PROXY STATEMENT FOR THE
2019 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

The enclosed Proxy is solicited on behalf of the Board of Directors of NETGEAR, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders. The Board of Directors has made these materials available to you on the Internet or in printed proxy materials in connection with the solicitation of proxies for use at its 2019 Annual Meeting of Stockholders, which will take place at 10:00 a.m. Pacific Daylight Time on Thursday, May 30, 2019 at its executive offices located at 350 East Plumeria Drive, San Jose, California 95134.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our Company as “NETGEAR,” “we,” “us” or “our.” The term “proxy materials” includes this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2018, as well as the proxy or voter instruction card if you received or requested printed proxy materials. We are mailing the proxy materials on or about April 19, 2019 to all of our stockholders as of the record date, April 1, 2019. Stockholders who owned NETGEAR common stock at the close of business on April 1, 2019 are entitled to attend and vote at the annual meeting. On the record date, approximately 31,466,930 shares of our common stock were issued and outstanding and no shares of our preferred stock were issued and outstanding. We had 19 stockholders of record as of the record date and our common stock was held by approximately 21,334 beneficial owners.

You may also view this proxy statement, as well as our Annual Report on Form 10-K for the year ended December 31, 2018, online at the following address: <http://materials.proxyvote.com/64111Q>.

Notice Regarding the Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to the proxy materials over the Internet. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials (the “Notice”) to some of our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the proxy materials and on the website referred to in the Notice. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting us. The three (3) proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled “Proposal One,” “Proposal Two” and “Proposal Three.” Each share of NETGEAR common stock you own entitles you to one vote.

Methods of Voting

Voting by Mail. If you received or requested printed proxy materials, then by signing and returning the proxy or voter instruction card according to the enclosed instructions, you are enabling our Chairman and Chief Executive Officer, Patrick C.S. Lo, and our Chief Financial Officer, Bryan D. Murray, who are named on the proxy as “proxies and attorneys-in-fact,” to vote your shares as proxy holders at the meeting in the manner you indicate. We encourage you to sign and return the proxy or voter instruction card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Edgar Filing: NETGEAR, INC - Form DEF 14A

Your shares will be voted in accordance with the instructions you indicate on the proxy or voter instruction card. If you submit the proxy or voter instruction card, but do not indicate your voting instructions, your shares will be voted as follows:

1

FOR the election of the director nominees identified in Proposal One;
FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019; and
FOR the non-binding advisory proposal regarding executive compensation.

Voting over the Internet. If you received the Notice (as described above), you can vote by proxy over the Internet by following the instructions provided on the Notice.

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one NETGEAR stock account, we are delivering only one set of the voting materials to certain stockholders who share an address unless otherwise requested. For stockholders receiving printed proxy materials, a separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may request a separate copy of these materials at no cost to you by writing our Corporate Secretary at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, or calling our Corporate Secretary at (408) 907-8000. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing or calling our Corporate Secretary. You may receive a copy of NETGEAR's Annual Report on Form 10-K for the year ended December 31, 2018 including the Consolidated Financial Statements, schedules and list of exhibits, and any particular exhibit specifically requested by sending a written request to NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, Attn: Corporate Secretary.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may do any of the following:

- sign and return another proxy bearing a later date;
- provide written notice of the revocation to the Company's Corporate Secretary, at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, prior to the time we take the vote at the annual meeting; or
- attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote over the Internet, or if you submit a properly executed proxy or voter instruction card.

Votes Required for Each Proposal

The vote required, and method of calculation for the proposals to be considered at the annual meeting, are as follows: Proposal One - Election of Directors. You may vote "for," "against" or "abstain" from voting for any or all of the seven (7) directors nominees. Pursuant to our Bylaws and our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes "against" his or her election than votes "for" such election shall submit his or her offer of resignation for consideration by our Nominating and Corporate Governance Committee and our Board of Directors. The election of directors pursuant to this proposal is an uncontested election, and therefore, this majority voting standard applies.

Proposal Two - Ratification of the Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2019. Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm will require the affirmative

Table of Contents

vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Proposal Three - Approval of the Non-Binding Advisory Proposal Regarding Executive Compensation. Approval of the non-binding advisory proposal regarding executive compensation will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Abstentions

If you return a proxy or voter instruction card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on Proposals Two or Three, your abstention will have the same effect as a vote against such Proposal(s).

Broker Non-Votes

A “broker non-vote” occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner as to how to vote on that proposal. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name.” If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal One) and the approval of the advisory vote regarding our executive compensation (Proposal Three). If you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote for Proposal One or Proposal Three, no votes will be cast on your behalf for those Proposals.

Your bank, broker or other nominee will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of our independent registered public accounting firm (Proposal Two).

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We expect our Corporate Secretary, Andrew W. Kim, to tabulate the proxies and act as inspector of the election. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Deadline for Receipt of Stockholder Proposals or Director Nominations for 2020 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Proposals by our stockholders intended to be presented for consideration at our 2020 Annual Meeting must be received by us no later than December 21, 2019 (120 calendar days prior to the anniversary of the mailing date of this proxy statement), in order that they may be included in the proxy statement and form of proxy related to that meeting. The submission of the stockholder proposal does not guarantee that it will be included in our 2020 proxy statement.

The Securities and Exchange Commission rules establish a different deadline with respect to discretionary voting for stockholder proposals that are not intended to be included in a company's proxy statement. The proxy card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. The discretionary vote deadline for our 2020 Annual Meeting is March 5, 2020, which is 45 calendar days prior to the anniversary of the mailing date of this proxy statement. If a stockholder gives notice of a proposal after the discretionary vote deadline,

our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at our 2020 Annual Meeting.

3

In addition, our amended and restated bylaws establish an advance notice procedure with regard to specified matters, including stockholder proposals and director nominations, which are proposed to be properly brought before an annual meeting of stockholders. To be timely, a stockholder's notice shall be delivered no less than 120 days prior to the date of the annual meeting specified in the proxy statement provided to stockholders in connection with the preceding year's annual meeting, which is January 31, 2020 in connection with our 2020 Annual Meeting. In the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder must be received not later than the 10th business day following the day notice of the date of the meeting was mailed or public disclosure was made, whichever occurs first.

In 2016, we amended our amended and restated bylaws to permit a stockholder, or group of up to 50 stockholders, owning continuously for at least three years shares of our common stock representing an aggregate of at least 3% of our outstanding shares, to nominate and include in our proxy statement director nominees constituting up to the greater of two directors or 20% of the total number of directors then serving on our Board of Directors, provided that the stockholder(s) and nominee(s) satisfy the requirements specified in our amended and restated bylaws. Notice of such "proxy access" director nominees for our 2020 Annual Meeting must be received no earlier than November 21, 2019 (150 calendar days prior to the anniversary of the filing date of this definitive proxy statement) and no later than December 21, 2019 (120 calendar days prior to the anniversary of the filing date of this definitive proxy statement). A stockholder's notice shall include the information required by our amended and restated bylaws. A copy of the full text of our amended and restated bylaws is available in the investor relations section of our website at www.netgear.com. Proposals or nominations should be sent to our Corporate Secretary, c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134.

Stockholder Communications to Directors

Stockholders may communicate directly with any of our directors by writing to them c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. Unless the communication is marked "confidential," our Corporate Secretary will monitor these communications and provide appropriate summaries of all received messages to the Chairperson of our Nominating and Corporate Governance Committee. Any stockholder communication marked "confidential" will be logged as "received" but will not be reviewed by the Corporate Secretary. Such confidential correspondence will be immediately forwarded to the Chairperson of the Nominating and Corporate Governance Committee for appropriate action. Where the nature of a communication concerns questionable accounting or auditing matters, such communication will be directed to the Audit Committee and our Corporate Secretary will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in the Company's records.

