Item 5.03

Amendments to Articles of Incorporation or Bylaws; Changes to Fiscal Year.

The Company's shareholders approved a reverse stock split at the Company's Annual Meeting of Shareholders held on June 21, 2006, at a ratio within a specified range, if and as determined by the Board of Directors of the Company. The Board of Directors has approved a reverse stock split ratio of 1-for-4 and authorized the filing of an amendment to effect the reverse stock split. On June 5, 2006, the Company filed an amendment to its Third Restated Articles of Incorporation to effect the 1-for-4 reverse stock split of the Company's outstanding common stock which will become effective at 1:05 p.m., Pacific time, on July 6, 2006.

As a result of the reverse stock split, each four shares of common stock outstanding at that time will be automatically reclassified and changed into one share of common stock, and the total number of shares outstanding will be reduced from approximately 24.9 million shares to approximately 6.2 million shares post-split. The reverse stock split will result in similar adjustments to the Company's outstanding stock options and securities reserved for issuance under its equity incentive plans. No fractional shares will be issued in connection with the reverse stock split and, upon surrender of their stock certificates; shareholders will receive cash in lieu of the fractional shares to which they would otherwise be entitled. The cash payment will be equal to the fractional interest in one share of common stock to which the shareholder would otherwise be entitled multiplied by the closing trading price of our common stock on July 6, 2006 (after giving effect to the reverse stock split).

The foregoing description is qualified by reference to the Articles of Amendment to the Third Restated Articles of Incorporation of the Company filed as Exhibit 3.1 to this Form 8-K.
