Effective June 28, 2011, Normand E. Deschene became a member of the Board of Directors of Enterprise Bancorp, Inc. (the Company) and its wholly owned subsidiary, Enterprise Bank and Trust Company (the Bank). In accordance with authority provided under the by-laws of both the Company and the Bank, the Board of Directors of both the Company and the Bank increased the size of their respective Boards to eighteen. Mr. Deschene was appointed to the class of directors whose term expires in 2014.

Mr. Deschene is the President and CEO of Lowell General Hospital. Mr. Deschene holds a master's degree in Hospital Administration from the University of Minnesota and a bachelor's degree from Providence College. A fellow of the American College of Healthcare Executives, he served as a past regent for the College for the State of Massachusetts and was named the Healthcare Executive of the Year in 2006. In June 2011, Mr. Deschene was appointed Chairman of the Massachusetts Hospital Association Board of Trustees. In addition, Mr. Deschene, who is a resident of Groton, MA, is an active member of the American Hospital Association, Hospital Financial Management Association and the Healthcare Management Association of Massachusetts. He also serves as a member of the Executive Committee of Voluntary Hospitals of America Northeast. He was appointed by the Governor of Massachusetts to the Goddard Council, advising upon the development of science, technology, engineering and math curriculum for the Commonwealth, and is a member of the Betsy Lehman Center for Patient Safety Expert Panel in Obstetrics.

Prior to his election to the Board of Directors, Mr. Deschene, members of his family, and companies with which he is affiliated are customers of, and have engaged in banking, investment advisory or insurance transactions with the Company's subsidiary bank, investment subsidiary and insurance subsidiary in the ordinary course of business. Additional transactions of this type may be expected to take place in the ordinary course of business in the future. All loans and loan commitments were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender and did not involve more than a normal risk of collectability or present other unfavorable features.
