EMCOR GROUP, INC. REPORTS RECORD 2006 FOURTH QUARTER RESULTS
- Annual Revenues Increase 6.9% to Record \$5.02 Billion -
- Annual Operating Income Rises 45.9%, Net Income Up Over 44% -
- Year End Backlog at Record \$3.50 Billion -

NORWALK, CONNECTICUT, February 22, 2007 - EMCOR Group, Inc. (NYSE: EME) today reported results for the fourth quarter and full year periods ended December 31, 2006. The Company's financial results for the prior year periods have been adjusted to reflect its 2-for-1 stock split, effective February 10, 2006.

For the 2006 fourth quarter, revenues increased 11.9% to \$1.38 billion from \$1.23 billion in the fourth quarter of 2005. Selling, general and administrative expenses were \$126.6 million in the 2006 fourth quarter, compared to \$124.9 million in the fourth quarter of 2005. As a percentage of revenues, selling, general and administrative expense declined to 9.2% of revenues from 10.1% of revenues in the year ago period. Fourth quarter 2006 operating income rose 40.5% to \$43.8 million, or 3.2% of revenues from \$31.2 million, or 2.5% of revenue in the year ago period.

For the 2006 fourth quarter, net income rose 108.0% to \$40.2 million, or \$1.22 per diluted share, from \$19.3 million, or \$0.60 per diluted share, in the fourth quarter of 2005.

Edgar Filing: EMCOR GROUP INC - Form 8-K

Included in the Company's results for the fourth quarter of 2006 are restructuring expenses before tax of \$1.0 million, or \$0.02 per diluted share after tax, and a \$14.2 million income tax benefit resulting from the reversal of valuation allowances and the reversal of income tax reserves, or \$0.44 per diluted share. Also included in the Company's results for the 2006 fourth quarter is an after-tax expense related to the adoption of FAS 123(R) (Share-Based Payment) of \$0.3 million, or \$0.01 per diluted share which was absent from the year ago period.

For the year ended December 31, 2006, revenues rose 6.9% to \$5.02 billion from \$4.70 billion in 2005. Operating income for the 2006 full year period was \$118.0 million, an increase of 45.9% over operating income of \$80.9 million in 2005. As a percentage of revenues, operating income increased to 2.4% from 1.7% of revenues a year ago.

EMCOR Announces 2006 Fourth Quarter Results

Page 2

Net income for the 2006 full year period totaled \$86.6 million, or \$2.65 per diluted share. The Company's results for the 2006 full year period include restructuring expenses of \$1.6 million, or \$0.03 per diluted share after tax, a loss from discontinued operations of \$0.6 million, or \$0.02 per diluted share after tax, a \$14.2 million income tax benefit resulting from the reversal of valuation allowances and the reversal of income tax reserves, or \$0.44 per diluted share, and after-tax expenses related to the Company's adoption of FAS 123(R) of \$2.4 million, or \$0.07 per diluted share. The effective income tax rate, excluding the benefit resulting from income tax reserve adjustments, was 40% for 2006 compared to 38% for 2005.

Net income for the 2005 full year period was \$60.0 million, or \$1.89 per diluted share, and included an income tax benefit of \$17.6 million, or \$0.55 per diluted share, for income tax reserve adjustments.

When the 2006 income tax benefits of \$14.2 million and the 2005 income tax benefits of \$17.6 million are excluded, which the Company believes better reflects year to year comparability, earnings per diluted share from continuing operations for the 2006 full year period would have been \$2.23 versus \$1.37 in 2005, an increase of 62.8%.

As of December 31, 2006, total backlog was a record \$3.50 billion, an increase of 26.7% over backlog of \$2.76 billion at the same time last year, and higher than backlog levels of \$3.40 billion reported at the end of the 2006 third quarter. Private sector commercial and hospitality backlog represented 56% of total backlog at the end of 2006, versus 40% on December 31, 2005 and 54% at September 30, 2006, reflecting continued strength in demand for the Company's services in these markets.

