Table of Contents

**EVOLVING SYSTEMS, INC.**

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1 BASIS OF PRESENTATION**

**Organization** We are a provider of software solutions and services to the wireless, wireline and cable markets. We maintain long-standing relationships with many of the largest wireless, wireline and cable companies worldwide. Our customers rely on us to develop, deploy, enhance, maintain and integrate complex, highly reliable software solutions for a range of Operations Support Systems ( OSS ). We offer software products and solutions focused on activation and provisioning: our service activation solution, *Tertio*® ( TSA ) used to activate complex bundles of voice, video and data services for traditional and next generation wireless and wireline networks; our SIM card activation solution, *Dynamic SIM Allocation TM* ( DSA ) used to dynamically allocate and assign resources to wireless devices that rely on SIM cards; our cloud-based (SaaS) service activation, self service mobile applications and data enablement solutions to wireless carriers and Mobile Virtual Network Operators (MVNOs); and our connected devices activation solution, Intelligent M2M Controller and DataSpreeSM that support the activation of M2M devices.

**Reclassifications** - Certain reclassifications have been made to the 2013 financial statements to conform to the consolidated 2014 financial statement presentation. These reclassifications had no effect on net earnings or cash flows as previously reported.

**Interim Consolidated Financial Statements** The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ( GAAP ) and in conformity with the instructions to Form 10-Q and Rule 8-03 of Regulation S-X and the related rules and regulations of the Securities and Exchange Commission ( SEC ). Accordingly, certain information and note disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. However, we believe that the disclosures included in these financial statements are adequate to make the information presented not misleading. The unaudited condensed consolidated financial statements included in this document have been prepared on the same basis as the annual consolidated financial statements, and in our opinion reflect all adjustments, which include normal recurring adjustments necessary for a fair presentation in accordance with GAAP and SEC regulations for interim financial statements. The results for the three and six months ended June 30, 2014 are not necessarily indicative of the results that we will have for any subsequent period. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes to those statements for the year ended December 31, 2013 included in our Annual Report on Form 10-K.

**Use of Estimates** The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. We made estimates with respect to revenue recognition for estimated hours to complete projects accounted for using the percentage-of-completion method, allowance for doubtful accounts, income tax valuation allowance, fair values of long-lived assets, valuation of intangible assets and goodwill, useful lives for property, equipment and intangible assets, business combinations, capitalization of internal software development costs and fair value of stock-based compensation amounts. Actual results could differ from these estimates.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

**Foreign Currency** Our functional currency is the U.S. dollar. The functional currency of our foreign operations is the respective local currency for each foreign subsidiary. Assets and liabilities of foreign operations denominated in local currencies are translated at the spot rate in effect at the applicable reporting date. Our consolidated statements of operations are translated at the weighted average rate of exchange during the applicable period. The resulting unrealized cumulative translation adjustment is recorded as a component of accumulated other comprehensive income (loss) in stockholders' equity. Realized and unrealized transaction gains and losses generated by transactions denominated in a currency different from the functional currency of the applicable entity are recorded in other income (loss) in the consolidated statements of operations in the period in which they occur.

**Principles of Consolidation** The consolidated financial statements include the accounts of Evolving Systems, Inc. and subsidiaries, all of which are wholly owned. All significant intercompany transactions and balances have been eliminated in consolidation.

**Goodwill** Goodwill is the excess of acquisition cost of an acquired entity over the fair value of the identifiable net assets acquired. Goodwill is not amortized, but tested for impairment annually or whenever indicators of impairment exist. These indicators may include a significant change in the business climate, legal factors, operating performance indicators, competition, sale or disposition of a significant portion of the business or other factors. Application of the goodwill impairment test requires judgment, including the identification of reporting units, assignment of assets and liabilities to reporting units, assignment of goodwill to reporting units, and determination of the fair value of each reporting unit.

Table of Contents

**Intangible Assets** Amortizable intangible assets consist primarily of purchased software and licenses, customer contracts and relationships, trademarks and tradenames, and business partnerships acquired in conjunction with our purchase of Telespree Communications (Evolving Systems Labs). These assets are amortized using the straight-line method over their estimated lives.

We assess the impairment of identifiable intangibles if events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. If we determine that the carrying value of intangibles and/or long-lived assets may not be recoverable, we compare the estimated undiscounted cash flows expected to result from the use of the asset and its eventual disposition to the asset's carrying amount. If an amortizable intangible or long-lived asset is not deemed to be recoverable, we recognize an impairment loss representing the excess of the asset's carrying value over its estimated fair value.

**Fair Value Measurements** Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

*Level 1* Quoted prices in active markets for identical assets or liabilities.

*Level 2* Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3* Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability.

**Cash and Cash Equivalents** All highly liquid investments with maturities of three months or less at the date of purchase are classified as cash equivalents.

**Revenue Recognition** We recognize revenue when an agreement is signed, the fee is fixed or determinable and collectability is reasonably assured. We recognize revenue from two primary sources: license fees and services, and customer support. The majority of our license fees and services revenue is generated from fixed-price contracts, which provide for licenses to our software products and services to customize such software to meet our customers' use. When the customization services are determined to be essential to the functionality of the delivered software, we recognize revenue using the percentage-of-completion method of accounting. In these types of arrangements, we do not typically have Vendor Specific Objective Evidence (VSOE) of fair value on the license fee/services portion (services are related to customizing the software) of the arrangement due to the large amount of customization required by our customers; however, we do have VSOE for the warranty/maintenance services based on the renewal rate of the first year of maintenance in the arrangement. The license/services portion is recognized using the percentage-of-completion method of accounting and the warranty/maintenance services are separated based on the renewal rate in the contract and recognized ratably over the warranty or maintenance period. We estimate the percentage-of-completion for each contract based on the ratio of direct labor hours incurred to total estimated direct labor hours and recognize revenue based on the percent complete multiplied by the contract amount allocated to the license fee/services. Since estimated direct labor hours, and changes thereto, can have a

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

significant impact on revenue recognition, these estimates are critical and we review them regularly. If the arrangement includes a customer acceptance provision, the hours to complete the acceptance testing are included in the total estimated direct labor hours; therefore, the related revenue is recognized as the acceptance testing is performed. Revenue is not recognized in full until the customer has provided proof of acceptance on the arrangement. Generally, our contracts are accounted for individually. However, when certain criteria are met, it may be necessary to account for two or more contracts as one to reflect the substance of the group of contracts. We record amounts billed in advance of services being performed as unearned revenue. Unbilled work-in-progress represents revenue earned but not yet billable under the terms of the fixed-price contracts. All such amounts are expected to be billed and collected within 12 months.

We may encounter budget and schedule changes or increases on fixed-price contracts caused by increased labor or overhead costs. We make adjustments to cost estimates in the period in which the facts requiring such revisions become known. We record estimated losses, if any, in the period in which current estimates of total contract revenue and contract costs indicate a loss. If revisions to cost estimates are obtained after the balance sheet date but before the issuance of the interim or annual financial statements, we make adjustments to the interim or annual financial statements accordingly.

In arrangements where the services are not essential to the functionality of the delivered software, we recognize license revenue when a license agreement has been signed, delivery and acceptance have occurred, the fee is fixed or determinable and collectability is reasonably assured. Where applicable, we unbundle and record as revenue fees from multiple element arrangements as the elements are delivered to the extent that VSOE of fair value of the undelivered elements exist. If VSOE for the undelivered elements does not exist, we defer fees from such arrangements until the earlier of the date that VSOE does exist on the undelivered elements or all of the elements have been delivered.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

### Table of Contents

We recognize revenue from fixed-price service contracts using the proportional performance method of accounting, which is similar to the percentage-of-completion method described above. We recognize revenue from professional services provided pursuant to time-and-materials based contracts and training services as the services are performed, as that is when our obligation to our customers under such arrangements is fulfilled.

We recognize revenue from our Mobile Data Enablement ( MDE ) contracts based on the number of transactions per month multiplied by a factor based on a unique table for transaction volumes relating to each account.

We recognize customer support, including maintenance revenue, ratably over the service contract period. When maintenance is bundled with the original license fee arrangement, its fair value, based upon VSOE, is deferred and recognized during the periods when services are provided.

