## PART I

### ITEM 1. DESCRIPTION OF BUSINESS.

#### GENERAL DESCRIPTION OF BUSINESS

*Forward-Looking Statements and Associated Risks. This filing contains forward-looking statements, including statements regarding European Micro Holdings, Inc.'s ("European Micro" or the "Company") projections on the amount and timing of liquidating distribution. In addition, when used in this filing, the words "believes," "anticipates," "intends," "anticipation of," "expects," and similar words are intended to identify certain forward-looking statements. These forward-looking statements are based largely on the Company's expectations and are subject to a number of risks and uncertainties, many of which are beyond the Company's control. Actual results could differ materially from these forward-looking statements. In light of these risks and uncertainties, there can be no assurance that the forward-looking statements contained in this filing will in fact occur. The Company does not undertake any obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect any future events or circumstances.*

*Unless the context otherwise requires and except as otherwise specified, references herein to "European Micro" or the "Company" include European Micro Holdings, Inc. and its five wholly-owned subsidiaries, European Micro Plc, a company organized under the laws of the United Kingdom ("European Micro UK"), Nor'Easter Micro, Inc., a Nevada corporation ("Nor'Easter"), Colchester Enterprise Pte. Ltd., a company organized under the laws of Singapore ("Colchester"), American Micro Computer Center, Inc., a Florida corporation ("American Micro"), Engenis.com Ltd., a company organized under the laws of the United Kingdom ("Engenis"), (collectively, the five wholly-owned subsidiaries are referred to as the "Subsidiaries").*

#### Overview

The Company was an independent distributor of microcomputer products, including personal computers, memory modules, disc drives and networking products, to customers mainly in Western Europe and to customers and related parties in the United States and Asia. The Company's customers consisted of value-added resellers, corporate resellers, retailers, direct marketers and distributors. The Company generally did not sell to end-users. The Company monitored the geographic pricing strategies related to such products, currency fluctuations and product availability in an attempt to obtain inventory at favorable prices from other distributors, resellers and wholesalers.

In July 2001, management approved a plan for the liquidation and eventual sale or dissolution of the Company. Accordingly, we have been engaged in an ongoing orderly liquidation of our assets. With the exception of accounting and other professional and administrative expenses, the Company did not have any operations for the years June 30, 2007 and 2006. Management is currently marketing the Company for sale. As of September 30, 2007, liquidation is almost complete with the only asset being cash in the approximate amount of \$598.

The Company had suffered operating losses in fiscal 2000 and 2001. Ongoing legal costs associated with the litigation related to Big Blue Europe, the costs associated with the Company's electronic commerce strategy, increases in general overhead costs, and increased interest expense due primarily to increased borrowings, coupled with decreasing sales volumes and gross profit margins, negatively impacted operating results. These factors resulted in the noncompliance of the financial covenants of the Company's loan agreements. Due to these operating results and the covenant violations, the lender on the American Micro and Nor'Easter lines of credit and the European Micro Holdings, Inc. term loan demanded repayment of the Nor'Easter line of credit before June 15, 2001 and the American Micro line of credit and the European Micro Holdings term loan by August 15, 2001. As a result, during April 2001, the Company decided to cease operations at Nor'Easter and during June 2001, the Company decided to cease operation at

Colchester. The Nor'Easter line of credit was repaid on June 15, 2001. The American Micro line of credit was repaid during May 2001. The European Micro Holdings term loan was repaid on August 20, 2001.

The contingent earn-out payment of the American Micro acquisition relating to two times the after tax earnings for calendar year 2000 of approximately \$1,839,000 was due to the former American Micro shareholders. As a result of financial restrictions imposed by the lender on the American Micro and Nor'Easter lines of credit, on February 20, 2001, the Company delivered two Secured Promissory Notes ("Notes") to the former American Micro shareholders in the original amount of \$823,712 each. The Notes called for monthly principal payments of \$50,000, plus interest at 8% commencing April 1, 2001, subject to financial covenant restrictions. Each Note was due in full within (30) days of the satisfaction of the American Micro and Nor'Easter lines of credit. On July 15, 2001, the Company notified the former American Micro shareholders that it would be unable to meet its obligations under each Note. After the repayment of the American Micro and Nor'Easter lines of credit along with the repayment of the European Micro Holdings, Inc. term loan, the Company was no longer restricted from performing its obligations to the American Micro shareholders. On August 22, 2001 the former American Micro shareholders demanded full payment of the Notes. On September 1, 2001 the notes payable to the former American Micro shareholders were settled by transfer of all American Micro shares from European Micro Holdings to the former American Micro shareholders.

