Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On June 4, 2007, Edison Mission Energy (EME) and Suzlon Wind Energy Corporation (Suzlon) entered into an agreement with respect to the purchase of 300 wind turbines (totaling 630 MW), together with related services and warranties, for an aggregate price of approximately \$698 million. EME may extend the services and warranties for additional payments. The wind turbines are to be delivered in 2008 and 2009. The agreement contains certain delivery schedules and performance guarantees, along with provisions for liquidated damages if those guarantees are not met by Suzlon. EME may terminate the purchase of specified tranches of turbines for convenience; upon such termination, EME would be obligated to pay agreed cancellation fees to Suzlon.(1)

(1) EME expects to request confidential treatment for a number of competitively sensitive terms of this agreement.
