QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS

AND THE 2009 ANNUAL MEETING

Q: *Why am I receiving these materials?*

A: The Board of Directors (the Board) of Heska Corporation, a Delaware corporation (Heska or the Company), is providing these proxy materials for you in connection with Heska's Annual Meeting of Stockholders (the Annual Meeting). The 2009 Annual Meeting will take place on Tuesday, May 5, 2009. As a stockholder, you are invited to attend the 2009 Annual Meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Q: *What information is contained in these materials?*

A: The information included in this proxy statement relates to the proposals to be voted on at the 2009 Annual Meeting, the voting process, the compensation of our Directors and most highly paid Executive Officers, and certain other required information. Our 2008 Annual Report on Form 10-K as filed with the Securities and Exchange Commission is also enclosed.

Q: *What items of business will be voted on at the 2009 Annual Meeting?*

A: The items of business scheduled to be voted on at the 2009 Annual Meeting are:

- (1) The election of two nominees to serve on our Board of Directors for a three-year term;
- (2) The approval of an amendment to our 1997 Stock Plan, which would reduce the number of shares which could be issued and allow for the further issuance of incentive stock options under our 1997 Stock Plan; and
- (3) The ratification of our independent registered public accountant for fiscal 2009.

We will also consider other business that properly comes before the 2009 Annual Meeting.

Q: *How does the Board recommend I vote on the proposals?*

A: The Board recommends a vote FOR the election of each of the Director nominees, FOR approval of the amendment to our 1997 Stock Plan and FOR the ratification of Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as the Company's independent registered public accountant.

Q: *Who is entitled to vote?*

A: Stockholders as of the close of business on March 26, 2009 (the Record Date) are entitled to vote at the 2009 Annual Meeting. As of the Record Date, 52,010,928 shares of our common stock were issued and outstanding. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. A list of stockholders entitled to vote at the 2009 Annual Meeting will be available at the 2009 Annual Meeting and for ten days prior to the meeting during normal business hours at our offices at 3760 Rocky Mountain Avenue, Loveland, Colorado 80538, by contacting our Secretary.

Q: *How do I vote?*

A: There are two ways you can vote:

- (1) Sign and date each proxy card you receive and return it in the prepaid envelope.

- (2) Vote in-person at the 2009 Annual Meeting. If your shares are held of record by a broker, bank or other nominee and you wish to vote your shares at the 2009 Annual Meeting, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2009 Annual Meeting.

Q: *How can I change my vote or revoke my proxy?*

A: You have the right to revoke your proxy and change your vote at any time before the meeting by notifying our Secretary, or returning a later-dated proxy card. You may also revoke your proxy and change your vote by voting in person at the meeting.

Q: *Who can help answer my questions?*

A: If you have any questions about the 2009 Annual Meeting or how to vote or revoke your proxy, you should contact:

Heska Corporation

Attn: Secretary

3760 Rocky Mountain Avenue

Loveland, Colorado 80538

(970) 493-7272

If you need additional copies of this proxy statement or voting materials, please contact our Secretary as described above.

Q: *What does it mean if I get more than one proxy card?*

A: It means that you hold shares registered in more than one account. Sign and return all proxies to ensure that all of your shares are voted.

Q: *Who will serve as inspector of elections?*

A: The inspector of elections will be a representative of Computershare Trust Company, Inc., our transfer agent.

Q: *What are the quorum and voting requirements for the 2009 Annual Meeting?*

A: The quorum requirement for holding the 2009 Annual Meeting and transacting business is that holders of a majority of the outstanding shares of our common stock entitled to vote must be present in person at the meeting or represented by proxy. Both abstentions and non-votes are counted for the purposes of determining the presence of a quorum, but not in determining the matter at hand. We will consider an abstention or a non-vote on a given matter to be a forfeiture of the right to vote on that matter and a forfeiture of the voting power present at the 2009 Annual Meeting underlying the forfeited votes regarding that matter. Accordingly, if you abstain on a given matter, your shares will not be voted for or against that matter and will not be considered as present and entitled to vote on that matter. However, you may abstain on a given matter for a certain portion of your shares and vote on the same matter with the remaining portion of your shares without forfeiting the votes underlying the shares you choose to vote. For example, a stockholder who owns 100 shares may choose to abstain on a proposal with 50 shares and vote for a proposal with the other 50 shares. In this case, the stockholder would forfeit his right to vote 50 shares on the proposal and would have his other 50 votes count for the proposal. In addition, an abstention or a non-vote on any matter will not affect your ability to vote on any other matter. If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon. If you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and, if so, will not be considered as present and entitled to vote with respect to those matters.

The holders of a majority of the outstanding shares of our common stock, present in person or by proxy, will constitute a quorum for the transaction of business at the 2009 Annual Meeting. Election of Directors will be determined by a plurality of the votes of the shares present in person or by proxy at the 2009 Annual Meeting and entitled to vote on the election of Directors. The other matters submitted for stockholder approval at the 2009 Annual Meeting, including the approval of the amendment to our 1997 Stock Plan, will be approved by the affirmative vote of a majority of the shares having voting power present in person or by proxy at the 2009 Annual Meeting and entitled to vote on the subject matter.

Q: *Who can attend the 2009 Annual Meeting?*

A: All stockholders as of the Record Date can attend. If you wish to vote your shares at the 2009 Annual Meeting and your shares are held of record by a broker, bank or other nominee, you must contact your broker, bank or other nominee to obtain the proper documentation

and bring it with you to the 2009 Annual Meeting.

Q: *What happens if additional matters are presented at the 2009 Annual Meeting?*

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the 2009 Annual Meeting. If you grant a proxy, the persons named as proxyholders - Robert B. Grieve, Ph.D. our Chairman and Chief Executive Officer, Jason A. Napolitano, our Executive Vice President, Chief Financial Officer and Secretary and Michael A. Bent, our Vice President, Principal Accounting Officer and Controller - will have the discretion to vote your shares on any additional matters presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for Director, the persons named as proxyholders, Dr. Grieve, Mr. Napolitano and Mr. Bent, will vote your proxy for such other candidate or candidates who may be nominated by the Board.

Q: *Where can I find the voting results of the meeting?*

A: We intend to announce preliminary voting results at the 2009 Annual Meeting and publish final results in our quarterly report on Form 10-Q for our second fiscal quarter of 2009.

Q: *May I propose actions for consideration at next year's Annual Meeting or nominate individuals to serve as Directors?*

A: You may submit proposals, including Director nominations, for consideration at future stockholder meetings. All proposals or nominations should be addressed to: Secretary, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, the written proposal must be received by our Secretary at our principal executive offices under either (1) Rule 14a-8 under the Securities Exchange Act of 1934, as amended (a Rule 14 Proposal) or (2) the bylaws of Heska (a Bylaws Proposal). A Rule 14 Proposal must be received by our Secretary at our principal executive offices no later than December 3, 2009. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in our proxy statement is instead a reasonable period of time before we begin to print and mail our proxy materials. Such proposals also will need to comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended, regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a Bylaws Proposal, the stockholder must deliver a written notice of intent to propose such action in accordance with our bylaws, which in general require

that the notice be received by us not less than 60 days nor more than 90 days prior to the first anniversary of the date on which notice of the prior year's annual meeting was mailed to stockholders. These proxy materials for the 2009 Annual Meeting were mailed on April 6, 2009. This means that for the 2010 Annual Meeting, that any such proposal must be received no earlier than January 6, 2010 and no later than February 5, 2010.

Director Nominees: You may propose Director candidates for consideration by the Board's Corporate Governance Committee. Any such recommendations should be directed to our Secretary at our principal executive offices. In addition, you may nominate a Director for consideration by Heska's stockholders if you give timely and adequate notice to our Secretary of your intention to make such nomination in accordance with our bylaws, which require that the notice be received by the Secretary within the time periods described above under "Stockholder Proposals" and with the detail regarding your nomination as is required by our bylaws.

Copy of Bylaw Provisions: You may contact our Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating Director candidates. A copy of our bylaws has also been filed with the Securities and Exchange Commission with our Quarterly Report on Form 10-Q for the quarter ended June 30, 2002. A copy of which is accessible at the website of the Securities and Exchange Commission at www.sec.gov.

Q: *Who bears the costs of soliciting votes for the 2009 Annual Meeting?*

A: Heska is making this solicitation and will pay the entire cost of preparing, printing, assembling and mailing these proxy materials. In addition to the mailing of these proxy materials, certain of our Directors and employees may solicit proxies on our behalf in person, by telephone, electronic transmission or facsimile. No additional compensation will be paid to these people for such solicitation. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

Consideration of Director Nominees

Our Corporate Governance Committee considers candidates for Board membership suggested by its members. Our Corporate Governance Committee has also utilized a third-party executive search firm in the past to identify candidates.

