3. RECONCILIATION OF NET PROFIT/NET ASSETS OF THE COMPANY PREPARED UNDER PRC GAAP TO NET PROFIT/NET ASSETS OF THE COMPANY PREPARED UNDER IFRS

As part of the submission that the Company has made to the CSRC applying for approval for the A Share Issue, a draft of the Prospectus was also submitted to the CSRC which contains consolidated financial information of the Company for the Relevant Periods prepared under PRC GAAP. To ensure the timely release of the financial information as contained in the Prospectus in Hong Kong and to enable Shareholders and investors to better understand the material differences between the financial information of the Company for the Relevant Periods prepared under PRC GAAP and those prepared under IFRS (the basis on which the figures in the consolidated financial statements incorporated in the Company's published annual reports for the three years ended 31 December 2004, 2005 and 2006 and the published interim report for the six months ended 30 June 2007 were prepared), this announcement presents a reconciliation of the net profit/net assets of the Company prepared under PRC GAAP to the net profit/net assets of the Company prepared under IFRS for the Relevant Periods.

RECONCILIATION OF THE NET PROFIT/NET ASSETS OF THE COMPANY AS PER FINANCIAL STATEMENTS FOR THE A SHARE ISSUE PURPOSE PREPARED UNDER PRC GAAP AND THE FINANCIAL STATEMENTS PREPARED UNDER IFRS

The major differences between the financial statements for the A Share Issue purpose prepared under PRC GAAP and the financial statements prepared under IFRS are as follows:

The basis and explanations for the reconciliation items between the Company's financial

7

statements prepared under PRC GAAP and that under IFRS are as follows:

Note (1): Oil and gas properties are depleted using unit of production method under IFRS but using straight-line method under PRC GAAP.

Note (2): The assets and liabilities transferred to the Company by CNPC during the restructuring of CNPC in 1999 were appraised as at 30 June 1999 by China Enterprise Appraisals Co., Ltd*. All revaluation results were recorded under PRC GAAP, but under IFRS, only fixed assets were measured at revalued amounts, thus the revaluation results of assets other than fixed assets were not recorded.

Note (3): Since the fixed assets were measured at revalued amounts under IFRS, revaluations are required to be performed by independent qualified valuers periodically. In order to meet this requirement under IFRS, as at 30 September 2003, a revaluation of the Company and its subsidiaries' refinery and chemical production facilities was undertaken by China United Assets Appraiser Co., Ltd*, a firm of independent valuers registered in the PRC, on a depreciated replacement cost basis. The revaluation results were recorded under IFRS, but under PRC GAAP, fixed assets were measured at historical cost, thus the revaluation results were not recorded.

Note (4): Under PRC GAAP, the impairment losses recognized for long-term assets such as fixed assets, oil and gas properties, intangible assets and long-term investments in previous periods can not be reversed. But under IFRS, if there is any indication that the factors which caused the impairment losses may have changed, and the recoverable amounts of the long-term assets exceed the carrying amounts, the impairment losses recognized in previous periods can be reversed.

Note (5): The Company acquired 100% interests in Ningxia Dayuan Refinery and Petrochemical Company Limited* ("DAYUAN PETROCHEMICAL AND REFINERY") and Qingyang Refinery and Petrochemical Company Limited* ("QINGYANG PETROCHEMICAL AND REFINERY") from CNPC. The balance sheet as of 1 January 2005 and the income statement for the year 2005 have been restated as if the operations of the Company, Dayan Petrochemical and Refinery and Qingyang Petrochemical and Refinery have always been combined in previous

Edgar Filing: PETROCHINA CO LTD - Form 6-K

accounting years, but the comparative information of 2004 is not retrospectively adjusted. Under IFRS, this acquisition was recorded in a manner similar to uniting of interests as if the operations of the Company and these refinery and petrochemical businesses have always been combined in the previous accounting years.

Note (6): The shareholders of the Company approved the acquisition in August 2005

8

pursuant to which the Company agreed to acquire 50% interests in CNPC Exploration and Development Company Limited* (CHINESE CHARACTER) ("CNPC E&D"). The consolidation reference date for this transaction was 31 December 2005, the date that the Company obtained de facto control of CNPC E&D. The balance sheet as of 1 January 2005 and the income statement for the year 2005 have been restated as if the operations of the Company and CNPC E&D have always been combined in previous accounting years, but the comparative statistics of 2004 is not retrospectively adjusted. Under IFRS, this acquisition was recorded in a manner similar to uniting of interests as if the operations of the Company and CNPC E&D have always been combined in the previous accounting years.

Note (7): The impact on the Company's deferred taxation arising from the reconciliation items (1) to (6) above and other differences between accounting standards.

4. USE OF PROCEEDS

The proceeds from the A Share Issue will be invested in the following projects:

- o approximately RMB6.84 billion will be used for production capacity construction in Changqing oilfield;
- o approximately RMB5.93 billion will be used for production capacity construction in Daqing oilfield;
- o approximately RMB1.50 billion will be used for production capacity construction in Jidong oilfield;
- o approximately RMB17.50 billion will be used for oil refining of sulfur-bearing crude oil imported from Kazakhstan and ethylene technology development projects by the Company's Dushanzi Petrochemical; and
- o approximately RMB6.00 billion will be used for the ethylene development and expansion project by the Company's Daqing Petrochemical (approximately 1.2 million tons/year).

If the proceeds from the A Share Issue (after deducting the listing expenses) exceed the aggregate amount required for investments in the projects described above, the excess portion will be used for working capital purpose and general corporate purpose; if the proceeds from the A Share Issue (after deducting the listing expenses) are insufficient for the investments in the projects described above, the insufficient portion will

Edgar Filing: PETROCHINA CO LTD - Form 6-K

be funded by other methods such as bank borrowings or the Company's internal cash resources.

5. CONVERSION OF DOMESTIC SHARES

After the listing of the Company's A Shares, the Domestic Shares of the Company held by CNPC will become A Shares. If necessary and subject to the necessary approval in the PRC, CNPC may list the Shares it holds in the Company in the overseas stock exchanges.
