PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held July 10, 2013

SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Empire Petroleum Corporation, a Delaware corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on July 10, 2013, or at any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement and accompanying proxy are first being forwarded to stockholders on or about June 10, 2013.

If the accompanying proxy is properly executed and returned, the shares represented by the proxy will be voted as directed at the Annual Meeting. Stockholders whose shares are registered in their own names may instruct the proxies how to vote by executing and returning the accompanying proxy, and the shares represented by the proxy will be voted at the Annual Meeting. Stockholders holding their shares through a broker, bank or other record holder should follow the instructions provided to them by such record holders in order to vote their shares.

If a stockholder indicates in his or her proxy a choice with respect to any matter to be acted upon, that stockholder's shares will be voted in accordance with such choice. If no choice is indicated on a proxy, the stockholder's shares will be voted "FOR" (a) the election of all of the nominees for directors listed below, (b) the grant to the Board of Directors of the discretionary authority to amend the Company's certificate of incorporation to effect a reverse stock split of the Company's common stock and (c) the ratification of the appointment of the independent registered public accounting firm. A stockholder giving a proxy may revoke it by giving written notice of revocation to the Chief Executive Officer of the Company at any time before it is voted, by executing another valid proxy bearing a later date and delivering such proxy to the Chief Executive Officer of the Company prior to or at the Annual Meeting or by attending the Annual Meeting and voting in person.

The expenses of this proxy solicitation, including the cost of preparing and mailing this Proxy Statement and accompanying proxy will be borne by the Company. Such expenses will also include the charges and expenses of banks, brokerage firms, and other custodians, nominees or fiduciaries for forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's common stock. Solicitation of proxies may be made by mail, telephone, personal interviews or by other means by the Board of Directors or employees of the Company who will not be additionally compensated therefor, but who may be reimbursed for their out-of-pocket expenses in connection therewith.

STOCKHOLDERS ENTITLED TO VOTE

Stockholders of record at the close of business on June 3, 2013 (the "Record Date") will be entitled to vote at the Annual Meeting. As of the Record Date, there were 91,564,485 shares of the Company's common stock issued and outstanding. The holders of common stock are entitled to one vote per share. There is no cumulative voting with respect to the election of directors. The presence in person or by proxy of the holders of a majority of the shares issued and outstanding at the Annual Meeting and entitled to vote will constitute a quorum for the transaction of business. Votes withheld from nominees for directors, abstentions and broker non-votes will be counted for purposes of determining whether a quorum has been reached. With regard to the election of directors, votes may be cast in

favor of or withheld from each nominee and votes that are withheld will have no effect on the vote. Abstentions, which may be specified on all proposals except the

1

election of directors, will have the effect of a negative vote. Brokers who hold shares in street name have the discretionary authority to vote on certain "routine" items when they have not received instructions from beneficial owners. For purposes of our 2013 annual meeting, brokers will be prohibited from exercising discretionary authority with respect to the election of members to our Board of Directors and the grant to the Board of Directors of the discretionary authority to amend the Company's certificate of incorporation to effect a reverse stock split of the Company's common stock. If the organization that holds your shares does not receive instructions from you on how to vote your shares on these matters, the organization that holds your shares will inform us that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote." Broker non-votes will be considered as represented for purposes of determining a quorum, but will not otherwise affect voting results, except that a broker non-vote with respect to grant to the Board of Directors the discretionary authority to amend the Company's certificate of incorporation to effect a reverse stock split of the Company's common stock is effectively a vote against such proposal.

Votes will be counted by the inspector of election at the Annual Meeting.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is currently comprised of three directors. Members of the Company's Board of Directors are elected at annual meetings and serve until the next annual meeting of stockholders and until their successors are duly elected and qualified. Because the Company's Board is currently only comprised of three members, the Company does not currently have any committees. Since the Company does not have a nominating committee, each of the current directors nominated the other candidates for reelection as director of the Company by the stockholders at the Annual Meeting.

The nominees, Messrs. Whitehead, Hackett and Seth, currently serve as directors of the Company. The person named as proxy in the accompanying proxy, who has been designated by the Board of Directors, intends to vote, unless otherwise instructed in such proxy, for the election of Messrs. Whitehead, Hackett and Seth. Should any of the nominees become unable for any reason to stand for election as a director of the Company, it is intended that the person named in such proxy will vote for the election of such other person as the Board of Directors may propose to replace such nominee. The Company knows of no reason why any of the nominees will be unavailable or unable to serve.

