Item 1.01 Entry Into a Material Definitive Agreement.

On May 23, 2013, Midstates Petroleum Company, Inc. (the Company) and its wholly owned subsidiary Midstates Petroleum Company LLC (together with the Company, the Issuers) entered into a purchase agreement (the Purchase Agreement) with the representatives of the several initial purchasers named therein (collectively, the Initial Purchasers), under which they agreed to sell \$700 million aggregate principal amount of the Issuers' 9.25% senior notes due 2021 (the Notes) in a private placement conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended (the Securities Act). The Notes mature on June 1, 2021. The Company expects to receive net proceeds of approximately \$681.5 million, after deducting the Initial Purchasers' discount and estimated offering expenses.

The Company intends to use the net proceeds from the private placement to fund the purchase price of the Company's previously announced acquisition of producing properties and undeveloped acreage from Panther Energy Company, LLC, Red Willow Mid-Continent, LLC, and Linn Energy Holdings, LLC (the Panther Acquisition). The remaining proceeds will be used to repay a portion of the outstanding borrowings under the Company's revolving credit facility, for general corporate purposes and to pay expenses related to the Panther Acquisition, the notes offering and the Company's entry into an amendment to its revolving credit facility.

The offering of the Notes is expected to close on May 31, 2013, concurrently with the closing of the Panther Acquisition. If the Panther Acquisition does not close on May 31, 2013, the net proceeds from the offering will be deposited into an escrow account pending completion of the Panther Acquisition. If the closing of the Panther Acquisition does not occur on or prior to August 2, 2013, or if the related acquisition agreement is terminated at any time on or prior to that date, then the escrowed funds will be applied to the mandatory redemption of the Notes at a price equal to 100% of the initial offering price of the Notes, plus accrued and unpaid interest to the redemption date.

Some of the Initial Purchasers and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Company or its affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. Certain of the Initial Purchasers and/or their affiliates acted as, and will continue to act as, arrangers, agents and/or lenders under the Company's revolving credit facility and, in such capacity, will receive a portion of the net proceeds from this offering used to repay borrowings outstanding under the Company's revolving credit facility. In addition, two of the Initial Purchasers served as financial advisors in connection with the Panther Acquisition. In addition, certain of the Initial Purchasers or their affiliates have also agreed to provide the Company an unsecured bridge credit facility under certain circumstances in the event this offering is not consummated, for which these Initial Purchasers or their affiliates will receive customary fees.

The Purchase Agreement contains customary representations, warranties and agreements of the Issuers and the Initial Purchasers and customary conditions to closing, indemnification rights, obligations of the parties and termination provisions.

The foregoing description of the Purchase Agreement is qualified in its entirety by reference to the full text of the Purchase Agreement, a copy of which is filed as Exhibit 1.1 to this report and is incorporated herein by reference.