Our Corporate Governance Committee does not have an established policy for minimum qualifications of Director nominees. However, pursuant to our Corporate Governance Guidelines, our Corporate Governance Committee will consider, among other things, diversity, skills and experience in such areas as operations, finance, marketing and sales, manufacturing, technology and the general needs of our Board.

Our Corporate Governance Committee will also consider nominees recommended by stockholders provided such recommendations are made in accordance with our bylaws and the procedures described in this proxy statement under Questions and Answers About the Proxy Materials and the 2009 Annual Meeting. Although to date no stockholder has presented any candidate for Board membership to us, it is expected that recommendations from stockholders would generally be considered in the same manner as recommendations by a Director or an Officer of the Company.

Stockholder Communication with our Board

Stockholders can contact our Board, any Committee thereof, or any Director in particular, by writing to them, c/o Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538, Attn: Secretary. We will forward any correspondence sent in the foregoing manner to the appropriate addressee without review by management.

DIRECTOR COMPENSATION

The form and amount of compensation paid to the non-employee Directors is reviewed from time to time by our Corporate Governance Committee, which currently is reviewing the method and level of Director compensation and may approve corresponding changes to take effect prior to year end. Any revisions to our Director Compensation policy have been recommended by our Corporate Governance Committee and approved by our Board.

In 2008, our sole employee Director did not receive any separate compensation for his Board activities. Non-employee Directors received the compensation described below.

On each date of our Annual Meeting, each continuing non-employee Director who was a Director immediately prior to the Annual Meeting automatically receives options valued at \$37,500 to purchase shares of our common stock, subject to a maximum grant of options to purchase 50,000 shares of our common stock. These grants are to be immediately exercisable and to vest in full on the earlier of (i) the one year anniversary of the date of grant and (ii) the date immediately preceding the date of the Annual Meeting for the year following the year of grant for the award. Any new non-employee Directors appointed or elected to our Board will be automatically granted options valued at \$37,500 to purchase shares of our common stock, subject to a maximum grant of option to purchase 50,000 shares of our common stock. Any such grant is to be immediately exercisable and to vest over a period of four years in equal annual installments. The value for options granted pursuant to this paragraph is to be determined pursuant to our option valuation policy at the time of issuance.

Each non-employee Director is also entitled to an annual cash retainer in the amount of \$20,000. The Company pays the annual retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service to the Company as a non-employee Director on such date.

In addition, each non-employee Director who serves as Chairperson of a Board Committee is entitled to an annual cash retainer in the amount of \$5,000 (the Chair Retainer). The Chair Retainer is to be reduced from \$5,000 to \$2,500, effective July 1, 2009. The Company pays the Chair Retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service as Chairperson of such Committee. Each non-employee Director who serves on a Board Committee will be entitled to an annual cash retainer of \$2,500 (the Committee Retainer). A non-employee Director who is also the Chairperson of a Committee shall be entitled to the Committee Retainer in addition to the Chair Retainer. The Company pays the Committee Retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service as a member of such Committee. Non-employee Directors will also continue to be reimbursed for customary and usual travel expenses.

The following tables provide information for fiscal 2008 compensation for non-employee Directors who served during fiscal 2008.

Like any estimate prepared in good faith, the underlying assumptions we use under Option Accounting Rules may vary from our actual future results. The option valuations used for accounting and/or financial reporting purposes do not necessarily represent the value any individual recipient would place on an option award. In addition, Option Accounting Rules prohibit some valuation techniques which may be useful in certain circumstances. A more detailed description of our option valuation techniques and assumptions can be found in our Annual Report on Form 10-K for the year ended December 31, 2008 in our Note 7 of the Notes to Consolidated Financial Statements.

PROPOSALS TO BE VOTED ON

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board is divided into three classes serving staggered three-year terms. Our amended and restated certificate of incorporation requires us to ensure each class is as nearly equal in number as possible. Directors for each class are elected at the Annual Meeting of Stockholders held in the year in which the term for their class expires.

The terms for two continuing Directors will expire at this 2009 Annual Meeting. Directors elected at the 2009 Annual Meeting will hold office for a three-year term expiring at our 2012 Annual Meeting (or until their respective successors are elected and qualified, or until their earlier death, resignation or removal).

Nominees for Three-Year Terms That Will Expire in 2012

William A. Aylesworth, age 66, has served us as a Director since June 2000. Mr. Aylesworth served as Senior Vice President from 1988 to 2003 and Chief Financial Officer of Texas Instruments Incorporated from 1984 to 2003. He served as Treasurer of Texas Instruments from 1982 to 2002. PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO 1997 STOCK PLAN

Our Board is submitting an amendment (the *Amendment*) to our 1997 Stock Incentive Plan (our *1997 Stock Plan*) for shareholder approval.

Background

Our 1997 Stock Plan was originally adopted by our Board and approved by our shareholders in 1997. The stated purpose of the 1997 Stock Plan is to promote the long-term success of the Company and the creation of stockholder value by a) encouraging employees, outside Directors and consultants to focus on critical long-range objectives, b) encouraging the attraction and retention of employees, outside Directors and consultants with exceptional qualifications and c) linking employees, outside Directors and consultants directly to stockholder interests through increased stock ownership. The 1997 Stock Plan seeks to achieve this purpose by providing for awards in the form of restricted shares or options (which may constitute incentive stock options or nonstatutory stock options). We have not issued restricted shares under the 1997 Stock Plan since 2001.

Shares available under the 1997 Stock Plan are reduced by the Amendment

The number of shares which may be issued under the 1997 Stock Plan is limited. Shares underlying options issued under the 1997 Stock Plan which are forfeited or terminate for any other reason before being exercised may be used to underlie the future grant of options or restricted shares under the 1997 Stock Plan. As of the Record Date, there were 2,576,652 shares available under the 1997 Stock Plan. The Amendment, if it had been approved on the Record Date, would have reduced the number of shares available under the 1997 Stock Plan on the Record Date by 250,000 to 2,326,652.

Further incentive stock options may be issued under the 1997 Stock Plan due to the Amendment

A stock option is the right to acquire shares at a fixed exercise price for a fixed period of time. Incentive stock options are a type of option designed to comply with certain provisions of the U.S. tax code which may offer the recipient certain tax advantages depending on circumstances, as is discussed in more detail below. An individual must be an employee to receive an incentive stock option, so outside Directors and consultants may not receive this type of option. The current 1997 Stock Plan does not allow the issuance of any incentive stock options after March 14, 2007. All incentive stock options issued since that date have been issued under our 2003 Equity Incentive Plan, as amended and restated (our *2003 Stock Plan*). Our 2003 Stock Plan is currently the only vehicle under which we may issue incentive stock options and has 479,738 shares available for issuance as of the Record Date. The 1997 Stock Plan allows for the issuance of nonstatutory stock options after March 14, 2007 and as outside Directors are not eligible for incentive stock options, all options issued to our outside Directors have been issued under the 1997 Stock Plan since that time. The Amendment will allow the issuance of incentive stock options through May 4, 2019.

Certain Federal Tax Aspects

The following paragraphs are a summary of the Company's understanding of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the 1997 Stock Plan. Tax consequences for any particular individual may be different.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxable income is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more

than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Nonstatutory Stock Options

No taxable income is reportable when a nonstatutory stock option, which also may be referred to as a nonqualified stock option, is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock

A participant will not have taxable income upon grant unless he or she elects to be taxed at that time. Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an award under the 1997 Stock Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated Executive Officers. Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 1997 Stock Plan, setting limits on the number of awards that any individual may receive and, for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The 1997 Stock Plan has been designed to permit the Company to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

The Company expects a minimal impact on cash taxes paid resulting from deductions related to the 1997 Stock Plan due to the Company's large domestic net operating loss position, which allows the Company to offset current taxable income with losses from prior years for ordinary income tax purposes.

Awards to be Granted to Certain Individuals and Groups

The number of awards that an employee or consultant may receive under the Plan is at the discretion of our Compensation Committee and therefore cannot be determined in advance. The following table sets forth: a) the aggregate number of shares subject to incentive stock options granted under our 2003 Stock Plan during 2008, b) the aggregate number of shares subject to nonstatutory stock options granted under our 1997 Stock Plan during 2008 and c) the average per share exercise price of all such options. Dr. Grieve received both incentive stock options and nonstatutory stock options as federal tax rules limit the value of incentive stock options which may become exercisable in any given year.

