PROXY STATEMENT

This proxy statement contains information related to the Special Meeting of Stockholders (the “Special Meeting”) of NeoMedia Technologies, Inc., a Delaware corporation (the “Company”), to be held at the offices of the Company at Two Concourse Parkway, Suite 500, Atlanta, Georgia 30328 on December 10, 2008, beginning at 9:30 a.m., Eastern Standard Time, and at any postponements or adjournments thereof, for the purposes set forth herein. This proxy statement and the enclosed proxy are first being mailed on or about November 3, 2008 to all stockholders entitled to vote. The Company is making this proxy solicitation.

ABOUT THE MEETING

What Is The Purpose Of The Special Meeting?

At the Special Meeting, stockholders will act upon the matters outlined in the Notice of Meeting on the cover page of this proxy statement, which relates to a decrease in the par value of the Company’s common stock from \$0.01 to \$0.0001 per share.

Who Is Entitled To Vote?

Only stockholders of record on the close of business October 22, 2008 (the “Record Date”) are entitled to receive notice of the Special Meeting and to vote the shares of capital stock that they held on the Record Date at the Special Meeting, or any postponements or adjournments of the meeting. Holders of the Company’s Series C Preferred Stock have voting rights on an “as-converted” basis whereby, based on current market prices, each share of Series C Convertible Preferred Stock shall vote the equivalent to 100,000 shares of common stock and shall vote together with holders of common stock. See the section herein entitled “Description of Securities.”

Who Can Attend The Special Meeting?

All stockholders of record as of the Record Date, or their duly appointed proxies, may attend the Special Meeting. Seating, however, is limited. Admission to the meeting will be on a first-come, first-serve basis. Registration will begin at 9:00 a.m., and seating will begin at 9:15 a.m. Each stockholder may be asked to present valid picture identification, such as a driver’s license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please note that if you hold your shares in “street name” (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What Constitutes A Quorum?

The presence at the Special Meeting, in person or by proxy, of the holders of a majority of the shares of voting capital stock outstanding on the Record Date will constitute a quorum, permitting the meeting to conduct its business. As of the Record Date, the stockholders held a total of 3,230,944,960 votes, including 1,300,244,960 shares of common stock and 19,307 shares of Series C Convertible Preferred Stock, each share of which is entitled to vote the equivalent to 100,000 shares of common stock. As such, holders of at least 1,615,472,481 votes must be present at the meeting, in person or by proxy, to obtain a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How Do I Vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, then it will be voted as you direct. If you are a registered stockholder and attend the meeting, then you may deliver your completed proxy card in person or vote by ballot at the meeting. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

1

What If I Do Not Specify How My Shares Are To Be Voted?

If you submit a proxy but do not indicate any voting instructions, then your shares will be voted in accordance with the Board's recommendations.

Can I Change My Vote After I Return My Proxy Card?

Yes. Even after you have submitted your proxy card, you may change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What Are The Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendation of the Board of Directors. The Board's recommendation is set forth together with the description of such item in this proxy statement. In summary, the Board recommends a vote:

- **“FOR”** the approval to amend the Company's Certificate of Incorporation to decrease the par value of the Company's common stock from \$0.01 to \$0.0001 per share (see page 5).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What Vote Is Required To Approve Each Item?

Approval To Amend The Company's Certificate of Incorporation. For the approval to amend the Company's Certificate of Incorporation to decrease the par value of the Company's common stock from \$0.01 to \$0.0001 per share, the affirmative vote of the holders of a majority of the 3,230,944,960 outstanding shares entitled to vote will be required for approval (at least 1,615,472,481 votes). A properly executed proxy marked "Abstain" with respect to such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes," however, will be counted in determining whether there is a quorum.