Vote Required and Board of Directors' Recommendation

A nominee receiving a greater number of votes “for” his or her election than votes “against” such election will be elected as a director. Pursuant to our Bylaws and our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes “against” his or her election than votes “for” such election shall submit his or her offer of resignation for consideration by our Nominating and Corporate Governance Committee and our Board of Directors. The election of directors pursuant to this proposal is an uncontested election, and therefore, this majority voting standard applies. Our Board of Directors has unanimously approved each of the director nominees listed above and recommends that stockholders vote “FOR” the election of these nominees.

Board and Committee Meetings

Our Board of Directors held a total of twelve meetings during 2018. In addition, we strongly encourage the attendance of members of our Board of Directors at the annual meeting. At the 2018 Annual Meeting of Stockholders, all of our directors attended in person.

There are no family relationships between any director or executive officer. Our Board of Directors has standing Audit, Compensation, Cybersecurity, and Nominating and Corporate Governance Committees. Other than Mr. Lo, each member of our Board of Directors meets the applicable independence standards and rules of both the Nasdaq Stock Market and the Securities and Exchange Commission.

In 2018, all of our directors attended 100% of the meetings of our Board of Directors and any applicable committee on which they served while they were members of our Board of Directors or the applicable committee.

A copy of our current amended and restated Audit Committee charter is available in the investor relations section of our website at www.netgear.com. Our Board of Directors has determined that at least one member of the Audit Committee is an “audit committee financial expert,” as defined in the rules of the Securities and Exchange Commission. None of the members of the Audit Committee is an employee of NETGEAR. Ms. Scherer currently serves as Chair of our Audit Committee.

Compensation Committee

Our Board of Directors first adopted a written charter for the Compensation Committee in August 2000. A copy of our current amended and restated Compensation Committee charter is available in the investor relations section of our website at www.netgear.com. Our Board of Directors has determined that all members of the Compensation Committee meet the non-employee director definition of Rule 16b-3 promulgated under Section 16 of the 1934 Act and the independence standards of the applicable Nasdaq Marketplace Rules. The Compensation Committee may form and delegate authority to subcommittees (consisting solely of Compensation Committee members) when appropriate. Mr. Waechter currently serves as Chair of our Compensation Committee.

Nominating and Corporate Governance Committee

Our Board of Directors formed a Nominating and Corporate Governance Committee and adopted its written charter in April 2004. A copy of our current amended and restated Nominating and Corporate Governance Committee charter is available in the investor relations section of our website at www.netgear.com. Policy for Director Recommendations and Nominations

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by members of our Board of Directors, management and stockholders. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders who have provided the following written information: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual Board members or management.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our amended and restated bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting (either for inclusion in our proxy statement via "proxy access" or not for inclusion in our proxy statement), is described above in the section entitled "General Information - Deadline for Receipt of Stockholder Proposals or Director Nominations for 2020 Annual Meeting."

Where the Nominating and Corporate Governance Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating and Corporate Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management. In its evaluation of director candidates, including the members of our Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee considers, among other factors:

- the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board; and

- such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and actual or potential conflicts of interest.

With respect to diversity, the Nominating and Corporate Governance Committee also focuses on various factors such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

In connection with its evaluation, the Nominating and Corporate Governance Committee determines whether it will interview potential nominees. After completing the evaluation and review, the Nominating and Corporate Governance Committee may nominate the nominee(s) for election to our Board of Directors.

Corporate Governance Policies and Practices

We maintain a corporate governance page in the investor relations section of our website at www.netgear.com. This website includes, among other items, profiles of all of our directors and officers, charters of each committee of the Board, our corporate governance guidelines, our code of ethics, the information regarding our whistleblower policy, and our director and officer stock ownership guidelines.

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the Nasdaq Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

A majority of the members of the Board are independent directors, as defined by the Nasdaq Marketplace rules.

Independent directors do not receive consulting, legal or other fees from us other than standard Board and Committee compensation.

Mr. Waechter serves as the lead independent outside director.

The independent directors of the Board meet regularly without the presence of management.

The Board has adopted a code of ethics that is applicable to all of our employees, officers and directors. This code is intended to deter wrongdoing and promote ethical conduct. Directors, officers and employees are required to complete annual surveys relating to their knowledge of any violation of legal requirements or the code of ethics, including any violations of our anti-corruption compliance policy. We will post any amendments to, or waivers from, our code of ethics on our website.

Directors stand for re-election every year. Pursuant to our Bylaws and our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes “against” his or her election than votes “for” such election shall submit his or her offer of resignation for consideration by our Nominating and Corporate Governance Committee and our Board of Directors.

The Audit, Compensation, and Nominating and Corporate Governance Committees each consist entirely of independent directors.

The charters of the Board committees clearly establish their respective roles and responsibilities.

At least annually, the Board reviews our business initiatives, capital projects and budget matters.

The Audit Committee reviews and approves all related party transactions.

The Board has implemented a process of periodic self-evaluation of the Board and its Committees.

As part of our Whistleblower Policy, we have made a “whistleblower” hotline available to anyone, including all employees, for anonymous reporting of financial or other concerns. The Audit Committee receives directly, without management participation, all hotline activity reports, including complaints on accounting, internal controls or auditing matters.

Directors are encouraged to attend our annual meeting. While their attendance was not required, all of our directors attended the 2018 Annual Meeting of Stockholders in person.

Directors and officers are encouraged to hold and own common stock of the Company to further align their interests and actions with the interest of our stockholders, pursuant to our director and officer stock ownership guidelines.

Under our insider trading policy, directors and employees, including our executive officers, are prohibited from hedging or pledging of the Company's securities and from investing in derivatives of the Company's securities.

Related Party Transactions

Review, approval or ratification of transactions with related parties

We, or one of our subsidiaries, may occasionally enter into transactions with certain “related parties.” Related parties include our executive officers, directors, nominees for directors, or 5% or more beneficial owners of our common stock and immediate family members of these persons. We refer to transactions in which the related party has a direct or indirect material interest as “related party transactions.” Each related party transaction must be reviewed and approved by the Audit Committee of the Board of Directors prior to the entering into of such transaction.

The Audit Committee considers all relevant factors when determining whether to approve a related party transaction including, without limitation, the following:

the extent of the related party's interest in the related party transaction;

the aggregate value of the related party transaction;

the benefit to the Company; and

whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

2018 Related Party Transactions

We have determined that there were no related party transactions to disclose in 2018.

Stockholder Engagement

We believe that effective corporate governance should include regular, constructive conversations with our stockholders. We value our stockholders' continued interest and feedback, and we are committed to maintaining an active dialogue to ensure that we understand our stockholders' priorities and concerns, particularly with respect to our executive compensation practices and corporate governance policies. We endeavor to be accessible to our stockholders to address questions and concerns as they arise, as well as to pro-actively conduct outreach efforts. In 2018, we were particularly active in our stockholder outreach efforts in connection with our Board's decision, announced in February 2018, to pursue a separation of the Arlo business from NETGEAR. The separation was effected through the contribution of the business, assets and liabilities constituting our Arlo business to a newly formed subsidiary, Arlo Technologies, Inc. ("Arlo"). An initial public offering of newly issued shares of the common stock of Arlo followed in August 2018 (the "Arlo IPO"), and on December 31, 2018, NETGEAR completed a distribution of the shares of Arlo common stock then held by NETGEAR to NETGEAR's stockholders in a manner generally intended to qualify as tax-free to NETGEAR's stockholders for U.S. federal income tax purposes (the "Arlo Spin-Off"). At key stages in this process, the Company engaged in substantial communications and numerous meetings with many of its significant stockholders to discuss the rationale for this transaction.

