For this purpose, any statements contained in this Form 10-QSB that are not statements of historical fact are forward-looking statements. Without limiting the generality of the foregoing, words such as "may", "anticipation", "intend", "could", "estimate", or "continue" or the negative or other comparable terminology are intended to identify forward-looking statements. AMERICAN RACING CAPITAL, INC. AND SUBSIDIARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005
(Unaudited)

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with Securities and Exchange Commission requirements for interim financial statements. Therefore, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. The financial statements should be read in conjunction with the Form 10-KSB for the year ended December 31, 2004 of American Racing Capital, Inc. and Subsidiaries (the "Company" or "ARC").

The interim financial statements present the condensed balance sheet, statements of operations and cash flows of the Company. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

The interim financial information is unaudited. In the opinion of management, all adjustments necessary to present fairly the financial position of the Company as of June 30, 2005 and the results of operations and cash flows presented herein have been included in the financial statements. Interim results are not necessarily indicative of results of operations for the full year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Employee stock based compensation - In December 2004, the Financial Accounting Standards Board issued SFAS No. 153, "Accounting for Stock-Based Compensation". SFAS No. 153 amends the transition and disclosure provisions of SFAS No. 123. This statement supersedes APB Opinion No.25, Accounting for Stock Issued to employees, and its related implementation guidance. This Statement establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. This Statement requires a public entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award--the requisite service period (usually the vesting period). For stock options and warrants issued to non-employees, the Company applies Statement of Financial Accounting Standards ("SFAS") No. 123, Accounting for Stock-Based Compensation, which requires the recognition of

Edgar Filing: American Racing Capital, Inc. - Form 10QSB

compensation cost based upon the fair value of stock options at the grant date using the Black-Scholes Option Pricing Model.

The Company issued no stock and granted no warrants or options to employees for compensation for the six months ended June 30, 2005.

3. NOTES PAYABLE

As of June 30, 2005, the Company has no notes payable.

4. RELATED PARTY TRANSACTIONS

Accounts receivable - related party - As of June 30, 2005, the Company has made a non-interest bearing, due on demand loan to the minority interest holder of Sea Garden Funding, LLC, which as of June 30, 2005 totaled \$59,160.

Accounts payable - related parties - As of June 30, 2005, officers-directors, and their controlled entities, have acquired 34.33% of the outstanding stock of the Company and have made non-interest bearing, due on demand loans to the Company totaling \$84,402.

7

Executive employment agreement - In 2003, the Company entered into an employment agreement with John W. Gandy, then President and Chief Executive officer, which provided for an annual salary of \$100,000 with a 5% increase each year to a maximum of \$125,000, provided the Company would have a profit in the previous year. The employment agreement with John W. Gandy was terminated on November 18, 2005, upon his resignation as President and Chief Executive Officer of the Company.

5. EXCHANGE AGREEMENT

On December 17, 2004, the Company signed a definitive Share Exchange Agreement to acquire all of the outstanding shares of common stock of Top Gun Sports & Entertainment, Inc., ("Top Gun Sports") in exchange for the issuance of 15,750,000 shares of the Company's common stock to the current shareholders of Top Gun Sports. The closing of the transaction was conditioned upon the Company's shareholders approving a change of the Company's name to Top Gun Sports & Entertainment, Inc., a 1-for-1,000 reverse stock split, and Top Gun Sports receiving a minimum of \$750,000 through a private placement of convertible debt.

On March 30, 2005, the parties to the Share Exchange Agreement memorialized an amendment to the agreement, eliminating certain conditions of closing to the transaction, including that the Company sell the assets of the Creative Holdings, Inc. subsidiary and that Top Gun have obtained lease agreements and permits prior to closing.

On May 9, 2005 the Company terminated the Share Exchange Agreement, dated December 17, 2004, by and between the Company and Top Gun Sports & Entertainment, Inc. based upon the terms of the Share Exchange Agreement. The Board of Directors (the "Board") of the Company has determined that the necessary approval of certain aspects of the transaction as contemplated by the Share Exchange Agreement was not made in a timely manner as set forth in the Share Exchange Agreement.

