Trinity Learning Corporation and Subsidiaries Notes to Consolidated Financial Statements March 31, 2006

GENERAL

Trinity Learning has elected to omit substantially all footnotes to the consolidated financial statements for the three and nine months ended March 31, 2006 since there have been no material changes (other than indicated in other footnotes) to the information previously reported by the Company in their Annual Report filed on Form 10-KSB for the fiscal year ended June 30, 2005.

UNAUDITED INFORMATION

The information furnished herein was taken from the books and records of the Company without audit. However, in the opinion of management, the accompanying unaudited interim consolidated financial statements reflect all adjustments that are necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented.

OTE 1. ACCOUNTING POLICIES

Overview

Trinity Learning is creating a global learning company by acquiring operating subsidiaries that specialize in educational and training content, delivery, and services for particular industries or that target a particular segment of the workforce. Trinity Learning believes that there are product and service synergies between and among our various subsidiaries that position us to create a global learning company that can provide integrated learning services to corporations, organizations, educational institutions, and individual learners, using a variety of delivery technologies, platforms and methods to meet the growing need for global learning solutions. Trinity Learning believes that it will be one of the first companies to be able to serve major multinational employers at multiple levels of their organizations and assist these customers to meet the challenges of a major turnover in the world's workforce over the coming decade. Factors such as demographics, technology, and globalization will require enterprises, organizations and governments around the world to invest in human capital to remain competitive.

We operate through our primary operating subsidiary, Trinity Workplace Learning, located in our 205,000 square foot digital multimedia production center in Carrollton, Texas, in the greater Dallas metropolitan area. At this Global Learning Center we create, distribute and archive rich media for workplace learning and certification for approximately 7,000 corporate, institutional and government customers in healthcare, industrial services, and public safety including homeland security, first responders, and federal agencies. We distribute content to our customers through a variety of learning media including satellite, broadband, e-learning, CD-ROM, and DVDs. Our proprietary brands include The Law Enforcement Training Network, HomelandOne, the Fire and Emergency Training Network, and others. In our healthcare industry vertical we participate in 17 distinct accreditations for medical-related continuing professional education and certification.

Edgar Filing: TRINITY LEARNING CORP - Form 10QSB

While our strategic focus is to grow our assets and operations in North America, we continue to also explore acquisition and alliance candidates in Western Europe and we continue to maintain ownership positions in small operating subsidiaries in Australia, Norway and California and we have an ongoing investment in a learning company in South Africa.

The accompanying unaudited interim consolidated financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and Item 310 of Regulation S-B. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. These financial statements include the accounts of Trinity and its consolidated subsidiaries. All significant intercompany transactions and accounts have been eliminated in consolidation.

10

These unaudited interim consolidated financial statements should be read in conjunction with the audited financial statements and related notes thereto included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2005. The results of operations for the three and nine months ended March 31, 2006, are not necessarily indicative of the operating results for the full year and future operating results may not be comparable to historical operating results due to our April 1, 2005 acquisition of Primedia Workplace Learning.

In the opinion of management, the accompanying unaudited interim consolidated financial statements reflect all normal recurring adjustments that are necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented.

Use of Estimates

The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States of America necessarily requires it to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the balance sheet dates and the reported amounts of revenues and costs during the reporting periods. Actual results could differ from those estimates. On an ongoing basis, the Company reviews its estimates based on information that is currently available. Changes in facts and circumstances may cause the Company to revise its estimates. Significant estimates include revenue recognition policy, valuation and allocation of the purchase consideration of the assets and liabilities and assets acquired in business combinations and equity investments in associated companies, our determination of fair value of common stock issued in business combinations and equity investments in associated companies, and the annual valuation and review for impairment of assets acquired and of long-lived assets.

