FOR ANNUAL MEETING OF STOCKHOLDERS
June 18, 2014**

This proxy statement contains information related to the annual meeting of stockholders of Evolving Systems, Inc. which will be held at 9:00 a.m. local time at the Company's headquarters located at 9777 Pyramid Court, Suite 100, Englewood, Colorado 80112, on June 18, 2014, and any postponements or adjournments of the meeting. Evolving Systems first mailed, or made available on the Internet, these proxy materials to stockholders on or about May 5, 2014. In this proxy statement, Company, Evolving Systems, we, us, and our each refer to Evolving Systems, Inc. and its subsidiaries.

ABOUT THE PROXY MATERIALS

We are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. By doing so, we save costs and reduce the environmental impact of our Annual Meeting. This proxy is being solicited by the Board of Directors, and the cost of solicitation of the proxies will be paid by Evolving Systems. Our officers, directors and regular employees, without additional compensation, also may solicit proxies by further mailing, by telephone or personal conversations. We have no plans to retain any firms or otherwise incur any extraordinary expense in connection with the solicitation.

The proxy materials include:

- Our proxy statement for the annual meeting; and
- Our 2013 Annual Report to Stockholders, which includes our audited consolidated financial statements.

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

We are sending a Notice of Internet Availability of Proxy Materials (the Notice) to all stockholders of record on April 21, 2014. All stockholders of record will have the ability to access the proxy materials on a website referred to in the Notice (<http://www.evolving.com/investors-overview.php>), or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

The Notice will provide you with instructions regarding how to:

- View our proxy materials for the annual meeting on the Internet; and
- Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual stockholders meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received instructions for granting proxies with these proxy materials from that organization rather than from the Company. A number of brokers and banks participate in a program provided through Broadridge Financial Services which enables beneficial holders to grant proxies to vote shares via telephone or the Internet. If your shares are held by a broker or bank that participates in the Broadridge program, you may grant a proxy to vote those shares telephonically by calling the telephone number on the instructions received from your broker or bank, or via the Internet at Broadridge's website at www.proxyvote.com. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

What You Are Voting On

At the Annual Meeting, there are two matters scheduled for a vote of the stockholders:

- ***Election of Directors.*** Election of Thaddeus Dupper, David J. Nicol, David S. Oros, Richard R. Ramlall and John B. Spirtos as members to the Company's Board of Directors to serve until the 2015 annual meeting of stockholders or until their successors have been duly elected and qualified; and
- ***Ratification of the Appointment of Independent Registered Public Accounting Firm.*** Ratification of the appointment of Friedman LLP as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2014.

You may either vote For the nominee to the Board of Directors or you may Withhold your vote for the nominee you specify. For the ratification of the appointment of Friedman LLP as the Company's independent registered public accounting firm, you may vote For or Against or abstain from voting. If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Quorum and Required Votes

Only holders of record of shares of Evolving Systems common stock at the close of business on April 21, 2014, the record date, are entitled to vote at the meeting or any postponements or adjournments of the meeting. As of the record date, Evolving Systems had 11,631,975 shares of common stock outstanding.

The presence at the meeting of a majority of the outstanding shares, in person or by proxy relating to any matter to be acted upon at the meeting, is necessary to constitute a quorum for the meeting. Each outstanding share of common stock is entitled to one vote.

Proxies marked Abstain and broker non-votes will be treated as shares that are present for purposes of determining the presence of a quorum. An abstention occurs when a stockholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. A broker non-vote occurs when a broker or other nominee who holds shares for another person does not vote on a particular proposal because that holder does not have the discretionary voting power for the proposal and has not received voting instructions from the beneficial owner of the shares so the broker is unable to vote those uninstructed shares. Abstentions and broker non-votes, while included for quorum purposes, will not be counted as votes cast for or against any proposal.

The following table summarizes the votes required for passage of each proposal and the effect of abstentions and uninstructed shares held by brokers. **Please note that brokers may not vote your shares on the election of directors if you have not given your broker specific instructions as to how to vote. Please be sure to give specific voting instructions to your broker so that your vote can be counted.**

Proposal Number	Description	Votes Required for Approval	Abstentions	Uninstructed Shares
1	Election of Directors	Nominees receiving highest number of votes	Not voted	Not voted
2	Ratification of Independent Registered Public Accounting Firm	Majority of votes cast	Not voted	Discretionary vote brokers may vote

Recommendation of Board of Directors

Unless you instruct otherwise on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. Specifically, the Board's recommendations are as follows:

- **FOR** the election of each of the five nominees for director; and
- **FOR** the ratification of the selection of Friedman LLP as our independent registered public accounting firm to audit the consolidated financial statements of Evolving Systems for our fiscal year ending December 31, 2014.

The proxy holders will vote as recommended by the Board of Directors with respect to any other matter that properly comes before the annual meeting, including any postponements or adjournments thereof. If the Board of Directors on any such matter gives no recommendation, the proxy holders will vote in their own discretion.

After you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of Evolving Systems either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the annual meeting in person and request to recast your vote. Attendance at the annual meeting will not, by itself, revoke a previously granted proxy.

Householding

To reduce costs and reduce the environmental impact of our Annual Meeting a single proxy statement and annual report, along with individual proxy cards or individual Notices of Internet Availability, will be delivered in one envelope to certain shareholders having the same last name and address and to individuals with more than one account registered at our transfer agent with the same address. This process, which is commonly referred to as householding, potentially means extra convenience for security holders and cost savings for Evolving Systems. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

prefer to receive a separate proxy statement, please notify your broker, or direct your written request to Evolving Systems, Inc., Daniel J. Moorhead, Secretary, 9777 Pyramid Court, Suite 100, Englewood, Colorado 80112, or contact Daniel J. Moorhead at 303-802-1000.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

We encourage you to access and review all of the important information contained in the proxy materials before voting.

Voting Procedures and Tabulation of Votes

Our independent election inspector will tabulate votes cast by proxy or in person at the meeting. We will also report the results in a Form 8-K filed with the Securities and Exchange Commission (SEC) within four business days of the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board of Directors is currently composed of 5 members, with each member elected annually for a term of one year. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the Board of Directors) will serve for the remainder of the full term of the director for which the vacancy occurred and until the director's successor is elected and qualified.

