Table of Contents

Who may vote at the Annual Meeting?

Each share of the Company's stock has one vote on each matter. As of March 17, 2017 (the "Record Date"), there were 70,560,517 shares of the Company's common stock issued and outstanding. Only those stockholders of record as of the close of business on the Record Date are entitled to receive notice of and vote at the Annual Meeting.

What Constitutes a Quorum?

The presence, in person or by proxy, of holders of a majority of all of the shares of common stock entitled to vote at the Annual Meeting constitute a quorum for the transaction of business at the Annual Meeting. Each share of common stock entitled to vote on the Record Date is entitled to one vote on each matter properly submitted at the Annual Meeting and, with respect to the election of directors, one vote for each director to be elected. Abstentions and "broker non-votes" (i.e., shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

What is the voting requirement to approve each proposal?

For Proposal 1, a nominee for director in an uncontested election must receive a majority of the votes cast as to such nominee in order to be elected as director. Any incumbent director who does not receive the required vote for reelection will promptly offer to resign from the Board. Within 90 days after the date of certification of the election results, the Board of Directors will determine whether to accept or reject such director's offer to resign.

Approval of Proposals 2, 3, and 4 require the affirmative vote of a majority of the votes cast at the Annual Meeting.

How are abstentions treated?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present. Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with Proposals 1, 2, or 3. With regard to Proposal 4, votes for "one year", "two years", or "three years" will be counted to determine the number of votes received in connection with the proposal. If you "abstain" from voting for Proposals 1, 2, 3, or 4, it will have the same effect as if your vote was not cast with respect to each such proposal, and this will have no effect on the outcome. A broker non-vote will have no effect on the outcome of Proposals 1, 2, 3, or 4.

How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record and attend the Annual Meeting, you may vote in person at the meeting. If your shares of common stock are held in street name and you wish to vote in person at the meeting, you will need to obtain a legal proxy from the broker, bank or other nominee that holds your shares of common stock of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares of common stock in your own name as a holder of record with our transfer agent, American Stock Transfer & Trust Company, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

Vote by Internet. You may vote via the Internet by following the instructions on your proxy card. The website for Internet voting is printed on your proxy card. Please have your proxy card in hand. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 9, 2017. You

Table of Contents

will receive a series of instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card.

Vote by Telephone. You may vote by telephone by calling the toll-free number listed on your proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 9, 2017. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

Vote by Mail. If you would like to vote by mail, upon receipt of the proxy card, please mark, sign and date your proxy card and return it promptly to our transfer agent, American Stock Transfer & Trust Company, in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted.

How are proxies voted?

All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted by the proxyholders in accordance with the stockholder's instructions.

Will other matters be voted on at the Annual Meeting?

We are not currently aware of any other matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any other matters not described in the Proxy Statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

What happens if I do not give specific voting instructions?

If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

May I revoke my proxy instructions?

You may revoke your proxy at any time before it has been exercised by:

filing a written revocation with the Corporate Secretary of Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116;

submitting a new proxy by telephone, or by the Internet, or by submitting a new proxy card after the time and date of the previously submitted proxy card; or

appearing in person and voting by ballot at the Annual Meeting.

If you are a stockholder of record as of the Record Date attending the Annual Meeting, you may vote in person whether or not a proxy has been previously given, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy.

Table of Contents

What is householding?

If you and other residents at your mailing address own shares of common stock in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Notice of Annual Meeting. This procedure, known as "householding," is intended to reduce the volume of duplicate information stockholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of our Notice of Annual Meeting to your address for all residents that own shares of common stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you are receiving multiple copies of our Notice of Annual Meeting, you may be able to request householding by contacting your broker, bank or other nominee.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except as necessary to meet applicable legal requirements, to allow for the tabulations and certification of votes, and to facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to management and the Board.

Where can I find voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by a representative from American Stock Transfer & Trust Company, who will serve as inspector of election, and filed with the Securities Exchange Commission ("SEC") on a Form 8-K within four business days following the completion of the Annual Meeting.

How can I view the Company's proxy materials for the Annual Meeting on the Internet?

The Company's proxy materials are available on the Company's website at www.brooklinebancorp.com. Additional information regarding the Company and its subsidiaries, Bank Rhode Island, Brookline Bank, and First Ipswich Bank, can be found at the following websites: www.bankri.com, www.brooklinebank.com, www.firstipswich.com.

ROLE OF THE BOARD; CORPORATE GOVERNANCE MATTERS

A critical function of the Board is to oversee the Company's executive management in the competent and ethical operation of the Company on a day-to-day basis, and to assure that the long-term interests of the stockholders are being served. To satisfy this duty, the Board proactively establishes appropriate policy to ensure that the Company is committed to success through the maintenance of the highest standards of responsibility and ethics.

Members of the Board bring to the Company a wide range of experience and knowledge. These varied skills provide for strong leadership and effective corporate governance. The Board works closely with senior management to ensure effective decision-making, compliance with Company policy and regulations, and strong leadership.

Board Leadership Structure

Mr. Slotnik serves as the Company's Chairman of the Board of Directors. Mr. Perrault serves as the Company's President and Chief Executive Officer. The Chairman and the President and Chief Executive Officer work closely to ensure that the strategic goals of the Company's executive management team are in line with the risk and governance oversight objectives of the Board of Directors.

The Board of Directors encourages strong communication among all of its independent directors and the Chairman of the Board. The Board of Directors also believes that it is able to effectively provide independent oversight of the Company's business and affairs, including risks facing the Company, through the composition of its Board of Directors, the role of the independent Chairman, the strong leadership of the independent directors and the independent committees of the Board of Directors, and the other corporate governance structures and processes already in place. Thirteen of the fourteen members of the Board of Directors are non-management directors, and twelve of these thirteen are independent under the rules of The NASDAQ Stock Market LLC, which we refer to as the "NASDAQ rules." All of the directors are free to suggest the inclusion of items on the agenda for meetings of the Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, the Board of Directors and each committee has complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. The Board of Directors also holds regularly scheduled executive sessions of non-management directors in order to promote discussion among the non-management directors and assure independent oversight of management. Moreover, the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee, each of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Risk Oversight

The Board of Directors plays an important role in the risk oversight of the Company. Although the Board recognizes that it is not possible to identify all risks that may affect the Company and its subsidiaries or to develop processes and controls to completely eliminate or mitigate their occurrence or effects, the Board is involved in risk oversight through its direct decision-making authority with respect to significant matters and the oversight of management by the Board of Directors and its committees.

In particular, the Board of Directors administers its risk oversight function through (i) the review and discussion of regular periodic reports to the Board of Directors and its committees on topics relating to risks that the Company faces, including, among others, compliance risk, market risk, credit risk, regulatory risk, operations risk, and various other matters relating to the Company's business, (ii) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, significant new hires and promotions to the Company's executive management

positions, (iii) oversight of the Company's enterprise risk management by the Risk Committee, and (iv) the direct oversight of specific areas of the Company's business by the Audit Committee including the receipt of regular periodic reports from the Company's internal and external auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the Company's internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting the Company and its subsidiaries to the Board's attention.

The Audit Committee is specifically responsible for reviewing and discussing with management and the Company's external and internal auditors matters and activities relating to financial reporting and the related internal controls of the Company, and the guidelines and policies that govern the process by which the Company's exposure to risk is assessed and managed by senior management.

The Credit Committee is specifically responsible for the review and approval of loan transactions of a certain value, the oversight of the Company's credit risk, and the governance of the Company's credit management.