**Stock-based Compensation** We account for stock-based compensation by applying a fair-value-based measurement method to account for share-based payment transactions with employees and directors. We record compensation costs associated with the vesting of unvested options on a straight-line basis over the vesting period. Stock-based compensation is a non-cash expense because we settle these obligations by issuing shares of our common stock instead of settling such obligations with cash payments. We use the Black-Scholes model to estimate the fair value of each option grant on the date of grant. This model requires the use of estimates for expected term of the options and expected volatility of the price of our common stock.

**Comprehensive Income** Comprehensive income consists of two components, net income and other comprehensive income. Other comprehensive income refers to revenue, expenses, gains, and losses that under GAAP are recorded as an element of shareholders' equity but are excluded from net income. Other comprehensive income consists of foreign currency translation adjustments from those subsidiaries not using the U.S. dollar as their functional currency.

**Restricted Cash** As of June 30, 2014 and December 31, 2013 we had \$24,000 of restricted cash related to securing a letter of credit for our San Francisco, California lease. The restricted cash will become unrestricted at the expiration of the lease in 2015.

**Income Taxes** We record deferred tax assets and liabilities for the estimated future tax effects of temporary differences between the tax bases of assets and liabilities and amounts reported in the accompanying condensed consolidated balance sheets, as well as operating loss and tax credit carry-forwards. We measure deferred tax assets and liabilities using enacted tax rates expected to be applied to taxable income in the years in which those temporary differences are expected to be recovered or settled. We reduce deferred tax assets by a valuation allowance if, based on available evidence, it is more likely than not that these benefits will not be realized.

We use a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

**Recent Accounting Pronouncements** In July 2013, the Financial Accounting Standards Board ( FASB ) issued Accounting Standards Update ( ASU ) 2013-11 regarding ASC Topic 740 Income Tax. This ASU clarifies the guidance on the presentation of an unrecognized tax benefit, or a portion of an unrecognized tax benefit, in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward. This ASU will be effective for our fiscal year beginning January 1, 2014. We adopted this pronouncement as of January 1, 2014. The adoption of this standard did not have a significant impact on our consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers , Topic 606. This Update affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets, unless those contracts are within the scope of other standards. The guidance in this Update supersedes the revenue recognition requirements in Topic 605, Revenue Recognition and most industry-specific guidance. The core principle of the guidance is that an entity should recognize revenue to illustrate the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The new guidance also includes a cohesive set of disclosure requirements that will provide users of financial statements with comprehensive information about the nature, amount, timing, and uncertainty of revenue and cash flows arising from a reporting organization's contracts with customers. This ASU is effective retrospectively for fiscal years, and interim periods within those years beginning after December 15, 2016 for public companies and 2017 for non-public entities. We are evaluating the effect, if any, on the Company's financial position and results of operations.

### NOTE 2 ACQUISITION

On October 24, 2013 we acquired privately held Telespree, now known as Evolving Systems Labs, Inc. for an initial payment of approximately \$1.6 million comprised of approximately \$0.8 million in cash and approximately \$0.8 million in stock. We also

Table of Contents

agreed to make a payment on the 1 year anniversary of the transaction of \$0.5 million, with such payment being available to secure Telespree's representations and warranties in the agreement. We are obligated to make additional payments in cash on the achievement of certain financial targets for the period from October 25, 2013 through October 24, 2016.

We accounted for this business combination by applying the acquisition method, and accordingly, the purchase price was allocated to the assets and liabilities assumed based upon their fair values at the acquisition date. The excess of the purchase price over the net assets and liabilities, approximately \$1.1 million, was recorded as goodwill. The Company is in the process of finalizing the purchase allocation, thus the provisional measures of deferred income taxes, intangibles and goodwill are subject to change. The Company expects the purchase price allocation will be finalized in 2014. The results of Telespree's operations have been included in the consolidated financial statements since the acquisition date.

We believe this acquisition complements our activation and SIM management products, adding technology used in the delivery and management of mobile data services to end-users. Our strategic focus is primarily on the wireless markets in the areas of subscriber activation, SIM card management and activation, self-service mobile applications, data enablement solutions, connected device activation and management of services.

Total purchase price is summarized as follows:

	<b>October 24, 2013</b>	
Cash Consideration	\$	794
Final Cash Payment		494
Stock Consideration (73,281 shares)		761
Estimated Contingent Consideration		178
Total purchase price	\$	2,227

The fair value of the 73,281 common shares issued was determined based on the closing market price of our common shares on the acquisition date.

The estimated contingent consideration arrangement requires us to pay \$0.2 million of additional consideration to Telespree's former shareholders if we meet certain performance metrics over the three years following the acquisition date. In each of the years, the former shareholders are entitled to a deferred payment equal to 34 percent of all qualifying revenue in excess of the qualifying revenue threshold for such deferred payment period. The initial qualifying revenue threshold is \$2.3 million, but shall be increased in subsequent years if the qualified revenue falls under the qualifying revenue threshold in the previous period.

The contingent consideration was valued using the Income Approach-Probability Weighted Expected Payment. Multiple forecasted scenarios were evaluated which include (i) an upside case, (ii) a base case and (iii) a downside case. We determined the potential Deferred Payment cash flows of Telespree based on each scenario. The cash flow payments were converted to a present value using a discount rate of 5 percent based on the cost of debt. Finally, we probability weighted each scenario.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

The following table summarizes the preliminary estimated fair values of the assets and liabilities assumed at the acquisition date:

	<b>October 24, 2013</b>
Cash and cash equivalents	\$ 382
Contract receivables	210
Unbilled work-in-progress	150
Intangible assets	718
Prepaid and other current assets	37
Deferred tax asset	98
Other assets, non-current	43
Total identifiable assets acquired	\$ 1,638
Accounts payable and accrued liabilities	\$ 504
Assumed liabilities	4
Total identifiable liabilities acquired	\$ 508
Net identifiable assets acquired	1,130
Goodwill	1,097
Net assets acquired	\$ 2,227

## Table of Contents

We recorded \$0.7 million in intangible assets as of the acquisition date with a weighted-average amortization period of five to eight years and are amortizing the value of the trade name, technology, and customer relationships over an estimated useful life of 3.8, 4.6 and 4.6 years, respectively. Amortization expense related to the acquired intangible assets resulting from the acquisition, which is included in amortization expense, was approximately \$24,000 and \$47,000 for the three and six months ended June 30, 2014, respectively.

The \$1.1 million of goodwill was assigned to the license and service segment. The goodwill recognized is attributed primarily to expected synergies and the assembled workforce of Telespree. As of June 30, 2014 there were no changes in the recognized amounts of goodwill resulting from the acquisition of Telespree.

## NOTE 3 GOODWILL AND INTANGIBLE ASSETS

Changes in the carrying amount of goodwill by reporting unit were as follows (in thousands):

		License and Services			Customer Support		Total
		U.S.		UK	UK		Goodwill
Balance as of December 31, 2013	\$	1,097	\$	7,532	\$	9,307	\$ 17,936
Effects of changes in foreign currency exchange rates (1)				254		314	568
Balance at June 30, 2014	\$	1,097	\$	7,786	\$	9,621	\$ 18,504

(1) Represent primarily the impact of foreign currency translation for instances when goodwill is recorded in foreign entities whose functional currency is also their local currency. Goodwill balances are translated into U.S. dollars using exchange rates in effect at period end. Adjustments related to foreign currency translation are included in other comprehensive income.

We conducted our annual goodwill impairment test as of July 31, 2013, and we determined that goodwill was not impaired as of the test date. From July 31, 2013 through the date of this report, no events have occurred that we believe may have impaired goodwill.