6. SUBSEQUENT EVENTS

The 1,000,000 shares of Series A Preferred Stock can be converted at any time, such that one share of the Series A Preferred Stock is converted into three hundred (300) fully paid, non-assessable shares of the Company's Common Stock. As a result of the Share Exchange Agreement, and upon the filing of the required Plan and Exchange with the Secretary of State of the State of Nevada on October 19, 2005, ARCI became a wholly-owned subsidiary of the Company.

On October 18, 2005, the Company entered into a Share Exchange Agreement, by and among the Company, ARC Development Corporation, a Nevada corporation ("ARCD") and the shareholders of ARCD (the "ARCD Shareholders"). ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Forward-Looking Statements

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements, and the Notes thereto included herein. The information contained below includes statements of ARC's or management's beliefs, expectations, hopes, goals and plans that, if not historical, are forward-looking statements subject to certain risks and uncertainties that could cause actual results to differ materially from those anticipated in the forward-looking statements. For a discussion on forward-looking statements, see the information set forth in the Introductory Note to this Annual Report under the caption "Forward Looking Statements", which information is incorporated

Edgar Filing: American Racing Capital, Inc. - Form 10QSB

herein by reference.

Overview

In the second quarter of 2005, the Company continued to develop the Sea Garden Town Home Community in North Myrtle Beach, South Carolina (the "Sea Garden Project"). The Company was developing the project through its 80% interest in Sea Garden Funding, LLC, the owner and developer of 27 units in a 173 unit, two-bedrooms, two-baths town home community approximately three blocks from the Atlantic shoreline. The Company acquired the project from Sea Garden, LLC on November 13, 2002 for the payment of \$210,000 and the assumption of \$1,071,344.66 in mortgages on the real property held by Horry County State Bank. The remaining 20% interest in Sea Garden Funding, LLC, is owned by an unaffiliated party, Maxine Roe, a resident of Myrtle Beach, South Carolina.

The development consisted of traditional two-story townhouse units. The Company acted as the developer, and hired independent contractors to provide all of the construction services. By June 30, 2005, the Company had completed the construction of the Sea Garden Town Homes and sold all remaining units.

On dated October 17, 2005, the Company entered into a Share Exchange Agreement, by and among the Company, ARCI and the shareholders of ARCI, pursuant to which, the ARCI Shareholders exchanged with, and delivered to the Company all of the issued and outstanding common stock of ARCI in exchange for 150,000,000 shares of the Company's Common Stock and 1,000,000 shares of Series A Preferred Stock, such that one share of a Series A Preferred Stock is convertible by the holder, at any time, into three hundred (300) fully paid, nonassessable shares of the Company's Common Stock. As a result of the Share Exchange Agreement, and upon the filing of the required Plan and Exchange with the Secretary of State of the State of Nevada on October 19, 2005, ARCI became a wholly-owned subsidiary of the Company.

On October 18, 2005, the Company entered into a Share Exchange Agreement, by and among the Company, ARCD and the shareholders of ARCD. Pursuant to the Share Exchange Agreement, the ARCD Shareholders exchanged with, and delivered to, ARC the issued and outstanding common stock of ARCD in exchange for 235,000,000 shares of the Company's Common Stock, and 1,000,000 shares of Series A Preferred Stock, such that one share of Series A Preferred Stock is convertible by the holder, at any time into three hundred (300) fully paid, nonassessable shares of the Company's Common Stock. As a result of the Share Exchange Agreement, and upon the filing of the required Plan and Exchange with the Secretary of State of the State of Nevada on October 19, 2005, ARCD became a wholly-owned subsidiary of the Company.

As a result of the share exchange transactions, the Board has focused on a new strategy which seeks to integrate race track design and development operations with a professional racing team and a national driving school network to leverage the popularity and growth of the motor sports industry.

Critical Accounting Policies And Estimates

Management's discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires that we make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. At each balance sheet date, management evaluates its estimates. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. The estimates and critical accounting policies that are most important in fully understanding and

Edgar Filing: American Racing Capital, Inc. - Form 10QSB

evaluating our financial condition and results of operations include those listed below.