Name	Number of Incentive Stock Options Granted (2003 Stock Plan)	Number of Nonstatutory Stock Options Granted (1997 Stock Plan)	Average Exercise Price Per Option
Robert B. Grieve, Ph.D.	68,762	231,238	\$ 0.44
Michael J. McGinley, Ph.D.	190,000		\$ 0.59
Jason A. Napolitano	130,000		\$ 0.44
Michael A. Bent	50,000		\$ 0.44
G. Lynn Snodgrass	50,000		\$ 0.44
All Executive Officers, as a group	538,762	231,238	\$ 0.48
All outside Directors, as a group		295,268	\$ 1.62
All others	490,000	20,000	\$ 0.72

Summary

Our Board believes incentive stock options are an important tool to be used in attracting, retaining and providing the proper long-term incentives to employees, and believes it is desirable to give the Company the flexibility to issue incentive stock options under the 1997 Stock Plan. Along with this change, our Board is proposing to reduce the shares available for issuance under the 1997 Stock Plan as an indication of the Company's commitment to using the 1997 Stock Plan to maximize shareholder value while minimizing any corresponding dilution.

If approved, the impact of the Amendment is intended only to: 1) reduce the number of shares we could issue under the 1997 Stock Plan by 250,000 and 2) allow us to issue incentive stock options through May 4, 2019 under the 1997 Stock Plan, assuming we have the underlying shares available under the 1997 Stock Plan. The foregoing is only a summary of the 1997 Stock Plan, as amended if approved, and is qualified in its entirety by reference to its full text, a copy of which is attached hereto as Appendix A.

Vote Required; Recommendation of our Board of Directors

The affirmative vote of a majority of the shares present in person or by proxy at our Annual Meeting which are entitled to vote on the subject matter and have voted and chosen not to abstain is required to approve the proposed amendment to our 1997 Stock Incentive Plan. If the amendment to our 1997 Stock Plan is not approved, the 1997 Stock Plan will remain as is with no changes i.e. the Company would be able to issue at least 2,576,652 new shares from the Record Date under the 1997 Stock Plan, including underlying nonstatutory stock options, although the Company could not issue incentive stock options under the 1997 Stock Plan.

Our Board unanimously recommends a vote FOR the approval of the Amendment to the 1997 Stock Plan.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

Our Board of Directors is submitting the appointment of Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as the Company 's independent registered public accountant for stockholder ratification at the 2009 Annual Meeting. EKS&H has served as our independent registered public accountant since March 31, 2006. A representative of EKS&H is expected to be present at the Annual Meeting and will have an opportunity to make a statement if the representative desires to do so. Such representative will also be available to answer questions at the meeting.

Vote Required; Recommendation of our Board of Directors

Stockholder ratification of the appointment of EKS&H as our independent registered public accountant is not required by our bylaws or otherwise. Our Board, however, is submitting the appointment of EKS&H to the stockholders for ratification as a matter of good corporate governance practice. The affirmative vote of a majority of the shares present in person or by proxy at our Annual Meeting which are entitled to vote on the subject matter and have voted and chosen not to abstain is required to ratify the appointment of EKS&H as our independent registered public accountant for fiscal 2009. If the stockholders fail to ratify the appointment, our Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accountant at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Our Board unanimously recommends a vote FOR the ratification of EKS&H as our independent registered public accountant for fiscal 2009.

A related person for purposes of this analysis is any executive officer, director, nominee for director, or holder of 5% or more of the Company's common stock, or an immediate family member of any of those persons.

Since January 1, 2008, the Company has not been a participant in any transaction with a related person other than the indemnification agreements described below.

Indemnification agreements with officers and directors

Our amended and restated certificate of incorporation and our bylaws provide that we will indemnify each of our Directors and Executive Officers to the fullest extent permitted by the Delaware General Corporation Law. Further, we have entered into indemnification agreements with each of our Directors and Executive Officers.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Objective and Philosophy

The Compensation Committee of Heska Corporation's Board of Directors (the Committee) administers our executive compensation program and establishes the salaries of our Executive Officers. The ultimate objective of our executive compensation program is to attract, retain and reward executives who will enhance the value and profitability of Heska Corporation (Heska or the Company) and increase stockholder value. The Committee strives to provide competitive compensation opportunities with the ultimate amount of compensation received tied significantly to short-term and long-term Company performance. Inherent in our approach is the philosophy that compensation can align behavior and actions with stockholder interests, attract and retain stronger executives and thus create value for stockholders over time. The Committee's goal in executive compensation is to design and administer programs that best serve these ends.

What is Heska's Executive Compensation Program Designed to Reward?

The Committee develops our executive compensation programs to reward Executive Officers for their contribution to Heska's financial performance and to recognize individual initiative, leadership, achievement and other contributions. An effective compensation program will reward executives for working well collectively as well as for strong individual performance.

What are the Elements of Heska's Executive Compensation?

Our compensation program is designed to reward four interlocking aspects of executive performance:

- Continued service to the Company; rewarded primarily through base salary, equity award requirements and vesting and competitive benefits levels;
- Individual contribution: rewarded primarily through the setting of base salary and annual Management Incentive Plan (MIP) targets;
- Annual financial performance: rewarded primarily through the awards paid under the MIP; and

- Long-term gains in stockholder value: rewarded primarily through the equity incentive program.

Why Does Heska Choose to Pay Each Element of Executive Compensation?

Base salary. Base salaries are set on an annual or other periodic basis and designed to reflect competitive market salaries for each position. They are also used in determining the basis for bonus targets in our Management Incentive Plan (MIP) discussed below.

Performance-based incentive compensation. This form of compensation is based on the achievement of predetermined financial, project, research or other designated objectives. This form of compensation is paid to reward near-term performance (i.e., no longer than the coming year) and encourage Executive Officers to optimize immediate opportunities. In recent years, an MIP has been offered to Executive Officers and other managers to provide a performance-based incentive.

Long-term equity compensation. This form of compensation is designed to encourage the achievement of superior financial results over an extended period of time and align the interests of stockholders and Executive Officers. It is intended to ensure that Executive Officers make thoughtful decisions about the Company's future and long-term prospects.

Other benefits, compensation or arrangements. Other than broad-based programs open to all employees, such as participation in our 401(k) program and employee stock purchase plan, this category tends to be used rarely. Most of our Executive Officers have employment agreements. An Executive Officer's extraordinary performance or participation in an unanticipated endeavor may occasionally trigger such an award in this category.

Perspective on Executive Compensation at Heska

Heska was founded in 1988 and completed its initial public offering in 1997 but only achieved its first profitable year in 2005. We believe the Company's historical liquidity concerns and efforts to achieve profitability have influenced the Committee's decisions regarding executive compensation, as outlined below.

Profitability has been an important goal for Heska to ensure the sustainability of the business. Profitability has also been critical, not only for its own sake, but also for employee morale, attracting talented individuals to join the Company and commercial perceptions. At the request of Heska's Executive Officers to help achieve profitability, the Committee froze base salaries for all Executive Officers in 2005 and 2006. Similarly, the 2005 MIP called for a performance in excess of the Company's internal budget before any bonus payments were made and no payouts were ultimately made under the 2004 MIP or the 2005 MIP (with the foregoing base salary and MIP information defined as "Historical Cash Compensation"). Based on the challenges the Company faced in 2008 and at the request of management, the Committee has taken a similar approach to cash compensation in 2009. With limited circumstance-based exceptions outlined below, in November 2008 the Committee froze base salaries for all of our Executive Officers and also adopted a 2009 MIP that calls for a performance in excess of the Company's internal budget before any bonus payments are made.

Stock options have historically had the advantage of allowing the Company to address both liquidity and profitability concerns simultaneously. First, stock options allowed the Committee to compensate employees without a corresponding cash outlay, and, in fact, provided the Company with cash upon exercise in most instances. Secondly, stock options granted have not historically been required to be expensed for financial reporting purposes. Accordingly, the Committee tended to emphasize stock options as a tool for executive compensation. Since 2006, the Company has been required to recognize a cost for certain stock options in its financial statements, as detailed in the "Summary Compensation Table" below; the estimated fair value of stock options granted, rather than the corresponding intrinsic value, is amortized ratably over the vesting periods of the related options. After considering the significant impact that the use of fair values, rather than intrinsic values, would have on our future results of operations, as well as factors including Historical Cash Compensation to Executive Officers and similar cash compensation issues to other employees, the Company accelerated stock option vesting in December 2004 and March 2005 as well as issuing all options with immediate vesting on and between March 30, 2005 and December 31, 2005. This is why many options held by Executive Officers are vested, and exercisable, as of December 31, 2008 in the table labeled "Outstanding Equity Awards at Fiscal Year-End" below.