We amortized identifiable intangible assets on a straight-line basis over their estimated lives ranging from one to seven years and include the cumulative effects of foreign currency exchange rates. As of June 30, 2014 and December 31, 2013, identifiable intangibles were as follows (in thousands):

	June 30, 2014			December 31, 2013			Weighted-Average
	Gross Amount	Accumulated Amortization	Net Carrying Amount	Gross Amount	Accumulated Amortization	Net Carrying Amount	Amortization Period
Purchased software	\$ 439	\$ 37	\$ 402	\$ 439	\$ 9	\$ 430	4.6 yrs
Trademarks and tradenames	63	8	55	63	2	61	3.8 yrs

# Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

Customer relationships	216	18	198	216	5	211	4.6 yrs
	\$ 718	\$ 63	\$ 655	\$ 718	\$ 16	\$ 702	4.54 yrs

# Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

## Table of Contents

Amortization expense of identifiable intangible assets was \$24,000 and \$0.1 million for the three months and \$47,000 and \$0.2 million for the six months ended June 30, 2014 and 2013, respectively. Expected future amortization expense related to identifiable intangibles based on our carrying amount as of June 30, 2014 was as follows (in thousands):

<b>Twelve months ending June 30,</b>		
2015	\$	95
2016		94
2017		94
2018		94
2019		86
Thereafter		192
	\$	655

## **NOTE 4 EARNINGS PER COMMON SHARE**

We compute basic earnings per share ( EPS ) by dividing net income or loss available to common stockholders by the weighted average number of shares outstanding during the period, including common stock issuable under participating securities. We compute diluted EPS using the weighted average number of shares outstanding, including participating securities, plus all potentially dilutive common stock equivalents. Common stock equivalents consist of stock options.

Our policy is to treat unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents, whether paid or unpaid, as participating securities, included in the computation of both basic and diluted earnings per share. The following is the reconciliation of the denominator of the basic and diluted EPS computations (in thousands, except per share data):

	<b>For the Three Months Ended June 30,</b>		<b>For the Six Months Ended June 30,</b>	
	<b>2014</b>	<b>2013</b>	<b>2014</b>	<b>2013</b>
<b>Basic income per share:</b>				
Net income available to common stockholders	\$ 1,676	\$ 909	\$ 2,327	\$ 2,082
Basic weighted average shares outstanding	11,635	11,423	11,628	11,416
Basic income per share:	\$ 0.14	\$ 0.08	\$ 0.20	\$ 0.18
<b>Diluted income per share:</b>				
Net income available to common stockholders	\$ 1,676	\$ 909	\$ 2,327	\$ 2,082
Weighted average shares outstanding	11,635	11,423	11,628	11,416
Effect of dilutive securities - options	272	268	284	275
Diluted weighted average shares outstanding	11,907	11,691	11,912	11,691
Diluted income per share:	\$ 0.14	\$ 0.08	\$ 0.20	\$ 0.18

For the three months ended June 30, 2014 and 2013, 0.2 million and 0.1 million shares, respectively, of common stock were excluded from the dilutive stock calculation because their exercise prices were greater than the average fair value of our common stock for the period.

For the six months ended June 30, 2014 and 2013, 0.2 million and 0.1 million shares, respectively of common stock were excluded from the dilutive stock calculation because their exercise prices were greater than the average fair value of our common stock for the period.

**NOTE 5 SHARE-BASED COMPENSATION**

We account for stock-based compensation by applying a fair-value-based measurement method to account for share-based payment transactions with employees and directors, and record compensation cost for all stock awards granted after January 1, 2006 and awards modified, repurchased, or cancelled after that date, using the modified prospective method. We record compensation costs associated with the vesting of unvested options on a straight-line basis over the vesting period. We recognized \$0.1 million of compensation expense in the consolidated statements of operations, with respect to our stock-based compensation plans for the three

# Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

## Table of Contents

months ended June 30, 2014 and 2013 and \$0.2 million for the six months ended June 30, 2014 and 2013. The following table summarizes stock-based compensation expenses recorded in the consolidated statement of operations (in thousands):

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
Cost of license fees and services, excluding depreciation and amortization	\$ 20	\$ 7	\$ 36	\$ 14
Cost of customer support, excluding depreciation and amortization	2	1	4	2
Sales and marketing	10	6	21	11
General and administrative	48	59	90	116
Product development	33	6	50	11
Total share based compensation	\$ 113	\$ 79	\$ 201	\$ 154

## **Stock Incentive Plans**

In January 1996, our stockholders approved an Amended and Restated Stock Option Plan (the "Option Plan"). Under the Option Plan, as amended, 4,175,000 shares were reserved for issuance. Options issued under the Option Plan were at the discretion of the Board of Directors, including the vesting provisions of each stock option granted. Options were granted with an exercise price equal to the closing price of our common stock on the date of grant, generally vest over four years and expire no more than ten years from the date of grant. The Option Plan terminated on January 18, 2006; options granted before that date were not affected by the plan termination. At June 30, 2014 and December 31, 2013, 0.1 million and 0.2 million options remained outstanding under the Option Plan, respectively.

In June 2007, our stockholders approved the 2007 Stock Incentive Plan (the "2007 Stock Plan") with a maximum of 1,000,000 shares reserved for issuance. In June 2010, our stockholders approved an amendment to the 2007 Stock Plan which increased the maximum shares that may be awarded under the plan to 1,250,000. In June 2013, our stockholders approved an amendment to the 2007 Stock Plan which increased the maximum shares that may be awarded under the plan to 1,502,209. Awards permitted under the 2007 Stock Plan include: Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Awards and Other Stock-Based Awards. Awards issued under the 2007 Stock Plan are at the discretion of the Board of Directors. As applicable, awards are granted with an exercise price equal to the closing price of our common stock on the date of grant, generally vest over four years for employees and one year for directors and expire no more than ten years from the date of grant. At June 30, 2014, there were approximately 0.1 million shares available for grant under the 2007 Stock Plan, as amended. At June 30, 2014 and December 31, 2013, 0.6 million and 0.5 million options were issued and outstanding under the 2007 Stock Plan as amended, respectively.

During the three months ended June 30, 2014 and 2013, there were no grants of restricted stock to members of our senior management. During the six months ended June 30, 2013 there were 16,000 grants of restricted stock to members of our senior management. No grants of restricted stock were offered during the six months ended June 30, 2014. During the three months ended June 30, 2014 and 2013, 2,000 and 6,000 shares of restricted stock vested, respectively. During the six months ended June 30, 2014 and 2013, 4,000 and 13,000 shares of restricted stock vested, respectively. No shares of restricted stock were forfeited during the three months ended June 30, 2014 and 2013. Approximately 938 and 1,250 shares of restricted stock were forfeited during the six months ended June 30, 2014 and 2013, respectively. The fair market value of restricted shares for share-based compensation expensing is equal to the closing price of our common stock on the date of grant. Stock-based compensation expense includes \$15,000 and \$40,000 for the three months ended June 30, 2014 and 2013, respectively, and \$30,000 and \$0.1 million for the six months ended June 30, 2014 and 2013, respectively, of expense related to restricted stock grants. The restrictions on the stock awards are released quarterly, generally over two and four years for senior management and over one year for board members.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes model. The Black-Scholes model uses four assumptions to calculate the fair value of each option grant. The expected term of share options granted is derived using the simplified method, which we adopted in January 2008. The risk-free interest rate is based upon the rate currently available on zero-coupon U.S. Treasury instruments with a remaining term equal to the expected term of the stock options. The expected volatility is based upon historical volatility of our common stock over a period equal to the expected term of the stock options. The expected dividend yield is based upon historical and anticipated payment of dividends. The weighted-average assumptions used in the fair value calculations are as follows:

# Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

## Table of Contents

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
Expected term (years)	6.3	6.3	6.0	6.1
Risk-free interest rate	1.71%	1.42%	1.69%	0.96%
Expected volatility	54.75%	59.14%	55.88%	60.78%
Expected dividend yield	5.03%	4.83%	3.99%	3.62%

The following is a summary of stock option activity under the plans for the nine months ended June 30, 2014:

	Number of Shares (in thousands)	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value (in thousands)
Options outstanding at December 31, 2013	676	\$ 5.11	4.76	\$ 3,491
Options granted	169	10.15		
Less options forfeited	(118)	12.56		
Less options exercised	(59)	5.41		
Options outstanding at June 30, 2014	668	\$ 5.03	6.13	\$ 2,660
Options exercisable at June 30, 2014	437	\$ 2.79	4.42	\$ 2,545

There were 14,000 stock options granted during the three months ended June 30, 2014 and 2013. The weighted-average grant-date fair value of stock options granted during the three months ended June 30, 2014 and 2013 was \$2.65 and \$2.41, respectively. As of June 30, 2014, there was approximately \$0.8 million of total unrecognized compensation costs related to unvested stock options. These costs are expected to be recognized over a weighted average period of 2.68 years. The total fair value of stock options vested during the three months ended June 30, 2014 and 2013 was approximately \$0.1 million and \$39,000, respectively. The total fair value of stock options vested during the six months ended June 30, 2014 and 2013 was approximately \$0.1 million, respectively.