Additional examples of recent outcomes from these stockholder engagement efforts include:

our Board's decision to pro-actively adopt amendments to our Bylaws and our corporate governance guidelines in 2018 to implement a more robust majority voting policy for uncontested director elections;

our Board's decision to pro-actively propose amendments to our Certificate of Incorporation and Bylaws at our 2017 Annual Meeting to allow stockholders to request special stockholder meetings in certain circumstances;

the final design of our 2016 Equity Incentive Plan, on which we sought specific input from many of our largest institutional stockholders in advance of our 2016 Annual Meeting, where stockholders approved this new equity plan by a significant margin;

our Board's decision to pro-actively adopt amendments to our Bylaws in 2016 to implement proxy access, following input from a number of our large institutional stockholders; and

our Board's decision to pro-actively propose amendments to our Certificate of Incorporation and Bylaws at our 2015 Annual Meeting to eliminate supermajority stockholder vote requirements and replace them with majority vote requirements.

In addition, as described further under Compensation Discussion and Analysis below, the results of our annual say-on-pay advisory votes have demonstrated consistent and significant support for our approach to executive compensation. We also consistently receive positive feedback from institutional stockholders regarding our corporate governance policies and practices.

Board Leadership Structure

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading any discussion about the Company's business. Given Mr. Lo's history as a co-founder of the Company, the Board believes this rationale is particularly strong. The Board and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and from industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with a lead independent director having the duties described below, is in the best interest of

stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Table of Contents

Lead Independent Director

Mr. Waechter has served as the lead independent director since January 2019. As the lead independent director, Mr. Waechter has the responsibility of presiding at all executive sessions of the Board, consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, presiding over any portions of Board meetings at which the evaluation or compensation of the Chief Executive Officer is presented or discussed, presiding over any portions of Board meetings at which the performance of the Board is presented or discussed, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive Officer and advising him or her on the efficiency of the Board meetings, and facilitating teamwork and communication between the non-management directors and management.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks related thereto. The Company's Compensation Committee is generally responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. The Cybersecurity Committee oversees the Company's management of risks associated with enterprise cybersecurity and related matters. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. In addition, the Company has a Risk Committee that reports to the Board at least annually regarding its findings on enterprise risk and the Company's management of this risk. The Risk Committee is led by the Company's internal audit team and is composed of department heads and leaders across the Company. The Risk Committee meets on a regular basis and reviews enterprise risk across the Company's various functional groups.

PricewaterhouseCoopers LLP served in this capacity for the year ended December 31, 2018. A representative of PricewaterhouseCoopers LLP will be present at the annual meeting and will have the opportunity to make a statement if he or she desires to do so and be available to answer any appropriate questions.

Before selecting and prior to determining to continue its engagement for 2019 with PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP's qualifications as an independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the Securities and Exchange Commission's rules on auditor independence, including the nature and extent of non-audit services, to ensure that the auditors' independence will not be impaired. The Audit Committee pre-approves all audit and non-audit services provided by PricewaterhouseCoopers LLP, or subsequently approves non-audit services in those circumstances where a subsequent approval is necessary and permissible. All of the services provided by PricewaterhouseCoopers LLP described under "Audit-Related Fees," "Tax Fees," and "All Other Fees" were pre-approved

Vote Required and Board of Directors' Recommendation

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our amended and restated bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our Audit Committee and Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this report of the Audit Committee of our Board of Directors shall not be deemed “filed” with the Securities and Exchange Commission or “soliciting material” under the 1934 Act, and shall not be incorporated by reference into any such filings.

The Audit Committee, which currently consists of Barbara V. Scherer (Chair), Bradley L. Maiorino and Julie A. Shimer, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. Our Board of Directors first adopted a written charter for the Audit Committee in September 2000 and most recently amended it in April 2017, which details the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee oversees NETGEAR's financial reporting process on behalf of our Board of Directors. NETGEAR's management has the primary responsibility for the financial statements and reporting process, including NETGEAR's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2018. This review included a discussion of the quality and the acceptability of NETGEAR's financial reporting and internal control over financial reporting, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with NETGEAR's independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of NETGEAR's audited financial statements with U.S. generally accepted accounting principles ("GAAP"), their judgments as to the quality and the acceptability of NETGEAR's financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States, including those described in Auditing Standard No. 1301, "Communications with Audit Committees," as adopted and as may be amended from time to time by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm such auditors' independence from management and NETGEAR, including the matters in such written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee further discussed with NETGEAR's independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss any significant matters regarding internal control over financial reporting that have come to their attention during the audit, and to discuss the overall quality of NETGEAR's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under “Management's Discussion and Analysis of Financial Condition and Results of Operations” be included in the Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the Securities and Exchange Commission on February 22, 2019.

Respectfully submitted by:

THE AUDIT COMMITTEE

PROPOSAL THREE

APPROVAL OF NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for NETGEAR and our stockholders. This proposal gives our stockholders the opportunity to cast an advisory vote to approve compensation to our Named Executive Officers set forth in the Summary Compensation Table.

Our executive compensation programs aim to address a number of objectives, such as attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating our Named Executive Officers to achieve returns for our stockholders. We believe our compensation program is strongly aligned with the long-term interests of our stockholders. Furthermore, we believe that the various elements of our executive compensation program combine to promote our goal of ensuring that total compensation should be related to both NETGEAR's performance and individual performance.

We urge you to carefully read the Compensation Discussion and Analysis ("CD&A") section of this proxy statement for additional information regarding our executive compensation, including our compensation philosophy and objectives, and the 2018 compensation of the Named Executive Officers. The following highlights important aspects of executive compensation with respect to our Named Executive Officers in fiscal year 2018:

• Approximately 86% of total target compensation for our Named Executive Officers is variable and tied to achievement of internal performance targets or Company performance;

• We granted long-term equity awards that link the interests of our Named Executive Officers with those of our stockholders, including stock options that generally vest over four years and only increase in value with an increase in the market price of our common stock, restricted stock units that generally vest over four years and, in certain cases, performance-based restricted stock units that only start to vest upon the achievement of specific corporate goals;

• Named Executive Officers are not entitled to any tax gross-up treatment on any severance, change-of-control benefits or other benefits; and

• We have clawback provisions for the executive bonus plan for Named Executive Officers and stock option and restricted stock unit award agreements for Named Executive Officers.

We request stockholder approval of the compensation of our Named Executive Officers as disclosed pursuant to the requirements of Section 14A of the 1934 Act and the Securities and Exchange Commission's compensation disclosure rules (which disclosure includes the CD&A, the compensation tables and the narrative disclosures that accompany the compensation tables). Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure."

Vote Required and Board of Directors' Recommendation

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for Named Executive Officers. The Company intends to conduct an advisory vote to approve the Company's executive compensation annually. The next such vote would be conducted at our 2020 Annual Meeting of Stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the approval of the compensation of our Named Executive Officers.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This Compensation Discussion and Analysis provides information about our executive compensation philosophy, the principles that govern our executive compensation program, the key elements of the 2018 executive compensation program for our Named Executive Officers, or NEOs, and how and why our independent Compensation Committee determined the compensation elements that comprised our 2018 executive compensation program. Our NEOs for 2018, which include our principal executive officer, each individual who served as our principal financial officer during the year, and our three other most highly compensated executive officers, were:

- Patrick C.S. Lo, Chairman and Chief Executive Officer;
- Bryan D. Murray, Chief Financial Officer (since August 2018);
- Michael F. Falcon, Chief Operations Officer;
- Andrew W. Kim, Senior Vice President of Corporate Development, General Counsel and Corporate Secretary;
- Michael A. Werdann, Senior Vice President of Worldwide Sales; and
- Christine M. Gorjanc, Former Chief Financial Officer (until August 2018).

In February 2018, our Board announced its decision to pursue a separation of the Arlo business from NETGEAR. The separation was effected through the contribution of the business, assets and liabilities constituting our Arlo business to a newly formed subsidiary, Arlo Technologies, Inc. ("Arlo"). An initial public offering of newly issued shares of the common stock of Arlo followed in August 2018 (the "Arlo IPO"), and on December 31, 2018, NETGEAR completed a distribution of the shares of Arlo common stock then held by NETGEAR to NETGEAR's stockholders in a manner generally intended to qualify as tax-free to NETGEAR's stockholders for U.S. federal income tax purposes (the "Arlo Spin-Off").