The affirmative vote of the holders of a plurality of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Accordingly, the three nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast for election by the holders of common stock shall be duly elected directors upon completion of the vote tabulation at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE FOLLOWING NOMINEES FOR DIRECTORS.

Nominees for Directors

Albert E. Whitehead, age 82. Mr. Whitehead has been a member of the Company's Board of Directors since 1991 and served as Chairman of the Board and Chief Executive Officer from March 1998 to May 2001, when John P. McGrain assumed such role. Mr. Whitehead again assumed the role of Chairman and Chief Executive Officer on April 16, 2002 upon the resignation of Mr. McGrain. Until February 5, 2008, Mr. Whitehead also served as the Non-Executive Chairman of Coastal Energy Company (formerly PetroWorld Corp.), a company that is traded on the London Stock

Exchange's Alternative Investment Market and the Toronto Stock Exchange in Canada. Mr. Whitehead served as the Chairman and Chief Executive Officer of Seven Seas Petroleum Inc., a publicly held company, engaged in international oil and gas exploration from February 1995 to May 1997. From April 1987 through January 1995, Mr. Whitehead served as Chairman and Chief Executive Officer of Garnet Resources Corporation, a publicly held oil and gas exploration and development company. Mr. Whitehead's experience in the oil and gas industry, along with his familiarity with the day-to-day operations of the Company, makes him well suited to serve on the Company's Board of Directors.

Montague H. Hackett, Jr., age 80. Montague H. Hackett, Jr., a graduate of Princeton University and Harvard Law School, joined the Empire Board as a director in June 2006. Over the years, Mr. Hackett has been associated with various natural resource companies both as a director and as an officer. In the past five years, he has been Co-Chairman and a director of Victory Ventures LLC, a New York venture capital company and International Energy Services, Inc., a Houston based oilfield service company, with operations in Russia and Kazakhstan. Given Mr. Hackett's knowledge of the oil and gas industry and his general business knowledge, Mr. Hackett is a good fit as a member of the Company's Board of Directors.

Kevin R. Seth, age 53. Mr. Seth has served as a Director of the Company since February 23, 2011, and is a partner of Edgewood Management LLC, a registered investment advisor, based in New York City. Prior to joining Edgewood in 1995, Mr. Seth worked with Credit Suisse First Boston in London, New York and Boston. Mr. Seth graduated from Montana State University with a B.S. Degree in Pre-Law and Economics and has served for the past ten (10) years as either Vice-Chairman or Chairman of the University Investment Committee at Montana State University. Mr. Seth's broad business experience will allow him to provide considerable insight into the business decisions the Company will face and results in him being well suited to serve as a member of the Company's Board of Directors.

CORPORATE GOVERNANCE AND BOARD MATTERS

Overview

The Board of Directors is committed to sound and effective corporate governance practices and believes such practices are important to ensure that the Company is managed for the long-term benefit of its stockholders. The Board of Directors has engaged in a process of periodically reviewing and considering the Company's corporate governance practices.

Communications to the Board of Directors

A stockholder may send a written communication to the Board of Directors or any individual member or members of the Board by addressing the communication to Empire Petroleum Corporation, 6506 S. Lewis, Suite 112, Tulsa, Oklahoma 74136-1020. All communications so received will be forwarded to the members of the Board of Directors or specified Board members.

Board Meetings

During fiscal year 2012, the Board of Directors did not hold any meetings. The Board of Directors took action four times during fiscal year 2012 by unanimous written consent. Mr. Whitehead attended the Company's 2012 Annual Meeting of Stockholders.

Directors are expected to attend the Annual Meeting of Stockholders, and it is the practice of the Company to introduce each director at the Annual Meeting.

The Company's Board of Directors does not have any standing committees (such as audit, nominating or compensation committees).

Code of Ethics

The Company has adopted a Code of Ethics that applies to all of the Company's directors and employees, including the Company's principal executive officer, principal financial officer and principal accounting officer or persons performing similar functions. The Company undertakes to provide any person without charge, upon request, a copy of the Code of Ethics. Requests may be directed to Empire Petroleum Corporation, 6506 S. Lewis, Suite 112, Tulsa, Oklahoma 74136-1020, or by calling (918) 488-8068.

Identification of the Audit Committee; Audit Committee Financial Expert.

