

to make any change that does not adversely affect the rights of any holder.

Edgar Filing: LIN Digital LLC - Form S-3/A

In addition, the rights of holders of a series of debt securities may be changed by us and the debt trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, the following changes may only be made with the consent of each holder of any outstanding debt securities affected:

extend the fixed maturity of the series of debt securities;

change any obligation of ours to pay additional amounts with respect to the debt securities;

reduce the principal amount of, the rate of interest on, or any premium payable upon the redemption of any debt securities;

Table of Contents

reduce the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof;

impair the right to enforce any payment on, or with respect to, any debt security;

adversely change the right to convert or exchange, including decreasing the conversion rate or increasing the conversion price of, the debt security (if applicable);

in the case of the subordinated indenture, modify the subordination provisions in a manner adverse to the holders of the subordinated debt securities;

if the debt securities are secured, change the terms and conditions pursuant to which the debt securities are secured in a manner adverse to the holders of the secured debt securities;

reduce the percentage of principal amount of outstanding debt securities of any series the consent of the holders of which is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults; or

modify any of the above provisions.

Form, Exchange and Transfer

The debt securities of each series will be issuable only in fully registered form without coupons and, unless otherwise specified in the applicable prospectus supplement, in a denomination of \$2,000 or an integral multiple of \$1,000 in principal amount in excess thereof. The indentures will provide that debt securities of a series may be issuable in temporary or permanent global form and may be issued as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company ("DTC"), unless the prospectus supplement provides otherwise.

At the option of the holder, subject to the terms of the indenture and the limitations applicable to global securities described in the applicable prospectus supplement, debt securities of any series will be exchangeable for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indenture and the limitations applicable to global securities detailed in the applicable prospectus supplement, debt securities may be presented for exchange or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar) at the office of the security registrar or at the office of any transfer agent designated by us for that purpose. Unless otherwise provided in the debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges. The security registrar and any transfer agent (in addition to the security registrar) initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If the debt securities of any series are to be redeemed, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or

Edgar Filing: LIN Digital LLC - Form S-3/A

register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except for the unredeemed portion of any debt securities being redeemed in part.

Table of Contents

Information Concerning the Debt Trustee

The debt trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only the duties specifically set forth in the indenture and, upon an event of default under an indenture, must use the same degree of care in the exercise of the rights and powers vested in it as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the debt trustee is under no obligation to exercise any of the powers given to it by the indenture at the request of any holder of debt securities unless it is offered security or indemnity satisfactory to it against the costs, expenses and liabilities that it might incur. The debt trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties unless it reasonably believes that it will be repaid or receive adequate indemnity.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of the interest on any debt securities on any interest payment date will be made to the person in whose name the debt securities (or one or more predecessor securities) are registered at the close of business on the regular record date for the payment of interest.

Principal of and any premium and interest on the debt securities of a particular series will be payable at the office of the paying agents designated by us, except that, unless otherwise indicated in the applicable prospectus supplement, interest payments may be made by check mailed to the holder. Unless otherwise indicated in the prospectus supplement, the corporate trust office of the debt trustee will be designated as our sole paying agent for payments with respect to debt securities of each series. Any other paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

Subject to applicable abandoned property laws, moneys paid by us to a paying agent or the debt trustee for the payment of the principal of, or any premium or interest on, any debt securities which remain unclaimed at the end of two years after the principal, premium, or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

Governing Law

Unless otherwise indicated in the applicable prospectus supplement, the indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act of 1939, as amended, is applicable.

Subordination of Subordinated Debt Securities

Any subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to some of our other indebtedness to the extent described in a prospectus supplement. The subordinated indenture will not limit the amount of subordinated debt securities that we may issue, nor will it limit us from issuing any other secured or unsecured debt.

Book-Entry Debt Securities

We will make payments on each series of book-entry debt securities to DTC or its nominee as the sole registered owner and holder of the global security. Neither we nor the debt trustee nor any of our or its agents will be responsible or liable for any aspect of DTC's records relating to or payments made on account of beneficial ownership interests in a global security or for maintaining, supervising or

Table of Contents

reviewing any of DTC's records relating to the beneficial ownership interests or with respect to its performance of its obligations under the rules and regulations governing its operations.