Another factor that negatively impacted the Company's liquidity was the terms of the borrowing arrangements of European Micro UK. European Micro UK's borrowing capacity was subject to termination by the lender at the lender's sole discretion. During August, 2001 the lender on the European Micro UK's line of credit demanded repayment. European Micro UK was able to repay the line of credit with a loan from a significant shareholder.

Hence, with the complete termination of all lines of credit available to the Company, the closures of Nor'easter and Colchester and the loss of American Micro, the Company had no alternative but to proceed with a complete liquidation of all assets.

European Micro Holding's headquarters are located at 2631 East Oakland Park Blvd, Suite 201, Ft. Lauderdale, Florida 33306, and its telephone number is (954) 524-1888.

**ITEM 6. PLAN OF OPERATIONS.**

The following information should be read in conjunction with the consolidated financial statements of the Company and the notes thereto appearing elsewhere in this filing.

Certain statements within this Item and throughout this Annual Report on Form 10-KSB and the documents incorporated herein are "forward-looking statements" as described in the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995. These statements involve a number of risks and uncertainties and actual results could differ materially from those projected.

**Critical Accounting Estimates**

The Company's only critical accounting estimate pertains to fair value measurement in applying the liquidation basis of accounting. Management's estimate of fair value is based upon the actual amounts collected from the liquidation of the assets and liabilities. Management does not believe these estimates could significantly change in the future.

## **Recent Accounting Pronouncements**

### *Effects of Prior Year Misstatements*

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin ("SAB") No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements". SAB No. 108 was issued in order to eliminate the diversity in practice surrounding how public companies quantify financial statement misstatements. SAB No. 108 requires that registrants quantify errors using both a balance sheet (iron curtain) approach and an income statement (rollover) approach then evaluate whether either approach results in a misstated amount that, when all relevant quantitative and qualitative factors are considered, is material. SAB No. 108 is effective for fiscal years ending after November 15, 2006. The Company has adopted the bulletin during its fiscal year ending June 30, 2007. The adoption did not have a material effect on results of operations, financial position, or cash flows.

### *Accounting for Income Taxes*

Effective January 1, 2007, the Company adopted Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). —an interpretation of FASB Statement No. 109, Accounting for Income Taxes. The Interpretation addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under FIN 48, we may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. FIN 48 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures. At the date of adoption, and as of June 30, 2007, the Company does not have a liability for unrecognized tax benefits.

The Company files income tax returns in the U.S. federal jurisdiction and various states. The Company is subject to U.S. federal or state income tax examinations by tax authorities for years after 2002. During the periods open to examination, the Company has net operating loss and tax credit carry forwards for U.S. federal and state tax purposes that have attributes from closed periods. Since these net operating losses and tax credit carry forwards may be utilized in future periods, they remain subject to examination.

The Company's policy is to record interest and penalties on uncertain tax provisions as income tax expense. As of June 30, 2007, the Company has no accrued interest or penalties related to uncertain tax positions.

### *Fair Value Measurements*

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements," which provides enhanced guidance for using fair value to measure assets and liabilities. SFAS No. 157 provides a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. SFAS No. 157 also requires expanded disclosures to provide information about the extent to which fair value is used to measure assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. SFAS No. 157 is effective for financial statements issued in fiscal years beginning after November 15, 2007 and to interim periods within those fiscal years. The Company is currently in the process of evaluating the effect, if any, the adoption of SFAS No. 157 will have on its results of operations, financial position, or cash flows.

