PROXY SUMMARY

The following summary highlights information contained elsewhere in this proxy statement. The summary does not contain all of the information that you should consider and should not be a substitute for reading the entire proxy before voting. Page references are provided for your convenience in locating detailed information.

GOVERNANCE HIGHLIGHTS (page 6)

The Company believes good governance is integral to achieving long-term shareholder value. We are committed to governance policies and practices that serve the interests of the Company and its shareholders. The Board of Directors monitors developments in governance best practices to assure that it continues to meet its commitment to thoughtful and independent representation of shareholder interests. The following table summarizes certain corporate governance practices and facts:

- ü Independent non-employee directors
- ü Annual election of all directors
- ü Annual Board and Committee self-evaluation process
- ü Majority voting for all directors
- ü Gender, ethnic and experience-diverse Board
- ü Share ownership guidelines for executives and directors
- ü Independent directors meet without management present
- ü Prohibition of hedging Company securities
- ü Prohibition of pledging of Company securities by directors and executive officers, including the NEOs

NEO Compensation Advisory Vote (page 24)

In 2014, shareholders continued their strong support of our executive compensation programs with 97.8% of the votes cast for approval of the Say-on-Pay proposal at the 2014 Annual Meeting of Shareholders. The Compensation Committee continues to examine our executive compensation program to ensure alignment between the interests of our executives and shareholders. We ask that our shareholders approve, on an advisory basis, the compensation of our NEOs described in this proxy statement.

For additional information, see the Executive Compensation section, including the CD&A and compensation tables, of this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

1. Why did I receive these proxy materials?

You are receiving these materials because you owned shares of our common stock as of March 23, 2015, and are therefore eligible to vote at the Annual Meeting. This proxy statement summarizes the information you need to know to vote at the Annual Meeting. For a list of terms defined and used in this proxy statement, see the Glossary beginning on page ii.

After reading the proxy statement, please promptly vote by telephone or Internet or by signing and returning the proxy card so that we can be assured of having a quorum present at the meeting and so your shares may be voted in accordance with your wishes. You do not need to attend the Annual Meeting to vote your shares.

2. What is included in these proxy materials?

These proxy materials include:

• Notice of Annual Meeting;

• Our proxy statement for the Annual Meeting;

• Our 2014 Annual Report on Form 10-K, which includes our consolidated financial statements;

• A shareholder letter from Patricia K. Collawn, our Chairman, President and CEO, and the stock performance graph.

If you requested printed versions of these materials by mail, these materials also include the proxy card for the Annual Meeting. Proxy materials are available at:

www.proxyvote.com and <http://www.pnmresources.com/asm/annual-proxy.cfm>.

3. Why did I receive a one-page notice in the mail regarding Internet availability of proxy materials instead of printed proxy materials?

Most shareholders received a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a full set of printed proxy materials. The Notice provides access to proxy materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as costs associated with mailing these materials to shareholders.

On March 31, 2015, (1) we began mailing to our shareholders either (a) the Notice (which indicates how to access our proxy materials on the Internet) or (b) a printed copy of our proxy materials and (2) posted our proxy materials on the website referenced in the Notice.

All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. The Notice includes instructions on how to access the proxy materials over the Internet or how to request proxy materials in printed form by mail or electronically by email for this meeting and on an ongoing basis. Pursuant to applicable law, beneficial owners of shares held in the RSP (our 401(k) plan for employees) will automatically receive paper copies of the proxy materials by mail instead of the Notice. In addition, shareholders who previously requested printed proxy materials or electronic materials on an ongoing basis received the materials in the format requested.

4. How may I obtain copies of the Annual Report on Form 10-K?

As stated above and reflected in the Notice, our Annual Report on Form 10-K for the year ended December 31, 2014 (previously filed with the SEC), was made available to shareholders beginning on March 31, 2015. Copies of the Annual Report on Form 10-K are available without charge upon written request to Jimmie Blotter, Director, Investor

Relations and Shareholder Services, Corporate Headquarters, Mail Stop 0905, Albuquerque, New Mexico 87158, or electronically at www.pnmresources.com (under Investors). You may also obtain our SEC filings through the Internet at www.pnmresources.com (under Investors) or www.sec.gov.

5. Who may vote at the Annual Meeting?

You may vote all of the shares of our common stock that you own at the close of business on March 23, 2015, the record date. On the record date, PNM Resources had 79,653,624 shares of common stock outstanding that are entitled to be voted at the Annual Meeting. You may cast one vote for each share of common stock held by you on all matters presented at the Annual Meeting.

6. What proposals will be voted on at the Annual Meeting?

The following three proposals will be considered and voted on at the Annual Meeting:

Proposal	Description of Proposal	Proposal discussed on following pages:	Board Recommendation
PROPOSAL 1	Elect nine (9) directors	18 - 21	FOR
PROPOSAL 2	Ratify appointment of KPMG LLP as independent public accountants for 2015	24	FOR
PROPOSAL 3	Approve, on an advisory basis, our NEO compensation	24 - 25	FOR

7. Will any other business be conducted at the Annual Meeting or will other matters be voted on?

As of the date of this proxy statement, we are unaware of any other matter (other than the above three proposals listed in the Notice of Annual Meeting of Shareholders) that may be properly presented at the Annual Meeting. If any other matter is properly presented for consideration at the meeting, including consideration of a motion to adjourn the meeting to another time or place, the proxy committee will vote on the matter in accordance with its judgment. Shareholders attending the meeting will directly vote on any such matters.

8. How do I vote my shares?

For your convenience, we have established four easy methods for voting shares held in your name:

Access www.proxyvote.com and follow the instructions.

(You will need the control number on your Notice or on the requested paper proxy card to vote your shares.)

By Internet:

Shareholders voting through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be paid by the shareholder.

By Telephone:

For automated telephone voting, call 1-800-690-6903 (toll free) from any touch-tone telephone and follow the instructions. (You will need the control number on your Notice or on the requested paper proxy card to vote your shares.)

By Mail:

Request delivery of the proxy statement and proxy card by mail and then simply return your executed proxy card in the enclosed postage-paid envelope.

In Person:

You can attend and cast your vote at the Annual Meeting.

Your shares will be voted in the manner you indicate. The telephone and Internet voting systems are available 24 hours a day. They will close at 11:59 p.m. Eastern Time on May 11, 2015. Please note that the voting deadline is earlier for voting shares held in our RSP, as described below under question 15.

9. What constitutes a quorum and why is a quorum required?

A quorum of shareholders is necessary to conduct business at the Annual Meeting. If at least a majority of all of the PNM Resources common stock outstanding on the record date is represented at the Annual Meeting, in person or by proxy (by voting by telephone or on the Internet or by properly submitting a proxy card or voting instruction form by mail), a quorum will exist. Abstentions, withheld votes and broker non-votes will be counted as present for quorum purposes.

10. What vote is required to approve each proposal?

The existence of a quorum and the following votes are required for approval of each proposal at the Annual Meeting:

Proposal	Affirmative Vote Requirement	Effect of Abstentions and Broker Non-Votes (See Questions 16-18 below)
PROPOSAL 1 Elect nine (9) Directors	Majority of shares present, in person or by proxy, and entitled to vote on the matter	Votes may be cast in favor or withheld from each director nominee. Abstentions and withheld votes have the effect of a vote against the nominee. Broker non-votes will not be counted in calculating voting results.
PROPOSAL 2 Ratify Auditors	Majority of shares present, in person or by proxy, and entitled to vote on the matter	Abstentions have the effect of a vote against the matter. Brokers may vote your “street name” shares on this routine matter without your instructions.
PROPOSAL 3 Advisory vote to approve NEO Compensation	Majority of shares present, in person or by proxy, and entitled to vote on the advisory matter	Abstentions have the effect of a vote against the matter, while broker non-votes will not be counted in calculating voting results.

11. What is a proxy?

A proxy is your legal designation of another person (the “proxy”) to vote on your behalf. By voting by telephone or the Internet, or by completing and mailing a printed proxy card, you are giving the proxy committee appointed by the Board, A. E. Archuleta, E. R. Conley and D. K. Schwanz, the authority to vote your shares in the manner you indicate. If you are a shareholder of record and sign and return your proxy card without indicating how you want your shares to be voted, or if you vote by telephone or Internet in accordance with the Board of Directors’ voting recommendations, the proxy committee will vote your shares as follows:

- FOR the election of the nine (9) directors nominated;
- FOR ratification of the appointment of KPMG LLP as independent public accountants for 2015; and
- FOR the resolution approving the compensation of our NEOs, on an advisory basis, as disclosed in this proxy statement.

If you hold your shares in “street name” and do not provide specific voting instructions to your broker, a “broker non-vote” will result with respect to Proposals 1 and 3. More information about the implications of holding your shares in street name and broker non-votes is set forth in answers to questions 10, 13 and 16-18.

12. Can I change my vote or revoke my proxy?

Yes. Any subsequent vote by any means will change your prior vote. The last vote actually received before the Annual Meeting will be the one counted. You may also revoke your proxy by voting in person at the Annual Meeting.

13. What is the difference between a “shareholder of record” and a “street name” holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Computershare, the Company’s transfer agent, you are a “shareholder of record” with respect to those shares and the Notice was sent directly to you by PNM Resources.

If your shares are held in the name of a broker, bank, trust or other nominee as a custodian, you are a “street name” holder and the Notice would have been forwarded to you by that organization. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. If you wish to attend the Annual

Meeting and vote in person, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy.

14. Why did I receive more than one proxy card or notice?

You will receive multiple proxy cards or Notices if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. Each Notice and proxy card that you receive will contain a specific “control number” with the relevant information to vote the specific shares at issue. Note that the proxy card or Notice for shares registered in your name will include any shares you may hold in the PNMR Direct Plan, a dividend reinvestment and stock purchase plan. If your shares are held by a broker (i.e., in “street name”), you will receive a Notice on how to obtain your proxy materials and vote from your broker. You should vote according to the instructions on each Notice you receive and vote on, sign and return each proxy card you receive.

15. How do I vote my RSP shares?

If you participate in the RSP, our 401(k) plan for our employees, and shares have been allocated to your account under the PNMR Stock Fund investment option, you will receive the following materials by mail:

the proxy materials; and
a separate vote authorization form and voting instructions for these RSP shares from the PNMR Corporate Investment Committee.

Please use the RSP vote authorization form to vote your RSP shares by telephone, Internet or mail. To allow sufficient time for the record holder of the RSP shares, The Vanguard Fiduciary Trust Company, to vote these shares, your voting instructions must be received by 11:59 p.m. Eastern Time on May 8, 2015.

16. What happens if I don't give my broker voting instructions for my “street name” shares?

You will receive proxy materials directly from your broker if your shares are not registered in your name, but are held by your broker as your “street name” shares. If you do not give your broker voting instructions, your brokerage firm may only vote your “street name” shares on certain “routine” matters. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. Ratification of the appointment of KPMG as independent public accountants for 2015 is considered the only routine matter for which brokerage firms may vote your shares without your voting instructions.

17. What is a broker non-vote?

A broker non-vote occurs when a broker is not permitted under NYSE rules to vote on a “non-routine” matter without instructions from the beneficial owner of the shares and no instruction is given. “Non-routine” matters include the election of directors, actions relating to equity compensation plans and actions relating to executive compensation (including Say-on-Pay shareholder advisory votes). Thus, your “street name” shares cannot be voted on Proposals 1 and 3 without receipt of your voting instructions.

We encourage you to provide instructions to your broker by giving your proxy. This ensures that your shares will be voted in accordance with your wishes on all matters at the Annual Meeting.

18. How are votes withheld, abstentions and broker non-votes treated?

As discussed in questions 9 and 10, votes withheld and abstentions are deemed as present at the Annual Meeting, are counted for quorum purposes and will have the same effect as a vote against matters requiring a majority of shares present and entitled to vote on the matter. Broker non-votes, if any, while counted for general quorum purposes, are not deemed to be present with respect to any matter for which a broker does not have authority to vote and so do not have any effect on proposals which require a majority of shares present and entitled to vote on the matter.

19. Who may attend the Annual Meeting?

Attendance is limited to shareholders of record or their legal proxy holder and beneficial owners as of March 23, 2015. If your shares are held in the name of your broker, bank, or other nominee, please bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares as of March 23, 2015. In all cases, valid photo identification is also required. A map of the meeting location and parking directions are contained on the back of this proxy statement. Rules of the meeting will be printed on the back of the agenda that will be given to you at the meeting.

20. May I listen to the Annual Meeting by Webcast?

Yes. Shareholders may listen to the Annual Meeting by webcast at: www.virtualshareholdermeeting.com/pnm2015

While any member of the public may listen to the Annual Meeting by webcast, only verified shareholders will be able to submit questions via the webcast to a moderator during the meeting. New Mexico law does not allow shareholders who do not attend the meeting in person to vote during the Annual Meeting. Thus, shareholders who listen to the Annual Meeting by webcast will be unable to vote during the Annual Meeting, so please vote before the Annual Meeting if you are unable to attend the meeting in person.

21. Can I vote my shares in person at the Annual Meeting?

If you are a “shareholder of record,” you may vote your shares in person at the Annual Meeting. If you hold your shares in “street name,” you must obtain a proxy from your broker, banker, trustee or nominee, giving you the right to vote the shares at the Annual Meeting.

