Item 1. Description of Business.

General

Alec Bradley Cigars was organized under the laws of the State of Florida on July 15, 1996. The Company is an importer and distributor of cigars. The Company's executive offices are located at 1750 N.W. 65th Avenue, Plantation, Florida and its telephone number is (954) 321-5991.

Description of Operations

The Company is a cigar importer and distributor. The Company initially imported and distributed a line of cigars to golf pro shops and country clubs nationwide under the name "Bogey's Stogies." The Company currently imports and distributes several cigar lines.

The Company primarily sells to two types of customers:

1. Distributors, including wine and liquor wholesalers; and
2. Retailers, which includes tobacco shops, convenience stores, bars, restaurants and country clubs.

Background of the Industry

In 1993 the cigar industry began to experience a dramatic increase in demand from consumers. This created a sizable increase in the number of both cigar manufacturers and retail tobacconists and distributors. Through the end of 1997, many of the cigar manufacturers were able to sell their entire production. However, by early 1998, the supply of cigars from the larger manufacturers exceeded demand from the retail tobacconists and distributors thereby causing the market to be flooded with cigars. This had an adverse effect on manufacturers, retailers and distributors. However, Bureau of Alcohol, Tobacco and Firearms Monthly Statistical Releases show that the industry remains strong. Recent statistical releases now indicated that cigars are being imported from foreign manufacturers at increasing levels. These releases can be found at www.atf.treas.gov.

Company Cigars

The Company distributes the following cigars:

Bogey's Stogies

Originally marketed towards the golfing industry, Bogey's Stogies are now sold to both distributors and retailers. Blended to be full bodied, yet mild, Bogey's Stogies are sold nationwide in tobacco shops, bars and

Occidental Reserve is produced with filler and binder from Tabadom, the Dominican tobacco supply arm of some of the world's most famous cigars, and is finished with a U.S. Connecticut shade wrapper.

Gourmet Dessert Cigars

Management of the Company believes a trend in today's cigar market is flavored cigars. Alec Bradley distributes a line of gourmet dessert cigars, which contain high-end, sandwich filler product, enhanced with natural and artificial FDA approved flavorings. The flavoring is processed into the tobacco before it is hand rolled.

Flavors include chocolate, vanilla, rum, cherry, pina colada, amaretto, and cappuccino. Marketing efforts focus on the newer generation of cigar smokers, which includes female cigar enthusiasts.

Purchasing and Distribution

The Company purchases and imports the majority of its cigars from cigar manufacturing plants in Honduras and the Dominican Republic. Occidental Cigar Corporation, the Company's supplier from the Dominican Republic, is a leading manufacturer of premium cigars. They produce the Company's Occidental Reserve and Havana Sun Grown cigar lines. Located in Santiago, Dominican Republic, Occidental Cigar Corporation occupies a 20,000 square foot building and produces 15,000,000 cigars annually. Occidental Cigar Corporation stocks over 3 years of raw material that includes wrapper, filler and binder. This stock of raw material assures consistent quality and production for several years.

La Perla Hondurena, located in Danli, Honduras, is the Company's supplier of gourmet cigars.

The Company does not have any agreements with cigar manufacturers. Purchases are made on a per order basis. The Company pays all shipping costs.

Customers

The Company has approximately 400 customers. The Company's biggest customer is Thompsons Cigar Company, located in Tampa, Florida. Over the past

two years, Thompsons accounts for approximately 25% of the Company's sales and is the only company which the Company depends on for a large portion of its revenues. The Company has no contractual relationship with Thompsons Cigar Company.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

Other Projects

As the Company continues to expand and improve on its current wholesale and retail programs, it maintains its focus on creating ways of supplying cigars to the public. These include:

Mail Order Companies

Alec Bradley has established a relationship with Thompsons Cigar Company, a mail order catalog company in the United States. Alec Bradley presently supplies Thompsons Cigar Company with two of its cigar lines. Thompsons mails over 17,000,000 catalogues a year.

The Company's intent is to focus on dealing with catalog companies with large sources of distribution. To date, the Company has not had any material negotiations and has not entered into any definitive agreements. Mail order companies generally sell to the final consumers which should help bring public awareness to the Company's product lines. Payment received when selling to a catalog company has not been significantly less than payments received from traditional customers.

Alec Bradley Direct

The Company has created a direct sales approach which includes bi-monthly marketing via fax and daily in-house telemarketing. By removing all additional layers of distribution such as brokers, agents and outside sales representatives, the Company is able to keep prices below the industry average for high quality cigars. This is why Alec Bradley has chosen to deal directly with tobacconists on its new Occidental Reserve line. By marketing via broadcast fax and an in-house telemarketing staff the Company has been able to create and nurture relationships directly with the sales venue.

