SPECIAL MEETING OF SHAREHOLDERS

2009 PROXY STATEMENT

QUESTIONS AND ANSWERS

1. Q: What is a proxy?

A: A proxy is a document, also referred to as a proxy card (which is enclosed), by which you authorize someone else to vote for you in the way that you want to vote. Caraco's Board of Directors is soliciting this proxy. You may also abstain from voting.

2. Q: What is a proxy statement?

A: A proxy statement is the document the United States Securities and Exchange Commission (the "SEC") requires to explain the matters on which you are asked to vote on the proxy card. Caraco's proxy statement, together with its enclosed proxy card, was first mailed to shareholders on or about October __, 2009.

3. Q: Who can vote?

A: Only holders of Caraco's common stock at the close of business on September 21, 2009, the Record Date, can vote at the Special Meeting. Each shareholder of record has one vote for each share of common stock on each matter presented for a vote at the Meeting.

4. Q: How do I vote if my stock is held in "street name?"

A: If your Caraco common stock is held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of stock held in "street name." As a beneficial owner, you do not have the right to vote your stock. Only the "record holder" of the stock has such rights. If you wish to vote your stock, you should either (i) obtain a legal proxy from the record holder of the stock appointing you as its legal proxy or (ii) instruct the record holder how you would like the record holder to vote the stock you own.

5. Q: What will I vote on at the Meeting?

A: At the Special Meeting, shareholders will vote to:

1. Approve the amendment to Article VI, paragraph 4 of the Company's Amended and Restated Articles of Incorporation to permit vacancies on the Board of Directors to also be filled by a vote of the Company's shareholders.
2. Ratify and elect one director for a term expiring in 2012 and upon the election and qualification of his successor.
3. Transact any other business that is properly submitted before the Special Meeting or any adjournment(s) of the Meeting.

6. Q: Who can attend the Special Meeting?

A: You are entitled to attend the Special Meeting only if you were a Caraco shareholder as of the Record Date or you hold a valid proxy for the special meeting. You should be prepared to present valid government-issued photo identification for admittance. In addition, if you are a shareholder of record, your name will be verified against the list of shareholders of record on the Record Date prior to your being admitted to the Special Meeting. If you are not a shareholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the Record Date, such as your most recent account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you may not be admitted to the Special Meeting.

The Meeting will begin promptly at 11:00 a.m., local time. Check-in will begin at 10:30 a.m., and you should allow ample time for the check-in procedures.

Table of Contents

7. Q: How does the Board of Directors recommend I vote on the proposals?

A: The Board of Directors recommends a vote “FOR” the approval of the amendment to Article VI, paragraph 4 of the Amended and Restated Articles of Incorporation of the Company and “FOR” the Director listed in Proposal 2.

8. Q: How can I vote?

A: You can vote in person or by proxy. To vote by proxy, sign, date and return the enclosed proxy card. If you return your signed proxy card to American Stock Transfer before the Special Meeting, the persons named as proxies on the card will vote your shares as you directed. You may revoke a proxy at any time before the proxy is exercised by:

1. giving written notice of revocation to Donna Griffith, Director, Human Resources, of Caraco, at 1150 Elijah McCoy Drive, Detroit, Michigan 48202;
2. submitting another proxy that is properly signed and later dated;
3. voting in person at the Meeting (but only if the shares are registered in Caraco’s records in the name of the shareholder and not in the name of a broker, dealer, bank or other third party).

9. Q: What is a quorum?

A: There were 39,090,194 shares of Caraco’s common stock outstanding on the Record Date. A majority of the outstanding shares, or 19,545,098 shares, present or represented by proxy, constitutes a quorum. For purposes of a quorum, abstentions and broker non-votes are included. A broker non-vote is a proxy a broker submits that does not indicate a vote for some or all the proposals because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on those proposals. A broker non-vote may also occur if your broker fails to vote your shares for any reason. A quorum must exist to conduct business at the Special Meeting.

10. Q: How does voting work?

A: If a quorum exists, Proposal 1, the amendment to Article VI, paragraph 4 of the Amended and Restated Articles of Incorporation, must receive the approval of sixty-six and two-thirds percent (66 2/3%) of the outstanding shares of the Company. Proposal 2, the ratification and election of the Director, must receive the favorable vote of a majority of the shares voted, present in person or represented by proxy, but excluding broker non-votes and abstentions.

Caraco will vote properly executed Proxies it receives prior to or at the Meeting in the way you direct. If you sign the proxy card but do not specify instructions, the shares represented by Proxies will be voted “FOR” the amendment to Article VI, paragraph 4 of the Amended and Restated Articles of Incorporation and “FOR” the Director. No other matters are currently scheduled to be presented at the Meeting. If any matter or matters are properly brought before the Meeting or any adjournment thereof, it is the intention of the persons named in the accompanying proxy card to vote the shares represented by the proxy card as they determine.

11. Q: Who pays for the costs of the Meeting?

A:

Caraco pays the cost of preparing and printing the proxy statement and soliciting proxies. Caraco will solicit proxies primarily by mail, but may also solicit proxies personally and by telephone. Caraco will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of Caraco's common stock.

12. Q: When are shareholder proposals for the 2010 Annual Meeting due?

A: All shareholder proposals to be considered for inclusion in next year's proxy statement for the annual meeting must be submitted in writing to the Secretary or Assistant Secretary of Caraco Pharmaceutical Laboratories, Ltd., 1150 Elijah McCoy Drive, Detroit, Michigan 48202, before April 9, 2010.