22. Who pays the cost of this proxy solicitation?

The enclosed proxy is being solicited on behalf of PNM Resources’ Board of Directors. This solicitation is being made by mail, but also may be made in person, by telephone or via the Internet. The Company has hired Georgeson, Inc. (“Georgeson”) to assist in the solicitation for an estimated fee of \$8,500 plus any out-of-pocket expenses. PNM Resources will pay all costs related to solicitation. Broadridge Investor Communication Solutions, Inc. (“Broadridge”) is tabulating the vote and providing the webcast hosting services for listening to the Annual Meeting.

23. Is this proxy statement the only way that proxies are being solicited?

No. As stated above, the Company has retained Georgeson to aid in the solicitation of proxies. In addition to mailing these proxy materials, certain directors, officers or employees of the Company may solicit proxies by telephone, facsimile, e-mail or personal contact. They will not be specifically compensated for doing so.

24. Where can I find voting results of the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspectors of election and published in the Company’s Current Report on Form 8-K filed with the SEC within four business days after the date of the Annual Meeting. Such results will also be published on our website at www.pnmresources.com.

25. What are the deadlines and procedures to propose actions for consideration or to nominate individuals to serve as directors at the 2016 Annual Meeting?

If you want PNM Resources to consider including a proposal in our 2016 proxy statement and form of proxy next year, you must submit the proposal to us in accordance with applicable rules of the SEC and Article I, Section 4(d) of our bylaws, and your proposal must be received at our principal executive offices no later than the close of business (5:00 p.m. Mountain Standard Time) on December 2, 2015.

We strongly encourage any shareholder interested in submitting a proposal to contact our Corporate Secretary in advance of this deadline to discuss the proposal, and shareholders may want to consult knowledgeable counsel regarding the detailed requirements of applicable securities laws. Submitting a shareholder proposal does not guarantee that we will include it in our proxy statement.

In addition, even if you do not want the proposal to be included in our next year's proxy statement and form of proxy, under our bylaws, any shareholder intending to nominate a candidate for election to the Board or to propose any business at our 2016 annual meeting must give notice to our Corporate Secretary no later than the close of business (5:00 p.m. Mountain Standard Time) on

December 2, 2015. The notice must include information specified in Article I, Section 4(d) of our bylaws, including information concerning the nominee or proposal, as the case may be, and information about the shareholder's ownership of and agreements related to our stock. For information on recommending individuals for consideration as nominees, see page 12 of this proxy statement. We will not entertain any proposals or nominations at the Annual Meeting that do not meet the requirements set forth in our bylaws.

Shareholder proposals should be delivered to or mailed and received by us on or before the above dates addressed to: Corporate Secretary, PNM Resources, Inc., 414 Silver Avenue SW, MS-1245, Albuquerque, NM 87102-3289.

If you would like a copy of the procedures for submitting shareholder proposals contained in our bylaws, please contact: Assistant Corporate Secretary, PNM Resources, Inc., 414 Silver Avenue SW, MS-1275, Albuquerque, NM 87102-3289, 505-241-2205.

For next year's Annual Meeting of Shareholders, the persons appointed by the proxy to vote shareholders' shares will vote those shares according to their judgment on any shareholder proposal that PNM Resources receives after December 2, 2015. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, as amended, we may exercise discretionary voting authority under proxies that we solicit to vote in accordance with our judgment on any such shareholder proposal or nomination.

26. Whom should I call with other questions?

If you have any further questions about voting your shares or attending the Annual Meeting, please call Shareholder Services at 505-241-2868.

INFORMATION ABOUT OUR CORPORATE GOVERNANCE

Corporate Governance Principles

In recognition of the importance of governance to the proper management of the Company, the Board has organized the various governance policies adopted and practiced over the years into a consolidated Corporate Governance Principles document so that investors, employees, customers, regulators and the community may be aware of the policies followed by the Company. These principles have been approved by the full Board after analysis of policy considerations and peer benchmarks. With the goal of incorporating evolving best corporate governance principles, the Board requires the Nominating Committee to review the principles at least annually and recommend changes from time to time for consideration and adoption by the full Board.

The Corporate Governance Principles document can be found on PNM Resources' website at www.pnmresources.com (under Corporate Governance). The principles document sets forth key practices and addresses the following:

Responsibilities of the Board	Stock Ownership Guidelines
Process for Director Nominations	Director Service
Director Qualifications	Director Compensation
Director Independence	Leadership Structure
Planning/Oversight Functions	Conflicts of Interest
Code of Ethics	

The Company has adopted a code of ethics, Do the Right Thing-Principles of Business Conduct, which applies to all directors, Officers (including the principal executive officer, principal financial officer and principal accounting

officer) and employees. Do the Right Thing is available in print to any shareholder who requests it by writing to the Ethics and Governance Department, PNM Resources, Inc., 414 Silver Avenue SW, MS-1285, Albuquerque New Mexico 87102-3289. Do the Right Thing is also available on our website at www.pnmresources.com (under Corporate Governance). The Company will post any amendments to or waivers from its code of ethics (to the extent applicable to the Company's executive officers and directors) at this location on its website.

Concerns relating to financial statement disclosures, accounting, internal accounting controls, or auditing matters and other matters involving violations of law are handled in accordance with the complaint procedures, adopted by the Audit Committee, that are posted on the Company's website at www.pnmresources.com (under Corporate Governance). The Company also established an anonymous/confidential hotline through which employees and others may report concerns about the Company's business practices.

Director Independence

In accordance with the Company's Corporate Governance Principles, the Board has affirmatively determined that all current directors and the director nominees are independent of PNM Resources and its management (with the exception of Ms. Patricia K. Collawn). Ms. Collawn is considered an inside director because of her employment as the President and CEO of the Company.

In determining the independence of the eight non-employee members of the Board, the Board examined all direct and indirect relationships of these non-employee directors with the Company and determined that all such relationships complied with the specific independence criteria under applicable law, including the NYSE listing standards. In addition, the only direct or indirect relationships between PNM Resources and each current non-employee director nominee consisted of service on the Board or a Board committee, being a shareholder or a retail utility customer of the Company, or were indirect relationships that were determined to be immaterial in amount and significance. Likewise, the Board had affirmatively determined that at all times while serving on the Board, former Board members Julie A. Dobson and Bonnie S. Reitz were independent of PNM Resources and its management.

Majority Voting for Directors

Our articles of incorporation and bylaws provide for the annual election of directors. As discussed on page 3, each director must receive the affirmative vote of a majority of our shares of common stock represented at the meeting and entitled to vote on the election.

Our Corporate Governance Principles also provide that any nominee in an uncontested election who does not receive the required affirmative majority vote must promptly submit his or her resignation for consideration by the Nominating Committee which shall make a recommendation to the full Board within a reasonable period of time. The director whose resignation is under consideration will abstain from participating in the Nominating Committee's recommendation and the Board's decision on this matter. If a resignation is not accepted by the Board, the director may continue to serve. Directors added to the Board during the course of the year will stand for election at the next annual meeting of shareholders.

In addition to the annual election of directors, the Board's accountability to shareholders is enhanced by:

- the rigorous nomination process conducted by the Nominating Committee (which includes consideration of director candidates proposed by shareholders) and
- the Board's policy that a substantial majority of the Board be independent and that all Board committees consist of independent members.

Board Leadership Structure and Lead Director

We believe the Company and its shareholders are best served by a Board that has the flexibility to establish a leadership structure that fits the needs of the Company at a particular point in time. Under the Company's Corporate Governance Principles and bylaws, the Board has the authority to combine or separate the positions of Chairman and CEO, as well as to determine whether, if the positions are separated, the Chairman should be an employee, non-employee, or an independent director.

The Board believes the most effective leadership structure for the Company at this time is one with a combined Chairman and CEO coupled with an independent lead director. The Chairman is Patricia K. Collawn, our President and CEO. Combining the roles of Chairman and CEO: 1) enhances the Board's ability to provide strategic direction and communicate clearly and effectively with management; and 2) avoids creating a structure that would only duplicate the work of our lead director. Ms. Collawn's knowledge of our utilities and our industry and her experience

successfully navigating our Company out of the competitive businesses and through a challenging period make her best suited to speak as Chairman and CEO and provide strong unified leadership for PNM Resources.

The position of lead director and role of our Board committees (comprised entirely of independent directors) are designed to promote strong, independent oversight of our management and affairs. Our lead director, Mr. B. W. Wilkinson, performs the following functions:

- approves Board meeting agendas and information sent to the Board;
- approves meeting schedules to ensure sufficient time for discussion of all agenda items;
- chairs all meetings of the independent directors, including executive sessions of the independent directors, and presides at all meetings of the Board in the absence of the Chairman;
- works with committee chairs to ensure coordinated coverage of Board responsibilities;
- ensures the Board is organized properly and functions effectively, independent of management;

in consultation with the Board, is authorized to retain independent advisors and consultants on behalf of the Board; facilitates the annual self-evaluation of the Board and Board committees; serves as a liaison for communications between (1) management and the independent directors and (2) the Board and the Company's shareholders and other interested parties; and performs such other duties as the Board may from time to time delegate.

The lead director is elected by the independent directors who review the role and functions of the lead director on an annual basis.

The lead director, with the above described duties, facilitates independent oversight of management. The balance of the lead director and combined Chairman/CEO positions ensures that the Board receives the information, experience and direction to effectively govern. Further, the Board believes that having Ms. Collawn serve in the combined role of PNMR Chairman and CEO is in the best interests of our shareholders because:

Ms. Collawn's thorough understanding of the particular challenges facing the regulated utility industry and the need to balance various stakeholder interests is critical at both the management and Board level and she is uniquely qualified to identify key strategic risks; and

Ms. Collawn's combined role promotes unified leadership and direction and conveys the Board's confidence in her leadership to shareholders, customers and other stakeholders.

Board's Role in Risk Oversight

PNM Resources' management is responsible for managing risk and bringing the most material risks facing the Company to the Board's attention. The Board has oversight responsibility for the processes established to identify, assess, mitigate, and monitor material risks applicable to the Company. Throughout the year, the Board reviews briefing materials developed through the Company's enterprise risk management program regarding the potential significant risks facing the Company. Each significant strategic risk is overseen by the full Board, with all its experience and expertise, in order to facilitate more effective integrated risk and strategy oversight.

In addition to oversight of strategic risks, the full Board regularly reviews significant operational and local risk assessments and mitigation plans, including those for safety and New Mexico stakeholder relationships. Meanwhile, the Board oversees the appropriate allocation of responsibility for oversight of specific risks among the committees of the Board. Over the past several years, Board committees have played an important role in risk oversight. For example, the Finance Committee reviews and recommends to the full Board the Company's capital structure and oversees the Company's management of risks associated with capital availability, liquidity and costs thereof. In addition, the Finance Committee monitors the execution of the Company's energy supply, sales, and hedging programs. The Audit Committee plays a central role in overseeing the integrity of the Company's financial statements and reviewing and approving the performance of the Company's internal audit function and independent accountants. The Audit Committee also is regularly briefed on the Company's cybersecurity and North American Electric Reliability Corporation risks and risk mitigation programs. The Nominating Committee oversees risks related to succession planning for the Board, and the Compensation Committee oversees risks related to succession planning for Company officers. The full Board annually reviews the CEO succession planning process. In addition, the Compensation Committee considers risks related to the attraction and retention of talent, risks related to the design of compensation programs and arrangements and monitors the design and administration of the Company's overall incentive programs to ensure that they incentivize strong individual and group performance and include appropriate safeguards to avoid unintended or excessive risk-taking by Company employees.

The Board does not believe that its leadership structure (i.e., combining the Chairman and CEO roles, coupled with an independent lead director) affects its ability to effectively oversee risk management because a substantial majority of the Board is comprised of independent directors, each committee is comprised entirely of non-management

independent directors, and the roles of the lead director and committees are designed to provide effective oversight of management.

Communication with the Board

Shareholders wishing to communicate with the Board or with a specific director may do so by writing to the Board or to the particular director and delivering the communication in person or mailing it to: Board of Directors, c/o Corporate Secretary, PNM Resources, Inc., 414 Silver Avenue SW, MS-1245, Albuquerque, New Mexico 87102-3289. All shareholder communications will be relayed to the Board of Directors or an appropriate committee of the Board. If the shareholder desires to communicate a concern directly with the Board without initial review by the Corporate Secretary, the concern should be submitted in writing, in a sealed envelope addressed to the Board, in care of the Corporate Secretary, with a notation indicating that it is to be opened only by the Board. The Corporate Secretary shall promptly forward the unopened envelope to the Board. From time to time, the Board may

change the process for shareholder communications with the Board or its members. Please refer to the Company's website www.pnmresources.com (under Corporate Governance) for any changes in this process.

Shareholders and other interested parties wishing to communicate directly with the lead independent director or with the non-management or independent directors as a group may do so by writing to Lead Independent Director, c/o Corporate Secretary, PNM Resources, Inc., 414 Silver Avenue SW, MS-1245, Albuquerque, New Mexico 87102-3289.

