Item 1.01 Entry into a Material Definitive Agreement

On December 4, 2009 Metalline Mining Company (“Metalline”) executed an Agreement and Plan of Merger and Reorganization (the “Agreement”) with Dome Ventures Corporation (“Dome”).

Upon the closing of the transaction described in the Agreement Dome will be a wholly owned subsidiary of Metalline. To effect the transaction Metalline will acquire all of the outstanding shares of Dome by the issuance of 47,724,561 shares of common stock. The number of Metalline common shares to be received by Dome’s shareholders will depend on the number of Dome shares outstanding at the closing of the transaction. Additionally, upon the effective date of the transaction all outstanding Dome warrants will be exchanged for warrants to acquire Metalline common stock on equivalent terms. The parties anticipate that the Metalline common stock issued in the transaction will be listed on both the NYSE Amex and the TSX Venture Exchange.

The transaction is contingent on Metalline’s receipt of \$2,990,000 in funding by December 23, 2009. Further, the transaction is contingent on Dome receiving funding of \$13,010,000 by January 10, 2010, which will be held in escrow pending the closing of the transaction. Moreover, both Dome and Metalline must submit the proposed transaction to their respective stockholders for approval, and accordingly completing the transaction is subject to both parties receipt of their stockholders’ approval. As such, the Agreement obligates Metalline to prepare and file with the Securities and Exchange Commission a registration statement pursuant to which it will seek stockholder approval of the transaction and register the shares of common stock to be issued to Dome’s stockholders.

The Agreement also sets forth a number of conditions precedent for the completion of the transaction, and contains other standard provisions for transactions of this nature, including transaction protection terms, standard representations, warranties and covenants. There can be no assurance that Metalline will be able to meet the conditions precedent to the transaction contemplated by the Agreement. The parties expect to complete the transaction during the second calendar quarter of 2010.
