We are taking advantage of the Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders over the Internet. Your vote and that your shares be represented at the meeting are both very important. We urge you to vote as soon as possible by telephone, over the Internet or by marking, signing and returning your proxy or voting instruction card, even if you plan to attend the Annual Meeting in person. If you attend the meeting and wish to vote in person, you may withdraw your proxy and vote in person. Your prompt consideration is greatly appreciated.

PROXY STATEMENT

**INFORMATION CONCERNING SOLICITATION AND
VOTING**

The accompanying proxy is solicited on behalf of the Board of Directors (the Board) of Overseas Shipholding Group, Inc. (the Company) for use at the Annual Meeting of Stockholders (the Annual Meeting) to be held on June 8, 2016 at 2:00 p.m. local time, or any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Westin New York Grand Central Hotel, 212 East 42nd Street, 3rd Floor, Room-Track 61, New York, New York.

Any stockholder giving a proxy may revoke it at any time before it is exercised at the meeting. This Proxy Statement and the accompanying proxy will first be sent to stockholders on or about April 29, 2016.

Record Date, Shares Outstanding and Voting

Only stockholders of record at the close of business on April 15, 2016 (the record date) will be entitled to vote at the Annual Meeting. As of the record date, the Company had two classes of voting securities, its Class A Common Stock, of which 393,629,532 shares were outstanding on the record date and entitled to one vote each, and its Class B Common Stock, of which 7,440,478 shares were outstanding on the record date and entitled to one vote each (collectively, the Common Stock). All of the outstanding shares of Common Stock shall vote as a single class on all matters.

All shares represented by the accompanying proxy, if the proxy is duly executed and received by the Company at or prior to the meeting, will be voted at the meeting in accordance with the instructions provided therein. If no such instructions are provided, the proxy will be voted (1) FOR the election of directors, (2) FOR the ratification of the appointment of Pricewaterhouse Coopers LLP as the Company's independent registered public accounting firm for 2016, and (3) FOR the approval, in an advisory vote, of the compensation for 2015 of the executive officers named in the Summary Compensation Table in this Proxy Statement (each, a Named Executive Officer and collectively, the Named Executive Officers or NEOs), as described in Compensation Discussion and Analysis section and in the accompanying compensation tables and narrative in this Proxy Statement.

Each of the election of directors and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2016 requires the affirmative vote (in person or by proxy) of a majority of the votes cast by the holders of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote on the election of directors. The advisory vote on approval of the compensation to the Named Executive Officers for 2015 is non-binding, but the Board and the Human Resources and Compensation Committee (the Compensation Committee) will review the voting results in connection with their ongoing evaluation of the Company's compensation program.

Your vote and that your shares be represented at the meeting are both very important. We urge you to vote as soon as possible by telephone, over the Internet or by marking, signing and returning your proxy or voting instruction card, even if you plan to attend the Annual Meeting in person.

Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions will be counted in tabulations of the votes cast on each of the proposals presented at the Annual Meeting (and will have the same effect as AGAINST votes, except with respect to the election of directors where abstentions will not be counted), whereas broker non-votes will not be counted for purposes of determining the number of votes cast.

The NYSE MKT (the NYSE MKT) rules permit brokers to vote for routine matters such as the ratification of the appointment of PricewaterhouseCoopers LLP without receiving instructions from the beneficial owner of the shares. NYSE MKT rules prohibit brokers from voting on the election of directors,

TABLE OF CONTENTS

executive compensation and other non-routine matters without receiving instructions from the beneficial owner of the shares. In the absence of instructions, the shares are viewed as being subject to broker non-votes. Broker non-votes will be counted for quorum purposes (as they are present and entitled to vote on the ratification of the appointment of PricewaterhouseCoopers LLP) but will not affect the outcome of any other matter being voted upon at the Annual Meeting. Under current applicable rules, unless provided with voting instructions, a broker cannot vote shares of Common Stock for the election of directors, or on the advisory vote concerning the approval of the compensation of the Named Executive Officers for 2015.

As all of these matters are very important to the Company, we urge you to vote your shares by telephone, over the Internet or by marking, signing and returning your proxy or voting instruction card.

If you are a participant in the Savings Plan of the Company (the Savings Plan) and hold Common Stock in the Savings Plan, shares of Common Stock that are held for you under the Savings Plan may be voted through the proxy card accompanying this mailing. The Savings Plan is administered by Vanguard Fiduciary Trust Company, as Trustee. The Trustee, as the stockholder of record of the Common Stock held in the Savings Plan, will vote the shares held for you in accordance with the directions you give by voting online or by completing and returning a proxy card if you received one. If the Trustee does not receive instructions to the voting of any shares of Common Stock held under the Savings Plan, the Trustee will vote those shares in the same proportion as it votes shares as to which directions have been received.

Expenses

The cost of soliciting proxies for the meeting will be borne by the Company. Innisfree M&A Incorporated has been retained by the Company to assist with the solicitation of votes for a fee of \$10,000 plus reimbursement of expenses to be paid by the Company. The Company will also reimburse brokers and others who are only record holders of the Company's shares for their reasonable expenses incurred in obtaining voting instructions from beneficial owners of such shares. Directors and officers of the Company may solicit proxies personally or by telephone or facsimile but will not receive additional compensation for doing so.

Proposals for 2017 Annual Meeting of Stockholders

Any proposals of stockholders that are intended to be presented at the Company's 2017 Annual Meeting of Stockholders must be received at the Company's principal executive offices no later than December 31, 2016, and must comply with all other applicable legal requirements, in order to be included in the Company's proxy statement and form of proxy for that meeting.

Stockholders who wish to propose a matter for action at the Company's 2017 Annual Meeting, including the nomination of directors, but who do not wish to have a proposal or nomination included in the proxy statement for that meeting, must notify the Company in writing of the information required by the provisions of the Company's Amended and Restated By-laws (the By-laws) dealing with stockholder proposals. The notice must be delivered to the Company's Corporate Secretary between March 10, 2017 and April 9, 2017. Stockholders can obtain a copy of the By-laws by writing the Corporate Secretary at the following address: Corporate Secretary, Overseas Shipholding Group, Inc., 600 Third Avenue, 39th Floor, New York, NY 10016.

TABLE OF CONTENTS

OWNERSHIP OF COMMON STOCK BY DIRECTORS, EXECUTIVE OFFICERS AND CERTAIN OTHER BENEFICIAL OWNERS

The tables below set forth certain beneficial ownership information with respect to each director nominee and Named Executive Officer, and each person who is known to the Company to be the beneficial owner of more than 5% of the outstanding shares of Common Stock of the Company. The information with respect to beneficial ownership by the identified stockholders was prepared based on information supplied by such stockholders in their filings with the SEC.

Except as disclosed in the notes to these tables and subject to applicable community property laws, the Company believes that each beneficial owner identified in the table possesses sole voting and investment power over all Common Stock shown as beneficially owned by the beneficial owner.

Beneficial ownership for the purposes of the following tables is determined in accordance with the rules and regulations of the SEC. Those rules generally provide that a person is the beneficial owner of shares if such person has or shares the power to vote or direct the voting of shares, or to dispose or direct the disposition of shares or has the right to acquire such powers within 60 days. For purposes of calculating each person's percentage ownership, shares of Common Stock issuable pursuant to options or warrants exercisable within 60 days are included as outstanding and beneficially owned for that person, but are not deemed outstanding for the purposes of computing the percentage ownership of any other person. In some cases, the Company believes that foreign ownership or other restrictions may limit the ability of warrant holders to exercise warrants they hold, meaning that such persons may not be required to report share ownership as they would not be entitled to receive the underlying shares of Common Stock. The percentage of beneficial ownership is based on 401,170,010 shares of the Company's Common Stock outstanding as of the record date (April 15, 2016), consisting of 393,629,532 shares of the Company's Class A Common Stock and 7,440,478 shares of the Company's Class B Common Stock (each of which is convertible into one share of Class A Common Stock), and excludes any treasury stock. On the record date, there were 138,173,964 Class A warrants (exercisable for 157,794,667 shares of Class A Common Stock) and 479,341 Class B warrants (exercisable for 479,341 shares of Class B Common Stock and 68,067 shares of Class A Common Stock that were not included in that calculation (other than to the extent set forth with respect to any individual stockholder below).

Directors and Executive Officers

The table below sets forth information as to each director nominee and each of the Named Executive Officers listed in the Summary Compensation Table in this Proxy Statement, and includes the amount and percentage of the Company's Common Stock of which each director nominee, each Named Executive Officer, and all directors nominees and executive officers as a group, was the beneficial owner (as defined in regulations of the SEC) on the record date, all as reported to the Company. The address of each person identified below as of the date of this Proxy Statement is c/o Overseas Shipholding Group, Inc., 1301 Avenue of the Americas, New York, N.Y. 10019.