NOTE 2 GOING CONCERN

To meet our present and future liquidity requirements, we are continuing to seek additional funding through private placements, conversion of outstanding loans and payables into common stock, development of the business of our newly-acquired businesses, collections on accounts receivable, and through additional acquisitions that have sufficient cash flow to fund subsidiary operations. There can be no assurance that we will be successful in obtaining more debt and/or equity financing in the future or that our results of operations will materially improve in either the

Edgar Filing: TRINITY LEARNING CORP - Form 10QSB

short- or the long-term. Based upon our cash balance at May 1, 2006 we will not be able to sustain operations for more than two months without additional sources of financing. If we fail to obtain such financing and improve our results of operations, we will be unable to meet our obligations as they become due. That would raise substantial doubt about our ability to continue as a going concern.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our fiscal year ends on June 30. This management's discussion and analysis of financial condition and results of operations and other portions of this Quarterly Report on Form 10-QSB contain forward looking information that involves risks and uncertainties. Our actual results could differ materially from those anticipated by this forward looking information. Factors that could cause or contribute to such differences include, but are not limited to, those discussed or referred to in the Annual Report on Form 10-KSB for the fiscal year ended June 30, 2005 under the heading Information Regarding Forward-Looking Statements and elsewhere. Investors should review this quarterly report on Form 10-QSB in combination with our Annual Report on Form 10-KSB in order to have a more complete understanding of the principal risks associated with an investment in our common stock. This management's discussion and analysis of financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and related notes included elsewhere in this document.

11

Overview

Our financial statements are prepared using accounting principles generally accepted in the United States of America generally applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. Currently, we do not have significant cash, material assets or an established source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. We do not currently possess a financial institution source of financing and we cannot be certain that our existing sources of cash will be adequate to meet our liquidity requirements. Based upon our cash balance at May 1, 2006, we will not be able to sustain operations for more than two months without additional sources of funding. To meet our present and future liquidity requirements, we will continue to seek additional funding through private placements, conversion of outstanding loans and payables into common stock, development of the business of our newly-acquired subsidiaries, collections on accounts receivable, and through additional acquisitions that have sufficient cash flow to fund subsidiary operations. There can be no assurance that we will be successful in obtaining more debt and/or equity financing in the future or that our results of operations will materially improve in either the short- or the long-term. If we fail to obtain such financing and improve our results of operations, we will be unable to meet our obligations as they become due. That would raise substantial doubt about our ability to continue as a going concern.

Effective April 1, 2005, Trinity Learning Corporation (the "Company") entered into and closed an asset purchase agreement (the "Asset Purchase Agreement") with PRIMEDIA Inc. and two PRIMEDIA affiliates (collectively, "PRIMEDIA"), whereby PRIMEDIA sold to the Company certain assets related to its PRIMEDIA Workplace Learning division ("PWPL"). The assets comprised those relating to PWPL's Healthcare Group, Government

Edgar Filing: TRINITY LEARNING CORP - Form 10QSB

Services Group, Industrial Services Group, Shared Services Group, and all other assets of PWPL, including all of the assets of PRIMEDIA Digital Video Holdings LLC, excluding only those assets primarily related to the operations of PWPL's Financial Services Group and/or PWPL's Interactive Medical Network business (such acquired assets referred to collectively hereinafter as the "Business"). These assets are comprised of content libraries, trademarks, brands, intellectual property, databases, and physical assets. Included in the sale are certain video production and distribution capabilities used to deliver integrated learning solutions to professionals in the homeland security, healthcare, industrial, fire & emergency, government, law enforcement and private security markets currently served by PWPL. The consolidated financial statements reflect the consolidation of this entity into our company.

Results of Operations

THIRD QUARTER ENDED MARCH 31, 2006 AS COMPARED TO THE THIRD QUARTER ENDED MARCH 31, 2005

Our revenues for third quarter 2006 were \$6,147,414, as compared to \$518,095 for the third quarter 2005. This increase in revenues is due primarily to the acquisition of Primedia Workplace Learning. The three month period in 2005 comprises three months' revenue of RMT, TouchVision and VILPAS while 2006 includes revenues of RMT, TouchVision, VILPAS and Trinity Workplace Learning.