Effective August 2, 2018, Ms. Gorjanc transitioned to become the Chief Financial Officer of Arlo, and Mr. Murray, NETGEAR's former Vice President of Finance and an employee of NETGEAR since 2001, became the Chief Financial Officer of NETGEAR. Compensation decisions regarding Ms. Gorjanc from August 2018 through the end of the year were made solely by Arlo's Compensation Committee, independent of NETGEAR.

From the time of the Arlo IPO until the Arlo Spin-Off, NETGEAR owned approximately 84.2% of Arlo's outstanding common stock. In addition, as discussed in more detail below, employee holders of NETGEAR stock options and restricted stock units granted before the Arlo IPO, including our NEOs, generally received additional Arlo stock options and Arlo restricted stock units at the time of the Arlo Spin-Off based on a formula agreed upon between NETGEAR and Arlo. As such, certain information in this Compensation Discussion and Analysis and in the Executive Compensation Tables that follow includes Arlo-related compensation and Arlo equity awards. The importance of the Arlo separation, IPO and Spin-Off process to the Company and its stockholders, as well as the substantial associated effort and expense undertaken by the Company, was reflected in a number of key compensation decisions and incentives made by the Company in 2018.

Compensation Overview

Our independent Compensation Committee makes compensation decisions for our executive officers. The Compensation Committee recognizes our need to retain our NEOs and to motivate them to meet or exceed short-term goals and long-term objectives, while also creating sustainable long-term value for our stockholders. Accordingly, we designed an executive compensation program for 2018 that tied a substantial portion of the NEOs' compensation directly to achievement of rigorous performance objectives over a sustained period. We believe the compensation program for our NEOs is instrumental in driving our focus on this long-term growth and strong financial performance, particularly because our approach placed a significant percentage of their compensation at-risk and correspondingly rewarded them when they achieved objectives and delivered stockholder value.

The compensation of our NEOs consists of three main elements:

- base salary and benefits;
- annual cash incentive compensation; and
- long-term incentive compensation, in the form of restricted stock units, or RSUs, and stock options.

Table of Contents

Compensation is based on overall company performance as well as individual performance. We seek to position total compensation for Named Executive Officers at or near the median for our Peer Group, as identified below. We believe all of these factors help us achieve total compensation for our Named Executive Officers that is fair, reasonable and competitive.

For 2018, our NEOs received payments under our annual cash incentive plan based on the Company's 2018 financial results, and certain NEOs also received discretionary retention bonuses in recognition of their efforts to timely complete the Arlo IPO and the Arlo Spin-Off. We also granted both option awards and restricted stock unit awards to our NEOs. The charts below depict the total target direct compensation for our Chief Executive Officer and for our other NEOs as a group, based on their 2018 base salaries, target annual cash incentive opportunities and grant date fair value of equity awards (not value actually received), as reported in the applicable Executive Compensation Tables following this Compensation Discussion and Analysis:

2018 Financial and Operational Highlights

We are a global networking company that delivers innovative products to consumers, businesses and service providers. We remain committed to pursuing profitable growth opportunities in each of our Connected Home and Small and Medium Business segments, while simultaneously maintaining financial discipline and driving innovation through continual investment in research and development. We also have maintained a strong balance sheet and continue to closely manage our expenses, inventory and cash. In 2018, we achieved several notable financial and operational results (financial results are shown on a continuing operations basis, excluding Arlo):

- Net revenue grew to \$1.06 billion, an increase of 1.9% compared to 2017;
- GAAP operating margin of 3.7% for 2018, compared to 4.1% for 2017;
- GAAP net income per diluted share from continuing operations of \$0.52, compared to net loss per diluted share from continuing operations of \$0.35 in 2017;
- Completion of the Arlo IPO and the Arlo Spin-Off;
- Several successful product introductions in multiple growth categories across our product portfolio;
- Share gain in key markets we serve by providing truly innovative solutions that set us apart from our competition; and
- Significant return of capital to stockholders through continuation of the Company's stock repurchase program.

General Compensation Philosophy

We compete in an aggressive and dynamic industry and, as a result, we believe that hiring, motivating and retaining quality employees, particularly senior managers, sales personnel and technical personnel, are critical factors to our future success.

Our compensation programs aim to address a number of objectives, including attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating management to achieve returns for our stockholders. The Compensation Committee, as well as our Board of Directors, does not believe that our compensation policies encourage excessive risk taking by our executives or employees. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Our executive compensation program impacts all of our employees by setting general levels of compensation and helping to create an environment of goals, rewards

Table of Contents

and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team in attaining key short-term and long-term operating objectives, such as growth of sales, operating margins and earnings per share, market share, long-term competitive advantage and, ultimately, in attaining and sustaining an increased market price for our common stock. We believe that the performance of our executives in managing the Company, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will reflect our operating performance over the long-term, and ultimately, the management of the Company by our executives. We annually hold a stockholder advisory vote to approve the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our NEOs at our 2018 Annual Meeting, where approximately 87% of stockholder votes cast were in favor of our say-on-pay resolution. As we evaluated our compensation practices and talent needs throughout 2018, we also were mindful of the strong support our stockholders expressed at our 2017 Annual Meeting, where approximately 92% of stockholder votes cast also were in favor of our say-on-pay resolution. As discussed above under “Proposal One - Stockholder Engagement,” we greatly value regular input from our stockholders, particularly with respect to our executive compensation practices. Consistent with this commitment to engagement, communication and transparency, the Compensation Committee continues to regularly review our executive compensation program to ensure alignment between the interests of our executives and our stockholders. The Compensation Committee considered the results of these recent say-on-pay votes, investor input and current market practices. As a result, our Compensation Committee retained our philosophy of linking compensation to our operating objectives and the enhancement of stockholder value, and continued our general approach to executive compensation, with an emphasis on short and long-term incentive compensation that rewards our most senior executives when they help deliver on our objectives.

Designing a Competitive Compensation Package

Recruitment and retention of our Named Executive Officers and other executive management require a competitive compensation package. Our Compensation Committee has the responsibility for evaluating the executive compensation plans, policies, and programs and making such recommendations or changes as it deems appropriate. Our Compensation Committee's approach emphasizes fixing total compensation for executives, which consists of base salary and benefits, annual cash incentive and long-term incentive awards, at or near the median of our peer group (the “Peer Group”). For 2018 compensation comparison purposes, the Peer Group was reviewed and updated in the first half of 2018 by Frederic W. Cook & Co., Inc., the Compensation Committee's independent compensation consultant, with input from our Chief Executive Officer and our Compensation Committee. The 2018 updates to our Peer Group relative to 2017 included removing ARRIS International plc (substantially more revenue than the Company), Brocade Communications Systems, Inc. (acquired) and Quantum Corp. (substantially less revenue than the Company). The 2018 updates also included adding three new companies, EchoStar Corporation, Lumentum Holdings Inc. and Oclaro, Inc., all of which met the objective size and industry criteria as well as other factors that the compensation Committee deemed relevant. The Peer Group for 2018 consists of 16 U.S. publicly traded companies from the computer peripheral and communications equipment industries of relatively similar annual revenue and market capitalization as compared to us:

ADTRAN, Inc.	Infinera Corp.
Ciena Corporation	Logitech International S.A.
Cray Inc.	Lumentum Holdings Inc.
EchoStar Corporation	Oclaro, Inc.
Extreme Networks, Inc.	Plantronics, Inc.
F5 Networks, Inc.	Super Micro Computer, Inc.
Finisar Corp.	ViaSat, Inc.
Fortinet, Inc.	Viavi Solutions Inc.

