Item 1.01 Entry into a Material Definitive Agreement

On November 5, 2009, Neenah Paper, Inc. (the **Company**) renewed and modified its previous revolving credit facility by entering into an Amended and Restated Credit Agreement (the **Restated Credit Agreement**) by and among the Company, certain of its subsidiaries as co-borrowers, Neenah Paper Company of Canada (**Neenah Canada**), as guarantor, a lending group consisting of JPMorgan Chase Bank, N.A., Bank of America, N.A., UBS AG, Stamford Branch, and Goldman Sachs Lending Partners LLC (collectively, the **Lenders**) and JPMorgan Chase Bank, N.A., as agent for the Lenders. The amended and restated credit facility consists of a senior, secured revolving credit facility initially sized at \$100 million (the **Revolver**) and (ii) a \$40 million senior secured term loan (the **Term Loan**), and together with the Revolver, the **Restated Credit Facilities**). The Company's ability to borrow under the Revolver is limited to the lowest of (a) \$100 million, (b) the Company's borrowing base (as determined in accordance with the Restated Credit Agreement) and (c) the applicable cap on the amount of credit facilities under the indenture for the Company's 7-3/8% Senior Notes due 2014. The Restated Credit Agreement contains an accordion feature allowing the Company to increase the Revolver commitment by up to \$50 million. As of November 5, 2009, the Company's borrowing base was approximately \$89 million. The Revolver contains a \$10 million sublimit for the issuance of letters of credit.

The Restated Credit Facilities mature on November 30, 2013. Commencing April 30, 2010, the Company will be required to make quarterly principal installments on the Term Loan, based on an eight-year amortization schedule.

The Revolver bears interest at either (1) a prime rate-based index plus a percentage ranging from 2.00% to 2.50%, or (2) LIBOR plus a percentage ranging from 3.50% to 4.00%, depending upon the amount of availability under the Revolver. Such margins may be subject to downward adjustments of up to an additional 0.50% in the event certain real property assets are sold. The Term Loan will bear interest at either (A) a prime rate-based index plus 2.75%, or (B) LIBOR plus 4.25%. Interest is computed based on actual days elapsed in a 360-day year, payable monthly in arrears for prime-rate based loans, or for LIBOR loans, payable monthly in arrears and at the end of the applicable interest period. The Company is also required to pay a monthly facility fee on the unused amount of the Revolver commitment, calculated at the per annum rate of 0.50% while the Term Loan remains outstanding, and after the Term Loan has been repaid in full, at a per annum rate ranging between 0.50% and 0.75%, depending upon usage under the Revolver.

The Restated Credit Agreement is secured by substantially all of the assets of the Company and the subsidiary borrowers, including the capital stock of such subsidiaries, and is guaranteed by Neenah Canada. Neenah Canada's guaranty is secured by substantially all of its assets. The Company's German subsidiaries (collectively, **Neenah Germany**) are not obligated with respect to the Restated Credit Facilities, either as borrower or guarantor; however, the Company has directly or indirectly pledged 65% of its equity interest in Neenah Germany as

security for the obligations of the Company and its subsidiaries under the Restated Credit Agreement.

The Restated Credit Agreement contains events of default customary for financings of this type, including failure to pay principal or interest, materially false representations or warranties, failure to observe covenants and other terms of the Restated Credit Agreement, cross-defaults to certain other indebtedness, bankruptcy, insolvency, various ERISA violations, the incurrence of material judgments and changes in control.

The Restated Credit Agreement contains covenants with which the Company must comply during the term of the Agreement. Among other things, such covenants restrict the Company's ability to incur certain additional debt, make specified restricted payments, dividends and capital expenditures, authorize or issue capital stock, enter into transactions with affiliates, consolidate or merge with or acquire another business, sell certain of its assets, or dissolve or wind up. The terms of the Restated Credit Agreement also require the Company to achieve and maintain compliance with a fixed charge coverage ratio if availability under the Restated Credit Agreement is less than \$20 million.

A portion of the Term Loan proceeds was used to repay in full the March 2007 term loan obtained by the Company from JPMorgan Chase Bank, N.A. in connection with the Fox River acquisition.