We understand that when DTC receives any payment on a global security, it will immediately, on its book-entry registration and transfer system, credit the accounts of participants with payments in amounts proportionate to their beneficial interests in the global security as shown on DTC's records. Payments by participants to you, as an owner of a beneficial interest in the global security, will be governed by standing instructions and customary practices (as is the case with securities held for customer accounts registered in "street name") and will be the sole responsibility of the participants.

A global security representing a series will be exchanged for certificated debt securities of that series if (a) DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under the Exchange Act, and we do not appoint a successor within 90 days or (b) we decide that the global security shall be exchangeable. If that occurs, we will issue debt securities of that series in certificated form in exchange for the global security. An owner of a beneficial interest in the global security then will be entitled to physical delivery of a certificate for debt securities of the series equal in principal amount to that beneficial interest and to have those debt securities registered in its name. We would issue the certificates for the debt securities in a denomination of \$2,000 or an integral multiple of \$1,000 in principal amount in excess thereof, and we would issue them in registered form only, without coupons.

We understand that DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Exchange Act. DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which (and/or their representatives) own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC. No fees or costs of DTC will be charged to you.

DESCRIPTION OF GUARANTEES OF DEBT SECURITIES

The debt securities of any series issued under this prospectus may be guaranteed by one or more of our subsidiaries. However, the indenture will not require that any of our subsidiaries be a guarantor of any series of debt securities. As a result, the guarantors of any series of debt securities may differ from the guarantors of any other series of debt securities. If we issue a series of debt securities guaranteed by our subsidiaries, the identity of the specific subsidiary guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If we issue a series of debt securities, we will describe the particular terms of any guarantees of such series in a prospectus supplement relating to that series, which we will file with the SEC.

DESCRIPTION OF UNITS

We may issue units comprised of one or more of the other classes of securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The units may be issued under unit agreements to be entered into between us and a unit agent, as detailed in the prospectus supplement relating to the units being offered. The prospectus supplement will describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

a description of the provisions for the payment, settlement, transfer or exchange of the units;

a discussion of material federal income tax considerations, if applicable; and

whether the units will be issued in fully registered or global form.

The descriptions of the units in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and may not contain all the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define your rights as holders of the units. For more information, please review the forms of the relevant agreements, which will be filed with the SEC promptly after the offering of units and will be available as described under the heading "Where You Can Find More Information."

The applicable prospectus supplement will contain the expected time of delivery of the securities for which this prospectus is delivered.

We may indemnify the underwriters, agents or dealers who participate in the distribution of securities against certain liabilities, including liabilities under the Securities Act. We may also contribute to payments that the underwriters, dealers or agents or any of their controlling persons may be required to make in respect of such liabilities. Underwriters, agents or dealers may be customers of, engage in transactions with or perform services for us or our subsidiaries in the ordinary course of business.

These contracts will be subject only to those conditions contained in the prospectus supplement. The prospectus supplement will also contain the commission payable for solicitation of any of these contracts.

Offers to purchase securities may be solicited directly by us and sales of securities may be made by us directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any resale of the securities. The terms of any such sales will be described in the prospectus supplement relating to the securities. Except as contained in the applicable prospectus supplement, no director, officer or employee of ours will solicit or receive a commission in connection with the direct sales by us of the securities, although these persons may respond to inquiries by potential purchasers and perform ministerial and clerical work in connection with any such direct sales.

Item 17. Undertakings

The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrants pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrants pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration

Table of Contents

statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

(5) That, for the purpose of determining liability of the registrants under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrants undertake that in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrants will be sellers to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or its securities provided by or on behalf of the undersigned registrants; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrants' annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) To supplement the prospectus, after the expiration of any warrant or right subscription period, to set forth the results of any warrant or right subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(8) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Exchange Act and will be governed by the final adjudication of such issue.

(9) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrants pursuant to

Table of Contents

Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(10) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(11) The undersigned registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Act.