13. Q: How may a shareholder communicate with the Board of Directors?

A: Shareholders may communicate with the Board of Directors or any member of the Board of Directors by sending a letter addressed to the Board of Directors, c/o Donna Griffith, Director, Human Resources, at 1150 Elijah McCoy Drive, Detroit, Michigan 48202. The Board of Directors' policy is to have all shareholder communications compiled by the Director, Human Resources and forwarded directly to the Board or the director as indicated in the letter. All letters will be forwarded to the appropriate party. The Board of Directors reserves the right to revise this policy in the event that this process is abused, becomes unworkable or otherwise does not efficiently serve the purpose of the policy.

PROPOSAL 1 – AMENDMENT TO AMENDED AND RESTATED ARTICLES OF INCORPORATION

Board Authorization

On September 9, 2009, our Board of Directors authorized an amendment to our Amended and Restated Articles of Incorporation (the “Amendment”), subject to shareholder approval, to revise Article VI paragraph 4, of the Company’s Amended and Restated Articles of Incorporation to provide that vacancies in the Board of Directors may also be filled by a majority vote of shares of common stock of the Company present in person or represented by proxy. Specifically, Article VI, paragraph 4 of the Amended and Restated Articles of Incorporation is proposed to be revised as follows (marked from the current Article VI, paragraph 4 by showing deletions in brackets and additions in bold and underlined):

“4. Subject to the rights of the holders of any series of Preferred Shares then outstanding, newly created directorships resulting from any increase in the authorized number of directors and any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled [only] by a majority vote of the remaining directors then in office, though less than a quorum, and/or by a vote to ratify or elect by a majority of the shares present in person or represented by proxy and voting on such ratification or election, and directors so chosen shall hold office for a term expiring at the annual meeting of shareholders at which the term of office of the class to which they have been elected expires or until their successors have been duly elected and qualified. No decrease in the number of directors constituting the Board shall shorten the term of any incumbent director.”

Shareholder Approval

Under our Amended and Restated Articles of Incorporation, amendments to Article VI of the Amended and Restated Articles of Incorporation require the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all then outstanding shares of the Company’s common stock entitled to vote in the election of Directors. Accordingly, the Amendment will pass if it receives the favorable vote of 26,060,130 shares of the Company’s common stock. Sun Pharmaceutical Industries Limited (“Sun Pharma”) and its affiliates own, in the aggregate, 29,380,680 shares of the Company’s common stock and have indicated that they intend to vote “For” Proposal 1.

Reasons for the Amendment

As discussed below, the Company examined Article VI, paragraph 4 and noted that it provides that only the Board may fill vacancies on the Board of Directors. For purposes of good corporate governance, and for the reasons explained below, the Board believes that it is appropriate to also provide that shareholders have the right to ratify and elect Directors to fill vacancies on the Board.

On August 27, 2009, the Company received a shareholder demand letter demanding that the Company take action against certain officers and Directors of the Company to recover certain damages caused by their alleged breach of

fiduciary duties by “knowingly causing or allowing Caraco to manufacture products in violation of the FDA’s GMP requirements, even after the FDA warned the Company about such deficiencies.” The demand letter also requests that the Board “correct the deficiencies in the Company’s internal controls that allowed the misconduct to occur.” At the time of receipt of such letter, all of the Directors on the Board of Directors, except for Jitendra N. Doshi, were named as allegedly having breached their fiduciary duties. The demand letter further provides that if the Board has not commenced an action as demanded, the shareholder making the demand will commence a shareholder derivative proceeding on behalf of the Company seeking appropriate relief. Among other things, under Michigan law, a shareholder may not commence a derivative proceeding unless 90 days have expired from the date the demand was made.

Under Michigan law, a court shall dismiss a derivative proceeding if upon motion of a corporation, the court finds that one or more specified groups has made a determination in good faith after conducting a reasonable investigation upon which its conclusions are based that the maintenance of the derivative proceeding is not in the best interests of the corporation. Certain of the groups specified include disinterested directors. Disinterested directors are defined under Michigan law, with respect to derivative proceedings, as directors who are not parties to a derivative proceeding. Since substantially all of the Directors of the Company have been named in the demand letter as potential parties to the derivative proceeding, none of them are disinterested except for Jitendra N. Doshi and F. Folsom Bell. The other groups specified under Michigan law include a panel of one or more disinterested persons appointed by a court or all disinterested ‘independent’ directors. Under Michigan law, in order to be “independent,” among other criteria, a director must be elected by shareholders. As noted above, currently, Article VI, paragraph 4 of our Amended and Restated Articles of Incorporation only permits the Board to fill vacancies on our Board of Directors. We are asking for the shareholders vote to amend Article VI, paragraph 4 in order to permit shareholders to also ratify and elect Directors to fill vacancies on the Board of Directors so that Mr. Bell who was recently appointed by the Board to fill the vacancy on The Board following the 2009 Annual Meeting of Shareholders, can be ratified and elected by shareholders at this special meeting (see Proposal 2) and thereby be able to make a determination in good faith after conducting a reasonable investigation upon which his conclusions are based as to whether or not the maintenance of a derivative proceeding requested by the shareholder demand letter is in the best interests of the Company.

Table of Contents

Effective Date

The effective date of the Amendment is intended to be on the date of the special meeting, immediately following the shareholder vote on the Amendment, at which time the Amendment will be filed with the Michigan Department of Energy, Labor & Economic Growth, Bureau of Commercial Services – Corporation Division.

