PART I. FINANCIAL INFORMATION AND MANAGEMENT'S DISCUSSION AND ANALYSIS

Item 1. Financial Statements

The following financial statements of the Registrant are attached to this Form 10-QSB:

1. Unaudited Condensed Consolidated Balance Sheet as at June 30, 2002
2. Unaudited Condensed Consolidated Statements of Operations - Three and Six Month Periods Ended June 30, 2002 and June 30, 2001
3. Unaudited Condensed Consolidated Statements of Cash Flows - Six Months Ended June 30, 2002 and June 30, 2001

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operation

Results of Operations

Net Sales. For the fiscal quarter ended June 30, 2002, net sales were \$10,906,000, compared to net sales of \$6,876,000 for the three months ended June 30, 2001, an increase of 58.6%. During the quarter ended June 30, 2002, sales of laminated and printed films represented 49% of total sales, metalized balloons 31% of total sales and latex balloons 10.4% of total sales. For the same period of the prior year, laminated and printed films represented 37.7% of total sales, metalized balloons 31.9% and latex balloons 24.5%. Net sales for the first six months of fiscal 2002 increased 59.3% to \$20,644,000, compared to net sales of \$12,957,000 for the six months ended June 30, 2001. For the six month period, sales of laminated, specialty and printed films increased from \$4,299,000 to \$10,242,000, an increase of 138% for the period. This increase resulted from an increase in sales principally to two customers, one of which represented 32% of the Company's total sales revenue for the six month period and the other represented 20% of total sales revenue for that same period. During the six month period, sales of metalized balloons also increased by 31% over the same period in the prior year and sales of latex balloons declined by 25% compared to the same period in the prior year. For the six month period ended June 30, 2002, sales of laminated and printed films represented 49.6% of total sales, metalized balloons represented 28.6% of total sales and latex balloons represented 12% of total sales. For the same period in the prior year, laminated and printed films represented 33.2% of sales, metalized balloons 34.7% of sales and latex balloons 25.2% of sales.

2

Cost of Sales. For the fiscal quarter ended June 30, 2002, cost of sales increased to 76.1% of net sales as compared to 73.7% of net sales in the three month period ended June 30, 2001. This increase was the result principally of lower than expected margins in the production and sales of latex balloons. Cost of goods sold was 75.0% of net sales for the first six months of fiscal 2002, compared to 73.5% for the six-month period ended June 30, 2001.

Administrative. For the fiscal quarter ended June 30, 2002, administrative expenses were \$1,127,000, or 10.3% of net sales as compared to \$818,000, or 11.9% of net sales for the three month period ended June 30, 2001. For the first six months of fiscal 2002, administrative expenses were \$2,084,000, or 10.1% of net sales as compared to \$1,565,000, or 12.1% of net sales for the six month period ended June 30, 2001. The increase in administrative expenses is attributable principally to an increase in personnel needed to support the increase in sales volume.

Litigation settlements. During the three month period ended June 30, 2002, the Company incurred total expense of \$135,000 in connection with the settlement of two pending litigation matters of a total expense of \$180,000 incurred during the six month period ended June 30, 2002. In April, 2002, the Company entered into an agreement with a former shareholder under which the Company agreed to purchase 74,513 shares of the Company's common stock from the shareholder and two of the shareholder's children at the price of \$3.31 per share and to settle certain pending litigation among the shareholder and the Company without other payment or consideration. Of the total purchase price for the shares, \$75,000 has been allocated as expense related to this settlement, and the remaining \$171,000 has been recorded as a retirement of shares, thereby increasing the amount reported as treasury stock.

On June 28, 2002, the Company entered into a settlement agreement with

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

respect to pending litigation among the Company, Real Fresh, Inc., Packaging Systems, LLC and Honeywell International, Inc. (See Part II, Item 1 - Legal Proceedings). The total amount of expense incurred by the Company during the six month period ended June 30, 2002 in connection with this matter was \$105,000.

Selling. For the fiscal quarter ended June 30, 2002, selling expenses were \$375,000, or 3.4% of net sales, as compared to \$445,000, or 6.5% of net sales for the three month period ended June 30, 2001. For the first six months of fiscal 2002, selling expenses were \$750,000, or 3.6% of net sales as compared to \$871,000, or 6.7% of net sales for the three month period ended June 30, 2001. The decline in selling expense dollars is primarily related to a decrease in commissions and royalty expense, both in total amount and as a percentage of net sales. This decline is the result principally of the relative increase in sales of printed and laminated films for which very little in commissions and no royalties are paid.