Under the director independence guidelines, the Board of Directors must affirmatively determine a director has no relationship that would interfere with the exercise of independent judgment in carrying out his responsibilities as a director. To facilitate this determination, annually each director completes a questionnaire that provides information about relationships that might affect the determination of independence. Management provides the Governance and Nominating Committee and our Board with relevant facts and circumstances of any relationship bearing on the independence of a director or nominee that is outside the categories permitted under the director independence guidelines.

Based on the review and recommendation by the Governance and Nominating Committee, the Board of Directors analyzed the independence of each director and determined that four of our directors (Messrs. Nicol, Oros, Ramlall and Spirtos) are independent under NASDAQ's current listing standards and that each of them is free of any relationship that would interfere with his individual exercise of independent judgment. Mr. Dupper is not considered independent under NASDAQ's current listing standards.

All of our directors have terms of office expiring in 2014. The Board has nominated Messrs. Dupper, Nicol, Oros, Ramlall and Spirtos for re-election. Proxies cannot be voted for a greater number of persons than the number of nominees named. If elected at the annual meeting, each of the nominees would serve until the 2015 annual meeting of stockholders.

Required Vote and Recommendation of the Board of Directors

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, FOR the election of the nominees named below. The persons nominated for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unable to serve. The Board of Directors expects that each of the nominees will be available for election, but if any of them is unable to serve at the time the election occurs, the proxy will be voted for the election of another nominee designated by our Board.

Set forth below is biographical information for the persons nominated and each person whose term of office as a director will continue after the annual meeting. Ages are as of April 30, 2014.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NAMED NOMINEE.

INFORMATION REGARDING THE BOARD AND ITS COMMITTEES

Board Leadership Structure

Our Chief Executive Officer also serves as our Chairman of the Board. Our Board believes that a combined CEO/Chairman of the Board arrangement is currently the best structure for our Board as our Chief Executive Officer is most familiar with the Company's business and industry, and most capable of effectively identifying our priorities and leading the execution of our strategy. Our independent directors bring experience, oversight and expertise from outside the company and industry, while the Chief Executive Officer brings company-specific experience and expertise. Combining the role of Chairman and Chief Executive Officer facilitates information flow between management and the Board.

The Board currently does not have a Lead Independent Director, and will periodically evaluate whether to appoint one.

The Board's Role in Risk Oversight

The Board as a whole actively oversees management of the Company's risks and looks to its committees, as well as senior management, to support the Board's oversight role. The Company's Compensation Committee provides information about risks relating to the Company's compensation plans and arrangements. The Audit Committee assists with oversight of financial risks, and the Nominating and Governance Committee focuses on risks associated with the independence of the Board of Directors and potential conflicts of interest. The Investment Committee focuses on managing principal and liquidity risk while maintaining a high level of income for the Company. While each committee is responsible for evaluating certain risks, the full Board regularly receives information through committee reports and from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, technical and strategic risks.

Meetings and Committees of the Board of Directors

Our business, property and affairs are managed under the direction of our Board of Directors and its committees. Our Board of Directors provides management oversight, helps guide the Company on strategic planning, approves the Company's operating budgets and meets regularly in executive sessions. Members of our Board are kept informed of our business through discussions with our Chief Executive Officer and other officers and employees, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its committees.

Our Board holds regularly scheduled quarterly meetings. In addition to the quarterly meetings, typically there is at least one other regularly scheduled meeting and several special meetings each year. At least twice a year, time is set aside for the independent directors to meet without management present. Our Board met formally 10 times in 2013 in addition to numerous conference calls throughout the year. In fiscal year 2013 each director attended at least 75% of all Board meetings.

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

The Board has an Audit Committee, a Compensation Committee, a Nominating and Governance Committee, and an Investment Committee. * Denotes Committee Chairman as of December 31, 2013.

** The Committee members met informally several times during the year, following which they acted formally through unanimous consent resolutions.

Below is a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the independence requirements under the NASDAQ's current listing standards and each member is free of any relationship that would interfere with his individual exercise of independent judgment.

The Audit Committee. The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's accounting, auditing, and reporting practices. The Audit Committee meets with our independent registered public accounting firm at least annually to review the results of the annual audit and discuss the financial statements. The Committee also meets with our independent registered public accounting firm quarterly to discuss the results of the accountants' quarterly reviews as well as quarterly results and quarterly earnings releases; recommends to the Board the registered public accounting firm to be retained; and receives and considers the accountants' comments as to internal controls and procedures in connection with audit and financial controls. The Audit Committee reviews all financial reports prior to filing with the Securities and Exchange Commission (SEC) and reviews all financial press releases prior to release. The specific responsibilities in carrying out the Audit Committee's oversight role are set forth in the Audit Committee's Charter, a copy of which is posted on the Company's website, www.evolving.com, under Investors' Corporate Governance. The Audit Committee consists of Messrs. Nicol, Oros and Spirtos, all of whom are independent directors as required under the Securities Exchange Act of 1934, as amended (the Exchange Act), Section 10A(m)(3) and NASDAQ listing standards. The Board of Directors has determined that Mr. Nicol is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. For more information concerning the Audit Committee see the Report of the Audit Committee contained in this proxy statement.

The Compensation Committee. The primary responsibilities of the Compensation Committee are to review and recommend to the Board the compensation of our executive officers, to review and recommend an incentive compensation plan, approve grants of stock awards to employees and consultants under our stock incentive plan and otherwise determine compensation levels and perform such other functions regarding compensation as the Board may delegate. The Compensation Committee consists of Messrs. Nicol, Oros and Ramlall, all of whom are independent directors under NASDAQ listing standards.

The Compensation Committee meets outside the presence of all of our executive officers to consider appropriate compensation for our chief executive officer (CEO). The Compensation Committee annually analyzes our CEO's performance and determines his base salary and incentive compensation and stock awards, based on its assessment of his performance and other considerations described in the Compensation Discussion and Analysis. For our other named executive officer, the Compensation Committee meets separately with our CEO. Our CEO annually reviews our other named executive officer's performance with the Compensation Committee and makes recommendations to the Compensation Committee with respect to the appropriate base salary, payments to be made under our incentive compensation plan and equity incentive awards for all officers, excluding himself. Based in part on these recommendations from our CEO and other considerations described in the Compensation Discussion and Analysis, the Compensation Committee approves the annual compensation package of our other executive officer. In 2010 the Compensation Committee engaged the services of Radford, an independent compensation consultant, to assist the Committee in establishing compensation levels for executive officers. In 2012, the Committee determined that the information contained in the Radford report supported the compensation structure for 2013, and the Committee made no significant changes to the executive officers' compensation plans.