The Committee is also sensitive to, and tries to optimize, tax implications. It is our policy generally to qualify compensation paid to Executive Officers for deductibility under Section 162(m) of the Internal Revenue Code. The Committee has structured the Management Incentive Plan Master Document, the 2006 MIP, the 2007 MIP, the 2008 MIP and the 2009 MIP to qualify as awards under such plans as performance-based compensation and to maximize the tax deductibility of such awards. However, the Committee reserves the discretion to pay compensation to its Executive Officers that may not be tax deductible.

Determination of Compensation Elements

Edgar Filing: HESKA CORP - Form DEF 14A

In reviewing the compensation of our Executive Officers, the Committee reviews the nature and scope of each Executive Officer's responsibilities as well as his or her effectiveness in that role as well as in supporting the Company's long-term goals. Heskä's Board of Directors (the Board) formally evaluates the Chief Executive Officer (our CEO). Our CEO communicates his view of the performance of other Executive Officers to the Committee and makes recommendations regarding salary, incentive-based

performance compensation and long-term compensation grants for the Committee's consideration. The Company has a performance appraisal system it uses to evaluate its employees, including Executive Officers, which Dr. Grieve considers, potentially along with other information, such as third-party interviews of Company employees who interact with the Company's Executive Officers. As more detailed oversight of items such as short-term sales performance by product is considered more important, our CEO has historically taken a more active role in determining the cash performance-based incentive compensation of our Vice President of Sales than for our other Executive Officers. Through the end of 2008, our CEO approved cash performance-based incentive compensation for our Vice President of Sales and made the resulting compensation information available to the Committee. Decisions regarding base salary, long-term equity incentive compensation and other benefits, compensation or arrangements are made in the same manner for our Vice President of Sales as for our other Executive Officers. In the past few years, Heska's Vice President of Human Resources has compiled and presented data discussed below for the Committee's consideration of the different compensation elements discussed below. The Chief Financial Officer (our CFO) has also met with the Committee to communicate on issues of interest to the Committee, including the accounting implications of various compensation alternatives and information on our financial plans, expectations and historical results for the Committee's consideration.

The Committee has considered it appropriate, and in the best interests of Heska's stockholders, to endeavor to set our overall Executive Officer compensation near the mid-point of the range of companies in the comparison group it reviewed (Comparable Companies). The Committee also reviews the relative mix of compensation paid by Comparable Companies for use as a guideline. It is the sense of the Committee that performance-based incentive compensation has been relatively lower and long-term equity compensation relatively higher than for Comparable Companies. We anticipate the Committee will continue to exercise its discretion regarding the relative mix of compensation, although the relative mix may become more similar to that of Comparable Companies over time. The Committee views the difference between the compensation of our CEO and our other Named Executive Officers as largely a reflection of competitive market practices and the CEO's responsibility for all Company operations and not any compensation philosophy specific to Heska. In compensation matters, the Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

In 2005 and 2006, the process to determine executive compensation culminated at our Board meeting held in the fourth quarter. At that time a Committee meeting was held and final determinations were made regarding any base salary increases, MIP Plan adoption and/or long-term compensation equity grants for the coming year. Accordingly, all option grants to Executive Officers were granted after the market close on the day the Committee met during the Company's fourth quarter Board meeting. We expect this to be our standard practice going forward.

At our regularly scheduled Board meeting in November 2007, the Committee met with an outside compensation consultant (the Consultant) and decided to engage the Consultant for an assessment of executive compensation strategy and programs and to provide data on competitive compensation practices. Accordingly, the process to determine executive compensation was delayed. The Committee asked the Consultant to conduct a compensation survey of companies similar to Heska and to review the current total and equity compensation of the Company's Executive Officers. The Consultant reported to the Committee, only, and was prohibited from doing any work for management unless it was specifically requested by the Chairman of the Committee. The Committee viewed the Consultant as an advisor only, and the Committee retained the discretion to implement or not implement the Consultant's suggestions. In subsequent dialogue with the Consultant, alternative long-term compensation approaches were discussed, including the use of restricted stock and performance-based vesting. The Committee held a series of meetings in December 2007 to review information and suggestions from the Consultant and to debate, and ultimately approve, the form and scale of long-term equity compensation for 2008. Base salaries and 2008 performance-based incentive compensation were agreed upon at a Committee meeting during our regularly scheduled Board meeting in February 2008.

The Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to

Heska. In 2006, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Abgenix, Arqule, Array Biopharma, Digene, Embrex, Hi Tech Pharmaceuticals, IDEXX Laboratories, Meridian Bioscience, MGI Pharma, Quidel and Savient Pharmaceuticals. In 2007, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Array Biopharma, Auxilium Pharmaceuticals, Cardiac Science, Cyberonics, Hi Tech Pharmaceuticals, IDEXX Laboratories, Immucor, Meridian Bioscience, MGI Pharma, Noven Pharmaceuticals, Quidel, Santarus, Savient Pharmaceuticals and Zoll Medical. The Committee also reviewed benchmark data resulting from a study of 120 life sciences companies carried out by the Consultant in 2007. In 2008, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Array Biopharma, Auxilium Pharmaceuticals, Cardiac Science, Cyberonics, Hi Tech Pharmaceuticals, IDEXX Laboratories, Immucor, Meridian Bioscience, MGI Pharma, Noven Pharmaceuticals, Quidel, Santarus, Savient Pharmaceuticals and Zoll Medical. The Committee also reviewed summary compensation data based on company size for each year.

Base Salary. The Committee reviews each Executive Officer's base salary annually. When reviewing base salaries, the Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to Heska. Consideration is also given to prior performance, relevant experience, level of responsibility and skills, and abilities of each Executive Officer. The Committee believes that salary levels for our Executive Officers are set at a level that, at the time such salary determinations were made, were reasonable and necessary given the Company's financial resources and stage of development. The Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

In 2006, the Committee was concerned regarding the effect of the three year salary freeze on Executive Officer base salaries versus market levels. The information in the base salary table below was approved for the Named Executive Officers by the Committee. The Committee also agreed to consider a mid-2007 review of base salaries if necessary to bring them more in line with desired rates.

Name		Annual Salary	Percent Increase
Robert B. Grieve	\$	375,000	10.0%
Jason A. Napolitano	\$	232,575	5.0%
G. Lynn Snodgrass	\$	154,500	3.0%
Michael J. McGinley	\$	166,650	10.0%
John R. Flanders	\$	200,000	N/A(1)
Michael A. Bent	\$	165,635	3.8%

(1) Mr. Flanders joined the Company as of December 11, 2006.

In 2007, after reviewing and considering Comparable Company data and the recent performance of both Dr. Grieve and the Company, our Board of Directors decided to increase Dr. Grieve's base salary by approximately 6.7% to \$400,000 effective September 2007. In February 2008, after reviewing and considering relevant data, including input from Dr. Grieve, the Committee agreed to the following base salaries, effective March 2008. Dr. McGinley's salary increase was due in part, to his anticipated promotion and increased responsibilities upon another Executive Officer leaving the Company. Dr. McGinley was promoted to Executive Vice President, Global Operations and General Manager, Heska Des Moines in April 2008.

Name		Annual Salary	Percent Increase
Robert B. Grieve	\$	420,000	5.0%
Jason A. Napolitano	\$	243,000	4.5%
G. Lynn Snodgrass	\$	158,000	2.3%
Michael J. McGinley	\$	195,000	17.0%
John R. Flanders	\$	206,000	3.0%
Michael A. Bent	\$	172,000	3.0%

In November 2008, at the request of management based on the challenges the Company faced in 2008 and expected to face in the near term, the Committee froze base salaries for all Executive Officers, with the exception of Dr. McGinley and Mr. Snodgrass. Dr. Grieve proposed that, effective January 1, 2009, the Committee formally include Mr. Snodgrass in the 2009 MIP in lieu of the commission and bonus structure outlined below then in use for his performance-based incentive compensation, as Dr. Grieve felt Mr. Snodgrass had reached a level where this form of compensation was more appropriately based on overall corporate results rather than shorter term sales results. Dr. Grieve also proposed that Mr. Snodgrass's salary increase effective as of January 1, 2009 as historically it was intended that, compared with managers and other officers outside of sales, Mr. Snodgrass would receive a relatively lower proportion of his overall compensation in base pay and a relatively higher proportion in performance-based incentive compensation. The Committee accepted Dr. Grieve's recommendation, and increased Mr. Snodgrass's salary to \$180,120 effective January 1, 2009. In November 2008, our Board of Directors appointed Dr. McGinley the Company's President and Chief Operating Officer at a salary of \$230,000, effective January 1, 2009.