Advertising and Marketing. For the fiscal quarter ended June 30, 2002, advertising and marketing expenses were \$441,000, or 4.0% of net sales as compared to \$307,000, or 4.5% of net sales in the three month period ended June 30, 2001. For the first six months of fiscal 2002, advertising and marketing expenses were \$834,000, or 4.0% of sales as compared to \$578,000, or 4.5% of net sales for the six month period ended June 30, 2001.

Other Income or Expense. Interest expense decreased to \$202,000 for the quarter ended June 30, 2002, as compared to \$261,000 for the three month period ended June 30, 2001. Interest expense decreased to \$375,000 for the six months ended June 30, 2002, as compared to \$569,000 for the three month period ended June 30, 2001. The decrease in interest expense for the six months

3

was due to the Company's refinancing of its debt in the first quarter of 2001, and the applicable floating rate of interest on outstanding borrowings.

During the six month period ended June 30, 2002, CTI Mexico incurred expense with respect to currency fluctuation, related to dollar denominated obligations, in the amount of \$214,000. This expense is reflected in the consolidated statement of operations.

Net Income or Loss. For the fiscal quarter ended June 30, 2002, the Company had income before taxes and minority interest of \$81,000 as compared to income before taxes and minority interest of \$67,000 for the three month period ended June 30, 2001. Income tax expense for the second quarter of fiscal 2002 was \$51,000, resulting in net income of \$60,000 after minority interest of \$30,000. The income tax expense for the three month period ended June 30, 2001 was \$4,000, resulting in a net income of \$41,000 after minority interest of (\$22,000). For the six months ended June 30, 2002, net income was \$438,000, as compared to a net loss of \$100,000 for the six month period ended June 30, 2001.

Financial Condition

Cash Flow Items. Cash flow provided by operations during the six months ended June 30, 2002 was \$1,718,000, which was affected by an increase in accounts payable resulting from increased sales volume and an increase in inventory. During the six month period ended June 30, 2001, cash flows used in operations were \$1,046,000, which was affected by an increase in accounts receivable resulting from increased sales volume and an increase in inventory.

Investment Activities. During the six months ended June 30, 2002, cash flow used in investing activities for the purchase of machinery and equipment

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

was \$1,489,000. In the six month period ended June 30, 2001, \$408,000 was used in investing activities, primarily for the purchase of machinery and equipment.

Financing Activities. For the six months ended June 30, 2002, cash flow provided by financing activities was \$350,000. The primary source of this cash flow was an increase in the balance of the companies revolving line of credit. Cash flow provided by financing activities for the six month period ending June 30, 2001 was \$1,104,000, resulting from the net proceeds from new long-term indebtedness (less the payment of prior indebtedness).

Liquidity and Financial Resources. At June 30, 2002, the Company had a cash balance of \$706,000. The Company's current cash management strategy includes maintaining minimal cash balances and utilizing the revolving line of credit for liquidity. At June 30, 2002, the Company had working capital of \$656,000.

During April, 2002, the Company entered into an agreement to repurchase 74,513 shares of its common stock from a shareholder and two of his children at the price of \$3.31 per share. The total purchase price of \$246,638 is payable in eight quarterly installments of \$27,705 plus an initial payment totaling \$25,000. At June 30, 2002 \$80,410 has been paid.

The Company believes that existing capital resources and cash generated from operations will be sufficient to meet the Company's requirements for at least 12 months.

4

Seasonality. In the metalized balloon product line, sales have historically been seasonal, with approximately 22% to 25% of annual sales of metalized balloons being generated in December and January and 11% to 13% of annual metalized sales being generated in June and July in recent years. The sale of latex balloons and laminated film products have not historically been seasonal. As sales of latex balloons and laminated film products have increased in relation to sales of metalized balloons, the effect of this seasonality has been reduced.