The Risk Committee is specifically responsible for monitoring and reviewing the Company's enterprise risk management framework and processes, emerging risks, and the adequacy of risk management functions within the Company.

Board Committees

During 2016, the Board met nine times. Each director attended at least 75% of the combined total number of meetings of the Board and board committees of which he or she was a member, and the independent directors meet at least twice during the year in executive session. In addition, the Company strongly encourages all directors and nominees to attend the Annual Meeting. Thirteen of the fourteen directors attended the 2016 Annual Meeting, and the Company anticipates that all of the directors will attend the 2017 Annual Meeting.

The Board has six standing committees: Executive Committee, Audit Committee, Compensation Committee, Nominating and Governance Committee, Credit Committee, and Risk Committee. Written charters for the standing committees are available on the Company's website at www.brooklinebancorp.com.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that sets forth standards of ethical business conduct for all directors, officers, and employees of the Company and its subsidiaries. The purpose of the Code of Business Conduct and Ethics is to provide directors, officers, and employees with a framework to make honest, ethical, and legal decisions, ensure full, fair, accurate, timely, and understandable public disclosures in periodic reports required to be filed by the Company, require compliance with applicable laws, rules and regulations, and encourage prompt internal reporting of violations of the Code of Business Conduct and Ethics. All directors, officers, and employees are required to annually certify that they have read and agree to abide by the terms of the Code of Business Conduct and Ethics. Additionally, the Code of Business Conduct and Ethics is in conformity with the requirements of the Sarbanes-Oxley Act of 2002 and the NASDAQ rules. A copy of the Code of Business Conduct and Ethics and any amendments to or waivers of the requirements therein are available on the Company's website at www.brooklinebancorp.com.

The Company is required by the Sarbanes-Oxley Act of 2002 and the Securities and Exchange Commission's related rules to disclose whether it has adopted a Code of Ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or individuals performing similar functions. The Company has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers, which is available on the Company's website at www.brooklinebancorp.com.

The Board has established a means for employees, customers, stockholders, and other interested parties to submit confidential and anonymous reports of suspected or actual violations of our Code of Business Conduct and Ethics relating to, among other things:

Violations of securities laws.

Any employee, stockholder or other interested party may submit a report to the Audit Committee in writing to: Brookline Bancorp, Inc., Audit Committee, P.O. Box 6024, Providence, Rhode Island 02940.

Reports may also be made by phone or online via the Company's Ethics Reporting Hotline, which is administered by NAVEX Global, an independent, third-party monitoring service. The Ethics Reporting Hotline is available seven days per week, twenty-four hours per day. Calls or web reports to the Ethics Reporting Hotline may be anonymous if requested. The Ethics Reporting Hotline can be reached at: (855) 898-9097 or <https://www.reportlineweb.com/brkl>.

Board Nominations

The Nominating and Governance Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are first considered for renomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating and Governance Committee or the Board decides not to renominate a member for reelection, or if the size of the Board is increased, the Nominating and Governance Committee would seek to identify appropriate director candidates. In addition, the Nominating and Governance Committee is authorized by its charter to engage a third party to assist in the identification of director nominees.

Neither the Nominating and Governance Committee nor the Board has a policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating nominees. The Nominating and Governance Committee may consider whether a nominee, if elected, would have the necessary qualifications, professional background, and core competencies to discharge his or her duties as well as the ability to add something unique and valuable the Board of Directors as a whole. The Nominating and Governance Committee would seek to identify a candidate who at a minimum has high personal and professional integrity, who shall have demonstrated ability and judgment, and who shall be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

The Nominating and Governance Committee will also take into account whether a candidate satisfies the criteria for being an independent director under the NASDAQ rules, and if a candidate with financial and accounting experience is sought for service on the Audit Committee, whether the individual is financially literate and qualifies as an audit committee financial expert.

Communications with the Board

Stockholders who wish to communicate with the Board or with any director can write to the Nominating and Governance Committee, care of the Corporate Secretary, Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116. This letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Corporate Secretary will forward the communication to the director(s) to whom it is addressed, or, if the inquiry is a request for information about the Company or a stock-related matter for example, the Corporate Secretary will respond directly. The Corporate Secretary will not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Corporate Secretary shall present a summary of all communications received, if any, since the last meeting and make those communications available to the directors upon request.

Transactions with Related Parties

Pursuant to various regulatory requirements and other applicable law, the boards of the Company and its subsidiaries, Bank Rhode Island, Brookline Bank, and First Ipswich Bank, must approve certain extensions of credit, contracts and other transactions between the Company's subsidiaries and any director or executive officer. The Company has adopted written policies and procedures to implement these requirements which state, in essence, that any transaction between the Company, its subsidiaries and any director or executive officer, or any of their affiliates or immediate family members, may be made on terms comparable to those which the Company would reach with an unrelated, similarly-situated third-party and must be approved in advance by a vote of the Board. The office of the Company's General Counsel is responsible for the oversight of the Company's policy regarding related party transactions, which is typically applied to extensions of credit and any other financial transactions of a material nature between the Company, its subsidiaries, and any director or executive officer. Any director or executive officer involved in such a transaction leaves the meetings while the Board considers and votes upon the transaction.

Since January 1, 2016, neither the Company nor its subsidiaries has been a party to any transaction or series of transactions in which the amount involved exceeded \$120,000 and which any director, executive officer, or holder of more than 5% of the Company's stock, or any members of the immediate family of any such person, had or will have a direct or indirect material interest. On December 23, 2010, Charles H. Peck entered into a Retirement Agreement with the Company in which he agreed to provide commercial real estate consulting services to the Company and its management team. The term of the agreement was for one year, but could be extended by mutual agreement of the Company and Mr. Peck. In December 2015, the Company and Mr. Peck extended the term of the agreement for an additional year and, as a result, Mr. Peck received payments in the amount of \$2,000 per month in 2016. The agreement was not renewed for 2017.

Some of the directors and executive officers of the Company, as well as members of their immediate families and the companies, organizations, trusts, and other entities with which they are associated are, or during 2016 were, also customers of Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the ordinary course of business, or had loans outstanding during 2016. It is anticipated that such persons and their associates will continue to be customers of and indebted to Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the future. All such loans were made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unaffiliated persons and, where required by law, were approved by the applicable Bank's Board of Directors. None of these loans to directors, executive officers or their associates is nonperforming.

Table of Contents**EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS**

Overview

This section provides a description of the roles and responsibilities of the Compensation Committee (the "Compensation Committee" or the "Committee") of the Company's Board of Directors. Additionally, this section provides information related to the Company's executive compensation philosophy and contains a discussion of each material element of the Company's executive officer compensation program as it relates to the following "named executive officers" (the "Named Officers") whose compensation information is detailed:

Paul A. Perrault	President and Chief Executive Officer
Carl M. Carlson	Chief Financial Officer
Mark J. Meiklejohn	President and Chief Executive Officer, Bank Rhode Island
M. Robert Rose	Chief Credit Officer
James M. Cosman	Chief Operations Officer

Executive Summary

The Compensation Committee oversees the executive compensation program and determines the compensation for the Company's executive officers, including its Named Officers. The Compensation Committee and the Company's Board of Directors believe that the Company's success is highly dependent on the ability to hire and retain qualified executives who have the potential to influence performance and enhance stockholder value over time. The Compensation Committee works with executive management to develop a comprehensive executive compensation program, one that is competitive in the marketplace, rewards strong and prudent corporate performance, and that is aligned with stockholder interests.