Performance-Based Incentive Compensation. The Company first adopted an MIP in 1999 to provide incentives to our Executive Officers, other managers and key employees to meet and exceed certain predetermined annual goals. Target annual incentives and specific performance criteria are established each year by the Committee, with the actual payout based on the extent to which the specified performance criteria are met. We believe this approach provides a strong incentive for our management to achieve the stated annual goals. An example of the incentive can be seen when comparing the cash levels of the 2006 MIP Payouts to the 2007 MIP Payouts in the Summary Compensation Table below. In late 2005, the Committee adopted the Management Incentive Plan Master Document (the Master Document). A goal of the Master Document is self-funding status for the MIP in any given year. A given year's MIP can be implemented by the Committee agreeing on four parameters: 1) the percent of salary that is an individual's targeted bonus compensation, 2) the relative weighting of company wide and individual performance, 3) the key parameter(s) the MIP Payouts are to be based upon and 4) the Payout Structure by which the MIP is funded. Typically there has been a cap on the MIP of approximately 150% of target payout to all employees, although this is not required in any given year. Each individual has a targeted MIP Payout and this is intended as a guideline. Our CEO will generally make recommendations to the Committee regarding MIP Payouts to other MIP Plan participants; all awards under the MIP Plan are at the discretion of the Committee. Any MIP Payouts are to be made in the first quarter of the following year. All Executive Officers are eligible for the 2009 MIP. All Executive Officers, with the exception of Mr. Snodgrass, our Vice President of Sales, were eligible for the MIP in 2006, 2007 and 2008. In 2006, 2007 and 2008, performance-based incentive compensation for Mr. Snodgrass consisted of commissions earned based on achieving certain sales volume targets (his Commissions) and, in 2007 and 2008, a bonus paid at the discretion of Dr. Grieve based on Company financial performance and individual performance that is similar to the MIP (his Bonus). Mr. Snodgrass's performance-based incentive compensation in 2006, 2007 and 2008 is discussed below.

In considering the 2006 MIP, the Committee was aware that the Executive Officers were entering their third consecutive year with the same salary and that the Executive Officers had not received any bonus payments in the prior two years. The Committee adopted a plan with relatively low payout thresholds, as detailed below. At the Committee meeting in the fourth quarter of 2005, the Committee adopted the 2006 MIP with the following parameters:

Edgar Filing: HESKA CORP - Form DEF 14A

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Net Income Goal
Payout Structure	Funding starts at \$1 of Pre-MIP Net Income Goal
	50% Share of every \$1 in additional Pre-MIP Net Income
	MIP Capped at \$1.5 million (150% of targeted payout)

As an example, if Heska had \$1.2 million in Pre-MIP Net Income, there would be \$600 thousand available for the MIP for the Committee to distribute among plan participants. This represents a plan funded at 60% of target. Dr. Grieve's 2006 salary was \$341,000 and his targeted payout was \$170,500 (50% of \$341,000). In a 60% MIP-funded plan, his funded targeted payout would be \$102,300 (60% of \$170,500). The Committee could then adjust his pay upward for strong individual performance or downward for poor individual performance using a 25% weighting as a guideline for the adjustment. This is a guideline only, however, as the Committee retains discretion to adjust this number as circumstances dictate.

At a meeting in March 2007, the Committee approved a recommendation that all plan participants be paid an MIP Payout nearly 50% greater than target in accordance with performance achievement in excess of the individual MIP cap. The Committee also decided Dr. Grieve's MIP Payout would similarly be nearly 50% greater than target. The MIP Payouts to MIP-eligible Named Executive Officers are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below.

In considering the 2007 MIP, the Committee was aware that the Executive Officers were to receive base salary increases in the coming year and were likely to receive maximum MIP Payouts under the 2006 MIP as the 2006 MIP was expected to reach its capped level due to the Company's financial performance. The Committee adopted a plan with more aggressive payout thresholds than had been set for the 2006 MIP, as detailed below. At the Committee meeting in the fourth quarter of 2006, the Committee adopted the 2007 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Operating Income Goal
Payout Structure	Funding starts at \$4.5 million of Pre-MIP
	Operating Income Goal, as defined
	25.14% Share of every additional \$1 in
	Pre-MIP Operating Income Above Goal
	MIP Capped at \$1.65 million (150% of targeted payout)

At a Committee meeting in February 2008, the Committee approved MIP plan participants' MIP Payouts recommendations and decided Dr. Grieve's MIP Payout would be equal to his individual funded target. Each of the Named Executive Officers eligible for the MIP received an

Edgar Filing: HESKA CORP - Form DEF 14A

MIP Payout in line with his individual funded target. The MIP Payouts to MIP-eligible Named Executive Officers are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below. MIP Payouts were lower for 2007 than for 2006 due to a relatively lower funded status (roughly 30% of target for 2007 versus 150% of target for 2006) for 2007, which lowered the funded target MIP Payout for each MIP-eligible Named Executive Officer. The 2007 MIP achieved lower funded status than the 2006 MIP due to the more aggressive payout thresholds in the 2007 MIP.

Edgar Filing: HESKA CORP - Form DEF 14A

In considering the 2008 MIP, the Committee considered the Company's 2007 performance and 2008 outlook in setting the payout structure. At the Committee meeting in the first quarter of 2008, the Committee adopted the 2008 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Operating Income Goal
Payout Structure	Funding starts at \$5.862 million of Pre-MIP Operating Income Goal, as defined 32.22% Share of every additional \$1 in Pre-MIP Operating Income Above Goal MIP Capped at \$1.732 million (150% of targeted payout)

The Company's financial performance was well below expectations in 2008. The Company failed to achieve pre-MIP Operating Income at a level to fund the MIP. Accordingly, no MIP Payouts were made under the 2008 MIP.

In considering the 2009 MIP, the Committee considered the challenges facing the Company and the importance of observing the MIP's self-funding goal, particularly in a period with tight credit conditions. Accordingly, the Committee approved an MIP with aggressive payout thresholds which were in excess of the Company's internal budget levels before any MIP Payouts were to be made. In November 2008, the Committee adopted the 2009 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Net Income, as defined in the Third Amended and Restated Credit and Security Agreement by and between Heska Corporation, Diamond Animal Health, Inc. and Wells Fargo Bank, National Association dated December 30, 2005.
Payout Structure	Funding starts at \$2 million of Pre-MIP Net Income 30.0% Share of every additional \$1 in Pre-MIP Net Income MIP Capped at \$1.855 million (150% of targeted payout)

All of Mr. Snodgrass's performance-based incentive compensation for 2006 was from Commissions. For 2007, approximately \$45 thousand of Mr. Snodgrass's performance-based incentive compensation was from Commissions, with the balance resulting from his Bonus. Relatively lower performance versus target was the reason for the decline in Commissions from 2006 to 2007. For 2008, approximately \$35 thousand of Mr. Snodgrass's performance-based incentive compensation was from Commissions, with the balance resulting from his Bonus. Relatively lower performance versus target was the reason for the decline in Commissions from 2007 to 2008. Mr. Snodgrass's Bonus was greater in 2008

Edgar Filing: HESKA CORP - Form DEF 14A

than in 2007 due to the view that he had a greater contribution to overall Company performance outside of his core sales responsibility in 2008 than in 2007. Mr. Snodgrass's Commissions and Bonus are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below.

In the table named Grants of Plan-Based Awards below, we list potential payouts under the 2009 MIP to Named Executive Officers, under Estimated Future Payouts Under Non-Equity Incentive Plan Awards. All Threshold MIP Payouts are listed at \$0 as the MIP Plan will not fund if Pre-MIP Net Income, as defined in the table above, is at (or below) the threshold level of \$2.0 million. All Target MIP Payouts are as defined above. The Maximum MIP Payouts are 50% greater than the Target MIP Payouts to reflect

that the 2009 MIP Plan is capped at 150% of its targeted funding level. It is possible the Committee may decide to pay a Named Executive Officer greater than this amount, although this did not occur in 2006 when the 2006 MIP Plan reached its capped funding level.

Long-term Equity Compensation. Historically, we have used stock options to provide long-term equity compensation to our Executive Officers. The Committee is responsible for determining the number and terms of options, or other forms of long-term equity compensation, to be granted to Executive Officers, taking into account such factors as individual and Company performance, policies regarding cash compensation and practices of Comparable Companies. Options granted to Executive Officers have exercise prices equal to fair market value (closing price) at the time of grant and expire within ten years from the time of grant. Any vesting ceases and the vested portion of options must be exercised within a certain period should an Executive Officer leave Heska's service (subject to any rights to partial acceleration of vesting upon termination without cause under employment agreements). Accordingly, option grants will provide a return to an Executive Officer only if said Executive Officer continues to work for the benefit of the Company and only if Heska's market price per share appreciates over the option term. We believe that these provisions help both to retain qualified employees and to motivate them to achieve long-term increases in stock value, providing continuing benefits to the Company and its stockholders beyond those in the year of grant. The Committee had discussions regarding the use of restricted stock and performance-based vesting in December 2007, but decided not to pursue these alternatives. This was due to potential tax implications for employees in using restricted stock and the likely increase in complexity and administrative costs, as well as potential duplicative incentives to the MIP, in using performance-based vesting. While it appears stock options will remain the core component of long-term equity compensation in the near future, it is possible the Committee will choose to use restricted stock, restricted stock units, some other form of long-term equity compensation or some combination of the foregoing with or without stock options in the future.

