**Item 1.01 Entry into a Material Definitive Agreement.**

From June 4, 2009 to June 16, 2009, Innovex (Thailand) Limited (“Innovex Thailand”), a subsidiary of Innovex, Inc. (the “Company”), issued new promissory notes to Bank of Ayudhya Public Company Limited (“BAY”) under its existing short term working capital facility to extend the repayment dates of approximately \$13.0 million due BAY to July 31, 2009.

The Company did not receive an extension from TMB Bank Public Company Limited (“TMB”), the other lender under the short term working capital facility with BAY, for the repayment of approximately \$13.5 million originally due TMB during the quarter ended June 30, 2009 under the short term working capital facility. Further, neither TMB nor BAY provided any extension of the \$1.2 million on the long-term credit facility that was due during the quarter ended June 30, 2009. As a result, either BAY or TMB may accelerate the indebtedness under the credit facilities, which totaled \$54.9 million at June 15, 2009, upon notice.

BAY and TMB have verbally indicated to the Company that they would not take actions to demand any immediate payment of the obligations under the credit facilities or apply any foreclosure process until a debt restructuring process is completed and resolved by the end of September 2009. There is no assurance that either BAY or TMB will not exercise its rights as a secured lender under the credit facilities agreements and there is no assurance that the Company’s debt will be restructured on terms acceptable to the Company or at all.

On June 18, 2009, the Company issued a press release attached hereto as Exhibit 99.1 relating to, among other things, the payment extensions granted by BAY.
