ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On July 24, 2007, Aaron Rents, Inc. issued a press release to announce its financial results for the second quarter of 2007. A copy of the press release is attached as Exhibit 99.1.

The press release presents the Company's growth in net earnings from the first six months of 2006 to the comparable period in 2007 excluding the gain from the sales of the Company's Puerto Rican operations in 2006 and a parking deck at the Company's corporate headquarters in 2007. It also presents the Company's estimate of its diluted earnings per share for fiscal 2007 excluding the gain on the sale of the parking deck. As neither dispositions of a significant number of stores to a single purchaser nor material real estate sales are common occurrences in the Company's businesses, management believes that presentation of these particular non-GAAP financial measures are useful because they allow investors to more easily evaluate and compare the performance of the Company's core sales and lease ownership and corporate furnishings businesses from period to period. Non-GAAP financial measures however should not be considered in isolation or as an alternative to financial measures calculated and presented in accordance with GAAP, such as the Company's GAAP basis net earnings and diluted earnings per share, which are also presented in the press release.