9

Revenue Recognition

Gains from sales of operating properties and revenues from land sales are recognized using the full accrual method provided that various criteria relating to the terms of the transactions and any subsequent involvement by the Company with the properties sold are met. Gains or revenues relating to transactions which do not meet the established criteria are deferred and recognized when the criteria are met or using the installment or cost recovery methods, as appropriate in the circumstances. For land sale transactions under terms in which the Company is required to perform additional services and incur significant costs after title has passed, revenues and costs of sales are recognized proportionately on a percentage of completion basis. Deposits received prior to closing are recorded as a liability until the consummation of the sale at which time such amounts are generally applied toward the purchase price.

Cost of land sales is generally determined as a specific percentage of land sales revenues recognized for each land development project. The cost percentages used are based on estimates of development costs and sales revenues to completion of each project and are revised periodically for changes in estimates or development plans. The specific identification method is used to determine cost of sales of certain parcels of land.

Properties

Properties under development are carried at cost reduced for impairment losses, where appropriate. Properties held for sale are carried at cost reduced for valuation allowances, where appropriate. Acquisition, development and construction costs of properties in development and land development projects are capitalized including, where applicable, salaries and related costs, real estate taxes, interest and preconstruction costs. The pre-construction development (or an expansion of an existing property) includes efforts and related costs to secure land control and zoning, evaluate feasibility, and complete other initial tasks, which are essential to development. Provisions are made for potentially unsuccessful preconstruction efforts by charges to operations.

Properties held for sale are carried at the lower of their carrying values (i.e., cost less accumulated depreciation and any impairment loss recognized, where applicable) or estimated fair values less costs to sell. Generally, revenues and expenses related to property interests acquired with the intention to resell are not recognized.

Stock-based compensation - The Company applies Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, and Related Interpretations, in accounting for stock options issued to employees. Under APB No. 25, employee compensation cost is recognized when estimated fair value of the underlying stock on date of the grant exceeds exercise price of the stock option. For stock options and warrants issued to non-employees, the Company applies SFAS No. 123, Accounting for Stock-Based Compensation, which requires the recognition of compensation cost based upon the fair value of stock options at the grant date using the Black-Scholes Option Pricing Model.

In December 2002, the FASB issued SFAS No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure. SFAS No. 148 amends the transition and disclosure provisions of SFAS No. 123. The Company is currently evaluating SFAS

Edgar Filing: American Racing Capital, Inc. - Form 10QSB

No. 148 to determine if it will adopt SFAS No. 123 to account for employee stock options using the fair value method and, if so, when to begin transition to that method.

Principals Of Consolidation

The consolidated financial statements shown in this report excludes the historical operating information of the parent before September 30, 2002, and includes the operating information of the subsidiary, Creative Holdings, Inc., from July 3, 2002 (date of inception of the subsidiary), and the operating information of Sea Garden Funding, LLC from November 2002 (the date of the purchase of 80% of the LLC) to June 30, 2005.

All intercompany transactions have been eliminated.

Results Of Operations For The Three Months Ended June 30, 2005, Compared To The Three Months Period Ended June 30, 2004

Revenues

Revenue for the three months ended June 30, 2005, was \$1,733,032, an increase of \$1,733,032, or 100%, as compared to \$0 in revenues for the same period ended June 30, 2004. The increase in revenues in 2005 was attributable to strong sales of units at the Sea Garden Project in the second quarter, where the Company sold no units in 2004. We anticipate revenues for the fiscal year ending 2005 to consist mainly or completely of the sale of units at the Sea Garden Project.

10

Cost of revenue. Cost of revenue for the three months ended June 30, 2005 was \$1,205,269. These costs were associated with construction costs on units at the Sea Garden Project. This represented an increase of 99.86% over the cost of revenues for the same period ended June 30, 2004, which was \$1,629, due to limited construction activities and no construction revenues.