In the fourth quarter of 2006, after significant discussion and considering factors including the Historical Compensation to Executive Officers, the fact that the 2006 MIP was expected to be capped, our expected financial results in the fourth quarter of 2006, the significant impact that the use of fair values for options granted would have on our future results of operations and the total number of options previously granted in 2006, the Committee decided to grant fully-vested stock options in an amount approximately 60% of the size of the prior year's grant and approved a grant of fully-vested stock options to Mr. Flanders upon his formally joining the Company. These options were granted at the close of business on November 17, 2006—the date of the Committee meeting, with the exception of options granted to Mr. Flanders which were granted upon his joining the Company on December 11, 2006.

In December 2007, after receiving input from the Consultant, reviewing relevant data, including data requested to follow-up on certain questions, and engaging in significant discussion and debate, the Committee approved a grant of stock options to certain Officers of the Company. Due to this process, including hiring and considering the input of the Consultant, the option grant occurred on December 31, 2007 later in the year than in 2006. In contrast to recent stock option grants, this stock option grant was subject to monthly vesting over a four year period as a result of the concern of some of our Board members that fully-vested options may not provide as great a retention incentive as desired. We anticipate granting stock options with 4-year monthly vesting will be our standard practice in the future. The Committee granted Dr. Grieve a significantly larger stock option grant than in the prior year, reflective of the Committee's view of the market and the Committee's evaluation of Dr. Grieve's performance. The Committee considered Dr. Grieve's input in addition to market data in determining stock option grants to the other Named Executive Officers, all of which increased or were at the same level as the prior year, except for Mr. Flanders who joined the Company in December 2006. Related option grants to Named Executive Officers are reflected in the Grants of Plan-Based Awards table below in the column labeled All Other Option Awards; Number of Securities Underlying Options (#).

In November 2008, the Committee considered the fact that 2009 salaries had been frozen for most Executive Officers, that no 2008 MIP Payouts were to be made and that the Company's 2009 MIP required a performance in excess of the Company's internal budget before any MIP Payouts

were to be made. Accordingly, the Committee desired to provide Executive Officers with a greater proportion of long-term

compensation than in the recent past. In November 2008, the Committee granted all of our Named Executive Officers a greater number of shares underlying options than in 2007, with the exception of Dr. Grieve, who received the same number of shares underlying options. Dr. McGinley received the largest year-over-year increase in recognition of his pending promotion to President and Chief Operating Officer and increased responsibilities.

Option Awards in the Summary Compensation Table below represent the cost of options recognized for financial reporting purposes for each of our Named Executive Officers. In 2006, the majority of the value for each Named Executive Officer is related to the fully vested option grants in the fourth quarter of 2006 discussed above. For all other Named Executive Officers other than Mr. Napolitano and Mr. Snodgrass, the only other option cost included is for options granted with a four year vesting schedule in January 2003 with monthly vesting in 2006 and January 2007. In addition to such options granted in January 2003, Mr. Napolitano's 2006 total also includes option cost from his initial grant of options upon joining the Company in May 2002, which vested monthly ending in May 2006 after an initial six-month cliff vest in November 2002. Mr. Snodgrass's 2006 total includes only options granted in the fourth quarter of 2006. Options granted on December 31, 2007 did not impact 2007 in the Summary Compensation Table because the affiliated cost will be recognized over the four year vesting period and these options were granted at year end. The significant decline in value in 2007 versus 2006 for each Named Executive Officer is due to the fact that 2007 includes at most one month of stock option vesting for each individual, as discussed above. In 2008, option award compensation increased for all Named Executive Officers due mostly to recognition of stock options granted on December 31, 2007. We expect the value recognized under Option Awards will increase in future years as the December 2007 and November 2008 option grants vest and future options are issued.

Other Benefits, Compensation or Arrangements

All Other Compensation in the Summary Compensation Table below represent matching funds received by each of our Named Executive Officers under our 401(k) plan, which is open to all employees, as well as life insurance and short-term and long-term disability premiums.

All of our Named Executive Officers, with the exception of Mr. Snodgrass, had employment contracts in 2006, 2007 and 2008. They entitle Named Executive Officers to payments based on salary, continuing medical benefits for a given period and immediate vesting of unvested options in certain circumstances. Payments based on salary are typically paid monthly. The Committee believes these are common, in line with the experience of the Committee for executives at other companies and are intended to provide Executive Officers with additional resources to seek a comparable job, which is unlikely to be a rapid process given the level of employment, in these certain circumstances, such as an acquisition. Dr. Grieve is also entitled to payout based on bonus targets in certain circumstances, such as termination without cause, as well. These employment contracts are intended to provide the Named Executive Officers with protections appropriate for, and in line with, those received by comparable executives at companies similar to Heska. Periodically, we review these agreements versus market benchmarks.

In summary, Heska Corporation currently faces a challenging environment. Heska's Executive Compensation is adjusting to that environment along with the Company. The Committee endeavors to find the proper level and balance of base salary, performance-based incentive compensation, long-term equity incentive compensation and other forms of compensation.

(1) Based on targeted bonus multiplied by the percentage cap in our 2009 Management Incentive Plan (MIP) for Named Executive Officers. Our 2009 MIP is designed with a cap of approximately \$1.855 million on total payouts, or 150% of projected targeted bonuses. Our 2009 MIP gives our Compensation Committee discretion as to how any payouts will be distributed and the ability to make total payouts above the cap level. Accordingly, although our Compensation Committee has never awarded an MIP Payout to an employee greater than the employee s targeted bonus multiplied by the applicable percentage cap , our Compensation Committee has the ability to make 2009 MIP Payouts to Executive Officers in excess of that amount, which is reported as maximum in this column.

(2) One-forty-eighth (1/48th) of the total options granted become vested and exercisable each month from the grant date until options granted have vested in full on the four-year anniversary of the grant date. Each option was granted with an exercise price equal to 100% of the fair market value of our stock on the date of grant as determined by our Compensation Committee, and has a term of ten years, subject to earlier termination in certain events related to termination of employment.

- (3) Grant date fair value of option awards are based on valuation techniques required by Option Accounting Rules. The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee consists of non-employee Directors only. No interlocking relationship existed during 2008 between our Executive Officers, members of our Board of Directors or members of our Compensation Committee, and the Executive Officers, members of the Board of Directors or members of the Compensation Committee of the Board of Directors of any other company.

AUDITOR FEES AND SERVICES

Edgar Filing: HESKA CORP - Form DEF 14A

EKS&H was our independent registered public accountant for fiscal 2007 and 2008. KPMG LLP (KPMG) was our independent registered public accountant for fiscal 2005 and continued to bill us for services related to historical audit opinions, such as actions required to obtain consent to include these opinions in our SEC filings. In 2007, our Audit Committee engaged EKS&H to conduct an audit of fiscal 2005 so that we did not have to obtain KPMG s consent to include KPMG s audit opinion for that year in our Annual Report on Form 10-K for the year ended December 31, 2007 and any future SEC filings. The following table sets forth the aggregate fees billed by EKS&H for audit services rendered in connection with the consolidated financial statements and reports for fiscal years 2007 and 2008, respectively, and for other services rendered during 2007 and 2008 on behalf of Heska and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services which have been billed to Heska and its subsidiaries. Our Audit Committee has approved all of the below fees.

	EKS&H	
	2007	2008
Audit Fees (1)	\$ 369,286	\$ 275,750
Audit Related Fees (2)	15,500	16,750
Tax Fees		
All Other Fees		
Total	\$ 384,786	\$ 292,500

(1) Audit fees represent fees for the audit of our annual financial statements, review of financial statements included in our Form 10-Q Quarterly Reports and services that are normally provided by the independent auditors in connection with statutory and regulatory filings including consents for historical audit opinions. EKS&H 2007 fees include an audit of fiscal 2005 and an audit of the Company s internal control over financial reporting. EKS&H 2008 fees include an audit of the Company s internal control over financial reporting.