INFORMATION ABOUT THE BOARD AND CORPORATE GOVERNANCE

General

Corporate Governance Guidelines. The Board has adopted Corporate Governance Guidelines to promote the effective functioning of the Board and its committees, to promote the interests of all stockholders, and to ensure a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. The Board believes that ethics and integrity cannot be legislated or mandated by directive or policy and that the ethics, character, integrity and values of the Company's directors and senior management remain the most important safeguards in quality corporate governance. The Corporate Governance Guidelines are posted on the Company's website, which is www.osg.com, and are available in print upon the request of any stockholder of the Company. That website and the information contained on that site, or connected to that site, are not incorporated by reference in this proxy statement. Under the Corporate Governance Guidelines, each director is expected to attend all Board meetings and all meetings of committees of which the director is a member. Meeting materials are provided to Board and Committee members prior to meetings, and members are expected to review such materials prior to each meeting.

Board Leadership Structure. The Corporate Governance Guidelines provide that the Board selects the CEO of the Company and may select a Chairman of the Board (the "Chairman") in the manner it considers in the best interests of the Company. The Guidelines provide that if the Board determines that there should be a Chairman, he or she may be a non-management director or the CEO.

The Company currently separates the role of CEO and Chairman. The CEO and the Chairman are in frequent contact with one another and with senior management of the Company. They provide advice and recommendations to the full Board for the full Board's consideration. They each review in advance the schedule of Board and committee meetings and establish the agenda for each Board meeting in order to ensure that the interests and requirements of the stockholders, the directors and other stakeholders are appropriately addressed. The Board believes that the existing leadership structure, with the current individuals in their positions, is in the best interests of stockholders.

The Board, primarily through its Governance Committee, periodically reviews the Company's leadership structure to determine if it remains appropriate in light of the Company's specific circumstances and needs, current corporate governance standards, market practices and other factors the Board considers relevant. The Board retains the right to combine the CEO and Chairman roles in the future if it determines that such a combination would be in the best interests of the Company and its stockholders.

Independence. Under the Corporate Governance Guidelines, which incorporate the standards established by the NYSE and the NYSE MKT, the Board must consist of a majority of independent directors. As determined by the Board, as of the date of this Proxy Statement, all of the nominees other than Mr. Ian T. Blackley have been determined to be independent under the Corporate Governance Guidelines for purposes of service on the Board because no relationship was identified that would automatically bar any of them from being characterized as independent, and any relationships identified were not so material as to impair their independence. In addition, the Board has determined that all of the nominees other than Messrs. Blackley, Kronsberg, Valerio and Wallach are independent for purposes of serving on the Audit Committee. The Board annually reviews relationships that directors may have with the Company to make a determination of whether there are any material relationships that would preclude a director from being independent. See "Related Party Transactions" below.

Executive Sessions of the Board. To ensure free and open discussion and communication among the non-management directors, the Corporate Governance Guidelines provide that non-management directors meet in executive session at the time of each regular meeting of the Board; at least one of such executive sessions shall exclude non-management directors who do not qualify as independent. In accordance with the Guidelines, the nonexecutive Chairman of the Board chairs the executive sessions. Any non-management director can request that an additional executive session be scheduled.

TABLE OF CONTENTS

Board Oversight of Risk Management. While the responsibility for management of the Company's material risks lies with management of the Company, the Board provides oversight of risk management, directly and indirectly, through its committee structure. The Board performs this oversight role by using several different levels of review. The Board and the Governance Committee receive regular reports from key members of management responsible for specified areas of material non-financial risk to the Company. In addition, the Board reviews the risks associated with the Company's strategic plan at an annual strategic planning session and periodically throughout the year as part of its consideration of the strategic direction of the Company.

At the committee level, the Audit Committee regularly reviews the financial statements and financial and other internal controls. Further, the Audit Committee meets in private sessions individually with certain members of management and with representatives of the independent registered public accounting firm at the conclusion of every regularly scheduled meeting, where aspects of financial risk management are discussed as necessary. The Governance Committee manages risk associated with Board independence, corporate governance and potential conflicts of interest as well as oversight over non-financial risk assessments associated with the Company's operations. The Compensation Committee annually reviews executive compensation policies and practices and employee benefits, and associated risks. Both the Audit Committee and the Compensation Committee also rely on the advice and counsel of the Company's independent registered public accountants and independent compensation consultants, respectively, to raise awareness of any risk issues that may arise during their regular review of the Company's financial statements, audit work and executive compensation policies and practices, as applicable.

Managing risk is an ongoing process inherent in all decisions made by management. The Company has an enterprise risk management program that is designed to ensure that risks are taken knowingly and purposefully. Management is responsible for assessing all the risks and related mitigation strategies for all material projects and initiatives of the Company prior to being submitted for consideration by the Board.

Meetings of the Board. The Board held 20 meetings during 2015. Each director attended at least 75% of the total number of meetings of the Board and Board committees of which the director was a member.

Annual Meetings of Stockholders. Directors are not required, but are strongly encouraged, to attend the Annual Meeting of Stockholders in person or telephonically. All of the current directors who were directors of the Company at the time of the Annual Meeting of Stockholders in 2015 attended the Annual Meeting in person or participated by conference telephone.

Communications with Board Members. Interested parties, including stockholders, may communicate with any director, with the nonexecutive Chairman of the Board or with the non-management directors as a group by sending a letter to the attention of such director, the nonexecutive Chairman of the Board or such non-management directors as a group, as the case may be, in care of the Company's Corporate Secretary, 1301 Avenue of the Americas, 42nd Floor, New York, New York 10019 or, after May 30, 2016, at 600 Third Avenue, 39th Floor, New York, New York 10016.

The Corporate Secretary opens and forwards all such correspondence (other than advertisements and other solicitations) to directors unless the director to whom the correspondence is addressed has requested that the Corporate Secretary forward correspondence unopened. Unless the context otherwise requires, the Corporate Secretary will provide any communication addressed to the Board to the director most closely associated with the nature of the request based on Committee membership and other factors.

Code of Business Conduct and Ethics. The Company has adopted a code of business conduct and ethics which is an integral part of the Company's business conduct compliance program and embodies the commitment of the Company and its subsidiaries to conduct operations in accordance with the highest legal and ethical standards. The Code of Ethics applies to all of the Company's officers, directors and employees. Each is responsible for understanding and

complying with the Code of Business Conduct and Ethics. The Company also has an Insider Trading Policy which prohibits the Company's directors and employees from purchasing or selling securities of the Company while in possession of material nonpublic information or otherwise using such information for their personal benefit. The Insider Trading Policy also prohibits the Company's directors and employees from hedging their ownership of securities of the Company. In addition, the Company has an Anti-Bribery and Corruption Policy which memorializes the Company's commitment to

TABLE OF CONTENTS

adhere faithfully to both the letter and spirit of all applicable anti-bribery legislation in the conduct of the Company's business activities worldwide. The Code of Business Conduct and Ethics, the Insider Trading Policy and the Anti-Bribery and Corruption Policy are posted on the Company's website, which is www.osg.com, and are available in print upon the request of any stockholder of the Company. That website and the information contained on that site, or connected to that site, are not incorporated by reference in this Proxy Statement.

Other Directorships and Significant Activities. The Company values the experience directors bring from other boards of directors on which they serve, but recognizes that those boards also present significant demands on a director's time and availability and may present conflicts and legal issues. The Corporate Governance Guidelines provide that non-management directors refrain from serving on the boards of directors of more than four publicly-traded companies (other than the Company or a company in which the Company has a significant equity interest) absent special circumstances. A member of the Audit Committee may not serve on more than two other audit committees of publicly-traded companies.

The Corporate Governance Guidelines require the CEO and other members of senior management, whether or not they are members of the Board of the Company, to receive the approval of the Governance Committee before accepting outside board membership. The Corporate Governance Guidelines prohibit the CEO from serving on the board of directors of more than one publicly-traded company (other than the Company or a company in which the Company has a significant equity interest).

If a director's principal occupation or business association changes substantially during the director's tenure as a member of the Board, that director is required by the Corporate Governance Guidelines to inform the Chairman of the Governance Committee of the change and offer to resign from the Board. In such case, such Committee must recommend to the Board the action, if any, to be taken with respect to the offer of resignation, taking into account the appropriateness of continued Board membership.