For companies within the Peer Group, the median annual revenue at the time of the last review was approximately \$1.2 billion, and the median market capitalization was approximately \$2.1 billion. Relative to the Peer Group, the Company ranked at approximately the 45th percentile by revenue and at the 40th percentile by market capitalization. Each element of compensation as well as total compensation are quantified and reviewed to determine the Company's competitiveness compared to the Peer Group. Precise comparisons of some forms of compensation are not possible due to lack

Table of Contents

of data or different valuation approaches for compensation that is contingent, of uncertain duration or not dollar or share-based. Therefore, certain comparisons are based on observations generally rather than comparison survey data. In determining the appropriate individual compensation levels for Named Executive Officers, the Compensation Committee considers the Peer Group compensation data as well as the individual's tenure, experience, skills, and individual and Company performance. Compensation levels for all Named Executive Officers, except our CEO, are developed by the Compensation Committee in consultation with our CEO and an independent third-party compensation consultant. The Compensation Committee engages in an active dialogue with our CEO concerning the Company's strategic objectives and performance targets. The Compensation Committee reviews the appropriateness of the financial measures used in the incentive plans and the degree of difficulty in achieving specific performance targets. The Compensation Committee also reviews with our CEO the individual responsibilities, abilities and objectives achieved in the prior year for each of the Named Executive Officers. In the case of the CEO, the Compensation Committee develops its own recommendation with the assistance of its independent compensation consultant in executive session without the CEO, or any other member of management, present. The Compensation Committee then independently reviews and approves the compensation for Named Executive Officers and other executive officers.

Compensation Committee Consultant

The Compensation Committee engaged Frederic W. Cook & Co., Inc., an independent third-party compensation consulting firm, to assist in updating the Peer Group in 2018 and in gathering general industry compensation data. The consultant reports directly to the Compensation Committee but was authorized by the Compensation Committee to work with certain executive officers and employees of the Company. In order to determine and confirm independence, the consultant completes an independence questionnaire provided by the Company. In addition, each director and executive officer of the Company completes an annual questionnaire which includes questions which ask about any actual or potential conflicts or relationship between such individual and the consultant. The consultant conducts regular reviews of total compensation of the Named Executive Officers and members of the Board. The consultant also provides advice with respect to other executive and Board compensation issues that might arise during the year, but otherwise provides no other services to the Company.

Setting the Pay Mix**Total Compensation**

The Compensation Committee emphasizes performance-based compensation, which includes elements dependent directly on results, for our executive team. Target total compensation (i.e., base salary, annual cash incentive and long-term incentive) is generally targeted at or near the median total compensation of the Peer Group for Named Executive Officers. Comparing the elements of total target compensation for 2018, base salary comprises approximately 14%, target annual incentive compensation approximately 11%, and long-term incentive compensation approximately 75% of the pay mix. However, we do not have a formal policy allocating between cash and non-cash compensation or between each element of compensation.

Base Salary

We generally target base salaries for Named Executive Officers at or near the median of the Peer Group to facilitate a competitive recruitment and retention strategy, with individual variations based on job scope, tenure, retention risk and other factors relevant to the Compensation Committee. Our Compensation Committee uses its judgment to set individual target compensation higher or lower than the Peer Group median based on performance, scope/strategic impact of role, retention and internal equity. Increases in base salary reflect assessed performance, providing a performance link to this fixed compensation. Base salaries are generally reviewed and approved by the Compensation Committee during the second quarter of the year. Accordingly, the Compensation Committee reviewed and determined base salaries for Named Executive Officers to be effective as of July 2, 2018, except for Mr. Lo, whose salary increase was effective as of January 1, 2019 (consistent with our prior practice). As a result of Ms. Gorjanc's planned transition to become CFO of Arlo in mid-2018, the Compensation Committee did not review, nor consider an increase in, her salary in 2018. Arlo continued to pay her approximately the same salary for the remainder of 2018 following her transition. The following lists the Named Executive Officer base salary increases approved in 2018:

NEO	Updated Base Salary	Percentage Increase	Effective Date
-----	---------------------	---------------------	----------------

Edgar Filing: NETGEAR, INC - Form DEF 14A

Patrick C.S. Lo	\$921,850	3.00%	January 1, 2019
Bryan D. Murray	\$366,116	10.00%	July 2, 2018
Michael F. Falcon	\$431,983	3.50%	July 2, 2018
Andrew W. Kim	\$446,985	5.00%	July 2, 2018

Christine M. Gorjanc	\$556,500	—%	N/A

Table of Contents

Each reviewed NEO received a base salary increase in the range of 3% to 5%, other than Mr. Murray, who received an increase of 10%. Mr. Murray's larger percentage increase was due to his anticipated promotion to CFO of NETGEAR in mid-2018 and an effort to better align his base salary with Peer Group medians for comparable executive positions.

Annual Incentive Compensation

2018 Target Cash Bonus. Our Named Executive Officers, other than Mr. Werdann, participate under our executive bonus plan and are eligible to receive a cash bonus primarily based upon the level of non-GAAP operating income achieved by the Company relative to a target established at the beginning of the period. In 2018, due to the anticipated timing of the Arlo IPO at approximately the mid-point of the year, the Compensation Committee approved splitting the executive bonus plan targets and payments into the first half of 2018 and the second half of 2018. Although the Company has historically only used an annual plan for executives, the Compensation Committee felt that the unusual corporate circumstances in 2018 justified a temporary departure from this practice as a means to better align incentives for NETGEAR and Arlo as a combined company during the first half of the year and for NETGEAR as a functionally separate stand-alone entity during the second half of the year.

We believe that non-GAAP operating income is an appropriate measure, as this indicates profitable revenue growth and generally reflects achievement of some of our shorter term objectives for growth in sales, operating margins and earnings per share, and market share. Non-GAAP operating income is equal to our GAAP operating income after excluding amortization of intangible assets, stock-based compensation expense, restructuring and other charges, acquisition-related expense, impact to cost of sales from acquisition accounting adjustments to inventory, litigation reserves, goodwill impairment charges and intangibles impairment charges.

Under the 2018 executive bonus plan, the target bonus amounts for our CEO, CFO and other participating executive officers were 115%, 75% and 60% of their respective average base salaries for each half of the year. Bonus amounts for these executive officers would become eligible to be paid based upon the Company achieving a minimum threshold amount of approximately \$39.5 million in non-GAAP operating income for the first half of 2018, and \$38.0 million in non-GAAP operating income for the second half of 2018, in each case as measured before bonus expense. If non-GAAP operating income exceeded these thresholds in the applicable period, then a bonus of 30% of an individual's target bonus would become eligible to be earned, subject to other bonus plan conditions. If the Company exceeded a secondary target of approximately \$49.5 million in non-GAAP operating income for the first half of 2018 and \$49.5 million in non-GAAP operating income for the second half of 2018, in each case as measured before bonus expense, then in each applicable period 50% of amounts in excess of this target would be contributed to an additional bonus pool until the bonus pool reached a sufficient level to fund the target bonus amounts for participants in the plan. The first half of 2018 targets included the combined financial performance of NETGEAR's and Arlo's businesses, while the second half of 2018 targets only included NETGEAR's stand-alone financial performance. If there was additional non-GAAP operating income beyond the amount required to fully fund the target bonus amounts in each period, then 50% of such excess amount also would be contributed to the bonus pool, subject to reaching a level sufficient to pay maximum bonus amounts. The maximum bonus amount payable under the bonus plan was 150% of an individual's target bonus amount, or 172.5%, 112.5% and 90% of the respective average base salaries for each half of the year of our CEO, CFO, and other participating executive officers.

The tables below shows the 2018 target bonus amounts for each participating NEO as a percentage of base salary and as a corresponding cash amount, divided into the first and second halves of 2018:

NEO	Target 1H Bonus as a % of 1H Salary	Target 1H 2018 Bonus as a Cash Amount
Patrick C.S. Lo	115%	\$514,625
Bryan D. Murray (*)	50%	\$83,208
Michael F. Falcon	60%	\$125,213
Andrew W. Kim	60%	\$127,710
Christine M. Gorjanc	75%	\$208,688

(*) For the first half of 2018, Mr. Murray served as Vice President, Finance, and participated in the Company's non-executive bonus plan with a target bonus equal to 50% of his first-half salary.