(2) Audit related fees are fees for the assurance and related services by the independent auditors that are reasonably related to the performance of the audit or review of our financial statements and are not reported above under Audit Fees. The services for fees disclosed under this category include the annual audit of our 401(k) Retirement Plan.

Pre-Approval Policy. Our Audit Committee pre-approves all auditing services and non-audit services not prohibited by law to be performed by our independent registered public accountant. Our Audit Committee also pre-approves all associated fees, except for *de minimis* amounts for non-audit services, which are approved by our Audit Committee prior to the completion of the audit. In February 2009, our Audit Committee approved EKS&H as our primary provider of tax compliance and return preparation services.

The following Report of our Audit Committee and related disclosure shall not be deemed incorporated by reference by any general statement incorporating this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

REPORT OF OUR AUDIT COMMITTEE

The ultimate responsibility for good corporate governance rests with Heska Corporation's Board of Directors (the Board), whose primary roles are oversight, counseling and direction to Heska Corporation's management in the best long-term interests of Heska Corporation (Heska or the Company) and its stockholders. The Audit Committee of the Board (the Audit Committee) has been established for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of Heska's financial statements.

The Audit Committee operates under a written charter, a copy of which is available on Heska's website at www.heska.com. As described more fully in its charter, the purpose of the Audit Committee is to assist the Board in its oversight and monitoring of Heska's financial reporting, internal controls and audit function. Management is responsible for the preparation, presentation and integrity of Heska's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Audit Committee has hired an independent registered public accountant, who is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority and responsibility to select, direct, compensate, evaluate and, when appropriate, replace Heska's independent registered public accountant.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accountant, nor can the Audit Committee certify that the independent registered public accountant is independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management on the basis of the information it receives, discussions with management and the independent registered public accountant, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

In this context, during the year 2008, we met and held discussions with management and Ehrhardt Keefe Steiner & Hottman PC (EKS&H), Heska's independent registered public accountant. Management represented to us that Heska's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and we have reviewed and discussed the consolidated financial statements with management and EKS&H. In Audit Committee meetings with EKS&H, we discussed matters as required by Statement of Auditing Standards No. 61 (Communication with Audit Committees). Our review included a discussion with management of the quality, not merely the acceptability, of Heska's accounting principles, the reasonableness of significant estimates and judgments and the disclosure in Heska's consolidated financial statements.

We received from EKS&H the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and discussed with EKS&H its independence. In reliance on the reviews and discussions noted above, and the report of the independent registered public accountant, we recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2008 (the Company's 2008 10-K), and be filed with the Securities and Exchange Commission.

On March 31, 2006, we dismissed KPMG LLP (KPMG) as Heska s independent registered public accountant and engaged EKS&H as Heska s independent registered public accountant. An extensive search was conducted to evaluate Heska s alternatives regarding independent registered public accountants, including face-to-face interviews conducted by the Chairman of the Audit Committee. We believe EKS&H is compatible with a company Heska s size and we believe EKS&H has consistently conducted high quality, cost-effective audits. In 2007, we engaged EKS&H to conduct an audit (the 2005 Re-audit) for fiscal 2005, so that we did not have to obtain KPMG s consent to include KPMG s audit opinion for that year in the Company s 2007 10-K and any future SEC filings. We believe it was wise to incur the additional fees affiliated with the 2005 Re-audit due to the significant management time and distraction associated with obtaining KPMG s consent to include KPMG s audit opinion in the Company s SEC filings in the past and our concern over this recurring. KPMG was also our primary provider of tax compliance and return preparation services from July 2002 until February 2009. Based on our experience with KPMG and EKS&H and at management s request, we approved EKS&H as the Company s primary provider of tax compliance and return preparation service in February 2009.

KPMG served as Heska s independent auditors from July 30, 2002 to March 31, 2006. In connection with the audit of the fiscal year ended December 31, 2005, and during the subsequent interim period through March 31, 2006, the Company did not have any disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement. In addition, during the fiscal year ended December 31, 2005 and through March 31, 2006, the Company had no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K). During the year ended December 31, 2005 and the subsequent period through March 31, 2006, neither the Company nor anyone acting on the Company s behalf consulted EKS&H regarding: (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements; or (2) any matter that was either the subject of a disagreement as defined in Item 304(a)(1)(iv) of Regulation S-K or a reportable event described in Item 304(a)(1)(v) of Regulation S-K.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Heska and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

OTHER MATTERS

Our Board knows of no other matters to be presented for stockholder action at our 2009 Annual Meeting. However, if other matters do properly come before our Annual Meeting or any adjournments or postponements thereof, our Board intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

HESKA CORPORATION

1997 STOCK INCENTIVE PLAN

ARTICLE 1. INTRODUCTION ■

The Plan was adopted by the Board effective March 15, 1997. The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by (a) encouraging Employees, Outside Directors and Consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of Employees, Outside Directors and Consultants with exceptional qualifications and (c) linking Employees, Outside Directors and Consultants directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for Awards in the form of Restricted Shares or Options (which may constitute incentive stock options or nonstatutory stock options).

The Plan shall be governed by, and construed in accordance with, the laws of the State of Colorado (except their choice-of-law provisions).

ARTICLE 2. ADMINISTRATION ■

2.1 Committee Composition. The Plan shall be administered by the Committee. The Committee shall consist exclusively of two or more directors of the Company, who shall be appointed by the Board. In addition, the composition of the Committee shall satisfy:

(a) Such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and

(b) Such requirements as the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under section 162(m)(4)(C) of the Code.

The Board may also appoint one or more separate committees of the Board, each composed of one or more directors of the Company who need not satisfy the foregoing requirements, who may administer the Plan with respect to Employees and Consultants who are not considered officers or directors of the Company under section 16 of the Exchange Act, may grant Awards under the Plan to such Employees and Consultants and may determine all terms of such Awards.

2.2 Committee Responsibilities. The Committee shall (a) select the Employees, Outside Directors and Consultants who are to receive Awards under the Plan, (b) determine the type, number, vesting requirements and other features and conditions of such Awards, (c) interpret the Plan and (d) make all other decisions relating to the operation of the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

ARTICLE 3. SHARES AVAILABLE FOR GRANTS.

3.1 Basic Limitation. Common Shares issued pursuant to the Plan may be authorized but unissued shares or treasury shares. The aggregate number of Options and Restricted Shares awarded under the Plan shall not exceed (a) 1,350,000 plus (b) the aggregate number of Common Shares remaining available for grants under the Predecessor Plans on March 15, 1997, plus (c) the additional Common Shares described in Sections 3.2 and 3.3 less (d) 250,000. No additional grants shall be made under the Predecessor Plans after March 15, 1997. The limitation of this Section 3.1 shall be subject to adjustment pursuant to Article 9.

3.2 Annual Increase in Shares. As of January 1 of each year, commencing with the year 1998 and continuing through January 1, 2007, the aggregate number of Options and Restricted Shares that may be awarded under the Plan shall be increased by a number of Common Shares equal to the lesser of (a) 5% of the total number of Common Shares outstanding as of the next preceding December 31 or (b) 1,500,000. After the annual increase on January 1, 2007, there shall be no further annual increases under the Plan unless and until stockholder approval of such increase has been obtained.

3.3 Additional Shares. If Options granted under this Plan or under the Predecessor Plans are forfeited or terminate for any other reason before being exercised, then the corresponding Common Shares shall become available for the grant of Options and Restricted Shares under this Plan. If Restricted Shares are forfeited, then the corresponding Common Shares shall again become available for the grant of NQOs and Restricted Shares under the Plan. The aggregate number of Common Shares that may be issued under the Plan upon the exercise of ISOs shall not be increased when Restricted Shares are forfeited.

ARTICLE 4. ELIGIBILITY.

4.1 Nonstatutory Stock Options and Restricted Shares. Only Employees, Outside Directors and Consultants shall be eligible for the grant of NQOs and Restricted Shares.

4.2 Incentive Stock Options. Only Employees who are common-law employees of the Company, a Parent or a Subsidiary shall be eligible for the grant of ISOs. In addition, an Employee who owns more than 10% of the total combined voting power of all classes of outstanding stock of the Company or any of its Parents or Subsidiaries shall not be eligible for the grant of an ISO unless the requirements set forth in section 422(c)(6) of the Code are satisfied.

ARTICLE 5. OPTIONS.

5.1 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The Stock Option Agreement shall specify whether the Option is an ISO or an NQO. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical. Options may be granted in consideration of a cash payment or in consideration of a reduction in the Optionee's other compensation. A Stock Option Agreement may provide that a new Option will be granted automatically to the Optionee when he or she exercises a prior Option and pays the Exercise Price in the form described in Section 6.2.