Role of the Compensation Committee

The Compensation Committee is responsible for performing the responsibilities of the Board of Directors with regard to the compensation philosophy, programs, and practices as they relate to the Company's directors and Named Officers. The primary purpose of the Compensation Committee is to develop, approve, and implement compensation policies and plans that are fair and appropriate to attract, retain, and motivate executives to further the Company's long-term strategic plan and drive stockholder value.

The Compensation Committee has a written charter that establishes its responsibilities. The Committee reviews the charter on an annual basis to ensure that the scope of the charter is consistent with the Committee's role and accurately reflects the Company's compensation philosophy and guiding principles.

The Compensation Committee meets regularly throughout the year and held eight meetings in 2016. Five members of the Board serve on the Compensation Committee, each of whom is independent in accordance with the NASDAQ rules.

In accordance with its charter, the Compensation Committee evaluates the President and Chief Executive Officer's performance relative to established goals and has sole responsibility for determining his compensation based on the Compensation Committee's evaluation of his performance. Final decisions regarding the President and Chief Executive Officer's compensation take into consideration his contribution to the Company's success along with the Company's achievement against annually established performance targets, its relative performance compared to its peer group, and current compensation trends within the competitive marketplace.

The Compensation Committee also reviews and evaluates the compensation and performance of other members of the executive management team, including the Named Officers.

The Role of the Compensation Consultant

The Compensation Committee has the authority to engage independent consultants to assist it in the compensation process. These consultants are retained by and report directly to the Committee. The Committee places no restrictions on the consultants within the scope of contracted services. The consultants provide expertise and information about competitive trends in the marketplace, including established and emerging compensation practices at other companies.

In 2016, the Compensation Committee retained the services of BDO USA, LLP ("BDO"), an independent executive compensation consulting firm which has provided services to the Committee since 2010. BDO does not provide any other services to the Company and works with the Company's executive management team only on matters for which the Compensation Committee is responsible. The Compensation Committee assessed the independence of BDO in 2016 pursuant to SEC and NASDAQ requirements and concluded that no conflict of interest exists that would prevent BDO from serving as an independent consultant to the Committee. The Committee periodically seeks input from BDO on a range of external market factors, including evolving compensation trends, appropriate peer group companies, and market survey data. BDO also provides general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for the Named Officers.

In October 2016, BDO met with the Compensation Committee to discuss trends and issues impacting executive pay for the Company and other publicly-traded companies. In addition to the consideration of general information regarding trends in executive compensation and a review of the Company's Long-Term Incentive Plan, the discussion also included a high-level review of the Company's executive and director compensation as compared to that of its named peer group.

In 2016, the Compensation Committee retained Goodwin Procter LLP to provide legal advice regarding compensation related matters. The Compensation Committee assessed the independence of Goodwin Procter LLP in 2016 pursuant to SEC and NASDAQ requirements and concluded that no conflict of interest exists that would prevent Goodwin Procter LLP from serving as an independent consultant to the Committee.

Roles of Executive Officers and Management

The Compensation Committee occasionally requests one or more members of executive management to be present at Committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives may provide insight, suggestions or recommendations regarding executive compensation; however, only Compensation Committee members vote on decisions regarding executive compensation.

The Company's President and Chief Executive Officer provides recommendations to the Compensation Committee on matters relating to the compensation of the executive management team. In addition, the President and Chief Executive Officer provides specific recommendations regarding base salary adjustments and short- and long-term incentive awards for members of the executive management team to the Compensation Committee. The Compensation Committee retains sole discretion with respect to compensation decisions regarding the Company's executive management team.

Compensation Philosophy and Objectives

The Company's executive compensation program is reviewed on an annual basis to ensure the program remains in alignment with the Company's compensation philosophy and business objectives. The Compensation Committee continues to subscribe to the philosophy that the most effective compensation program is one that is designed to attract and retain qualified and experienced officers and at the same time, is reasonable, competitive, and aligned with the Company's pay for performance philosophy. The Compensation Committee believes that an effective program is one component of the overall management

Table of Contents

of the Company and that it helps to support and promote a culture that recognizes and rewards the individuals, behaviors, and results that the Company and stockholders value.

The Company's compensation philosophy is one that recognizes the importance of individual achievements and strives to reward these behaviors while also emphasizing overall corporate achievement. Thus, payments in short- and long-term incentive programs are heavily weighted toward the achievement of corporate goals when measured against both specific corporate goals and against the named peer group.

In order to achieve its stated goals and support its philosophy of providing maximum reward when the Company meets its goals, the compensation program is comprised of four elements:

Base salary;

Performance-based cash incentives;

Equity compensation; and

Benefit programs.

Compensation Benchmarking

The Compensation Committee reviews data from a number of sources when considering executive compensation decisions. These include:

Pay mix representing the effectiveness of balancing long-term versus short-term performance objectives;

Current pay level and practices relative to its named peer group; and,

Survey data for positions of similar scope and focus in markets where the Company competes for talent.

Market data from a variety of independent sources are used to ensure that the Company's total compensation package is competitive in the markets within which it competes for executive talent.

In 2016, the Company's named peer group consisted of the following financial institutions:

Beneficial Bancorp, Inc.	NBT Bancorp, Inc.
Berkshire Hills Bancorp, Inc.	Northwest Bancshares, Inc.
Community Bank Systems, Inc.	S&T Bancorp, Inc.
Customers Bancorp, Inc.	Sandy Spring Bancorp, Inc.
Dime Community Bancshares, Inc.	Tompkins Financial Corporation
Eagle Bancorp, Inc.	TrustCo Bank Corp. NY
First Commonwealth Financial Corporation	United Financial Bancorp, Inc.
Flushing Financial Corporation	WSFS Financial Corporation
Independent Bank Corp.	

For the year ended December 31, 2016, total assets of this group ranged from \$4.8 billion to \$9.6 billion. The peer group companies are headquartered predominantly in the Northeast, as this provides the most reasonable basis for the evaluation of executive compensation levels. The Company was intentionally positioned in the middle of the peer group.

While competitive practice is an important component of the Company's compensation philosophy, it is not the sole determinant of executive compensation and benefit practices and programs. Ultimately, the Company will administer compensation in a manner that ensures its practices are:

Externally competitive;

Internally equitable;

Table of Contents

Based on merit and performance; and

Compliant with all laws and regulations.

2016 Compensation Elements and Decisions

The Company utilizes a variety of criteria when establishing compensation opportunities for executive management positions. These include:

Recognition of the relative value and contribution of the position to the Company;

Consideration of the unique qualifications and/or capabilities required by the position;

The Company's desired relationship to its external marketplace vis-à-vis a particular position; and

The Company's ability to pay.

The Company positions its executive total compensation package-base salary combined with short- and long-term incentives-to pay between the 50th and 75th percentiles when incentive targets are achieved and all components of compensation are received. Short- and long-term incentives are designed and administered to ensure that actual results in relation to the Company's performance objectives appropriately position earned pay levels relative to the competitive market. Indirect compensation is designed to provide the executive with a competitive array of benefit programs. As is reflected in the Summary Compensation Table, a very small portion of the executive's total compensation is delivered through perquisites.

Base Salary

Base salary is a significant component of direct compensation for executive positions at the Company. The base salaries of executive officers and other members of senior management are reviewed annually. Initial base salary levels, as well as subsequent adjustments to base salaries, are determined by:

Impact and contribution of a particular position, as well as the unique qualifications and/or capabilities an individual offers to the Company;

Salary levels suggested by the external marketplace;

Internal equity; and,

Individual performance.

Base salary is the only portion of the executive's total compensation package that is considered to be "fixed" compensation and is thus not "at risk" on an annual basis. Base salary levels are established to ensure that each executive is being paid competitively for sound performance. It is intended that greater rewards will be recognized when the performance targets established within the context of the Company's short- and long-term incentive programs are achieved.