The specific responsibilities and functions of the Compensation Committee are discussed in the Compensation Committee Charter, which is posted on our website, www.evolving.com, under Investors' Corporate Governance.

Nominating and Governance Committee. The primary responsibilities of the Nominating and Governance Committee are to monitor corporate governance matters, to determine the slate of director nominees for election to the Company's Board of Directors and to identify and recommend candidates to fill vacancies occurring on the Board of Directors and to assess the independence of the members of our Board of Directors.

Criteria and Diversity. In filling vacancies that occur on the Board, and nominating candidates for election, the Nominating and Governance Committee takes into account certain minimum qualifications and qualities that the Committee believes are necessary for one or more of the Company's directors to possess. These qualifications and qualities are as follows:

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

- Experience with businesses and other organizations comparable to the Company. For example, experience in the telecommunications industry and/or experience in a software development company is desirable.
- Experience in reviewing, and the ability to understand, financial statements.
- Experience in the operational and corporate governance aspects of running a public company.
- Experience working with or overseeing management and establishing effective compensation strategies to align management with Company objectives and stockholder financial returns.
- The candidate's independence from conflict or direct economic relationship with the Company. For example, individuals who are employed by one of our customers or a competitor would not be eligible for our Board.

- The candidate's contacts within the telecommunications industry, and/or within the finance and investment banking industry.
- Experience with mergers and acquisitions.
- The ability of the candidate to attend Board and committee meetings regularly (either in person or by telephone) and devote an appropriate amount of effort in preparation for those meetings.
- A reputation, strength of character and business judgment befitting a director of a publicly held company.

Candidates for the Board should have some, but not necessarily all, of the above-described criteria. Although the Company has no formal policy regarding diversity, the Committee seeks diversity in the broadest sense, with the goal of having a Board composed of a broad diversity of experience, professions, skills, geographic representation, backgrounds and culture. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best contribute to the success of the business and represent stockholder interests using its diversity of experience and sound business judgment. Nominees or potential nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

The process used by the Nominating and Governance Committee for identifying and evaluating nominees for directors is as follows:

- **Nomination of an existing Board member whose term is expiring.** Each year prior to preparation of the proxy statement for the annual meeting, the Nominating and Governance Committee meets to determine whether any current Board member desires to remain on the Board and, if so, whether such individual should be recommended for nomination. The Committee evaluates whether the individual continues to meet the then current qualifications and qualities established by the Committee for Board membership, as well as the contributions made by the individual during his or her tenure on the Board. The Committee, among other things, takes into consideration the individual's attendance at Board and committee meetings and his or her participation in, and preparation for, such meetings. In the event the Committee determines that it is in the Company's best interest to nominate an existing Board member for re-election, the Committee will adopt a formal recommendation for consideration and adoption by the full Board of Directors, which, if adopted by the Board of Directors, will be contained in the proxy statement.
- **Consideration of candidates proposed by stockholders.** The Nominating and Governance Committee will consider candidates for the Board proposed by stockholders. Stockholders wishing to nominate a candidate for consideration by the Committee may do so by writing to the Company's Secretary and providing the candidate's name, biographical data and qualifications. The Committee will consider the candidate for nomination in the same manner as described below, Consideration of new candidates for the Board. A stockholder proposal for inclusion in the proxy statement (and received in accordance with the procedures described in our Bylaws and our previous year's proxy statement) will be included in the proxy statement in accordance with SEC regulations.
- **Consideration of new candidates for the Board.** The Nominating and Governance Committee will consider new candidates for the Board to fill vacancies that occur on the Board. Recommendations for candidates may be submitted to the Committee through the Company's Secretary. The Secretary will forward names and qualifications of proposed candidates to the Committee members. The Committee will review

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

the materials to determine whether the candidate appears to meet the qualifications and qualities established by the Committee for Board membership. If the candidate appears to be qualified, the Committee will conduct an interview of the candidate, which may include interviews with management as well as other members of the Board. The Committee may recommend a candidate for membership on the Board, subject to final approval of a majority of the Board of Directors, and the results of a background investigation and reference check of the candidate.

The specific responsibilities and functions of the Nominating and Governance Committee are set forth in the Nominating Committee Charter. The Committee's charter is posted on our website, www.evolving.com, under Investors Corporate Governance. The current members of the Nominating and Governance Committee are Messrs. Oros, Ramlall and Spirtos.

Investment Committee. Our Board of Directors has an Investment Committee comprised of two directors, Mr. Spirtos, who acts as Chairman of the Committee, and Mr. Oros. Daniel J. Moorhead, our Vice President of Finance & Administration, acts in an advisory role to the Investment Committee.

The primary responsibilities of the Investment Committee are to guide overall investment strategy and manage the Company's investments. The specific responsibilities and functions of the Investment Committee are discussed in the Investment Committee Charter, which is posted on our website, www.evolving.com, under Investors Corporate Governance.

DIRECTOR COMPENSATION

The 2013 compensation plan for non-employee members of the Board of Directors and the committees of the Board is described in the table below.

	Annual retainer (payable in quarterly increments)	Additional annual cash compensation for non-employee Chairperson
Board of Directors	\$ 20,000	\$ N/A
Audit Committee	\$ 0	\$ 5,000
Compensation Committee	\$ 0	\$ 5,000

In addition, we grant non-employee directors stock options upon joining the Board of Directors. Annually or semi-annually thereafter we typically grant options to purchase between 3,500 - 4,200 shares cumulatively in a year, vesting quarterly over a one-year period, with annual grants being made on, or shortly thereafter, the date of the annual stockholders' meeting to Board members who have served at least 6 months. Options are priced at the closing price for the Company's stock on the date of the grant. In addition, we have granted members of our Board of Directors shares of restricted stock (typically, between 2,500 - 3,500 shares annually), although that may vary year to year; in 2013, our Compensation Committee elected not to grant a restricted stock award to the Board members.

We do not provide any deferred compensation, health or other personal benefits to our directors. We reimburse each director for reasonable out-of-pocket expenses incurred to attend Board and Committee meetings. Each member of our Board of Directors owns stock in the Company, although we do not require that they do so.