### *Fair Value Option for Financial Assets and Financial Liabilities*

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities” (“Statement 159”). Statement 159 allows companies to voluntarily choose, at specified election dates, to measure many financial assets and financial liabilities at fair value (the “fair value option”). The election is made on an instrument-by-instrument basis and is irrevocable. If the fair value option is elected for an instrument, all unrealized gains or losses in fair value for that instrument shall be reported in earnings at each subsequent reporting date. Statement 159 is effective for fiscal years that begin after November 15, 2007, which for us will be our fiscal 2008. We are currently evaluating the impact Statement 159 will have on our consolidated financial position, results of operations and cash flows.

## Liquidity and Capital Resources

The Company's primary cash requirements were for accounting and other professional and administrative expenses which were funded by shareholder loans. Majority shareholders, John B. Gallagher and Harry D. Shields have each advanced \$20,000 and \$59,000 respectively.

*General.* The Company had suffered operating losses in fiscal 2000 and 2001. Ongoing legal costs associated with the litigation related to Big Blue Europe, the costs associated with the Company's electronic commerce strategy, increases in general overhead costs, and increased interest expense due primarily to increased borrowings, coupled with decreasing sales volumes and gross profit margins, negatively impacted operating results. These factors resulted in the noncompliance of the financial covenants of the Company's loan agreements. Due to these operating results and the covenant violations, the lender on the American Micro and Nor'Easter lines of credit and the European Micro Holdings, Inc. term loan demanded repayment of the Nor'Easter line of credit before June 15, 2001 and the American Micro line of credit and the European Micro Holdings term loan by August 15, 2001. As a result, during April 2001, the Company decided to cease operations at Nor'Easter and during June 2001, the Company decided to cease operation at Colchester. The Nor'Easter line of credit was repaid on June 15, 2001. The American Micro line of credit was repaid during May 2001. The European Micro Holdings term loan was repaid on August 20, 2001.

The contingent earn-out payment of the American Micro acquisition relating to two times the after tax earnings for calendar year 2000 of approximately \$1,839,000 was due to the former American Micro shareholders. As a result of financial restrictions imposed by the lender on the American Micro and Nor'Easter lines of credit, on February 20, 2001, the Company delivered two Secured Promissory Notes ("Notes") to the former American Micro shareholders in the original amount of \$823,712 each. The Notes called for monthly principal payments of \$50,000, plus interest at 8% commencing April 1, 2001, subject to financial covenant restrictions. Each Note was due in full within (30) days of the satisfaction of the American Micro and Nor'Easter lines of credit. On July 15, 2001, the Company notified the former American Micro shareholders that it would be unable to meet its obligations under each Note. After the repayment of the American Micro and Nor'Easter lines of credit along with the repayment of the European Micro Holdings, Inc. term loan, the Company was no longer restricted from performing its obligations to the American Micro shareholders. On August 22, 2001 the former American Micro shareholders demanded full payment of the Notes. On September 1, 2001 the notes payable to the former American Micro shareholders were settled by transfer of all American Micro shares from European Micro Holdings to the former American Micro shareholders.

Another factor that negatively impacted the Company's liquidity was the terms of the borrowing arrangements of European Micro UK. European Micro UK's borrowing capacity was subject to termination by the lender at the lender's sole discretion. During August, 2001 the lender on the European Micro UK's line of credit demanded repayment. European Micro UK was able to repay the line of credit with a loan from a significant shareholder.

Hence, with the complete termination of all lines of credit available to the Company, the closures of Nor'easter and Colchester and the loss of American Micro, the Company had no alternative but to proceed with a complete liquidation of all assets. At June 30, 2007, the Company had \$142 of cash which is a \$22,000 decrease from the June 30, 2006 amount of \$22,000. The decrease was due to payment of accounting and administrative expenses which are being funded by shareholder loans. On July 12, 2005, the Company declared a cash dividend in the aggregate amount of \$200,000 on the issued and outstanding shares of Common Stock held by shareholders of record as of August 1, 2005. The dividend was paid on September 1, 2005. As of September 30, 2007, liquidation is almost complete with the only asset being cash in the approximate amount of \$598.