Costs of sales, which consist of labor, hardware costs, cost of goods sold and other incidental expenses, was \$1,746,910 for the third quarter 2006 as compared to \$62,228 for the third quarter 2005, resulting in gross profit of \$4,400,504 for the third quarter 2006, as compared to \$455,867 for the third quarter 2005. This increase in costs and in gross profit was due to the acquisition of Primedia Workplace Learning. Operating expenses for third quarter 2006 were \$10,601,557 as compared to \$2,563,293 for the third quarter 2005. This increase was due primarily to acquisition of Primedia Workplace Learning along with increases in selling, general and administrative costs as well as amortization expense.

Other Expense for the third quarter of 2006 reflected income of \$1,734,323 compared to expense of \$1,041,525 for the third quarter 2005. This income is primarily due to recognizing a gain on the non-conversion of contingently redeemable stock of \$2,210,000.

12

We reported net loss available for common stockholders of \$4,666,730 or \$0.11 per share for the third quarter 2006, compared with a net loss of \$3,104,016 or \$0.10 per share for the third quarter 2005.

NINE MONTHS ENDED MARCH 31, 2006 AS COMPARED TO THE NINE MONTHS ENDED MARCH 31, 2005

Our sales revenue for the nine months ended March 31, 2006 were \$20,171,919, as compared to \$2,328,592 for the nine months ended March 31, 2005. This increase in revenues was primarily due to the acquisition of Primedia Workplace Learning. The nine month period in 2005 comprises nine months' revenue of RMT, TouchVision and Vilpas while the nine month period in 2006 comprises nine months' of RMT, TouchVision, Vilpas and Trinity Workplace Learning.

Costs of sales, which consist of labor and hardware costs, and other incidental expenses, was \$4,482,252 for the nine months ended March 31, 2006 as compared to \$280,563 for the nine months ended March 31, 2005,

Edgar Filing: TRINITY LEARNING CORP - Form 10QSB

resulting in gross profit of \$15,689,667 for the nine months ended March 31, 2006 as compared to \$2,048,029 for the nine months ended March 31, 2005. This increase is due primarily to acquisition of Primedia Workplace Learning.

Operating expenses for the nine months ended March 31, 2006 were \$26,793,669 as compared to \$6,029,025 for the nine months ended March 31, 2005. This increase was due primarily to the acquisition of Primedia Workplace Learning resulting in increases in selling, general and administrative costs as well as depreciation and amortization expense.

Other Expense of \$2,178,679 for the nine months ended March 31, 2006 was \$836,550 less than that for the nine months ended March 31, 2005. This decrease in expense is primarily due to a gain recognized on the non-conversion of contingently redeemable stock of \$2,210,000 and prior year losses in associated companies of \$1,837,719 offset by a loss on conversion of notes payable \$1,430,858 and increases in net interest expense of \$1,783,408. Included in interest expense of \$2,775,431 is \$1,495,564 attributable to amortization of discounts on the Laurus note.

We reported net loss available for common stockholders of \$13,293,482 or \$0.34 per share for the nine months ended March 31, 2006, compared with a net loss of \$6,904,182 or \$0.22 per share for the nine months ended March 31, 2005.

Liquidity and Capital Resources

Our expenses are currently greater than our revenues. We have a history of losses, and our accumulated deficit as of March 31, 2006 was \$52,159,501 as compared to \$38,266,018 as of June 30, 2005.

At March 31, 2006, we had an unrestricted cash balance of \$1,250,652 compared to \$752,261 at June 30, 2005. Net cash used by operating activities during the nine months ended March 31, 2006 was \$2,439,311. Net cash generated by investing activities was \$5,090,375 for the nine months ended March 31, 2006. Net cash used by financing activities during the nine months ended March 31, 2006 was 2,152,673.