Recommendation

A copy of the proposed Amendment is included as Appendix “A” to this proxy statement.

The Board of Directors recommends a vote “FOR” the approval of the Amendment.

PROPOSAL 2 – RATIFICATION AND ELECTION OF DIRECTOR

General

Caraco’s Board of Directors is divided into three classes with each class of directors elected to a three-year term of office. At this special meeting, shareholders are being asked to ratify the appointment by The Board of F. Folsom Bell to fill the vacancy created by the decision by Dr. John D. Crissman not to stand for re-election at the 2009 Annual Meeting of Shareholders. On September 9, 2009, Caraco’s Board of Directors appointed F. Folsom Bell to fill the vacancy created by Dr. Crissman’s decision not to stand for re-election, for a term commencing immediately following the 2009 Annual Meeting of Stockholders and ending following the 2012 Annual Meeting of Shareholders unless such appointment is not ratified by shareholders, and if shareholders do not so ratify and elect Mr. Bell, his appointment will terminate immediately following such vote. Proposal 2 must receive the favorable vote of a majority of the shares voted, present in person or represented by proxy, but excluding broker non-votes and abstentions. Sun Pharma and its affiliates, which own 29,380,680 or 75.2% of the outstanding shares of common stock, have indicated that they intend to vote “For” Proposal 2. Proposal 2 will be presented for vote at the special meeting only if Proposal 1 is approved (see above).

If Mr. Bell is unable or decides not to stand for ratification and election, the proxies may vote the shares to elect any substitute nominee recommended by the Board of Directors.

Caraco’s Board of Directors recommends a vote “FOR” the ratification and election of Mr. Bell.

BOARD OF DIRECTORS AND ITS COMMITTEES

Board of Directors

During Fiscal 2009, the Board of Directors met five times. All of the then directors attended at least 75% of the meetings of the Board and the committees on which they served during Fiscal 2009, except for Messrs. Desai, Reddy, and Valia. The Board of Directors encourages Board members to attend each Annual Meeting of Shareholders. At the 2008 Annual Meeting of Shareholders, three of the current Caraco directors were in attendance. At the 2009 Annual Meeting of Shareholders, five of the current Caraco directors were in attendance. In addition to meetings, the Board and the committees take corporate action through unanimous written consents.

The Board of Directors is fixed at eight members. The Board has determined that Messrs. Bell, Manney and Reddy are “independent” directors within the meaning of Section 803A of the NYSE Amex Company Guide (“NYSE Amex Company Guide”). Unless a company is a “controlled company” under the NYSE Amex Company Guide, a majority of its Board of Directors must be independent. As a result of Sun Pharma and its affiliates owning a majority of the outstanding voting shares, Caraco is a controlled company under NYSE Amex Company Guide and is therefore not required (i) to have a majority of independent directors on its Board;(ii) to have the compensation of the Chief Executive Officer and all other officers determined or recommended to the Board either by the Compensation Committee comprised of independent directors or by a majority of the independent directors, and (iii) to have nominations to the Board of Directors either selected, or recommended for the Board’s selection, by either a nominating committee comprised solely of independent directors or by a majority of the independent directors.

Committees of the Board

The Board maintains three standing committees: audit, compensation and independent. These are described below.

Audit Committee. The Audit Committee is responsible for selecting, evaluating, retaining and, where appropriate, replacing Caraco’s independent auditors. Generally, the Audit Committee monitors the integrity of Caraco’s financial statements and the independence and qualifications of the independent auditors. The Audit Committee is governed by a written charter. The Audit Committee’s responsibilities are described in more detail in such charter. A copy of the charter was included as Appendix A to the proxy statement for the 2009 Annual Meeting of Shareholders. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee held five meetings in Fiscal 2009. The current members of the Audit Committee are Messrs. Bell, Manney and Reddy. Mr. Manney is the committee’s Chairman. The Board has determined that each of these members is independent under Section 803A and 803B of the NYSE Amex Company Guide. The Board has also determined each of the committee members is able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement. In addition, the Board of Directors has determined that Mr. Manney is an audit committee financial expert. Mr. Bell was appointed to the Audit Committee on September 21, 2009.

Compensation Committee. The Compensation Committee oversees Caraco’s policies and programs for the compensation of its officers. The Committee determines the compensation of our Chief Executive Officer and delegates to him the responsibility to determine the base salaries and bonuses of all officers other than the Chief Executive Officer, under the constraints of an overall limitation on the total amount of compensation to be paid to them. The Compensation Committee is also responsible for the review and approval of compensation programs for officers and employees, including fringe benefits and stock options and/or bonuses, as may be from time to time recommended by management. Grants of options or other equity awards are made by the two “non-employee directors” as defined by 16b-3 who are also “outside directors” for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee held four meetings during Fiscal 2009. The Compensation Committee currently consists of

Messrs. Shanghvi, Bell and Manney. Mr. Shanghvi serves as the Chairman. Mr. Bell was appointed to the Compensation Committee on September 21, 2009.

Independent Committee. The Independent Committee was established to negotiate a products agreement between Caraco and Sun Pharma Global, Inc. ("Sun Global"), a wholly-owned subsidiary of Sun Pharma. In 2005, the Board of Directors ratified and approved the authority of the Independent Committee (with respect to past, present and future actions) to review and approve all related party transactions. The Independent Committee held three meetings during Fiscal 2009. The Independent Committee currently consists of Messrs. Bell, Manney, and Reddy. The Board has determined that all of the members are independent under Section 803A of the NYSE Amex listing standards currently in effect. Mr. Bell serves as the Chairman. Mr. Bell was appointed to the Independent Committee on September 21, 2009.

