Item 8.01 Other Events.

On August 23, 2012, the Nevada Gaming Commission (Commission) approved the application of Monarch Casino & Resort, Inc. and its wholly-owned subsidiary, Monarch Interactive, Inc. (collectively, Monarch) for a license to conduct intrastate interactive gaming in the State of Nevada. Under the approval and before the license is issued, Monarch will still be required to meet the Commission 's conditions. In addition, before launching the interactive gaming business, Monarch will be required to enter into one or more contracts with licensed interactive gaming service providers, which contracts have not yet been consummated. Nevada law currently limits permissible interactive gaming to poker.

Monarch issued a press release dated August 23, 2012 which is attached hereto as Exhibit 99.1.

Monarch 's ability to offer interactive poker in the State of Nevada is subject to, among other things, the following:

- Satisfaction of all conditions imposed by the Commission, which include, approval of, and attestation by an independent accountant, of internal controls with respect to interactive gaming, adoption of a gaming compliance plan with respect to interactive gaming, and filing with, and approval of, a plan of operations with the Nevada Gaming Control Board;
- Payment of a license fee of \$500,000, to cover a two-year period, or a pro-rata amount based upon the time of payment;
- Entry into one or more contracts with licensed interactive gaming service provider(s) that will provide the necessary hardware and software systems to conduct interactive gaming;
- Nevada regulatory approval of the interactive gaming systems, which, to date, have not yet been approved; and
- Market and economic conditions that will, in the opinion of Monarch 's management, justify launching interactive poker.

Monarch is unable to provide assurances of the date of completion of all such conditions described above, but is focused initially on selecting one or more interactive service providers. If Monarch does not commence interactive gaming operations within six (6) months of August 23, 2012, it must seek an extension of its approval from the Commission.
