On October 11, 2005, EarthShell Corporation, a Delaware corporation (the "Company") issued a Promissory Note (the "Note") to E. following sums on the following dates, or a lesser amount as the Company requests in writing:

| Amount ----- | Date of Funding ----- |
|-----------------|--------------------------|
| \$350,000 | October 12, 2005 |
| \$250,000 | October 31, 2005 |
| \$250,000 | November 30, 2005 |
| \$150,999 | December 31, 2005 |

Notwithstanding the funding schedule described above, if, on or before any of the above funding dates, the Company receives a total of \$3 million in aggregate net cash proceeds from any combination of financing transaction, equity contribution, sale, licensing or sublicensing of assets or the provision of services (including, without limitation, advanced royalty payments, proceeds from the sale of the Company's common stock and fees for technical services rendered to third parties, but excluding any proceeds advanced under the Note), EKI is not obligated to advance any additional funds to the Company, including the funds that were to be advanced at the next funding date.

Interest accrues on the principal balance of the Note at a variable per annum rate, as of any date of determination, that is equal to the rate published in the "Money Rates" section of The Wall Street Journal as being the "Prime Rate", compounded monthly. All accrued but unpaid interest and outstanding principal is due and payable on the earliest to occur of the following: (i) the second (2nd) anniversary of the date of the Note; (ii) five (5) days following the date the Company has received \$3 million or more in aggregate net cash proceeds from all financing transactions, equity contributions, and transactions relating to the sale, licensing, sublicensing or disposition of assets or the provision of services (including advance royalty payments, proceeds from the sale of the Company's common stock and fees for technological services rendered to third parties), measured from the date of the Note and not taking into account the proceeds advanced under the Note; or (iii) the occurrence of an Event of Default (as defined in the Note).

On October 11, 2005, the Company entered into a Debt Conversion and Mutual Release Agreement (the "Agreement") with EKI. Pursuant to the Agreement, the Company and EKI agreed that a receivable in an amount equal to \$837,145.69 (previously owed to bio-Tec Biologische Naturverpackunger GmbH & Co.KG, a wholly-owned subsidiary of EKI, but which was subsequently assigned to EKI) be converted into 279,048 shares of common stock of the Company. The conversion price equals \$3.00 per share. Pursuant to this Agreement, the Company and EKI released each other from any and all claims in connection with the receivable.