Special Litigation Committee. The Board has designated Mr. Bell as 'independent' under Michigan law effective upon his ratification and election by shareholders at this special meeting. As discussed under Proposal 1 above, following such ratification and election, as an independent director, it is intended that Mr. Bell will conduct a reasonable investigation into the allegations made by a shareholder in a demand letter that certain officers and directors have breached their fiduciary duties to the Company in connection with the FDA action against the Company. Mr. Bell will then make a determination in good faith after conducting such reasonable investigation upon which his conclusions are based as to whether or not the maintenance of a derivative proceeding requested by the shareholder demand letter is in the best interests of the Company.

Nomination of Directors

The Board of Directors has not established a formal nominating committee as the entire Board serves in this capacity. The Board of Directors has not maintained a formal nominating committee because the Board of Directors feels that it is not necessary since the size of the Board is relatively small. While the Board has not established a formal committee, in the past the Board has asked one or two of its directors to meet with a number of candidates and to make recommendations to the full Board. The Board may utilize a variety of methods for identifying potential nominees, including considering potential candidates who come to their attention through current officers, directors, Caraco's professionals, professional search firms or other persons. Once a potential nominee has been identified, the Board evaluates whether the nominee has the appropriate skills and characteristics to become a director in light of the then make-up of the Board of Directors. This assessment includes an evaluation of the candidate's judgment and skills, such as experience at a policy setting level, financial sophistication, leadership and objectivity. At a minimum, the Board of Directors believes that all members of the Board should have the highest professional and personal ethics and values. Mr. F. Folsom Bell was presented for consideration as a Director by the Chairman of the Board, and appointed by the Board in September 2009, as disclosed above, to fill the vacancy created by the decision by Dr. John D. Crissman not to stand for re-election at the 2009 Annual Meeting of Shareholders.

The Board of Directors considers stockholder nominations for candidates for membership on the Board when properly submitted in accordance with Company's bylaws. The Company's bylaws provide that nominations for the election of directors may be made by any stockholder entitled to vote in the election of directors if timely notice of such shareholder's intent has been given in writing to the secretary or an assistant secretary of the Company. TRANSACTIONS OF DIRECTORS, EXECUTIVE OFFICERS AND CERTAIN BENEFICIAL HOLDERS OF
CARACO

The following discloses transactions during Fiscal 2009, 2008 and 2007, and proposed transactions between Caraco and several of the incumbent and nominee directors, executive officers and security holders who beneficially hold in excess of five percent of our outstanding shares:

On November 21, 2002, we entered into a products agreement with Sun Global. Under the agreement, which was approved by our independent directors, Sun Global agreed to provide us with 25 new generic drugs over a 5-year period. In exchange for each new generic drug transferred to us by Sun Global which passed bioequivalency studies, we issued Sun Global 544,000 shares of Series B preferred stock. During Fiscal 2008 and 2007, Sun Global earned 10,088,000 and 1,632,000 shares of Series B preferred stock for two product transfers and three product transfers, respectively, as provided under the November 2002 products agreement. Sun Global has provided us with all 25 generic drugs all of which have passed their bioequivalency studies through Fiscal 2008. The products agreement was completed in Fiscal 2008 and all shares of Series B preferred stock were issued to Sun Global under the agreement.

During Fiscal 2009, 2008 and 2007, we purchased approximately \$8.4 million, \$498.5 million and \$38.8 million, respectively, of our raw materials and finished goods formulations from Sun Pharma. We intend to continue to purchase raw materials and formulations from Sun Pharma in Fiscal 2010.

Table of Contents

During Fiscal 2009, 2008 and 2007, Caraco purchased at Sun Pharma and its affiliates' cost, approximately \$46 thousand, \$0.3 million and \$0.8 million, respectively, of machinery and equipment from Sun Pharma and its affiliates. We intend to continue to purchase machinery and equipment from Sun Pharma and its affiliates in Fiscal 2010.

Caraco entered into a manufacturing and supply agreement and a distribution and sale agreement in December 2004 with respect to one product with an affiliate of Sun Pharma, Sun Pharmaceutical Industries, Inc. Caraco entered into another distribution and sales agreement with Sun Pharmaceutical Industries, Inc. in January 2005 with respect to another product.

In Fiscal 2007 Caraco entered into a three-year marketing agreement with Sun Pharma, which was reviewed and approved by the Independent Committee. Under the agreement, the Company purchases selected product formulations offered by Sun Pharma, and

markets and distributes them as part of its current product offerings in the U.S., its territories and possessions, including Puerto Rico. Sun Pharma is not obligated to offer Caraco Products under this Agreement, however, Caraco has the exclusive right to market in the U.S., its territories and possessions, including Puerto Rico, any products offered by Sun Pharma and accepted by Caraco.

