SECTION 1 REGISTRANT'S BUSINESS AND OPERATIONS

ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On March 12, 2008, The Cheesecake Factory Incorporated (the Company) entered into an interest collar agreement with Bank of the West, effective March 5, 2008, as a cash flow hedge against the LIBO Rate movements on Amendment No. 1, dated as of March 5, 2008, to its five year, \$200 million unsecured revolving credit facility, dated as of April 3, 2007, with JPMorgan Chase Bank (collectively, the Credit Facility). The collar agreement relates only to the LIBO Rate portion of the interest and not the Applicable Margin. This agreement, which has a termination date of April 3, 2012, provides for the Company to pay interest at a rate between 2.54% and 4.50% on a notional amount of \$100 million while receiving interest for the same period at the LIBO Rate on the same notional amount. The Company expects that the interest rate collar will qualify as an effective cash flow hedge under Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities. As such, any changes in the fair value of the derivative are recorded in other comprehensive income on the consolidated balance sheets until earnings are affected by the variability of cash flows.
