\* Board Declares Cash Dividend

Yoqneam, Israel, March 15, 2010— MIND C.T.I. LTD. (NasdaqGM:MNDO), a leading provider of convergent end-to-end billing and customer care product based solutions for service providers as well as telecom expense management (call accounting) solutions, today announced results for the fourth quarter and year ended December 31, 2009.

### Financial Highlights of Q4 2009

- Revenues of \$5.0 million, compared with \$4.6 million in the fourth quarter of 2008.
- Non-GAAP operating income was \$1.4 million, or 28% of revenue, excluding amortization of intangible assets of \$87 thousand and equity-based compensation expense of \$36 thousand.
  - GAAP operating income was \$1.2 million.
- GAAP net income of \$1.1 million or \$0.06 per share, compared with GAAP net loss of \$3.2 million or \$0.15 per share in the fourth quarter of 2008.

## Year 2009 Operating Highlights

- Revenues of \$17.6 million, compared with \$19.5 million in 2008.
- Non-GAAP operating income was \$2.7 million, or 15% of revenue, excluding amortization of intangible assets of \$338 thousand and equity-based compensation expense of \$143 thousand.
  - GAAP operating income was \$2.2 million, compared with operating loss of \$2.3 million in 2008.
- GAAP net income of \$19.8 million or \$1.04 per share, including a one time financial income from a cash settlement in the amount of \$18.5 million, compared with GAAP net loss of \$6.4 million or \$0.30 per share in 2008 including impairment of ARS in the amount of \$4.2 million.
  - Cash flow from operating activities was \$6.3 million.
- Cash position as of December 31, 2009 of \$18.2 million after a special dividend distribution of \$0.80 per share in the amount of \$14.8 million and a \$1.2 million expenditure for the buyback of 1.1 million shares.
  - The number of outstanding shares after completion of the buy-back plan is 18,428,918.
- Backlog as of December 31, 2009 includes approximately \$12.0 million that is expected to be billed by year-end.

Monica Eisinger, Chairperson and CEO, commented: "We believe that the revenue decrease encountered in 2009 was mainly due to lowered spending in the global telecom markets starting the end of 2007, the impact on MIND being a lack of significant new wins and follow-on orders in 2008. We are pleased that in 2009 we were more successful in closing deals that will generate future revenue. Of course, we are also pleased with our outstanding execution on cash flow and hope to re-achieve in the near future the 20% non GAAP operating margin that has been our ongoing target in the past and has become our goal again as the economy is expected to improve."

#### Revenue Distribution for Q4 2009

Sales in the Americas represented 53.5% and sales in Europe represented 37.5% of total revenue.

Revenue from our customer care and billing software totaled \$4.43 million, while revenue from our enterprise call accounting software was \$539 thousand. Revenue from licenses was \$2.0 million, or 39.7% and \$3.0 million, or 60.3% from maintenance and additional services.

Revenue Distribution for Full Year 2009

Sales in the Americas represented 43.9% and sales in Europe represented 47.3% of total revenue.

Revenue from our customer care and billing software totaled \$15.1 million, while revenue from our enterprise call accounting software was \$2.5 million. Revenue from licenses was \$6.2 million, or 34.9% and \$11.4 million, or 65.1% from maintenance and additional services, in line with our expectations.

#### **Customer Wins**

In 2009 we won and announced four new customers and two major upgrades.

- a regional mobile operator in the US that offers postpaid and prepaid wireless, Internet, long distance and paging services.
  - a new operator in Africa, launching a WiMAX network.
- a follow-on order with an existing Caribbean customer, for a complete end-to-end convergent prepaid and postpaid billing including among many modules the MIND Point of Sale, inventory management, and interconnect.. The agreement is for four years and includes migration from existing solutions, license, implementation services and maintenance support.
- a leading international communications provider offering mobile, broadband, domestic and international fixed line services, for their operation in one country in Central America. MIND will provide mediation, rating and billing for prepaid calling cards. The MINDBill solution will handle millions of prepaid calling cards supporting multiple services through its built-in balance manager.
  - a new NextGen operator that plans to start offering voice and IP services in Eastern Europe.

#### Dividend Distribution

As previously announced, on December 30, 2009 the Board of Directors resolved that the Company should seek the court approval formally required in order to enable a distribution of a cash dividend in the amount of \$0.20 per share, similar to previous years. Under Israeli law, a company with insufficient retained earnings is required to obtain approval from the court for such a distribution. Following the receipt of approval from the District Court of Haifa, on March 14, 2010 the Board declared a cash dividend of \$0.20 per share before withholding tax.

The record date for the dividend will be March 25, 2010 and the payment date will be April 12, 2010. Tax will be withheld at a rate of 20%.
