## **CommScope and Andrew Transition News**

**November 8, 2007**

Welcome to the sixth edition of CommScope and Andrew Transition News, our vehicle for communicating with everyone about the progress of bringing together our two strong companies.

### **Key Developments**

Andrew shareholder meeting, proxy mailing set

High-level planning by transition teams

Andrew brand

### **Andrew shareholder meeting and proxy mailing set**

The US Securities and Exchange Commission has declared effective CommScope's registration statement on Form S-4, including the prospectus and Andrew's proxy statement. As a result, Andrew will mail on November 9 the proxy statement/prospectus to its shareholders of record as of November 1 with instructions and information necessary to vote on the proposed merger. The special meeting of Andrew shareholders for consideration of the merger is scheduled for December 10 in Rosemont, Ill. Complete details are included in the proxy statement/prospectus.

The merger can close within 10 business days after all conditions to closing have been satisfied, including receipt of shareholder approval and clearance from the US Department of Justice, the European Commission and the South African Competition Commission. Both companies continue to work with these three remaining jurisdictions. We are confident that the transaction should be approved and closed in late December.

### **Transition Teams**

The transition teams have begun the detailed planning phase of our efforts to combine the two companies. This next major phase follows completion of the teams' development of high level plans, which set each functional area's broad structure and direction. High level plans for each of the more than 50 transition teams were approved after being presented to the executive steering committee in face-to-face meetings in October at CommScope headquarters in Hickory, NC.

The teams now are focusing on key tactics and major actions that must be undertaken after closing of the transaction to integrate our companies. The detailed planning phase will be completed by the time of closing.

**Andrew Brand**

CommScope intends to retain and build upon the widely recognized Andrew brand because of its value in the wireless marketplace. Upon close of the transaction, the existing Andrew business will become the wireless unit of CommScope, named Andrew Wireless Solutions. While no changes will be made to CommScope's other brands, the well-known Andrew flash will be used as the logo for CommScope's wireless business. The two logo variations are shown below. The logo on the left will be used as a stand-alone, while the logo on the right will be used on materials that also contain the CommScope logo.