Accounts receivable increased from \$3,540,415 at June 30, 2005 to \$4,617,595 at March 31, 2006. This increase is due primarily to increased sales efforts to our customers.

Accounts payable increased from \$3,134,406 at June 30, 2005 to \$6,257,809 at March 31, 2006. Accrued expenses increased from \$1,625,901 at June 30, 2005 to \$3,557,466 at March 31, 2006. The changes in accounts payable and accrued expenses are attributable to the negative cash flow.

As a professional services organization we are not capital intensive. Capital expenditures historically have been for computer-aided instruction, accounting and project management information systems and general-purpose computer equipment to accommodate our growth.

We continued to seek equity and debt financing in fiscal 2006 to support our growth and to finance recent and proposed acquisitions:

On March 2, 2006, Jack Rutherford purchased 625,000 shares of Common Stock of the Company at \$0.16 per share or \$100,000. In addition we issued 625,000 warrants exercisable at \$0.20 per share to Mr. Rutherford in consideration of the purchase. We further issued 250,000 warrants

Edgar Filing: TRINITY LEARNING CORP - Form 10QSB

exercisable at \$0.15 per share to Mr. Rutherford in consideration for a loan made in the amount of \$100,000 by Mr. Rutherford to the Company on March 1, 2006. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, and the issuance of the securities was made to an existing shareholder of our company.

On March 3, 2006, William T. Merrill purchased 156,250 shares of Common Stock of the Company at \$0.16 per share or \$25,000. In addition we issued 156,250 warrants exercisable at \$0.20 per share to Mr. Merrill in consideration of the purchase. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, and the issuance of the securities was made to an existing shareholder of our company.

On March 3, 2006, David Spada purchased 156,250 shares of Common Stock of the Company at \$0.16 per share or \$25,000. In addition we issued 156,250 warrants exercisable at \$0.20 per share to Mr. Spada in consideration of the purchase. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, and the issuance of the securities was made to an existing shareholder of our company.

On March 31, 2006, the Company entered into a Securities Purchase Agreement (the "Securities Agreement") with certain accredited investors for the issuance of up to an aggregate of \$8,500,000 in face amount of 15% Senior Secured Convertible Debentures (the "Debentures") maturing March 31, 2010, and four year warrants (the "Warrants") to purchase an aggregate of 13,600,000 share of common stock of the Company. The Debentures accrue interest at a rate of 15% per annum and we issued to Palisades Master Fund LP a face amount of \$4,500,000 in Debentures and warrants to purchase an aggregate of 7,200,000 shares of common stock pursuant to the first closing which occurred on March 31, 2006. The Company claims an exemption from the registration requirements of the Act for the private placement of these securities pursuant to Section 4(2) of the Act and/or Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the investors were accredited investors and/or qualified institutional buyers, the investors had access to information about the company and their investment, the investors took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.

To meet our present and future liquidity requirements, we are continuing to seek additional funding through private placements, conversion of outstanding loans and payables into common stock, development of the business of our newly-acquired subsidiaries, collections on accounts receivable, and through additional acquisitions that have sufficient cash flow to fund subsidiary operations. There can be no assurance that we will be successful in obtaining more debt and/or equity financing in the future or that our results of operations will materially improve in either the short- or the long-term. Based upon our cash balance at May 1, 2006 we will not be able to sustain operations for more than two months without additional sources of financing. If we fail to obtain such financing and improve our results of operations, we will be unable to meet our obligations as they become due. That would raise substantial doubt about our ability to continue as a going concern.

ITEM 3. CONTROLS AND PROCEDURES

Trinity Learning maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports pursuant to the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Our Chief Executive Officer and Chief Financial Officer, after conducting an evaluation, together with other members of management, of the effectiveness of the design and operation of our disclosure controls and procedures at the end of the period covered by this report, have concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in our reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to that evaluation, and there were no significant deficiencies or material weaknesses in such controls requiring corrective actions.