Director Service Policy

Our Director Service Policy provides that directors will not serve more than 12 years on the Board absent certain conditions. The policy requires directors serving more than 12 years, employee directors who leave the Company and directors who undergo a significant change in their business or professional career to submit resignations to the Board for acceptance at such time as the Board deems appropriate. The policy can be found on pages 7-8 of the Corporate Governance Principles found on the Company's website at www.pnmresources.com (under Corporate Governance).

Equity Compensation Awards Policy

The Board adopted the Equity Compensation Awards Policy to govern the granting of all forms of equity compensation. The policy provides that equity compensation awards shall only be made in compliance with the PEP and applicable laws and regulations. The PEP prohibits option repricing, incorporates, as a general rule, a "double trigger" vesting rule in connection with a change in control, and contains a general "clawback" provision subjecting all awards to potential forfeiture to the fullest extent called for by applicable law or Company policy. The Equity Compensation Awards Policy provides that equity compensation awards are prospective only and sets forth additional good governance procedures for making equity awards when the regular schedule for the grant of equity compensation falls within a black-out period for trading in the Company's securities under PNM Resources' Insider Trading Policy. The Equity Compensation Awards Policy is available on our website at www.pnmresources.com (under Corporate Governance).

The Company conducts an annual review of equity compensation awards to ensure compliance with the requirements of the Equity Compensation Awards Policy.

Related Person Transaction Policy

On February 13, 2007, the Board approved the "Policy and Procedures Governing Related Party Transactions," which is posted on our website at www.pnmresources.com (under Corporate Governance). The policy provides that all transactions with executive officers, directors or greater than 5% shareholders or any immediate family member of any of the foregoing (collectively referred to as "related persons"), where the aggregate amount involved is expected to exceed \$120,000 per year, are subject to pre-approval or ratification by the Nominating Committee, or by the Board or another committee in the normal fulfillment of their respective charters and responsibilities. In determining whether to approve such transactions, the Nominating Committee will consider, among other factors, the extent of the related person's interest in the transaction; the availability of other sources of comparable products or services; whether the terms are no less favorable than terms generally available in unaffiliated transactions under like circumstances; the benefit to the Company; and the aggregate value of the transaction at issue. Since January 1, 2014, PNM Resources has not participated, and has no current plans to participate, in any transactions in which any related person has a material interest that would be subject to pre-approval under this policy or otherwise be reportable under applicable SEC Rules.

Insider Trading Policy Includes No Hedging or Pledging

The Company's Insider Trading Policy prohibits all employees, Officers and directors from engaging in short sales of Company securities and states that speculative trading in Company stock is considered to be improper and inappropriate. In addition, the policy prohibits all directors, Officers and employees from engaging in hedging or monetization transactions, such as zero-cost collars and forward sales contracts, or transactions that allow a person to lock in much of the value of his or her Company securities. Further, our Insider Trading Policy prohibits all directors and executive officers, including the NEOs, from pledging Company securities as collateral for a loan.

ADDITIONAL INFORMATION ABOUT OUR BOARD AND BOARD COMMITTEES

Board Meetings

The Chairman of the Board presides at all meetings of the shareholders and of the full Board. As discussed above on page 7 under “Board Leadership Structure and Lead Director,” the lead independent director chairs meetings of the independent directors and assumes other duties designed to support the Board’s independent oversight of management. The lead independent director is nominated and approved by the independent directors annually. The independent directors meet at least four times a year without management present and will meet more often as the need arises. Bruce W. Wilkinson was named lead independent director upon the completion of Julie A. Dobson’s term at the Annual Meeting of Shareholders on May 15, 2014.

In 2014, the full Board met six times. The independent directors held five regularly scheduled meetings in 2014. Attendance in 2014 at full Board and committee meetings was 100%.

Directors are expected to attend the Annual Meeting, and as stated in the Corporate Governance Principles, are responsible for attending all director meetings and for reviewing materials provided in advance of each meeting. Directors are expected to actively participate in Board and committee meetings. All directors attended the 2014 Annual Meeting held on May 15, 2014, with the exception of outgoing director Bonnie S. Reitz.

Board Committees and their Functions

The Board has four current standing committees: the Audit Committee, the Compensation Committee, the Finance Committee and the Nominating Committee. All committee members are independent directors.

Each committee has a written charter that addresses the committee’s purpose and responsibilities. All current committee charters can be found at www.pnmresources.com (under Corporate Governance) and are available in print without charge to any shareholder who requests it. The charters comply with applicable NYSE Listing Standards.

The following table provides 2014⁽¹⁾ membership and meeting information for each of the four Board committees.

Oversees the Policy and Procedure Governing Related Party Transactions.
Oversees the Company's management of risks as assigned by the Board.

Charter:

A current copy of the Nominating Committee Charter may be found at www.pnmresources.com (under Corporate Governance).

Interlocks and Insider Participation:

No member of the Nominating Committee had a relationship during 2014 that requires disclosure as a director compensation committee interlock or as insider participation.

Evaluation:

The Nominating Committee conducted an evaluation of its 2014 performance.
The Nominating Committee will consider director candidates proposed by shareholders. Director candidates recommended by shareholders will be evaluated against the same criteria as nominees submitted by the Nominating Committee. Candidates must be highly qualified and exhibit both willingness and interest in serving on the Board. Candidates should represent the interests of all shareholders and not those of a special interest group. A shareholder wishing to nominate a candidate should forward the candidate's name and a detailed description of the candidate's qualifications, appropriate biographical information and signed consent to serve to the Secretary of the Company, taking into consideration the criteria for new directors:

Director Candidates and Nominations:

- directors should be individuals of the highest character and integrity and have inquiring minds, vision and the ability to work well with others and exercise good judgment;
- directors should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- directors should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- directors should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director;
- directors should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency; and
- each director's ownership interest should increase over time, consistent with the stock ownership guidelines and applicable insider trading restrictions, so that an appropriate amount of stock is accumulated.

General Board attributes and director qualifications can also be found on pages 3-4 of the current Corporate Governance Principles document posted at www.pnmresources.com (under Corporate Governance).

In addition, please see the answer to Question 25 on pages 5-6 above for information on how to submit a shareholder proposal for nomination of a director candidate in accordance with our bylaws and applicable SEC rules.

The Nominating Committee and the Board have no formal policy regarding diversity in recruiting directors. However, the Nominating Committee does consider diversity in identifying nominees for a balanced board with varied expertise including having accounting or related financial management

expertise. For example, in the past, efforts were made to recruit more female nominees and to recruit candidates from Texas and New Mexico to reflect the geographic market served by the Company and its utility subsidiaries, PNM and TNMP. In addition, the Nominating Committee seeks to recruit nominees who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies. The Board's gender diversity has been recognized by the 2020 Women On Boards campaign for the past four years.

DIRECTOR COMPENSATION

Elements of Director Compensation

The Nominating Committee recommends non-employee director compensation levels and stock ownership guidelines for review and approval by the full Board. Ms. Collawn, our Chairman, President and CEO, is the only salaried employee serving on the Board and she receives no additional compensation for her Board service.

The general policy of the Board is to provide a reasonable director compensation package that will attract and retain highly qualified non-employee directors. The Nominating Committee reviews and compares the form and amount of director compensation on an annual basis to consider trends in director compensation and to recommend a total compensation amount that approximates the median of non-employee director compensation in similarly situated utility and energy companies, such as the PNMR Peer Group described on page 36 of this proxy statement.

As discussed in the 2012 and 2013 proxy statements, director compensation was increased for 2013 based on an analysis showing the compensation levels were below the median of both the PNMR Peer Group and another comparator group. In May 2013, Pay Governance became the independent compensation consultant retained directly by the Nominating Committee. Pay Governance prepared an analysis in July 2013 of director compensation and recommended no changes to director compensation for 2014. Pay Governance's recommendation was based on its conclusion that director compensation levels and practices at other utilities and Fortune 500 companies showed little change from 2012 to 2013. In December 2013, after discussing Pay Governance's recommendation, the Nominating Committee recommended and the Board approved making no changes to director compensation for 2014. Thus, the 2014 annual retainer for non-employee directors consisted of the following cash and stock based compensation:

Annual Retainer (Cash and Equity):	\$52,500 in cash Restricted stock rights ⁽¹⁾ with a market value of \$65,000 ⁽²⁾
Annual Lead Director Fee:	\$20,000
Annual Audit Committee Chair Fee:	\$10,000
Annual Compensation and Human Resources Committee Chair Fee:	\$10,000
Annual Other Committee Chair Fee:	\$ 5,000
Attendance Fees:	\$1,500 per Board Committee meeting; \$0 per Board meeting

⁽¹⁾ Restricted stock rights granted under the PEP vest in three equal annual installments beginning on the first anniversary of the grant date, subject to vesting acceleration upon retirement from the Board. These awards are typically made at the annual meeting of directors, unless the meeting occurs during a black-out period for trading in the Company's securities as specified in the Company's Insider Trading Policy. As set forth under the Equity Compensation Awards Policy, under those circumstances, the Board will either (a) schedule a special meeting after the expiration of the black-out period, (b) make awards pursuant to a unanimous written consent executed after the expiration of the black-out period, or (c) pre-approve the equity awards with an effective date after the expiration of the black-out period. The date of the awards is the date on which the Board approves the awards, unless (i) the approval date is a non-trading day, in which case the date is the immediately preceding trading date or (ii) in the case of pre-approval during a black-out period, in which case the grant date is the first trading date after the expiration of the black-out period.

⁽²⁾ The amount of restricted stock rights is determined by dividing \$65,000 by the closing price of our stock on the NYSE on the day of the grant. Thus, 2,352 restricted stock rights were granted on May 15, 2014, based on the closing price on that date of \$27.63 per share.

In addition, all directors were reimbursed for any board-related expenses, such as travel expenses incurred to attend Board and Committee meetings and director education programs sponsored by educational and other institutions. Further, directors are indemnified by PNMR to the fullest extent permitted by law pursuant to PNMR's bylaws and indemnification agreements between the Company and each director. No retirement or other benefit plans are available to directors.

In July 2014, Pay Governance prepared an analysis of director compensation that showed the annual retainer and nominating and finance chair fee were below the median of the PNMR Peer Group. Thus, to better align with market median, Pay Governance recommended changes to director compensation for 2015. The Compensation Committee requested additional information on retainer arrangements and meeting fees. Pay Governance provided the additional analysis in December 2014, which continued

to demonstrate that our level of director compensation was below the median of the PNMR Peer Group. In December 2014, after reviewing the additional analysis and discussing Pay Governance's recommendation, the Nominating Committee recommended and the Board approved the following changes to director compensation for 2015: (1) increasing the annual cash retainer from \$52,500 to \$60,000 and the Finance Committee and the Nominating Committee chair fees from \$5,000 to \$7,500 and (2) increasing the market value of the annual retainer equity award of restricted stock rights from \$65,000 to \$75,000.

Stock Ownership and Retention Guidelines for Directors

The Board believes directors should be shareholders and have a financial stake in the Company to help align director financial interests with the financial interests of the Company's longer term shareholders. The Board requires directors to attain a significant level of Company stock ownership over a reasonable period of time.

The Nominating Committee is responsible for recommending Board compensation levels and stock ownership and retention guidelines to the Board for approval. In 2012, the Board adopted revised stock ownership guidelines which provide that non-employee directors will hold an amount of shares (including unvested restricted stock rights) equal to five times the annual cash retainer within a reasonable period of time. In addition, each director is required to hold 100% of all vested restricted stock rights until his or her holdings exceed five times the annual cash retainer. Further, directors must also hold all restricted stock awards for a period of six months after termination of Board service or until the Director achieves the holding requirements. We believe these holding guidelines are appropriate because they continue to approximate the holding requirements of the PNMR Peer Group. The directors have met or are making good progress toward meeting their holding requirements under the guidelines. Similar stock ownership guidelines have been developed for executives and are discussed below on page 38.

The guidelines are reviewed periodically for any appropriate changes and can be found on page 7 of the Corporate Governance Principles document available on the PNM Resources' website at www.pnmresources.com (under Corporate Governance).

Summary of Non-Employee Director Compensation in 2014

⁽¹⁾Patricia K. Collawn does not receive any director compensation, as she is an employee, i.e., President and CEO.

⁽²⁾After serving twelve years, Julie A. Dobson and Bonnie S. Reitz retired from the Board on May 15, 2014, pursuant to the Director Service Policy.

⁽³⁾The following table provides additional information about fees earned or paid in cash to non-employee directors in 2014:

Name	Annual Retainer (\$)	Committee Chair Fee (\$)	Committee Meeting Fees (\$)	Lead Independent Director Fee (\$)	Total (\$)
A. E. Archuleta	52,500	1,250	10,500	—	64,250

⁽⁴⁾ Represents the grant date fair value of \$26.89 per restricted stock right calculated in accordance with FASB ASC Topic 718 of the 2,352 restricted stock rights awarded under the PEP to each non-employee director on May 15, 2014. The assumptions used in determining the grant date fair value of restricted stock rights are set forth in Note 13 of the consolidated financial statements in PNMR's Annual Report on Form 10-K for the year ended December 31, 2014. As of December 31, 2014, each non-employee director listed in the above table, with the exception of Ms. Conley and Ms. Mullarkey, had 5,273 outstanding restricted stock rights. Ms. Conley and Ms. Mullarkey, who joined the Board in May 2014, each had 2,352. The actual value that a director may realize on the vesting of the restricted stock will depend on the market price of our common stock at the date of vesting. The restricted stock rights granted under the PEP vest in three equal annual installments beginning on the first anniversary of the grant, subject to vesting acceleration upon retirement. As discussed above under "Stock Ownership and Retention Guidelines for Directors," directors will hold 100% of the annual restricted stock award until they hold stock equal to the required multiple of annual cash retainer. This amount of restricted stock is held until six months after termination of Board service or until the director achieves the holding requirements.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires PNM Resources' executive officers and directors to file certain reports of ownership and changes in ownership with the SEC within two business days of a transaction. We believe all executive officers' and directors' applicable filing requirements were met.

