Indenture

Edgar Filing: GLOBAL PARTNERS LP - Form 8-K

In connection with the private placement of the Notes on June 4, 2015 the Issuers, the Guarantors and Deutsche Bank Trust Company Americas as trustee entered into an indenture (the Indenture).

The Notes will mature on June 15, 2023 with interest accruing at a rate of 7.000% per annum and payable semi-annually in arrears on June 15 and December 15 of each year, commencing December 15, 2015. The Notes are guaranteed on a joint and several senior unsecured basis by each of the Guarantors to the extent set forth in the Indenture. Upon a continuing event of default, the trustee or the holders of at least 25% in principal amount of the Notes may declare the Notes immediately due and payable, except that an event of default resulting from entry into a bankruptcy, insolvency or reorganization with respect to the Issuers, any restricted subsidiary of the Partnership

that is a significant subsidiary or any group of its restricted subsidiaries that, taken together, would constitute a significant subsidiary of the Partnership, will automatically cause the Notes to become due and payable.

The Issuers will have the option to redeem up to 35% of the Notes prior to June 15, 2018 at a redemption price (expressed as a percentage of principal amount) of 107.000% plus accrued and unpaid interest, if any. The Issuers will have the option to redeem the Notes, in whole or in part, at any time on or after June 15, 2018, at the redemption prices of 105.250% for the twelve-month period beginning June 15, 2018, 103.500% for the twelve-month period beginning June 15, 2019, 101.750% for the twelve-month period beginning June 15, 2020, and 100.000% beginning June 15, 2021 and at any time thereafter, together with any accrued and unpaid interest to the date of redemption. In addition, before June 15, 2018, the Issuers may redeem all or any part of the Notes at a redemption price equal to the sum of the principal amount thereof, plus a make whole premium, plus accrued and unpaid interest, if any, to the redemption date. The holders of the notes may require the Issuers to repurchase the Notes following certain asset sales or a Change of Control (as defined in the Indenture) at the prices and on the terms specified in the Indenture.

The Indenture contains covenants that will limit the Partnership's ability to, among other things, incur additional indebtedness and issue preferred securities, make certain dividends and distributions, make certain investments and other restricted payments, restrict distributions by its subsidiaries, create liens, enter into sale-leaseback transactions, sell assets or merge with other entities. Events of default under the Indenture include (i) a default in payment of principal of, or interest or premium, if any, on, the Notes, (ii) breach of the Partnership's covenants under the Indenture, (iii) certain events of bankruptcy and insolvency, (iv) any payment default or acceleration of indebtedness of the Partnership or certain subsidiaries if the total amount of such indebtedness unpaid or accelerated exceeds \$50.0 million and (v) failure to pay within 60 days uninsured final judgments exceeding \$50.0 million.

A copy of the Indenture is filed as Exhibit 4.1 to this Current Report on Form 8-K. The description of the Indenture contained herein is qualified in its entirety by the full text of such exhibit.

Registration Rights Agreement

On June 4, 2015, the Issuers and the Guarantors entered into a registration rights agreement (the Registration Rights Agreement) with the Initial Purchasers in connection with the Issuers' private placement of the Notes. Under the Registration Rights Agreement, the Issuers and the Guarantors have agreed to file and use commercially reasonable efforts to cause to become effective a registration statement relating to an offer to exchange the Notes for an issue of SEC-registered notes with terms identical to the notes (except that the exchange notes will not be subject to restrictions on transfer or to any increase in annual interest rate for failure to comply with the Registration Rights Agreement) that are registered under the Securities Act so as to permit the exchange offer to be consummated by the 420th day after June 4, 2015. Under specified circumstances, the Issuers and Guarantors have also agreed to use commercially reasonable efforts to cause to become effective a shelf registration statement relating to resales of the Notes. If the exchange offer is not completed on or before the 420th day after June 4, 2015, the annual interest rate borne by the Notes will be increased by 1.0% per annum until the exchange offer is completed or the shelf registration statement is declared effective (or automatically becomes effective).

A copy of the Registration Rights Agreement is filed as Exhibit 4.2 to this Current Report on Form 8-K. The description of the Registration Rights Agreement contained herein is qualified in its entirety by the full text of such exhibit.
