Attachment A

As preparation of the Company's financial statements has not yet been completed, as described in Part III, all amounts and percentages described below are estimates as of the date of the filing of the attached Form 12b-25.

THIRTEEN WEEKS ENDED AUGUST 25, 2007 COMPARED TO THE THIRTEEN WEEKS ENDED AUGUST 26, 2006

GENERAL

Our health and beauty care brand portfolio grew through acquisitions from Playtex and Coty of certain nationally and internationally recognized brands. After acquiring a brand, we seek to increase its sales, market share and distribution in both existing and new channels. We anticipate that this growth will be driven by new marketing and sales strategies, improved packaging and formulations, innovative new products and line extensions consistent with management's strategic plan. The wireless applications development division results are reported in discontinued operations and thus this comparative discussion only includes the Health & Beauty Care division results.

NET SALES

Consolidated net sales for the thirteen weeks ended August 25, 2007 increased by \$9.5 million or 38.9% compared to the thirteen weeks ended August 26, 2006, from \$24.4 million to \$33.9 million. The *Calgon* and *the healing garden brands*[®] acquired from Coty Inc. on February 9, 2007 contributed \$12.5 million to current quarter net sales. Excluding the impact of this acquisition, net sales decreased by \$3.0 million.

GROSS PROFIT

Consolidated gross profit increased by \$5.0 million to \$9.4 million for the thirteen weeks ended August 25, 2007, compared to \$4.4 million for the comparable period in the prior year. As a percentage of net sales, the second quarter gross profit margin was 27.8%, compared to 18.3% in the prior year. Gross profit and gross profit margin were favorably impacted by the acquired Coty brands, which contributed \$7.8 million to the current quarter. Included in the increase in gross profit is \$4.2 million received from Coty as a production credit against the inventory purchased from Coty during the quarter.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Consolidated selling, general and administrative expenses increased by \$6.5 million, to \$11.6 million, for the thirteen weeks ended August 25, 2007, compared to \$5.1 million for the comparable period in the prior year. Contributing to the increase were costs associated with the acquired Coty brands, including \$2.6 million from the amortization of intangible assets identified as part of the purchase price allocation, \$0.1 million in costs related to services provided by Coty under a transition services agreement, \$0.2 million in sales brokerage costs, and \$0.1 million in advertising and consumer promotion in support of the acquired brands. Additional expenses contributing to the increase compared to the prior period were executive salaries and bonuses of \$2.6 million, non-cash stock compensation expense of \$0.3 million, and outside services of \$0.5 million.

OTHER INCOME (EXPENSE)

Consolidated other income increased by \$27.6 million, to \$32.1 million, for the thirteen weeks ended August 25, 2007 compared to \$4.5 million for the comparable period in the prior year. Contributing to the increase were higher income of \$31.3 million from the change in fair value of the Company's compound derivative liability net of amortization expense, and foreign exchange gains of \$0.8 million in the current quarter, partially offset by interest expense increases of \$4.5 million.

A-1

The increase in income is due primarily to the increased gain in the fair value of the Company's compound derivative liability.