Information Regarding Stockholder Communication with the Board of Directors; Attendance of Board Members at the Annual Meeting

Stockholders may contact an individual director, the Board as a group, or a specified Board committee or group, including the non-employee directors as a group, at the following address: Corporate Secretary, Evolving Systems, Inc., 9777 Pyramid Ct., Suite 100, Englewood, CO 80112, Attn: Board of Directors. Our Secretary will process communications before forwarding them to the addressee. Directors generally will not be forwarded stockholder communications that are primarily commercial in nature, relate to improper or irrelevant topics, or request general information about the Company.

We encourage, but do not require, Board members to attend our Annual Meeting of Stockholders. One member of the Board attended the 2013 Annual Stockholders Meeting.

Statement on Corporate Governance

We regularly monitor developments in the area of corporate governance by reviewing federal laws affecting corporate governance, as well as rules adopted by the SEC and NASDAQ. In response to those developments, we review our processes and procedures and implement corporate governance practices which we believe are in the best interests of the Company and its stockholders. Among other things, we have established a Disclosure Committee, comprised of executives and senior managers who are actively involved in the disclosure process, to specify, coordinate and oversee the review procedures that we use each quarter, including at fiscal year end, to prepare our periodic SEC reports.

The Board has approved a set of corporate governance guidelines to promote the functioning of the Board and its Committees and to set forth a common set of expectations as to how the Board should perform its functions. Our Corporate Governance Guidelines are posted on the Company's website under Investors Corporate Governance. On an annual basis, each director and executive officer is obligated to complete a Director and Officer Questionnaire which requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. The Board also evaluates its performance periodically.

The Board has also approved a Code of Business Conduct and a Code of Ethics for Finance Employees (collectively, the Codes), posted on our website, www.evolving.com, under Investors Corporate Governance. We require all employees and directors to adhere to the Code of Business Conduct in discharging their Company-related activities and our finance employees to also comply with the Code of Ethics for Finance Employees. Employees and directors are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Codes. We intend to disclose on our website, or on a Current Report on Form 8-K, any amendments to or waivers of the Codes applicable to those of our senior officers to whom the Codes apply within four business days following the date of such amendment or waiver. Our Audit Committee has established a confidential hotline and procedures to receive, retain and treat complaints we receive regarding ethics, accounting and internal accounting controls of auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding ethics, accounting or auditing matters.

Policies and Procedures for Approval of Related Person Transactions

We may encounter business arrangements or transactions with businesses and other organizations in which one of our directors or executive officers or their immediate families may also be a director, executive officer or investor or have some other direct or indirect material interest. We refer to these transactions as related person transactions. Related person transactions have the potential to create actual or perceived conflicts of interest between Evolving Systems and its directors and officers or their immediate family members.

In March 2007, the Board formally adopted a policy with respect to related person transactions to document procedures pursuant to which such transactions are reviewed, approved or ratified. The policy applies to any transaction in which (1) the Company is a participant, (2) any related person has a direct or indirect material interest and (3) the amount involved exceeds \$120,000, but excludes any transaction that does not require disclosure under Item 404(a) of Regulation S-K. The Nominating and Governance Committee is responsible for reviewing, approving and/or ratifying any related person transaction. The Nominating and Governance Committee intends to approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders. Transactions with related persons below the threshold level may be approved by the Compensation Committee.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has selected Friedman LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Representatives of Friedman LLP are expected to

be available at the Annual Meeting to make a statement if they so desire, and to respond to appropriate questions from stockholders present at the meeting.

Stockholder ratification of the selection of Friedman LLP as the Company's independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board is submitting the selection of Friedman LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Required Vote and Recommendation of Board of Directors

The ratification of Friedman LLP as Evolving Systems' independent registered public accounting firm is a routine matter for brokers that hold their clients' shares in street name and brokers are entitled to vote these shares. The affirmative vote of a majority of the shares of our common stock, present or represented and voting at the annual meeting, will be required to ratify the appointment of Friedman LLP as our independent registered public accounting firm. Abstentions will have no effect on the outcome of the vote with respect to this proposal. Because this is a routine proposal on which a broker or other nominee is generally empowered to vote, no broker non-votes will likely result from this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NO. 2,
RATIFICATION OF FRIEDMAN LLP AS THE COMPANY'S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.**

Information Regarding Change In Accountants

Effective April 13, 2012, the independent accountant who was previously engaged as the principal accountant to audit the financial statements of the Company, Grant Thornton LLP, was dismissed. The accountant's reports on the financial statements for the past two fiscal years neither contained an adverse opinion or a disclaimer of opinion, nor was qualified or modified as to uncertainty, audit scope, or accounting principles. The decision to change accountants was approved by the Audit Committee of the Board of Directors. During the Company's two most recent fiscal years and any subsequent interim periods preceding such dismissal, there were no disagreements with Grant Thornton LLP, whether or not resolved, on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Grant Thornton LLP's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with any report on the Company's financial statements. In addition, there were no reportable events, as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K, that occurred within the Company's two most recent fiscal years and the subsequent interim period preceding Grant Thornton LLP's dismissal except for the following matter:

On March 30, 2012, our auditors communicated to management and our Audit Committee an identified material weakness in our internal control over financial reporting which indicated we did not maintain effective controls over the completeness and accuracy of our accounting for income taxes. Accordingly, management concluded that this control deficiency constituted a material weakness as of June 30, 2011, September 30, 2011 and December 31, 2011. Management also concluded that we did not maintain effective controls over financial reporting as of June 30, 2011, September 30, 2011, and December 31, 2011.

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

In connection with the Company's Form 8-K, filed with the SEC on April 19, 2012, the Company provided Grant Thornton LLP with a copy of the foregoing disclosures. Grant Thornton LLP furnished the Company with a letter addressed to the Securities and Exchange Commission stating that Grant Thornton LLP agreed with the above statements.

Subsequent to our finding, we designed and implemented additional monitoring and oversight controls over the income tax accounting process and improved the control documentation for income taxes to ensure conformity with generally accepted accounting principles through the increased use of third party advisors with expertise in income taxes to assist us with our quarterly income tax provision. We also increased detail in our tracking, documentation and reconciliation process related to our deferred tax assets.

We determined that the actions and evaluation described above resulted in improvements in our controls that strengthened our internal control over financial reporting and has addressed the related material weakness that

we originally identified as of December 31, 2011. The evaluation of internal controls over financial reporting included a review of the documentation of the income tax controls, testing the operating effectiveness of the income tax controls and a conclusion on this evaluation. Based on this evaluation, management concluded that the Company's internal control over financial reporting, including the income tax controls, was effective as of June 30, 2012 and thereafter.