The deferred income tax benefits from stock option expense related to Evolving Systems U.K. totaled approximately \$4,000 for the three months ended June 30, 2014 and 2013. The deferred income tax benefits from stock option expense related to Evolving Systems U.K. totaled approximately \$8,000 for the six months ended June 30, 2014 and 2013.

Cash received from stock option exercises for the three months ended June 30, 2014 and 2013 was \$17,000 and \$0.1 million, respectively. Cash received from stock option exercises for the six months ended June 30, 2014 and 2013 was \$0.1 million, respectively.

During the three months ended March 31, 2014, we had net settlement exercises of stock options, whereby the optionee did not pay cash for the options but instead received the number of shares equal to the difference between the exercise price and the market price on the date of exercise. Net settlement exercises during the three months ended March 31, 2014, resulted in approximately 7,094 shares issued and 26,376 options cancelled in settlement of shares issued. There were no net settlement exercises during the three months ended June 30, 2014.

## Employee Stock Purchase Plan

Under the Employee Stock Purchase Plan ( ESPP ), we are authorized to issue up to 550,000 shares. Employees may elect to have up to 15% of their gross compensation withheld through payroll deduction to purchase our common stock, capped at \$25,000 annually and no more than 10,000 shares per offering period. The purchase price of the stock is 85% of the lower of the market price at the beginning or end of each three-month participation period. As of June 30, 2014, there were approximately 65,000 shares

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

### Table of Contents

available for purchase. For the three months ended June 30, 2014 and 2013, we recorded compensation expense of \$4,000 and \$500, respectively, and \$11,000 and \$1,000, for the six months ended June 30, 2014 and 2013, respectively, associated with grants under the ESPP which includes the fair value of the look-back feature of each grant as well as the 15% discount on the purchase price. This expense fluctuates each period primarily based on the level of employee participation.

The fair value of each purchase made under our ESPP is estimated on the date of purchase using the Black-Scholes model. The Black-Scholes model uses four assumptions to calculate the fair value of each purchase. The expected term of each purchase is based upon the three-month participation period of each offering. The risk-free interest rate is based upon the rate currently available on zero-coupon U.S. Treasury instruments with a remaining term equal to the expected term of each offering. The expected volatility is based upon historical volatility of our common stock. The expected dividend yield is based upon historical and anticipated payment of dividends. The weighted average assumptions used in the fair value calculations are as follows:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
Expected term (years)	0.25	0.25	0.25	0.25
Risk-free interest rate	0.03%	0.06%	0.04%	0.07%
Expected volatility	43.37%	44.00%	43.29%	45.31%
Expected dividend yield	4.67%	4.83%	4.53%	4.16%

Cash received from employee stock plan purchases for the three months ended June 30, 2014 and 2013 was \$16,000 and \$2,000, respectively. Cash received from employee stock plan purchases for the six months ended June 30, 2014 and 2013 was \$43,000 and \$4,000, respectively.

We issued shares related to the ESPP of approximately 2,000 and 400 for the three months ended June 30, 2014 and 2013, respectively. We issued shares related to the ESPP of approximately 6,000 and 800 for the three months ended June 30, 2014 and 2013, respectively.

### **NOTE 6 CONCENTRATION OF CREDIT RISK**

For the three months ended June 30, 2014, three significant customers (defined as contributing at least 10%) accounted for 40% (19%, 11% and 10%) of revenue from operations. The significant customers for the three months ended June 30, 2014 are large telecommunications operators in Nigeria, United Kingdom and Mexico. For the three months ended June 30, 2013, one significant customer accounted for 13% of revenue from operations. The significant customer for the three months ended June 30, 2013 is a large telecommunications operator in Saudi Arabia. For the six months ended June 30, 2014, three significant customers accounted for 37% (14%, 13% and 10%) of revenue from operations. These customers are large telecommunications operators in the United Kingdom, Nigeria and Mexico. For the six months ended June 30, 2013, one significant customer accounted for 11% of revenue from operations. This customer is a large telecommunications operator in the Philippines.

As of June 30, 2014, two significant customers accounted for approximately 47% (35% and 12%) of contract receivables and unbilled work-in-progress. These customers are large telecommunication operators in Nigeria and Mexico. As of December 31, 2013, four significant customers accounted for approximately 56% (18%, 15%, 12% and 11%) of contract receivables and unbilled work-in-progress. These customers are large telecommunications operators in Nigeria, United Kingdom, Brazil and Luxembourg.

**NOTE 7 LONG-TERM DEBT**

On October 22, 2012, we entered into a \$5.0 million Loan and Security Agreement (the Revolving Facility ). The \$5.0 million Revolving Facility bears interest at the greater of 2.75% or the U.S.A Prime Rate minus one half of one percent (0.5%). Prime Rate was 3.25% as of June 30, 2014. The Revolving Facility is secured by all assets of Evolving Systems, including a pledge, subject to certain limitations with respect to stock of foreign subsidiaries, of the stock of the existing and future direct subsidiaries of Evolving Systems. There is no mandated borrowing required against the Revolving Facility. To take an advance under the Revolving Facility, we must have a balance of \$3.0 million in cash on deposit and have quarterly net income and a specified ratio of current assets to current liabilities, as defined in the Revolving Facility. The Revolving Facility requires us to pay an annual credit facility fee of \$10,000. All accrued interest on outstanding borrowings under the Revolving Facility is payable monthly, with any outstanding balance due with a final maturity of October 22, 2014. As of June 30, 2014, we are in compliance with the covenants and have \$5.0 million available to borrow under this Revolving Facility.

Table of Contents**NOTE 8 INCOME TAXES**

We recorded net income tax expense of \$0.8 million and \$0.5 million for the three months ended June 30, 2014 and 2013, respectively. The net expense during the three months ended June 30, 2014 consisted of current income tax expense of \$0.8 million and a deferred tax benefit of \$10,000. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations. The deferred tax benefit was primarily related to distributed foreign earnings, a decrease in deferred tax assets related to accrued liabilities and capitalized expenses for tax purpose related to the acquisition of Telespree. The net expense during the three months ended June 30, 2013 consisted of current income tax expense of \$0.4 million and a deferred tax expense of \$0.1 million. The current tax expense consists primarily of unrecoverable foreign withholding tax in the U.S. and U.K. and income tax from our U.S., U.K. and India based operations. The deferred tax expense was primarily related to undistributed foreign earnings offset by intangible assets from our U.K. based operations.

We recorded net income tax expense of \$1.1 million for the six months ended June 30, 2014 and 2013. The net expense during the six months ended June 30, 2014 consisted of current income tax expense of \$1.1 and a deferred tax expense of \$47,000. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations, and unrecoverable foreign withholding taxes in the U.S. The deferred tax expense was primarily related to undistributed foreign earnings, a decrease in deferred tax assets related to accrued liabilities and capitalized expenses for tax purpose related to the acquisition of Telespree. The net expense during the six months ended June 30, 2013 consisted of current income tax expense of \$0.9 and a deferred tax expense of \$0.2 million. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations, and unrecoverable foreign withholding taxes in the U.S. and U.K. The deferred tax expense was primarily related to undistributed foreign earnings offset by a tax benefit related to intangible assets from our U.K.-based operations.

Our effective tax rate of 33% for the three months ended June 30, 2014 decreased from an effective tax rate of 37% for the three months ended June 30, 2013. The decrease in our effective tax rate relates to a higher proportion of our income being generated in the U.K., for which the statutory corporate tax rate was decreased in 2014.

Our effective tax rate of 32% for the six months ended June 30, 2014 was decreased from our effective tax rate of 34% for the six months ended June 30, 2013. The decrease in our effective tax rate relates to a higher proportion of our income being generated in the U.K.

In conjunction with the acquisition of Evolving Systems Labs, we recorded certain identifiable intangible assets of \$0.7 million. These assets are amortizable for both book and tax purposes.

