*Amendment to Operating Agreement of ENLC*

At the Effective Time, the Manager adopted the Second Amended and Restated Operating Agreement of ENLC (the Amended Operating Agreement), which reflects, among other things, (i) the creation of, and defines the rights and obligations of holders of, Class C Common Units and (ii) other miscellaneous revisions, including the removal of certain provisions that are no longer applicable as a result of the consummation of the Merger.

As described above, immediately following the Effective Time, ENLC issued to Enfield 58,728,994 Class C Common Units in order to provide Enfield with certain voting rights at ENLC in accordance with the Amended Operating Agreement. Following the Effective Time, for each additional ENLK Series B Unit issued by ENLK pursuant to the Amended Partnership Agreement, ENLC will issue an additional Class C Common Unit to the applicable holder of ENLK Series B Units pursuant to the Amended Operating Agreement, so that the number of Class C Common Units issued and outstanding will always equal the number of ENLK Series B Units issued and outstanding. In addition, upon any exchange of ENLK Series B Units for ENLC Common Units, a number of Class C Common Units equal to the number of ENLK Series B Units subject to such exchange will be cancelled.

The holders of Class C Common Units are not entitled to distributions thereon of any kind.

The holders of Class C Common Units will vote with the holders of ENLC Common Units as a single class on all matters on which holders of ENLC Common Units are entitled to vote. Each Class C Common Unit will be entitled to the number of votes equal to the number of ENLC Common Units into which an ENLK Series B Unit is then exchangeable (i.e., the product of the number of ENLK Series B Units being exchanged multiplied by the Exchange Ratio (subject to certain adjustments)).

In addition, the holders of Class C Common Units are entitled to vote as a separate class on any matter that (i) adversely affects the rights, preferences, and privileges of the Class C Common Units or the ENLK Series B Units, including certain minority protections with respect to substantially the same matters for which the holders of ENLK Series B Units have approval rights under the Amended Partnership Agreement, or (ii) amends or modifies any of the terms of the Class C Common Units or ENLK Series B Units. The approval of a majority of the Class C Common Units is required to approve any matter for which the holders of Class C Common Units are entitled to vote as a separate class.

The foregoing description of the Amended Operating Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended Operating Agreement, a copy of which is filed with this Current Report as Exhibit 3.1 and is incorporated herein by reference.

*Amendment to Partnership Agreement of ENLK*

At the Effective Time, the General Partner adopted the Tenth Amended and Restated Agreement of Limited Partnership of ENLK (the Amended Partnership Agreement ). The Amended Partnership Agreement reflects, among other things, (i) the elimination of the incentive distribution rights previously held by the General Partner, (ii) certain modifications to the terms of the ENLK Series B Units, as described below, which prior to the Effective Time were convertible into ENLK Common Units, and (iii) other miscellaneous revisions, including the removal of certain provisions that are no longer applicable as a result of the consummation of the Merger. The Amended Partnership Agreement provides, among other things, that the ENLK Series B Units will be exchangeable, in the circumstances described below, for a number of ENLC Common Units equal to the product of the number of ENLK Series B Units being exchanged multiplied by the Exchange Ratio (subject to certain adjustments) (the Series B Exchange Ratio and such resulting number of ENLC Common Units, the Series B Exchange Amount ), subject to ENLK's redemption election described below. The ENLK Series B Units are exchangeable into ENLC Common Units at the Series B Exchange Ratio, (a) in full, at ENLK's option, if the daily volume-weighted average closing trading price of the ENLC Common Units (the Exchange VWAP ) over the 30-trading day period ending two trading days prior to ENLK's delivery of the exchange notice is greater than the quotient of 150% of the \$15.00 issue price of the ENLK Series B Units (the Issue Price ) divided by the Exchange Ratio or (b) in full or in part, at Enfield's option.

In addition, upon (i) certain events involving a change of control of the General Partner or the Manager or (ii) any transaction resulting in GIP, GIP III Stetson II, L.P., or any of their respective subsidiaries, becoming the beneficial owner of 75% or more of the outstanding ENLC Common Units (in either case, a Change of Control ), all of the ENLK Series B Units will automatically be exchanged, subject to ENLK's redemption election described below, into a number of ENLC Common Units equal to the greater of (a) the Series B Exchange Amount, and (b) the number of ENLK Series B Units to be exchanged multiplied by the quotient of (x) an amount equal to the quotient of (A) 140% of the Issue Price divided by (B) the Exchange Ratio, divided by (y) the Exchange VWAP over the 30-trading day period ending two trading days prior to such exchange (such resulting number of ENLC Common Units, the Series B Change of Control Amount ).

In lieu of an exchange of ENLK Series B Units for ENLC Common Units, at ENLK's sole election, it is entitled to instead redeem for cash the applicable ENLK Series B Units by paying an amount equal to (i) in the event of an optional exchange by ENLK or Enfield, the product of (a) the Series B Exchange Amount multiplied by (b) the Exchange VWAP over the 10-trading day period ending two trading days prior to the notice of exchange by ENLK or Enfield, as applicable, and (ii) in the event of a Change of Control, the product of (x) the Series B Change of Control Amount and (y) the Exchange VWAP over the 10-trading day period ending two trading days prior to the date of such redemption.

Beginning with the quarter ending March 31, 2019, the holder of the ENLK Series B Units will be entitled to quarterly cash distributions and distributions in-kind of additional ENLK Series B Units as described below. The quarterly in-kind distribution (the Series B PIK Distribution ) will equal the greater of (A) 0.0025 ENLK Series B Units per ENLK Series B

Unit and (B) the number of ENLK Series B Units equal to the quotient of (x) the excess (if any) of (1) the distribution that would have been payable by ENLC had the ENLK Series B Units been exchanged for ENLC Common Units but applying a one-to-one exchange ratio (subject to certain adjustments) instead of the Series B Exchange Ratio, over (2) an amount equal to \$0.28125 per ENLK Series B Unit (the Cash Distribution Component), divided by (y) the Issue Price. The quarterly cash distribution will consist of the Cash Distribution Component plus an amount in cash that will be determined based on a comparison of the value (applying the Issue Price) of (i) the Series B PIK Distribution and (ii) the ENLK Series B Units that would have been distributed in the Series B PIK Distribution if such calculation applied the Series B Exchange Ratio instead of the one-to-one ratio (subject to certain adjustments). As described above, for each additional ENLK Series B Unit issued by ENLK pursuant to the Amended Partnership Agreement, ENLC will issue an additional Class C Common Unit to the applicable holder of such ENLK Series B Unit pursuant to the Amended Operating Agreement.

The foregoing description of the Amended Partnership Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended Partnership Agreement, a copy of which is filed with this Current Report as Exhibit 3.2 and is incorporated herein by reference.