Related Party Transactions

Related party transactions may present potential or actual conflicts of interest and create the appearance that Company decisions are based on considerations other than the best interests of the Company and its stockholders. The Company's Code of Business Conduct and Ethics requires all directors, officers and employees who may have a potential or apparent conflict of interest to disclose fully all the relevant facts to the Company's legal department. In addition to this reporting requirement, to identify related party transactions, each year the Company submits and requires its directors and executive officers to complete Director and Officer questionnaires identifying any transactions with the Company in which the director or officer has an interest. Management and the legal department carefully review the terms of all related party transactions. Management reports to the Board on all proposed related party transactions with directors and executive officers. Upon the presentation of a proposed related party transaction to the Board, the related party (if such related party is a director) is excused from participation and voting on the matter. In deciding whether to approve the related party transaction, the Board determines whether the transaction is on terms that could be obtained in an arm's length transaction with an unrelated third party. If the related party transaction is not on such terms, it will not be approved.

Mr. John J. Ray III, who served as a director from the Company's emergence from bankruptcy on August 5, 2014 until March 3, 2015, was appointed by the Board as Chief Reorganization Officer (CRO) of the Company effective as of November 14, 2012. Mr. Ray's position as CRO ended on the Company's emergence from bankruptcy. Mr. Ray was not an employee of the Company as his services were provided by Greylock Partners LLC (Greylock Partners) as an independent contractor. Mr. Ray is a Senior Managing Director and founder of Greylock Partners. Mr. Ray was

elected Chairman of the Board upon the Company's emergence from bankruptcy. Mr. Ray resigned as Chairman of the Board on December 19, 2014 and as a director on March 3, 2015. Mr. Ray was determined by the Board not to be independent under the Company's Corporate Governance Guidelines during the period he served as a director. During his time as CRO and while serving as a director, Mr. Ray was afforded indemnification by the Company and is covered under the Company's director and officer insurance policies.

15

TABLE OF CONTENTS

In connection with the appointment of Mr. Ray as CRO, the Company entered into an engagement letter agreement dated November 1, 2012 (the 2012 Engagement Letter) with Greylock Partners for Greylock Partners to provide the Company with financial and reorganization consulting services. None of the entities with which Mr. Ray has been principally occupied or employed over the five years prior to Mr. Ray's appointment as CRO is or was a parent, subsidiary or other affiliate of the Company. On August 6, 2014, the Company and Greylock Partners entered into another Engagement Letter (the 2014 Engagement Letter) for Greylock Partners to provide the Company with services relating to bankruptcy claim distributions, claims reconciliation and resolution, periodic reporting to the U.S. Trustee's office and other matters relating to emergence from the bankruptcy.

Each of the 2012 Engagement Letter and the 2014 Engagement Letter provides that the Company will pay to Greylock Partners hourly fees for services provided by individuals employed by Greylock Partners. The Company also agreed to reimburse Greylock Partners for reasonable expenses incurred in connection with provision of its services to the Company. The Company incurred fees of \$2.8 million to Greylock Partners for services rendered to the Company for 2015 pursuant to the 2012 Engagement Letter or the 2014 Engagement Letter. The Company did not enter any other agreement with Greylock Partners during the period Mr. Ray was CRO or a director of the Company.

On August 3, 2015, Messrs. Alexander D. Greene and Nikolaus D. Semaca resigned as directors of the Company. In connection with their resignation, the Company entered into consulting agreements with each of them pursuant to which each former director agreed to serve as a consultant to the Company until June 30, 2016 for a total consulting fee of \$112,500 for Mr. Greene and \$108,750 for Mr. Semaca, each paid in three equal installments on or about September 30, 2015, December 31, 2015 and March 31, 2016. See Director Compensation later in this Proxy Statement.

Committees

The Company has three standing committees of its Board: the Audit Committee, the Governance Committee, and the Compensation Committee. Each of these committees has a charter that is posted on the Company's website and is available in print upon the request of any stockholder of the Company.

Audit Committee. The Audit Committee is required to have no fewer than three members all of whom must be and are independent directors under the standards set forth in the Company's Corporate Governance Guidelines. During 2015, the Audit Committee consisted of Messrs. Gregory A. Wright (Chairman), Samuel H. Norton, Ronald Steger and Alexander D. Greene (until he resigned on August 3, 2015). The Board determined that Messrs. Steger and Wright are audit committee financial experts, as defined by rules of the SEC and NYSE MKT. The Audit Committee met nine times in 2015.

The Audit Committee oversees the Company's accounting, financial reporting process, internal controls and audits and consults with management, internal auditors and the Company's independent registered public accounting firm on, among other things, matters related to the annual audit, and published financial statements and the accounting principles applied, and the oversight of financial risk assessments associated with the Company's operations. As part of its duties, the Audit Committee retains the Company's independent registered public accounting firm, subject to stockholder ratification (though the stockholder vote is not binding on the Audit Committee, and the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of the Company and its stockholders).

The Audit Committee maintains direct responsibility for the compensation and oversight of the Company's independent registered public accounting firm and evaluates the independent registered public accounting firm's qualifications, performance and independence. The Audit Committee has established policies and procedures for the pre-approval of all services provided by the Company's independent registered public accounting firm.

Governance Committee. The Governance Committee is required to have no fewer than three members, all of whom must be and are independent directors under the standards set forth in the Company's Corporate Governance Guidelines. During 2015, the Governance Committee consisted of Douglas D. Wheat (Chair) (until he resigned as a member on June 9, 2015), Ronald Steger (who became Chair in June 2015), Gary

TABLE OF CONTENTS

Eugene Taylor, Nikolaus D. Semaca (until he resigned on August 3, 2015) and Gregory A. Wright (from August 2015). The Governance Committee met nine times in 2015.

The Governance Committee assists the Board by identifying and recommending individuals qualified to become Board members to the Board for nomination at the next annual stockholder meeting. It develops and recommends to the Board the establishment of the Company's corporate governance guidelines, and it provides oversight over non-financial risk assessments associated with the Company's operations. The Governance Committee's risk assessment responsibilities include oversight of the Company's quality of services, and its vessels' adherence to environmental and regulatory requirements. As part of its duties, the Governance Committee also aids the Board by providing a review of the Board performance on an annual basis.

The Governance Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Governance Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search consultants.

The Governance Committee considers the following criteria for identifying and recommending qualified candidates for membership on the Board, seeking to maintain within these criteria appropriate diversity of individuals on the basis of gender, ethnic heritage, international background and life experiences:

judgment, character, age, integrity, expertise, tenure on the Board, skills and knowledge useful to the oversight of the Company's business;
status as independent or an audit committee financial expert or financially literate as defined by the NYSE or the SEC;
high level managerial, business or other relevant experience, including, but not limited to, experience in the industries in which the Company operates, and, if the candidate is an existing member of the Board, any change in the member's principal occupation or business associations;
absence of conflicts of interest with the Company;
status as a U.S. citizen; and
ability and willingness of the candidate to spend a sufficient amount of time and energy in furtherance of Board matters.

As part of its annual assessment of Board size, structure and composition, the Governance Committee evaluates the extent to which the Board as a whole satisfies the foregoing criteria. The Governance Committee believes that the current directors have the requisite character, integrity, expertise, skills, and knowledge to oversee the Company's business in the best interests of the Company's stockholders and does not believe at this time that the long-term goal of greater Board diversity is sufficient to merit replacing existing directors.

All the director nominees named in this Proxy Statement have been evaluated under the criteria set forth above and recommended by the Governance Committee to the full Board for election by stockholders at the Annual Meeting. The entire Board recommends that stockholders elect all nominees. All nominees for election at the Annual Meeting were previously elected to the Board by the stockholders at the Annual Meeting of Stockholders in 2015 except for Messrs. Kronsberg, Valerio and Wallach, who were elected by previously-elected directors on August 3, 2015.

A stockholder may recommend a person as a nominee for director by writing to the Corporate Secretary of the Company. Recommendations must be received by December 31, 2016 in order for a candidate to be considered for election at the 2017 Annual Meeting. Each recommendation for nomination should contain the following information: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at

such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such

17

person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had such nominee been nominated, or intended to be nominated, by the Board; and (e) the consent of each nominee to serve as a director of the Company if so elected.

Compensation Committee. The Compensation Committee is required to have no fewer than three members, all of whom must be and are independent directors under the standards set forth in the Company's Corporate Governance Guidelines. During 2015, the Compensation Committee consisted of Timothy J. Bernlohr (Chair), Nikolaus D. Semaca (until he resigned on August 3, 2015), Alexander D. Greene (until he resigned on August 3, 2015), Samuel H. Norton, Gary Eugene Taylor (from November 3, 2015) and Ty E. Wallach (from November 3, 2015). The Compensation Committee met 11 times in 2015.