Frank T. MacInnis, Chairman and CEO of EMCOR Group, commented, "Our 2006 fourth quarter performance was one of the best in EMCOR Group's history and capped an outstanding year for the Company. Demand for our services continued to be strong, driving excellent revenue growth and when combined with our commitment to project selectivity and cost management, the Company achieved our strongest earnings quarter in nearly four years. Cash flow from operations for the year was also strong as the Company generated \$209.3 million, a testament to the health of our business and our focus on balance sheet management."

Mr. MacInnis continued, "Performance from our U.S. mechanical and facilities services business segments was particularly strong during the fourth quarter. In our U.S. mechanical segment, revenues rose nearly 30% versus last year's fourth quarter and profitability improved significantly. Our facilities services group

Edgar Filing: EMCOR GROUP INC - Form 8-K

turned in another quarter of strong performance, as it continues to gain traction in the marketplace. In the fourth quarter of 2006, revenue growth in this segment accelerated by nearly 24% versus last year's fourth quarter, driven by demand for both site-based and mobile services and by a company acquired in the fourth quarter of 2005. As facilities become increasingly complex and their energy demands and related costs continue to grow, companies have an increasing need to optimize the performance of their assets through outsourced facilities management. With investments in our service delivery infrastructure, EMCOR has positioned itself as a leader in the facilities management industry, and has seen steady growth in revenue and operating margin in this segment since its inception. The prospects for this business remain as strong as ever, and EMCOR Group remains at the forefront of this rapidly developing sector."

EMCOR Announces 2006 Fourth Quarter Results

Page 3

Mr. MacInnis concluded, "2006 was a year of outstanding achievement for EMCOR Group. We saw the benefits of our strategy of refocusing our efforts on the private sector and commercial marketplace result in strong financial performance. We continued to enhance our position as a leader in facilities services, and maintained one of the strongest balance sheets in the industry. For 2007, we expect to continue our strong performance, as demand across our markets remains high. We will also continue our focus on execution at the highest levels of efficiency, and utilize our financial strength to enhance the size and scope of our business. Our record backlog is well balanced across the industries we service and weighted towards higher margin private sector commercial work, for which we continue to see robust demand. As a result, based on current market conditions we currently expect revenues for 2007 of between \$5.3 billion and \$5.5 billion, resulting in diluted earnings per share for the year of between \$2.45 and \$2.80. This assumes a tax rate for 2007 of 41%, compared to the 40% rate seen in 2006."

EMCOR Group, Inc. is a Fortune 500(R) worldwide leader in mechanical and electrical construction services, energy infrastructure and facilities services. This press release and other press releases may be viewed at the Company's Web site at www.emcorgroup.com.

EMCOR Group's fourth quarter conference call will be available live via Internet broadcast today, Thursday, February 22, at 10:30 AM Eastern Standard Time. You can access the live call through the Home Page of the Company's Web site at www.emcorgroup.com.

This release may contain certain forward-looking statements within the meaning of the Private Securities Reform Act of 1995. Any such comments are based upon information available to EMCOR management's perception thereof, as of this date, and EMCOR assumes no obligation to update any such forward-looking statements. These forward-looking statements may include statements regarding market opportunities, market share growth, gross profit, project mix, projects with varying profit margins, and selling, general and administrative expenses. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Accordingly these statements are no guarantee of future performance. Such risk and uncertainties include, but are not limited to, adverse effects of general economic conditions, changes in the political environment, changes in the specific markets for EMCOR's services, adverse business conditions, availability of adequate levels of surety bonding, increased competition, unfavorable labor productivity, mix of business, and risks associated with foreign operations. Certain of the risks and factors associated with EMCOR's business are also discussed in the Company's 2006 Form 10-K and in other reports filed from time to time with the Securities and Exchange Commission. All these risks and factors should be taken into account in evaluating any forward-looking statements.