Safe Harbor Provision of the Private Securities Litigation Act of 1995 and Forward Looking Statements. The Company operates in a dynamic and rapidly changing environment that involves numerous risks and uncertainties. The market for mylar and latex balloon products is generally characterized by intense competition, frequent new product introductions and changes in customer tastes which can render existing products unmarketable. The statements contained in Item 2 (Management's Discussion and Analysis of Financial Condition and Results of Operation) that are not historical facts may be forward-looking statements (as such term is defined in the rules promulgated pursuant to the Securities Exchange Act of 1934) that are subject to a variety of risks and uncertainties more fully described in the Company's filings with the Securities and Exchange Commission including, without limitation, those described under "Risk Factors" in the Company's Form SB-2 Registration Statement (File No. 333-31969) effective November 5, 1997. The forward-looking statements are based on the beliefs of the Company's management, as well as assumptions made by, and information currently available to the Company's management. Accordingly, these statements are subject to significant risks, uncertainties and contingencies which could cause the Company's actual growth, results, performance and business prospects and opportunities in 2002 and beyond to differ materially from those expressed in, or implied by, any such forward-looking statements. Wherever possible, words such as "anticipate," "plan," "expect," "believe," "estimate," and similar expressions have been used to identify these forward-looking statements, but are not the exclusive means of identifying such statements. These risks,

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

uncertainties and contingencies include, but are not limited to, the Company's limited operating history on which expectations regarding its future performance can be based, competition from, among others, national and regional balloon, packaging and custom film product manufacturers and sellers that have greater financial, technical and marketing resources and distribution capabilities than the Company, the availability of sufficient capital, the maturation and success of the Company's strategy to develop, market and sell its products, risks inherent in conducting international business, risks associated with securing licenses, changes in the Company's product mix and pricing, the effectiveness of the Company's efforts to control operating expenses, general economic and business conditions affecting the Company and its customers in the United States and other countries in which the Company sells and anticipates selling its products and services and the Company's ability to (i) adjust to changes in technology, customer preferences, enhanced competition and new competitors; (ii) protect its intellectual property rights from infringement or misappropriation; (iii) maintain or enhance its relationships with other businesses and vendors; and (iv) attract and retain key employees. There can be no assurance that the Company will be able to identify, develop, market, sell or support new products successfully, that any such new products will gain market acceptance, or that the Company will be able to respond effectively to changes in customer preferences. There can be no assurance that the Company will not encounter technical or other difficulties that could delay introduction of new or updated products in the future. If the Company is unable to introduce new products and respond to industry changes or customer preferences on a timely basis, its business

5

could be materially adversely affected. The Company is not obligated to update or revise these forward-looking statements to reflect new events or circumstances.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

On March 12, 2001 the Company was served as a third-party defendant in a pending action filed by RealFresh, Inc., a California corporation, ("RealFresh") against Packaging Systems, LLC, an Illinois limited liability company ("PSI") in United States District Court for the Eastern District of California, Fresno Branch. In the action, RealFresh sought damages from PSI for losses it claims it incurred by reason of PSI supplying defective packaging materials. The Company was a supplier to PSI of certain laminated films utilized by PSI in these packaging materials. PSI initiated a third-party claim against the Company for indemnity, contribution and breach of contract. The Company filed an answer to the third-party complaint denying the claim and asserting a number of defenses. On July 27, 2001, the Company cross-claimed against the supplier of the base film, Honeywell International, Inc. ("Honeywell"), for indemnity, contribution and breach of contract. On August 20, 2001, Honeywell filed a counterclaim against the Company for the cost of film, which the Company has refused to pay. On June 28, 2002, this action was settled among all parties and has been dismissed. As part of the settlement, the Company acknowledged and paid to Honeywell an amount related to the supply of film by Honeywell to the Company, which has been reflected in the financial statements of the Company for the six month period ended June 30, 2002.

CTI Industries Corporation and Subsidiaries Notes to Unaudited Condensed Consolidated Financial Statements

Note 1 - Basis of Presentation

The accompanying financial statements are unaudited but in the opinion of management contain all the adjustments (consisting of those of a normal recurring nature) considered to present fairly the financial position and the results of operations and cash flow for the periods presented in conformity with generally accepted accounting principles for interim financial information and the instructions to Form 10-QSB and Article 10 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements.