During Fiscal 2008, the Corporation entered into a three-year distribution and sale agreement with Sun Pharma, which was reviewed and approved by the Independent Committee. Under this agreement, the Company purchases selected formulations which have been filed under the Paragraph IV certification process with the FDA by Sun Pharma and offered for distribution. Paragraph IV ("Para IV) certified products may face litigation challenges with respect to claims of patent infringement. Under the agreement, the Company shares in the sales opportunity and shares the litigation risks. The Company is indemnified by Sun Pharma of any risks beyond the percentage agreed to as its profit percentage, thereby limiting the Company's exposure. Sun Pharma is not obligated to offer Caraco products under this agreement, however, Caraco has the exclusive right to market in the U.S., its territories and possessions, including Puerto Rico, any products offered by Sun Pharma and accepted by Caraco. The Company markets and distributes the same as part of its current product offerings in the U.S., its territories and possessions, including Puerto Rico. The license granted with respect to a product terminates upon the end of an exclusivity period or 180 days or a non-appealable court decision, or until a third generic manufacturer launches the product, whichever is later, or until a settlement is reached, at which time the product will become part of the standard Caraco-Sun Pharma marketing agreement disclosed above. The Company currently receives a fixed margin of 8%, or such other percentages that shall be mutually agreed upon. Under the agreement, Sun Pharma and Caraco mutually indemnify each other, capped by the fixed margin percentage with respect to damages from infringement.

The Corporation has also obtained technical and scientific services, including bio-equivalency studies, with respect to certain mutually agreed upon products, from the Clinical Research Organization operated by Sun Pharma. During Fiscal 2009, the Corporation incurred \$0.3 million related to these services. No fees for these services were incurred during Fiscal 2008 and Fiscal 2007.

During Fiscal 2009, 2008 and 2007, the Company had net sales of \$225.4 million, \$225.1 million, and \$4.6 million of the marketed products under the aforesaid agreements, respectively.

During Fiscal 2010, Caraco entered into an agreement with Alkaloida Chemical Company ZRT, a Hungarian corporation ("Alkaloida") and indirect subsidiary of Sun Pharma, which was reviewed and approved by the Independent Committee, pursuant to which Alkaloida will provide for certain products mutually agreed to an exclusive, non-transferable license to Caraco to manufacture and market the products in the United States, its territories and possessions, including Puerto Rico. The license for a product is for a period of five (5) years from the commencement

of marketing of the product, however, Caraco may extend the license for a further five (5) year period. Caraco is responsible, among other things, for the costs of all product tests, including bioequivalency studies, and the costs of manufacturing and marketing each product. Alkaloida shall receive royalties on the net sales of each product

The Independent Committee reviews related party transactions on the basis that they shall not generally be less favorable in the aggregate than would be usual and customary in similar transactions between unrelated parties dealing at arm's length.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This Compensation Discussion & Analysis (“CD&A”) outlines our compensation philosophy, objectives and processes for our executive officers. It explains how we make executive compensation decisions, the data we use and the reasoning behind the decisions that we make.

Following the CD&A are tables and other information that explain the compensation for our executive officers, including discussion of the potential compensation of our executive officers following termination of employment under different situations.

These tables and narratives assist us in communicating our compensation plans to our stockholders.

Compensation Philosophy

Our compensation philosophy extends to all employees, including executive officers, and is designed to align employee and stockholder interests. The philosophy's objective is to pay fairly based upon the employee's position, experience, individual performance and Company performance. Employees may be rewarded through additional compensation when the Company meets or exceeds targeted business objectives. Generally, under our compensation philosophy, as an employee's level of responsibility increases, a greater portion of his or her total potential compensation becomes contingent upon annual performance.

The principles of our compensation philosophy are described below:

• **Market-driven.** Compensation programs are structured to be competitive both in their design and in the total compensation that they offer.

• **Stockholder-aligned.** Certain full-time employees have some portion of their incentive compensation aligned with our financial performance.

• **Performance-based.** Certain full-time employees have some portion of their incentive compensation linked to a combination of Company, departmental, and/or individual performance. The application of performance measures as well as the form of the reward may vary depending on the employee's position and responsibilities. A formal performance evaluation process is used to objectively assess individual performance.

Review of Executive Officer Compensation

The Compensation Committee (the “Committee” with respect to this section of the proxy statement) determines the compensation of our Chief Executive Officer and delegates to him the responsibility to determine the base salaries and bonuses of all officers other than the Chief Executive Officer under the constraints of an overall limitation on the total amount of compensation to be paid to them.

Our current policy is that the various elements of the compensation package are not interrelated in that gains or losses from past equity incentives are not factored into the determination of other compensation. For instance, if options that are granted in a previous year become underwater the next year, the Committee does not take that into consideration in determining the amount of the bonus, options or restricted stock to be granted the next year. Similarly, if the options or restricted shares granted in a previous year become extremely valuable, the Committee does not take that into consideration in determining the bonus, options or restricted stock to be awarded for the next year. In addition, the amount of a cash bonus does not affect the number of options or restricted stock that is granted during a particular year. A subcommittee of the Committee, comprised of independent directors, determines grants of options and stock to our executive officers.

We have no policy with regard to the adjustment or recovery of awards or payments if our relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment.

Components of Compensation—Executive Officers

Our executive officers are compensated through the following four components:

- Base Salary
- Annual Incentive Compensation
- Long-Term Incentives (stock options and/or grants of stock)
- Benefits

These components provide a balanced mix of base compensation and compensation that is contingent upon each executive officer’s individual performance and Company performance. A goal of the compensation program is to provide executive officers with a reasonable level of security through base salary and benefits, while rewarding them through incentive compensation to achieve business objectives and create stockholder value. We want to ensure that our compensation programs are appropriately designed to encourage executive officer retention and motivation to create stockholder value.