Effective April 17, 2012, the accounting firm of Friedman LLP was engaged to serve as the new independent principal accountant to audit the Company's financial statements for the fiscal year ended December 31, 2012. During the fiscal years 2010 and 2011, and the subsequent interim period prior to engaging that accountant, neither the Company (nor someone on its behalf) consulted Friedman LLP regarding either:

1. the application of accounting principles to any specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report was provided to the Company nor oral advice was provided that Friedman LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing, or financial reporting issue; or
2. any matter that was either the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K and the related instructions thereto) or a reportable event (as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K).

The Company has provided each of Grant Thornton LLP and Friedman LLP with a copy of the foregoing disclosures prior to the filing of this Proxy Statement with the SEC.

Fees Billed by Independent Registered Public Accounting Firm

The following table sets forth information regarding fees for services rendered by Friedman LLP and our prior independent accounting firm Grant Thornton LLP related to the fiscal years ended December 31, 2013 and December 31, 2012:

Friedman LLP:

Types of Fees	Fees for 2013		Fees for 2012	
Audit Fees	\$	110,000	\$	110,000
Other Fees	\$	7,184	\$	
Total Fees	\$	117,184	\$	110,000

Grant Thornton LLP:

Types of Fees	Fees for 2013		Fees for 2012	
----------------------	----------------------	--	----------------------	--

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

Audit Fees	\$	40,000	\$	25,000
Tax Fees	\$		\$	2,310
Total Fees	\$	40,000	\$	27,310

Audit Fees were for professional services for the audit of the consolidated financial statements and other fees for services that only our independent registered public accounting firm can perform, such as the review of our interim consolidated financial statements included in our Form 10-Q and 10-Q/A filings, consents and assistance with and review of documents filed with the SEC.

Tax Fees were for services related to certain tax compliance of our foreign subsidiaries and transfer pricing for our Indian subsidiary, tax planning and advice.

Other Fees were for services related to our acquisition of Telespree Communications.

The Audit Committee has considered the nature of all non-audit services and believes that such services are compatible with maintaining the independent registered public accounting firm's independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee has established a process for review and approval of fees and services of the independent registered public accounting firm. Requests to the Audit Committee for approval of fees and services for the independent registered public accounting firm are made in writing or via e-mail by our Vice President of Finance & Administration. The request must be specific as to the particular services to be provided, but may be either for specific services or a type of service for predictable or recurring services. The Chairman of the Audit Committee reviews the request and provides a response, in writing or via e-mail, to our Vice President of Finance & Administration, and approved requests are subsequently ratified by the Committee as a whole. All of the services provided by the independent registered public accounting firms in 2013 and 2012 were pre-approved by the Audit Committee.

The Audit Committee, with the ratification of the stockholders, engaged Friedman LLP to perform an annual audit of the Company's consolidated financial statements for the fiscal year ended December 31, 2013. Our Audit Committee entered into an engagement agreement with Friedman LLP which sets forth the terms by which Friedman LLP performed audit services for the Company.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Advisory Vote on Executive Compensation

In our 2013 Proxy Statement, we sought and received the approval of our stockholders on an advisory basis on the compensation of our named executive officers, commonly known as say-on-pay. Our stockholders also approved, on an advisory basis, our Board's recommendation to hold an advisory say-on-pay vote every two years. Accordingly, the Board intends to seek an advisory vote on the compensation of our named executive officers in our 2015 Proxy Statement. Our stockholders approved, on an advisory basis, the compensation of our named executive officers in connection with our 2013 Proxy Statement and our Compensation Committee considered the advisory vote when setting the compensation of our named executive officers for 2014.

Executive Compensation Objectives and Practices

We designed our executive officer compensation program to attract, motivate and retain key executives who drive our success. We strive to have pay reflect our performance and align with the interests of long-term stockholders, which we achieve with compensation that:

- Provides executives with competitive compensation that maintains a balance between cash and stock compensation, encouraging our executive officers to act as owners with an equity stake in our company;
- Ties a significant portion of total compensation to achievement of the Company's business goals such as quarterly and annual revenue, Adjusted EBITDA and bookings targets;
- Enhances retention by having equity compensation subject to multi-year vesting; and

- Does not encourage unnecessary and excessive risk taking.

The Compensation Committee evaluates both performance and compensation to ensure the Company maintains its ability to attract and retain superior employees in key positions and compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of other software companies.

Elements of Executive Compensation

Our compensation for senior executive officers generally consists of the following elements: base salary; performance-based incentive compensation determined primarily by reference to objective financial operating criteria; long-term equity compensation in the form of stock options and restricted stock; and employee benefits that are generally available to all our employees. Our CEO also has additional life and disability insurance benefits.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. It is our policy to set base salary levels taking into account a number of factors, such as annual revenue, the nature of the software business, the structure of other companies' compensation programs and the availability of compensation information. When setting base salary levels, in a manner consistent with the objectives outlined above, the Compensation Committee considers our performance, the individual's breadth of knowledge and performance and levels of responsibility. In determining salaries for 2013, the Compensation Committee did not engage compensation consultants. In mid-2010, the Company engaged Radford, an independent Aon Hewitt consulting firm, to assist it in assessing the competitive position of our executive compensation program and making decisions about individual compensation elements. Radford was directly accountable to the Compensation Committee. To maintain the independence of the firm's advice, Radford did not provide any services for the Company other than those described below.

The Compensation Committee elected to keep base salaries unchanged for 2013 and increased the potential incentive compensation percentages of our named executive officers, while making the targets more difficult to achieve, but otherwise did not make material changes to the executive compensation plan for 2013.