Table of Contents

(+) For the second half of 2018, Ms. Gorjanc served as CFO of Arlo and participated in Arlo's bonus plan. Arlo's bonus plan was independently managed by Arlo's Board of Directors, without input by NETGEAR.

We believe that these non-GAAP operating income targets were set at appropriate levels based on market and industry expectations at that time and our applicable 2018 operating plan reviewed and approved by our Board of Directors, and that each was achievable and not unrealistic. In addition, once the eligible bonus is determined based upon the level of annual non-GAAP operating income achieved, the Compensation Committee also has discretion to reduce such bonus based upon the executive's achievement of his or her individual annual objectives or other factors that the Compensation Committee deems relevant. Consistent with our approach, the Peer Group market data generally results in target annual incentive cash bonus amounts being separated into three tiers, namely one for the Chief Executive Officer, one for the Chief Financial Officer and one for the other Named Executive Officers.

2018 Cash Incentive Plan Bonus Payments.

The Company achieved non-GAAP operating income of \$66.1 million for the first half of 2018 and non-GAAP operating income of \$65.9 million for the second half of 2018, measured before bonus expense and excluding identifiable headcount, transition services and outside costs associated with the Arlo IPO and Arlo Spin-Off process. The Company's first half of 2018 results included the combined financial performance of NETGEAR's and Arlo's businesses, while the second half of 2018 results only included NETGEAR's stand-alone financial performance. Based on these amounts exceeding the executive bonus plan targets, an executive bonus pool was preliminarily calculated in an amount that would permit the Compensation Committee to pay our participating NEOs bonuses equal to approximately 88% of their target bonuses with respect to the first half of 2018 and approximately 109% of their target bonuses with respect to the second half of 2018, subject to other bonus plan conditions. The Compensation Committee reviewed these amounts and confirmed that they believed them to be appropriate, without any adjustment. As a result, pursuant to the terms of the 2018 executive bonus plan and our Compensation Committee's determination of final bonus amounts, our Named Executive Officers, other than Mr. Werdann, received bonus payments equal to approximately 88% of their target bonuses for the first half of 2018, and our Named Executive Officers, other than Mr. Werdann and Ms. Gorjanc, received bonus payments equal to approximately 109% of their target bonuses for the second half of 2018. As noted above, Ms. Gorjanc participated in Arlo's bonus plan for the second half of 2018. Arlo's bonus plan was independently managed by Arlo's Board of Directors, without input by NETGEAR and without relation to NETGEAR's non-Arlo financial results. The tables below summarize the target and total cash bonuses paid to our participating NEOs for each half of 2018:

NEO	Target 1H 2018 Cash Incentive Compensation	Total 1H 2018 Cash Incentive Compensation Paid

2018 Retention Bonus Payments. In 2018, the Compensation Committee also approved discretionary cash retention bonuses for a significant number of employees in recognition of their efforts to timely complete the Arlo IPO and the Arlo Spin-Off. Three of our NEOs earned this category of bonus in 2018 as a result of their extensive involvement

with these transactions:

Andrew W. Kim	\$127,710

Mr. Werdann's discretionary retention bonus listed above was partially in recognition of his 20 years of service to NETGEAR, in addition to his role in facilitating the Arlo IPO and the Arlo Spin-Off.

2018 Sales Commission Plan for Mr. Werdann. As our Senior Vice President of Worldwide Sales, Mr. Werdann received payments under a sales commission plan instead of our executive bonus plan for 2018. Mr. Werdann's overall cash compensation package is structured to provide him with a targeted 60%/40% split between base salary and sales commissions. As a result, Mr. Werdann's annual aggregate sales commissions are targeted as an amount equal to approximately 67% of his fiscal year base salary. The 2018 sales commission plan for Mr. Werdann was based upon a modified measure of profit contribution achieved by the Company, measured on a quarterly basis, with a target objective derived from the Company's 2018 annual operating plan approved by our Board of Directors at the beginning of 2018. Profit contribution is calculated for the worldwide business under Mr. Werdann's sales leadership and is comprised of point of sale revenue or net shipments, less related marketing spending. The aggregate Company profit contribution target for 2018 was over \$1.23 billion. The sales commission plan also provides for the ability of Mr. Werdann to earn additional commissions for overachieving above the target measure of profit contribution, calculated as up to three times the percentage by which actual achievement exceeds the target, calculated on a semi-annual basis. There also is a cap on the dollar amount of commissions that may be earned under the 2018 sales commission plan, set at 200% of total target earnings (salary and commissions). The amount of the earned commission is paid on a monthly basis, based on achievement to-date of quarterly targets. Mr. Werdann's achievement against his sales commission plan ranged from approximately 93% to 102% for the four quarterly periods in 2018. The table below shows the 2018 target sales commission amount for Mr. Werdann as a percentage of base salary and as a corresponding cash amount:

NEO	Target Sales Commissions as a Percentage of Salary	Target 2018 Sales Commissions as a Cash Amount
Michael A. Werdann	67%	\$318,274

Long-Term Incentive Compensation

2018 Equity Awards. We have provided long-term incentives through our 2003 Stock Plan, our Amended and Restated 2006 Long-Term Incentive Plan ("2006 Plan") and our 2016 Equity Incentive Plan ("2016 Plan"). Equity grants have been granted in the past under these plans to provide additional incentive to Named Executive Officers to maximize long-term total return to our stockholders. We generally provide an initial grant upon employment commencement and subsequent smaller annual refresh grants. We may grant a mixture of equity grants, including stock options and restricted stock units. Our equity awards generally vest over four years to retain executives and to reward long-term performance. We believe that equity grants are a particularly strong incentive, because they increase in value to our employees as the fair market value of our common stock increases. In the case of restricted stock units, which have immediate underlying value, such awards also provide a retention benefit over the vesting period of the awards. While the annual incentive plan might focus on achievement of shorter-term objectives related to Company performance, we believe equity awards to our Named Executive Officers provide an incentive to reach some of our longer-term objectives and metrics, such as building on our long-term competitive advantages and increasing the market value of our common stock over time.

With respect to the size of the equity awards granted to our Named Executive Officers, the Compensation Committee primarily relies on input from two sources to determine the amount of equity awards to be granted: research from the Compensation Committee consultant and input from our Chief Executive Officer. The Compensation Committee also reviews the then-current status of equity awards available for grant under our equity plan for the current year as well as for the foreseeable future. In addition, the Compensation Committee considers relevant factors, including without limitation the executive's position, the executive's individual performance, the number of equity awards held (if any), the extent to which those equity awards are

Table of Contents

vested and market grant levels at our Peer Group. Our Chief Executive Officer also gives his input on the size of equity grants to be made to the NEOs, other than himself, with a review of the prior year's grants as the baseline starting point and such officer's individual performance for the year. Accordingly, by combining analysis of specific objective data (from both the Peer Group report and the status of equity awards available for grant) with subjective input from our Chief Executive Officer, the Compensation Committee determines an appropriate amount of equity awards to be granted for each Named Executive Officer for the current year.

Equity awards for our Named Executive Officers may be granted pursuant to written consent of the Compensation Committee but are typically granted during in-person meetings, which meetings are scheduled a year in advance to minimize the discretionary selection of grant dates and the appearance of granting options based on the timing of disclosure of material information to the public.

As part of the Company's annual compensation review in the first half of 2018, annual NETGEAR equity awards were made to the Named Executive Officers during this period. The Named Executive Officers received a combination of option and restricted stock unit awards. Other than for Mr. Murray, the number of shares subject to each of these types of NETGEAR awards was identical to the number of shares subject to awards granted to the same NEOs in 2017. However, during part of 2018, including the time frame when these NEO grants were made, the Company's stock price was substantially elevated compared to 2017. As a result, the grant date fair values of the 2018 NEO awards reflected in the tables below and in the "Executive Compensation Tables" section below are meaningfully higher than those made in 2017. When approving the increased equity grant values awarded to our NEOs, the Compensation Committee considered the importance of motivating and retaining our executives while pursuing a stretch business plan for 2018 as well as completing the contemplated Arlo separation.

