**Item 1.01. Entry into a Material Definitive Agreement.**

On May 10, 2007, the Compensation Committee (the Compensation Committee) of the Board of Directors (the Board) of Forest Oil Corporation (Forest) ratified and approved Forest's 2007 Annual Incentive Plan (Plan), including the 2007 performance measures for Forest's executive officers and all other participants in the Plan. Under the Plan, any incentive rewards will be linked to several performance criteria, including total shareholder return, cash costs (such as lease operating expense, transportation expense, and total general and administrative expense), acquisition activities, production levels, and rate of return on capital investments. Each of the performance criteria is tied to a percentage of the participant's target bonus, which is expressed as a percentage of a participant's base salary. In addition to the target level, the Plan includes completion percentages for a range of performance levels, starting at a threshold level (25% of the target level) up to an outstanding level (200% of the target level). Determination of the completion percentages will be determined by the Compensation Committee and a minimum 25% completion threshold is required for the total plan.

The Plan is administered by the Compensation Committee and the President and Chief Executive Officer (for all participant awards other than his own award), although certain administrative elements may be delegated to Forest's Vice President of Human Resources and participation in the Plan is determined by the President and Chief Executive Officer. All performance goals, performance standards, award determinations, and modifications to the Plan must be approved by the Compensation Committee, and the granting of any awards under the Plan is at the sole discretion of the Board. The Plan is attached to this report as Exhibit 10.1.