In 2016, the Compensation Committee set the annual base salaries for the Named Officers at levels that were consistent with the market analysis that was performed by the Company's independent compensation consultant and the Compensation Committee's assessment of the individual officer's level of performance, contribution to the Company, and experience. The 2016 base salaries were: \$735,000 for the Company's President

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

and Chief Executive Officer, an increase of \$20,000 from 2015; \$345,000 for the Company's Chief Financial Officer, an increase of \$10,000 from 2015; \$310,000 for the Company's Chief Credit Officer, an increase of \$22,000 from 2015; \$285,000 for the Chief Operations Officer, an increase of \$20,000 from 2015; and \$340,000 for the President and Chief Executive Officer of Bank Rhode Island, an increase of \$10,000 from 2015. In all cases, base level salaries for the Named Officers were consistent with the Company's compensation philosophy and practices as adopted by the Company's Compensation Committee.

Short-Term Incentives

The first component of the Company's variable, or "at risk," compensation is delivered through the Company's short-term incentive plan (the "Incentive Plan"). This program is designed to align management's interests with the achievement of the Company's financial objectives for the year.

Performance measures are established by the Compensation Committee on an annual basis and are tied specifically to the Company's financial performance. The short-term incentive is cash based and a target bonus opportunity is established for each position. The funding of the incentive pool is based on the Company's financial performance, and thus, payments are not made until financial targets are achieved. After the funding level has been established annually, individual awards are determined based on each officer's annual performance and contribution.

In 2016, the Incentive Plan provided for cash target awards of 75% of annual base salary for the Company's President and Chief Executive Officer, 50% of annual base salary for the Company's Chief Financial Officer, Chief Credit Officer, and Chief Operations Officer, and 40% of annual base salary for the President and Chief Executive Officer of Bank Rhode Island.

Funding of the Incentive Plan

The funding of the Company's Incentive Plan is based on the Company's financial performance relative to a targeted level of earnings per share, as established by the Company's Board in January of each year. The funding amount of the Incentive Plan pool is determined by whether the Company achieves a predetermined target level of earnings per share. If the Company does not achieve the target earnings per share in a given year, the funding amount of the Incentive Plan pool is reduced accordingly.

In 2016, the Company reported earnings per share in the amount of \$0.74 per basic and diluted share, against an earnings target of \$0.72 per share. Based on this level of performance, the Compensation Committee approved the funding of the 2016 Incentive Plan pool at 100% of target.

Payment of Short-Term Incentives

The Compensation Committee considers a combination of Company and individual performance factors when making awards to individual Named Officers. These factors include a review of the Company's performance relative to its strategic plan, the individual achievements of each Named Officer relative to annual goals, the unique skills and experience of the Named Officer, and the Named Officer's overall contribution to the Company throughout the year.

In 2016, the Company continued to experience strong profitability and growth, reporting net income of \$52.4 million, total asset growth of \$395.8 million, loan growth of \$403.3 million, and deposit growth of \$305.1 million. The Company's asset quality remained strong, with non-performing assets at \$41.5 million, or 0.64% of total assets, at year-end. In 2016, net interest income increased 4.8% from \$194.4 million in 2015 to \$203.7 million in 2016, net income improved 5.2% from \$49.8 million in 2015 to \$52.4 million in 2016, and the Company's earnings per share improved from \$0.71 per basic and diluted share in 2015 to \$0.74 per basic and diluted share in 2016.

Based on the Company's performance throughout the year, and a review of the officer's individual performance, the Compensation Committee may award bonuses in excess of the Named Officer's target short-term incentive payment. After reviewing the Company's performance, combined with its evaluation of the individual achievement of the Named Officers, the Compensation Committee authorized incentive payments for 2016 at 105% of target, providing for an incentive payment for the Company's President and Chief Executive Officer in the amount of \$578,813, for the Company's Chief Financial Officer in the amount of \$181,125, for the Company's Chief Credit Officer in the amount of \$162,750, for the Chief Operations Officer in the amount of \$149,625, and for the President and Chief Executive Officer of Bank Rhode Island

Table of Contents

in the amount of \$142,800. The awards were within the plan guidelines and reflect individual and Company performance.

Long-Term Incentives

The Compensation Committee believes that profitability and growth are measured not only in annual increments, but also over an extended period of time. In addition, the Compensation Committee is of the opinion that it is important to consider performance relative to the Company's Peer Group, and to align the interests of the management team with that of the Company's stockholders. The Compensation Committee believes that these goals are accomplished through equity awards.

The Company's equity-based long-term incentive program is the third component of each executive officer's total compensation and is also variable in nature. Equity grants may be made in the form of stock options or restricted shares, and restricted shares, in turn, may vest over time or based on performance metrics. The Compensation Committee considers the intended purpose of each award and alignment with stockholder interests in determining the appropriate form and design of these awards.

In 2016, the Compensation Committee conducted a review of the methodology used for determining the equity-based long-term incentive awards granted to the Named Officers. Based on this review, the Compensation Committee established a target percentage of base salary for each Named Officer for the granting of stock pursuant to the Company's Long-Term Incentive Plan. The Compensation Committee has the discretion to adjust the equity-based long-term incentive awards in accordance with the performance of the Company or the individual Named Officer. In 2016, 45,053 shares of restricted stock were granted to the President and Chief Executive Officer in accordance with the terms of his employment agreement. In addition, the Compensation Committee made restricted stock grants in the amount of 9,969 shares to the Chief Financial Officer, 8,958 shares to the Chief Credit Officer, 8,236 shares to the Chief Operations Officer, and 8,336 shares to the President and Chief Executive Officer of Bank Rhode Island.

All restricted stock awards made to Messrs. Perrault, Carlson, Rose, Cosman, and Meiklejohn are structured such that fifty percent (50%) of each award will vest ratably over a three-year period and the remaining fifty percent (50%) will vest at the end of the three-year period if certain identified Company performance objectives are achieved. These performance objectives include Company performance relative to the peer group in the following areas: return on assets, return on equity, asset quality, and total return to stockholders. Dividends paid on restricted stock are accrued and not paid to the Named Officers until the performance vesting is attained.

Three Year Performance Equity Award (2013-2015)

In July 2013, the Compensation Committee granted equity-based long-term incentive restricted stock awards with performance criteria (the "Performance Awards") to the Named Officers then in office in accordance with the terms of the 2011 Restricted Stock Plan. The Performance Award terms provide that between zero and 110% of the target award may be earned at the conclusion of the three year performance period, which ran from January 1, 2013 through December 31, 2015 (the "Performance Period"). The performance metrics used to determine the level of achievement as compared to the Company's peer group during the Performance Period were: return on assets, return on equity, asset quality, and total return to stockholders. The Compensation Committee has discretion to adjust the payment of the Performance Awards based on the achievement of the performance metrics. Consistent with the Company's other equity-based long-term incentive awards, the Performance Awards do not provide for the payment of dividends on shares unless and until the Performance Awards vest. Based on the Company's performance during the Performance Period, the Compensation Committee approved vesting of the 2013 Performance Awards at 50% of the target.

Retirement Benefits

401(k) Plan

The Company provides all of its employees, including the Named Officers, with tax-qualified retirement benefits through the Company's 401(k) Plan. The Compensation Committee believes that a 401(k) Plan is an attractive retirement vehicle for recruiting superior officers. All Named Officers who meet the eligibility requirements may elect to participate in the 401(k) Plan on a non-discriminatory basis. Named Officers, like other employees, may begin deferring compensation upon employment.