Base salaries, benefits and incentive compensation opportunities are generally targeted between the median and 75th percentile of general survey market data derived from indices covering these same components for generic pharmaceutical companies of various sizes. Included in this review were direct competitor companies. The companies represented may have brand segments within its business to complement its generic pharmaceutical segments. Others within the group may solely be generic pharmaceutical companies. The companies include Actavis Group, Barr Pharmaceuticals Inc., Dr. Reddy’s Laboratories Limited, Endo Pharmaceuticals Holdings Inc., Forest Laboratories, Inc., King Pharmaceuticals, Inc. Lannett Company, Inc., Mylan Inc., Paddock Laboratories, Inc., Par Pharmaceutical Companies, Inc., Sandoz, Inc.(a division of Novartis AG), Teva Pharmaceutical Industries Limited, Watson Pharmaceuticals, Inc. and Wyeth. We have not used third party consultants to provide us with recommendations or reports. We have utilized the survey data to reach our target compensation objectives.

Base Salaries

Base salaries are targeted to be competitive when compared to the salary levels of persons holding similar positions in other pharmaceutical companies and other publicly traded companies of comparable size. Each executive officer's respective responsibilities, experience, expertise and individual performance are considered.

In Fiscal 2009, our Compensation Committee did not increase the base salary of our Chief Executive Officer from the Fiscal 2008 base salary. Effective Fiscal 2009, the Chief Executive Officer, pursuant to delegated authority from the Compensation Committee, increased the base salaries for Gurpartap Singh Sachdeva, Senior Vice President – Business Strategies, Robert Kurkiewicz, Senior Vice President – Regulatory and Mukul Rathi, interim Chief Financial Officer as follows: Gurpartap Singh Sachdeva from \$225,096 to \$243,104; Robert Kurkiewicz from \$161,522 to \$167,983 and Mukul Rathi from \$88,400 to \$110,000. Other than the interim Chief Financial Officer who had his based salary increased to \$125,000 in June 2009, none of the other executive officers have had their base salaries increased in Fiscal 2010.

Annual Cash Bonus Recognition Program

Our annual cash bonus recognition program is specifically designed to provide at-risk and contingent cash awards based on the achievement of performance goals which are linked directly to individual, business and strategy objectives for each participant. This linkage, particularly when combined with a market-based base salary program, provides our officers with a competitive level of compensation when objectives are achieved.

Table of Contents

Annual Cash Bonus Recognition Award for our Chief Executive Officer

On an annual basis, the Compensation Committee determines whether to award a cash bonus to our Chief Executive Officer based on the Company's performance and his individual performance contributions during the Fiscal year. Annually, the targets and the percentages allocated to each are determined by the Compensation Committee. However, the Compensation Committee retains the discretion to change or eliminate the bonus award whether or not the performance criteria are satisfied.

In Fiscal 2009, our Chief Executive Officer was eligible to receive a targeted cash bonus of up to 50% of his base salary, or \$214,968. The Fiscal 2009 performance parameters for the Chief Executive Officer (with the percentage of targeted cash bonus included in parentheses) included:

achieving net sales target of \$461 million (15%);
maintaining gross profit of 46% or above for manufactured products (20%);
lowering overall SG&A percentage excluding Sun related SG&A expenses (15%);
increasing product development filings (15%);
reducing incidences by 50% (20%); and
increasing productivity in quality and manufacturing (15%).

As a result of the Company's overall performance, no cash bonus was awarded by the Compensation Committee to the Chief Executive Officer.

Annual Cash Bonus Recognition Awards for our Named Executive Officers other than our Chief Executive Officer

Each year, the Compensation Committee adopts a program, based on the recommendation of our Chief Executive Officer, that provides specific achievement targets and weighting of those achievements as part of the overall target bonus. The attainment level of these goals is used to calculate the annual cash bonus recognition portion of the total compensation of our executive officers. The target bonus percentage is a standard percentage for each position and that position's contribution to the overall operation of the Company. However, the Compensation Committee retains the discretion to change or eliminate the bonus award whether or not the performance criteria are satisfied.

The targets for each of such named executive officers for Fiscal 2009 (with the percentage of targeted cash bonus included in parentheses) were as follows:

Our Interim Chief Financial Officer's targeted 2009 bonus was up to 15% of his base salary, predicated on the level of attainment of the following targets: transition to monthly close of financials (20%), achievement of the Company's overall sales goals (25%), improved reporting of accounts receivable activity on a periodic basis with action steps and resolution time line (20%), improved costing information and analysis (20%), and the balance (15%) based on individual development goals and at the discretion of our Chief Executive Officer.

Our Senior Vice President - Business Strategies had a targeted bonus was up to 27% of his base salary predicated on the level of attainment of the following targets: achievement of the Company's overall sales goals (25%), achievement of sales of a certain product (10%), maintaining gross profit of 46% or above for manufactured products (20%), obtain target market share for Sun Pharma products (20%) and the balance (25%) based on individual development goals and at the discretion of our Chief Executive Officer. The target allocated for achievement of sales of a certain product was set at a very high threshold. While there was no assurance of its success, we believed that a substantial part of the bonus for this parameter would be earned based on his motivated performance, but that extraordinary efforts would be necessary to achieve the entire bonus for such parameter.

Our Senior Vice President - Regulatory had a targeted bonus of up to 27% of his base salary, predicated on the level of attainment of the following targets: submit all ANDAs in electronic format (20%), improve HIPAA program and trainings (10%), develop comprehensive safety manual (10%), review and revise adverse drug effects reporting procedures (25%), evaluate and determine solutions necessary for electronic DEA processing (15%), and the balance (20%) based on individual development goals and at the discretion of our Chief Executive Officer.

As a result of the Company's overall performance in Fiscal 2009, the Compensation Committee, in its discretion, determined that no cash bonuses be paid to the named executive officers set forth above.