As of December 31, 2012, the Company had not established any committees (including an audit committee) because of the small size of its Board of Directors. As such, the Company does not have an audit committee or an audit committee financial expert serving on such committee. As of December 31, 2012, the entire Board of Directors essentially serve as the Company's audit committee.

Process for Director Nominations

As stated above, the Board of Directors does not have any committees. As such, each of the current directors, Messrs. Whitehead, Hackett and Seth, participates in the consideration of director nominees. In connection with the upcoming Annual Meeting, Mr. Seth and Mr. Hackett nominated Mr. Whitehead as a candidate for reelection as a director of the Company, Mr. Whitehead and Mr. Seth nominated Mr. Hackett as a candidate for reelection as a director of the Company, and Mr. Whitehead and Mr. Hackett nominated Mr. Seth as a candidate for reelection as a director of the Company.

The Board does not have a charter regarding the director nomination process. The Company has determined that Mr. Hackett and Mr. Seth are "independent" within the meaning of Rule 5605(a)(2) of the NASDAQ listing standards. Mr. Whitehead is not considered "independent" within the meaning of Rule 5605(a)(2) of the NASDAQ listing standards.

The Board of Directors will consider candidates for director nominees that are recommended by stockholders of the Company in accordance with the procedures set forth below. Any such nominations should be submitted to the Board of Directors in care of the Chief Executive Officer to Empire Petroleum Corporation, 6506 S. Lewis Ave., Suite 112, Tulsa, Oklahoma 74136-1020 and accompany it with the following information:

Appropriate biographical information, a statement as to the qualifications of the nominee and any other information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and

The name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholder(s).

The written recommendation should be submitted in the time frame described under the caption "Stockholder Proposals" below.

In evaluating potential director candidates, the Board will take into consideration such factors that it deems appropriate for the needs of the Board of Directors. Generally, the Board will evaluate new potential director candidates by reviewing their biographical information and qualifications and checking the candidates' references. In connection therewith, the Board will consider diversity in professional background, experience, expertise, perspective, age, gender and ethnicity with respect to Board composition as a whole. With respect to diversity, particular emphasis

is placed on identifying candidates whose experiences, qualities and skills complement and augment those of other Board members with respect to the Board of Directors as a group. Those candidates determined to be of interest will be subject to interview by the Board. Using the information obtained and input from the interview, the Board will evaluate whether a prospective candidate is qualified to serve as a director and whether the Board of Directors will nominate the prospective candidate or elect such candidate to fill a vacancy on the Board.

Compensation of Directors

The Company does not have a compensation committee and does not have any formal procedure for compensating the members of its Board of Directors. From time to time in the past, the Company has granted options to the members of its Board of Directors under its 1995 Stock Option Plan and its 2006 Stock Incentive Plan as compensation for serving on the Board of Directors. All directors are reimbursed by the Company for out-of-pocket expenses incurred by them in connection with their service on the Board of Directors.

Stockholder Communication with the Board of Directors

Stockholders who wish to communicate with the Board of Directors may send correspondence to the attention of the Chief Executive Officer, Empire Petroleum Corporation, 6506 S. Lewis, Suite 112, Tulsa, Oklahoma 74136-1020. Stockholder communications must include confirmation that the sender is a stockholder of the Company. All such communications will be reviewed by the Company's Chief Executive Officer in order to maintain a record of the communication, to assure director privacy and to determine whether the communication relates to matters that are appropriate for review by our Board of Directors or by any individual director. Communications will not be forwarded to Board of Directors members if they do not relate to the Company's business, contain material that is not appropriate for review by the Board of Directors based upon the established practice and procedure of the Board of Directors, or contain other improper or immaterial information.

PROPOSAL TWO

REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK AND AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO EFFECT THE REVERSE STOCK SPLIT OF THE COMPANY'S OUTSTANDING COMMON STOCK

The Board is recommending the reverse stock split of the Company's common stock ("Common Stock") for the primary purposes of reducing the number of outstanding shares so that the Board may issue more shares in the future to raise additional capital and/or consummate transactions and increasing the per share price of the Common Stock, making the Common Stock more attractive to a broader range of investors. Accordingly, for these and the other reasons discussed below, the Board believes that authorizing the Board to effect the reverse stock split, in the Board's discretion, is in the Company's and the Company's stockholders' best interests.