Quarterly and Annual Performance-Based Incentive Compensation

Our performance-based incentive compensation program is designed to compensate executives when financial performance goals are achieved. Executives have the opportunity to earn quarterly and annual cash compensation equal to a percentage of their base salary. In 2013, on an annual basis, the potential incentive compensation percentages ranged from 45% of the executive's base salary to 85% (as specifically noted in the

Grants of Plan-Based Awards table on page 20), payable in five increments (four small quarterly and one larger annual payment) based upon quarterly and annual revenue, Adjusted EBITDA and sales bookings targets. Quarterly incentive compensation payments were equal to 7.5% of each executive's total incentive compensation and 70% was based on achievement of the annual targets. Quarterly incentive compensation was capped at 100% of the quarterly target. Achievement of 100% of the revenue, Adjusted EBITDA or bookings target paid out at 75% of the targeted incentive compensation. For extraordinary performance there was an opportunity to receive more than 100% of the targeted incentive

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

compensation associated with the annual increment if certain stretch Company annual performance targets were attained specifically, up to 200% for exceeding the annual revenue target by 22%; up to 200% for exceeding the product booking target by 30%; and up to 200% for exceeding the Adjusted EBITDA target by 20%. These Company performance targets also served as the basis for incentive compensation paid to non-executive officers, and certain managers and non-commissioned employees, to assure that all employees are motivated toward the same corporate financial goals.

Each year the Compensation Committee determines the appropriate performance measurement criteria that it believes best aligns executive compensation with the Company's business goals for the year. For fiscal 2013, to focus executive and non-executive employees on certain sales bookings, the Compensation Committee determined that 50% of the incentive compensation should be based upon achieving certain sales bookings targets, 25% tied to revenue, and 25% tied to profitability, using quarterly and annual earnings targets before interest, taxes, depreciation, amortization, impairment, stock compensation and gain/loss on foreign exchange transactions what we refer to as Adjusted EBITDA.

For 2013, our total incentive compensation achievement was 2%.

In general, we set targeted levels of performance at the threshold range that require above average performance in order to qualify for payouts. Payouts above the target range are set at levels that are much more difficult to achieve. See footnote (3) to our Summary Compensation Table for additional information regarding percentage of target levels achieved for 2011 and 2012.

The Compensation Committee's policy with respect to the adjustment or recovery of compensation in the event of a material change in our financial statements requiring an accounting restatement is to retain discretion over all pay elements and reserve the right to reduce or forego future compensation based on any required restatement or adjustment. The Compensation Committee intends to review its policies with respect to such adjustment or recovery of compensation on an ongoing basis as part of its annual review.

Long-Term Incentive Compensation Equity Compensation

On occasion, our executive officers have been eligible for stock awards. We believe that stock awards give executives a significant, long-term interest in our success, help retain key executives in a competitive market, and align executive interests with stockholder interests and long-term performance of the Company.

We adopted our initial Stock Option Plan in 1996 (1996 Plan). Our 1996 Plan expired in January 2006 and no new grants can be made under that plan. In June 2007 our stockholders approved our 2007 Stock Incentive Plan (2007 Plan). In 2010 and 2013, our stockholders authorized an additional 250,000 and 250,000 shares, respectively, for issuance under the 2007 Plan, bringing the total amount authorized for issuance under the 2007 Plan to 1,502,209 shares after adjustments resulting from payment of special dividends. The Compensation Committee believes that having a stock incentive plan assists us in attracting, retaining and motivating officers and other employees, as well as qualified directors. Under our 2007 Plan, we have granted options as well as restricted stock. Grants are designed to align the interests of the participants with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Moreover, the long-term vesting schedule (which is generally four years for employees and one year for non-employee directors, although this may vary at the discretion of the Compensation Committee) encourages a long-term commitment to the Company by our executive officers and other awardees. Each year the Compensation Committee reviews the number of shares owned by, or subject to options held by, each executive officer, and additional awards are considered based upon the executive's past performance, as well as anticipated future performance, of the executive officer. The Compensation Committee continues to believe that equity compensation should be an important element of the Company's compensation package.

Typically, we have awarded options to executives upon joining the Company and thereafter grants may be at the discretion of the Compensation Committee. On rare occasions, we also make grants upon the occurrence of an event, such as a promotion or an acquisition. Generally, options are priced at the closing price of the Company's common stock on the date of each grant, or, in the case of new employees, such later date as the employee joins the Company. We also have on occasion granted restricted stock to members of the Board of Directors, executive officers, and a limited number of non-executive officers.

The majority of the options granted to employees vest quarterly at a rate of 25% per year over the first four years of a ten-year option term. Restricted stock awards also vest quarterly over a four-year period or quarterly over a two-year period, as determined by the Compensation Committee. Vesting generally ceases upon termination of employment, and exercise rights generally terminate within three or six months following termination of employment, subject to longer exercise periods in the case of disability or death and certain changes of control. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to the option, including voting rights and the right to receive dividends or dividend equivalents, although the Compensation Committee may, in its discretion, elect to pay dividends to option holders. Recipients of restricted stock, on the other hand, have voting rights and the right to receive dividends or dividend equivalents during the vesting period.

We do not have a formal written policy relating to the timing of equity awards and we do not limit grant awards to any trading windows. Stock options are granted with an exercise price equal to the closing price for the Company's stock on the date of grant. Effective June of 2010, all equity awards require unanimous approval of the Compensation Committee.

We encourage, but we do not require, that our executive officers own stock in the Company.

Retirement and Other Benefits

All employees in the United States who are at least twenty-one years of age and who have worked for the Company for a period of thirty (30) days are eligible to participate in the Company's 401(k) plan.

Stock Purchase Plan

The Company maintains an employee stock purchase plan (the "Purchase Plan"). Generally, any employee, including each named executive officer, who is customarily employed at least 20 hours per week and five (5) months per calendar year by the Company (or by any parent or subsidiary of the Company) on the first day of an offering is eligible to participate. Offerings occur quarterly. Mr. Dupper, our Chief Executive Officer, is precluded from participating in the Purchase Plan by virtue of his total stock ownership, including outstanding stock options.

No employee may accrue the right to purchase more than 10,000 shares in any offering period or more than \$25,000 worth of common stock (determined at the fair market value of the shares at the time such rights are granted) in any calendar year. Employees who own 5% or more of the Company's common stock may not participate in the Purchase Plan. Rights granted under the Purchase Plan are not transferable and may be exercised only by the employee to whom such rights are granted.

Employees are eligible to participate in the first offering commencing after the date they are employed by the Company or an affiliate of the Company. Subject to the limitations described above, employees who participate in an offering may have up to 15% of their compensation withheld pursuant to the Purchase Plan and applied at the end of each offering period to the purchase of shares of common stock. The price of common stock purchased under the Purchase Plan is equal to 85% of the lower of the fair market value of the common stock on the commencement date of each offering period or the purchase date. Employees may end their participation in the offering at any time prior to the end of the offering and participation ends automatically upon termination of employment with the Company.