As of June 30, 2014 and December 31, 2013 we continued to maintain a valuation allowance on portions of our domestic net deferred tax asset. Such assets primarily consist of certain NOL carryforwards and other tax credits. These NOL s are comprised of windfall tax benefits related to stock-based compensation. When utilized, windfall tax benefits related to stock-based compensation are recorded as a reduction to our taxes payable when realized, with a corresponding credit to additional paid in capital, not income tax expense. The \$0.4 million of net deferred tax assets as of June 30, 2014, were comprised of the following:

	June 30, 2014
Deferred tax assets:	
Net operating loss carryforwards	\$ 2,303

As of June 30, 2014 and December 31, 2013 we had no liability for unrecognized tax benefits.

Table of Contents

We conduct business globally and, as a result, Evolving Systems, Inc. or one or more of our subsidiaries file income tax returns in the U.S. federal jurisdiction and various state and foreign jurisdictions. In the normal course of business, we are subject to examination by taxing authorities throughout the world, namely the United Kingdom and India.

**NOTE 9 STOCKHOLDERS EQUITY**

**Common Stock Dividend**

On May 6, 2014, our Board of Directors declared a second quarter cash dividend of \$0.10 per share, payable May 30, 2014, to stockholders of record May 20, 2014. Previously, our Board of Directors declared a first quarter cash dividend of \$0.10 per share, payable March 31, 2014, to stockholders of record March 24, 2014.

Any determination to declare a future quarterly dividend, as well as the amount of any cash dividend which may be declared, will be based on our financial position, earnings, financial covenants to which we are subject, earnings outlook and other relevant factors at that time.

**Certain Anti-Takeover Provisions/Agreements with Stockholders**

Our restated certificate of incorporation allows the board of directors to issue up to 2,000,000 shares of preferred stock and to determine the price, rights, preferences and privileges of those shares without any further vote or action by our stockholders. The rights of the holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of any preferred stock that may be issued in the future. Issuance of preferred stock, while providing desired flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire a majority of our outstanding voting stock. As of June 30, 2014 and December 31, 2013, no shares of preferred stock were outstanding.

In addition, we are subject to the anti-takeover provisions of Section 203 of Delaware General Corporation Law which prohibit us from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in the prescribed manner. The application of Section 203 may have the effect of delaying or preventing changes in control of our management, which could adversely affect the market price of our common stock by discouraging or preventing takeover attempts that might result in the payment of a premium price to our stockholders.

**NOTE 10 SEGMENT INFORMATION**

We define operating segments as components of our enterprise for which separate financial information is reviewed regularly by the chief operating decision-makers to evaluate performance and to make operating decisions. We have identified our Chief Executive Officer and Vice

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

President of Finance as our chief operating decision-makers ( CODM ). These chief operating decision makers review revenues by segment and review overall results of operations.

We currently operate our business as two operating segments based on revenue type: license fees and services revenue, and customer support revenue (as shown on the consolidated statements of operations). License fees and services ( L&S ) revenue represents the fees received from the license of software products and those services directly related to the delivery of the licensed products, such as fees for custom development and integration services. Customer support ( CS ) revenue includes annual support fees, recurring maintenance fees, fees for maintenance upgrades and warranty services. Warranty services that are similar to software maintenance services are typically bundled with a license sale. Total assets by segment have not been disclosed as the information is not available to the chief operating decision-makers.

Segment information is as follows (in thousands):

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013

### Geographic Regions

We are headquartered in Englewood, a suburb of Denver, Colorado. We use customer locations as the basis for attributing revenues to individual countries. We provide products and services on a global basis through our headquarters, our London-based Evolving Systems U.K. subsidiary and our San Francisco-based Evolving Systems Labs, subsidiary. Additionally, personnel in Bangalore, India provide software development services to our global operations. Financial information relating to operations by geographic region is as follows (in thousands):

For the Three Months Ended June 30,							
	L&S	2014 CS	Total	L&S	2013 CS	Total	
<b>Revenue</b>

Table of Contents

**NOTE 11 COMMITMENTS AND CONTINGENCIES**

**(a) Other Commitments**

As permitted under Delaware law, we have agreements with officers and directors under which we agree to indemnify them for certain events or occurrences while the officer or director is, or was, serving at our request in this capacity. The term of the indemnification period is indefinite. There is no limit on the amount of future payments we could be required to make under these indemnification agreements; however, we maintain Director and Officer insurance policies, as well as an Employment Practices Liability Insurance Policy, that may enable us to recover a portion of any amounts paid. As a result of our insurance policy coverage, we believe the estimated fair value of these indemnification agreements is minimal. Accordingly, there were no liabilities recorded for these agreements as of June 30, 2014 or December 31, 2013.

We enter into standard indemnification terms with customers and suppliers, in the ordinary course of business, for third party claims arising under our contracts. In addition, as we may subcontract the development of deliverables under customer contracts, we could be required to indemnify customers for work performed by subcontractors. Depending upon the nature of the indemnification, the potential amount of future payments we could be required to make under these indemnification agreements may be unlimited. We may be able to recover damages from a subcontractor or other supplier if the indemnification results from the subcontractor's or supplier's failure to perform. To the extent we are unable to recover damages from a subcontractor or other supplier, we could be required to reimburse the indemnified party for the full amount. We have never incurred costs to defend lawsuits or settle claims relating to an indemnification. As a result, we believe the estimated fair value of these agreements is minimal. Accordingly, there were no liabilities recorded for these agreements as of June 30, 2014 or December 31, 2013.

Our standard license agreements contain product warranties that the software will be free of material defects and will operate in accordance with the stated requirements for a limited period of time. The product warranty provisions require us to cure any defects through any reasonable means. We believe the estimated fair value of the product warranty provisions in the license agreements in place with our customers is minimal. Accordingly, there were no liabilities recorded for these product warranty provisions as of June 30, 2014 or December 31, 2013.

Our software arrangements generally include a product indemnification provision whereby we will indemnify and defend a customer in actions brought against the customer for claims that our products infringe upon a copyright, trade secret, or valid patent of a third party. We have not historically incurred any significant costs related to product indemnification claims. Accordingly, there were no liabilities recorded for these indemnification provisions as of June 30, 2014 or December 31, 2013.

**(b) Litigation**

We are involved in various legal matters arising in the normal course of business. Losses, including estimated costs to defend, are recorded for these matters to the extent they are probable of loss and the amount of loss can be reasonably estimated. As of June 30, 2014 we are not involved in any legal matters.

**NOTE 12 RESTRUCTURING**

During the first quarter of 2014, we undertook a reduction in workforce involving the termination of employees resulting in an expense of \$0.2 million primarily related to severance for the affected employees. The reduction in workforce was related to the consolidations of duplicative functions as a result of the acquisition of Telespree in the fourth quarter of 2013. Subsequently, an additional expense of \$26,000 was incurred in the second quarter relating to the first quarter 2014 reduction in force. There was no restructuring expense for the three or six months ended June 30, 2013.

As of June 30, 2014, \$0.2 million has been paid. The restructuring liability as of June 30, 2014 was \$18,000.

**NOTE 13 SUBSEQUENT EVENTS**

On August 5, 2014, our Board of Directors declared a second quarter cash dividend of \$0.11 per share, payable August 29, 2014, to stockholders of record August 22, 2014.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS**

*This Quarterly Report on Form 10-Q contains forward-looking statements that have been made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on current expectations, estimates, and projections about Evolving Systems' industry, management's beliefs, and certain assumptions made by management. Forward-looking statements include our expectations regarding product, services, and maintenance revenue, annual savings associated with the organizational changes effected in prior years, and short- and long-term cash needs. In some cases, words such as anticipates, expects, intends, plans, believes, estimates, variations of these words, and similar expressions are intended to identify forward-looking statements. The statements are not guarantees of future performance and are subject to certain risks, uncertainties, and assumptions that are difficult to predict; therefore, actual results may differ materially from those expressed or forecasted in any forward-looking statements. Risks and uncertainties of our business include those set forth in our Annual Report on Form 10-K for the year ended December 31, 2013 under Item 1A. Risk Factors as well as additional risks described in this Form 10-Q. Unless required by law, we undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events, or otherwise. However, readers should carefully review the risk factors set forth in other reports or documents we file from time to time with the Securities and Exchange Commission, particularly the Quarterly Reports on Form 10-Q and any Current Reports on Form 8-K.*

**OVERVIEW**

We are a provider of software solutions and services to the wireless, wireline and cable markets. We maintain long-standing relationships with many of the largest network operators worldwide. Our customers rely on us to develop, deploy, enhance, maintain and integrate complex, highly reliable software solutions for a range of OSS. We offer software products and solutions focused on activation and provisioning: our service activation solution, TSA is used to activate complex bundles of voice, video and data services for traditional and next generation wireless and wireline networks; our SIM card activation solution, DSA is used to dynamically allocate and assign resources to wireless devices that rely on SIM cards, and our connected devices activation solution, DataSpreeSM and IMC supports the activation of M2M devices.