Therefore, the Board of Directors has decided that it is in the best interests of the Company's stockholders to (a) authorize the Board of Directors of the Company to effect, in its discretion prior to December 31, 2013, a reverse stock split of the issued and outstanding shares of Common Stock, par value \$0.001 and any shares held in treasury, at a reverse stock split ratio of 1-for-12, and (b) approve a corresponding amendment to the Company's Certificate of Incorporation, in the form attached to this Proxy Statement as Annex A, to effect the reverse stock split, subject to the Board of Director's authority to abandon such amendment. Upon the effectiveness of the amendment to Certificate of Incorporation effecting the reverse stock split (the "Effective Time"), the issued and outstanding shares of the Common Stock immediately prior to the Effective Time will be reclassified into a smaller number of shares such that a stockholder will own one new share of the Common Stock for each 12 shares of issued common stock held by that stockholder immediately prior to the Effective Time. The Amendment to the Company's Certificate of Incorporation to effect the reverse stock split will not change the authorized number of shares of Common Stock of the Company or the par value of the Common Stock. The Company does not currently have any plan, agreement or understanding to issue any of the increased number of authorized but unissued shares of common stock that will result if the reverse stock split is effected.

If the stockholders approve this proposal, the Board would effect the reverse stock split and cause the Certificate of Amendment to the Company's Certificate of Incorporation to be filed with the Secretary of State of the State of Delaware only if the Board determines that the reverse stock split would be in the best interests of the Company and its stockholders. The Board may determine in its discretion not to effect any reverse stock split and not to file the amendment to the Company's Certificate of Incorporation. No further action on the part of the stockholders will be required to either implement or abandon the reverse stock split.

Reverse Stock Split

By reducing the number of shares of Common Stock outstanding without reducing the number of shares of available but unissued Common Stock, a reverse stock split will increase the number of authorized but unissued shares. The Board of Directors believes that the increase in available shares for future issuance is appropriate to fund the future operations of the Company. The Board of Directors anticipates that in the future it will consider a number of possible financing and acquisition transactions that may involve the issuance of additional equity, debt or convertible securities. If the stockholders approve this proposal, the Board of Directors would be able to authorize the issuance of shares for these purposes without the necessity and related costs and delays of either calling a special meeting of the stockholders or of waiting for the regularly scheduled annual meeting of stockholders in order to increase the authorized capital. If in a particular instance stockholders approval were required by law or otherwise deemed advisable by the Board of Directors, then the matter would be referred to the stockholders for their approval regardless of whether a sufficient number of shares previously had been authorized. The stockholders are not entitled to preemptive rights with respect to the issuance of any authorized but unissued shares.

In addition, the Board of Directors also believes that the reverse stock split would, if completed, make the Common Stock more attractive to a broader range of investors, as the current market price of the Common Stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. Many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher, which can also reduce interest in the Common Stock. Reducing the number of issued and outstanding shares of the Common Stock through the reverse stock split is intended in part, absent other factors, to increase the per share market price of the Common Stock. However, other factors, such as the Company's operational results, financial results, business performance, market conditions and the market perception of the Company's business may harm the market price of the Common Stock. As a result, there can be no assurance that the reverse stock split, if completed, will result in a higher market price of the Common Stock following the reverse stock split or that the market price of the Common Stock will remain at such higher value for any significant length of time.

Board Discretion to Implement the Reverse Stock Split

Upon receipt of stockholder approval, the Board of Directors, in its discretion prior to December 31, 2013, may or may not elect to effect the reverse stock split. No further action on the part of stockholders will be required to either implement or abandon the reverse stock split. The Board of Directors reserves the right to elect not to proceed with the reverse stock split if it determines, in its sole discretion, that the proposal is no longer in the best interests of the Company or its stockholders. The Board is asking stockholders to approve this proposal in order to grant the Board the flexibility to move forward with the reverse stock split prior to December 31, 2013.

Certain Risks Associated with the Reverse Stock Split

There can be no assurances that following the reverse stock split that the Company will be able to raise additional capital and/or consummate any transactions. There can be no assurance that following the reverse stock split the market price of the Common Stock will increase in proportion to the reduction in the number of shares of the Common Stock issued and outstanding before the proposed reverse stock split. Even if the Company effects a reverse stock split, the market price of the Common Stock and the Company's market capitalization may decrease due to the reverse stock split or for other reasons related to the Company or the Company's industry, the economy or the stock market in general.