Rights granted under the Purchase Plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under provisions of Section 423 of the Internal Revenue Code. For U.S.-based employees, no income will be taxable to a participant until disposition of the acquired shares, or until the participant's death while holding the acquired shares, and the amount of taxation will depend upon the holding period of the acquired shares. Employees located outside of the United States may be subject to different tax treatment based upon local tax laws.

Life Insurance and Disability Insurance

The Company provides its Chief Executive Officer, Mr. Dupper, with \$300,000 in life insurance coverage over and above what is provided to non-executive employees under Company-sponsored life insurance benefits. The Company pays the premiums on this policy, but the amount of premiums attributable to coverage greater than \$50,000 is taxable to Mr. Dupper.

The Company also makes available to Mr. Dupper additional long-term disability benefits over and above what is provided to non-executive employees. The regular benefit for U.S.-based employees provides a benefit at the rate of 66-2/3% of an employee's base pay, with a monthly benefit cap of \$5,667. The additional-long term disability benefit provides the lesser of \$6,000 a month or the difference between 66-2/3% of Mr. Dupper's monthly base salary and the benefit provided under the regular benefit. This additional benefit is payable until age 65. Mr. Dupper is responsible for paying the premiums on this policy, but if he elects this benefit, the Company reimburses him for the amount of the premiums and the taxes attributable to those premiums (tax gross-up).

Perquisites and Other Personal Benefits

We allow our executive officers to upgrade to business class on certain international flights for business purposes. Except for these benefits, and as noted above relating to life and disability insurance benefits, we do not provide additional perquisites and other personal benefits to our executive officers.

Indemnification Agreements

We have entered into an indemnification agreement with each of our named executive officers and members of our Board of Directors. Information regarding those agreements is provided under the heading *Certain Relationships and Related Transactions* on page 28.

Employment and Severance Agreements

Our named executive officers are employed at-will, although our Chief Executive Officer has severance provisions in his employment agreement providing for payments to him upon termination of employment, subject to certain limitations. Information regarding potential payments and benefits under Mr. Dupper's employment agreement is provided under the heading *Potential Payments Upon Termination or Change of Control* on page 21.

Change of Control Arrangements

The compensation agreement we have entered into with Mr. Dupper, contains change of control benefits and we have entered into a separate change of control agreement with Mr. Moorhead. In our experience, change of control agreements for executive officers are common among our peer group and our Board of Directors and Compensation Committee believe that providing these agreements to our named executive officers will protect stockholders' interests in the event of a change of control by enabling executives to consider corporate transactions that are in the best interests of the stockholders and other constituents of the Company without undue concern over whether the transaction may jeopardize the executive's own employment. Information regarding potential payments and benefits under such agreements for the named executive officers is provided under the heading *Potential Payments Upon Termination or Change of Control* on page 21.

Limitation on Deduction of Compensation Paid to Certain Executive Officers

Section 162(m) of the Internal Revenue Code (the Code) generally limits the Company deduction for federal income tax purposes to no more than \$1 million of compensation paid to each of the named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the Code. The Compensation Committee intends to continue to evaluate the effect of Section 162(m) of the Code in the future to the extent consistent with the best interests of the Company.

Compensation of Chief Executive Officer

In 2013, Mr. Dupper's base salary remained at \$260,000. His potential incentive compensation percentage was 85% of his base salary because the Committee believes that a large percentage of the Chief Executive Officer's compensation should be based upon achievement of the Company's performance targets. Mr. Dupper was awarded 10,000 shares of restricted stock in 2013, vesting quarterly over a two year period.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

THE COMPENSATION COMMITTEE

David J. Nicol, Chairman

David S. Oros

Richard R. Ramlall

COMPENSATION RISK ASSESSMENT

The Compensation Committee has discussed the concept of risk as it relates to our compensation programs and the Committee does not believe our compensation programs encourage excessive or inappropriate risk taking. We structure our pay to consist of fixed and variable compensation and the variable portions (cash and equity) are designed to reward both short- and long-term corporate performance. Our employees are encouraged to take a balanced approach that focuses on revenue, profitability and our new products, and our targets are applicable to our executives and employees alike, thus encouraging consistent behavior across the organization.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Nicol, Oros and Ramlall served as members of the Compensation Committee of the Board of Directors during fiscal 2013. None of the members of the Compensation Committee were, at any time during fiscal 2013, nor at any other time, officers or employees of the Company. No member of the Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

(1) Options were granted ten years prior to the option expiration date. Options other than those with an exercise price equal to or greater than \$5.98 per share, or as otherwise noted in a separate footnote below, vest at a rate of 25% per year over the first four years of the ten-year option term, and will be fully vested four years after the date of grant. On December 12, 2005, the Board of Directors accelerated the vesting of all unvested and out-of-the-money stock options that had an exercise price equal to or greater than \$5.98

per share. The acceleration of vesting allowed the Company to avoid recognizing future compensation expense associated with the accelerated options upon the January 1, 2006 adoption of FAS 123R.

(2) Stock awards for the executive officers listed above vest in quarterly increments over a two-year vesting period. The grant shown was made in January 2013.

(3) Pursuant to the 2007 Stock Incentive Plan, the number of securities underlying unexercised options and option exercise prices were adjusted on January 3, 2012 and May 29, 2012 for outstanding options as of each such date as a result of special dividends paid.

(4) Market value was calculated by multiplying the number of shares shown in the table by \$9.74, which was the closing price per share on December 31, 2013, the last day of our fiscal year.

2013 OPTION EXERCISES AND STOCK VESTED

No options were exercised by the named executive officers in 2013. The table below reflects vesting of restricted stock awards during fiscal year 2013.

PENSION BENEFITS

The Company does not maintain any defined benefit retirement plans. In the United States, the Company maintains a 401(k) plan; in the United Kingdom, the Company maintains a defined contribution pension benefit plan.

COMPENSATION AGREEMENTS

General Overview

Our compensation arrangement with our executive officers provides for base salary and incentive compensation. In 2013, potential incentive compensation of our named executive officers ranged from 45% to 85% of the executive's base salary, and was to be paid only if we attained targets established by our Compensation Committee for quarterly and annual revenue, Adjusted EBITDA, and sales booking targets. Quarterly incentive targets were capped at 100%; there was a potential to earn in excess of 100% of the incentive amount associated with the annual targets if we exceeded annual targets. See the *Grants of Plan-Based Awards Table* on page 20 for more information about the stretch amounts, as well as the *Executive Compensation, Quarterly and Annual Performance-Based Incentive Compensation* section on page 15 for percentages achieved in 2013.

