3 ISS Recommendation: A Vote Against Combined Chairman of the Board and CEO Roles • ISS proxy advisory services is recommending shareholders vote “Against” Allied World’s combined Chairman of the Board and CEO roles, stating that “ISS favors the separation of the chairman and chief executive roles in principle” For continental European companies, ISS will generally vote against the combined Chairman and CEO roles Our understanding is that for U.S. domiciled companies, ISS supports the combined Chairman and CEO roles if there is a sufficient counterbalancing governance structure in place