PROPOSAL - AMEND COMPANY'S CERTIFICATE OF INCORPORATION TO DECREASE PAR VALUE OF THE COMPANY'S COMMON STOCK TO \$0.0001 PER SHARE

General Information

The Board of Directors has unanimously voted in favor of the Company decreasing the par value of the Company's common stock from \$0.01 to \$0001 and strongly urges you to vote in favor of this proposal. The Board believes that a decrease in the par value is in the best interests of the stockholders because it will provide the Company greater flexibility to sell and issue shares of its common stock when desirable. State corporate laws prevent the Company from issuing shares of its common stock at a price per share below par. In light of the fact that the Company's common stock has consistently traded below \$0.01 in recent months, the Company has been unable to sell and issue shares of its common stock at current market prices. Lowering the Company's par to a value which is less than recent market prices will enable the Company to do the following:

- Comply with the terms of certain conversion provisions set forth in that certain Certificate of Designations of Series C Convertible Preferred Stock which entitle holders of Series C Convertible Preferred Stock to convert (at certain times and subject to the terms therein) shares of Series C Convertible Preferred Stock into common stock at a discount to market price.
- Conduct a registration rights offering to existing stockholders whereby the Company may offer shares of common stock to such existing stockholders at a discount to the current trading price. Such an offering could generate cash for the Company to augment and possibly accelerate the Company's efforts to bring products to market. Such an offering could also partially offset dilution experienced by legacy stockholders.
 - Revalue certain options and warrants outstanding to current and former officers, employees and creditors.
 - Properly incentivize current and future employees by issuing stock options at current market prices.

There are possible negative ramifications associated with lowering the par value of the common stock. For example, stockholders could experience dilution upon the issuance of new shares as contemplated by those activities described above. Also, the issuance of common stock at a lower price may afford the Company added flexibility to deter a potential takeover of the Company that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the Board's desires. A takeover may be beneficial to independent stockholders because, among other reasons, a potential suitor may offer such stockholders a premium for their shares of stock compared to the then-existing market price. The Company does not have any plans or proposals to adopt provisions or enter into agreements that may have material anti-takeover consequences. Although there are these negative possibilities, the Company's management and Board believe that the benefits to the Company's stockholders outweigh the negatives.

THIS CHANGE WILL NOT DECREASE THE BOOK VALUE OR MARKET VALUE OF YOUR SHARES OR CHANGE ANY OF YOUR RIGHTS AND PRIVILEGES AS A STOCKHOLDER OF THE COMPANY.

Amendment to the Certificate of Incorporation

If the amendment to our Certificate of Incorporation is adopted, an amendment to the Certificate of Incorporation of the Company shall be filed with the Secretary of State of the State of Delaware so that Article IV therein reads as follows:

“Article IV. Authorized Stock.

The total number of shares of capital stock that the Corporation is authorized to issue is 5,025,000,000, which are divided into two (2) classes as follows: 5,000,000,000 shares of common stock, par value \$0.0001 per share, and 25,000,000 shares of preferred stock, par value \$0.01 per share.”

5

Vote Required For An Increase In Authorized Shares Of Common Stock

Approval to amend the Company's Certificate of Incorporation to decrease the par value of the Company's common stock from \$0.01 to \$0.0001 per share will require that the holders of at least a majority of the outstanding shares entitled to vote thereon vote "**FOR**" the proposal.

Recommendation Of The Board Of Directors

Our Board of Directors unanimously recommends a vote "**FOR**" the approval.

6

DESCRIPTION OF SECURITIES

The following description of our capital stock and certain provisions of our Certificate of Incorporation and Bylaws is a summary. For additional information, please refer to our Certificate of Incorporation, as amended, and Bylaws.