The Company's 401(k) Plan allows employees to make salary reduction contributions equal to the lesser of 75% of compensation or a maximum statutory limit which is indexed annually. Those employees who are age 50 or older are permitted to make a catch-up contribution of no more than one hundred percent of eligible compensation, or a maximum statutory limit which is indexed annually.

Pursuant to the Company's 401(k) Plan, the Company provides an annual matching contribution equal to one hundred percent (100%) of the first five percent (5%) of each employee's eligible compensation up to a maximum statutory limit which is indexed annually. This annual match provided by the Company vests immediately.

Supplemental Executive Retirement Plan

Prior to the Company's acquisition of Bank Rhode Island in 2012, Bank Rhode Island provided Mr. Meiklejohn with a supplemental executive retirement plan benefit pursuant to its 2000 SERP (the "SERP"), a liability which the Company assumed following the purchase of Bank Rhode Island. Under the SERP, Mr. Meiklejohn is entitled to an annual retirement benefit of \$100,000 per year, payable for his lifetime. This benefit is payable upon the later of Mr. Meiklejohn's attainment of the age of 65, or his retirement, provided that no amounts may be paid until at least six months after his termination of employment, except in the event of termination by reason of his death.

Nonqualified Deferred Compensation Plan

The Company has a Nonqualified Deferred Compensation Plan open to eligible participants as of January 1, 2016. Eligible participants include members of the Company's Board of Directors, and certain executive officers, including the Named Officers.

Company directors may elect to defer from 25% to 100% of their annual retainer and fees for service on the Board of Directors of the Company and eligible executive officers may elect to defer from 5% to 100% of their annual base salary and/or cash incentive payment. Amounts deferred earn interest credited at the end of each month based on the Company's average annual yield on earning assets for the previous calendar quarter, converted to a monthly equivalent yield.

In 2016, participants in the Company's Nonqualified Deferred Compensation Plan included the President and Chief Executive Officer, the Chief Financial Officer, the Chief Operations Officer, and one of the Company's directors.

Employee Stock Ownership Plan

The Company has an Employee Stock Ownership Plan (the "ESOP"). Employees with at least one year of employment in which they work at least 1,000 hours with the Company and who have attained age 21 are eligible to participate. Shares of the Company's Common Stock purchased by the ESOP through the proceeds of a loan are held in a suspense account for allocation among participants.

Shares of Common Stock released from the suspense account are allocated among ESOP participants on the basis of compensation in the year of allocation. Participants are fully vested in their accounts once they become eligible to participate and an allocation has been made to their account. Benefits are payable in

the form of Common Stock of the Company and cash upon death, retirement, early retirement, disability or separation from service.

Any amendments to the ESOP are approved by the Company's Board of Directors. The ESOP is administered by a committee comprised of members of the Company's management team. The ESOP committee has appointed an independent financial institution to serve as trustee of the ESOP. The ESOP committee may instruct the trustee regarding investment of funds contributed to the ESOP. The ESOP trustee, subject to its fiduciary duty, must vote all allocated shares held in the ESOP in accordance with the instructions of participating employees. Under the ESOP, non-directed shares and shares held in the suspense account are voted in a manner calculated to most accurately reflect the instructions the ESOP trustee has received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Employment and Change-in-Control Agreements

The Company has entered into an Employment Agreement with the President and Chief Executive Officer and the President and Chief Executive Officer of Bank Rhode Island, and Change in Control Agreements with the remaining Named Officers including the President and Chief Executive Officer of Bank Rhode Island. These agreements are intended to provide the Company with the continued employment and undivided attention of its Named Officers without the potential distraction resulting from the reduction of job security inherent in employment by a publicly-held institution. The agreements provide assurances to Named Officers regarding the continued payment of salary and benefits in the event of involuntary termination or a change in control at the Company.

Perquisites and Other Personal Benefits

The Company provides eligible employees with group life, accidental death and dismemberment, and long-term disability coverage. For its eligible employees, the Company pays 78% of the monthly premiums for group health coverage and 50% of the monthly premiums for individual and family dental and vision coverage.

The Company pays 100% of the monthly premiums for group life and group accident insurance coverage for all full-time employees after the employee has completed three months of service. The Company also sponsors a flexible benefits plan under which employees can pay their ratable share of health insurance premiums on a pre-tax basis, a medical expense reimbursement plan under which employees can defer part of their salary on a pre-tax basis to cover the costs of certain medical expenses not reimbursed through insurance or otherwise, a dependent care plan under which employees can defer part of their salary on a pre-tax basis to cover qualified dependent care expenses, and a transportation plan under which employees can defer part of their salary on a pre-tax basis for qualified parking and transportation expenses. The Company provides Mr. Perrault with an automobile and Mr. Meiklejohn with an automobile allowance in accordance with the terms of their employment agreements with the Company.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee and management consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans. In the consideration of Named Officer compensation, including the granting of equity awards, the Compensation Committee considers the impact of ASU Topic No. 718, *Stock Compensation*, and Section 162(m) of the Internal Revenue Code, as amended (the "Code")(which limits the deduction of compensation paid to certain Named Officers to \$1,000,000 unless the compensation is "performance based"). In order to maintain flexibility in compensating executive officers in a manner designed to achieve varying corporate goals, the Compensation Committee currently does not have a specific policy that all compensation must be deductible.

Table of Contents

Relationship Between Compensation Policies and Risk

The Company and its subsidiaries use variable cash incentive compensation programs and/or plans to reward and incent employee performance and retain top talent. The Compensation Committee is responsible for the review and analysis of the Company's variable cash incentive programs to ensure that they do not encourage excessive risk- or profit-taking at the expense of long term performance and stockholder value. The Compensation Committee regularly reviews the Company's variable cash incentive compensation programs to ensure that the incentive compensation programs that are in place at the Company and its subsidiaries effectively incent officer performance and do not encourage excessive risk taking. The Compensation Committee continues to monitor both existing and proposed variable cash incentive compensation programs to ensure that this prudent balance is maintained.

Clawback Policy

In addition to any other remedies available to the Company and subject to applicable law, if the Board or any committee of the Board determines that it is appropriate, the Company may recover in whole or in part any bonus, incentive payment, equity award or other compensation received by an officer of the Company to the extent that such bonus, incentive payment, equity award or other compensation is or was based on any financial results or operating metrics that were impacted by the officer's knowing or intentional fraudulent or illegal conduct, including the making of a material misrepresentation contained in the Company's financial statements.

Policy Regarding Derivatives, Short Sales, Hedging or Pledging

The Board of Directors annually reviews and approves the Company's policy with regard to insider trading. The Company's Insider Trading Policy prohibits insiders from pledging shares on margin, trading in derivative securities of the Company's common stock, engaging in short sales of the Company's securities, or purchasing any other financial instrument that is designed to hedge or offset any decrease in the market value of the Company's securities.

2016 Advisory Votes on Executive Compensation

In 2016, the Company submitted a non-binding, advisory vote to stockholders for approval of the executive compensation paid to the Company's Named Officers in 2015. At the Company's 2016 Annual Meeting, the proposal was approved, and the results of the voting on this non-binding and advisory proposal were as follows: FOR (50,454,249); AGAINST (3,158,863); ABSTAIN (169,384); and BROKER NON-VOTES (12,421,902). The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation.

