These options expire on January 31, 2014. The aggregate amount set aside or accrued during the year ended December 31, 2005 to provide pension and retirement benefits for our directors who are also members of our management was Euro 643,000. Our directors who are not members of management do not receive such benefits.

Employees

As of December 31, 2005, we employed approximately 55,000 employees worldwide, of whom approximately 39,500 were employed in the United States and 6,200 were employed in Italy. As of such date, about 190 employees were in management positions, approximately 10,300 were employed in our manufacturing and wholesale segment and approximately 44,400 were employed in our retail segment. Substantially all of our employees in Italy are covered by collective bargaining agreements. Other than those Pearle Vision employees subject to collective bargaining agreements described below, none of our employees in the United States are covered by collective bargaining agreements. We have enjoyed generally good relations with our employees.

Employment agreements in Italy are generally collectively negotiated between the national association of companies within a particular industry and the respective national unions. Individual companies must enter into contracts with their employees based on the relevant collective agreement. The agreement for optical workers, which is part of the national textile agreement, covers approximately 5,300 of our employees. This agreement is scheduled to be renewed in 2006. We expect an average wage increase rate of three percent per year under the new agreements. The agreement for mechanical workers, which covers approximately 586 of our employees, was renegotiated in 2006. In addition to the national collective bargaining agreement for workers, we typically enter into separate, local contracts with labor unions representing our employees. In March 2006, we renewed a local agreement with optical workers, supplementing the terms of the national textile contract. This new agreement covers approximately 5,300 employees and provides for a variable wage related to our financial results, instead of an increasing wage base.

Italian law provides that, upon termination of employment, employees are entitled to receive certain compulsory separation payments based on their compensation levels and length of employment. As of December 31, 2005, we had reserved Euro 56.6 million for such separation payments in our consolidated financial statements.

Pearle Vision currently has two collective bargaining agreements in place. One collective bargaining agreement, between Pearle Vision and the Local 888, United Food and Commercial Workers, is set to expire February 28, 2007 (the "888 CBA"). The 888 CBA covers approximately 16 Pearle Vision employees holding the positions of Lab Associate, Lead Lab Associate, Sales Associate and Optician. The other collective bargaining agreement, between Pearle Vision and the Local 108, Retail, Wholesale and Department Store Union, is set to expire December 31, 2006 (the "103 CBA"). The 103 CBA covers approximately 79 Pearle Vision employees holding the positions of Lab Associate, Lead Lab Associate, Sales Associate and Optician.

Share Ownership

Set forth below is certain information concerning the beneficial ownership of our ordinary shares as of June 14, 2006, by each of our directors and executive officers who own in excess of one percent of our outstanding ordinary shares.

| Shareholder | Issuer | Shares owned as of June 14, 2006 | Percentage Ownership | |
|----------------------|------------------------|-------------------------------------|-------------------------|---|
| Leonardo Del Vecchio | Luxottica Group S.p.A. | 314,803,339 | (1)68.52 | % |

(1) Shares held of record by Leoinvest S.r.l., an entity established and controlled by Mr. Del Vecchio. Mr. Del Vecchio holds voting and investment power over the shares held by such entity.

Except as otherwise indicated above, each of our directors and our executive officers owns less than one percent of our outstanding ordinary shares.

In March 1998, we adopted an employee stock option plan providing for the issuance of options covering up to 12,250,000 ordinary shares of nominal value Euro .06 each. As a result of the change in the par value of our ordinary shares from Lire to Euro, which was approved by our shareholders at the annual meeting held on June 26, 2001, the number of ordinary shares available for issuance under the plan was reduced to 10,798,642. Our Board of Directors administers the stock option plan. The purpose of the plan is to provide additional incentives to our key employees. Grants under the stock option plan may be of non-qualified options and/or incentive stock options. Under the plan, the Board of Directors may not grant an option for a term of more than nine years from the date of grant, or for a term that expires after March 31, 2011. The exercise price of these options is equal to the market value of the underlying ordinary shares on the date of grant, defined as the higher of (i) the closing market price of our ADRs on the business day immediately preceding the date of the grant, and (ii) the average of the closing market prices for each business day during the 30-day period ending on the date of the grant. Options granted under the plan generally become exercisable in three equal installments beginning on January 31 of the year after the date of grant and expire nine years after such date.

In September 2001, we adopted an additional employee stock option plan providing for the issuance of options covering up to 11,000,000 ordinary shares of nominal value Euro 0.06 each. The purpose and administration of the 2001 stock option plan are similar to those of the 1998 stock option plan, with the only significant difference being that the latest option termination date is March 31, 2017.