We recognize revenue in accordance with the prescribed accounting standards for software revenue recognition under generally accepted accounting principles. Our license fees and services revenues fluctuate from period to period as a result of the timing of revenue recognition on existing projects.

**RECENT DEVELOPMENTS**

Consolidated revenue increased to \$7.9 million and \$14.5 million from \$5.8 million and \$12.5 million for three and six months ended June 30, 2014 and 2013, respectively. The increase in revenue is due to increased license and services and customer support revenue primarily from DSA.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

Our twelve month backlog increased to \$12.5 million as of June 30, 2014, compared to \$10.3 million as of June 30, 2013.

We have operations in foreign countries where the local currency is used to prepare the financial statements which are translated into our reporting currency, U.S. Dollars. Changes in the exchange rates between these currencies and our reporting currency are partially responsible for some of the changes from period to period in our financial statement amounts. The chart below summarizes how our revenue and expenses would change had they been reported on a constant currency basis. The constant currency basis assumes that the exchange rate was constant for the periods presented (in thousands).

	For the Three Months Ended June 30, 2014 vs. 2013		For the Six Months Ended June 30, 2014 vs. 2013	
Revenue	\$	143	\$	261
Costs of revenue and operating expenses		294		473
Operating loss	\$	(151)	\$	(212)

The net effect of our foreign currency translations for the three months ended June 30, 2014 was a \$0.1 million increase in revenue and a \$0.3 million increase in operating expenses versus the three months ended June 30, 2013. The net effect of our foreign currency translations for the six months ended June 30, 2014 was a \$0.3 million increase in revenue and a \$0.5 million increase in operating expenses versus the six months ended June 30, 2013.

Table of Contents**RESULTS OF OPERATIONS**

The following table presents the unaudited consolidated statements of operations reflected as a percentage of total revenue.

	For the Three Months Ended June 30,		For the Six Months Ended June 30,

**Revenue**

Revenue is comprised of license fees/services and customer support. License fees and services revenue represent the fees we receive from the licensing of our software products and those services directly related to the delivery of the licensed product as well as integration and consulting services. Customer support revenue includes annual support, recurring maintenance and warranty services. Warranty services consist of maintenance services and are typically bundled with a license sale and the related revenue, based on Vendor-Specific Objective Evidence ( VSOE ), is deferred and recognized ratably over the warranty period.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

Revenue for the three months ended June 30, 2014 and 2013 was \$7.9 million and \$5.8 million, respectively. Revenue for the six months ended June 30, 2014 and 2013 was \$14.5 million and \$12.5 million, respectively. Increased revenue in the period is primarily due to increased license and services and customer support revenue from our DSA and TSA products.

### *License Fees and Services*

License fees and services revenue increased \$1.7 million, or 47%, to \$5.2 million for the three months ended June 30, 2014 from \$3.5 million for the three months ended June 30, 2013. The increase in revenue is due to growth in both the DSA and TSA products. The DSA growth is primarily related to a DSA subscriber license renewal and revenue from our Telespree acquisition.

Table of Contents

License fees and services revenue increased \$1.5 million, or 19%, to \$9.5 million for the six months ended June 30, 2014 from \$8.0 million for the six months ended June 30, 2013. The increase in revenue is due to growth in both the DSA and TSA products. The DSA growth is primarily related to our Telespree acquisition and a DSA subscriber license renewal.

***Customer Support***

Customer support revenue increased \$0.4 million, or 22%, to \$2.7 million for the three months ended June 30, 2014 from \$2.3 million for the three months ended June 30, 2013. The increase is due to higher revenue from DSA as our installed customer base continues to grow.

Customer support revenue increased \$0.5 million, or 12%, to \$5.0 million for the six months ended June 30, 2014 from \$4.5 million for the six months ended June 30, 2013. The increase is due to higher revenue from DSA as our installed customer base continues to grow.

***Costs of Revenue, Excluding Depreciation and Amortization***

Costs of revenue, excluding depreciation and amortization, consist primarily of personnel costs and other direct costs associated with these personnel, facilities costs, costs of third-party software and partner commissions. Costs of revenue, excluding depreciation and amortization, were \$2.0 million and \$1.7 million for the three months ended June 30, 2014 and 2013. Costs of revenue, excluding depreciation and amortization, were \$3.9 million and \$3.5 million for the six months ended June 30, 2014 and 2013, respectively.

***Costs of License Fees and Services, Excluding Depreciation and Amortization***

Costs of license fees and services, excluding depreciation and amortization increased \$0.2 million, or 16%, to \$1.5 million for the three months ended June 30, 2014 from \$1.3 million for the three months ended June 30, 2013. The increase in costs of license fees and services is primarily attributable to the operations of Evolving Systems, Labs. As a percentage of license fees and services revenue, costs of license fees and services, excluding depreciation and amortization, decreased to 29% for the three months ended June 30, 2014 from 37% for the three months ended June 30, 2013. The decrease as a percentage of revenue is primarily due the increase in revenue during the period.

Costs of license fees and services, excluding depreciation and amortization, increased \$0.2 million, or 5%, to \$3.0 million for the six months ended June 30, 2014 from \$2.8 million for the six months ended June 30, 2013. The increase in costs is primarily attributable to the operations of Evolving Systems, Labs. As a percentage of license fees and services revenue, costs of license fees and services, excluding depreciation and amortization, decreased to 31% for the six months ended June 30, 2014 from 35% for the six months ended June 30, 2013. The decrease in costs as a percentage of revenue is primarily the result of increased revenue during the period.

***Costs of Customer Support, Excluding Depreciation and Amortization***

Costs of customer support, excluding depreciation and amortization, increased \$0.1 million, or 22%, to \$0.5 million for the three months ended June 30, 2014 from \$0.4 million for the three months ended June 30, 2013. The increase in costs is a result of additional expenses to support increased revenue during the period. As a percentage of customer support revenue, costs of customer support revenue, excluding depreciation and amortization, was 18% for the three months ended June 30, 2014 and 2013.

Costs of customer support, excluding depreciation and amortization, increased \$0.2 million, or 28%, to \$0.9 million for the six months ended June 30, 2014 from \$0.7 million for the six months ended June 30, 2013. The increase in costs is a result of additional expenses to support the increased revenue during the period. As a percentage of customer support revenue, costs of customer support revenue, excluding depreciation and amortization, increased to 18% for the six months ended June 30, 2014 from 16% for the six months ended June 30, 2013. The increase in costs as a percentage of revenue is primarily the result of the aforementioned increase in expenses during the period.

### ***Sales and Marketing***

Sales and marketing expenses primarily consist of compensation costs, including incentive compensation and commissions, travel expenses, advertising, marketing and facilities expenses. Sales and marketing expenses increased \$0.1 million, or 6%, to \$1.3 million for the three months ended June 30, 2014 from \$1.2 million for the three months ended June 30, 2013. The increase in expenses is primarily attributable to the operations of Evolving Systems, Labs. As a percentage of total revenue, sales and marketing expenses decreased to 17% for the three months ended June 30, 2014 from 22% for the three months ended June 30, 2013. The decrease in sales and marketing expenses as a percentage of revenue is primarily due to increased revenue during the period.

Sales and marketing expenses increased \$0.5 million, or 17%, to \$3.0 million for the six months ended June 30, 2014 from \$2.5 million for the six months ended June 30, 2013. The increase in costs is primarily attributable to the operations of Evolving

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

### Table of Contents

Systems, Labs. As a percentage of total revenue, sales and marketing expenses increased to 21% for the six months ended June 30, 2014 from 20% for the six months ended June 30, 2013. The increase in sales and marketing expenses as a percentage of revenue is primarily due to the aforementioned increase in expenses during the period.