PROPOSAL 1: ELECT NINE DIRECTORS (PROPOSAL 1 ON YOUR PROXY CARD)

General Information

Each of the nine director nominees presented below was recommended by the Nominating Committee and nominated by the Board for election as directors to serve for a one-year term that expires at the Annual Meeting in 2015 and until their successors are elected and qualified. The Board fixed the number of directors at nine, effective May 15, 2014.

Eight nominees are current members of the Board who were elected by the shareholders at the 2014 Annual Meeting and are standing for re-election. The remaining nominee was nominated by the Board to fill the vacancy created by the retirement of Joan B. Woodard, Ph.D. on May 12, 2015. Dr. Woodard will complete her current term and will not stand for re-election at the Annual Meeting on May 12, 2015. We sincerely acknowledge her dedication, engagement and contributions to the Company during her tenure. The Director Service Policy, adopted by the Board and set forth in the Corporate Governance Principles document, provides that, ordinarily, a director will not serve for more than 12 years on the Board. Adelmo E. Archuleta has served as a director for approximately 12 years. The Board is recommending that Mr. Archuleta be elected to serve an additional one-year term because Mr. Archuleta's continued service is in the best interest of the Company. His extensive qualifications and experience and ability to provide transitional continuity are invaluable. In accordance with the Director Service Policy, Mr. Archuleta has submitted a written resignation to the Board for acceptance at such time as the Board, in its discretion, deems advisable. There is no current expectation that the resignation would be accepted by the Board within the one-year term.

The Nominating Committee recommended that the Board nominate Mr. Sidney M. Gutierrez to fill the vacancy created by the retirement of Dr. Woodard. The new nominee was identified as a potential director candidate by members of the Nominating Committee.

Each of the nine nominees has consented to being nominated and to serve if elected. In the unlikely event that any nominee becomes unable to serve for any reason, the proxies will be voted for a substitute nominee selected by the Board upon the recommendation of the Nominating Committee. Alternatively, the seat will remain vacant if a substitute nominee is not selected prior to the Annual Meeting.

All of the director nominees are independent directors, except Ms. Collawn, our Chairman, President and CEO. As shown by the following biographies, each nominee has valuable skills and experiences that, taken together, provide us with the variety and depth of knowledge and judgment necessary to provide effective oversight of our electric utility and related businesses. The noted age of each director is as of March 31, 2015.

Directors Nominated This Year For One Year Terms Expiring in 2015

Specific Qualifications/Attributes: board chairman and CEO experience; “financial expert” under SEC regulations; extensive business background and experience; energy and power industry experience; engineering and construction experience.

The Board of Directors unanimously recommends a vote FOR each director nominee.

AUDIT AND ETHICS COMMITTEE REPORT

The primary function of our Committee is oversight of the Company's financial reporting process, public financial reports, internal accounting and financial controls, and the independent audit of the annual consolidated financial statements. Our Committee acts under a charter, which can be found on the PNM Resources web site at www.pnmresources.com (under Governance and Ethics). We review the adequacy of the charter at least annually. All of our members are independent and all are audit committee financial experts under Securities and Exchange Commission rules. We held seven meetings in 2014 with KPMG LLP ("KPMG"), the Company's principal independent registered public accounting firm for 2014, and one meeting to date in 2015 at which we had extensive reports and discussions with the independent auditors, internal auditors, and other members of management.

In carrying out our responsibilities, we look to management and the independent auditors. The Company's management is responsible for the preparation and fair presentation of the Company's financial statements and for maintaining effective internal control. Management is also responsible for assessing and maintaining the effectiveness of internal control over the financial reporting process in compliance with Sarbanes-Oxley Section 404 requirements. The independent auditors are responsible for auditing the Company's annual financial statements and expressing an opinion as to whether the statements are fairly stated in conformity with generally accepted accounting principles. In addition, the independent auditors are responsible for auditing the Company's internal control over financial reporting and for expressing an opinion on the effectiveness of internal control over financial reporting. The independent auditors perform their responsibilities in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB").

In performing our oversight function, we reviewed and discussed the consolidated financial statements with management and KPMG, the independent auditors. Management and KPMG informed us that the Company's consolidated financial statements were fairly stated in accordance with generally accepted accounting principles. We discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. We discussed with KPMG the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA Professional Standards, Vol. 1, AU Section 380), as adopted by the PCAOB in Rule 3200T. In addition, we reviewed and discussed management's report on internal controls over financial reporting and the related audit performed by KPMG which confirmed the effectiveness of the Company's internal controls over financial reporting.

We received the written disclosures and the letter from KPMG required by the PCAOB regarding the independent accountant's communications with us concerning independence, and we discussed the firm's independence with KPMG.

We discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits. We met with the internal auditors and the independent auditors at each regularly scheduled meeting, both with and without management present. Discussions included the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

We have also assessed the performance of the independent auditors and have appointed KPMG to audit the Company's financial statements for 2015, subject to shareholder ratification of that appointment.

Based on the reviews and discussions referred to above, reliance on management and KPMG, and subject to the limitations of our role described above, we recommended to the Board the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission.

INDEPENDENT AUDITOR FEES

Audit Fees for 2014 and 2013

The following table represents aggregate fees billed to the Company for fiscal years ended December 31, 2014 and December 31, 2013 by KPMG, the Company's principal accounting firm.

Fees	Fiscal Year Ended	
	(in thousands)	
	(\$)	
	2014	2013
Audit Fees	1,701	1,418
Audit-related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
Total Fees	1,701	1,418

Audit fees are primarily for the audit of the Company's annual financial statements, review of financial statements included in the Company's 10-Q filings and the annual Sarbanes-Oxley audit.

All fees have been approved by the Audit Committee. The reported aggregate fees billed for professional services include travel related expenses to perform the services and applicable gross receipts taxes.

The Audit Committee requires the independent accounting firm selected to audit the Company's financial statements to obtain the approval of the Audit Committee before performing any non-audit services permitted by applicable law so that the Audit Committee may determine whether the provision of such services is compatible with the maintenance of that firm's independence in the conduct of its auditing functions. Thus, the Audit Committee preapproves all audit services and all permitted non-audit services performed by the principal accounting firm.

Change in Registered Public Accounting Firm

Deloitte & Touche LLP ("Deloitte") was the Company's independent registered public accounting firm for fiscal year 2012 and for several prior years. However, effective as of 5:00 p.m. Mountain Standard Time on March 1, 2013, the Board, on the recommendation of the Audit Committee, dismissed Deloitte and engaged KPMG as its independent registered public accounting firm for fiscal year 2013. The Audit Committee subsequently engaged KPMG as its independent registered public accounting firm for fiscal year 2014. KPMG's reports on the PNMR, PNM and TNMP consolidated financial statements as of and for the fiscal years ended December 31, 2014 and 2013 and Deloitte's reports on the PNMR, PNM and TNMP consolidated financial statements as of and for the fiscal years ended December 31, 2012 and 2011, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2012 and 2011 and through March 1, 2013, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused it to make reference to the subject matter of the disagreements in its reports for such years. During the fiscal years ended December 31, 2012 and 2011 and through March 1, 2013, there were no reportable events as defined in Item 304(a)(1)(v) of the SEC's Regulation S-K.

During the fiscal years ended December 31, 2012 and 2011 and through March 1, 2013, the date of engagement of KPMG, neither PNMR, PNM nor TNMP nor any person on their behalf, consulted with KPMG with respect to (i) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the consolidated financial statements of PNMR, PNM and TNMP, and no

written report or oral advice was provided by KPMG to PNMR, PNM or TNMP that KPMG concluded was an important factor considered by PNMR, PNM or TNMP in reaching a decision as to the accounting, auditing, or financial reporting issue; or (ii) any matter that was the subject of either a disagreement as defined in Item 304(a)(1)(iv) of the SEC's Regulation S-K or a reportable event as described in Item 304(a)(1)(v) of the SEC's Regulation S-K.

**PROPOSAL 2: RATIFY APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS
(PROPOSAL 2 ON YOUR PROXY CARD)**

The Board is recommending that the shareholders ratify the selection of KPMG as independent public accountants for 2015.

The Audit Committee has performed its annual evaluation of the quality and cost of services provided by KPMG and an assessment of auditor independence. The Audit Committee reported to the Board complete satisfaction with the services provided by KPMG and recommended that KPMG be selected as independent public accountants for 2015. The Board agrees with the Audit Committee's recommendations, as described in the Audit Committee report contained in this proxy statement.

Representatives of KPMG will be available at the Annual Meeting where they will have the opportunity to make statements and answer questions. If shareholders fail to ratify the appointment of KPMG, the Audit Committee will consider other auditors for 2015. However, because of the difficulty in making any substitution of auditors so long after the beginning of the current year, the appointment of KPMG as independent public accountants for 2015 will stand unless the Audit Committee determines there is a compelling reason for a change.

The Board of Directors unanimously recommends a vote FOR the ratification of KPMG LLP as independent public accountants for 2015.

**PROPOSAL 3: ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS
(PROPOSAL 3 ON YOUR PROXY CARD)**

Shareholders will be given the opportunity to vote on the following advisory resolution (commonly referred to as Say-on-Pay):

“RESOLVED, that the shareholders of PNM Resources, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the PNM Resources, Inc. 2015 proxy statement pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis section, the compensation tables and the accompanying footnotes and narratives within the Executive Compensation section of the proxy statement).”

Background on Proposal

In accordance with the Dodd-Frank Act (and related SEC rules), shareholders are being given the opportunity to vote at the Annual Meeting on this advisory resolution regarding the compensation of our NEOs.

As described in the Compensation Discussion and Analysis, which begins below on page 26, we believe attracting, motivating and retaining talented executives is critical to our achievement of the Company's financial and strategic objectives. Our executive compensation program is designed with that premise in mind. The Company's basic philosophy is that our NEOs should be paid for performance, as determined by a combination of corporate performance measures and individual performance. For a comprehensive description of our executive compensation program, philosophy and objectives, including the specific elements of executive compensation that comprised the program in 2014, please refer to the CD&A. The Summary of 2014 NEO Compensation, including the Summary Compensation Table and other executive compensation tables (and accompanying narrative disclosures) that follow the CD&A, beginning on page 41, provide additional information about the compensation that we paid to our NEOs in 2014.

The Dodd-Frank Act and applicable SEC rules also require that, at least once every six years, shareholders be given the opportunity to vote on an advisory basis regarding the frequency (i.e., annually, every two years, or every three years) of future shareholder advisory votes on the compensation of our NEOs. At the 2011 Annual Meeting, the shareholders indicated a preference for holding Say-on-Pay advisory votes on an annual basis as recommended by the Board of Directors. Thus, the advisory vote in Proposal 3 reflects the approved annual frequency and the next advisory vote on the frequency of future Say-on-Pay votes will occur no later than the 2017 annual meeting.

Effects of Advisory Say-on-Pay Vote

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to our NEOs and will not be binding on the Board or the Compensation Committee. However, the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions.

The Board of Directors unanimously recommends a vote FOR approval of the advisory resolution set forth above regarding the compensation of our named executive officers.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis (“CD&A”) should be read together with the Summary Compensation Table (“SCT”) and other tables that are presented beginning on page 41. Please note that this CD&A contains information about our corporate goals. We have included this information for the limited purpose of enabling investors and other readers of this CD&A to better understand our executive compensation philosophy, policies, programs and practices. This information should not be understood to represent our management’s estimates, or our future results or other guidance, and we specifically caution investors and other readers not to apply this information to other contexts.

This CD&A informs our shareholders about our compensation philosophy and decision-making process. It also explains the compensation-related actions taken, and factors considered, with respect to 2014 compensation for the NEOs. Based on 2014 positions and compensation levels, our NEOs are:

Patricia K. Collawn, Chairman, President and CEO
Charles N. Eldred, EVP and CFO
Ronald E. Talbot, SVP and COO
Patrick V. Apodaca, SVP, General Counsel and Secretary
Ronald N. Darnell, SVP, Public Policy

The Compensation Committee is composed entirely of independent directors and is responsible for approving and overseeing our executive compensation philosophy, policies, programs and practices.

