INDEPENDENT AUDITORS' REPORT

Employee Benefits Committee of the
Employees' Profit Sharing and Salary Deferral Plan of
SM&P Utility Resources, Inc.

We have audited the accompanying statement of net assets available for benefits of the Employees' Profit Sharing and Salary Deferral Plan of SM&P Utility Resources, Inc. (the "Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as

Edgar Filing: LACLEDE GROUP INC - Form 11-K

evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at the end of the year is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

EMPLOYEES' PROFIT SHARING AND SALARY DEFERRAL PLAN OF
SM&P UTILITY RESOURCES, INC.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001

1. DESCRIPTION OF PLAN

GENERAL--The following description of the Employees' Profit Sharing and Salary Deferral Plan of SM&P Utility Resources, Inc. (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established effective July 1, 1987. The Plan is a defined contribution plan which covers employees of SM&P Utility Resources, Inc. (the "Company") who are not represented by a collective bargaining agreement, provided they meet the prescribed eligibility requirements. Certain employees of the Company, act as trustees (the "Trustees") of the Plan and control and manage the operation of the Plan. American United Life Insurance Company ("AUL" or "Custodian") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

PARTICIPATION OR ELIGIBILITY--All full time, employees of the Company who are not represented by a collective bargaining agreement and have attained age 20-1/2 years and completed six months of service, as defined by the Plan document, are eligible to participate.

CONTRIBUTIONS--Under the Plan, eligible participants may elect a salary deferral of 1% to 15% of compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations.

The Company may make discretionary matching contributions from its net profits which are allocated to each eligible participant's account based upon the participant's salary deferral amount. For the years ended December 31, 2002 and 2001, the Company elected to make a matching contribution equal to 50% of each participant's salary deferral amount, up to a maximum of 6% of the participant's compensation. The Company may make additional discretionary contributions which are allocated to each eligible participant in proportion to compensation and are unrelated to any participant salary deferral amounts. No additional discretionary contributions were made during the 2002 and 2001 Plan years.

ROLLOVERS FROM OTHER QUALIFIED EMPLOYER PLANS--The Plan allows for employees to transfer certain of their other qualified employer retirement plan assets to the Plan.

PARTICIPANT ACCOUNTS--In addition to the employee and Company matching contributions, each participant's account is credited with an allocation of Plan earnings, based on participant account balances, as defined in the Plan document.

INVESTMENT OPTIONS--There are thirteen investment alternatives

Edgar Filing: LACLEDE GROUP INC - Form 11-K

available for the investment of contributions to the Plan. Participants may invest their contributions to the Plan in any one or more of the investment funds and may request the transfer of their contributions among the funds. The investment funds consist of mutual, bond, and equity funds offered by the Custodian. During January 2002 the Company was acquired by The Laclede Group, Inc.

5

("Group"). As a result of the acquisition of the Company by the Group, an option to acquire the stock of the Group was offered in place of the previous investment option of NiSource Inc. ("NiSource") common stock. Effective August 1, 2003 investments of NiSource stock will be liquidated and reinvested at the discretion of the participants in any of the remaining investment options. If no option is selected the proceeds from the sale of NiSource stock will default to the AUL American Money Market Fund.

VESTING--Participants are immediately vested in their contributions and actual earnings thereon. Participants vest ratably over a five-year period in Company contributions and earnings thereon.

FORFEITURES--Forfeitures of Company matching contributions are used to reduce future Company matching contributions. There were no forfeitures available to offset future Company contributions at December 31, 2002 and 2001. Forfeitures of \$20,925 and \$20,695 were utilized during the years ended December 31, 2002 and 2001, respectively, to reduce Company contributions.

PAYMENT OF BENEFITS--Upon retirement or termination of service, participants may elect one of several benefit distribution options including, but not limited to, monthly payments or a lump-sum distribution. There were no amounts payable to such terminated participants at December 31, 2002 or 2001. Benefits are recorded when paid.

HARDSHIP WITHDRAWALS--A participant may request withdrawals of their vested account balance if they satisfy hardship requirements established by the plan administrator in accordance with Internal Revenue Service ("IRS") guidelines.

LOANS--Participants may borrow against their account balance a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. The repayment period may not exceed five years unless the loan is used to purchase the participant's primary residence, subject to certain restrictions. Loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rate charged by a commercial lender, subject to review periodically by the Employee Benefits Committee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING--The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities

Edgar Filing: LACLEDE GROUP INC - Form 11-K

and disclosure of contingent assets, and liabilities at the date of the financial statements and the reported amount of additions and deductions during the reporting period. Actual results could differ from those estimates.

The Plan invests in corporate stocks and funds that invest in various securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near

6

term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

INVESTMENT VALUATION--All investments in investment funds and common stock are stated at fair value as reported by the Custodian and based upon quoted market prices. Participant loans are stated at cost which approximates fair value.

ADMINISTRATIVE EXPENSES--Administrative expenses of the Plan are paid by the Company. Certain other expenses of the Plan such as investment manager fees and broker fees are paid out of the net assets of the Plan.

4. PARTY-IN-INTEREST

Such investments as of December 31, 2002 are disclosed on the schedule of assets held for investment purposes.

5. PLAN TERMINATION

7

6. TAX STATUS

The Internal Revenue Service has issued a determination letter dated December 11, 1996, stating the Plan is qualified under applicable sections of the IRC.