Stock Ownership Guidelines

The Compensation Committee believes that Company stock ownership by the Board and executive officers strengthens their commitment to the Company's future and further aligns their interests with those of the Company's stockholders. The Compensation Committee encourages the Company's directors and executive officers to purchase and own Company stock and discourages sales of Company stock except pursuant to a pre-arranged plan. The Compensation Committee is of the opinion that the number of shares of the Company's stock owned by each director and executive officer is a personal decision and, independent of any stock ownership requirements that are imposed by law, does not require directors or executive officers to purchase and/or own Company stock. The Compensation Committee will review the Company's policy on Company stock ownership on a periodic basis to evaluate the stock ownership practices of directors and executive officers and to consider any necessary changes or enhancements to the Company's policy on Company stock ownership.

(1)

The amounts in this column represent the bonus granted at the discretion of the Compensation Committee in excess of the amount of non-equity incentive plan compensation paid. The amounts earned in 2016 were paid in 2017. In 2014, the bonus paid to Mr. Carlson includes a \$50,000 signing bonus which was paid when he joined the Company.

(2)

The amounts in this column represent the aggregate grant date fair value of restricted stock awards made in 2016, 2015, and 2014, respectively. The grant date fair value was calculated by multiplying the number of

shares by the closing price of the Company's stock on the grant date. With respect to the performance based component of the awarded restricted stock, amounts included in this column represent the grant date fair value of the target level of the award as we consider target to be the probable outcome. The grant date fair market value of the performance based restricted stock, assuming maximum level of performance, were: \$282,972, \$275,274, and \$267,575, respectively for Mr. Perrault; \$62,609, \$60,806 and \$168,987, respectively for Mr. Carlson; \$52,358, \$40,612, and \$32,318, respectively for Mr. Meiklejohn; \$56,265, \$62,480, and \$49,720, respectively for Mr. Rose; and \$51,730, \$62,480, and \$49,720, respectively for Mr. Cosman. For a more complete description of the stock awards granted in 2016 please see the Compensation Discussion and Analysis.

(3)

No options were awarded to the Named Officers during 2016.

(4)

Compensation shown in this column represents payments earned under the Company's Incentive Plan. The amounts earned in 2016, 2015, and 2014, were paid in 2017, 2016, and 2015, respectively.

(5)

As applicable to Mr. Meiklejohn only, amounts in this column represent the actuarial increase or decrease, as applicable in the present value of benefits under the Bank Rhode Island Supplement Executive Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements and includes amounts which Mr. Meiklejohn is not currently entitled to receive because he is not eligible to retire. For Mr. Perrault, Mr. Carlson, and Mr. Cosman only, amounts in this column represent the interest earned in 2016 on earnings that were deferred under the Company's Nonqualified Deferred Compensation Plan, which was introduced on January 1, 2011. Earnings related to all such amounts are credited to such account at the end of each month based on the Company's average annual yield on earning assets for the previous calendar quarter, converted to a monthly-equivalent yield.

- (1) This column displays the potential payouts to the Named Officers under the Incentive Plan assuming target and maximum levels of performance are met. The Incentive Plan does not establish a minimum for these allocations, therefore the sub-column "Threshold (\$)" is not applicable and has not been presented. Actual amounts paid in February 2017 to the Named Officers under the Incentive Plan are reflected in the Summary Compensation Table under the column "Non Equity Incentive Plan Compensation."
- (2) Performance based shares granted to Messrs. Perrault, Carlson, Meiklejohn, Rose, and Cosman on July 25, 2016 may vest on July 25, 2019 assuming that identified performance targets are met. Specifically, the Company's return on assets, return on equity, asset quality, and total return to stockholders will be compared to the performance of the peer group. Payments will be made to the Named Officers based on the Company's performance relative to the Company's peer group. Each factor is weighted at 25% of the total.
- (3) Threshold has been established as performance at the 25th percentile or greater when measured against the defined peer group. Performance between the 25th and 50th percentile would be pro-rated with performance at the 50th percentile triggering payments of 50% of target.
- (4) Target has been established as performance at the 75th percentile of the peer group.
- (5) Maximum payments of 110% of target will be paid for performance above the 75th percentile when measured relative to the peer group.
- (6) Time based shares granted to Messrs. Perrault, Carlson, Meiklejohn, Rose, and Cosman on July 25, 2016 vest one-third per year for three years.
- (7) Amounts in this column reflect the aggregate grant date fair value of the time and performance based restricted stock awards granted in 2016. The grant date fair value of the restricted stock awards was determined by multiplying the number of restricted shares granted by the closing price of the Company's

common stock on July 25, 2016 for Messrs. Perrault, Carlson, Meiklejohn, Rose, and Cosman. For purposes of this table, the grant date fair market value of the performance shares was assumed at the target level, which we consider to be the probable outcome. The actual number of shares earned is dependent on the Company's performance during the performance measuring period, therefore actual results may vary. For a more complete description of the criteria for payment of the performance shares granted in 2016, please see the "Compensation Discussion and Analysis".

(1)

The option awards granted to Messrs. Perrault, Rose, and Cosman vested 50% on the date of grant and 50% one year from the date of grant, becoming fully exercisable one year from the date of grant.

(2)

Stock options are exercisable for ten years from the date of grant.

(3)

These numbers represent shares of restricted stock subject to time and performance based vesting requirements. The shares of restricted stock subject to time based vesting requirements vest ratably on annual basis for three years beginning on the first anniversary of the grant date. The shares of restricted stock subject to performance based vesting requirements vest three years from the dates of grant, assuming the attainment of identified performance targets. The actual number of shares that will be earned pursuant to the performance based awards are dependent upon the Company's performance for the identified performance periods. We assume for purposes of the table that the Company's performance during the performance periods will result in the target amount of each award being earned by the Named Officers. Actual results may vary based upon the Company's actual performance. In the case of Mr. Carlson's grant of April 28, 2014, 11,013 of the time based restricted stock shares will vest on April 28, 2019 provided he remains employed by the Company at that time.

Pension Benefits 2016

Prior to the Company's acquisition of Bank Rhode Island in 2012, Bank Rhode Island provided Mr. Meiklejohn with a supplemental executive retirement plan benefit pursuant to its 2000 SERP (the "SERP"), a liability which the Company assumed following the purchase of Bank Rhode Island. Under the SERP, Mr. Meiklejohn is entitled to an annual retirement benefit of \$100,000 per year, payable for his lifetime. This benefit is payable upon the later of Mr. Meiklejohn's attainment of the age of 65, or his retirement, provided that no amounts may be paid until at least six months after his termination of employment, except in the event of termination by reason of his death.

Mr. Meiklejohn is fully vested in the SERP benefit. In the event of Mr. Meiklejohn's death, pursuant to the terms of the SERP, his estate will be provided with a death benefit equal to the accrual balance at the date of his death reduced by the amount of the death benefit payable under a life insurance policy on Mr. Meiklejohn's life. The pre-retirement and post-retirement benefits are funded through a life insurance policy on Mr. Meiklejohn's life, purchased and owned by the Bank which contains a split-dollar endorsement in favor of Mr. Meiklejohn.

A Rabbi Trust was established at the time of the Company's acquisition of Bank Rhode Island to fund the Company's liability pursuant to the SERP. All benefits are forfeited in the event that Mr. Meiklejohn's employment is terminated as a result of a criminal act of fraud, misappropriation, embezzlement, or through a felony that involves the property of the Company.

Potential Payments Upon Termination or Change-in-Control

Employment Agreement with Paul A. Perrault. The Company and Brookline Bank entered into an employment agreement (the "Perrault Agreement") with Mr. Perrault on April 11, 2011. The Perrault Agreement is for a period of thirty-six (36) calendar months, and commencing on the first anniversary of the date of the Agreement, and continuing at each anniversary date thereafter, the Perrault Agreement shall renew for an additional year unless written notice is provided to Mr. Perrault at least sixty (60) days prior to any such anniversary date.