Impact of the Proposed Reverse Stock Split If Implemented

The reverse stock split would affect all of the Company's stockholders uniformly and would not affect any stockholder's percentage ownership interest or proportionate voting power, except to the extent that the reverse stock split could result in some or all of the Company's stockholders receiving one share of Common Stock in lieu of a fractional share. As described below, a stockholder otherwise entitled to a fractional share as a result of the reverse stock split will receive one share of Common Stock in lieu of such fractional share. The other principal effects of the reverse stock split will be that:

the number of issued and outstanding shares of the Common Stock (and shares held in treasury) will be reduced proportionately based on the reverse stock split ratio (except to the extent that the reverse stock split could result in some or all of the Company's stockholders receiving one share of Common Stock in lieu of a fractional share);

the per share exercise price of all outstanding option awards will be increased proportionately and the number of shares of the Common Stock issuable upon the exercise of all outstanding option awards will be reduced proportionately. These adjustments will result in approximately the same aggregate exercise price being required to be paid for all outstanding option awards upon exercise, although the aggregate number of shares issuable upon the exercise of such option awards will be reduced proportionately following the reverse stock split;

the number of shares reserved for issuance and any maximum number of shares with respect to which equity awards may be granted to any participant under the Company's equity-based compensation plans will be reduced proportionately based on the reverse stock split ratio; and

in addition, the reverse stock split will likely increase the number of stockholders who own odd lots (less than 100 shares). Stockholders who hold odd lots may experience an increase in the cost of selling their shares and may have greater difficulty in executing sales.

Although the number of holders of outstanding shares of the Common Stock may decrease following any implementation of the proposed reverse stock split, the Board does not intend for the reverse stock split to be the first step in a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

Fractional Shares

Fractional shares will not be issued in connection with the reverse stock split. Each stockholder who would otherwise hold a fractional share as a result of the reverse stock split will receive one share of Common Stock in lieu of such fractional share.

Effect on Registered and Beneficial Stockholders

Upon the reverse stock split, the Company intends to treat stockholders holding shares of the Common Stock in "street name" (that is, held through a bank, broker or other nominee) in the same manner as registered stockholders whose shares of the Common Stock are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding shares of the Common Stock in "street name;" however, these banks, brokers or other nominees may apply their own specific procedures for processing the reverse stock split. If you hold your shares of the Common Stock with a bank, broker or other nominee, and have any questions in this regard, the Company encourages you to contact your nominee.

Effect on Registered “Book-Entry” Stockholders

The Company’s registered stockholders may hold some or all of their shares electronically in book-entry form. These stockholders will not have stock certificates evidencing their ownership of the Common Stock. They are, however, provided with a statement reflecting the number of shares of the Common Stock registered in their accounts.

If you hold registered shares of the Common Stock in a book-entry form, you do not need to take any action to receive your post-reverse stock split shares of the Common Stock in registered book-entry form, if applicable.

If you are entitled to post-reverse stock split shares of the Common Stock, a transaction statement will automatically be sent to your address of record as soon as practicable after Effective Time indicating the number of shares of the Common Stock you hold.

Effect on Registered Certificated Shares

Some registered stockholders hold their shares of the Common Stock in certificate form or a combination of certificate and book-entry form. If any of your shares of the Common Stock are held in certificate form, you will receive a transmittal letter from the Company’s transfer agent as soon as practicable after the Effective Time, if any. The transmittal letter will be accompanied by instructions specifying how you can exchange your certificate representing the pre-reverse stock split shares of the Common Stock for a statement of holding.

STOCKHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Consequences

The par value per share of the Common Stock will remain unchanged at \$0.001 per share after the reverse stock split. As a result, on the Effective Date of the reverse stock split, if any, the stated capital on the Company’s balance sheet attributable to the Common Stock will be reduced proportionately based on the reverse stock split ratio determined by the Board, from its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. After the reverse stock split, net income or loss per share, and other per share amounts will be increased because there will be fewer shares of the Common Stock outstanding. In future financial statements, net income or loss per share and other per share amounts for periods ending before the reverse stock split would be recast to give retroactive effect to the reverse stock split. As described above under “Impact of the Proposed Reverse Stock Split If Implemented,” the per share exercise price of outstanding option awards would increase proportionately, and the number of shares of the Common Stock issuable upon the exercise of outstanding options would decrease proportionately, in each case based on the reverse stock split ratio. The Company does not anticipate that any other accounting consequences would arise as a result of the reverse stock split.