The Compensation Committee establishes, oversees, and carries out the Company's compensation philosophy and strategy. It implements the Board responsibilities relating to compensation of the Company's executive officers, and ensures that the Company's officers and senior executives are compensated in a manner consistent with the Company's philosophy and competitive with its peers. As part of its duties, it monitors and oversees the preparation of the Company's annual Compensation Discussion and Analysis for inclusion in the annual proxy statement, prepares an annual report on executive compensation, and provides guidance with respect to other compensation matters including recommendations for the CEO and the other NEOs.

We have a strong and measurable pay for performance philosophy. Accordingly, our operational and financial performance in fiscal year 2015 are important factors in understanding our 2015 executive compensation. The Company's performance highlights included:

2015 time charter equivalent (TCE) revenues of \$924.8 million grew 21% compared with 2014. Earnings from shipping operations (ESO) (as hereafter defined) for the Company of \$365.6 million for 2015 compared with target of \$198.6 million. ESO is income from vessel operations before depreciation and amortization and gains and losses from vessel sales (including impairments) reduced by payments for drydockings and expenditures for vessels.

Net income for the full year 2015 was \$284.0 million, or \$0.49 per diluted share, compared with a loss of \$152.3 million, or \$(0.60) per diluted share, for 2014.

2015 Adjusted EBITDA was \$491.2 million, up 65%, from \$298.6 million in 2014. EBITDA represents net income before interest expense, income taxes and depreciation and amortization expense. Adjusted EBITDA consists of EBITDA adjusted for the impact of certain items that we do not consider indicative of our ongoing operating performance, as disclosed in our Annual Report for 2015 on Form 10-K.

Total cash was \$522.4 million as of December 31, 2015, including \$19.6 million of restricted cash and a \$54.9 million cash refund from the Internal Revenue Service received in the fourth quarter 2015.

Repurchased and retired \$326 million in principal amount of unsecured notes in 2015, reducing our anticipated 2016 annualized cash interest expense by \$25.6 million.

Our Class A common stock began trading on the NYSE MKT on December 1, 2015 under the ticker symbol OSG , and now has approximately 182 million freely tradable shares.

Say on Pay Results

At our 2015 annual meeting of stockholders, 99.9% of the stockholders who voted on the say-on-pay proposal were in favor of our executive compensation program. Due to the overwhelming support, the Compensation Committee determined that no significant changes to our executive compensation policies and decisions were necessary at this time. The Compensation Committee will continue to evaluate our compensation program and plans, making

adjustments as necessary to ensure that our compensation program is consistent with and supportive of our compensation philosophy and objectives and stockholder feedback.

TABLE OF CONTENTS

At the 2016 annual meeting of stockholders, we will again hold an annual advisory vote to approve executive compensation. The Compensation Committee will continue to engage with our stockholders and consider the results from this year's and future advisory votes on executive compensation as well as feedback from stockholders.

Compensation Philosophy and Objectives

We believe that a well-designed compensation program is a powerful tool to attract, motivate, retain and reward top executive and managerial talent. We further believe that our compensation program should align the interests of our executives with those of our stockholders in achieving and sustaining increases in stockholder value over the short-and long-term. We have, therefore, structured our compensation program to drive and support these goals. The compensation program is designed with the following objectives in mind:

Attract, motivate, retain and reward highly-talented executives and managers, whose leadership and expertise are critical to our overall growth and success;

Compensate each executive based upon the scope and impact of his or her position as it relates to achieving our corporate goals and objectives, as well as on the potential of each executive to assume increasing responsibility within the Company;

Align the interests of our executives with those of our stockholders by linking incentive compensation rewards to the achievement of performance goals that maximize stockholder value; and

Reward the achievement of both the short-term and long-term strategic objectives necessary for sustained optimal business performance.

Roles in Setting Executive Compensation**Role of the Compensation Committee**

Structure of The Compensation Committee: The Compensation Committee consists of four members of the Board of Directors, each of whom qualifies as independent under the NYSE and NYSE MKT listing standards as well as applicable independence standards under the Securities Exchange Act of 1934, as amended (the 1934 Act), and Section 162(m) of the Internal Revenue Code of 1986, as amended. Recognizing the importance of the independent perspectives, the Compensation Committee meets frequently in executive session, without any members of management present. The Compensation Committee held 11 meetings in 2015.

Decision Making: The primary goals of our Compensation Committee are to establish our compensation philosophy and strategy and to ensure that all of our executives are compensated in a manner consistent with the articulated philosophy and strategy. The Compensation Committee takes many factors into account when making compensation decisions with respect to the NEOs and other senior executives, including the individual's performance, tenure and experience; the ability of the individual to affect our long-term growth and success; our overall performance; internal equity among the NEOs; and external, publicly available market data on competitive compensation practices and levels.

TABLE OF CONTENTS

Role of Outside Advisors: The Compensation Committee has the authority to engage independent advisors to assist in carrying out its duties. In 2015, the Compensation Committee engaged Lyons, Benenson & Company Inc. (LB&Co.) as its independent compensation consultant to advise on executive and director compensation arrangements and related governance matters. LB&Co. assisted management in the preparation of the annual proxy report in 2015. We incurred fees to LB&Co. of approximately \$181,000 for all services rendered to the Compensation Committee in 2015.

Compensation Consultant Conflict Of Interest Assessment: As required by rules adopted by the SEC under the Dodd-Frank Act, the Compensation Committee assessed all relevant factors and determined that the work of LB&Co. did not raise any conflict of interest in 2015. In making this determination, the Compensation Committee considered all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the 1934 Act.

Role of the CEO in Setting CEO and Other Executives Compensation

All decisions relating to the CEO s compensation are made by the Compensation Committee without the CEO or other members of management present. In making determinations regarding compensation for the NEOs and selected other senior executives, the Compensation Committee generally considers the recommendations of the CEO (for all executives other than himself), and the advice received from LB&Co. The CEO recommends the compensation levels for the NEOs and for all others whose compensation is determined by the Compensation Committee. In making his recommendations, the CEO evaluated the performance of each executive, considered each executive s compensation in relation to our other officers and executives and assessed our retention risks. The Compensation Committee reviewed and approved these recommendations and either reported the results to the Board of Directors or recommended actions for the Board to approve.

2015 Peer Group

In general, we strive for total compensation to be competitive with a select group of companies that the Compensation Committee believes to be an appropriate compensation reference group (the Peer Group). The Compensation Committee periodically reviews the Peer Group to affirm that it is comprised of companies that are similar to us in terms of industry focus and scope of operations, size (based on revenues), and the competitive marketplace for talent.

For 2015 our Peer Group for pay decisions consisted of the following 18 marine transportation or service corporations, which is the same Peer Group that we have used since our emergence from bankruptcy in August 2014.

While the Compensation Committee believes that the data derived from the Peer Group is helpful, it also recognizes that benchmarking is not necessarily definitive in every case. Furthermore, the Peer Group is limited to those companies for which executive compensation data is publicly available, which necessarily eliminates some of our closest competitors that are privately held and/or incorporated in jurisdictions that do not require public disclosure of

executive compensation. The Compensation Committee uses the information from the Peer Group for informational and analytical purposes, and, therefore, does not target a specific percentile or make compensation decisions based solely on the market data. Rather, consistent with our historical practices, in 2015 we utilized both Company performance and individual performance as the main drivers of decisions on compensation levels in addition to market data.

TABLE OF CONTENTS**2016 Peer Group**

In late 2015, the Compensation Committee requested that LB&Co review our 2015 Peer Group and provide recommended changes, if any. LB&Co. recommended, and the Compensation Committee approved, a Peer Group for 2016 consisting of 15 publicly traded oil shipping and transportation companies with total revenues between \$300 million and \$3.5 billion. The 2016 Peer Group includes six of the 18 corporations that comprised the 2015 Peer Group. The following criteria were considered by LB&Co. in determining the 2016 Peer Group:

Any included company must have achieved above-median results for total stockholder return, revenue growth, return on invested capital, and operating margin in the Oil & Gas Storage & Transportation GICS Industry group over the past three years.

Any company or limited partnership with significant exploration and production operations was excluded. In addition, Diamond S Shipping Group was removed from the Peer Group since it no longer has publicly available compensation information.

Any included company must operate in both United States and international markets, own or operate a fleet of ocean vessels, and/or transport crude oil and petroleum products.