In June 2006, we adopted an additional employee stock option plan providing for the issuance of options covering up to 20,000,000 ordinary shares of nominal value of Euro 0.06 each. The purpose of the plan is to provide additional incentives to key employees of the Group.

As of December 31, 2005, there had been 11 separate grants under the option plans described above, detailed as follows:

| | Number of ordinary shares underlying options granted(1) | Exercise Price(1) | | Expiration Date | Options held by officers and directors (1)(2) |
|-------------------------------|--|----------------------|-------|-------------------|--|
| 1998 Grant | 3,380,400 | Euro | 7.38 | January 31, 2007 | 88,200 |
| 1999 Grant | 3,679,200 | Euro | 4.38 | January 31, 2008 | 113,400 |
| 2000 Grant | 2,142,200 | Euro | 9.52 | January 31, 2009 | 105,000 |
| 2001 Grant | 2,079,300 | U.S. \$ | 15.20 | January 31, 2010 | 176,400 |
| 2002 Grant | 2,348,400 | U.S. \$ | 17.80 | January 31, 2011 | 226,500 |

Summary of the Significant Differences Between Our Corporate Governance Practices and the Corporate Governance Standards of the New York Stock Exchange

Overview

On November 4, 2003, the New York Stock Exchange (the "NYSE"), established new corporate governance rules for listed companies. Under the new NYSE rules, we are permitted, as a listed foreign private issuer, to adhere to the corporate governance standards of our home country in lieu of certain NYSE corporate governance rules so long as we disclose the significant ways in which our corporate governance practices differ from those followed by U.S. companies under the NYSE listing standards.

Our corporate governance practices are governed principally by the Italian Code of Corporate Governance issued by Borsa Italiana and generally by the rules and regulations of CONSOB (Commissione Nazionale per le Società e la Borsa) for Italian companies (collectively, the Italian Corporate Governance Policies).

The following is a brief summary of the significant differences between our corporate governance practices in accordance with the Italian Corporate Governance Policies and those followed by U.S. companies under the NYSE listing standards.

Composition of Board of Directors; Independence

The NYSE listing standards provide that the board of directors of a U.S. listed company must consist of a majority of independent directors and that certain committees must consist solely of independent directors. A director qualifies as independent only if the board affirmatively determines that the director has no material relationship with the company, either directly or indirectly. The listing standards enumerate a number of relationships that preclude independence. In addition, non-management directors of a U.S. listed company are required to meet at regularly scheduled executive sessions without management.

The Italian Corporate Governance Policies recommend that an adequate number of non-executive directors serve on the board of directors of an Italian company, but do not require the board of directors to consist of a majority of independent directors. The standards for determining director independence under the Italian Corporate Governance Policies are substantially similar to the NYSE listing standards for U.S. listed companies. The Italian Corporate Governance Policies do not require our non-executive directors to meet at executive sessions without management.

Based on standards under the Italian Corporate Policies, our Board of Directors has determined that, among its 12 members, four directors are independent. This number of independent directors complies with the adequate number of non-management directors recommended by the Italian Corporate Governance Policies. Luxottica's non-management directors do not have regularly scheduled executive sessions without management.

Board Committees

The NYSE listing standards require a U.S. listed company to have an audit committee, a nominating/corporate governance committee and a compensation committee. Each of these committees must consist solely of independent directors and must have a written charter that addresses certain matters specified in the listing standards. The NYSE listing standards contain detailed requirements for the audit committees of U.S. listed companies. Commencing on July 31, 2005, some, but not all, of these requirements also apply to non-U.S. listed companies, such as us.

The Board of Directors has designated the Board of Statutory Auditors as the appropriate body to act as the Audit Committee, as defined in the Sarbanes-Oxley Act, SEC regulations and the NYSE listing standards. The Board of Statutory Auditors has acted as the Audit Committee beginning with the annual meeting of shareholders on June 14, 2006. Beginning on July 31, 2005 and until the annual meeting of shareholders on June 14, 2006, the functions of the Audit Committee were performed by the Internal Control Committee, as determined by the Board of Directors. Additional information regarding our Internal Control Committee and Board of Statutory Auditors is set forth below.

Italian law requires neither the establishment of board committees nor the adoption of written committee charters. With respect to the nomination of directors, the Italian Corporate Governance Policies recommend that each Italian listed company file with its registered office, at least ten days before its annual meeting of stockholders, a list of the personal and professional qualifications of each proposed director nominee. The Italian Corporate Governance Policies also recommend that, if an Italian listed company appoints a committee to select, or recommend the selection by the board of directors of, director nominees for the next annual meeting of stockholders, a majority of this committee be comprised of non-executive directors. Our director nominees are selected by our entire Board of Directors, and we comply with the Italian Corporate Governance Policies' recommendation that we timely file with our registered office a list of the personal and professional qualifications of each of our proposed director nominees.