OVERVIEW

2014 Performance and Resulting Performance-Based Compensation

The Company’s compensation strategy is grounded in pay for performance. Our 2014 performance demonstrates continued execution of our strategic goals. The Company achieved performance goals set forth in the incentive plans and approved incentive awards based on the following results for 2014:

AIP Performance for 2014

Incentive EPS of \$1.48 per share in 2014 (above the target level for 2014), an increase of 4.96% when compared to 2013 Incentive EPS, which was \$1.41 per share
Safety performance metric results were below the threshold performance goal
Customer Satisfaction performance metric results were at the threshold performance goal

As in previous years, the 2014 AIP provided that no awards would be made unless the Company achieved the applicable threshold level of performance for Incentive EPS determined by the Compensation Committee. Incentive EPS is a non-GAAP adjusted earnings per share performance metric designed to measure the performance of the Company’s core business. Awards were earned under the 2014 AIP based on the Incentive EPS performance measure and two operational objectives, specifically, safety and customer satisfaction. These two operational performance goals were designed to help align our compensation program with the interests of our customers, employees and shareholders.

The Compensation Committee approved annual cash incentive awards under the 2014 AIP based on corporate performance against established goals. As described above, in 2014 the Company achieved above target level of Incentive EPS for the purposes of determining actual annual incentive awards under the 2014 AIP. The Company

achieved below threshold for the safety goal and at threshold for the customer satisfaction goal. The Company's 2014 annual incentive awards are described in more detail in the Cash Compensation - Annual Incentive Awards section of Elements of Executive Compensation.

LTIP Performance for 2012-2014 under the 2012 LTIP

Relative TSR for the 3-year performance period, 2012-2014, was 74.48%, which ranked in the 81st percentile of the S&P 400 MidCap Utilities Index as compared to the Company's target relative TSR of 50th percentile for the same performance period

The FFO/Debt Ratio for the 3-year performance period, 2012-2014, was 19.3% compared to the Company's target FFO/Debt Ratio of 16.6% for the same performance period

The Company's long-term incentive awards are tied to long-term shareholder returns to promote an appropriate focus on creating sustainable shareholder value. Incentives for the 2012-2014 performance period of the 2012 LTIP were earned based on the Company's relative TSR (based on the Company's performance compared to the S&P 400 MidCap Utilities Index), as well as the Company's FFO/Debt Ratio. As of December 31, 2014, the Company's aggregate performance results in the 2012 LTIP incentive metrics were at near maximum performance levels. The Company's long-term incentives are described in more detail in the Equity Compensation - Long-Term Incentive Awards section of Elements of Executive Compensation.

The Company's annual goals and achievement levels are detailed beginning on page 44, and its long-term goals and achievement levels are detailed beginning on page 45.

Return to Shareholders

The Company is committed to achieving financial results that consistently provide a positive return to shareholders over time. In accordance with SEC requirements, the Company prepares a performance graph each year for inclusion in the materials provided to shareholders. The current performance graph is provided here because of its relevance to the Company's performance and is also being provided with the annual shareholder letter from our Chairman, President and CEO. The performance graph illustrates how a \$100 investment in the Company's common stock on December 31, 2009 would have grown to \$273.07 by December 31, 2014, with all dividends reinvested. The chart also compares the TSR on the Company's common stock to the same investment in the S&P 500 Index and the S&P 400 MidCap Utilities Index. The S&P 500 Index is provided for general comparison purposes, as it is in the annual performance graph, but it is not used by the Compensation Committee for any compensation decisions, benchmarking or determination of incentive awards. For the applicable year, LTIP potential performance share awards are earned based on the Company's TSR performance relative to the S&P 400 MidCap Utilities Index, which is shown in the performance graph. For further discussion of the LTIP, please refer to the Equity Compensation - Long-Term Incentive Awards section of Elements of Executive Compensation.

Compensation Philosophy and Objectives

Our long term success depends upon our ability to provide reliable and affordable energy and services to our customers and invest wisely for present and future shareholder return. Achievement of these outcomes depends upon our success in attracting, motivating and retaining highly talented professionals. Our executive compensation program is designed to promote and support the overall objective of enhancing shareholder value and is based on a philosophy designed to:

- Attract and retain highly qualified, motivated and experienced executives,
- Provide total compensation opportunities that are market competitive and reflect the size and financial resources of our Company,
- Pay our NEOs for performance based on corporate and business unit measures,
- Link corporate compensation goals to the interests of our shareholders, and
- Recognize and reward outstanding Company and individual performance.

The Company's compensation strategy is grounded in pay for performance, which is reflected in the way we have structured base pay, short-term incentives and long-term incentives. This philosophy applies to PNMR employees, with a more significant level of variability and compensation at risk for Officers. The charts below show the mix of pay opportunity for 2014 for our CEO and the average opportunity for our EVP and SVPs, in each case assuming these NEOs were paid under our incentive compensation plans at the target level for 2014. The average opportunity for the EVP/SVP group was derived from the average dollar amount of each component for all individuals within the group.

The Compensation Committee also considers other factors in determining the compensation of our NEOs such as their respective qualifications, experience, expertise, performance, the results of their business area, as well as the market competitiveness of the compensation opportunity. The relative importance of these factors may vary from year to year and from NEO to NEO, because the Compensation Committee evaluates each component of pay in the context of each NEO's total compensation.

EXECUTIVE COMPENSATION PRACTICES

The Compensation Committee strives to ensure that we compensate our NEOs consistent with shareholder interests. Highlights of our practices to sustain good governance alignment with shareholder interests include the following:

What We Do

Pay for Performance – PNMR's pay for performance philosophy is emphasized through variability in compensation. A significant portion of executive pay is considered "at risk" and is based on actual Company performance. TDC varies depending on the Company's achievement of financial and non-financial objectives and long-term incentive compensation is designed to closely align with shareholders' interests. Year-end results and related performance pay are reviewed and approved by the Compensation Committee for all NEOs, while the independent members of the Board review and approve the CEO's compensation.

Independent Compensation Committee – The Compensation Committee is comprised entirely of independent directors, and retains an independent compensation consultant, Pay Governance, to regularly review and evaluate the Company's compensation program, including periodic review of the PNMR Peer Group.

Independent Compensation Consultant – The Compensation Committee uses an independent compensation consulting firm that provides objective and expert advice. No other services are provided to the Company by Pay Governance, the Compensation Committee’s independent compensation consultant.

Incentive Awards – Awards are capped at a maximum payout under both our AIP and LTIP.

Reasonable Retention Plan Provisions – We have implemented change in control provisions for our executives that we believe are reasonable and customary. The Change in Control provision only provides for acceleration or payment if a Change in Control actually occurs. More discussion appears in the Payments Made Upon a Change in Control section of Summary of 2014 NEO Compensation.

Double Trigger – The PEP generally provides for double trigger vesting following a Change in Control. More discussion appears in the Payments Made Upon a Change in Control section of Summary of 2014 NEO Compensation.

Clawback Provision – Pursuant to section 13.5 of the PEP, all PEP awards to Officers, including annual incentive awards and long-term incentive awards, are subject to potential clawback, or forfeiture to the fullest extent called for by applicable law or Company policy as called for in an award document. The PEP also provides that the Compensation Committee may include other clawback provisions in award documents as the Compensation Committee deems to be appropriate.

Hiring and Retention of High-Achieving Executives – The objectives of rewarding performance and retention are balanced to ensure high-achieving, marketable executives remain motivated and committed to the Company.

Tally Sheets – The Compensation Committee reviews tally sheets that include compensation, benefits and retirement benefits for our NEOs prior to making annual executive compensation decisions.

Mitigation of Undue Risk – Management and the Compensation Committee evaluate, through an annual risk assessment process, whether the Company’s compensation programs for employees, including NEOs, create risks that are reasonably likely to have a material adverse effect on the Company. Based on the risk analysis, the Compensation Committee does not believe that the policies and practices create risks that are reasonably likely to have a material adverse effect on the Company. Appropriate risk-taking is incentivized by providing a mix of long-term and short-term compensation, as well as through the use of multiple performance criteria and certain program features. Examples of the program features that assist in mitigating risk include the clawback provision and equity ownership holding guidelines. More discussion appears in the Board’s Role in Risk Oversight section on page 8.

Conservative Perquisites – Perquisites for our Officers are modest and serve a reasonable business purpose.

Equity Ownership Holding Guidelines – The Compensation Committee believes rewarding the NEOs with equity compensation supports retention and helps align management with the best interests of our shareholders, our customers and the Company. Therefore, the Company has implemented equity ownership holding guidelines for all Officers requiring they hold from one (1) to five (5) times base salary in PNMR shares. See the Equity Ownership Holding Guidelines section of Additional Information.

What We Don’t Do

• No employment contracts with our CEO or other NEOs.

• No individual change in control agreements with our CEO or other NEOs.

• No discounted options or SARs.

• No excise tax gross-ups included in the Retention Plan.

• No repricing of stock options or SARs without prior shareholder consent.

• No share recycling for stock options and SARs.

• No evergreen provisions within the PEP.

• No dividends or dividend equivalents on unearned restricted shares or performance shares.

• No hedging or monetization transactions are permitted by employees, Officers or directors, which would allow them to lock in much of the value of their Company securities, such as zero-cost collars and forward sales contracts.

• No short sales of Company securities by any employee, Officer or director.

• No pledging of Company securities by directors or executive officers, including the NEOs.

Results of 2014 Say-on-Pay

Our shareholders cast an advisory Say-on-Pay vote on executive compensation at the May 2014 Annual Meeting. The holders of 97.8% of the shares, present in person or by proxy and entitled to vote at the 2014 Annual Meeting, approved, on an advisory basis, the compensation of our NEOs disclosed in our 2014 proxy statement. The Compensation Committee reviewed the outcome of the advisory vote and considered it to be high approval by our shareholders. Therefore, the Compensation Committee determined that significant changes to our executive compensation programs were not warranted, and accordingly our current compensation philosophy remains consistent with the prior year. At our 2015 Annual Meeting, shareholders will have the opportunity to cast an advisory Say-on-Pay vote regarding the compensation of our NEOs, as disclosed in this CD&A and the accompanying tables.

At

29

the 2011 Annual Meeting, our shareholders indicated a preference for holding Say-on-Pay votes on an annual basis, as recommended by the Board. The next advisory vote on the frequency of future Say-on-Pay votes will occur no later than the 2017 Annual Meeting.

The Compensation Committee and management continue to review our executive compensation practices and policies to ensure alignment with competitive pay practices. As noted in the 2014 Changes section below, the Compensation Committee supported changes to the executive compensation program, as recommended by management.

2014 Changes

The following changes were made to our 2014 executive compensation program to further align the structure of the program with shareholders' interests and current market practices:

Base Salary

The Compensation Committee approved an increase in base salaries for the NEOs, with the independent members of the Board approving the increase in base salary for our CEO.

Annual Incentive Awards

The Compensation Committee approved the 2014 AIP for the performance period January 1, 2014 to December 31, 2014. The performance metrics remained the same as the 2013 AIP - Incentive EPS (weighted 60%), Customer Satisfaction (weighted 20%) and Safety (weighted 20%). The Company continues to focus on customer satisfaction by aligning operations and programs to better serve our customers' evolving needs in a rapidly changing energy landscape. The primary goal of safety is to ensure all employees return home safely at the end of each day. The 2014 AIP target award opportunity level for the CEO was increased from 90% to 95% of base salary, the EVP was increased from 65% to 70% of base salary and the SVP, Public Policy was increased from 45% to 50% of base salary.

Long-Term Incentive Awards

The Compensation Committee also approved the 2014 LTIP for the 3-year performance period of 2014-2016 (incentives, if earned, will be awarded in 2017) to support long-term performance and to align with industry trends and market practices. The 2014 LTIP award mix is comprised 70% of performance shares (based on relative TSR weighted at 60% and FFO/Debt Ratio weighted at 40%) and 30% of time-vested restricted stock rights (vesting equally over a 3-year period). For the 2014 LTIP, the target award opportunity for the CEO was increased from 200% to 210% of base salary and for the SVP, COO from 85% to 90% of base salary.

New Performance Equity Plan

The shareholders of PNMR approved the PNMR 2014 Performance Equity Plan at the 2014 Annual Meeting of Shareholders. The terms of this plan were previously disclosed in PNMR's 2014 proxy statement.

Retirement

Effective January 1, 2014, the After-Tax Plan was amended to prohibit participants from electing participation in the After-Tax Plan on or after January 1, 2014. The After-Tax Plan will be terminated effective on or before June 30, 2015.

The ESP II Plan and the After-Tax Plan were amended so that a participant will only be eligible to receive matching credits on compensation in excess of the limit imposed by Section 401(a)(17) of the Tax Code for the relevant plan

year. The matching credits are in the amount equal to 75% of the first 6% of compensation in excess of the limit imposed by Section 401(a)(17) of the Tax Code. Both amendments became effective January 1, 2014.

Effective January 1, 2015, the ESP II was amended to (1) eliminate specified date distributions for amounts credited to a participant's account on or after January 1, 2015, (2) eliminate the annuity distribution option, and (3) limit installment payments to a 5-year or 10-year period for amounts credited to a participant's account on or after January 1, 2015.

The Compensation Committee approved adjustments to the supplemental target contributions to the ESP II or After-Tax Plan for certain NEOs to achieve the approved competitive pay replacement ratios, between 40% to 60% of pre-retirement income.