The Perrault Agreement provides that the Company will pay Mr. Perrault a base salary and a short-term incentive payment of up to 75% of base salary. As previously discussed, payment of this award is predicated upon the Company's achievement of established annual goals. The Perrault Agreement also sets forth the terms and conditions of Mr. Perrault's long-term incentive, which is in the form of equity compensation. Specifically, Mr. Perrault is eligible to receive an award of restricted stock having a value equal to 70% of his base salary in effect at the time the award is made. Fifty percent (50%) of each award will vest ratably over a three-year period, with the remaining fifty percent (50%) vesting at the end of a three-year period based on the attainment of performance goals which are established by the Compensation Committee.

Upon the occurrence of an Event of Termination, as defined in the Perrault Agreement, Mr. Perrault (or his beneficiaries or estate in the event of his death subsequent to his termination of employment) is entitled to receive an amount equal to the sum of (i) Mr. Perrault's base salary, (ii) the highest bonus awarded to him during the past three years, and (iii) the highest equity consideration previously awarded to him in any year.

Upon the occurrence of a Change in Control, as defined in the Perrault Agreement, Mr. Perrault (or his beneficiaries or estate) is entitled to receive an amount equal to three times the sum of items (i), (ii) and (iii) as set forth in the preceding paragraph, and all unvested restricted and performance stock awards immediately vest and become payable on the occurrence of a Change in Control.

Upon the occurrence of an Event of Termination or a Change in Control, life and disability coverage substantially identical to the coverage maintained by the Company shall continue to be made available to Mr. Perrault for 24 months from the date of termination. The Company shall also provide Mr. Perrault with healthcare coverage (medical and dental) until he attains age 65; provided, however, that if such coverage would cause the Company to be subject to tax penalties under the Patient Protection and Affordable Care Act, the Company shall pay Mr. Perrault a monthly amount equal to the cost of healthcare coverage until he attains age 65.

Notwithstanding the preceding paragraphs, if the aggregate payments and benefits to be made to Mr. Perrault (the "Termination Benefits") would be deemed to include an "excess parachute payment" under Section 280G of the Code, then the Termination Benefits would be reduced to an amount (the "non-Triggering Amount"), the value of which would be one hundred dollars less than the total amount of payments permissible under Section 280G of the Code.

In the event that Mr. Perrault is unable to perform his duties on a full-time basis for a period of six consecutive months due to disability, the Company may terminate the Perrault Agreement, but will be obligated to pay him his Base Salary for the remaining term of the Perrault Agreement, or one year, whichever is the longer period of time, provided that any amounts actually paid to Mr. Perrault pursuant to any disability insurance or other similar such program which the Company has provided, or pursuant to any workman's or social security disability program, shall reduce the compensation to be paid to Mr. Perrault resulting from his disability.

Table of Contents

In the event of death, Mr. Perrault's estate, legal representatives or beneficiaries shall be paid his base Salary for a period of one year from the date of his death and the Company will continue to provide medical, dental and other benefits normally provided to Mr. Perrault's family for one year after his death.

Employment Agreement with Mark J. Meiklejohn. The Company entered into an employment agreement (the "Meiklejohn Agreement") with Mr. Meiklejohn on April 19, 2011. The Meiklejohn Agreement provides that Mr. Meiklejohn will serve as the President and Chief Executive Officer of Bank Rhode Island, will receive a base salary and will be eligible for a short-term incentive payment pursuant to the Company's incentive plan. Mr. Meiklejohn's receipt of the full amount of the annual short-term incentive is predicated upon the achievement by the Company of certain performance targets as discussed above.

The Meiklejohn Agreement provides that if the Company terminates Mr. Meiklejohn without Cause, as defined in the Meiklejohn Agreement, he will be entitled to receive a payment amount equal to his base salary for one year, the Company will continue to provide Mr. Meiklejohn with medical, dental, and life insurance benefits for a period of 12 months from the date of termination, and he will receive outplacement services for six months from the date of termination.

In the event that Mr. Meiklejohn is unable to perform his duties on a full-time basis for a period of six consecutive months due to disability, the Company will terminate the Meiklejohn Agreement, but will be obligated to pay him his base salary for six months, provided that any amounts actually paid to Mr. Meiklejohn pursuant to any disability insurance or other similar such program which the Company has provided, or pursuant to any workman's or social security disability program, shall reduce the compensation to be paid to Mr. Meiklejohn resulting from his disability. In the event of Mr. Meiklejohn's death, the Meiklejohn Agreement will automatically terminate.

Notwithstanding the preceding paragraphs, if the aggregate payments and benefits to be made to Mr. Meiklejohn (the "Termination Benefits") pursuant to the Meiklejohn Agreement would be deemed to include an "excess parachute payment" under Section 280G of the Code, then the Termination Benefits would be reduced to an amount that represents the maximum amount that can be deducted by the Company and Bank Rhode Island in accordance with Section 280G of the Code.

Mr. Meiklejohn has entered into the Company's standard change-in-control agreement, discussed below, which provides certain benefits upon the occurrence of a change-in-control, as defined in the agreement.

Change-in-Control Agreements. The Company, including its subsidiaries, has entered into change in control agreements (the "Change in Control Agreements") with several of the Company's officers, including individuals who serve as officers of the Company's subsidiaries and all of the Named Officers with the exception of Mr. Perrault, whose employment agreement with the Company includes change in control provisions. The Change in Control Agreements provide certain benefits in the event of a qualifying termination within 12 months following a change in control of the Company. For these purposes, a change in control ("Change in Control") is defined generally to mean: the consummation of (i) any consolidation or merger of the Company where the stockholders of the Company, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own (as such term is defined in Rule 13d-3 under the Act), directly or indirectly, shares representing in the aggregate more than 50 percent of the voting shares of the Company issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any), or (ii) any sale or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of the assets of the Company.

Under the Change in Control Agreement, if, within 12 months following a Change in Control of the Company (as defined in the Change in Control Agreement), the Named Officer's employment with the Company is terminated by the Company other than for Cause, or by the Named Officer for Good Reason (each as defined in the Change in Control Agreement), the Named Officer would be entitled to: (1) a payment equal to two times the sum of the Named Officer's annual base salary in effect immediately prior

Table of Contents

to the Change in Control and the Named Officer's target bonus for the fiscal year in which the Change in Control occurred, and, (2) continuation of certain benefits provided by the Company for 24 months following the date of termination. Notwithstanding any provision to the contrary in the Change in Control Agreements, payments under the Change in Control Agreements will be reduced if such reduction will result in the Named Officer receiving a higher after-tax amount in order to mitigate the risk of any excise taxes imposed pursuant to Section 280G of the Code.

These protections against termination without cause in the event of a change in control are frequently offered by other financial institutions, and the Company may be at a competitive disadvantage in attracting and retaining key employees if it does not offer similar protections. Although the Change in Control Agreements may have the effect of making a takeover more expensive to an acquirer, the Company believes that the benefits of enhancing the Company's ability to attract and retain qualified management persons by offering the Change in Control Agreements outweigh any disadvantage of such agreements.