Long-Term Incentives

Long-term incentives are used to balance the short-term focus of the annual bonus program with performance over multi-year periods. Stock grants and option grants help to align the interests of our employees with those of our stockholders.

Table of Contents

We believe that grants of equity-based compensation:

- Enhance the link between the creation of stockholder value and long-term executive incentive compensation;
 - Provide focus, motivation and retention incentive; and
 - Provide competitive levels of total compensation.

We made limited option grants in Fiscal 2009 to certain executive officers, as reflected in the tables below. The subcommittee of the Compensation Committee (comprised only of independent directors) received recommendations from the Chief Executive Officer, based on the Chief Executive Officer's subjective judgment of an executive officer's performance, of the appropriate number of options to be granted to an executive officer other than the Chief Executive Officer, and the subcommittee makes the final determination of the grants to all executive officers, including the Chief Executive Officer. The employment agreement of the then Chief Executive Officer required that he be granted options to purchase no less than 40,000 shares of common stock each year during the term of his agreement based on Company performance in light of pre-established mutually agreed upon Company goals and objectives. During Fiscal 2009, the subcommittee did not award any options to the Chief Executive Officer. Options are granted with exercise prices equal to the closing price of our common stock on the day immediately preceding the date of grant, with pro rata vesting at the end of each of the following three years. On July 25, 2008, the interim Chief Financial Officer, the Senior Vice President – Business Strategies and the Senior Vice President – Regulatory were awarded options to purchase 4,000, 15,000 and 5,000 shares of Common Stock, respectively, by the subcommittee. On May 2, 2008, pursuant to the terms of his employment agreement, the Chief Executive Officer was awarded 10,000 shares of our common stock.

Treatment of Dividends

We have not historically paid cash dividends.

Benefits

In addition to cash and equity compensation programs, executive officers participate in the retirement, health and welfare benefit programs generally available to other employees. In a few limited circumstances, we provide other benefits to certain executive officers, such as car allowances, disability and life insurance premiums, as set forth in the tables below.

All executive officers are eligible to participate in the company's 401(k) plan on the same basis as our other employees. With the exception of those employees deemed "highly compensated," eligible employees are permitted to defer between 1% and 90% of their salary on a pre-tax basis through bi-weekly payroll deductions. The company matches \$0.50 of each \$1.00 of each employee's contribution up to the first 4% of his or her salary.

Compensation Committee Interlocks and Insider Participation

As noted, Mr. Dilip S. Shanghvi is the Chairman of our Compensation Committee and the Chairman of the Board of Caraco, a non-executive position. Mr. Shanghvi is also the Chairman and Managing Director of Sun Pharma. As disclosed above, Sun Pharma and its affiliates engage in a number of transactions with Caraco. See "Transactions with Directors, Executive Officers, and certain Beneficial Holders of Caraco" above.

Fiscal 2009 Chief Executive Officer and Executive Officer Compensation

Effective Fiscal 2009, the Chief Executive Officer pursuant to delegated authority from the Compensation Committee, increased the base salaries for Gurpartap Singh Sachdeva, Senior Vice President – Business Strategies, Robert Kurkiewicz, Senior Vice President – Regulatory and Mukul Rathi, interim Chief Financial Officer as follows: Gurpartap Singh Sachdeva from \$225,096 to \$243,104; Robert Kurkiewicz from \$161,522 to \$167,983 and Mukul Rathi from \$88,400 to \$110,000. In light of the Company’s overall performance, no bonuses were awarded in Fiscal 2009 to the Chief Executive Officer or any of the other named executive officers. See “Compensation of Executive Officers – Components of Compensation – Executive Officers” for additional details.

Grants of Plan-Based Awards

We generally award stock options and/or stock grants under our 2008 Equity Participation Plan. Prior to the adoption of the 2008 Equity Participation Plan, options and/or stock grants were awarded under our 1999 Equity Participation Plan. The subcommittee of non-employee directors of the Compensation Committee determines the options to be awarded to the Chief Executive Officer and our other executive officers. Under our Chief Executive Officer’s employment agreement, he is entitled to receive during each year of his term of employment, options to purchase no less than 40,000 shares of common stock based on the Company’s performance in light of pre-established mutually agreed upon Company objectives. During Fiscal 2009, no options were granted to the Chief Executive Officer. The subcommittee receives recommendations from the Chief Executive Officer, based on the Chief Executive Officer’s subjective judgment of an executive officer’s performance, of the appropriate number of options to be granted to an executive officer other than the Chief Executive Officer. During Fiscal 2009, options were granted to the other named executive officers as set forth below.

The following table summarizes all grants of plan-based awards during the years ended March 31, 2009, 2008 and 2007, respectively, to all named executive officers. For additional information on the plan-based award grants summarized below, please refer to “Compensation of Executive Officers – Components of Compensation – Executive Officers” above.

Employment Agreements and Potential Payments Upon Termination or Change-in-Control

As previously disclosed, Jitendra N. Doshi was appointed interim Chief Executive Officer of the Company at the close of business on July 28, 2009. On August 31, 2009, Mr. Doshi entered into an employment agreement with the Company.

The employment agreement provides Mr. Doshi, as interim Chief Executive Officer, with a salary at the rate of \$275,000 annually, which, to the extent applicable, may be reviewed annually and adjusted, a car allowance of \$600.00 per month and such employee benefits as are maintained or adopted by the Company for all employees. The employment agreement is for a term of one (1) year, commencing effective as of July 28, 2009, and automatically renews for successive one-year periods, however, the agreement may be terminated at any time by the Company or Mr. Doshi with or without cause or notice.