Elements of Executive Compensation

Our executive compensation program is designed to maintain an appropriate and competitive balance between fixed pay (base salaries) and variable pay incentives (annual and long-term incentives). The program consists of three core elements that comprise TDC – base salary, annual cash incentive awards, and long-term incentive awards that are targeted at the median level of compensation paid to executive officers of similar companies in the 2014 Benchmark Data (as described in the Role of the Independent Compensation Consultant section of Administration and Resources). The annual and long-term incentives are structured to reward the achievement of strategic, financial and operational performance goals. The NEO with the highest level of responsibility, the CEO, has the greatest variability in TDC. The Compensation Committee sets targets for each element of compensation separately at approximately the median range, and then makes appropriate adjustments to the elements of compensation based on each individual NEO's performance, experience and strategic role to the Company. If the Compensation Committee increases a NEO's base salary, it also considers the resulting impact on annual and long-term performance-based incentive compensation levels and benefits. Below is a summary of compensation and benefits provided to our Officers.

Compensation Component	Key Characteristics	Purpose
Base Salary	Fixed amount of cash compensation based on an Officer's role, experience and responsibilities	Compensate Officers for scope of responsibilities, previous experience, individual performance and business unit performance Provide base compensation at a level consistent with our compensation philosophy
Annual Incentive Awards	Variable annual cash incentive based on corporate performance metrics with threshold, target and maximum opportunities for each Officer. Incentive EPS threshold must be achieved to receive any incentives and are capped at a maximum award level	Reward and motivate Officers for achieving the annual financial and operating goals across the organization Link annual pay with annual performance
Long-Term Incentive Awards	Variable compensation incentive based on long-term corporate performance metrics, typically with a 3-year performance period, and generally granted annually. Currently, the awards are a combination of performance shares and time-vested restricted stock rights awards. Amounts actually earned will vary based on corporate performance	Reward Officers for achieving business objectives by tying incentives to the performance of PNMR's stock price over the long term Align the interests of the Officers and the shareholders Reward and motivate long term performance - link long-term pay with long-term performance
Deferred Compensation and Retirement Benefits	Deferred compensation and other retirement benefits	Enhance retention of Officers Enhance recruitment and retention by aligning benefits with competitive market practices Provide for future retirement of Officers
Supplemental Benefits	Generally limited to perquisites such as officer life insurance, long-term disability, executive physicals and the ESA. The ESA is limited to \$23,000 for the CEO and \$18,000 for the EVP	Attract and retain Officers

and SVPs

Cash Compensation

Base Salary

Base salary is the fixed component of compensation paid to compensate each NEO for effectively discharging the duties and responsibilities of his or her position. The Compensation Committee sets each NEO's base salary (except the CEO's base salary, which is set by the independent members of the Board) by considering a variety of factors, including, but not limited to:

- Scope of responsibilities,
- Previous experience,
- Individual performance,
- Base salaries for comparable NEOs within the PNMR Peer Group,
- Published compensation surveys and proprietary survey data such as the Towers Watson U.S. CDB General Industry Executive Database, and
- Recommendations from the Compensation Committee's independent compensation consultant.

The Compensation Committee considers all of these factors in arriving at each NEO's base salary level. Salary adjustments, if any, are based on the median of base salaries of applicable benchmarking analysis of comparable positions, described in the Role of the Independent Compensation Consultant section of Administration and Resources, as well as the Company's performance, internal pay equity among the NEOs, and the Compensation Committee's evaluation of the NEO's performance. Performance is primarily measured on the basis of corporate and individual performance, with applicable goals and objectives being established at the beginning of each year.

Base salaries are reviewed annually. According to the 2014 Benchmark Data, each NEO's base salary was either approximately at or below median levels. After reviewing the 2014 Benchmark Data, recommendations from management and Pay Governance, and considering the Company's performance and the individual NEO's performance in 2013, the Compensation Committee increased the 2014 NEO base salaries. Even after taking into account the base salary increases approved in 2014, the NEO's base salaries remained approximately at or below the median of the 2014 Benchmark Data.

Annual Incentive Awards

The AIP provides annual cash incentives to reward the NEOs for the achievement of annual financial and operating goals and reinforces the Company's pay for performance philosophy. Our philosophy is to set the AIP award opportunities at the approximate median for NEOs in comparable positions based on an applicable benchmarking analysis, which for 2014 consisted of the 2014 Benchmark Data. The 2014 financial and operating performance goals are described beginning on page 44. The Company and individual NEOs achieved their 2014 performance goals above the target level for the Incentive EPS performance goal (weighted at 60%), and threshold level for the customer satisfaction goal (weighted 20%), but performance was below threshold level for the safety performance goal (weighted 20%).

No incentive award is paid for achieving performance that is below the Incentive EPS threshold level and annual incentive awards are capped at the maximum opportunity, 200% of target. The Compensation Committee does not have the discretion to increase AIP awards for NEOs who are covered employees under Section 162(m) of the Tax Code. For 2014 AIP awards, the Compensation Committee did not exercise its negative discretion to decrease the AIP awards to any NEO. Straight-line interpolation determines the bonus payout for performance that falls between threshold and target or between target and maximum levels. Performance results and related annual incentive awards for the 2014 performance period were reviewed and approved by the Compensation Committee, and by the independent members of the Board for the CEO, at its meeting in February 2015. More detail can be found in the NEO Incentive Goals and Results section of Summary of 2014 NEO Compensation.

Equity Compensation

Long-Term Incentive Awards

The 2012 LTIP was for the 3-year performance period of the calendar years 2012 to 2014, awarded in 2015. The 2012 LTIP award mix is comprised of 70% performance shares and 30% time-vested restricted stock rights. The time-vested restricted stock rights were awarded in March 2015, following the end of the performance period, and will vest equally over a 3-year period. The performance share awards under the 2012 LTIP were based on two performance measures: relative TSR (based on Company performance compared to the S&P 400 MidCap Utilities Index) and FFO/Debt Ratio (targets are determined by the Board based on the Company's long range operating plan), weighted 60%/40%, respectively. The 2012 LTIP was described in the Company's 2013 proxy statement. For the 2012 LTIP (2012-2014 performance period), the Company and the NEOs achieved near maximum level performance based on achieving the relative TSR performance goal above target and FFO/Debt performance goal at the maximum level. Performance results and related long-term incentive awards for the 2012 LTIP were reviewed and approved by the Compensation Committee and the independent members of the Board for the CEO, at its meeting in February 2015. More detail can be found in the Long-Term Incentive Awards section of Summary of 2014 NEO Compensation.

In 2014, the Compensation Committee approved the 2014 LTIP for the 3-year performance period of the calendar years 2014 to 2016, awarded in 2017. The 2014 LTIP award mix is comprised of 70% performance shares and 30% time-vested restricted stock rights. The time-vested restricted stock rights, that may be awarded following the end of the performance period, will vest equally over a 3-year period. The performance share awards under the 2014 LTIP are based on two performance measures: relative TSR (based on Company performance compared to the S&P 400 MidCap Utilities Index) and FFO/Debt Ratio (targets are determined by the Board based on the Company's long range operating plan), weighted 60%/40%, respectively. These measures are designed to align Officers' interests with the long-term interests of the Company and its shareholders by tying incentives to stock performance and credit metric objectives. The threshold, target and maximum levels determined by the Compensation Committee for relative TSR and FFO/Debt are set forth on page 45. The Compensation Committee does not have the discretion to increase actual LTIP awards for NEOs who are covered employees under Section 162(m) of the Tax Code.

The Company has not used newly issued shares or treasury shares to satisfy any equity awards granted under the PEP. Because the Company's past and current practice is to only use shares acquired on the open market to satisfy awards of earned performance shares and vested restricted stock rights, the satisfaction of these awards does not increase the number of shares outstanding and does not have a dilutive impact on our shareholders. However, the awards are considered to be dilutive securities in the computation of earnings per share during the period from granting of the award until the satisfaction of the awards following being earned or becoming vested. The dilutive impact of these awards on earnings per share has not been significant.

Long-Term Incentives - Special Award, Retention Grant

As described in the Company's 2012 proxy statement, in 2012 the Compensation Committee recommended, and the independent directors approved, a special performance-based retention grant (the "Retention Grant") to the Company's Chairman, President and CEO, Ms. Collawn. The Retention Grant was intended to reward Ms. Collawn for the Company's performance (based on the Company's improvement in TSR) and further incentivize her to remain in her current position for an extended period of time. Given Ms. Collawn's performance and contributions to the Company, the Retention Grant was provided to partially close the gap between her TDC and the median TDC for her peer CEOs, as reported in the benchmark data considered by the Compensation

Committee at the time of the Retention Grant. Pursuant to the Retention Grant, Ms. Collawn is eligible to be granted 135,000 shares of the Company's common stock at the end of the 2012-2016 performance period. A portion of the retention grant, namely 35,000 of the 135,000 shares, was subject to accelerated vesting in 2015 if the Company achieved an annualized, compounded 5% increase in TSR through December 31, 2014 (as measured by comparing the Company's stock price on the last 20 trading days in 2011 to the price on the last 20 trading days in 2014). In February 2015, the Compensation Committee and the independent members of the Board determined that the Company achieved the relevant performance level of TSR for the accelerated vesting and approved the granting of the 35,000 shares to Ms. Collawn. If the Company achieves an annualized, compounded 5% increase in TSR through 2016 (as measured by comparing the Company's stock price on the last 20 trading days in 2011 to the price on the last 20 trading days in 2016), the remaining portion of the Retention Grant (100,000 shares) will vest and be awarded in 2017. All shares earned under the Retention Grant are issued under the PEP, and, with certain exceptions, Ms. Collawn must remain employed by the Company, as of the applicable vesting dates, to receive the grants described above.

Deferred Compensation

Deferred Compensation and Retirement Benefits

Our NEOs participate in the Company's RSP (a broad-based 401(k) plan) and either a non-qualified supplemental deferred compensation plan (the "ESP II" – which runs side-by-side with the RSP) or an alternative plan (the "After-Tax Plan"). Effective January 1, 2014, the After-Tax Plan was amended to prohibit participants from electing to participate in the After-Tax Plan on or after January 1, 2014. The After-Tax Plan will be terminated effective on or before June 30, 2015. Certain other changes to the ESP II were approved in 2014, as previously described under 2014 Changes. These programs are described in more detail beginning on page 50.

Supplemental Benefits

Supplemental Benefits and Perquisites

In order to attract and retain key executive talent in an increasingly competitive marketplace, the Company provides its NEOs reasonable supplemental benefits that make up a small component of their overall compensation and benefits. The 2014 supplemental benefits include: company-paid premiums for life insurance, long-term disability insurance, executive physicals (NEOs only), and the ESA (e.g., reimbursement for personal financial management and estate planning services). The 2014 supplemental benefits are set forth in footnote 5 of the SCT on page 43.

Post Termination Compensation

Potential Severance Benefits

The Company offers severance benefits to the NEOs to mitigate the possible difficulty they may have finding comparable employment, within a reasonable period of time, following a separation from service. Under our Severance Plan, benefits are only payable if the NEO's position is eliminated through no fault of his or her own. The Severance Plan and related benefits are described in more detail on page 54.

Potential Change in Control Benefits

The Company also recognizes, as is the case with many publicly-held companies, the possibility of a change in control. A change in control, combined with the uncertainty and the questions that it may raise, may potentially result in the departure or distraction of key management to the detriment of the Company and our shareholders. This could also impact the Company's ability to continue to provide efficient and reliable utility services to its customers. The

Company and the Compensation Committee have determined that appropriate steps should be taken to reinforce and encourage the continued attention and dedication of the Company's key management to their assigned duties and to facilitate recruitment of future employees without distraction in the face of potentially challenging circumstances arising from the possibility of a change in control of the Company. The Company and the Compensation Committee have also concluded that it is appropriate to provide competitive and fair compensation and benefits to employees terminated under these circumstances through our Retention Plan.

The Retention Plan provides the NEOs with benefits if their employment is terminated, under certain circumstances, within 24 months following a change in control of the Company. The purpose of our Retention Plan is to better align the NEO's interests with the interests of our shareholders and to provide the NEOs with reasonable protection from loss of employment resulting from a change in control. The provision of benefits pursuant to the Retention Plan also facilitates our recruitment and retention of talented NEOs by providing reasonable and expected protections. Our Retention Plan and change in control benefits are described in more detail beginning on page 54.

ADMINISTRATION AND RESOURCES

Roles of the Compensation Committee, Board of Directors and Executive Officers

Pursuant to its role as assigned by the Board, the Compensation Committee is primarily responsible for the design and administration of our executive compensation program. Additionally, our Board, our executive officers and an independent compensation consultant play important roles. The Compensation Committee establishes and periodically reviews all elements of our executive compensation program. The ultimate responsibility for determining the level of compensation paid to each of the NEOs, other than the CEO, resides with the Compensation Committee. The Compensation Committee makes a recommendation to our independent directors of the Board (a group that includes, but is not limited to, the members of the Compensation Committee) regarding the level of the CEO's compensation and the final decision is made by the independent directors. The Board, based on the recommendations of the Compensation Committee, approves all equity compensation plans and equity awards for Officers. In setting (or recommending in the case of the CEO) specific compensation levels, the Compensation Committee considers the CEO's evaluation of the other NEOs and the self-evaluation prepared by the CEO. The independent members of the Board take into consideration their evaluation of the CEO's performance when approving or setting the CEO specific compensation levels. The CEO recommends corporate-level performance goals to the Compensation Committee for approval. The CEO provides regular input to the Compensation Committee with respect to the overall structure of the executive compensation program, including how the program can be effectively aligned with the Company's financial and strategic objectives. However, the final decision related to the executive compensation program rests with the Compensation Committee, with approval of the independent members of the Board, for all Officer equity plans, Officer equity awards and CEO compensation.