Personalized and Customized Cigar Band Program

Alec Bradley, in conjunction with an outside consultant, has developed a computer system for creating high quality, metallic ink cigar label bands. This technology allows the Company to produce small run (25 to 3,000) high quality personalized and customized private labeled cigars for a corporation, bar, restaurant or event. The Company receives revenues from this technology by selling personalized and customized bands to corporations, bars, restaurants and special events on a per order basis.

The Company has also recently developed a program for the retail tobacconists. The Company is able to create house brands utilizing the Occidental Reserve cigar and attaching customized private label cigar rings. The Company, on a per order basis, can provide a customer with a personally labeled cigar. Customers are under no contractual obligations, as they purchase personalized cigars on an order per order basis. These retail tobacconists who normally cannot order large enough quantities to entice a manufacturer to make a personalized product, can benefit by being able to order small quantities from the Company as needed from this program. The Company will gain additional

6

revenues by selling small quantities of personalized and custom cigars at slightly higher profit margins. No contracts are required for this program.

The Company has produced custom bands for the Gulfstream Race Track, the Carquest Bowl, Tyson Foods, and many restaurants.

Competition

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

The Company experiences competition with respect to its cigar distribution. The cigar distribution industry is highly competitive. The Company believes that as a distributor of premium cigars, it competes with a smaller number of domestic and foreign companies that specialize in premium cigars, and certain larger companies that maintain premium cigar lines, including Consolidated Cigar Corporation, Culbro Corporation and General Cigar Company. The Company competes within this industry by simply purchasing high quality cigars and distributing them at an affordable price to its customers. The Company believes that it can grow by following this simple principle. The Company is continually seeking manufacturers that can provide the highest quality cigars at the lowest possible price.

Government Regulation

The Company as an importer of cigars is required to have an importer permit from the Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms. The Company applied for and has been granted Permit Number FL-TI-127. The Company believes any future regulations including affixing warning labels on products, regulations on tobacco advertising, and limits on public smoking areas will be met with full compliance and will not affect the Company's ability for continued growth. The material costs to comply with governmental regulation will be negligible. The Company believes that there are no additional existing or probable governmental regulation that effects its business. The Company does not incur any material costs to comply with environmental laws.

Research and Development

Currently, the Company is not involved in any research and development projects. Over the past two years, the Company has not spent any capital on research and development. The Company does not plan on any future research and development.

Employees

The Company currently employs approximately 3 full-time and 2 part-time employees and has 4 independent sales representatives. Of its employees, 2 are engaged in sales and marketing and 2 in executive and administrative roles. None of the Company's employees are covered by any labor union. The Company believes its relationships with its employees are generally good. The Company does not have an employment contract or agreement with any of its employees.

7

Trademarks

The Company has trademarked the name Bogey's Stogies. The Company has applied for other trademarks for the cigars it distributes, but these applications are pending.

9

Item 6. Management's Discussion and Analysis or Plan of Operation.

Introduction

The following discussion is based upon, and should be read in conjunction with, the audited consolidated financial statements of the Company as of and for the years ended December 31, 2002 and 2001, together with the notes to the financial statements.

Year ended December 31, 2002 as compared to year ended December 31, 2001

Revenues

Revenues for 2002 were approximately \$1,620,485, an increase of approximately \$724,200, or 80.8%, from \$896,295 for 2001. This was attributable to an increase in sales (number of units) resulting from the Company's successful introduction of new cigar lines during 2002 (Trilogy, Criollo and Figurado) and 2001 (Havana Sun Grown Cigars). The Company's gross profit was \$629,160, an increase of approximately \$276,400, or 78.3% from \$352,842, due to the increase in sales. The increase in gross profit is directly attributable to the increase in sales.

Selling Expenses

Selling expenses for 2002 were \$183,808, an increase of approximately \$141,700 or 336.6% from \$42,118 in 2001. Selling expenses include all compensation and related benefits for the sales personnel and advertising and promotional costs. The increase in selling expenses was attributable to the increase in sales commissions of \$103,000, freight expense of \$30,000 and trade show costs and advertising costs of \$8,700 in 2002. Selling expenses represented 11.3% of revenues in 2002, compared to 4.7% in 2001.

General and administrative expenses

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

General and administrative expenses for 2002 were \$400,260, an increase of \$121,400, or 43.5%, from 278,750 in 2001. General and administrative expenses primarily include salaries, supplies, and general operating expenses. The increase in general and administrative expenses is attributable to the increases of \$50,600 in payroll and related taxes, \$20,500 in professional fees, and entertainment of \$12,600. The majority of payroll and tax increase was due to an increase in employee salaries and bonuses paid during 2002. General and administrative expenses represented 24.7% of revenues in 2002, compared to 31.1% in 2001.