In connection with his promotion to CFO of NETGEAR in August 2018, Mr. Murray received a NETGEAR stock option grant for 30,000 shares. In connection with her transition to CFO of Arlo and the Arlo IPO, Ms. Gorjanc received an Arlo stock option grant for up to 468,750 shares. Ms. Gorjanc's options to purchase Arlo common stock were granted by the Arlo Board of Directors, independently from NETGEAR. They have a ten-year contractual term and are performance based options that vest depending on satisfaction of service-based criteria, as established by the Arlo Board of Directors.

The numbers of shares subject to the annual stock options granted to our NEOs in 2018 were as follows:

NEO	Security	Shares Subject to Option (#)	Grant Date Fair Value (\$)
Patrick C.S. Lo	NTGR	115,000	\$2,372,254
Bryan D. Murray	NTGR	30,000	\$620,697
Michael F. Falcon	NTGR	25,000	\$515,708
Andrew W. Kim	NTGR	25,000	\$515,707
Michael A. Werdann	NTGR	18,000	\$371,309
Christine M. Gorjanc	NTGR	35,000	\$721,990
	ARLO	468,750	\$3,178,711

The above stock options, other than Ms. Gorjanc's Arlo stock options, vest over four years from grant, with 25% of the total award vesting on the first anniversary of the vesting commencement date and the remainder vesting in equal monthly amounts over the following three years.

The numbers of annual RSUs granted to our NEOs in 2018 were as follows:

NEO	RSUs (#)	Grant Date Fair Value (\$)
Patrick C.S. Lo	40,000	\$2,806,000
Bryan D. Murray	9,400	\$591,810
Michael F. Falcon	10,000	\$701,500
Andrew W. Kim	10,000	\$701,500
Michael A. Werdann	10,000	\$701,500
Christine M. Gorjanc	15,000	\$1,052,250

The above RSUs vest over four years from grant, with 25% of the total award vesting on each anniversary of the vesting commencement date.

In addition to the above annual RSUs, the Compensation Committee granted special performance-based RSUs to each of Mr. Falcon and Mr. Kim in July 2018, with the goal of motivating and rewarding their efforts to achieve a timely Arlo Spin-Off. The vesting of these RSUs, and their potential forfeiture, was linked to the timing of the achievement of the Arlo Spin-Off. If the Arlo Spin-Off occurred by July 31, 2019, then the full award would continue to vest according to the original four-year

Table of Contents

schedule. If the Arlo Spin-Off occurred between August 1, 2019 and July 31, 2020, then the first 25% installment of the award originally scheduled to vest on August 1, 2019 would be forfeited and the remaining 75% would vest on the subsequent anniversaries of the vesting start date. If the Arlo Spin-Off did not occur by July 31, 2020, then the full award would be forfeited. The numbers of these special performance-based RSUs granted to Mr. Falcon and Mr. Kim in 2018 were as follows:

NEO	RSUs (#)	Grant Date Fair Value (\$)
Michael F. Falcon	10,000	\$760,500
Andrew W. Kim	20,000	\$1,521,000

Because the performance condition of achieving the Arlo Spin-Off prior to July 31, 2019 was achieved, these performance-based restricted stock unit awards will vest in four equal annual installments with the first installment vesting on August 1, 2019, subject to the individual continuing to be a service provider through such dates.

Adjustments to NETGEAR Equity Awards due to the Arlo Spin-Off

In connection with the Arlo Spin-Off, all outstanding NETGEAR equity compensation awards were equitably adjusted to reflect the impact of the transaction. The adjustments to each type of award outstanding pursuant to the NETGEAR equity compensation plans was determined in accordance with the terms of the employee matters agreement between NETGEAR and Arlo, dated as of August 2, 2018 (the "employee matters agreement"), and are described below. Because these adjustments were made effective on December 31, 2018, the date of the Arlo Spin-Off, they are reflected in the "Executive Compensation Tables" section below.

NETGEAR Options: (1) NETGEAR options granted prior to August 3, 2018 (the "cutoff date") were converted into both an adjusted NETGEAR option and an Arlo option, (2) NETGEAR options granted on or following the cutoff date were converted solely into adjusted NETGEAR options and (3) NETGEAR outstanding and vested options held by former service providers of NETGEAR were converted solely into adjusted NETGEAR options. The formulas applicable to the foregoing NETGEAR option adjustments are set forth in the employee matters agreement and, in each case, the exercise price and number of shares subject to each option were adjusted to preserve the aggregate intrinsic value of the original NETGEAR option as measured immediately prior to and immediately following the distribution, subject to rounding. Following the Arlo Spin-Off, the NETGEAR options and Arlo options are subject to substantially the same terms and vesting conditions that applied to the original NETGEAR option.

NETGEAR RSUs: (1) NETGEAR restricted stock units granted prior to the cutoff date were converted into both an adjusted NETGEAR restricted stock unit covering the same number of shares of NETGEAR common stock subject to the award prior to the Arlo Spin-Off and an Arlo restricted stock unit covering a number of shares of Arlo common stock equal to the number of shares of NETGEAR common stock subject to the award prior to the Arlo Spin-Off multiplied by 1.980295 (subject to rounding), which is the number of shares of Arlo common stock that was distributed in respect of each share of NETGEAR common stock in the Arlo Spin-Off and (2) NETGEAR restricted stock units granted on or following the cutoff date were converted solely into NETGEAR restricted stock units, on a basis that preserves the aggregate intrinsic value of the original NETGEAR restricted stock unit award (subject to rounding). The formulas applicable to the foregoing NETGEAR restricted stock unit adjustments are set forth in the employee matters agreement. Following the Arlo Spin-Off, the NETGEAR restricted stock units and Arlo restricted stock units are subject to substantially the same terms and vesting conditions that applied to the original NETGEAR restricted stock units.

Other Compensation Policies and Information**Employee Benefits and Perquisites**

We provide various employee benefit programs to our Named Executive Officers, including health, life and disability insurance, flexible spending accounts, a 401(k) plan and the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. In addition, we match contributions made by Named Executive Officers to their 401(k) plan up to an amount equal to \$3,000 per year. These benefit programs are generally available to all our employees on substantially equal terms.

Clawback Policy

In order to minimize the risk of undue overpayment of cash bonus amounts and granting excessive option and restricted stock unit awards, the Compensation Committee and the Board of Directors in 2010 approved the addition

of a clawback provision to the executive bonus plan and to award agreements which apply to the Named Executive Officers. The clawback provision may require a forfeiture of previously paid cash bonus amounts or previously awarded option or restricted stock unit awards in the event that the financial statements of the Company are subsequently restated and if such restated statements would have resulted in less of an actual cash bonus award being paid to Named Executive Officer or less of an actual option or restricted

Table of Contents

stock unit award being awarded to an Named Executive Officer, if such information had been known at the time the actual award had originally been calculated or determined. Pursuant to the clawback provision, the independent members of the Board of Directors or the Compensation Committee may require, in its discretion, that such Named Executive Officer forfeit and/or repay to the Company the amount by which an actual bonus award previously paid exceeds the lesser pro forma bonus award and the amount by which an actual award previously awarded exceeds the lesser pro forma option or restricted stock unit award, as the case may be. The policy is to put the Company in no worse position had the Compensation Committee known of the restatement of financial statements at the time of the awards. We believe this is a fair and equitable way to address any potential windfall that may benefit a Named Executive Officer in the event that our financial statements are materially inaccurate.

Stock Ownership Guidelines

We have also adopted stock ownership guidelines for our Named Executive Officers to own and hold common stock of the Company to further align their interests and actions with the interests of our stockholders. Under the guidelines, our Chief Executive Officer is expected to own approximately six times his annual base salary. Other Named Executive Officers are expected to achieve ownership levels equal to approximately one to three times base salary. Named Executive Officers have a five-year period in which to achieve the required compliance level. Shares owned directly by the executive and unvested restricted stock units are counted toward the guidelines. As of December 31, 2018, all of our NEOs were in compliance with the stock ownership guidelines.