Compensation Mix: Fixed compared with Variable Pay

The Company seeks to provide competitive fixed compensation in the form of base salary and places an emphasis on pay for performance by placing a larger portion of total compensation at risk in the form of annual performance-based cash incentives that will only be paid if the Company achieves specified performance goals and long-term equity incentives vesting over a multi-year period and, in certain cases, dependent on the achievement of specific performance goals.

The following table sets forth the 2015 fixed (base salary) and variable cash annual incentive compensation and equity incentive as percentages of total estimated direct compensation at target for our CEO and the average fixed and variable cash compensation and equity percentages at target for our NEOs. The annual cash incentive compensation percentages are based on the amount that would have been payable upon achievement of target percentages during 2015; the long-term incentive compensation percentages are based on grant-date values.

Position	Base Salary	Annual Cash Incentive Compensation	Long-Term Incentive Compensation (Equity)
CEO	18 %	28 %	54 %

Other NEOs 25 % 36 % 39 %

Elements of the NEO Compensation Program

The Compensation Committee reviews each element of compensation annually to ensure alignment with our compensation philosophy and objectives, as well as to assess our executive compensation program and levels relative to the competitive landscape. Our executive compensation program consists of the following:

Base salary
Annual cash incentive awards

Welfare benefits (e.g., medical, dental, disability and life insurance)

Base Salary

We pay base salaries that are competitive with market to attract talented executives and to provide a secure fixed level of compensation. The Compensation Committee annually reviews the base salaries of our executive officers and compares it to the salaries of senior management among the relevant Peer Group companies that are most comparable to us, bearing in mind that total compensation is the principal comparative measure of the competitiveness of our program. Based on its own experience and that comparison, the Compensation Committee determines whether the salaries of the NEOs are at levels sufficient to attract, motivate and retain, in concert with other elements of compensation, the executives who are essential to leading the Company and driving stockholder value.

Annual adjustments in base salary, if any, take into account individual performance, prior experience, position duties and responsibilities, internal equity and external market practices. The Compensation Committee largely relies on the CEO's evaluation of each NEO's performance (other than his own) in deciding whether to approve merit increases for any NEOs in a given year. In those instances where the duties and responsibilities of an NEO change, the CEO will recommend any changes believed to be warranted, and the Committee will consider all the factors enumerated above in determining whether to approve any such increases.

In the case of the CEO's base salary, the Compensation Committee considers the Board of Directors' assessment of the CEO's performance; whether any strategic actions have materially changed the nature or size of the Company; and external market conditions in deciding whether to recommend an increase in base salary for the CEO. The following table summarizes 2014, 2015 and 2016 base salaries for our NEOs:

Name	2014 Salary	2015 Salary	% Change from prior year	2016 Salary	% Change from prior year

n/a Not Applicable

On September 29, 2014, we entered into an employment agreement with Mr. Flinter, our then Senior Vice President and Head of the U.S. Flag Strategic Business Unit, under which his annual salary was increased from \$335,000 to \$385,000 to account for his greater scope of responsibilities as Co-President and Head of the U.S. Flag Strategic Business Unit. For 2016, Mr. Flinter's annual base salary was raised from \$385,000 to \$425,000 primarily due to internal equity considerations. On January 20, 2015, we entered into an employment agreement with Mr. Blackley, our then Executive Vice President and Chief Operating Officer. Pursuant to the employment agreement, Mr. Blackley was promoted to President and CEO of the Company and received a salary increase from \$475,000 to \$675,000 to reflect his new role and responsibilities as CEO. The Compensation Committee determined that salary levels for the other NEOs for 2015 and 2016 were appropriate and no adjustments were made.

TABLE OF CONTENTS**Annual Cash Incentive Awards**

Pursuant to the Management Incentive Compensation Plan, NEOs are eligible to receive annual cash incentives based upon the achievement of the specified annual performance goals, which are established and approved by the Compensation Committee during the first quarter of the performance year. Our annual cash incentive plan is intended to focus our NEOs on our critical, short-term financial and operational goals. As in past years, the financial performance measure for 2015 was ESO, at both the Company and, for the business unit executives, the business unit (BU) levels. The BU executives awards were also based on quantifiable measures of our performance in operational metrics (including safety), and/or commercial metrics.

The annual incentive compensation program for 2015 was largely unchanged from the 2014 program. For 2015, Messrs. Blackley, Oricchio and Small and Ms. Zabrocky were eligible for annual cash incentives targeted at 150% of base salary and Mr. Flintner was eligible for annual cash incentives targeted at 125% of base salary. The potential actual incentive award range was 0% to 125% of target. If threshold performance was achieved, 65% of target would be earned and if maximum performance was achieved, 125% of target would be earned.

Annual incentive awards were determined based on Company, BU, and individual performance, with each component weighted depending on the executive's role. For corporate officers, which include Messrs. Blackley, Oricchio and Small, Company ESO and individual performance were each weighted at 50%. For BU officers, including Ms. Zabrocky and Mr. Flintner, BU ESO, BU metrics, Company ESO, and individual performance were each weighted at 25%. BU ESO and metrics represented half of the total target annual incentive to reflect the philosophy that BU leaders have the most direct effect on the unit's financial and operational performance.

For 2015, Company and BU ESO goals were assessed on a rating scale of 0% to 130%, with 100% as the performance factor for achieving target performance. If a rating for a measure is below 70%, the performance factor for that measure is zero, resulting in no bonuses being payable under that measure. The individual performance goals and the BU operational goals are assessed on a rating scale of 0% to 120%, with 100% as the performance factor assigned for meeting the specified individual and operational goals for such measure. If a rating for an individual measure is below 60%, the performance factor for that measure is zero, resulting in no bonuses being payable. The formula to determine each NEO's actual annual cash incentive award is as follows:

Corporate Executives

$$\text{Base Salary} \times \text{Target Incentive \%} \times \left(\begin{array}{l} (50\% \text{ Company ESO} \times \\ (50\% \text{ Individual} \times \end{array} \right. \left. \begin{array}{l} \text{Performance} \\ \text{Factor } 0 \text{ } 130\% \\ \text{Performance} \\ \text{Factor } 0 \text{ } 120\% \end{array} \right) = \text{Annual Cash Incentive Payout}$$

Business Unit Executives

$$\text{Base Salary} \times \text{Target Incentive \%} \times \left(\begin{array}{l} (25\% \text{ Company ESO} \times \\ (25\% \text{ BU ESO} \times \\ (25\% \text{ BU Metrics} \times \end{array} \right. \left. \begin{array}{l} \text{Performance} \\ \text{Factor } 0 \text{ } 130\% \\ \text{Performance} \\ \text{Factor } 0 \text{ } 130\% \end{array} \right) = \text{Annual Cash Incentive Payout}$$

TABLE OF CONTENTS**Company and Business Unit ESO Goals**

The table below sets forth the Company and BU performance goals and the corresponding percentage of target that would be earned by the NEOs at each level of achievement. In 2015, ESO for the Company was \$365,563,000, ESO for our International Flag BU was \$230,688,000, and ESO for our U.S. Flag BU was \$135,316,000. Each of these achievement levels registered above the maximum of 130% of target.

BU Operational Goals

For 2015, the International Flag BU performance measures were BU ESO and certain commercial and operational measures, which are weighted equally. The commercial metrics were related to Company VLCC, Aframax, Panamax, and MR TCE performance compared with spot TCE rates of competitors, and savings on drydock placement. The operational measures were (i) achieving or doing better than the International Flag BU vessel operating budget; (ii) time not earning technical; (iii) total recordable case frequency (TRCF); and (iv) vetting observations. International BU operational performance score was 102%.

For 2015, our U.S. Flag BU performance measures were divided into two equally weighted categories: Tanker goals and ATB goals. The goals under each of these categories were (i) lost time injuries frequency, (ii) corrective action closing rate, (iii) loss of containment, (iv) vetting observations, (v) vessels visited, and (vi) officer retention. U.S. Flag BU performance score for 2015 was 105%.

Individual Performance Goals

Each NEO had different individual performance goals, which were established by the Compensation Committee. The Compensation Committee also assessed the level of achievement relative to each of these individual performance goals at the end of the year. Each individual s goals were carefully chosen to ensure integration and alignment with our short-term and long-term objectives. Individual goals varied for each of our executives, but overlapped with respect to completing the Company s initial public offering of Class A common stock in 2015 and developing a strategic

direction for the Company. The principal individual goals for 2015 were as follows:

The principal individual performance goals for 2015 for Mr. Blackley were to (i) achieve corporate budget goals for revenue, vessel operating expenses and general and administrative expenses; (ii) develop a strategic direction for the Company; (iii) prepare for and implement an initial public offering (IPO) of the Class A shares subject to Board approval; (iv) build and develop the corporate team; (v) establish an effective investor relations function, focus on communications with: equity holders, industry analysts and bond holders; and (vi) identify and mitigate operational risks at the corporate and BU levels and ensure such risks are fully understood by the Corporate Governance and Risk Assessment Committee. Mr. Blackley achieved overall performance above his target goals.