On May 19, 2011, the Company entered into an employment agreement with Mr. Dupper which generally provides that in the event the Company terminates his employment, other than for cause, death or disability, he will be paid severance pay. The amount of his severance is described below under the heading *Potential Payments Upon Termination or Change of Control*. In exchange for severance, Mr. Dupper is required to execute a full release of all employment claims with the Company and agree not to compete with us nor to solicit our employees for the period of time during which severance is paid. The employment agreement does not change the at-will nature of Mr. Dupper's employment with the Company. Mr. Moorhead does not have an employment agreement. Either the Company or the executive officer may terminate employment at any time.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The tables below reflect the potential amount of compensation for each of the named executive officers in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not-for-cause termination, retirement, disability or death, and termination following a change of control of the executive is shown below. The amounts shown assume that such termination was effective as of December 31, 2013, and thus include

amounts earned through such time and are estimates of the amounts which would be paid to the executives upon their termination. The actual payments to them may be more or less than the amounts described below. In addition, the Company may enter into new arrangements or modify these arrangements from time to time.

Payments Made Upon Termination

Regardless of the manner in which a named executive officer's employment terminates, the executive is entitled to receive amounts earned during his or her term of employment. Such amounts include:

- non-equity incentive compensation earned through the date of separation. Quarterly and annual incentive compensation payments will be pro-rated to the date of separation.
- vested stock options, which must be exercised within three (3) months, or for options granted on or after December 10, 2009, six (6) months of the date of separation, except in the case of disability (12 months), death (18 months) or, in the case of a change of control of the Company (see discussion below);
- stock vested on the date of separation pursuant to restricted stock awards; and
- salary and unused paid time off through the date of separation.

Involuntary Not-for-Cause Termination

If Mr. Dupper's employment is terminated for reasons other than cause, or Mr. Dupper resigns for Good Reason, he will be entitled to 12 months of base pay and incentive compensation at 100% achievement. Good Reason is specifically defined in the employment agreement, but generally is a material diminution in title, status, authority, duties or responsibilities; a requirement to relocate more than 35 miles away from the Company's current location; a reduction in compensation of 5% or more; or a failure by the Company to pay compensation when due.

Voluntary Termination or Retirement

Except for amounts described under Payments Made Upon Termination, the Company does not have an agreement or practice to pay a named executive officer on voluntary termination or retirement.

Disability or Death

In the event of the disability or death of a named executive officer, the officer will receive benefits under the Company's disability benefits or payments under the Company's life insurance benefits, as appropriate.

Payments Made upon a Change of Control

The Company has entered into an Employment Agreement with Mr. Dupper which contains change of control provisions. In addition, the Company has entered into a Change of Control Agreement with Mr. Moorhead. Under both of these agreements, upon a Qualified Termination (described below),

- Mr. Dupper will receive:

- a payment equal to 18 months of his base salary, payable in equal increments over an equal period (the Severance Period) (or such shorter period as required for compliance with Section 409A of the U.S. Internal Revenue Code), in the Company's normal payroll cycles;

- an amount equal to 1.5 times Mr. Dupper's incentive compensation, assuming achievement at 100% of the performance goals, payable in equal installments over his Severance Period;

- continuation of benefits under the Company's health insurance plan as provided by law, as well as the Company's life and disability plans, with the Company contributing an extra six (6) months of premiums during his Severance Period;

- tax advice services in an amount not to exceed \$7,500; and

- all stock options and restricted stock held by Mr. Dupper will automatically vest and become exercisable.

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

- Mr. Moorhead will receive:
- a payment equal to 12 months of his base salary, payable in equal increments over an equal period (the Severance Period) (or such shorter period as required for compliance with Section 409A of the U.S. Internal Revenue Code), in the Company s normal payroll cycles;
- an amount equal to 1.0 times Mr. Moorhead s incentive compensation, assuming achievement at 100% of the performance goals, payable in equal installments over his Severance Period;
- continuation of benefits under the Company s health insurance plan as provided by law, with the Company continuing its contributions to the premiums during his Severance Period; and
- all stock options and restricted stock held by Mr. Moorhead will automatically vest and become exercisable.

A Qualified Termination will occur upon any of the following:

- termination of the named executive officer s employment by us, without cause, within 180 days before or 365 days after a Change of Control; or
- resignation by the named executive officer for Good Reason during the same period.

In general, the Change of Control provision is a double trigger, meaning that payments are made only if the named executive officer suffers a covered termination of employment as described above. Neither Mr. Dupper nor Mr. Moorhead will receive payment solely upon the occurrence of a Change of Control, except that 50% of their equity awards (options and restricted stock) will automatically vest upon a Change of Control even if their employment is not terminated.

A Change of Control will occur upon:

- the date any person or group acquires ownership of stock of the Company that, together with stock held by the person or group, constitutes more than 50% of the total fair market value or total voting power of the stock of the Company, the liquidation or dissolution of the Company or the sale of all of substantially all (greater than 75%) of the fair market value of the assets of the Company;

Edgar Filing: EVOLVING SYSTEMS INC - Form DEF 14A

- the acquisition by any person, entity or group, within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act, of beneficial ownership within the meaning of Rule 13-d of the Securities Exchange Act, of more than 50% of either the then outstanding shares of the Company's common stock or the combined voting power of the Company's then outstanding voting securities entitled to vote generally in the election of directors; or any one person, or more than one person acting as a group, acquires or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons, ownership of stock of the Company possessing 50% or more of the total voting power of the Company's stock; or
- the date the individuals who constituted a majority of the Board as of May 19, 2011 (the Incumbent Board) cease for any reason to constitute at least a majority of the Board provided that any individual who becomes a member of the Board following such date who was approved by a majority of the Incumbent Board shall be considered a member of the Incumbent Board.

In exchange for severance, Mr. Dupper and Mr. Moorhead will be required to execute a full release of employment claims with the Company and agree not to compete with the Company nor to solicit our employees for his respective Severance Period or a portion thereof.

TABLE OF EQUITY COMPENSATION PLANS

The following table contains summary information as of December 31, 2013 concerning the Company's Employee Stock Purchase Plan, 1996 Stock Option Plan and 2007 Amended and Restated Stock Incentive Plan.