Operating results for the three and six months ended June 30, 2002 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2002. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the fiscal year ended December 31, 2001. As further explained in note 5, the company has restated previously reported results for the three and six month periods ended June 30, 2001.

Principles of consolidation and nature of operations:

The consolidated financial statements include the accounts of the Company and

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

its wholly-owned subsidiaries, CTI Balloons Limited and CTF International S.A. de C.V., and its majority owned subsidiary CTI Mexico S.A. de C.V. All significant intercompany transactions and accounts have been eliminated in consolidation. The Company (i) designs, manufactures and distributes balloon products throughout the world and (ii) operates systems for the production, lamination, coating and printing of films used for food packaging and other commercial uses and for conversion of films to flexible packaging containers and other products.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Note 2 - Line of Credit and Notes Payable

In January 2001, the Company entered into a Loan and Security Agreement with a new lender under which the lender has provided the Company with a credit facility in the amount of \$9,500,000, secured by equipment, inventory, receivables, and other assets of the Company. The credit facility included a term loan of \$1,426,000, at an interest rate of prime plus 0.75%, and a revolving line of credit at an interest rate of prime plus 0.50%, the amount of which is based on advances of up to 85% of eligible receivables and 50% of the value of the Company's eligible inventory. The credit facility is secured by substantially all assets of the Company. The term of this credit facility is for a period of three years, which may be extended by either party for an additional year.

Also in January 2001, another lender loaned to the Company the sum of \$2,873,000 in a refinance of the Company's principal office building and property situated in Barrington, Illinois. The loan is secured by the aforementioned building and property, and has been made in the form of two notes. The first note is in the principal amount of \$2,700,000,

bears interest at the rate of 9.75%, and has a term of five years with an amortization period of 25 years. The second note is in the principal amount of \$173,000 with an interest rate of 10%, and has a term of three years.

On or about May 22, 2002, the Company entered into an Amendment to the Loan and Security Agreement pursuant to which additional advances of approximately \$491,000 were made to the Company, increasing the balance under the term loan portion of the facility to \$1,578,000.

In May, 2002, the Company entered into a Third Amendment to the Loan and Security Agreement pursuant to which (i) the aggregate amount of the credit facility was increased to \$11,500,000 and (ii) the Company was granted a CapEx Line of Credit in the amount of \$2,000,000. Under the CapEx Line of Credit, the Company is entitled to receive advances in connection with the purchase of capital equipment at the rate of 70% of the invoice amount of the equipment purchased. The Company has partially utilized the CapEx Line of Credit and intends to use all or substantially all of the CapEx Line of Credit in connection with the purchase of capital equipment during the balance of 2002. Outstanding balances under the CapEx Line of Credit will bear interest at the rate of One Percent in excess of the prime rate.

Note 3 - Legal Proceedings

On March 12, 2001 the Company was served as a third-party defendant in a pending

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

action filed by RealFresh, Inc., a California corporation, ("RealFresh") against Packaging Systems, LLC, an Illinois limited liability company ("PSI") in United States District Court for the Eastern District of California, Fresno Branch. In the action, RealFresh sought damages from PSI for losses it claims it incurred by reason of PSI supplying defective packaging materials. The Company was a supplier to PSI of certain laminated films utilized by PSI in these packaging materials. PSI initiated a third-party claim against the Company for indemnity, contribution and breach of contract. The Company filed an answer to the third-party complaint denying the claim and asserting a number of defenses. On July 27, 2001, the Company cross-claimed against the supplier of the base film, Honeywell International, Inc. ("Honeywell"), for indemnity, contribution and breach of contract. On August 20, 2001, Honeywell filed a counterclaim against the Company for the cost of film, which the Company has refused to pay. On June 28, 2002, this action was settled among all parties and has been dismissed. As part of the settlement, the Company acknowledged and paid to Honeywell an amount related to the supply of film by Honeywell to the Company, which has been reflected in the financial statements of the Company for the six month period ended June 30, 2002.

Note 4 - Comprehensive Income

Total Comprehensive Income was \$105,000 and \$554,000 for the three and six months ended June 30, 2002 and was \$15,000 and (\$151,000) for the three and six months ended June 30, 2001.