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of six members of the Board, each of whom is independent under the NASDAQ Stock Market LLC ("NASDAQ") listing standards and Securities and Exchange Commission ("SEC") rules and regulations applicable to Audit Committees. All members of the Audit Committee are financially literate under the applicable NASDAQ rules, and Thomas J. Hollister and John J. Doyle, Jr. are "audit financial committee experts" within the meaning of that term as defined by the SEC in Regulation S-K under the Securities Exchange Act of 1934, as amended. The Board has adopted, and annually reviews, an Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee is responsible primarily for assisting the Board in fulfilling its oversight responsibilities of reviewing the financial information that will be provided to shareholders and others, appointing the independent registered public accounting firm, reviewing the services performed by the Company's independent registered public accounting firm and internal audit function, evaluating the Company's accounting policies and the Company's system of internal controls that management and the Board have established, and reviewing material transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

The Audit Committee has reviewed and discussed the Company's December 31, 2016 audited financial statements with management and with KPMG LLP, the Company's independent registered public accounting firm. The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Auditing Standard No. 1301, as amended (Codification of Statements on Auditing Standards, AU380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200. The Audit Committee has received the written disclosures and the letter from KPMG LLP required by the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence. The Audit Committee has considered whether the provision of non-audit services to the Company is compatible with KPMG LLP's independence.

Based on the review and discussion referred to above, the Audit Committee recommended to the Board that the December 31, 2016 audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC. We have selected KPMG LLP as the Company's independently registered public accounting firm for the fiscal year end 2017, and have approved submitting the selection of the independent registered public accounting firm for ratification by the shareholders.

Table of Contents**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

KPMG LLP currently serves as the Company's independent registered public accounting firm, and that firm conducted the audit of the Company's consolidated financial statements for the fiscal year ended December 31, 2016. The Audit Committee has appointed KPMG LLP to serve as the independent registered public accounting firm to conduct an audit of the Company's consolidated financial statements for the fiscal year ending December 31, 2017.

Although ratification by stockholders is not required by law or by our bylaws, the Audit Committee believes that submission of its selection to stockholders is a matter of good corporate governance. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If our stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of independent auditors.

It is anticipated that a representative of KPMG LLP will attend the annual meeting of stockholders, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

**THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF KPMG LLP AS
INDEPENDENT REGISTERED ACCOUNT FIRM**

Public Accounting Fees

The following is a summary of the fees for professional services rendered by KPMG LLP for the fiscal years ended December 31, 2016 and 2015:

Audit-Related Fees(2)	\$ 15,000	\$ 60,000
Tax Fees(3)	\$	\$
All Other Fees(4)	\$ 954,735	\$ 1,013,250

-
- (1) *Audit Fees.* Audit fees were for professional services rendered for the audit of the Company's annual financial statements, the audit of internal controls over financial reporting, the review of quarterly financial statements, and the preparation of statutory and regulatory filings.
- (2) *Audit-Related Fees.* Audit-related fees in 2016 were related to additional control considerations and audit testwork related to the allowance configuration imbedded in the consolidated loan trial balance. Audit-related fees in 2015 were for services rendered in conjunction with the Company's adoption of the 2013 Committee of Sponsoring Organizations of the Treadway Commission Framework and adoption of Accounting Standard Update 2014-1.
- (3) *Tax Fees.* Tax fees consist of fees billed for professional services for tax compliance, tax planning, and tax audit defense. The Audit Committee considered and determined that the provision for non-audit services provided by KPMG LLP is compatible with maintaining that firm's independence. The Company did not retain KPMP LLP for tax compliance services in 2016.
- (4) *All Other Fees.* There were no other fees.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

At present, our Audit Committee approves the engagement of KPMG LLP for audit and non-audit services before we engage KPMG LLP to provide those services except to the extent such approval is not required pursuant to our pre-approved audit services policy. Our Audit Committee has established a pre-approval policy consistent with the requirements of the SEC and PCAOB that allows management to engage KPMG LLP to provide certain, pre-specified services up to a pre-approved cost level with only an obligation to notify the Audit Committee of the engagement for those services at the Audit Committee's next regularly scheduled meeting. Consistent with the pre-approval policy and the requirements of the SEC and PCAOB, the Committee pre-approved some of KPMG LLP's 2016 fees and services.

PROPOSAL 3: ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, as amended, the Board of Directors is submitting for stockholder approval, on an advisory basis, the compensation paid to the Company's named executive officers as described in this Proxy Statement pursuant to Item 402 of Regulation S-K. As previously disclosed by the Company, the Board of Directors has determined that it will hold an advisory vote on executive compensation on an annual basis, and the next such stockholder advisory vote will occur at the 2017 Annual Meeting of Stockholders.

The resolution that is the subject of this proposal is a non-binding resolution and will not have any binding legal effect regardless of whether or not it is approved, and may not be construed as overruling a decision by the Company or the Board of Directors or creating or implying any change to the fiduciary duties of the Board. Furthermore, because this non-binding resolution relates primarily to compensation that has already been paid or is contractually committed for the Company's Named Officers, there is generally no opportunity for the Board to revisit those decisions. However, the Compensation Committee intends to take the results of the vote on this proposal into account in its future decisions regarding the compensation of the Company's Named Officers.

The Company has five Named Officers listed in this Proxy Statement. The Company's compensation program is designed to attract, motivate and retain the Named Officers who are critical to the Company's success, offering a combination of base salary and annual long-term incentives that are closely aligned with the Company's annual and long-term performance objectives. Please see the section titled *Compensation Discussion and Analysis* for additional information about the Company's executive compensation programs.

We believe that the effectiveness of our compensation programs is demonstrated by the accomplishments of management over the last fiscal year as detailed in our discussion section titled *Compensation Discussion and Analysis*.

For these reasons, the Board of Directors recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation of the Company's Named Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion, be approved.

THE BOARD RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED OFFICERS

PROPOSAL 4: ADVISORY (NON-BINDING) VOTE ON FREQUENCY OF FUTURE "SAY ON PAY" VOTES

As described in Proposal 3, above, in accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, the Company's stockholders are being provided with an opportunity to cast an advisory vote on the Company's executive compensation program. The advisory vote on executive compensation described in Proposal 3 is referred to as a "Say on Pay" vote.

Section 14A of the Securities Exchange Act of 1934, as amended, provides that at least once every six years the Company will provide stockholders with an opportunity to cast an advisory vote as to the frequency of the "Say on Pay" vote. This Proposal 4, commonly known as the "Say on Frequency" vote, gives stockholders an opportunity to cast a vote to have this "Say on Pay" vote take place every year, every two years, or every three years. Stockholders may vote for any of these three options, or may abstain from voting. "Say on Pay" votes are included in the proxy materials for future annual shareholder meetings (or any special shareholder meeting for which the Company must include executive compensation information in the proxy statement for that meeting). The resolution that is the subject of this proposal is a non-binding resolution and will not have any binding legal effect regardless of whether or not it is approved, and may not be construed as overruling a decision by the Company or the Board of Directors or creating or implying any change to the fiduciary duties of the Board.

The Board recognizes the importance of receiving regular input from the Company's stockholders on important issues such as executive compensation. As discussed in the *Compensation Discussion and Analysis* section of this Proxy Statement, the Company's executive compensation philosophy is one that considers a well structured compensation program to include features that drive shareholder value over both the short and long-term. Recognizing that the effectiveness of a compensation program that focuses on both short-term and long-term growth may not be measurable on an annual basis, the Company believes that it is valuable to receive annual input from stockholders on the Company's compensation programs annually. The Board will continue to consider the outcome of the "Say on Pay" votes when making executive compensation decisions.

THE BOARD RECOMMENDS A VOTE "FOR" EVERY YEAR FOR PROPOSAL 4.

MISCELLANEOUS

The Company will incur costs of soliciting proxies. Upon request, the Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Common Stock. In addition to solicitations by mail, directors, officers and other of the Company's employees may solicit proxies personally or by telephone without additional compensation.