Mr. Oricchio s principal individual goals were to (i) prepare for and implement an IPO for Class A shares subject to Board approval; (ii) ensure that financial reporting to the SEC, the secured lenders and other regulatory filings are completed timely and accurately with no material weaknesses in Internal Control over Financial Reporting; (iii) establish an effective investor relations function; (iv) ensure that the audit plan of the

TABLE OF CONTENTS

Company's independent registered public accounting firm is executed and that their risk based audit is completed satisfactorily; (v) execute the Greylock transition and complete the pre-filing agreement process with the IRS by the extended due date of the Company's federal income tax return for 2014; (vi) review and identify financial and treasury risks to the satisfaction of Audit Committee and Board of Directors; (vii), manage general and administrative expenses; (viii) help develop a strategic direction for the Company in concert with the other executive officers; and (ix) forecast and manage monthly cash positions. Mr. Oricchio achieved overall performance above his target goals.

Ms. Zabrocky's principal individual goals were to (i) achieve budget for International Flag BU for revenue, vessel operating expenses and general and administrative expenses; (ii) develop the strategic direction for the International Flag BU; (iii) prepare for and implement an IPO for Class A shares subject to Board approval; (iv) identify and mitigate operational risks for the International Flag BU; (v) develop, document and implement appropriate safety and quality standards for our ships being technically managed by V. Ships; and (vi) develop, document and implement procedures to monitor the performance of the Pools in which we participate to ensure that our ships maximize their TCE revenues over time. Ms. Zabrocky achieved overall performance above her target goals.

Mr. Flinter's principal individual goals were to (i) achieve budget for U.S. Flag BU for revenue, vessel operating expenses and general and administrative expenses; (ii) develop the strategic direction for the U.S. Flag BU; (iii) prepare for and implement an IPO for Class A shares subject to Board approval; (iv) identify and mitigate operational risks for the U.S. Flag BU; (v) develop, document and implement procedures to reduce lost time injury frequency by 40% for tankers and 25% for ATBs; and (vi) ensure effective reporting lines are in place for finance, treasury and information systems from the U.S. Flag BU to the corporate offices. Mr. Flinter achieved overall performance above his target goals.

Mr. Small's principal individual goals were to (i) prepare for and implement an IPO for Class A shares subject to Board approval; (ii) help develop the strategic direction for the Company in concert with the other executive officers; (iii) develop and document corporate reporting requirements from a legal and regulatory perspective; (iv) identify and mitigate operational risk at the corporate and BU levels; (v) review and identify non-financial risks to the satisfaction of the Governance Committee and Board of Directors; (vi) develop the legal department; (vii) develop, improve and manage the Company's contracts and agreements database; (viii) dissolve subsidiaries where appropriate; and (ix) effectively manage all pending and any new litigation. Mr. Small achieved overall performance above his target goals.

Although management completed the necessary preparations for an IPO by July 31, 2015, the Company did not proceed with an IPO at Board direction due to market conditions. The Company was able to achieve public trading of its Class A shares on the NYSE MKT through a December 2015 Class A common stock dividend on both of its classes of common stock. This goal for all of the NEOs was deemed to have been met by the Compensation Committee.

2015 Actual Annual Incentive Paid

Based on the foregoing, the NEOs received the following annual cash incentive awards for 2015: Mr. Blackley \$1,230,188; Mr. Oricchio \$850,547; Ms. Zabrocky \$929,250; Mr. Flinter \$567,875; and Mr. Small \$844,757.

2014 Retention Bonuses

On December 19, 2014, our Board of Directors approved the Retention Bonus Plan for a number of participants, including Mr. Blackley and Ms. Zabrocky. The objective of this plan is to promote our interests to provide certain key employees with an appropriate incentive to remain employed with us through December 19, 2016 (the Retention

Period). Awards under the Retention Bonus Plan will be paid in a lump sum following completion of the Retention Period. If a participant voluntarily terminates employment or is terminated by us for cause before the end of the Retention Period, he or she will forfeit the full amount of the award. If a participant's employment is terminated by us other than for cause during the Retention Period, or if the participant's employment is terminated due to death or disability, the full amount of the retention award will be paid upon such termination. The retention awards for Mr. Blackley and Ms. Zabrocky were \$475,000 and \$525,000, respectively.

TABLE OF CONTENTS

Equity-Based Compensation

Our equity-based compensation program is intended to align the interests of our executives with those of our stockholders, and to focus executives on the achievement of long-term performance objectives that are aligned with our business strategy, thereby establishing a direct relationship between compensation long-term operating performance and sustained increases in stockholder value. The Management Incentive Compensation Plan (Plan) became effective in September 2014 shortly after our emergence from bankruptcy and provides for grants of nonqualified stock options, incentive stock options, stock appreciation rights, performance units, performance shares and other performance awards, restricted stock units and restricted stock, and other awards valued in whole or in part by reference to, or otherwise based on, our stock. The purpose of the Plan is to provide incentives that will attract, motivate, retain and reward highly competent officers, executives, managers and employees by providing them with appropriate incentives and rewards either through a proprietary interest in our long-term success or compensation based on their performance in fulfilling their personal responsibilities. On June 9, 2015, stockholders approved the Plan, which was a condition for all 2015 grants to the NEOs before such date.

2015 Equity Awards

The Plan contains anti-dilution provisions whereby in the event of any change in the capitalization of the Company, the number and the type of securities underlying outstanding awards must be adjusted, as appropriate, in order to prevent dilution or enlargement of rights. Accordingly, the impact of these provisions resulted in a modification of all outstanding awards to reflect the stock dividend declared by the Company on November 20, 2015. No additional compensation was recognized in 2015 for financial reporting purposes as a result of such modification. The number of securities, shares and option exercise price disclosed in this Compensation, Discussion and Analysis have been adjusted to reflect the impacts of such stock dividend.

On February 10, 2015, Messrs. Blackley and Oricchio were granted equity awards pursuant to the terms of their employment agreements. Mr. Blackley was awarded 282,051 time-based restricted stock units (RSUs) and 683,663 stock options with an exercise price of \$2.85 and Mr. Oricchio was awarded 507,691 time-based RSUs. On March 18, 2015, Mr. Small was granted equity awards pursuant to the terms of his employment agreement consisting of 169,230 time-based RSUs and 410,197 stock options with an exercise price of \$2.85. On October 12, 2015, Mr. Blackley, Ms. Zabrocky, Mr. Flintner and Mr. Small were granted 349,743, 67,692, 67,692 and 169,231 performance-based RSUs, respectively, reflecting grants determined earlier in the year by the Compensation Committee.

The time-based RSUs and stock options awarded in September 2014 will vest ratably on each of the first three anniversaries of the grant date. The time-based RSUs and stock options awarded in 2015 will vest ratably on each of the first three anniversaries of the vesting commencement date of each grant. The vesting commencement date is the hire date or the promotion date for the respective NEO, all of which occurred in 2015. The stock options awarded in 2015 expire ten years following the date on which the Compensation Committee approved the award.

Performance-based RSUs are earned based on achievement of performance targets in each of 2015, 2016, and 2017 with the maximum number of shares vesting equivalent to 130% of shares awarded. In March 2015, the performance target for 2015 was determined by the Compensation Committee to be ESO, which was consistent with the targets set forth for the annual incentive cash plan awards for the year. The Compensation Committee reserved the right to choose different performance measures and targets before March 31 of one or both of 2016 and 2017 with respect to the performance-based RSUs that may vest in respect of such year. For 2015, 130% of target shares awarded vested since maximum performance was achieved. For 2016, the Compensation Committee determined that the performance target will be return on invested capital (ROIC) with a target ROIC of 9% over the one-year period ending December 31, 2016. Invested capital is calculated net of cash in excess of operating requirements and return is based on pre-tax net income before interest. Upon termination, all unvested performance-based RSUs will be forfeited unless the NEO s

employment agreement provides otherwise.

TABLE OF CONTENTS**2016 Compensation Decisions****Base Salary:**

As noted above, base salaries for our NEOs remained at the 2015 levels. As of January 1, 2016 Mr. Flinter's salary is \$425,000 due to internal equity considerations. In 2015 Mr. Flinter's salary was \$385,000.