## **Currency Risk Management**

*Reporting Currency.* European Micro Holding's reporting and functional currency, as defined by Statement of Financial Accounting Standards No. 52, was the U.S. dollar.

In the event that either Messrs. Gallagher or Shields cannot agree to vote his shares in concert with the other, neither shall vote his shares.

### Code of Ethics

On August 28, 2006, our Board of Directors adopted a Code of Business Conduct and Ethics that applies to all of our officers, directors and employees.

## ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

On February 2, 1999, the Company's Board formed an Acquisition Committee consisting solely of independent directors to evaluate and determine whether the Company should acquire American Surgical Supply Corp. of Florida d/b/a American Micro Computer Center ("AMCC") and, if so, on what terms. The members of the committee were Kyle R. Saxon and Barrett Sutton. John B. Gallagher, who is a significant shareholder, Co-Chairman and Co-President of the Company, was the President and a Director of AMCC and owned fifty percent of its outstanding capital stock. Frank Cruz, who was the Chief Operating Officer of the Company, had been an employee of AMCC since 1994. He was an employee of American Micro, the newly-formed, wholly-owned subsidiary of the Company formed to acquire AMCC. The remaining fifty percent of AMCC's outstanding capital stock was owned by Mr. Gallagher's father. The committee's charter authorized it to take any action it deemed necessary to properly evaluate and determine whether the Company should acquire AMCC, including hiring independent advisors and ensuring that any such transaction

was fair to the Company and its stockholders from a financial point of view. The committee hired independent legal counsel and an independent financial advisor to render a fairness opinion. On July 1, 1999, the Company acquired AMCC.

During Fiscal 2005, the Company repaid money to Harry D. Shields. Harry D. Shields who is the Co-Chairman, Co-President, director and a significant stockholder of the Company, was also the owner of Technology Express, Inc. John B. Gallagher who is the Co-Chairman, Co-President, director and a significant stockholder of the Company, was also the owner of American Micro. **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors of  
European Micro Holdings, Inc. and Subsidiaries:

We have audited the accompanying consolidated statement of net assets in liquidation of European Micro Holdings, Inc. and Subsidiaries (the "Company") as of June 30, 2007 and the related consolidated statements of changes in net assets and cash flows for the years ended June 30, 2007 and 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2 to the financial statements, the stockholders of the Company approved a plan of liquidation on July 1, 2001, and the Company commenced liquidation shortly thereafter. As a result, the Company has changed its basis of accounting for periods subsequent to June 30, 2001 from the going-concern basis to a liquidation basis.

In our opinion, the consolidated financial statements referred to above, present fairly, in all material respects, the financial position of European Micro Holdings, Inc. and Subsidiaries as of June 30, 2007, and the results of their operations and their cash flows for the years ended June 30, 2007 and 2006, in conformity with accounting principles generally accepted in the United States of America applied on the bases described in the preceding paragraph.

**Note 1**

**Summary of Significant Accounting Policies and Organization**

**(A) Organization**

On December 23, 1997, European Micro Holdings, Inc. was incorporated, in the state of Nevada, and 4,000,000 shares of common stock with a par value of \$0.01 per share were issued. The 4,000,000 shares were issued to the shareholders of European Micro Plc in exchange for the entire issued share capital of that company on January 31, 1998. European Micro Holdings, Inc. and its subsidiaries are hereinafter referred to as “European Micro” or “the Company.”

In July 2001, management approved a plan for the liquidation and eventual sale or dissolution of the Company. Accordingly, we have been engaged in an ongoing orderly liquidation of our assets. With the exception of accounting and other professional and administrative expenses, the Company did not have any operations for the years June 30, 2007 and 2006. Management is currently marketing the Company for sale. As of September 30, 2007, liquidation is almost complete with the only asset being cash in the approximate amount of \$598.