5.2 Number of Shares. Each Stock Option Agreement shall specify the number of Common Shares subject to the Option and shall provide for the adjustment of such number in accordance with Article 9. Options granted to any Optionee in a single fiscal year of the Company shall not cover more than 500,000 Common Shares, except that Options granted to a new Employee in the fiscal year of the Company in which his or her service as an Employee first commences shall not cover more than one million Common Shares. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 9.

5.3 Exercise Price. Each Stock Option Agreement shall specify the Exercise Price; provided that the Exercise Price under an ISO shall in no event be less than 100% of the Fair Market Value of a Common Share on the date of grant and the Exercise Price under an NQO shall in no

Edgar Filing: HESKA CORP - Form DEF 14A

event be less than 85% of the Fair Market Value of a Common Share on the date of grant. In the case of an NQO, a Stock Option Agreement may specify an Exercise Price that varies in accordance with a predetermined formula while the NQO is outstanding.

5.4 Exercisability and Term. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also

A-5

specify the term of the Option; provided that the term of an ISO shall in no event exceed 10 years from the date of grant. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. NQOs may also be awarded in combination with Restricted Shares, and such an Award may provide that the NQOs will not be exercisable unless the related Restricted Shares are forfeited.

5.5 Effect of Change in Control. The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become exercisable as to all or part of the Common Shares subject to such Option in the event that a Change in Control occurs with respect to the Company, subject to the following limitations:

- (a) In the case of an ISO, the acceleration of exercisability shall not occur without the Optionee's written consent.

- (b) If the Company and the other party to the transaction constituting a Change in Control agree that such transaction is to be treated as a pooling of interests for financial reporting purposes, and if such transaction in fact is so treated, then the acceleration of exercisability shall not occur to the extent that the surviving entity's independent public accountants determine in good faith that such acceleration would preclude the use of pooling of interests accounting.

5.6 Modification or Assumption of Options. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding options or may accept the cancellation of outstanding options (whether granted by the Company or by another issuer) in return for the grant of new options for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such Option.

5.7 Buyout Provisions. The Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Option previously granted or (b) authorize an Optionee to elect to cash out an Option previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

ARTICLE 6. PAYMENT FOR OPTION SHARES.

6.1 General Rule. The entire Exercise Price of Common Shares issued upon exercise of Options shall be payable in cash or cash equivalents at the time when such Common Shares are purchased, except as follows:

- (a) In the case of an ISO granted under the Plan, payment shall be made only pursuant to the express provisions of the applicable Stock Option Agreement. The Stock Option Agreement may specify that payment may be made in any form(s) described in this Article 6.

(b) In the case of an NQO, the Committee may at any time accept payment in any form(s) described in this Article 6.

6.2 Surrender of Stock. To the extent that this Section 6.2 is applicable, all or any part of the Exercise Price may be paid by surrendering, Common Shares that are already owned by the Optionee. Such Common Shares shall be valued at their Fair Market Value on the date when the new Common Shares are purchased under the Plan. The Optionee shall not surrender, Common Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

6.3 Exercise/Sale. To the extent that this Section 6.3 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved by the Company to sell all or part of the Common Shares being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

6.4 Exercise/Pledge. To the extent that this Section 6.4 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to pledge all or part of the Common Shares being purchased under the Plan to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company.

6.5 Promissory Note. To the extent that this Section 6.5 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) a full-recourse promissory note; provided that the par value of the Common Shares being purchased under the Plan shall be paid in cash or cash equivalents.

6.6 Other Forms of Payment. To the extent that this Section 6.6 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid in any other form that is consistent with applicable laws, regulations and rules.

ARTICLE 7. [Reserved]

ARTICLE 8. RESTRICTED SHARES.

8.1 Time, Amount and Form of Awards. Awards under the Plan may be granted in the form of Restricted Shares. Restricted Shares may also be awarded in combination with NQOs, and such an Award may provide that the Restricted Shares will be forfeited in the event that the related NQOs are exercised.

8.2 Payment for Awards. To the extent that an Award is granted in the form of newly issued Restricted Shares, the Award recipient, as a condition to the grant of such Award, shall be required to pay the Company in cash or cash equivalents an amount equal to the par value of such Restricted Shares. To the extent that an Award is granted in the form of Restricted Shares from the Company's treasury, no cash consideration shall be required of the Award recipients. Any amount not paid in cash may be paid with a full recourse promissory note.

8.3 Vesting Conditions. Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Award Agreement. A Stock Award Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events. The Committee may determine, at the time of granting Restricted Shares or thereafter, that all or part of such Restricted Shares shall become vested in the event that a Change in Control occurs with respect to the Company, except as provided in the next following sentence. If the Company and the other party to the transaction constituting a Change in Control agree that such transaction is to be treated as a pooling of interests for financial reporting purposes, and if such transaction in fact is so treated, then the acceleration of vesting shall not occur to the extent that the surviving entity's independent public accountants determine in good faith that such acceleration would preclude the use of pooling of interests accounting.

8.4 Voting and Dividend Rights. The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. A Stock Award Agreement, however, may require that the holders of Restricted Shares invest any cash dividends received in additional Restricted Shares. Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

ARTICLE 9. PROTECTION AGAINST DILUTION.

9.1 Adjustments. In the event of a subdivision of the outstanding Common Shares, a declaration of a dividend payable in Common Shares, a declaration of a dividend payable in a form other than Common Shares in an amount that has a material effect on the price of Common Shares, a combination or consolidation of the outstanding Common Shares (by reclassification or otherwise) into a lesser number of Common Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of (a) the number of Options and Restricted Shares available for future Awards under Article 3, (b) the limitations set forth in Section 5.2, (c) the number of Common Shares covered by each outstanding Option or (d) the Exercise Price under each outstanding Option. Except as provided in this Article 9, a Participant shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

9.2 Dissolution or Liquidation. To the extent not previously exercised, Options shall terminate immediately prior to the dissolution or liquidation of the Company.

9.3 Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Options and Restricted Shares shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the continuation of outstanding Awards by the Company (if the Company is a surviving corporation), for their assumption by the surviving corporation or its parent or subsidiary, for the substitution by the surviving corporation or its parent or subsidiary of its own awards for such Awards, for accelerated vesting and accelerated expiration, or for settlement in cash or cash equivalents.

ARTICLE 10. AWARDS UNDER OTHER PLANS.

The Company may grant awards under other plans or programs. Such awards may be settled in the form of Common Shares issued under this Plan. Such Common Shares shall be treated for all purposes under the Plan like Restricted Shares and shall, when issued, reduce the number of Common Shares available under Article 3.

ARTICLE 11. LIMITATION ON RIGHTS.

11.1 Retention Rights. Neither the Plan nor any Award granted under the Plan shall be deemed to give any individual a right to remain an Employee, Outside Director or Consultant. The Company and its Parents, Subsidiaries and Affiliates reserve the right to terminate the service of any Employee, Outside Director or Consultant at any time, with or without cause, subject to applicable laws, the Company's certificate of incorporation and bylaws and a written employment agreement (if any).

11.2 Stockholders Rights. A Participant shall have no dividend rights, voting rights or other rights as a stockholder with respect to any Common Shares covered by his or her Award prior to the time when a stock certificate for such Common Shares is issued or, in the case of an Option, the time when he or she becomes entitled to receive such Common Shares by filing a notice of exercise and paying the Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

11.3 Regulatory Requirements. Any other provision of the Plan notwithstanding, the obligation of the Company to issue Common Shares under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of Common Shares pursuant to any Award prior to the satisfaction of all legal requirements relating to the issuance of such Common

Shares, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

ARTICLE 12. WITHHOLDING TAXES.

12.1 General. To the extent required by applicable federal, state, local or foreign law, a Participant or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any Common Shares or make any cash payment under the Plan until such obligations are satisfied.

12.2 Share Withholding. The Committee may permit a Participant to satisfy all or part of his or her withholding or income tax obligations by having the Company withhold all or a portion of any Common Shares that otherwise would be issued to him or her or by surrendering all or a portion of any Common Shares that he or she previously acquired. Such Common Shares shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash.

ARTICLE 13. FUTURE OF THE PLAN.

13.1 Term of the Plan. The Plan, as set forth herein, shall become effective on March 14, 1997. The Plan shall remain in effect until it is terminated under Section 13.2, except that no ISOs shall be granted after May 4, 2019.

13.2 Amendment or Termination. The Board may, at any time and for any reason, amend or terminate the Plan. An amendment of the Plan shall be subject to the approval of the Company's stockholders only to the extent required by applicable laws, regulations or rules. No Awards shall be granted under the Plan after the termination thereof. The termination of the Plan, or any amendment thereof, shall not affect any Award previously granted under the Plan.