Role of the Independent Compensation Consultant

Pursuant to its Charter, the Compensation Committee selects and retains an independent compensation consultant (at the Company's expense) whose services include: providing peer group and market compensation data, providing information on trends and regulatory issues affecting executive pay, performing competitive market analysis, recommending compensation program and plan changes and recommending Officer compensation structure and levels. In May 2013, the Compensation Committee selected Pay Governance to be its independent compensation consultant pursuant to the Compensation Committee's Policy Governing Fees and Services for Executive Compensation Consultants. Prior to engaging Pay Governance, and then again at its December 2014 meeting, the Compensation Committee evaluated Pay Governance's independence as its compensation consultant by considering each of the independence factors specified by the NYSE and the SEC. Based on the evaluation, the Compensation Committee determined that no conflict of interest exists that would prevent Pay Governance from independently advising the Compensation Committee. On occasion, the independent compensation consultant provides information to the members of management, but all its services are provided and performed at the request of and pursuant to instructions provided by the Compensation Committee. None of the NEOs are present during the Compensation Committee's discussions with the independent consultant regarding his or her individual compensation. During 2014, no services were provided to the Company by Pay Governance, other than the services relating to executive compensation that are described in this proxy statement.

The Compensation Committee strives to provide target compensation opportunities that are at the median TDC of the appropriate benchmark group of companies, which reflect the market within which PNMR competes for senior executive talent. Information referenced in 2013 to assist in setting 2014 compensation levels was obtained and analyzed as follows:

- Management engaged Towers Watson to perform a competitive assessment of the Company's executive compensation program, including compensation opportunity levels for the CEO and other NEOs (the "Towers Watson study"). Pay Governance reviewed the approach and independently confirmed the findings of the Towers Watson study.

The Towers Watson study compared our NEO compensation to (1) market data for the PNMR Peer Group described below and (2) market data from the companies (listed in Appendix A) comprising the Towers Watson 2013 U.S. CDB General Industry Executive Database of similarly sized companies (companies with revenue of \$1 billion - \$3 billion). For corporate-function roles, such as those of our NEOs, talent may be recruited by or lost to companies that are similar in size to the Company, which may or may not be in the utility/energy sector. Therefore, to determine overall market compensation levels, the benchmark analysis used these two market databases, weighted respectively at 75% for PNMR Peer Group and 25% for the Towers Watson 2013 U.S. CDB General Industry Executive Database of similarly sized

companies (collectively, the 2014 Benchmark Data). The Towers Watson 2013 U.S. CDB General Industry Executive Database data was not included in the weighted average for one position, SVP, COO, as market data for the general industry benchmark position survey sample size was too small. The SVP, COO position was benchmarked 100% on the median of the PNMR Peer Group.

The median compensation levels of the 2014 Benchmark Data were the primary reference points used by the Compensation Committee to evaluate executive compensation. The Compensation Committee used these figures to benchmark TCC and TDC paid to the NEOs (both individually and as a group) to similar types and elements of compensation paid to executives holding comparable positions in the marketplace.

The 2014 Benchmark Data for TCC and TDC showed that the compensation levels for each of our NEOs were at median or below.

PNMR Peer Group

Prior to setting compensation levels for 2014, the Compensation Committee reviewed the PNMR Peer Group and confirmed that it continued to be an appropriate peer group, based on the following criteria:

1. Ownership structure (publicly-traded),
2. Business focus (electric utility and multi-utility companies),
3. Size (between one-third and three times the Company's size in terms of revenues),
4. Organizational complexity,
5. Operational characteristics (such as nuclear generation ownership, multi-state regulated utilities), and
6. Likely competition for executive talent.

The following table lists the companies that comprised the PNMR Peer Group that was referenced in late 2013, for purposes of setting 2014 pay levels.

PNMR PEER GROUP

ALLETE, Inc.	NorthWestern Corporation
Alliant Energy Corporation	NV Energy, Inc.*
Avista Corporation	OGE Energy Corporation
Black Hills Corporation	Pinnacle West Capital Corporation
Cleco Corporation	Portland General Electrical Company
El Paso Electric Company	TECO Energy, Inc.
Great Plains Energy, Inc.	UNS Energy Corporation**
Hawaiian Electric Industries, Inc.	Vectren Corporation
IDACORP, Inc.	Westar Energy, Inc.

*On December 19, 2013, NV Energy, Inc. was acquired by MidAmerican Energy Holdings Company, a subsidiary of Berkshire Hathaway Inc.

**On August 15, 2014, UNS Energy Corporation was acquired by Fortis, Inc.

2015 COMPENSATION ACTIONS

In February 2015, the Compensation Committee approved the 2015 AIP and the 2015 LTIP. The Compensation Committee approved an increase to the base salary for Mr. Apodaca as his base salary was below the current median base salary for his position; the remaining NEOs did not receive a base salary increase. The base salary increase for Mr. Apodaca was based on corporate and individual performance and on the current median base salaries for the corresponding executive position in the 2015 Benchmark Data. The 2015 Benchmark Data and performance measures for 2015 compensation levels will be described in the 2016 proxy statement.

The 2015 AIP has similar performance goals as the 2014 AIP with a financial goal of Incentive EPS (60%) and two operational goals, customer satisfaction (20%) and safety (20%). No incentive award will be paid for achieving performance that is below the Incentive EPS threshold level and incentive awards will be capped at the maximum opportunity. Straight-line interpolation will determine the bonus payout for performance that falls between threshold and target or target and maximum levels.

The Compensation Committee also approved the 2015 LTIP for the 3-year performance period of 2015-2017 to align with industry trends and market practices. The 2015 LTIP is based on three performance measures: relative TSR (based on Company performance compared to the S&P 400 MidCap Utilities Index), FFO/Debt Ratio (targets are determined by the Board based on the Company's long range operating plan), and an earnings growth measure (targets are determined by the Board based on the Company's long range operating plan), weighted 40%, 35% and 25%, respectively. The threshold, target and maximum levels have been approved by the Compensation Committee for relative TSR, the FFO/Debt Ratio and earnings growth performance measures for the 2015 LTIP. The 2015 LTIP award mix is comprised of 70% of performance shares and 30% of time-vested restricted stock rights. Any time-vested restricted stock rights that are actually awarded pursuant to the 2015 LTIP will be awarded in 2018 following the end of the performance period and will vest over three years.

In December 2014, the Company entered into an Employee Retention Agreement (the "CFO Retention Agreement") with the Company's EVP and CFO, Mr. Eldred. The CFO Retention Agreement was effective on January 1, 2015 and is intended to incentivize Mr. Eldred to continue in his current position through December 31, 2017 and to reward him for the Company's performance during that period (based on the Company's earnings growth). Pursuant to the CFO Retention Agreement, Mr. Eldred will be entitled to a retention bonus equal to \$175,000 (paid by allocating discretionary credits under the ESP II) and restricted stock rights equal to \$100,000 divided by the fair market value of one share of the Company's stock, as of the grant date, if he remains employed and satisfies the specified performance measures as of December 31, 2016. The grant date shall be the date on which the Compensation Committee makes the final determination if the specified performance measures have been satisfied. Mr. Eldred will be entitled to a retention bonus equal to \$200,000 (paid by allocating discretionary credits under the ESP II) and restricted stock rights equal to \$275,000 divided by the fair market value of one share of the Company's stock as of the grant date, if he remains employed and satisfies the specified performance measures as of December 31, 2017.

Mr. Eldred's eligibility to receive the foregoing amounts is subject to certain conditions, including the Compensation Committee's determination of whether the applicable performance measures have been satisfied. If Mr. Eldred does not satisfy the applicable performance measures as of the first retention date but satisfies the applicable performance measures as of the second retention date, Mr. Eldred will be entitled to receive all amounts described above. If Mr. Eldred does not satisfy the performance measures as of either retention date, the Compensation Committee will have the discretion to award him a retention bonus and/or a restricted stock rights award in such amount as it deems appropriate, although the Compensation Committee will be under no obligation to do so. In the event that Mr. Eldred's employment ends prior to a retention date, depending on the circumstances of his departure, Mr. Eldred may be entitled to receive a pro-rated retention bonus and restricted stock rights award in accordance with the terms and conditions of the CFO Retention Agreement. All such shares payable pursuant to the CFO Retention Agreement would be issued under the PEP.

In March 2015, the Company entered into an Employee Retention Agreement (the "CEO Retention Agreement") with the Company's Chairman, President and CEO, Ms. Collawn. The CEO Retention Agreement is intended to incentivize Ms. Collawn to meet certain performance measures and to remain in her current position for an extended period of time. Pursuant to the CEO Retention Agreement, if the Company achieves the specified performance measure (based on achieving a 3% or more compounded annual rate of earnings growth) by December 31, 2019, Ms. Collawn is eligible to be granted 53,859 performance shares, if she remains employed (less any performance shares that were earned and vested on an accelerated basis). Under the CEO Retention Agreement, 17,953 performance shares, are subject to accelerated vesting in 2018, if the Company achieves the specified performance measure (based on

achieving a 3% or more compounded annual rate of earnings growth) as of December 31, 2017.

Ms. Collawn's eligibility to receive the foregoing amounts is subject to certain conditions, including the Compensation Committee's determination of whether the applicable performance measures have been satisfied and the Board's certification and approval of the award. In the event that Ms. Collawn's employment ends prior to a retention date, depending on the circumstances of her departure, Ms. Collawn may be entitled to receive a pro-rated performance share award in accordance with the terms and conditions of the CEO Retention Agreement. All such shares payable pursuant to the CEO Retention Agreement would be issued under the PEP.

ADDITIONAL INFORMATION

Corporate Governance

The Company and the Compensation Committee continue to monitor corporate governance best practices and give consideration to incorporating them into our compensation processes and policies, as appropriate.

Clawbacks

The PEP provides that clawback provisions may be included in the award documents. The clawback provisions may be applicable to all PEP awards, including the AIP and the LTIPs. As examples only, the awards subject to the clawback provision would include annual incentive awards, performance cash awards, performance shares and restricted stock rights. The Company currently complies with the Sarbanes-Oxley Act of 2002, as it relates to clawbacks. The Company also plans to implement an executive compensation recoupment policy that will, at a minimum, fully comply with the final rules to be issued by the SEC and NYSE pursuant to the Dodd-Frank Act.

Insider Trading Policy; No Hedging or Pledging of Company Stock

As discussed on page 9 of this proxy statement, the Company's Insider Trading Policy prohibits all directors, Officers and employees from engaging in hedging or monetization transactions that allow a person to lock in much of the value of his or her Company securities, such as zero-cost collars and forward sales contracts. Further, our Insider Trading Policy prohibits all directors and executive officers, including the NEOs, from pledging Company securities as collateral for a loan.

Double Trigger Vesting Following a Change in Control

The PEP includes, as a general rule, double trigger vesting following a change in control. Double trigger vesting results only if a NEO is terminated without cause or is constructively terminated following a change in control. See Payments Made Upon a Change in Control beginning on page 54.

CEO Succession Planning

The Board, including the members of the Compensation Committee, reviews the CEO succession planning process on an annual basis. The succession planning process is designed to ensure that internal candidates are identified and developed well before the position may need to be filled. The succession planning process addresses both short and long term succession potential needs.

Equity Ownership Holding Guidelines

To maintain alignment between our NEOs and shareholders, we continue to provide equity-based compensation, as well as maintain ownership holding guidelines. Our ownership holding guidelines provide that each NEO should own PNMR equity having a value equal to a specified multiple of the NEO's base salary. The multiples range from three (3) to five (5) times base salary, depending upon the position of the NEO. The ownership holding guidelines also require that each NEO retain 100% of any equity he or she receives under our PEP (after mandatory withholding to satisfy minimum tax obligations) until he or she has achieved the applicable guideline multiple.

The Compensation Committee believes these guidelines further align the interests of NEOs with the interests of our shareholders by ensuring that the NEOs maintain a significant long-term stake in the Company and are subject to the risks of equity ownership. All equity that the Officer either holds directly or indirectly, in addition to any unvested restricted stock rights and any earned performance shares, count towards compliance with the ownership holding

guidelines. The Compensation Committee reviews compliance with the ownership holding requirements on an annual basis for all NEOs, and did so most recently at its December 8, 2014 meeting. As of December 31, 2014, NEO equity ownership holdings were as noted below:

38

2014 EQUITY OWNERSHIP HOLDINGS

NEO	Holding Requirement*	Percent of Holding Requirement**
P. K. Collawn	5X	302%
C. N. Eldred	3X	263%
R. E. Talbot	3X	119%
P. V. Apodaca	3X	195%
R. N. Darnell	3X	137%

*As a multiple of base salary

**Based on 12/31/2014 closing price on the NYSE of \$29.63.

As of December 31, 2014, all of the NEOs exceeded the applicable ownership holding requirements. The current holdings of each NEO are shown on page 17.