Gross profit. Gross profit for the three months ended June 30, 2005 was \$527,753. The gross profit represented revenues received for sales of units at the Sea Garden Project along with construction costs associated with building and financing the units. There was no gross profit for the three months ended June 30, 2004.

Operating expenses. Operating expenses for the three months ended June 30, 2005, were \$113,412, as compared to \$28,801, for the three months ended June 30, 2004. Operating expenses in 2005 consisted of \$76,250 in consulting and professional fees and \$37,162 in general and administrative expenses. The increase of \$84,611, or 74.60%, from 2004 to 2005 was almost entirely attributable to increased activity at the Sea Garden Project.

Other income (expense). Other income (expense) for the three months ended June 30, 2005, was a net expense of \$112, a decrease of \$8,512, or 99.70%, as compared to a net expense of \$8,624 for the three months ended June 30, 2004. The decrease in other expense in 2005 was primarily attributable to retirement of debt in the quarter and the subsequent reduction in interest expense booked in the current quarter.

Net income (loss). The Company had a net income before provision for income taxes of \$309,665 for the three months ended June 30, 2005, as compared to a net loss of \$35,289 for the three months ended June 30, 2004. The increase of \$344,954, or 111.39% was mostly attributable to strong sales at the Sea Garden Project. There was no provision for income taxes in the period;

Edgar Filing: American Racing Capital, Inc. - Form 10QSB

therefore, the net income after provision for income taxes was also \$309,665.

Results Of Operations For The Period Ended June 30, 2005, Compared To The Period Ended June 30, 2004

Revenues

Revenue for the six months ended June 30, 2005, was \$3,481,623, an increase of \$3,481,623, or 100%, when compared to \$0 in revenues for the six months ended June 30, 2004. The increase in revenues in 2005 was attributable to strong sales of units at the Sea Garden project in the first half of 2005, where as the Company sold no units in 2004. We anticipate revenues for the fiscal year ending 2005 to consist mainly or completely of the sale of units at the Sea Garden Project.

Cost of revenue. Cost of revenue for the six months ended June 30, 2005 was \$2,506,269, an increase of \$2,504,640, or 99.9%, over the cost of revenue for the same period in 2004. These costs were associated with construction costs on units at the Sea Garden Project. There was \$1,629 in cost of revenues for the six months ended June 30, 2004, as there limited construction activities and no construction revenues.

Gross profit. Gross profit for the six months ended June 30, 2005 was \$975,354. The gross profit represented revenues received for sales of units at the Sea Garden Project along with construction costs associated with building and financing the units. There was no gross profit for the six months ended June 30, 2004.

Operating expenses. Operating expenses for the six months ended June 30, 2005, were \$172,462, as compared to \$55,123, for the six months ended June 30, 2004. Operating expenses in 2005 consisted of \$52,500 in consulting and professional fees and \$119,962 in general and administrative expenses. The increase of \$117,339, or 68%, from 2004 to 2005 was almost entirely attributable to increased activity at the Sea Garden Project.

Other income (expense). Plan Of Operation

In October 2005, the Company entered into two share exchange transactions with ARCI and ARCD, respectively. As a result of the share exchange transactions, ARCI and ARCD became wholly-owned subsidiaries of the Company and the Company's management focused on a different business model. ARCI, as a holding company for motor sport industries, develops relationships with companies that are seeking to utilize motor sports as a revenue generating, promotional opportunity. ARCI consists of Fast One, Inc., a consulting group dedicated to racetrack development and design and DJ Motorsports, a company with plans to develop and operate competitive race teams.

On November 18, 2005, the Board appointed two new directors and the former directors resigned from the Board. The new directors consisted of D. Davy Jones and Robert Koveleski. John W. The new Board has devised a new plan of operations which seeks to integrate race track design and development operations with a professional racing team and a national driving school network to leverage the popularity and growth of the motor sports industry.

For the next 12 months, the Company anticipates that it will need \$2,500,000 to fund event and administrative operations and provide working capital, in addition to funding necessary to acquire and develop race track projects. The Company will seek debt financing to launch any new race track projects and will seek equity funding or a combination of debt/equity financing for operations.