If Caraco terminates Mr. Doshi for just cause or if Mr. Doshi terminates the employment agreement without cause or in the event of the death of Mr. Doshi, he shall be entitled to his base salary and benefits earned by him prior to such termination or date of death. For purposes of the agreement, 'just cause' means dishonesty, or refusal or failure by Mr. Doshi to faithfully or diligently perform his duties, including the failure to adhere to the policies of the Board. In the event Caraco terminates Mr. Doshi without just cause or if Mr. Doshi terminates for cause not attributable to him (meaning Caraco failing to make any payment of base salary to him within 30 days after such payment is due), he will receive monthly base salary payments and the Company shall continue premium payments for health insurance for six (6) months from the date of termination, and any stock options that would become available for exercise at the end of the year during which such termination occurred shall immediately vest.

Daniel H. Movens, who was the Chief Executive Officer of Caraco until his resignation effective at the close of business on July 28, 2009, entered into an employment agreement with Caraco dated as of May 2, 2005 (the "effective date"). Under the employment agreement, Mr. Movens agreed to serve as Chief Executive Officer of the Company for period of thirty-six (36) calendar months which would automatically renew at the end of thirty-six (36) months. Each party may terminate the agreement upon ninety (90) days written notice to the other party. The agreement provides Mr. Movens with: a base salary during the first year of the agreement of \$390,000 (to be reviewed annually by the Compensation Committee and adjusted accordingly, in its discretion), a bonus of up to fifty (50%) percent of the base compensation (with twenty-five (25%) percent of the base compensation guaranteed only for the first year), and stock options for 40,000 shares upon the effective date at the fair market value of the common stock on the day immediately preceding the effective date and stock options for not less than 40,000 shares of the Company annually thereafter based on Company performance in light of pre-established mutually agreed upon Company goals and objectives (all such options to vest over a period of three years from the date of their respective grants), a stock grant on the effective date of 45,000 shares of the Company's common stock (to vest over a period of three (3) years), and a stock grant of an additional 10,000 shares upon the renewal of the employment agreement. In addition, the Company provided for the reimbursement to Mr. Movens of his reasonable relocation expenses up to \$50,000.

On July 28, 2009, Mr. Movens entered into a Separation Agreement and Release of all Claims ("Separation Agreement") pursuant to which he resigned as Chief Executive Officer and a Director of the Company. Under the Separation Agreement, Mr. Movens received a separation payment of \$870,621 (one and one-half times his highest annual base and last earned bonus), the continuation of his health, vision and dental insurance for twelve months and the immediate vesting of his outstanding stock options and stock grants. In addition, Mr. Movens is bound by the confidentiality provisions of his employment agreement and by his Confidentiality and Non-Competition Agreement, pursuant to which Mr. Movens agrees not to solicit any customer of the Company for business in competition with the Company, or solicit for employment any other employee of the Company, for a period of two (2) years following his termination. In addition, for a period of twelve (12) months following the termination of his employment, Mr. Movens agrees not to engage in any activity within North America which is competitive in any material respect with

the business of the Company, including generic pharmaceutical manufacturing and marketing, but excluding wholesale distribution. In addition, for a period of twelve (12) months following termination of his employment, Mr. Movens agrees that he will not perform services for any business or organization, whether as an employee, consultant, advisor, independent contractor, or otherwise, which engages in any activity within North America that is competitive in any material respect with the business conducted by the Company, including any business engaged in generic pharmaceutical manufacturing and marketing and any other business in which the Company generates more than ten (10%) percent of its gross revenues.

Robert Kurkiewicz, the Senior Vice President - Regulatory, entered into a five-year employment agreement on November 22, 1993 which was amended on January 1, 1999 to extend the term until January 1, 2003 and which was further amended on August 30, 2002 to extend the term until December 31, 2007. The agreement, as amended, provides Mr. Kurkiewicz with a salary of \$129,800 per year and provides for a car allowance of \$380.00 per month. The agreement provides that at the end of the term, it is renewable for successive one-year terms. In the event that Caraco terminates Mr. Kurkiewicz for 'cause' (as defined in the employment agreement), he is entitled to the base salary and benefits earned by him prior to the date of termination. In the event that Caraco terminates the agreement without cause or Mr. Kurkiewicz terminates the agreement for cause not attributable to him (meaning Caraco failing to make any payment of base salary to him within 30 days after such payment is due), Mr. Kurkiewicz is entitled to receive monthly base salary payments and his premium payments for health insurance benefits for six (6) months from the date of termination. In addition, any stock options that would become available for exercise at the end of the year during which such termination occurred shall immediately vest. In August 2005, the Compensation Committee increased Mr. Kurkiewicz's salary to \$152,250 annually. If Mr. Kurkiewicz was terminated without cause or he terminates for cause, as set forth above, as of March 31, 2009, he would have received payment (including the value of the benefits and the vested options and stock (assuming the closing stock price on March 31, 2009) of \$87,580.

The employment agreement is for a term of five (5) years, commencing on February 1, 2005. The agreement automatically renews for successive one-year periods unless terminated by Caraco or Mr. Sachdeva upon ninety (90) days notice. In the event of the death or Disability (as such term is defined in the employment agreement) or if Caraco terminates Mr. Sachdeva for just cause (as such term is defined in the employment agreement), Mr. Sachdeva shall be entitled to his base salary and to benefits earned by him prior to the date of death, Disability or termination for just cause, respectively.