Impact of Tax and Accounting Requirements

The Compensation Committee evaluates costs, cash flow implications and the deductibility of compensation to maximize financial efficiencies. Furthermore, in the context of our “covered employees” (as defined in Section 162(m) of the Tax Code), the Compensation Committee considers the objective of having the incentive-based compensation components qualify for the performance-based compensation exception to the limits on the deductibility of compensation imposed by Section 162(m).

Section 162(m) generally limits the Company’s income tax deduction for compensation paid to covered employees to \$1 million. Compensation that qualifies for the performance-based compensation exception is not subject to this limitation. Generally, in order to qualify for the performance-based compensation exception, the payment of the compensation must be contingent on the achievement of certain objective performance goals. The Compensation Committee has endeavored to qualify certain components of our executive compensation program for the performance-based compensation exception. However, the Compensation Committee has chosen to forgo the deduction in other situations or with respect to certain awards (e.g., time-vested restricted stock rights awards), if it determines such action to be in the best business interest of the Company to recognize and motivate Officers as circumstances warrant. In 2014, we incurred compensation for our NEOs of approximately \$140,000 that may not be deductible for tax purposes. In addition, when determining whether to offer a particular form of equity compensation to Officers, the Compensation Committee takes into consideration the accounting implications associated with that form of compensation. Traditionally, accounting-related considerations have not had a significant impact on the Compensation Committee’s decisions about the total compensation of the NEOs or the structure of our executive compensation program. Likewise, although the Compensation Committee considers the personal tax implications for the NEOs of different forms of compensation in designing our executive compensation program (and individual plans), such considerations have not materially impacted the Compensation Committee’s ultimate decisions about executive compensation.

Adjustments for Certain Items

Consistent with past practice and based on criteria determined at the beginning of the performance period, the Compensation Committee may, subject to compliance with an applicable plan or award agreement(s) as well as applicable law or regulations, adjust the performance measures underlying certain incentive compensation awards to eliminate the effects of certain items. The adjustments are intended to ensure that award payments are based on the underlying performance of the Company’s core business and are not artificially inflated or deflated due to such effects in the award year. The adjustments made for 2014 award calculations for Incentive EPS and FFO/Debt Ratio are reflected in the definitions of Incentive EPS and FFO/Debt Ratio set forth in the Glossary beginning on page ii. These

defined terms are used solely for measuring performance for compensation purposes and should not be considered earnings guidance by the Company.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT
ON EXECUTIVE COMPENSATION

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with the Company's management and, based on such review and discussion, recommended to the Board its inclusion into the 2015 proxy statement.

The Compensation Committee is pleased to submit this report to the Company's shareholders.

(1) 2014 salary amounts include cash compensation earned by each NEO during 2014, as well as any amounts earned in 2014, but contributed into the RSP, the ESP II, or the After-Tax Plan (as applicable).

(2) Represents the grant date fair value of all stock awards calculated in accordance with FASB ASC Topic 718. For 2014, the amount indicated is the aggregate grant date fair value of all grants of (A) time-vested restricted stock rights granted on March 5, 2014 (shown as RSA in the GPBA Table) and (B) performance share awards (shown as PS in the GPBA Table), based on target performance, which the Company considered the probable outcome on the grant date. The assumptions used in determining the grant date fair value of stock awards are set forth in Note 13 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. The actual cash value that the NEO may realize on the vesting of the restricted stock rights or performance shares will depend on the number of shares that ultimately vest, the market price of our common stock at the date of vesting and ultimately, the value received by the employee on the sale of the stock. Time-vested restricted stock rights awards vest over a three-year period beginning on the grant date. The table following shows the grant date fair

value of all 2014 stock awards assuming maximum performance of the 2014 LTIP performance share awards (shown as PS in the GPBA table) and the actual RSA awards shown in the GPBA Table. As discussed above, column (e) of the SCT assumes target performance of PS awards. Both column (e) of the SCT and the table following also include the grant date fair value of the actual RSA awards.

Grant Date Fair Value Assuming Maximum

Name	Grant Date Fair Value of Actual RSA & Maximum PS Awards (\$)
P. K. Collawn	2,660,127
C. N. Eldred	798,216
R. E. Talbot	563,729
P. V. Apodaca	455,916
R. N. Darnell	331,803

(3) Column (g) of the SCT for 2014 reflects the actual amount of annual incentive cash awards earned in 2014 under the 2014 AIP (shown as AIP awards in the GPBA Table).

(4) There are no above-market or preferential rate earnings to report for the ESP II or the After-Tax Plan.

(5) The table following reflects the types and dollar amounts of perquisites, additional compensation and other personal benefits provided to the NEOs during 2014. For purposes of computing the dollar amounts of the items listed below, we used the actual out-of-pocket costs to the Company of providing the perquisite or other personal benefit to the NEOs. The NEOs paid any taxes associated with these benefits without reimbursement from the Company.

(a) Reflects the amounts received by the NEOs under the ESA (described in the Glossary).

(b) Amounts are reflected in column (c) of the 2014 Non-Qualified Deferred Compensation table on page 53. NEOs were required to elect, on an annual basis, between participating in the ESP II or in the After-Tax Plan (but not both within the same year). For 2014, all NEOs except Mr. Darnell elected to participate in the ESP II Plan. The annual election encompasses current year salary deferrals and cash incentive awards earned in the current year and paid in the next year.

(c) Mr. Darnell's amount is reflected in the Total (\$) of the After-Tax Plan Company Contributions listed in the following table.

43

After-Tax Plan Company Contributions

Name	Matching (\$)	Age-Based (\$)	Supplemental (\$)	Total (\$)
R. N. Darnell	4,244	9,698	51,800	65,742

(d) The Company paid for an executive physical as part of the Annual Executive Physical Program.

Annual Incentive Awards

The objective of the 2014 AIP was to motivate the NEOs to achieve certain performance goals tied to the Company's financial and operational results. In order to ensure that awards were funded by the Company's earnings, no awards were to be made under the 2014 AIP unless the Company achieved Incentive EPS of at least \$1.42. Maximum awards were to be made at Incentive EPS levels of \$1.58 or higher. In 2014, the Company's Incentive EPS for the NEOs was \$1.48, resulting in achievement of above target level. See the performance results noted on the Corporate Scorecard below.

The 2014 AIP plan goals were established for all NEOs in order to achieve alignment with the corporate strategy of the Company. A more detailed description of each listed NEO's award opportunities and performance goals under the 2014 AIP, as well as the actual awards approved in February 2015, are set forth below.

NEO Incentive Goals and Results

CORPORATE SCORECARD

Goal	Weight	Threshold 50%	Target 100%	Maximum 200%	2014 Results \$1.48/share (109% of target award level) ¹	Weighted Results
PNMR Incentive EPS	60% of Scorecard	≥\$1.42/share	≥\$1.47/share	≥\$1.58/share		65%
Customer Satisfaction (measured by J.D. Power Customer Survey Index) (percentile)	10% of Scorecard	>39.70 percentile	>45.56 percentile	>54.35 percentile	32 percentile (0% of target award level)	0%
Customer Satisfaction (measured by Research and Polling Survey - weighted average score)	10% of Scorecard	7.27	7.40	7.60	7.40 (100% of target award level)	10%
Safety (PNMR OSHA Recordable Incident Rate)	20% of Scorecard	≤1.92	≤1.48	≤0.88	2.58 (0% of target award level)	0%
Aggregate Performance Results						75%

¹ Based on linear interpolation, the \$1.48/share performance results in a 109% multiplier for the Incentive EPS goal. When the 60% weighting is applied, this results in a 65% weighted score.

Under the 2014 AIP, Ms. Collawn was eligible to receive a target level award of 95% of her base salary as of January 1, 2014. Based on Ms. Collawn's aggregate performance results, she received an award equal to 71.25% of her base salary.

Under the 2014 AIP, Mr. Eldred was eligible to receive a target level award of 70% of his base salary as of January 1, 2014. Based on Mr. Eldred's aggregate performance results, he received an award equal to 52.50% of his base salary.

Under the 2014 AIP, Mr. Talbot was eligible to receive a target level award of 55% of his base salary as of January 1, 2014. Based on Mr. Talbot's aggregate performance results, he received an award equal to 41.25% of his base salary.

Under the 2014 AIP, Mr. Apodaca was eligible to receive a target level award of 55% of his base salary as of January 1, 2014. Based on Mr. Apodaca's aggregate performance results, he received an award equal to 41.25% of his base salary.

Under the 2014 AIP, Mr. Darnell was eligible to receive a target level award of 50% of his base salary as of January 1, 2014. Based on Mr. Darnell's aggregate performance results, he received an award equal to 37.50% of his base salary.

Long-Term Incentive Awards

2014 LTIP

Consistent with our pay for performance philosophy, 70% of the NEO's total 2014 long-term incentive compensation opportunities are dependent upon the Company's achievement of two performance goals (TSR and FFO/Debt Ratio) over the 2014-2016 performance period. No performance shares (shown as PS in the GPBA Table) will be earned by or paid to our NEOs if actual performance over the 2014-2016 performance period is below the threshold levels set forth in the table following. The remaining 30% of the total 2014 long-term incentive compensation for NEOs is comprised of time-vested restricted stock rights awards awarded at the end of the performance period that vest over a three-year period. A prorated award will not be paid to an Officer who separates from service in the first half of the performance period for any reason other than a qualifying change in control termination. After the first half of the performance period, a prorated award will be paid to an Officer who separates from service due to death, disability, retirement or impaction, which will be calculated based on actual performance and the number of full months of service completed by the Officer during the performance period. In the case of a qualifying change in control termination, the performance shares vest pro rata at the end of the performance period subject to the attainment of the performance goals.

2014 LTIP TSR AND FFO/DEBT RATIO PERFORMANCE GOAL TABLE

Corporate Goal	Weight	Threshold	Target	Maximum
TSR	60%	>35th percentile	>50th percentile	>95th percentile
FFO/Debt Ratio	40%	≥17.5%	≥19.0%	≥21.0%

LTIP Awards Earned for the Performance Period 2012-2014

In 2012, the Compensation Committee approved the 2012 LTIP for the 3-year performance period of the calendar years 2012 to 2014. Information regarding the threshold, target and maximum performance targets for the 2012-2014 performance period under the 2012 LTIP for TSR (relative to the S&P 400 MidCap Utilities Index), FFO/Debt Ratio and actual 2012-2014 performance are set forth in the table following.

TSR AND FFO/DEBT RATIO ACHIEVEMENT AS OF DECEMBER 31, 2014

Corporate Goal	Weight	Threshold	Target	Maximum	2012-2014 Actual Results	Weighted Results
TSR	60%	>35th percentile	>50th percentile	>95th percentile	81st percentile (169% of target award level)	101%
FFO/Debt Ratio	40%	≥16.0%	≥16.6%	≥18.0%	19.3%	80%

The amount of performance share awards payable at threshold, target and maximum performance was set forth in the GPBA Table in the 2013 proxy statement. In February 2015, the performance share awards for the 2012 to 2014 performance period were determined to be earned at near maximum level (181% of target) based on the above actual results for the 2012-2014 performance period.

Grants of Plan Based Awards in 2014

The following table discloses the 2014 grants of awards to our NEOs, all of which were made under the PEP: (1) annual incentive plan award levels under the 2014 AIP (shown below as AIP); (2) the following equity awards made under the LTIP: (a) time-vested restricted stock rights awards (RSA) awarded under the 2011 LTIP at the end of the 3-year performance period, and (b) performance share award opportunity (PS) based on relative TSR and FFO/Debt Ratio performance measures over the 2014-2016 performance period of the 2014 LTIP, as well as the grant date fair value of all such equity awards. Restricted stock rights awards vest in three equal annual installments beginning on the first anniversary of the grant date.

(1) Represents the grant date fair value of the equity awards, based on target performance for PS awards and actual amount of RSA awards, determined in accordance with FASB ASC Topic 718. The assumptions used in determining the grant date fair value of stock awards are set forth in Note 13 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. For information about the grant date fair value assuming maximum performance of PS awards, see footnote 2 to the SCT.

Outstanding Equity Awards

The following table includes certain information about the following outstanding equity awards (as of December 31, 2014) made under the PEP to the NEOs: (1) stock options, (2) time-vested restricted stock rights that vest equally over 3 years from the grant date, (3) performance share awards granted on February 28, 2012 under the 2012 LTIP reflecting the amount of actual above target performance achieved for the 2012-2014 performance period, (4) performance share award opportunities granted on February 28, 2013 under the 2013 LTIP, assuming target performance is achieved for the 2013-2015 performance period, and granted on February 27, 2014 under the 2014 LTIP (shown as PS in the GPBA Table above), assuming maximum performance is achieved for the 2014-2016 performance period and (5) the special retention grant of 135,000 shares awarded to Ms. Collawn on February 28, 2012, assuming achievement of the performance measure, and reflecting that 35,000 shares of this grant were earned as of December 31, 2014.