Common Stock

On June 28, 2006, our stockholders voted to increase our number of shares of authorized common stock from 1,000,000,000 to 5,000,000,000. As of October 22, 2008, 1,300,244,960 common shares were outstanding. Holders of common stock are entitled to one vote for each share held of record on each matter submitted to a vote of stockholders. Holders of the common stock do not have cumulative voting rights, which means that the holders of more than one half of our outstanding shares of common stock, subject to the rights of the holders of preferred stock, can elect all of our directors, if they choose to do so. In this event, the holders of the remaining shares of common stock would not be able to elect any directors. Subject to the prior rights of any class or series of preferred stock which may from time to time be outstanding, if any, holders of common stock are entitled to receive ratably, dividends when, as, and if declared by the Board of Directors out of funds legally available for that purpose and, upon our liquidation, dissolution, or winding up, are entitled to share ratably in all assets remaining after payment of liabilities and payment of accrued dividends and liquidation preferences on the preferred stock, if any. Holders of common stock have no preemptive rights and have no rights to convert their common stock into any other securities. Exclusive of the Company's intention to initiate a shareholder rights offering, our common stock carries no intrinsic right to acquire additional shares and offset actual or potential dilution. In the event we were to elect to sell additional shares of common stock to the public, following this offering, investors in this offering would have no right to purchase additional shares. As a result, their percentage equity interest in us would be diluted.

Except as otherwise permitted by Delaware law, and subject to the rights of the holders of preferred stock, all stockholder action is taken by the vote of a majority of the outstanding shares of common stock voted as a single class present at a meeting of stockholders at which a quorum consisting of a majority of the outstanding shares of common stock is present in person or proxy.

Preferred Stock

The Company is authorized to issue 25,000,000 shares of preferred stock, par value \$0.01 per share. The Company may issue preferred stock in one or more series and having the rights, privileges, and limitations, including voting rights, conversion rights, liquidation preferences, dividend rights and preferences and redemption rights, as may, from time to time, be determined by the Board of Directors. Preferred stock may be issued in the future in connection with acquisitions, financings, or other matters, as the Board of Directors deems appropriate. In the event that the Company determines to issue any shares of preferred stock, a certificate of designation containing the rights, privileges, and limitations of this series of preferred stock shall be filed with the Secretary of State of the State of Delaware. The effect of this preferred stock designation power is that the Board of Directors alone, subject to Federal securities laws, applicable blue sky laws, and Delaware law, may be able to authorize the issuance of preferred stock which could have the effect of delaying, deferring, or preventing a change in control of the Company without further action by its stockholders, and may adversely affect the voting and other rights of the holders of the Company's common stock. The issuance of preferred stock with voting and conversion rights may also adversely affect the voting power of the holders of the Company's common stock, including the loss of voting control to others.

Series A Preferred Stock. During December 1999, the Board of Directors approved a Certificate of Resolutions Designating Rights and Preferences of preferred stock, filed with the Secretary of State of the State of Delaware on December 20, 1999. By this approval and filing, 200,000 shares of Series A Preferred Stock were designated. Series A Preferred Stock which carries the following rights:

The Series A Preferred Stock was created in connection with the Company's stockholders rights plan. No shares of Series A Preferred have been issued or are currently outstanding.

- Each share is entitled to one vote per share, and vote together with holders of common stock.

On January 2, 2002, such shares were converted into 452,489 shares of common stock. As of the Record Date, there are no shares of Series A Convertible Preferred Stock issued and outstanding.

Anti-Takeover Effects Of Provisions Of The Certificate Of Incorporation

On December 10, 1999, the Board of Directors adopted a stockholders rights plan and declared a non-taxable dividend of one right on each outstanding share of the Company's common stock to stockholders of record on December 10, 1999 and each share of common stock issued prior to the rights plan trigger date. The stockholder rights plan was adopted as an anti-takeover measure, commonly referred to as a "poison pill." The stockholder rights plan was designed to enable all stockholders to receive fair and equal treatment in any proposed takeover of the corporation and to guard against partial or two-tiered tender offers, open market accumulations and other hostile takeover tactics to gain control of the Company. The stockholders rights plan, which is similar to plans adopted by many leading public companies, was not adopted in response to any effort to acquire control of the Company at the time of adoption. Certain of the Company's former directors, former officers and principal stockholders, Charles W. Fritz, William E. Fritz and The Fritz Family Limited Partnership and their holdings, were exempted from the triggering provisions of the Company's "poison pill" plan, as a result of the fact that, as of the plans adoption, their holdings might have otherwise triggered the "poison pill".