The Company had suffered operating losses in fiscal 2000 and 2001. Ongoing legal costs associated with the litigation related to Big Blue Europe, the costs associated with the Company’s electronic commerce strategy, increases in general overhead costs, and increased interest expense due primarily to increased borrowings, coupled with decreasing sales volumes and gross profit margins, have negatively impacted operating results. These factors resulted in the noncompliance of the financial covenants of the Company’s loan agreements. Due to these operating results and the covenant violations, the lender on the American Micro and Nor’Easter lines of credit and the European Micro Holdings, Inc. term loan demanded repayment of the Nor’Easter line of credit before June 15, 2001 and the American Micro line of credit and the European Micro Holdings term loan by August 15, 2001. As a result, during April 2001, the Company decided to cease operations at Nor’Easter and during June 2001, the Company decided to cease operations at Colchester. The Nor’Easter line of credit was repaid on June 15, 2001. The American Micro line of credit was repaid during May 2001. The European Micro Holdings term loan was repaid on August 20, 2001.

The contingent earn-out payment of the American Micro acquisition relating to two times the after tax earnings for calendar year 2000 of approximately \$1,839,000 was due to the former American Micro shareholders. As a result of financial restrictions imposed by the lender on the American Micro and Nor’Easter lines of credit, on February 20, 2001, the Company delivered two Secured Promissory Notes (“Notes”) to the former American Micro shareholders in the original amount of \$823,712 each. The Notes called for monthly principal payments of \$50,000, plus interest at 8% commencing April 1, 2001, subject to financial covenant restrictions. Each Note was due in full within (30) days of the satisfaction of the American Micro and Nor’Easter lines of credit. On July 15, 2001, the Company notified the former American Micro shareholders that it would be unable to meet its obligations under each Note. After the repayment of the American Micro and Nor’Easter lines of credit along with the repayment of the European Micro Holdings, Inc. term loan, the Company was no longer restricted from performing its obligations to the American Micro shareholders. On August 22, 2001 the former American Micro shareholders demanded full payment of the Notes. On September 1, 2001 the Notes to the former American Micro shareholders were settled by transfer of all American Micro shares from European Micro Holdings to the former American Micro shareholders.

European Micro Holdings, Inc. and Subsidiaries

**Notes to the Consolidated Financial Statements**  
**As of June 30, 2007** *(continued)*

**Summary of Significant Accounting Policies and Organization** *(continued)*

Another factor that negatively impacted the Company's liquidity was the terms of the borrowing arrangements of European Micro UK. European Micro UK's borrowing capacity was subject to termination by the lender at lender's sole discretion and during August, 2001 the lender on the European Micro UK's line of credit demanded repayment. European Micro UK was able to repay the line of credit with a loan from a significant shareholder. This loan to a significant shareholder was completely repaid on April 3, 2003.

Hence, with the complete termination of all lines of credit available to the Company, the closures of Nor'easter and Colchester and the loss of American Micro, the Company had no alternative but to proceed with a complete liquidation of all assets.

**(B) Principles of Consolidation**

The consolidated financial statements include the accounts of the Company and its wholly owned inactive subsidiaries. All significant intercompany balances and transactions are eliminated in consolidation.

**(C) Basis of Presentation**

The consolidated financial statements are expressed in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America, under the liquidation basis of accounting since July 1, 2001.

**(D) Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts could differ significantly from these estimates.

**(E) Income Taxes**

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

**(F) Fair Value of Financial Instruments**

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale or liquidation.

The carrying amounts of the Company's financial instruments, including cash, accrued expenses and other current liabilities and due to related parties approximate fair value because of their short maturities.

**Summary of Significant Accounting Policies and Organization** *(continued)*

**(G) Loss Per Common Share**

Since the adoption of the liquidation basis of accounting on July 1, 2001, loss per share was not computed as such amounts are not deemed to be meaningful.

**(H) Adoption of New Accounting Policy**

*Effects of Prior Year Misstatements*

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin ("SAB") No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements". SAB No. 108 was issued in order to eliminate the diversity in practice surrounding how public companies quantify financial statement misstatements. SAB No. 108 requires that registrants quantify errors using both a balance sheet (iron curtain) approach and an income statement (rollover) approach then evaluate whether either approach results in a misstated amount that, when all relevant quantitative and qualitative factors are considered, is material. SAB No. 108 is effective for fiscal years ending after November 15, 2006. The Company has adopted the bulletin during its fiscal year ending June 30, 2007. The adoption did not have a material effect on results of operations, financial position, or cash flows.