Policy Against Hedging or Pledging NETGEAR Stock

Under our insider trading policy, directors and employees, including our Named Executive Officers, are prohibited from hedging or pledging of the Company's securities and from investing in derivatives of the Company's securities.

Impact of Accounting and Tax Requirements on Compensation

Deductibility of Executive Compensation. Generally, Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), disallows a tax deduction to any publicly-held corporation for any remuneration in excess of \$1 million paid in any taxable year to its chief executive officer and certain other highly compensated officers. For tax years beginning before January 1, 2018, remuneration in excess of \$1 million may be deducted if it qualifies as "performance-based compensation" within the meaning of Section 162(m).

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017 that has not been subsequently materially modified.

We have not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation for our NEOs and do not currently have any immediate plans to do so. The Compensation Committee may, in its judgment, authorize compensation payments that are not fully tax deductible when it believes that such payments are appropriate to attract and retain executive talent or meet other business objectives. The Compensation Committee intends to continue to compensate our NEOs in a manner consistent with the best interests of NETGEAR and our stockholders.

Taxation of "Parachute" Payments and Deferred Compensation. We do not provide our NEOs with a "gross-up" or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Code. Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and that the company, or a successor, may forfeit a deduction on the amounts subject to this additional tax. Section 409A also imposes additional significant taxes on the individual in the event that an executive officer, director or other service provider receives "deferred compensation" that does not meet certain requirements of Section 409A of the Code.

Accounting for Stock-Based Compensation. We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718"), the standard which governs the accounting treatment of stock-based compensation awards. ASC 718 requires us to measure the compensation expense for all share-based payment awards made to the members of our executive team, other employees and members of our Board of Directors, including options to purchase shares of our common equity securities, based on the grant date "fair value" of these awards. The application

of ASC 718 involves significant judgment in the determination of inputs into the Black-Scholes-Merton valuation model that we use to determine the fair value of any options to purchase shares of our common equity securities. These inputs are based on assumptions as to the volatility of the underlying equity securities, risk free interest rates and the expected life of the options. As required by the generally accepted accounting principles in the United States, we review our valuation assumptions at each grant date, and, as a result, our valuation assumptions used to value options granted in future periods may vary from the valuation assumptions we have used previously.

Table of Contents

ASC 718 also requires us to recognize the compensation cost of these share-based payment awards in our statements of operations over the period that an executive officer, employee or member of our Board of Directors is required to render service in exchange for the option or other award (which, generally, will correspond to the award's vesting schedule). This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers, employees or members of our Board of Directors may never realize any value from their stock options or other share-based payment awards.

Compensation Risk Assessment

Our Compensation Committee assesses and considers potential risks when reviewing and approving our compensation policies and practices for our executive officers and our employees. We have designed our compensation programs, including our incentive compensation plans, with features to address potential risks while rewarding employees for achieving financial and strategic objectives through prudent business judgment and appropriate risk taking. Based upon its assessment, the Compensation Committee believes that any risks arising from our compensation programs do not create disproportionate incentives for our employees to take risks that could have a material adverse effect on us in the future.

(1) The amounts reported in this column represent the aggregate value of the stock awards and option awards granted to the Named Executive Officers during 2018, 2017 and 2016, based upon their grant date fair value, as determined

in accordance with the share-based payment accounting guidance under ASC 718. For a discussion of fair value for stock awards and the valuation assumptions for stock options, see Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018. Please see the “Grants of Plan-Based Awards” table below for more information regarding the awards we granted in 2018.

- (2) The amounts set forth in these columns are subject to clawback provisions.
- (3) Consists of matching contributions under our 401(k) plan that were earned in 2018 and paid in February 2019.

- (5) Represents a discretionary retention bonus payment awarded by the Board of Directors for the efforts to timely complete the Arlo IPO and the Arlo Spin-Off. The retention bonus was paid during 2018 and in February 2019. Consists of a \$150,052 bonus earned under the Company's 2018 executive bonus plan, with respect to Mr. Murray's service as Chief Financial Officer, and a \$74,120 bonus amount earned under the Company's 2018 non-executive bonus plan, with respect to Mr. Murray's prior service as Vice President, Finance. These amounts were paid during 2018 and in February 2019.

performance conditions, as determined under ASC 718. Assuming the highest level of achievement of the performance conditions, the aggregate maximum grant date fair value of the Arlo performance-vested option awards would be \$2.3 million.

(12) Represents bonus earned under the Company's 2018 executive bonus plan and paid during 2018, with respect to Ms. Gorjanc's service as Chief Financial Officer of NETGEAR.

Grants of Plan-Based Awards in Fiscal Year 2018

The following table provides certain information relating to incentive compensation and equity awards granted to, and the range of payouts that were achievable for, each of our Named Executive Officers during the fiscal year ended December 31, 2018. All NETGEAR stock options were granted under our 2016 Plan and have a term of ten years, subject to earlier termination in the event that the optionee's services to us cease. Because this table presents information as of the applicable grant dates during 2018, all equity award information in this table is presented on an unadjusted basis without regard to the subsequent Arlo Spin-Off. Cash awards paid under our annual incentive plan are reflected in the Summary Compensation Table under "Non-Equity Incentive Plan Compensation" for each of our Named Executive Officers. A description of the incentive plans can be found in "Compensation Discussion and Analysis-Incentive Compensation-Annual Incentive Plan."

These amounts represent the full grant date value without regard to vesting. See Note 12 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2018, regarding (1) assumptions underlying the valuation of option awards. Regardless of the value placed on a stock option on the grant date, the actual economic value of the option to the Named Executive Officer will depend on the market value of the Company's common stock at the date in the future when the option is exercised.

(2) These restricted stock unit awards will vest in four equal annual installments on the four anniversaries of the last day of the grant month, subject to the recipient continuing to be a service provider through such dates.

25% of the shares subject to these options will vest twelve months after the grant date, and 1/48 of the total shares (3) subject to these options shall vest each month thereafter, subject to the optionee continuing to be a service provider through such dates.

These potential payouts for the first half of fiscal 2018 were pursuant to the terms of the Company's executive bonus plan. The maximum payout that could have been earned by the Named Executive Officers was dependent (4) upon the Company's level of operating income achieved during the first half of 2018, and would have been subject to reduction by the Compensation Committee for individual Named Executive Officers based upon the executive's achievement of his or her individual objectives. Notwithstanding the foregoing, a bonus is paid under the terms of the executive bonus plan only if the Company achieves a certain level of operating income.

These options to purchase Arlo common stock were granted by the Arlo Board of Directors in connection with the (5) Arlo IPO. They have a ten-year contractual term and are performance based options that vest depending on satisfaction of service-based criteria, as established by the Arlo Board of Directors.

These potential payouts for the second half of fiscal 2018 were pursuant to the terms of the Company's executive bonus plan. The maximum payout that could have been earned by the Named Executive Officers was dependent (6) upon the Company's level of operating income achieved during the second half of 2018, and would have been subject to reduction by the Compensation Committee for individual Named Executive Officers based upon the executive's achievement of his or her individual objectives. Notwithstanding the foregoing, a bonus is paid under the terms of the executive bonus plan only if the Company achieves a certain level of operating income.

(7) These potential payouts were pursuant to the terms of the Company's non-executive bonus plan.

Because the performance condition of achieving the Arlo Spin-Off prior to July 31, 2019 was achieved, these (8) performance-based restricted stock unit awards will vest in four equal annual installments with the first installment vesting on August 1, 2019, subject to the individual continuing to be a service provider through such dates.

(9) Represents the targeted and maximum potential commissions earnings for Mr. Werdann under his 2018 annual sales commission plan.

(10) Represents Ms. Gorjanc's potential bonus payouts from Arlo for the second half of fiscal 2018, under terms approved by the Arlo Board of Directors.
