HY-TECH TECHNOLOGY GROUP, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1: Presentation

The consolidated balance sheet of the Company as of May 31, 2004, the related consolidated statements of operations for the three months ended May 31, 2004 and 2003 and the statements of cash flows for the three months ended May 31, 2004 and 2003 included in the consolidated financial statements have been prepared by the Company without audit. In the opinion of management, the accompanying condensed financial statements include all adjustments (consisting of normal, recurring adjustments) necessary to summarize fairly the Company's financial position and results of operations. The results of operations for the three months ended May 31, 2004 are not necessarily indicative of the results of operations for the full year or any other interim period. The information included in this Form 10-QSB should be read in conjunction with Management's Discussion and Analysis and Financial Statements and notes thereto included in the Company's February 29, 2004 Form 10-KSB.

The Company's consolidated financial statements have been prepared on a going concern basis, which contemplates the continuation of operations, realization of

Edgar Filing: HY TECH TECHNOLOGY GROUP INC - Form 10QSB

assets and liquidation of liabilities in the ordinary course of business, and do not reflect any adjustments that might result if the Company is unable to continue as a going concern. At May 31, 2004, the Company had total assets of \$49,836 and total liabilities of \$3,373,981. The Company's recent operations consisted of administrative costs to maintain the Company, and identifying potential investment and acquisition opportunities.

Although the Company's efforts to identify potential investment and acquisition opportunities have not resulted in any consummated transactions to date, the Company continues to seek opportunities. No assurances can be given that the Company will be successful in identifying and consummating an investment or acquisition transaction, or in obtaining other financing.

In February 2004, the Company announced its planned changes which included its planned acquisition of Robotic Workspace Technologies (RWT) and the intended divestiture of Hy-Tech Computer Systems (HTCS). Such changes support the Company's plan to grow by acquisition and differentiate the company with unique technologies, by converting to e-commerce selling and distribution techniques and by adding complementary, higher margin services. The Company remains in discussion with various financing sources to allow it access to the financing needed to complement the use of its stock in achieving these plans. The Company intends to raise additional working capital through private placements, public offerings and/or bank financing.

Note 2 - Common Stock

During the three months ended May 31, 2004, the Company issued 15,381,250 shares of common stock for services valued at \$359,819.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

BACKGROUND

We were formed in 1992 as a supplier to the information technology business. In January 31, 2003, we completed a reverse acquisition into SRM Networks, an Internet service provider, in which we were deemed the "accounting acquirer". We have discontinued SRM Network's Internet business. In connection with the transaction, SRM Networks, Inc. changed its name to Hy-Tech Technology Group, Inc.

RESULTS OF OPERATIONS

During the three month period ended May 31, 2004 (the "2004 Period") revenues were \$24,430 compared to revenues of \$3,996,330 during the three month period ended May 31, 2003 (the "2003 Period").

Gross margins were (\$11,979) during the 2004 Period compared to \$393,977 during the 2003 Period. The decrease in gross margins resulted in part from the liquidation and sale of older and slower moving inventory.

General, administrative and selling expenses were \$478,457 during the 2004 period compared to \$1,371,970 during the 2003 period. The decrease in general, administrative and selling expenses primarily resulted from the winding down of its retail operations and reduction in workforce.

Edgar Filing: HY TECH TECHNOLOGY GROUP INC - Form 10QSB

Interest expense was \$0 during the 2004 Period and \$7,062 during the 2003 Period.

During the 2003 Period we had a gain on the settlement of debt of \$1,665,810, with no comparable gain during the 2004 Period. This gain arose from the partial settlement of our debt with our primary lender, SunTrust Bank.

Net loss for the 2004 Period was \$490,436 compared to a net income of \$664,258 for the 2003 Period, due to the factors described above including the gain on settlement of debt.

LIQUIDITY AND CAPITAL RESOURCES

At May 31, 2004, we had cash of \$7,669, current assets of \$39,312 and current liabilities of \$2,640,681. At May 31, 2004, we had negative working capital of \$2,601,369.

On April 29, 2003, we settled the claims of our primary lender, SunTrust Bank pursuant to a Settlement Agreement for aggregate payments of \$1.5 million. Under the terms of the Settlement Agreement, we delivered \$1 million dollars to SunTrust on April 29, 2003. This \$1 million represented all of the proceeds of the sale of a convertible debenture that was issued to a private investor. We also paid SunTrust three installments of \$65,000 each in June, July and August. The balance of \$305,000 was settled in 2003.

9

In February 2004, the Company announced its planned changes which included its planned acquisition of Robotic Workspace Technologies (RWT) and the intended divestiture of Hy-Tech Computer Systems (HTCS). Such changes support the Company's plan to grow by acquisition and differentiate the company with unique technologies, by converting to e-commerce selling and distribution techniques and by adding complementary, higher margin services. The Company remains in discussion with various financing sources to allow it access to the financing needed to complement the use of its stock in achieving these plans. The Company intends to raise additional working capital through private placements, public offerings and/or bank financing.

There are no assurances that Hy-Tech will be able to obtain additional financing through private placement, public offerings and/or bank financing necessary to support Hy-Tech's plan. No assurance can be given that financing will be available, or if available, will be on terms acceptable to Hy-Tech. If adequate financing is not available Hy-Tech may be required to curtail its operations. These conditions raise substantial doubt about Hy-Tech's ability to continue as a going concern. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might be necessary should Hy-Tech be unable to continue as a going concern.

We cannot guaranty that additional funding will be available on favorable terms, if at all. If we are unable to obtain debt and/or equity financing upon terms that our management deems sufficiently favorable, or at all, it would have a materially adverse impact upon our ability to pursue our business strategy and maintain our current operations.