Annual Incentive Decisions

The design of our 2016 annual incentive plan is generally consistent with our 2015 annual incentive plan. We have, however, made some minor adjustments to the target bonus levels for our NEOs, the funding formula applicable to each of the performance measures and the relative weight of each performance measure, as noted below.

Additional Information

Benefits

In general, we provide benefits to our employees that we believe are important to maintain a competitive total compensation program. Benefits are designed to provide a reasonable level of retirement income and to provide a safety net of protection against the financial concerns and catastrophes that can result from illness, disability or death.

We provide a tax-qualified defined contribution employee benefit plan to employees, the Savings Plan for Employees of OSG Ship Management, Inc. (the Savings Plan). Under the Savings Plan, eligible employees may contribute, on a pre-tax basis, an amount up to the limit imposed by the Code. Under the Savings Plan, we will match 100% of the first 6% of a participant's pre-tax contribution (up to the Code limit) which for 2015 was \$15,900. In addition, under the Savings Plan, we contribute to the plan account of each eligible employee an amount equal to 4% of the employee's cash compensation up to the limits imposed by the Code.

Prior to our Chapter 11 filing, we sponsored a Supplemental Plan. Upon the Chapter 11 filing, account balances under the Supplemental Plan, including accruals and earnings thereon, were frozen, and we discontinued future contributions to the Supplemental Plan. In October 2014, we decided to pay interest on balances from the time of bankruptcy filing until the termination of the participant's employment at the annual rate of 2.98%.

Risk Mitigation

The Compensation Committee believes that a significant portion of our NEOs' total compensation should be variable and at risk, based upon company, BU and individual performance. Performance measures are financial and operational at all three levels. To accomplish this, the Compensation Committee uses a balanced weighting of performance measures and metrics in our incentive compensation programs to promote the achievement of our annual operating

plan and long-term business strategy, build long-term stockholder value and discourage excessive risk taking by eliminating any inducement to over-emphasize one goal to the detriment of others.

To further ensure we mitigate excessive risk taking:

We maintain policies prohibiting insider trading and hedging by Directors and executives;
We have adopted the Incentive Compensation Recoupment Policy for executive officers; and
The Committee has adopted stock ownership guidelines for executives and Directors in March 2015.

29

TABLE OF CONTENTS

Stock Ownership Guidelines

We encourage stock ownership by our executives and non-employee directors in order to align their interests with the long-term interests of our stockholders. In March 2015, we adopted stock ownership guidelines for our executives and Directors. Each NEO is expected to own shares of our common stock equal to a specified multiple of his or her salary:

President and CEO	5× base salary
Co-Presidents	3× base salary
Senior Vice Presidents	2× base salary
Vice Presidents	1× base salary

Participants are afforded five years from the time they first receive an equity grant to achieve these ownership guidelines. For purposes of satisfying the guidelines, shares of common stock include stock owned by the incumbent, his or her spouse and minor children; time-based restricted stock or stock units awarded (whether or not vested); vested in-the-money stock options; and shares of stock held for the incumbents' benefit in any pension or 401(k) plans. Unvested performance-based RSUs do not count towards satisfying the guidelines.

Incentive Compensation Recoupment Policy for Executive Officers

Our Incentive Compensation Recoupment Policy (the "Policy") generally provides that if an executive officer, including any NEO, receives incentive compensation based on the achievement of a performance metric and the Board of Directors commences action to restate the calculation of such performance metric within five fiscal years due to a material misstatement or inaccuracy, we may require such executive officer to repay all or a portion of the amounts of such incentive compensation that the Board of Directors in good faith determines would not have been payable if not for the material misstatement or inaccuracy. The five-year look back limitation does not apply where the Board of Directors determines that the executive officer's fraud, misconduct, negligence or other knowing actual involvement was a contributing factor to the need for the restatement. The Compensation Committee is monitoring the proposed regulations under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") relating to incentive compensation recoupment and will amend the Policy to the extent necessary to comply with the Dodd-Frank Act.

Hedging and Insider Trading

Our insider trading policy prohibits our directors and employees from hedging their ownership of our securities, including investing in options, puts, calls, short sales, futures contracts or other derivative instruments relating to our securities, regardless of whether such directors and employees have material nonpublic information about us. In addition, the insider trading policy prohibits our Directors and employees from purchasing or selling our securities while in possession of material nonpublic information or otherwise using such information for their personal benefit. Directors and employees are permitted to enter into trading plans under Rule 10b5-1 under the 1934 Act. With the approval of our General Counsel, a 10b5-1 Plan may be entered into during a time when the equity participant is not in possession of material, non-public information. These plans are intended to aid the equity participants in diversifying their portfolios without violating federal securities law.

Consideration of Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code ("Section 162(m)") limits the deductibility of compensation in excess of \$1 million per year paid to the CEO and the three other most highly paid executive officers (other than the CFO). However, Section 162(m) provides an exemption for performance-based compensation. To be performance-based, the compensation must be (i) paid pursuant to a plan approved by stockholders at least once every five years, (ii) based on performance

relative to an objective performance measure(s) that was identified in the plan as a possible performance measure, (iii) predicated on a performance goal(s) established no later than the end of the first quarter of the performance period, and, in no case, later than 90 days into the performance period and (iv) administered by a committee of independent Directors (as that term is defined within the Section). The Plan has been structured such that compensation paid pursuant to the Plan may qualify for the performance-based exemption. The Committee intends to capture the tax deduction whenever

30

possible, but believes that stockholder interests are best served if the Compensation Committee's discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expenses. Such action may be necessary in order for us to meet competitive market pressures and to ensure that we are able to attract and retain top talent to lead the organization successfully.

TABLE OF CONTENTS

Summary Compensation Table

The following Summary Compensation Table includes individual compensation information for services in all capacities for the Company and our subsidiaries by the NEOs.

- (1) The salary amounts reflect the actual salary received during the year.
- (2) Mr. Small received a sign on bonus of \$150,000 upon his joining the Company. During bankruptcy the Company put in place a Nonexecutive Incentive Plan (NEIP). Mr. Flinter participated in this plan prior to becoming an NEO in 2013. As a result of his participation in the NEIP he received payments in 2013 and 2014. No other NEO participated in this plan.
- (3) These amounts represent the aggregate grant date fair value of equity awards granted in the specified fiscal year as calculated pursuant to FASB ASC Topic 718. No equity awards were granted for 2013. The equity awards granted in 2014 were made for 2014 performance. In 2015, Messrs. Blackley, Oricchio and Small were the only NEOs who received time based equity awards. One third of Mr. Blackley's award vests on the first, second and third anniversary of January 20, 2015. One third of Mr. Oricchio's award vests on the first, second and third anniversary of January 12, 2015. One third of Mr. Small's award vests on the first, second and third anniversary of March 2, 2015. The Management Incentive Compensation Plan contains anti-dilution provisions whereby in the event of any change in the capitalization of the Company, the number and the type of securities underlying outstanding awards must be adjusted, as appropriate, in order to prevent dilution or enlargement of rights. The impact of these provisions resulted in a modification of all outstanding awards. No additional compensation was recognized in 2015 as a result of such modification. The Number of Securities, Shares and Option exercise price have been adjusted to reflect the stock dividend paid by the Company on December 17, 2015.
- (4) In 2015 all NEOs except Mr. Oricchio received a Performance RSU grant on October 12, 2015. One third of each performance award will vest on each of December 31, 2015, 2016 and 2017, subject in each case to the Committee's certification of achievement of the performance measures and targets no later than each March 31 following the respective date of vesting. Settlement of the vested RSUs may be in either shares of common stock or cash, as determined by the Committee in its discretion, and shall occur as soon as practicable following the Committee's certification of the achievement of the applicable performance measures and targets for 2017 and in any event no later than April 30, 2018. The number of target RSUs shall be subject to an increase or decrease depending on performance against the applicable performance measures and targets with the maximum number of RSUs vesting equivalent to 130% of the RSUs awarded. Since performance targets are set annually each tranche of the award is considered to be a separate grant. The amounts in this column represent the aggregate grant date fair value of the 2015

tranche of each such Performance RSU award at Target, calculated in accordance with accounting guidance, as follows: Mr. Blackley \$281,914, each of Mr. Flinter and Ms. Zabrocky \$54,564 and Mr. Small \$136,410. At the maximum number, these values would be for Mr. Blackley \$366,488; each of Mr. Flinter and Ms. Zabrocky \$70,933 and Mr. Small \$177,333.

(5) The amounts in this column for 2015, 2014 and 2013 reflect the amounts paid in 2016, 2015 and 2014 under the Company's Cash Incentive Compensation Plan for performance in 2015, 2014 and 2013, respectively.