No Appraisal Rights

Stockholders will not have dissenters’ or appraisal rights under Delaware corporate law or under the Company’s Certificate of Incorporation in connection with the proposed reverse stock split.

Amendment to Certificate of Incorporation

The form of the proposed amendment to the Company’s Certificate of Incorporation to effect the reverse stock split is attached to this Proxy Statement as Annex A. If the reverse stock split is completed, the amendment will effect a reverse stock split of the Common Stock at the ratio of 1-for-12, prior to December 31, 2013, following the receipt of stockholder approval. As of May 9, 2013, 91,564,485 shares of Common Stock were issued and outstanding.

Procedure for Effecting Reverse Stock Split

If the stockholders approve the proposal and the Board decides to implement the reverse stock split, the reverse stock split will become effective at the Effective Time. Beginning at the Effective Time, each certificate representing pre-reverse stock split shares of the Common Stock will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares of the Common Stock.

Certain Federal Income Tax Consequences of the Reverse Stock Split

The following is a discussion of certain material U.S. federal income tax consequences of the reverse stock split to U.S. holders (as defined below). This discussion is included for general information purposes only and does not purport to address all aspects of U.S. federal income tax law that may be relevant to U.S. holders in light of their particular circumstances. This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), and current Treasury regulations, administrative rulings and court decisions, all of which are subject to change, possibly on a retroactive basis, and any such change could affect the continuing validity of this discussion.

All stockholders are urged to consult with their own tax advisors with respect to the tax consequences of the reverse stock split. This discussion does not address the tax consequences to stockholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, U.S. holders whose functional currency is not the U.S. dollar, partnerships (or other flow-through entities for U.S. federal income purposes and their partners or members), persons who acquired their shares in connection with employment or other performance of services, broker-dealers, foreign entities, nonresident alien individuals and tax-exempt entities. This summary also assumes that the pre-reverse stock split shares were, and the post-reverse stock split shares will be, held as a "capital asset," as defined in Section 1221 of the Code.

As used herein, the term "U.S. holder" means a holder that is, for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States or any political subdivision thereof;

an estate the income of which is subject to U.S. federal income tax regardless of its source; or

a trust (A) if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more "U.S. persons" (as defined in the Code) have the authority to control all substantial decisions of the trust or (B) that has a valid election in effect to be treated as a U.S. person.

Other than with respect to any stockholder that receives a full share for a fractional share, no gain or loss should be recognized by a U.S. holder upon the exchange of pre-reverse stock split shares for post-reverse stock split shares and the aggregate tax basis of the post-reverse stock split shares should be the same as the aggregate tax basis of the pre-reverse stock split shares exchanged in the reverse stock split. A stockholder's holding period in the post-reverse stock split shares should include the period during which the stockholder held the pre-reverse stock split shares exchanged in the reverse stock split.

In general, the receipt of cash by a U.S. holder instead of a fractional share could be treated as a taxable event. The amount and character of the income, gain or loss to be recognized by a U.S. holder will depend on the facts relating to the reverse stock split and the individual circumstances of such U.S. holder.

Required Vote

The affirmative vote of holders of a majority of the outstanding shares of the Common Stock entitled to vote at the Annual Meeting is required to approve the Company's proposal to (a) authorize the Board to effect, in its discretion prior to December 31, 2013, a reverse stock split of the outstanding common stock, par value \$0.001, of the Company, at a reverse stock split ratio of 1-for-12, and (b) adopt an amendment to the Company's Certificate of Incorporation, in the form attached to this Proxy Statement as Annex A, to effect the reverse stock split, subject to the Board's authority to abandon such amendment.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” REVERSE STOCK SPLIT OF THE COMPANY’S COMMON STOCK AND AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO EFFECT THE REVERSE STOCK SPLIT OF THE COMPANY’S OUTSTANDING COMMON STOCK

PROPOSAL THREE

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ratification of the appointment of HoganTaylor LLP as our independent registered public accounting firm is not required by our Bylaws or other applicable legal requirements. However, our Board of Directors is submitting the selection of HoganTaylor LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is required for the adoption of this proposal.

The Company expects that a representative of HoganTaylor LLP will be present at the Annual Meeting. The representative will be given the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF HOGANTAYLOR LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.