The Italian Corporate Governance Policies recommend, but do not require, that Italian listed companies appoint a compensation committee and that a majority of this committee be comprised of non-executive directors. In accordance with Italian law, our Human Resources Committee, which does not consist of a majority of independent directors, performs the functions of a compensation committee, including the review of our officers' compensation and our stock option plans. The Italian Corporate Governance Policies also do not require Italian listed companies to have an audit committee, but do require companies to appoint a Board of Statutory Auditors. Additional information regarding our Board of Statutory Auditors is set forth below.

Internal Control Committee

Our Internal Control Committee consists of three independent directors. The committee has investigative, advisory and proposal-making functions concentrating on, among other matters, the internal control system and the proper use of accounting principles in conjunction with our administration managers and auditors. The committee reports to the Board of Directors at least twice a year.

Board of Statutory Auditors

Our Board of Statutory Auditors is appointed by our stockholders and serves for a period of three years. Italian law establishes the qualifications of candidates that may be appointed as members of the Board of Statutory Auditors, including the requirement that members not concurrently serve on the listed company's board of directors. Our By-Laws are required to ensure that at least one member of the Board of Statutory Auditors may be elected by our minority stockholders. Our By-laws comply with this provision providing that at least one effective and one alternate member may be elected by our stockholders holding at least 3 percent of our outstanding shares.

The Board of Statutory Auditors oversees our compliance with our By-laws and applicable laws and the adequacy of our internal control system and accounting and administrative system. The Board of Statutory Auditors is required to attend all meetings of our stockholders and the meetings of our Board of Directors. The Board of Statutory Auditors is also required to notify CONSOB if we fail to comply with our By-laws or any applicable laws.

Corporate Governance Guidelines; Certification

The NYSE listing standards require U.S. listed companies to adopt, and post on their websites, a set of corporate governance guidelines. The guidelines must address, among other things, director qualification standards, director responsibilities, director access to management and independent advisers, director compensation, director orientation and continuing education, management succession, and an annual performance evaluation. In addition, the chief executive officer of a U.S. listed company must certify to the NYSE annually that he or she is not aware of any violations by the company of the NYSE's corporate governance listing standards. The certification must be disclosed in the company's annual report to stockholders.

Italian Corporate Governance Policies require that listed companies annually report to their shareholders at the annual general meeting on their corporate governance system. Our Company complies with such requirement. You may find our corporate governance report on our website at www.luxottica.com.

Code of Business Conduct and Ethics

The NYSE listing standards require each U.S. listed company to adopt, and post on its website, a code of business conduct and ethics for its directors, officers and employees. Under SEC rules, all companies required to submit periodic reports to the SEC, including us, must disclose in their annual reports whether they have adopted a code of ethics for their principal executive officer and senior financial officers. In addition, they must file a copy of the code with the SEC, post the text of the code on their website or undertake to provide a copy upon request to any person without charge. There is significant, though not complete, overlap between the code of business conduct and ethics required by the NYSE listing standards and the code of ethics for senior financial officers required by the SEC's rules.

In accordance with SEC rules we have adopted a Code of Ethics, which contains provisions in compliance with SEC requirements. Our Code of Ethics is available on our website at www.luxottica.com.

Stockholder Approval of Equity Compensation Plans

The NYSE listing standards require U.S. listed companies to seek stockholder approval for certain equity compensation plans. Italian law requires Italian listed companies to submit any capital increases of shares reserved for issuance under their equity compensation plans to stockholders for their approval at the annual meeting of stockholders. In accordance with the Italian Corporate Governance Policies, our stockholders approved capital increases of shares reserved for issuance under our existing stock option plans in 1998, 2001 and 2006.

PART II

Item 16A. Audit Committee Financial Expert

Our Board of Directors has determined that a member of our Board of Statutory Auditors, Marco Reboa, qualifies as an audit committee financial expert, as defined in the SEC rules. The Board of Statutory Auditors has been designated by our Board of Directors as the appropriate body to act as our Audit Committee, as defined in the Sarbanes-Oxley Act, SEC regulations and the NYSE listing standards. See Item 6 Directors, Senior Management and Employees Summary of the Significant Differences Between Our Corporate Governance Practices and the Corporate Governance Standards of the New York Stock Exchange Board Committees.