### ***General and Administrative***

General and administrative expenses consist principally of employee related costs and professional fees for the following departments: facilities, finance, legal, human resources, and certain executive management. General and administrative expenses increased \$0.2 million, or 23%, to \$0.9 million for the three months ended June 30, 2014 from \$0.7 million for the three months ended June 30, 2013. The increase in general and administrative expenses is primarily the result of higher incentive pay from improved results during the quarter. As a percentage of revenue, general and administrative expenses decreased to 12% for the three months ended June 30, 2014 from 13% for the three months ended June 30, 2013. The decrease in general and administrative expenses as a percentage of revenue is primarily due to increased revenue during the period.

General and administrative expenses increased \$0.1 million, or 7%, to \$1.8 million from \$1.7 million for the six months ended June 30, 2014 and 2013, respectively. The increase in costs is primarily related to increased incentive pay from improved results during the period. As a percentage of total revenue, general and administrative expenses were 13% for the six months ended June 30, 2014 and 2013.

### ***Product Development***

Product development expenses consist primarily of employee related costs and subcontractor expenses. Product development expenses increased \$0.3 million, or 40%, to \$1.0 million for the three months ended June 30, 2014 from \$0.7 million for the three months ended June 30, 2013. The increase in product development expenses is primarily attributable to the operations of Evolving Systems, Labs. As a percentage of revenue, product development expenses for the three months ended June 30, 2014 and 2013 was 12%.

Product development expenses increased \$0.4 million, or 32%, to \$1.8 million for the six months ended June 30, 2014 from \$1.4 million for the six months ended June 30, 2013. The increase in product development expenses is primarily attributable to the operations of Evolving Systems, Labs. As a percentage of revenue, product development expenses for the six months ended June 30, 2014 increased to 13% from 11% for the six months ended June 30, 2013. The increase as a percentage of revenue is primarily due to the aforementioned increase of expenses during the period.

### ***Depreciation***

Depreciation expense consists of depreciation of long-lived property and equipment. Depreciation expense increased \$15,000, or 41%, to \$52,000 from \$37,000 for the three months ended June 30, 2014 and 2013, respectively. As a percentage of total revenue, depreciation expense for the three months ended June 30, 2014 and 2013, remained at 1%.

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

Depreciation expense was \$0.1 million for the six months ended June 30, 2014 and 2013, respectively. As a percentage of total revenue, depreciation expense for the six months ended June 30, 2014 and 2013, remained at 1%.

### *Amortization*

Amortization expense consists of amortization of identifiable intangible assets acquired through our acquisition of Evolving Systems U.K and Evolving Systems, Labs. Amortization expense decreased \$0.1 million, or 75% to \$24,000 from \$0.1 million for the three months ended June 30, 2014 and 2013, respectively. The decrease of amortization expense is due to the identifiable intangible assets acquired through the acquisition of Evolving Systems U.K. were fully amortized as of June 30, 2013. As a percentage of total revenue, amortization expense for the three months ended June 30, 2014 decreased to 0% from 2% for the three months ended June 30, 2013.

Amortization expense decreased \$0.1 million, or 76% to \$47,000 from \$0.2 million for the six months ended June 30, 2014 and 2013, respectively. The decrease of amortization expense is due to the identifiable intangible assets acquired through the acquisition of Evolving Systems U.K. were fully amortized as of June 30, 2013. As a percentage of total revenue, amortization expense for the six months ended June 30, 2014 decreased to 0% from 2% for the six months ended June 30, 2013.

Table of Contents

***Restructuring***

Restructuring expense includes the costs associated with a reduction in workforce due to the consolidation of duplicative functions as a result of the acquisition of Telespree. Restructuring increased to \$26,000 for the three months ended June 30, 2014. There were no restructuring expenses for the three months ended June 30, 2013. As a percentage of revenue, restructuring expense was 0% for the three months ended June 30, 2014 and 2013.

Restructuring increased to \$0.2 million for the six months ended June 30, 2014. There were no restructuring expenses for the six months ended June 30, 2013. As a percentage of revenue, restructuring expense was 2% for the six months ended June 30, 2014.

***Interest Income***

Interest income includes interest income earned on cash and cash equivalents. Interest income was \$4,000 and \$3,000 for the three months ended June 30, 2014 and 2013, respectively.

Interest income was \$7,000 and \$6,000 for the six months ended June 30, 2014 and 2013, respectively.

***Interest Expense***

Interest expense includes interest expense from the amortization of debt issuance costs, our revolving debt facility and interest expense from our capital lease obligations. Interest expense was \$4,000 and \$5,000 for the three months ended June 30, 2014 and 2013, respectively. The decrease of \$1,000 is primarily due to the amortization of interest expense from our capital lease obligations.

Interest expense was \$9,000 and \$11,000 for the three months ended June 30, 2014 and 2013, respectively. The decrease of \$2,000 is primarily due to the amortization of interest expense from our capital lease obligations.

***Foreign Currency Exchange Loss***

Foreign currency transaction gains and losses resulted from transactions denominated in a currency other than the functional currency of the respective subsidiary and were (\$0.1) million and \$0.2 million for the three months ended June 30, 2014 and 2013, respectively, and (\$0.2) million and \$0.1 million for the six months ended June 30, 2014 and 2013, respectively. The gains and losses were generated primarily through the re-measurement of certain non-functional currency denominated financial assets and liabilities of our Evolving Systems U.K. and India

subsidiaries.

***Other Comprehensive Income (Loss)***

Other comprehensive income refers to revenue, expenses, gains, and losses that under GAAP are recorded as an element of shareholders' equity but are excluded from net income. Other comprehensive income consists of foreign currency translation adjustments from those subsidiaries not using the U.S. dollar as their functional currency. Other comprehensive income increased to \$2.2 million during the three months ended June 30, 2014 compared to \$0.6 million during the three months ended June 30, 2013. For the six months ended June 30, 2014 other comprehensive income increased to \$3.2 million from \$0.6 million for the six months ended June 30, 2013. The increase is related to the re-measurement of certain non-functional currency denominated financial assets and liabilities of our Evolving Systems U.K. and India subsidiaries and increased net income in the respective periods.

***Income Taxes***

We recorded net income tax expense of \$0.8 million and \$0.5 million for the three months ended June 30, 2014 and 2013, respectively. The net expense during the three months ended June 30, 2014 consisted of current income tax expense of \$0.8 million and a deferred tax benefit of \$10,000. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations. The deferred tax benefit was primarily related to distributed foreign earnings, a decrease in deferred tax assets related to accrued liabilities and capitalized expenses for tax purpose related to the acquisition of Telespree. The net expense during the three months ended June 30, 2013 consisted of current income tax expense of \$0.4 million and a deferred tax expense of \$0.1 million. The current tax expense consists primarily of unrecoverable foreign withholding tax in the U.S. and U.K. and income tax from our U.S., U.K. and India based operations. The deferred tax expense was primarily related to undistributed foreign earnings offset by intangible assets from our U.K. based operations.

We recorded net income tax expense of \$1.1 million for the six months ended June 30, 2014 and 2013. The net expense during the six months ended June 30, 2014 consisted of current income tax expense of \$1.1 and a deferred tax expense of \$47,000. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations, and unrecoverable foreign

Table of Contents

withholding taxes in the U.S. The deferred tax expense was primarily related to undistributed foreign earnings, a decrease in deferred tax assets related to accrued liabilities and capitalized expenses for tax purpose related to the acquisition of Telespree. The net expense during the six months ended June 30, 2013 consisted of current income tax expense of \$0.9 and a deferred tax expense of \$0.2 million. The current tax expense consists primarily of income tax from our U.S., U.K. and India based operations, and unrecoverable foreign withholding taxes in the U.S. and U.K. The deferred tax expense was primarily related to undistributed foreign earnings offset by a tax benefit related to intangible assets from our U.K.-based operations.

Our effective tax rate of 33% for the three months ended June 30, 2014 decreased from an effective tax rate of 37% for the three months ended June 30, 2013. The decrease in our effective tax rate relates to a higher proportion of our income being generated in the U.K., for which the statutory corporate tax rate was decreased in 2014.