(6) See the All Other Compensation Table below for additional information.

(7) Mr. Oricchio joined the Company on January 12, 2015 and Mr. Small joined the Company on March 2, 2015.

On June 9, 2015, the stockholders approved the Company's Management Incentive Compensation Plan, which is considered the grant date under applicable accounting rules for 2015 share-based grants that were made subject to (1) the approval of the Management Incentive Compensation Plan by the stockholders. The grant date for the Non-Equity Incentive Plan Awards is the date on which the Compensation Committee approved the goals under the Company's Cash Incentive Compensation Plan for 2015.

The Compensation Committee action date is the date on which the Compensation Committee approved the (2) share-based award to the NEO in such instances where the grant date under accounting rules differs from the Compensation Committee action date. See note (1) above.

In 2015 all NEOs except Mr. Oricchio received a Performance RSU grant on October 12, 2015. One third of each performance award will vest on each of December 31, 2015, 2016 and 2017, subject in each case to the Committee's certification of achievement of the performance measures and targets no later than each March 31 following the respective date of vesting. The number of target RSUs shall be subject to an increase or decrease depending on performance against the applicable performance measures and targets with the maximum number of RSUs vesting equivalent to 130% of the RSUs awarded. Employment Agreements with the Named Executive Officers

We have entered into employment agreements with all of our current NEOs. Under the terms of their agreements, the NEOs are entitled to certain compensation arrangements and severance benefits as detailed in the paragraphs below.

All of their employment agreements provide for vacation in accordance with our policy, as well as participation in medical, dental and life insurance, retirement and other benefit plans as may be in effect from time to time.

Under the terms of their employment agreements, if an executive's employment is terminated by the Company for any reason or terminated voluntarily by the executive, he or she is entitled to the following payments (Accrued Payments): (i) any earned, unpaid base salary through the date of termination, (ii) any earned, unpaid annual bonus applicable to the performance year prior to the termination, (iii) payment for any accrued, but unused vacation through the date of termination and (iv) reimbursement of any business expenses not reimbursed as of the date of termination. Director Stock Ownership Guidelines

The Company encourages stock ownership by directors in order to align interests of directors with the long-term interests of the Company's stockholders. To further stock ownership by directors, the Board believes that regular grants of equity compensation should be a significant component of director compensation.

Under the stock ownership guidelines, each non-employee director is expected within the later of (i) five years after becoming a director and (ii) March 2020, to own shares of the Company's common stock (including restricted stock units convertible into shares of stock and stock owned by his spouse and minor children), whose market value would equal at least three times his annual cash base retainer.

The Company's independent registered public accounting firm is responsible for performing independent audits of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States (U.S. GAAS) and the effectiveness of the Company's internal control over financial reporting based on criteria established by the Public Company Accounting Oversight Board (the PCAOB). The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board. The Board has adopted a written Audit Committee Charter describing the Audit Committee's role and responsibilities, which is posted on the Company's website at www.osg.com.

In fulfilling its oversight responsibilities, the Audit Committee met and held discussions with management and the Company's independent registered public accounting firm concerning the acceptability and quality of the accounting principles, the reasonableness of significant judgments, and the adequacy and clarity of disclosures in the consolidated financial statements to be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (the 2015 Form 10-K). The Committee also reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the Company's independent registered public accounting firm's report on the effectiveness of the Company's internal control over financial reporting.

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence), and the Audit Committee discussed with the independent registered public accounting firm their independence from the Company and management, and considered the compatibility of non-audit services with the registered public accounting firm's independence.

Based upon the Audit Committee's discussions with management and the Company's independent registered public accounting firm, the Audit Committee's review of the representations of management, the certifications of the Company's chief executive officer and chief financial officer which are required by the Securities and Exchange Commission (SEC) and the Sarbanes-Oxley Act of 2002, and the reports, letters and other communications of the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting referred to above be included in the 2015 Form 10-K for filing with the SEC.

RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (PROPOSAL NO. 2)

The Audit Committee has reappointed PricewaterhouseCoopers LLP as independent registered public accounting firm for the Company and its subsidiaries for the year ending December 31, 2016, subject to the ratification of the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP, certified public accountants, has served as the independent registered public accounting firm of the Company for the past six years. Representatives of PricewaterhouseCoopers LLP will attend the Annual Meeting and be afforded an opportunity to make a statement, as well as be available to respond to appropriate questions submitted by stockholders. If the appointment is not ratified by stockholders, the selection of the Company's independent registered public accounting firm will be reconsidered by the Audit Committee.

Audit Fees. Audit fees incurred by the Company to PricewaterhouseCoopers LLP were \$8,069,139 and \$9,215,631 in 2015 and 2014, respectively. Audit-Related Fees. Audit-related fees incurred by the Company to PricewaterhouseCoopers LLP were \$550,501 and \$238,276 in 2015 and 2014, respectively. All Other Fees. Total other fees incurred by the Company to PricewaterhouseCoopers LLP were \$1,960 and \$294,158 in 2015 and 2014, respectively.

The Audit Committee considered whether the provision of services described above under *All Other Fees* are compatible with maintaining PricewaterhouseCoopers LLP's independence. The Company does not believe that any reasonable concerns about the objectivity of PricewaterhouseCoopers LLP in conducting the audit of the Company's financial statements are raised as a result of the fees paid for non-audit-related services in 2015.

The Audit Committee has established policies and procedures for pre-approving audit and permissible non-audit work performed by its independent registered public accounting firm. As set forth in the pre-approval policies and procedures, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent auditor. Any proposed services exceeding pre-approved cost levels require specific pre-approval by the Audit Committee.

**The Audit Committee and the Board of Directors
recommend a vote FOR such ratification.**

ADVISORY VOTE ON APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS (PROPOSAL NO. 3)

As required by the Dodd-Frank Act, stockholders are being provided with the opportunity to cast an advisory vote on the compensation of the Named Executive Officers for 2015 as described on page 19 of this Proxy Statement in the section titled "Executive Compensation," including the CD&A included therein.

As more fully described in the CD&A, the Company's executive compensation program is designed to promote the following objectives:

Attract, motivate, retain and reward highly-talented executives and managers, whose leadership and expertise are critical to the Company's overall growth and success;

Compensate each executive based upon the scope and impact of his or her position as it relates to achieving the Company's corporate goals and objectives, as well as on the potential of each executive to assume increasing responsibility within the Company;

Align the interests of the Company's executives with those of its stockholders by linking incentive compensation rewards to the achievement of performance goals that maximize stockholder value; and

Reward the achievement of both the short-term and long-term strategic objectives necessary for sustained optimal business performance.

The Compensation Committee and the Board believe that the design of the executive compensation program, and hence the compensation awarded to the Named Executive Officers, fulfills these objectives.

Stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement and the accompanying compensation tables and narrative which describe in detail how the Company's compensation policies and procedures implement the Company's compensation philosophy and disclose the compensation paid to the Named Executive Officers for 2015.

Accordingly, at the Annual Meeting, stockholders will be asked to vote on the following resolution:

RESOLVED, that the stockholders of the Company hereby approve, in an advisory vote, the compensation of the Named Executive Officers for 2015 as described in the "Compensation Discussion and Analysis" section and in the accompanying compensation tables and narrative in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders.

As an advisory vote, the results of the vote will not be binding on the Board or the Company. However, the Board and the Compensation Committee value the opinion of the Company's stockholders and will consider the outcome of the vote when making future decisions on the compensation of the Named Executive Officers and the Company's executive compensation principles, policies and procedures. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy and entitled to vote is required to approve the resolution.

The Board recommends a vote FOR advisory approval of the resolution set forth above and approval of the compensation of the Named Executive Officers for 2015 as disclosed in this Proxy Statement.

OTHER MATTERS

The Board is not aware of any matters to be presented at the meeting other than those specified above. If any other matter should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Some brokers use this process for proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice that any person will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold shares registered in your name, and the Company will promptly undertake to carry out your request. You can notify the Company by sending a written request to the Company at its address set forth above.

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 is available at <http://ir.osg.com>. That Annual Report on Form 10-K does not form part of this Proxy Statement. The Company will provide to any stockholder of the Company, without charge, a copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 upon the written request of such stockholder addressed to the Corporate Secretary of the Company at 1301 Avenue of the Americas, 42nd Floor, New York, NY 10019 or, after May 30, 2016, at 600 Third Avenue, 39th Floor, New York, NY 10016.

By order of the Board of Directors,

JAMES D. SMALL III

Senior Vice President, General Counsel and Secretary