Liquidity and Capital Resources

The Company's cash balance as of December 31, 2002 increased by \$7,500 from December 31, 2001 to \$46,000. During 2002, cash provided by operations was approximately \$11,600 and primarily resulted from the increase in accounts payable of approximately \$252,000 and income from operations plus the effect of net of non-cash items (depreciation expense). The cash provided was utilized to fund the increases in accounts receivable of \$52,100 and prepaid expenses of \$15,800.

10

The Company's working capital was approximately \$127,900 at December 31, 2002, compared to approximately \$65,100 at December 31, 2001. The increase in working capital was primarily attributable to the Company profits of approximately \$35,900, inventory of \$308,450 and the effect of net of non-cash items (depreciation expense) of \$9,300.

The Company has negotiated with major suppliers and extended credit terms for new products being developed through these suppliers. In addition, The Company has established a line of credit to provide for additional cash flow needs.

Management believes that the cash generated from the Company's operations and new credit terms and credit facility will be adequate to support its short-term cash requirements for capital expenditures and maintenance of working capital.

Accounting Pronouncements

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting where revenues are recognized upon shipment of merchandise to the customer and expenses are recognized in the period in which they are incurred. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Income Taxes

For tax purposes, the Company was an S corporation prior to January 1, 2001. Accordingly, net losses and related timing differences for periods prior to January 1, 2001 were offset taxable income of the Company in subsequent periods. Effective January 1, 2001, the Company terminated its S corporation election, and, as a result, adopted Statement of Financial Accounting Standards ("SFAS") No. 109, Accounting for Income Taxes. SFAS No. 109 requires that deferred income tax balances be recognized based on the differences between the financial statement and income tax bases of assets and liabilities using enacted tax rates.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

11

ALEC BRADLEY CIGAR CORP.
Notes to Financial Statements
Years Ended December 31, 2002 and 2001

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Alec Bradley Cigar Corp. (the "Company"), a Florida corporation, was organized in July 1996. The Company imports and distributes cigars domestically, with offices located in Plantation, Florida.

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting where revenues are recognized upon shipment of merchandise to the customer and expenses are recognized in the period in which they are incurred. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents - The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Credit Risk - Financial instruments, which potentially subject the Company to concentration of credit risk, consist principally of cash and trade accounts receivable. The Company places its cash with high credit financial institutions. However, the Company occasionally maintains cash balances in excess of the F.D.I.C. insurance limits, thereby failing to limit the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are reduced due to the Company's large number of customers. The Company conducts ongoing credit evaluations of its customers and generally does not require collateral or other security from these customers.

The Company's revenues included sales to one customer, which accounted

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

for approximately 17% and 23% of total revenues in 2002 and 2001, respectively.

The Company purchases and imports the majority of its cigars from cigar manufacturing plants in Honduras and the Dominican Republic. The Company does not have any agreements with cigar manufacturers. Purchases are made on a per order basis. Although the Company believes there are alternative sources for its products, a change in suppliers could cause delays in the Company's operations, which could adversely affect its operating results.

ALEC BRADLEY CIGAR CORP. Notes to Financial Statements (Continued) December 31, 2002 and 2001

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes -For tax purposes, the Company was an S corporation prior to January 1, 2001. Accordingly, net losses and related timing differences for periods prior to January 1, 2001 were included in the individual tax returns of the S corporation shareholders and are not available to offset taxable income of the Company in subsequent periods. Effective January 1, 2001, the Company terminated its S corporation election, and, as a result, adopted Statement of Financial Accounting Standards ("SFAS") No. 109, Accounting for Income Taxes. SFAS No. 109 requires that deferred income tax balances be recognized based on the differences between the financial statement and income tax bases of assets and liabilities using enacted tax rates.

Inventory - Inventory consists primarily of cigars, humidors, displays, boxes and labels and is stated at the lower of cost (first-in, first-out) or market.

Furniture and Equipment - Furniture and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from five to seven years.

Advertising Costs - Advertising costs are charged to expense during the period in which they are incurred. Advertising expenses for the years ended December 31, 2002 and 2001 approximated \$15,600 and \$13,900, respectively.

Earnings per Share - Basic and diluted earnings per common share are based on the weighted average number of shares outstanding of 4,484,777 for the years ended December 31, 2002 and 2001. There are no common stock equivalents or other dilutive items in the aforementioned periods presented.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Comprehensive Income or Loss - The Company has no components of other comprehensive income or loss. Accordingly, net income or loss equals

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form 10KSB

comprehensive income or loss for all periods presented.