*Accounting for Income Taxes*

Effective January 1, 2007, the Company adopted Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). —*an interpretation of FASB Statement No. 109, Accounting for Income Taxes*. The Interpretation addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under FIN 48, we may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. FIN 48 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures. At the date of adoption, and as of June 30, 2007, the Company does not have a liability for unrecognized tax benefits.

The Company files income tax returns in the U.S. federal jurisdiction and various states. The Company is subject to U.S. federal or state income tax examinations by tax authorities for years after 2002. During the periods open to examination, the Company has net operating loss and tax credit carry forwards for U.S. federal and state tax purposes that have attributes from closed periods. Since these net operating losses and tax credit carry forwards may be utilized in future periods, they remain subject to examination.

The Company's policy is to record interest and penalties on uncertain tax provisions as income tax expense. As of June 30, 2007, the Company has no accrued interest or penalties related to uncertain tax positions.

*Fair Value Measurements*

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements," which provides enhanced guidance for using fair value to measure assets and liabilities. SFAS No. 157 provides a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. SFAS No. 157 also requires expanded disclosures to provide information about the extent to which fair value is used to measure assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. SFAS No. 157 is effective for financial statements issued in fiscal years beginning after November 15, 2007 and to interim periods within those fiscal years. The Company is currently in the process of evaluating the effect, if any, the adoption of SFAS No. 157 will have on its results of operations, financial position, or cash flows.

*Fair Value Option for Financial Assets and Financial Liabilities*

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("Statement 159"). Statement 159 allows companies to voluntarily choose, at specified election dates, to measure many financial assets and financial liabilities at fair value (the "fair value option"). The election is made on an instrument-by-instrument basis and is irrevocable. If the fair value option is elected for an instrument, all unrealized gains or losses in fair value for that instrument shall be reported in earnings at each subsequent reporting date. Statement 159 is effective for fiscal years that begin after November 15, 2007, which for us will be our fiscal 2008. We are currently evaluating the impact Statement 159 will have on our consolidated financial position, results of operations and cash flows.

**European Micro Holdings, Inc. and Subsidiaries****Notes to the Consolidated Financial Statements**  
*As of June 30, 2007(continued)***2****Taxes**

Provision has not been made for U.S. or additional foreign taxes on approximately \$3,672,000 at June 30, 2000, of undistributed earnings of foreign subsidiaries, as those earnings were intended to be permanently reinvested. The foreign subsidiaries incurred substantial losses in excess of undistributed earnings for the years ended June 30, 2005, 2004, 2003, 2002 and 2001, and as a result there are no longer any undistributed earnings from foreign subsidiaries that could be repatriated to the US.

A reconciliation between actual income taxes and amounts computed by applying the federal statutory rate of 34% to earnings before income taxes is summarized as follows (in thousands):

	<b>Years ended June 30,</b>	
	<b>2007</b>	<b>2006</b>
US federal statutory rate on loss before income taxes	\$ (17)	\$ (20)
Change in valuation allowance	17	20
Income tax benefit	\$ -	\$ -

Sources of deferred tax assets are as follows (in thousands):

	<b>June 30, 2007</b>
<i>Deferred tax assets:</i>	
Property and equipment, principally due to differences in depreciation and amortization	\$ 1,236
Net operating loss carry forwards	1,921
Other	386
<b>Total gross deferred tax assets</b>	<b>3,543</b>
Valuation allowance	(3,543)
Net deferred tax assets	\$ -0-

The Company has U.S. federal net operating loss carryforwards of approximately \$4,300,000, which will begin to expire in 2018. The use of this net operating loss in future years may be restricted under Section 382 of the Internal Revenue Code. The valuation allowance, which increased in fiscal year 2007 by \$17,000, has been provided for deferred tax assets as recoverability in future periods is not deemed to be more likely than not.