Note 5 - Restatement

The Unaudited Condensed Consolidated Statement of Operations for the Three and Six Month Periods ended June 30, 2002 and June 30, 2001 incorporate a restatement of the result of operations. The restatement for those periods relates to the amortization of the discount on notes payable

resulting from the value assigned to stock to purchase common stock that were issued during 1999 and 2001 that had not previously been reflected.. The periods affected by these expenses related to outstanding warrants includes November and December, 1999, January 1, 2000 to December 31, 2000, and January 1, 2001 to December 31, 2001. The total amount of expense which management believes was not recorded for those periods was \$174,104. The amount of the additional expense for each affected period, and the reduction of income (or increase in loss for each period) arising from these unrecorded expenses would be as follows:

Fourth Quarter 1999	\$22,192
First Quarter 2000	\$23,740
Second Quarter 2000	\$23,740
Third Quarter 2000	\$23,740
Fourth Quarter 2000	\$23,740
Fiscal Year 2000	\$94,960
First Quarter 2001	\$ 7,875
Second Quarter 2001	\$18,965
Third Quarter 2001	\$21,378
Fourth Quarter 2001	\$ 8,734
Fiscal Year 2001	\$56,952

The restatements have not been reviewed or audited for periods ending in 1999, 2000 or 2001.

Note 7 - Adoption of Statement 142

On January 1, 2002, the Company implemented Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets. Under the provisions of SFAS 142, goodwill is no longer subject to amortization over its estimated useful life, but instead will be subject to at least annual assessments for impairment by applying a fair-value based test. SFAS 142 also requires that an acquired intangible asset should be separately recognized if the benefit of the intangible asset is obtained through contractual or other legal rights, or if the asset can be sold, licensed, rented or exchanged, regardless of the acquirer's intent to do so. The Company has no acquired intangible assets other than goodwill. The Company determined that no transitional impairment loss was required at January 1, 2002.

The gross carrying amount of goodwill as of June 30, 2002 is \$1,113,108.

Note 8 - Recent Accounting Pronouncements

SFAS No. 143, Accounting for Asset Retirement Obligations, addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The statement requires that the fair value of a liability for an asset retirement obligation be recognized in the period it is incurred if a reasonable estimate of fair value can be made. The associated retirement costs are capitalized as a component of the carrying amount of the long-lived asset and allocated to expense over the useful life of the asset. The statement is effective for financial statements issued for fiscal years beginning after June 15, 2002. Management does not believe the adoption of the statement will have a material impact on the Company's consolidated financial statements.

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB

SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, establishes accounting and reporting standards for the impairment or disposal of long-lived assets. This statement supercedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed. SFAS No. 144 provides one accounting model to be used for long-lived assets to be disposed of by sale, whether previously held for use or newly acquired and broadens the presentation of discontinued operations to include more disposal transactions. The provisions of SFAS No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The Company adopted the statement as of January 1, 2002 and the implementation of this standard did not have a material impact on the Company's consolidated financial statements.

Note 9 - Property, Plant and Equipment Agreements

At June 30, 2002, the Company had outstanding purchase agreements for equipment with an aggregate purchase price of \$2,911,000, of which approximately \$1,018,000 is being currently reflected as projects under construction on the balance sheet. The purchase of the equipment is being funded principally by the CapEx Line of Credit extended by the Company's principal lender.

Note 10 - Geographic Segment Data

The Company's operate primarily in one business segment which designs, manufactures, and distributes balloon products. The Company's operate in foreign and domestic regions. Information about the Company's operations by geographic areas is as follows.

	Net Sales to External Customers For the Six Months Ended June 30,		Long Term Assets at June 30,	
	2002	2001	2002	2001
United States	\$18,428,000	\$10,796,000	\$6,735,000	\$5,942,000
Mexico	1,237,000	1,118,000	2,638,000	2,955,000

	\$20,644,000	\$12,957,000	\$9,384,000	\$8,915,000

Note 11 - Concentration of Credit Risk

Concentration of credit risk with respect to trade accounts receivable is generally limited due to the number of entities comprising the Company's customer base. The Company performs ongoing credit evaluations and provides an allowance for potential credit losses against the portion of accounts receivable which is estimated to be un-collectible. Such losses have historically been within management's expectations. For the six months ended June 30, 2002, the Company had two customers that accounted for approximately 32% and 20%, respectively, of consolidated net sales.