Our effective tax rate of 32% for the six months ended June 30, 2014 was decreased from our effective tax rate of 34% for the six months ended June 30, 2013. The decrease in our effective tax rate relates to a higher proportion of our income being generated in the U.K.

In conjunction with the acquisition of Evolving Systems Labs, we recorded certain identifiable intangible assets of \$0.7 million. These assets are amortizable for both book and tax purposes. As of June 30, 2014 and December 31, 2013, this component of the deferred tax asset was \$0.1 million.

As of June 30, 2014 and December 31, 2013 we continued to maintain a valuation allowance on portions of our domestic net deferred tax asset. Such assets primarily consist of certain NOL carryforwards and other tax credits. These NOL s are comprised of windfall tax benefits related to stock-based compensation. When utilized, windfall tax benefits related to stock-based compensation are recorded as a reduction to our taxes payable when realized, with a corresponding credit to additional paid in capital, not income tax expense. See Note 8 to the financial statements for a summary of our net deferred tax asset.

## **FINANCIAL CONDITION**

Our working capital position increased \$0.7 million, or 5%, to \$15.4 million as of June 30, 2014 from \$14.7 million as of December 31, 2013. The majority of the increase in working capital is related to the increase of current assets primarily due to an increase in unbilled work-in-progress offset by a reduction in current liabilities related to accounts payable and accrued liabilities offset by an increase in taxes payable.

## **CONTRACTUAL OBLIGATIONS**

There have been no material changes to the contractual obligations as disclosed in our 2013 Annual Report on Form 10-K.

## LIQUIDITY AND CAPITAL RESOURCES

We have historically financed operations through cash flows from operations and equity transactions. At June 30, 2014, our principal source of liquidity was \$12.4 million in cash and cash equivalents and \$6.2 million in contract receivables, net of allowances, and \$5.0 million of unused availability under our revolving credit facility.

Net cash provided by operating activities for the six months ended June 30, 2014 and 2013 was \$2,000 and \$5.4 million, respectively. The decrease in cash provided by operating activities for the six months ended June 30, 2014 was primarily due to increases in unbilled work-in-progress, and decreases in accounts payable, accrued liabilities and unearned revenue partially offset by a decrease in contract receivables.

Net cash used in investing activities during each of the six months ended June 30, 2014 and 2013 was \$0.1 million. The increase in cash used in investing activities is primarily due to increased purchase of property and equipment in the three months ended June 30, 2014.

Net cash used in financing activities for the three months ended June 30, 2014 and 2013 was \$1.8 million and \$0.6 million, respectively. The increase in cash used in financing activities is primarily due to two \$0.10 per share common stock cash dividend paid during the six months ended June 30, 2014. One \$0.08 per share common stock cash dividend was paid during the six months ended June 30, 2013.

We believe that our current cash and cash equivalents, together with anticipated cash flow from operations will be sufficient to meet our working capital, capital expenditure and financing requirements for at least the next twelve months. In making this assessment we considered the following:

- Our cash and cash equivalents balance at June 30, 2014 of \$12.4 million;

Table of Contents

- Our working capital balance of \$15.4 million;
- Our demonstrated ability to historically generate positive cash flows from operations;
- The declaration of our quarterly cash dividends of \$0.10 per share for the first and second quarters of 2014, and the possibility of future dividends;
- Our backlog as of June 30, 2014 of approximately \$12.5 million, including \$6.3 million in license fees and services and \$6.2 million in customer support;
- The availability under our revolving credit facility of \$5.0 million as of June 30, 2014.

We are exposed to foreign currency rate risks which impact the carrying amount of our foreign subsidiaries and our consolidated equity, as well as our consolidated cash position due to translation adjustments. For the six months ended June 30, 2014 and 2013, the effect of exchange rate changes resulted in a \$0.6 million increase and \$0.3 million decrease to consolidated cash. We do not currently hedge our foreign currency exposure, but we monitor rate changes and may hedge our exposures if we see significant negative trends in exchange rates.

**OFF-BALANCE SHEET ARRANGEMENTS**

We have no off-balance sheet arrangements that have a material current effect or that are reasonably likely to have a material future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

**ITEM 3. QUANTITATIVE AND QUALITATIVE MARKET RISK DISCLOSURES**

In the ordinary course of business, we are exposed to certain market risks, including changes in interest rates and foreign currency exchange rates. Uncertainties that are either non-financial or non-quantifiable such as political, economic, tax, other regulatory, or credit risks are not included in the following assessment of market risks.

***Interest Rate Risks***

Our cash balances are subject to interest rate fluctuations and as a result, interest income amounts may fluctuate from current levels.

### *Foreign Currency Risk*

We are exposed to favorable and unfavorable fluctuations of the U.S. dollar (our functional currency) against the currencies of our operating subsidiaries. Any increase (decrease) in the value of the U.S. dollar against any foreign currency that is the functional currency of one of our operating subsidiaries will cause the parent company to experience unrealized foreign currency translation losses (gains) with respect to amounts already invested in such foreign currencies. In addition, we and our operating subsidiaries are exposed to foreign currency risk to the extent that we enter into transactions denominated in currencies other than our respective functional currencies, such as accounts receivable (including intercompany amounts) that are denominated in a currency other than their own functional currency. Changes in exchange rates with respect to these items will result in unrealized (based upon period-end exchange rates) or realized foreign currency transaction gains and losses upon settlement of the transactions. In addition, we are exposed to foreign exchange rate fluctuations related to our operating subsidiaries' monetary assets and liabilities and the financial results of foreign subsidiaries and affiliates when their respective financial statements are translated into U.S. dollars for inclusion in our consolidated financial statements. Cumulative translation adjustments are recorded in accumulated other comprehensive income (loss) as a separate component of equity. As a result of foreign currency risk, we may experience economic loss and a negative impact on earnings and equity with respect to our holdings solely as a result of foreign currency exchange rate fluctuations.

The relationship between the British pound sterling, Indian rupee and the U.S. dollar, which is our functional currency, is shown below, per one U.S. dollar:

Spot rates:	June 30, 2014	December 31, 2013
British pound sterling	0.58659	0.60638
Indian rupee	60.06006	61.91951

Table of Contents

Average rates:	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2014	2013	2014	2013
British pound sterling	0.59383	0.65105	0.59898	0.64693
Indian rupee	60.29089	55.79831	61.00393	55.10165

At the present time, we do not hedge our foreign currency exposure or use derivative financial instruments that are designed to reduce our long-term exposure to foreign currency exchange risk. To the extent that translation and transaction gain and losses become significant, we will consider various options to reduce this risk.

#### ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures, as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the Exchange Act), that are designed to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Vice President Finance and Administration, as appropriate, to allow timely decisions regarding required disclosure.

Our management, including our Chief Executive Officer and Vice President Finance and Administration, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on that evaluation, our Chief Executive Officer and Vice President Finance and Administration have concluded that our disclosure controls and procedures were effective as of the end of such period.

In designing and evaluating our disclosure controls and procedures, management recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

During the three months ended June 30, 2014, there were no changes in our internal controls over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) or in other factors that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

## Edgar Filing: EVOLVING SYSTEMS INC - Form 10-Q

We are involved in various legal matters arising in the normal course of business. Losses, including estimated costs to defend, are recorded for these matters to the extent they were probable of loss and the amount of loss could be reasonably estimated. We had no pending legal proceedings as of June 30, 2014.

### ITEM 1A. RISK FACTORS

There have been no material changes in the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, filed with the SEC on March 11, 2014, except with respect to the following:

**Dividends** - Our Board of Directors has declared a first and second quarter cash dividend of \$0.10 per share and a third quarter cash dividend of \$0.11 per share. The decision to pay dividends in the future will depend on general business conditions, the impact of such payment on our financial condition and other factors our Board of Directors may consider to be relevant. If we elect to pay future dividends, this could reduce our cash reserves to levels that may be inadequate to fund expansions to our business plan or unanticipated contingent liabilities.

Table of Contents

This Quarterly Report on Form 10-Q should be read in conjunction with the risk factors defined in our Annual Report on Form 10-K for the year ended December 31, 2013 under Item 1A. Risk Factors.
